In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR SITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stamulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

THE ORIGINAL HOWE!

The World Renowned Elias Howe Sewing Machines are the oldest established of any in the world, they being the FIRST SEWING MACHINES ever made, and having been manufactured by the original inventor and under his own supervision, Elias Howe jr., since 1845. The Howe Sewing Machine.

For some years I have been actively sugaged in increasing the facilities for manufacturing my Sewing Machines, and have succeeded in organizing a most complete system, combining perfection of workmanship with the largest productions In order to obtain these results, time, labor, money, and the EXPERIENCE OF MY

In order to obtain these results, time, labor, money, and the EXPERIENCE OF MY LIFE, as a practical mechanic, have been freely contributed, and I believe, with success. Further to incilitate the manufacture and sale of my Machines, The Howe Machine Co. has been organized, and the business will be carried on in the name of that Company, under my supervision. The enviable reputation of my Machines has induced persons to use my name in connection with Machines of an inferior description—and I have, therefore, to protect myself and the public, adopted, as an emposited Trade Mark, A MEDALLION, having in the centre the profile of the Inventor surrounded by the legend, "ELIAS HOWE, JR., INVENTOR AND MAKER, NEW YORE, U. S. A." This medallion is embedded in each Machine, andmore strends of the Howe Machine Company unless they bear this distinguishing. Trade Mark.

ty of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfect ed preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all craptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most eco nomical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D. State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPA-RATION for its intended purposes."
