A letter has been received at the Was Department from John G. Boyle, United States attorney for the Eastern district of Texas, inclosing one from Assistant District Attorney Powers, at Reswusville in regard to the cases of the United States. soldiers who were accessed by the total authorities in June last for breaking into a house where arms and amunition be longing by Mexican raiders were stored, and also where it was balisyed a number of raiders were concealed. The givil an thorities being in sympathy with the raiders acrosted the soldiers. It was then that the President sent a telegram to the Governor of Texas, stating that if the troops were not protected they would be withdrawn from the State. The letter states that the Star County Court denied the motion to transfer the cases of the seldiers to the Federal Court, but continued them for the term, to give an opportunity for write of habens corpus, which will be applied for. A change of youne to Cameron county has been taken in the case of Lt. French, who was the only officer arrested, and the district attorney thinks there can be no doubt but that a fair trial can be had in that county.

The district attorney has approved the course of Mr. Powers in applying for write of habeas our pust and the no doubt of the successful issue of the cases. 564 W.C. MISCELLANEOUS.

The Howe Sewing Machine.

For some years I have been actively engaged in increasing the facilities for manufacturing my Sewing Machines, and have succeeded in organizing a most complete system, combining perfection of workmanship with the largest profluctions at the smallest cost.

In order to obtain these results, time, labor, money, and the EXPERIMNES OF MY

LIFE, as a practical mechanic, have been freely contributed, and I believe, with success. Further to fucilitate the manufacture and sale of my Machines, THE HOWE MACHINE Co. has been organized, and the business will be carried on in the name of that Company, under my supervision. The enviable reputation of my Machines has induced persons to use my name in connection with Machines of an inferior description—and I have, therefore, to protect myself and the public, adopted, as an especial TRADE MARK, A MEDALLION, having in the centre the profile of the Inventor surrounded by the legend, "ELIAS HOWE, JR., INVENTOR AND MAKER, NEW YORK, U. S. A." This medallion is embedded in each Machine, and one are h production of the Hown Machine Company unless they bear this distinguisher.

We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring Gazar OR FADED HAIR to its youthful color, making it soft, lustrous, and silken The scalp, by its use, becomes white and clean. It removes all crustions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most eco-nomical HAR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. A Word of Advice to Travelers.

The Missouri, Kansas & Texas Railway has become so well known to the people of Iexas, as one of the Sheekand most comfortable Roads on the constinent to travel on, that it seems almost unnecessary that we should say aught it its peaks. Yet we cannot ever get back fromes trip over this line without saying sanushing in praise of the management, who always soom to be striving to make their patramagem for table, while traveling over their patramagem for table, while traveling over their patramagem. The track is always in the best possible condition and trains are at all times man at uniform speed. Fullman's finest Drawing-Room Slooping Cars accompany all through passenger trains, and if yourses giving north or east, by making your wanterknown, you can go enther via Hannibal of St. Louis. And for Raisas City, Denver, Onlineau, or any of the Northwestern States or Territories, it is much the best route we have from Texas. Their Diving Stations and Hoars for Media are all that a traveler could, wish for, and in fact there seems to be nothing left indone to render a trip over this line pleasant.
