ARRIAGE CUIDE

Every year increases the populari-ty of this valuable Hair Preparation which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all cruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most eco-nomical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPA EATION for its intended purposes."
