HALLS VEGETABLE SICILIAN THAIR RENEWER.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic prop-erties, prevents the hair from falling out, as it stimulates and nourishes the hair glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used. as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality and I consider it the Bust Pagra RATION for its intended purposes." Hold by all Druggists and Dealers in Medicines. Price One Dollar.

Buckingham's Dye. FOR THE WHISKERS.

As our Renewer in many cases requires too long a time, and too much were, to restors gray or faded Whiskers, we have prepared this dye, in one preparation; which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents. Manufactured by R. P. HALL, & CO.,

CHILD BESCUED FROM A PANTHER.

Texas News.

Last Monday morning a man and wife who live about nine miles cast of Willis, left home on business, leaving their house in charge of their cluest child, about tweive years of age. Towards need the girl heard the intant, aged fourteen months, which had been laid, while asleep, on a bed in an a ining room, utter a horrid screech, apon which she immediately ran to its relief, and imagine her feelings, upon opening the door, to see a huge panther with the babe in its mouth, leaping from an open window, immediately over the bed. But she, like a true heroine, sprang upon the bed and then out of the window, screaming at the height, of her voice, and upon being joined by the other-children about the house, pursued the pauther at her utmost speed. They tollowed about forty rods, to a pair of bars which separated the clearing from the forest, at which place the girl states that she approached to within fitteen or twenty feet of the panther, when it relinquished its hold of the child, leaped the burs and made its way to the woods. The infant was picked up, much strangled from its Owing to favorable purchases and di- rapid movement through the grass soil at lowest figures. BORS INJUSTICE TO SAR ANTORIO, THE BOARD OF TRADE, AND THE MILITARY

Since the publication in the Exemp of the letter of the Second Assistant Postmaster General to Hon. John Hancock, in esponse to the memorial of the San attention called to the following in the Galveston News of last Saturday. We publish it in order to repel the exceedingly military officers:

Conche and El Paso routes to be run up, by extra allowances, from thirty odd thousand dollars, determined to close is enumerated such a number of afflictions, down on that sort of thing, but has found and we claim the Simmon Liver Requi a pretty hard fight on its hands. A straw a pretty had fight on its hands. A straw-bid was put in on the Conchoroute at the last letting, but falled of its object. Since then the department has been en-deavoring to find a reliable contractor to take the route and furnish temperary sortise once a week. A few days since the department received a copy of the following letter, which was sout out to overy postmaster and prominent person in the county in which. Sen Antonie is situ-ated, by F. C. Taylor, agent of the routes formerly run by F. P. Sawyer, showing how service is obtained:

SAM ANTONIO, August 9, 1875, Dear Sir-From information received from Washington I think your mail is going to be cut down to once a week and probably discontinued. I wish you would get a petition drawn up asking for a continuance of the semi-weekly trips, or tri-weekly trips if you choose, and get averyhody's name to it that you can, and, if possible, get a letter to the Postmaster Greener and the f possible, get a letter to the Postmaster leaeral, signed by the officers and the commanding officer, in addition to the petition, and forward all to the Postmaster General at Washington. It would be best not to mention my name in

Three days later a long petition was received from the Board of Trade at San Antonio, asking for the service as suggested by Taylor, and other petitions are coming in to the same effect. With this information before the Department, it is not probable that such service will be granted.

Now, we are able to state emphatically and authoritatively that neither the Board of Trade, nor any prominent man in San Antonio, whom we have interviewed, ever heard of the above letter until in the remarks following the letter above, that there was any understanding or col-Mr. Taylor, is utterly false, no matter who is the author of it.

When we support the Department, as tractors, it is bad enough to endure such being accused of dishonest and corrupt ford a better profit collusion. It is an outrage upon truth

SPECIAL NOTICES.

OUR FAMILY BREAD. Truly the most important adulterations oid are those which are calculated to the "staff of life," our family We know that merchants who supply their customers with pure articles like Dr. Price's Cream Baking Powder and

his True Flavoring Extracts, retain bet-ter patrons, have a larger trade, and make more money, than those who buy and recommend articles that are poor and cheap. Besides its a pleasure to have articles that never hill to give satisfaction and that can be used with safety. Aside from its excellence, Dr. Price's Cream Baking Powder is one third stronger, two cans equal to three of other kinds.

Pleasant and Profitable Employment "Beautiful?" "Charming!" "Ch. bow lovely!" "What are they worth!" etc. Such are the exclamations by those who see the large elegant New Charmes produced by the European and American Chromo Publishing Co. They are all per-fect Gems of Art. No one can resist the temptation to buy when seeing the Chromos. Canvassers, Agents, and ladies and gentlemen out of employment, will find this the best opening ever offered to make money. LANDING ARMS AT ASPINWALL.

Washington, Sept. 10. - Dis patches have been received at the Navy Department from Capt. E. Simpson, commanding the United States steamer Omaha, at Panamu, detailing at length the condition o affairs there as already published in the press reports. He says he did not request the American Con-sul at Aspinwall to prohibit the landing of the 500 rifles purchased for Bolivia; but, on the contrary, sent the Consul the following dispatch: "Consider whether it will be a proper act for you to see that those arms are not allowed to be diverted from their original direcat flon, or if that can not be prevent ed, then consider if you have not the power to prevent them from being landed, subject to instructions from Washington." Subsequently a conference was held between Capt. Simpson and our Consul at Aspinwall, and it was decided that the Consul had no right to interfere with the landing of the arms, and this ended the question. A CORRECTION.

they were painfully affileting, have been radically cured in such great numbers his aboost rovery section of the country, that the public searcely need to be informed of its virtues or uses.

Secontious poison is one of the most destructive encuries of ourzanes. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfectbing or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout his beeks, and they, on some five repulse occasion, raisilly develop into the or other of its hideous forms, either on the surface or among the cocasion, tanishily develop into one or other of its hideous forms, either on the surface or among the hideous forms, either on the surface or among the rights. As the latter, tabercles may be raddenly deposited in the firings or heart, or tumors formed in the liver, or it shows its presence by eruptions, on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a buttle of this Sursuppareitle is advisable, even when no active hympioms of directs appear.
