## VINECAR BITTERS

Grateful Thousands proclaim VINECAR BITTERS the most wonderful invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Biliousness, Headache, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. C. WALKER'S VINECAR BITTERS, as they will speedily remove the dark colored bile matter which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINECAR BITTERS. No epidemic can take hold of a system thus low-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Pain in the Liver, Rheumatism, and all the numerous other symptoms, are cured by VINECAR BITTERS. It will purify a better guarantee of its merits than a lengthy advertisement.

Sore throats, Ulcers, White Swellings, Ulcers, Erysipelas, Scalded Head, Gout, Rheumatism, Mercurial Affections, Old Sores, Eruptions of the Skin, Scurvy, and all the numerous other symptoms, are cured by VINECAR BITTERS.

For Inflammatory and Chronic Rheumatism, Gout, Biliousness, Headache, and all the numerous other symptoms, are cured by VINECAR BITTERS.

Mechanical Diseases.—Persons engaged in Painting and Minerals, such as Lead, Zinc, and other poisons, are cured by VINECAR BITTERS.

For Skin Diseases, Eruptions, Itch, Salt Rheum, Blotches, Pimples, Pustules, Boils, Carbuncles, Kingworms, Scald-head, Sores, Erysipelas, Itch, Scabies, Discolorations of the Skin, Humors and Diseases of the Skin, whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Bitters are equally as decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find impurities budding through the skin in Pimples, Eruptions, or sores, or on the face and head, it is extracted and brought in the urine, cleanse it when it is foul, your feelings will tell you when.

Do not suppose that because you are young and healthy you can afford to neglect your health. Cleanse the blood, purify the system, and you will be forever young.

Sheep Raisers Among us

We had the pleasure this morning of being introduced to the Hon. Gen. W. Bishop, senior member of the widely known and deservedly popular firm of Bishop, Brothers of Cincinnati...

Capitalists are always welcome and we cordially invite them to come to Texas.

Japan—England—America. The St. Louis Globe-Democrat has a very interesting editorial on the competition of England and the United States for the profitable trade of Japan...

On the 5th of last May the President of the British Iron and Steel Institute made an address in London, in which he greatly lamented the increase of competition in trade, and especially those branches of commerce peculiarly British...

The speech at London has produced a very profound sensation throughout the official circles of Japan. They now clearly recognize the fact that Great Britain is much in need of the Asiatic trade...

The issues in Ohio. The New York Herald expresses regret that the Republicans of Ohio have joined issue with the Democrats on the public school question...

Ohio. The Ohio Democrats have undoubtedly sought to manipulate the school question as a means to gain the support of those religious denominations which would gladly have the school fund divided among them...

Cuba—American Weakness.

It seems to us that the long forbearance of the United States Government in relation to the bloody struggle in Cuba, almost in sight of our own shores, would justify her in the eyes of all nations in only waiting life and property, and can result in no good to either party...

The destruction of property in Cuba is also a damage to the commercial interests of the United States, and more prospectively than at present. The trade of the island, which the management of Spain and the jealousy of the United States felt by the Spaniards in Cuba long forced to Europe, belongs naturally to our country...

The Cubans will gain their independence after awhile, or they will gain good terms with Spain, and in either case, the United States having shown them no friendship, will have lost everything...

There is nothing in the way of our getting full control of that beautiful and rich island in our own Gulf, in whatever form we like best, but the impotence and lack of enterprise of our own Government...

And unfavorable comparisons are drawn between the administration of President Polk and that of President Grant. Polk, a civilian, with the country much weaker than now, and restrained to war, by his bold diplomacy gained for us New Mexico and Arizona...

This is the general feeling of the country in regard to these matters. That feeling has found general utterance throughout the press of the country. And yet there has been neither explanation nor response of any kind.

Mr. Alfred Tennyson, an English writer of some note, is about to travel to the Continent for the benefit of his health.

[COMMUNICATED.] The Cow Ordinance.

SAN ANTONIO, TEXAS, Sept. 6, '75. Editor San Antonio Express:

As several have already through the press of the city, commented upon the present "Cattle Ordinance," and as it is almost universally condemned by the people, it seems to me proper for any one who chooses to express his views, that he should make them public...

I would promise this article by saying that I am not an owner of cows or horses, and am not directly affected by the ordinance, but only indirectly, as I still endeavor to prove every citizen of San Antonio to be, before I close.

I know some will say, I have heard such arguments used before the City Council, that no fence can keep out these cows, &c., but my experience teaches me that this is false.

A Historical Blunder.

Mr. Voigt, who has had something to do with improving the Capitol grounds at Austin, and probably has been the custodian of the building and library during the absence of the Legislature, has made, as he thinks, a valuable discovery in the State Library.

We are informed that the Galveston News has published this statement without any correction, by its silence, implying assent to its truth.

He tells us that the one presented to the Republic of Texas, Col. Bernard E. Bee, of Charleston, S. C., was the one who took part in the Texas Revolution of Independence, and was President Jackson's Secretary of War.

[COMMUNICATED.] The Homes of the Heroes of the Alamo.

Are the people of San Antonio patriotic in people—a people who love their glorious memories of the past, who have made our lovely city so attractive to the eyes of the general outside world?

YELLO FEVER IN NEW ORLEANS.—A private telegram received in St. Louis states that cases of yellow fever, with three deaths, are known to have occurred in New Orleans so far, this season.

GUNTHER'S MILLS. SAN ANTONIO, TEXAS, July 15, 1875.

THE WHEAT CROP OF THIS YEAR is very large and of good quality, and my mills are among the very best in America.

GUNTHER'S FLOUR is therefore the best and cheapest in San Antonio. My old customers cannot possibly get up all the flour I shall grind this year; therefore I hope the public generally will give it a trial, and help consume the surplus.

Reviews.

READING MATTER ON EVERY PAGE. LIGHT MAIL TODAY. "RED HOT" and still "hotting" weather. No INDIAN news of a stirring character. SEE our new advertisements to day. It is biting weather for fish as well as fleas. WHEN will the Military telegraph line be completed? OUR old summer breezes are again fanning us. KEMET'S RESTAURANT is the place to get a "square" meal. Try it and you will not regret.

COPIES of the DAILY EXPRESS can be had at the book stores of A. DWYER, W. W. Gamble and Nic Teng. TO LET: The Post House, Alameda St Inquire of Dr. Graves or A. DITTMAR, over Bennett & Thornton's Bank. OUR SUBSCRIBERS should not fail to report promptly any neglect on the part of our carriers. It will be remedied at once. It is surmised that many young men complain of loose hands, since the departure of the R. E. Lee.

We ask our correspondents to be patient. Their productions shall have due attention as soon as we can devote the space to them. THE DAILY EXPRESS is now for sale at all news stands and book stores in the city at 5 P. M. each day. Five cents per copy. LADIES in quest of worsted work for themselves or friends for sale use should not fail to call at Mrs. E. E. Evans store, adjoining Hancock.

FOR FRUIT, confections, etc., you can do no better than go to E. E. Bestler, whose tempting display is exhibited by a portable gas light—which is remarkable for its brilliancy and softness—near the post office. LOOK out for the WEEKLY EXPRESS. Improved, new, sparkling with live local matter, replete with late telegraphic gleanings from all parts of the world, it is just the thing to send to your friends at a distance.

WE ACKNOWLEDGE the receipt of a beautiful bouquet, the first that has reached us for a long time. We feel grateful for this floral present and in our evening prayers shall not forget the fair (?) unknown donor. DIVERGENCE.—The rays of the sun shining on white walls is distressing to meet people's eyes. In whitewashing and painting buildings and fences a yellow tint—such as distinguishes Groes & Co's, Hage & Schmelzler's and E. Keas'—would be a great blessing to the public.

FOR COGNAC and COGNAC see CLAVIN'S WILD CHERRY AND SQUILL. For sale by J. Clavin and A. Dreiss. TROWEL BAYONETS.—The guns in use by the U. S. Infantry, now stationed here, have trowel bayonets attached to them. They are intended more as instruments of fortification than for hand to hand combats in engagements. The appearance of the new bayonet gun, with this novel attachment, adds much to the looks of the soldier.

THE CONVENTION.—We tried hard to get a special from Austin, yesterday, stating the meeting and organization of the Convention, but failed. We hope for better luck soon. MORTGAGE.—All those who have lately joined the Alamo Rifles will be furnished with uniforms on application to I. H. ADAMS, Captain Commanding.

OUR WEEKLY.—Although we have reduced the price of the WEEKLY EXPRESS, we shall soon enlarge its size, so that its readers will get a much finer paper for a much smaller price than they paid for the old one. We shall make it double the size of the DAILY EXPRESS as soon as our paper arrangements are all completed. But, of course, for all this we expect a large increase of subscribers on our Weekly subscription list. We wish to make it a "WEEKLY" of a cheap price, that everybody in the country will take it.

LOST.—Two fifty dollar bills and about seven dollars in change. The fifty dollar bills have private marks. The finder of the above money will be liberally rewarded by delivering the same at this office. REPLY.

We overheard an old negro in the fourth Ward remark that "de yer cow ordinary business is jes takin' de cash and stockin' out ob my child's mouf." And still that old man ain't happy. STOP THAT NOB BY USING CLAVIN'S WILD CHERRY AND SQUILL. For sale by J. CLAVIN and A. DREISS. FRAGREN'S MISTAKE.—In mentioning the danger of this most active in working for the success of the coming Fair, in yesterday's Express, we spoke of Mr. Tom O'Bryan, one of the most energetic of all; but the printer, in setting up rapidly, inadvertently omitted the name.

A FANCIER & SON have just received some choice, stylish hats, give them a call. HOW TO GET A HUSBAND.—Take of modesty a large portion; make it with civility and good humor; to which add good sense, and plenty of love, with a virtuous heart and a pretty face. Take Simmons' Live Regulator regularly, that the blood and complexion be pure and healthy. "From actual experience in my practice I am satisfied to prescribe it as a purgative medicine." T. W. HASKIN, M. D.

THE HOUSE OF COMMONS.—The House of Commons met at ten o'clock on Monday, Sept. 6th, and was called on by the Speaker, Mr. Gladstone. The House was present in full strength, and the proceedings were of an ordinary character. The House adjourned at five o'clock.

LADY OF LYONS.—In the design of the San Antonio Dramatic Club to put this magnificent drama on the stage at the persons cast in this difficult play are, as a rule naturally be presumed, of the most competent members of the club. Through rehearsals have been going on for some time, so we can confidently look forward to the occasion of its public presentation as one unexcelled by anything previously rendered by this organization. Let us keep a look-out for the posters which will, in a few days, announce the evening of its rendition.

SANITARY.—There does not seem to be any unusual amount of sickness in the city at present. In this owing altogether to the city authorities.

How would it do to impose some of the rag-a-muffin children who are in the habit of prowling around after dark and making night hideouts with their unearthly music? Look to it, City Fathers, and, as a gentleman remarked to one of our hotel landlords regarding his mosquito bar: "There is millions in it!"

THE RAPIDLY increasing circulation of the EXPRESS should not be overlooked by our citizens who are disposed to advertise. We offer inducements that can not be presented by any other journal in the State.

THE DEPARTMENT of AGRICULTURE seems to be inactive this warm weather. We have therefore an acknowledgment of receipt to make last month.

THE MERCHANTS HOUSE of San Antonio present a pleasing contrast to most establishments in the State and are not excelled by any. Such is the impression we gather from most commercial travelers. We are glad of it and shall say more of our business establishments in future.

If you want to avoid the drudgery of letter writing during this warm weather and give your friends and relatives all the news, just buy a copy of the WEEKLY EXPRESS. Full of local news, telegraphic items, stock reports, &c., &c.

LEGITIMATE.—"Variety" entertainments so-called, have become legitimate as is evident from the fact that they flourish and are patronized in nearly every city in our country. Then go to the Vanderbilt and judge for yourselves.

NEW ICE FACTORY.—We understand arrangements are making for the establishment of an Ice Factory in the city, which will furnish pure crystal ice in large or small quantities at two cents a pound.

We shall expect to lay before our readers full particulars in relation to the organization of the company, etc., in a few days.

A correspondent in the National Index, of Tyler, comments largely on the extraordinary appearance of two new moons during the month of August just past, and calls it a "remarkable phenomenon."

A public meeting was held on the 4th of the month at two o'clock in the evening, and was attended by a large number of citizens, and was a great success.

PERSONAL.—We were very much pleased to hear that Mr. J. P. Harris, who has been in this city, but who is the agent of Allen & Chambers, wholesale and retail dealers in lumber, shingles, doors, sash and blinds. Their establishment is at Kingsbury, the present terminus of the Galveston and San Antonio railroad. It will be kept at the terminus as the road advances, and will give these gentlemen an opportunity to supply San Antonio and all the West with everything needed that is made out of lumber; and the needs of the West in this direction are very large. Mr. Harris is one of our most promising young men, and we wish him great success.

SWINSON'S LANGUAGE SERIES.—We have received from the publishers, through W. W. Gamble, 6008-6009 in this city, the first two volumes of this new and complete series of books which is devoted to the teaching of the English language, from the simplest elements to the most thorough knowledge of the English grammar. It is recommended as the best of the kind now in use, and by the most experienced teachers we know. We would like to see a copy of it, and we would like to see a copy of it, and we would like to see a copy of it.

THE first book is called "Language Primer: Beginners' Lessons in Speaking and Writing English." The second book is entitled "Language Lessons: An Introductory Grammar and Composition for Intermediate Grammar Grades." These are followed by the "School Composition; being Advanced Language Lessons for Grammar Schools."

The series is closed by a "Practical English Grammar," based on the results of modern philology.

We advise all who study or teach English grammar to procure these books.

Special Notices. THE CHEAPEST. Reliable articles like Dr. Price's Cream Baking Powder and True Flavouring Extracts, Vanilla, Lemon, Orange, Ginger, etc., that have stood the test of the best judges in the country, at a fair price, are the cheapest in the long run, if health is to be considered. Pure goods must have a fair competition in the market. We are the only firm that can be sold cheap, and hence we sell all our mixtures in preference to strictly pure articles, as they afford a better profit.

Plentiful and Profitable Employment. "Beneficial" "Cheerful" "Oh, how lovely" "What are they worth?" etc. Such are the exclamations by those who are the large element New Chrome over the old. A Hint to the Young. The cause of lunacy, when there is no positive disease which produces it, is an imperfect action of the food. The weight of the body undoubtedly bears a marked relation to, and increases proportionately to the height, when it is properly nourished by a large proportion of healthy food. When we eat a full person with "slab" sides and hollow cheeks, we have a right to infer that his blood is thin and watery and his constitution delicate. How the stomach system is peculiarly serviceable to this delicate people, since it strengthens the digestive and assimilative organs, and converts a powerful anxiety in the blood manufacturing process, which in a state of health ought to be, and are thoroughly performed. An increase of food, as well as fat, is a result of using this sovereign anti-dyspeptic, appetizing and generally corrective cordial.

CIRCULAR. To Butchers, Stockraisers, and Farmers: It has been the general complaint in past years by tanners who regularly work Texas Hides, that a large part cured during the hot season, work badly, turning a large proportion of the hides into shoddy and only a small proportion of good leather. They assert that the hides, being exposed to the sun, get

SUNBURNED and that such hides, by bending them short, will break. From this fact, Texas Hides cannot be sold to any advantage; tanners buying them hesitatingly and generally low prices. To make the Summer Hides more desirable should be cured in a way that will prevent the hides from being damaged, and only a small proportion of good leather.
