SUICIDE IN SAN ANTONIO.

Suicide seems about to become a mania in San Antonio. Half a dozen suicides have occurred in about the same number of weeks.

And yet our neighbors and fellow-sufferers take their own lives, often in the very presence of their wives and children, almost every week.

But one of the immediate causes of the terrible evil of suicide, springing from the supreme radical cause already mentioned, is the excessive use of intoxicating liquors.

What a flood of the sunshine of domestic and social happiness would light up San Antonio, did all its now desolate homes with joy, should this course be adopted by its hundreds and thousands among us who are now walking straight downward to misery and destruction!

OUR ATTITUDE IN RELATION TO QUBA. Cuba, according to the note of the American Government to the European powers, is to form a separate state, attached to the Spanish monarchy.

Unfortunately for the purity and healthfulness of the tone of society, in these modern days, we have long been too much accustomed to blood, to murder, and to the wanton destruction of human life.

In some cases of suicide, the actor has had that point in demoralization, all sense of duty and reverence to God, and all sense of right and affection for his family and fellow-men, utterly obliterated.

And all these things that we are not much surprised, and very little horrified, to hear of the violent death of a man at the hands of his fellow man.

And in some cases of suicide, the actor has had that point in demoralization, all sense of duty and reverence to God, and all sense of right and affection for his family and fellow-men, utterly obliterated.

And in some cases of suicide, the actor has had that point in demoralization, all sense of duty and reverence to God, and all sense of right and affection for his family and fellow-men, utterly obliterated.

And in some cases of suicide, the actor has had that point in demoralization, all sense of duty and reverence to God, and all sense of right and affection for his family and fellow-men, utterly obliterated.

Bible prevailed among us in San Antonio.

In the meantime there is a confusion of statements, both in this country and in Europe. But, though our Government conceals at present from our citizens what it communicates to European Governments, it can be stated that the American circular does not propose a solution of the Cuban question according to the London correspondent of the Manchester Guardian.

Special telegrams from subscribers on the Eagle Pass Stage line inform us that our Weekly had not been received by them on Saturday. This is not our fault.

FRIO CITY

There seems to be a necessity for us to say that if there is one thing we are prouder of than another, it is our long list of patrons.

FRIO CITY

The closing of our postoffice at 9 o'clock has been no little annoyance to us since we have been publishing a morning paper, as we were compelled to have some one to stay up all night in order to get our mail into the office.

FRIO CITY

There seems to be a necessity for us to say that the Express never was on better terms with the Herald than just now, and it may be deemed necessary to further remark that we desire these friendly relations to continue uninterrupted.

FRIO CITY

There seems to be a necessity for us to say that the Express has reduced the price of subscription to Western Texas newspapers.

FRIO CITY

Our citizens will be delighted to learn that the Fay Templeton Site Alliance will be in our city in a few days, to give a series of entertainments at the Casino Hall.

FRIO CITY

Whenever we wander about the suburbs of our city, we are forced to admire the tasteful houses which are constantly appearing up.
