## Big Time Wrestling To Be Here

Area wrestling fans have a real treat in store when professional wrestling returns to Muleshoe Saturday night. Included will be a longtime favorite Ricky Romero, who will team up with another favorite, Cyclone Negro, in a tag team match against El Mongol and James J. Dillon.

Cyclone Negro is a 250 pound powerhouse from Caracas, Venezuela and was decorated by his government for achievements in boxing, wrestling and weight lifting.

Romero needs no introduction to wrestling fans in this area, as he is a favorite of many years. They are featured in the main event tag team match.

El Mongol is a 260 pound product of the USSR and came to the states by way of Central America. He is said to be adept at both Mongolian and Russian Sambo wrestling, both said to be very vicious styles where the wrestlers wear jackets.

El Mongol's partner will be James J. Dillon, who at 243 pounds makes up the other half of the "Odd Couple." He is a native of Princeton, N.J. and is the son of a socially prominent family. Dillon is said to be a wily, but unethical athlete.

Tickets are on sale at both the Muleshoe State Bank and First National Bank for the Rotary-sponsored event. Tickets for the 8:30 p.m. wrestling will be \$4.50 for ringside, \$3.50 for general admission and \$2.50 for kids under the age of 12. Wrestling will begin at 8:30 p.m. this Saturday, August 4, at the Bailey County Exhibition Center and Coliseum.

Also sure to please the wrestling fans will be girl wrestlers. Lei Lani Kai is a Hawaiian miss and she will meet Wenona Little Heart of Window Rock, Ariz. in a special attraction match. Both girls will step into the ring at over 145 pounds.

In another match Hooker Ted Heath, former pro rugby player from England, and an ex-British paratrooper, will meet

Con't on page 8, Col. 3

**CUCUMBER HARVEST UNDERWAY**--Two workmen at Robert Ruiz and Sons shows some of the top grade cucumbers being processed at the plant this week. With cucumber harvest in full swing at this time, a foreman said the pepper harvest will be getting underway within the next two to three weeks.

## Rotarians Question New Coliseum Rates

During the noon meeting of the Muleshoe Rotary Club on Tuesday, after a discussion of plans for the Rotary-sponsored wrestling slated for Saturday, Coliseum Manager Tommy Black was asked to clarify new charges scheduled for use of the coliseum.

Black told the group that the commissioners had met three or four times during the last couple of months, and said they wanted to put the coliseum on a break-even basis.

He said he was instructed by commissioners to compile a proposal of different charges to charge for different things at the

### Cattle-Vehicle Wrecks Seem On Increase

A pattern established in recent days of accidents involving vehicles and livestock continued from Friday night through Monday night with four such accidents reported on Highway 84 northwest of Muleshoe.

Monday night, at 10:45 p.m., a 1977 truck tractor driven by Dalton Lightfoot, of Lubbock, slammed into a black steer on the highway three miles northwest of Muleshoe on Highway 84. Lightfoot was not injured, although his truck received heavy front damage, according to DPS Trooper Jim Dulin.

At 10:48, a 1976 Chevrolet Camaro, driven by Steven Rowell of Lubbock, slammed into the same steer. Rowell was not injured and his vehicle also received heavy front end damage. Both the Rowell vehicle and the Lightfoot vehicle had to be towed from the accident.

Two minutes later, at 10:50 p.m., a 1972 Buick, driven by Jimmy Pruitt of New Orleans, La. also hit the black steer. A passenger in the Pruitt vehicle received minor injuries. Pruitt was able to drive his vehicle from the accident as it received light front end damage.

Trooper Dulin said the steer was owned by Dr. Jerry Gleason. He also said all the vehicles were traveling southeast at the time of the multi-accidents.

At 11:55 a.m. Monday, a pickup and a car collided at

Con't on page 8, Col. 3

coliseum. He explained that the 'Mexican Dances' will be charge \$110 base rate plus

### YAC Asks Questions On Charges

A tentative work schedule for the miniature golf course being constructed by the Muleshoe Area Youth Activities Committee Inc. was set up Monday night during a meeting of the group.

It was decided to attempt to get the lights completed, post holes dug, line poles installed and ditches dug for the water and sewer lines this week. Next week, the fence will be installed so sand and gravel can be ordered to do the concrete work at the golf course.

Wayne Holmes and Keith Pate explained what has been done to date at the golf course site just east of the Bailey County Exhibition Center and Coliseum.

It was reported that only \$36.50 was received from skating last Friday night, which is \$13.50 short of the required \$50 to rent the coliseum under the new rates.

Coliseum manager Tommy Black was asked to clarify the new charges. He said none of the increase was his idea, but the county commissioners. He told the group that the commissioners established the new rates and told him he would abide by them.

He also told the group, that contrary to what the commissioner's court

Con't on page 8, Col. 1

**DAMAGED VEHICLE**--Monty Jones was driver of this vehicle that struck a large bull some two miles northwest of Muleshoe in Highway 84 Friday night. Jones was hospitalized overnight following the accident.

## General Rains Boost Area Cotton Prospect

### \*\*\* \$10,000 Is Missing Says Local Sheriff

According to a front page story in the Lubbock Avalanche-Journal on Sunday, July 29, a large amount of money is missing from the Bailey County Sheriff's office in Muleshoe.

This week, Bailey County Sheriff Dee Clements was

### Writing Road To Reading Workshop Set

A "Writing Road to Reading" workshop will be conducted in the Muleshoe Junior High School library August 6-10 from 8 a.m. - 3 p.m., according to an announcement by Neal B. Dillman, Superintendent of schools.

Mrs. Ada Bandy, Curriculum coordinator, from Santa Fe, ISD Will be the instructor for the workshop.

"Writing Road to Reading" or the Spalding Method, is a simplified method of teaching language arts in all grades to all students, explained the superintendent. This multi-sensory approach enables the many children who inherit, to some degree, the tendency to dyslexia and other neurological problems, to overcome this handicap, he added.

Thirty-one Muleshoe teachers and parents have already enrolled in the class, but there is still room for more people who are interested in attending the workshop.

The fee will be approximately \$20, but if more people enroll, the fee will be reduced. Interested parents and other persons are asked to contact Mrs. Elizabeth Watson, director of instruction, at phone number 272-3325.

### Baptists' Festival Saturday

Rev. Gene Prevo, pastor of the Trinity Baptist Church, said the church is sponsoring a music festival Saturday, August 4, at 7:30 p.m. in the sanctuary of the church.

The quartet from the Trinity Baptist Church will be singing and the Believers from Tahoka will present a concert of religious music.

Rev. Prevo said the Believers are members of the Martin family and the group consists of Karen Taylor, Lonnetta Hudgens, Jeannie Isabel, Lee Summers, and Gilda Taylor, pianist.

All interested persons are invited to join the congregation of the church for the concert, concluded Rev. Prevo.

Templo Bautista will conduct a tent revival, August 5 through August 10, according to the minister, Rev. Yves Aleman.

Evangelist for the services will be the Rev. Tommy Garza from Fort Worth. A fulltime Southern Baptist Evangelist, Rev. Garza has done his studies in the Mexican Baptist Bible Institute, San Antonio, Howard Payne University, Brownwood and in the Southwestern Baptist Theological Seminary, Fort Worth, explained Rev. Aleman.

Director of music for the services will be Rudy Trevino, who is an educational director in Templo Bautista at Friona and his wife, Leticia Trevino, will be pianist. The tent will be located at West Second Street and Avenue E, just east of the First Baptist Church. Rev. Aleman said there will be preaching and gospel singing each night of the revival, starting at 8 p.m.

The local minister said he and the members of Templo Bautista would like to invite each and every person in the community to attend the services, which will be translated into English.

### Flooding Reported In Isolated Areas

Rain was again in the area this week with back to back general rains both Monday night and Tuesday night. Several months ago, Bailey County Extension Agent Spencer Tankley said the area would need a good rain at the end of July to help produce a good cotton crop in the fall.

The moisture received the first two nights on this week may just be the lever necessary to produce a 'bumper' crop in the fall. However, there is another brighter side to the picture also. North of Bailey County, Parmer County lost a lot of crops to high wind and severe hail.

Apparently, the hail cut off before reaching the Bailey County line, and the area just benefitted from the rain. No hail damage for the first two nights of the week was reported in this county.

On Monday night, a sandstorm slammed into the area ahead of the rain, reducing visibility to near zero and dumping tree limbs and small debris in a wide area. Then the rain started, also accompanied by high wind.

During the Monday night rain, only .65 was reported in Muleshoe with some slight wind damage, especially to trees. The first rain on Monday fell around 9:15 p.m., followed by a second downpour around 2 a.m., depositing a total of .5 to .65.

Then on Tuesday night, a hard, heavy rain left 1.4 inches in Muleshoe and resulted in some minor flooding for a few hours.

In the area Mrs. Loyd Stephens in the West Camp community said they received only .2 on Tuesday night and .4 on Monday night. They also had high wind.

At Needmore, some water was reported across the road, and Western Farm Supply said they received 1.1 on Tuesday night and .7 on Monday night for a two day total of 1.8.

At Lazbuddie, no rain

was reported on Tuesday night, according to Foster Fertilizer. On Monday night, the community received .3 with high wind and no hail.

Monday night, a trace of rain was recorded at the Muleshoe National Wildlife Refuge, followed by 1.8 on Tuesday night.

In the Maple area, Bill Eubanks at Maple Grocery said the community received an inch of rain on Tuesday night and one half to one inch on Monday night.

Eubanks reported the rain to be a rather general rain, with almost everyone coming into the store reporting receiving measurable precipitation.

From the Bula area, Mrs. Jim Pat Claunch said they received approximately .3 on Monday, followed by half an inch on Tuesday night, and received high wind, but no hail.

The State Department of

Con't on page 8, Col. 6

### Football Physicals Scheduled

Muleshoe High School Athletic Director and Head Football Coach Mike Wartes has issued another reminder that football physicals for all high school football players will be at 2 p.m. on Sunday, August 5 at the field house.

He said it will be important for all boys who plan to football to be at the field house to get their physical. Any prospective players who do not get their physicals at that time will be required to have the physical done at their own expense by their doctor.

Also, the first day of football practice will be Monday, August 13 for sophomores, juniors and seniors. Freshmen will begin practice on Monday, August 20.

Football equipment will be issued on Wednesday, August 8.

**LOADING OUT POTATOES**--As potatoes are coming down the conveyors at Barrett Produce, they are separated into smaller sacks, boxes and these 100 pound bags. The workmen here are tying bags and stacking them into pallets for shipment. 'Stan's Best' potatoes are shipped all over the country.

## Japanese Youths Will Visit Bailey County This Month

Japan and the South Plains of Texas are forging new ties this summer.

As part of the 4-H Labo International Exchange, 27 Japanese youths have become, for a month, the sons, daughters, brothers and sisters of 25 area families. The young people, aged 12 to 18, are accompanied by a Japanese tutor-chaperone.

Three of the Japanese youngsters will stay with families in Bailey County. Linda Mullin, county Extension agent, said, August 6-22, the Robert Hunts will have a tutor-chaperone, Yoshiaki Hibino, staying in their home.

The guests, their ages, and their host families in Bailey County are: Maki Asada, age 13, is staying with the Robert Hunt family; Kazubo Ikegami, age 16, is staying with the Homer Richardson family and Yasuo Suzuki, age 12, is staying with the Frank Wuerflein family.

The visitors are among 149 Japanese youths coming to Texas under auspices of the Labo Foundation, said Dr. John Pelham, state 4-H and youth leader with the Texas Agricultural Extension Service. Over the past several years, the founda-

tion has sent several thousand Japanese youths to the United States, primarily the western states.

This is the second year Texas has been included in the program said Martha Couch, Extension area 4-H and youth specialist. It is one of the 18 states which will be hosts to 1,700 Japanese youth this summer. Last year, 68 Japanese youths came to Texas with 12 visiting the South Plains.

"The Labo Foundation program is to help young people to learn another language and to become familiar with another culture firsthand," Pelham said.

In District 2, host counties are Bailey, Briscoe, Cochran, Dawson, Gaines, Garza, Lamb, Parmer, Scurry and Swisher.

### Certain!

A worried lady in Albany entered a notion store and bought two packages of invisible hairpins.

"Are you absolutely certain these are invisible?" she asked.

"Lady, I'll tell you how invisible they are," the clerk assured her.

"I've sold \$4 worth this morning and we've been out of them for three weeks."

## Sudan News

By Evelyn Ritchie

Fieldton visited recently with Mr. Ves Terry and Les Hewitt.

Mr. and Mrs. Guy Walden and grandchildren were in Clovis Saturday for dinner.

Mr. and Mrs. Nolan Parrish were in Lubbock Tuesday on business.

Mrs. Wyatt, mother of Mrs. Tom King, was transferred this week from the Methodist Hospital in Lubbock to the Amherst Hospital.

Sunday visitors in the home of Edith Williams were Gedonne Williams, Kevin and Greg of Clovis, N.M. and Mr. and Mrs. Larry Puckett and Kalen of Muleshoe.

Mr. and Mrs. Paul Wersell of Carlsbad visited last weekend with her aunt, Mr. and Mrs. Joe Dorsey.

Mr. and Mrs. Bud Provenance and Charles Rich were in Melrose, N.M. Sunday to attend the funeral of Jessie Sain.

Visiting last weekend with Mrs. Mary Wilkerson was her daughter, Mrs. Gennie Chamberlain. The women went to Lubbock Saturday to visit their sons and brothers, Mr. and Mrs. Wayne Wilkerson and Mr. and Mrs. Dan Wilkerson.

Doug Provenance was honored on his sixth birthday on July 10 when his mother, Jeanne Provenance, took Doug and his friends to Clovis, N.M. to the zoo and amusement park.

Cupcakes and lemonade were served to those that attended including, Charlie Smith, Len Kuykendall, Charles Williams, Monty Edwards, Heather Chase, Bryan Baker and Dannette Provenance.

Mr. and Mrs. Marvin Maxwell were in Fort Sumner last week to visit her sister, Mr. and Mrs. Earl Smith.

MISS JUDY TILLEMA

## Bridal Shower Held In Honor Of Judy Tillema

A Bridal Shower was held in honor of Miss Judy Tillema, bride-elect of Joe Bob Owen, on July 28 from 2:30 to 4 p.m. in the home of Joyce Shafer.

Upon arrival, guests were registered by Jennifer

Tillema, sister of the honoree of Muleshoe.

A white lace cloth covered the serving table. It featured an arrangement of apricot silk roses in a brass pot. Jennifer Tillema and Rhonda Briggs served apricot sherbert punch, melon balls, fruit breads, mints and nuts from crystal appointments.

The honoree was presented with a corsage in her chosen colors of apricot silk and ecru bows and leaves.

The hostess gift was a set of bakeware.

Special guests were the mothers of the couple, Mrs. Wayne Hardage and Mrs. Dick Tillema, both of Muleshoe.

Hostesses included Rosemary Briggs, Sandy Peterson, Gwen Splawn, Eva Nell Stovall, Jo Harmon, Joyce Shafer and Emma Wilhite.

The truth hurts people who don't like to face facts.

### BIBLE VERSE

"Mine eyes are upon all their ways: they are not hid from my face, neither is their iniquity hid from mine eyes."

1. Who was the author of the above statement?
2. Of what disaster was he prophesying?
3. What is its meaning for us today?
4. Where may this verse be found?

### Answers To Bible Verse

1. Jeremiah, the prophet.
2. The utter ruin of the Jews.
3. That God is ever cognizant of our actions and knows our sins.
4. Jeremiah 16:17.

MRS. BENNY FLOYD AND BRANDY LYNN

## Mrs. Floyd, Brandy Lynn Honored With Baby Shower

Mrs. Benny (Melinda) Floyd and one week old daughter, Brandy Lynn, were honored with a pink baby shower on July 30 from 7:30 to 9 p.m. in the Community Room of Tri-County Savings & Loan.

Mrs. Floyd was presented with a corsage of pink and white baby booties with white bows. Linda Cain registered guests upon arrival.

The serving table was laid with a white lace cloth. Glass booties held an

arrangement of pink silk carnations with pink feather accents. Crystal appointments were used to serve cake, punch, nuts and mints. Connie Manasco and Darlene Long assisted with the serving.

The hostess gift was a high chair.

Mrs. Austin Floyd, paternal grandmother of Brandy was a special guest.

The occasion was hosted by the Ladies of the Calvary Baptist Church.

## Kristi Spies Shows Project At Houston

Kristi Spies of Muleshoe, daughter of Mr. and Mrs. Ronnie Spies, attended the 34th Annual Meeting of the American Cancer Society, Texas Division held at the Shamrock Hilton Hotel, July 18-19 in Houston. She was accompanied by Pat Gunter. Marilyn Young represented the Bailey County unit as a voting delegate.

Kristi was awarded by the Cancer Society at Levelland in April. She won at the Regional Science Fair with her project, "The Effects of Smoking On The Blood". Trish Burgess assisted her with the project.

Jim C. Terrell, Jr., M.D., of Stephenville was elected President of the Texas Division at the meeting of the Division Board of Directors. Larry K. Fuller of Amarillo was reelected to a second term as Chairman of the Board.

Dr. LaSalle E. Leffall, Jr., National President of the Society, gave the keynote address at the Annual Dinner. Dr. Leffall is Professor and Chairman of the Department of Surgery at Howard University College of Medicine and was a member of several ACS foreign delegations including those to the Dominican Republic, the Soviet Union and the People's Republic of China.

Also elected as officers were Donald C. Spencer, M.D. of Austin, President-elect; Mrs. Alton Zamow of Three Rivers, Vice Chairman of the Board; A.G. Schlosstein, Jr., Dallas, Treasurer and Mrs. Irene S. Wischer, San Antonio, Secretary.

Area Vice Presidents elected were: Area I, T. Paige Carruth, Ph.D., Canyon; Area II, Ben Morgan, Austin; Area III, D.P. McClure, Corpus Christi; Area IV, Malcolm F. Sher, M.D., Houston; Area V, Jeff Nickelson, Dallas and Area VI, W.A. Betzel, Arlington.

Edward C. Hinds, M.D., D.D.S. of Simonton and Richard H. Jesse, M.D. of Houston received the National Divisional Award for their many years of service to the Texas Division. The award is given annually in each Division for "Distinguished volunteer leadership."

The following volunteers received recognition for years of service to the ACS: 30-Year Awardees; B.L. Aronoff, M.D., Dallas; Lewis Spears, formerly of Austin presently of Tahoka; Tom Regan, M.D., Beeville; E. Jackson Giles, M.D., Corpus Christi; Mrs. Francis Huffman, Palestine and Victor Gayle, Beaumont. 25-Year awardees: Mrs. W.A. Spoonemore, Pampa; Mrs. Joe Hull, Sonora; Mrs. Alvis Johnson, Sonora; Mrs. Ben Cusenbary, Sonora;

Miss Louise Blair, Hico; Mrs. Everett Renger, Hallettsville; The Honorable Percy Hartman, Sintum; Mrs. Ted Mangum, Hungerford and Mrs. A.D. Cole of Madisonville.

### Kenneth Darren Box

A son was born to Mr. and Mrs. Kenneth R. Box of Muleshoe on July 28 at 12:58 p.m. in the West Plains Medical Center. Kenneth Darren weighed seven pounds and five ounces. He has two brothers, Jason, six and Brian, three, and one sister, D'Anne, five.

Grandparents are Mr. and Mrs. Stan Barrett of Muleshoe and Mr. and Mrs. Fred Box of Borger.

### Patricia Vega

Mr. and Mrs. Fidel Vega of Earth are proud to announce the birth of a daughter, Patricia, on July 28 at 6:42 p.m. in the West Plains Medical Center. She weighed eight pounds and fifteen ounces. She has two sisters, Lisa, nine and Sandra, five.

Grandparents are Mrs. Maria Morales, Earth and Mr. and Mrs. Juan Vega of Floydada.

### Victor Sierra

Mr. and Mrs. Jose Sierra of Muleshoe are the proud parents of a new baby boy born July 28 at 3:47 p.m. in the West Plains Medical Center. Victor weighed five pounds and fifteen ounces. He has two sisters, Virginia, four and Rosemary, three; and two brothers, Ruben, seven and Jose, five.

Grandparents are Mr. and Mrs. Gregory Mata of Michigan and Maria Viargas of Mexico.

**ATTENDED CANCER SOCIETY MEET:** Kristi Spies, left, daughter of Mr. and Mrs. Ronnie Spies, and Pat Gunter attended the 34th Annual Meeting of the American Cancer Society, Texas Division at the Shamrock Hilton Hotel in Houston. Kristi presented her project, "Effects of Smoking On the Blood" which was awarded at the Cancer Society Regional Science Fair at Levelland in April.

## Consumer Food News

Best buys at Texas grocery markets this week include fryer chickens, eggs, pork, frozen fish and some fresh produce.

Also, "specials" appear on lamb, canned and frozen items, says Gwendolyn Clyatt, a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

**POULTRY** -- Fryer chickens have high quality and low prices.

Egg prices dropped recently -- but don't expect that to last long.

**PORK** -- attractive buys appear on hams, picnic shoulder roasts and cured meats. Fresh cuts at reasonable prices are Boston butts, chops, loin roasts

and liver.

**FROZEN FOODS** -- Fish has low prices, along with frozen processed potatoes, such as frozen french fries. Other specials include bread dough, pot pies, lemonade and apple pies.

**FRESH FRUITS** -- Those with the most pleasing prices are bananas, grapes, peaches, nectarines, cantaloupe, watermelons, plums and pineapples.

**FRESH VEGETABLES** -- Best buys include soft shell and zucchini squash, corn, several types of lettuce, blackeye and purple hull peas, potatoes, green onions and radishes.

Also, new potatoes have reasonable prices. Prices are higher on these items: cabbage, carrots and dry onions.

**CONSUMER WATCH-WORDS:** Don't buy any vegetable just because it's cheap -- know quality and buy accordingly.

## "Hidden" Sugar, Fats Add Many Calories

Did you consume 102 pounds of sugar last year? and not know it? Or 15 pounds of salt?

Probably you did, says Mary K. Sweeten, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Most American did -- and unknowingly gained weight.

In fact, researchers say we're eating and drinking more sugar, salt, fats and meat each year.

We get much more sugar and salt from processed foods and beverages, Mrs. Sweeten says.

We don't realize how much we're getting, because we don't stop to read labels, she adds.

For example, studies show that each of us consumed about 102 pounds of sugar last year.

That equals about eight or nine pounds of sugar each month -- per person.

Most of that sugar was syrups and sugars in processed foods and beverages.

Our dietary fat increased because we ate more salad oils and cooking oils.

What's the verdict on all this?

Not too bright, Mrs. Sweeten cautions.

This trend is linked to nutrition-related problems such as obesity.

Too much of any food will make you gain weight, the specialist says.

How can we fight the problem?

Read labels, she says. Read the ingredient listings and the nutrition information on each label, especially if you're on a special diet or trying to lose weight.

### To Much

Don't worry about our Government being overthrown--there's too much of it.

## Pre-Nuptial Shower Held In Honor Of Miss Franke

A Pre-Nuptial Shower honored Miss Teresa Franke of San Angelo, bride-elect of Benny Hamilton of Muleshoe, on July 28 from 3 to 4:30 p.m. in the home of Mrs. Roy Winkle.

Guests were registered in the bride's book by Lisa Redwine.

The honoree was presented with a corsage in her chosen colors of blue daisies, blue carnations and bows.

The serving table was laid with a white cloth and featured an arrangement of blue daisies and carnations with leather fern in a crystal vase. Teresa Hamilton of Muleshoe, sister of the prospective bridegroom and Brenda Franke, sister of the bride-elect of San Angelo, served the guests punch and blue thumbprint cookies from crystal appointments.

The hostess gift was a kitchen center. Special guests included Henrietta Franke of San

Angelo, mother of the bride-elect; Carelean Hamilton of Muleshoe, mother of the prospective bridegroom; Brenda Franke, sister of the honoree of San Angelo; Jeanie Ware, aunt of the prospective groom of Shallowater and Teresa Hamilton of Muleshoe, sister of the prospective groom.

Hostesses for the occasion were Mrs. M.D. Locker, Mrs. Kenneth Henry, Mrs. Omer Kelton, Mrs. Travis Bessire, Mrs. Wayne Williams, Mrs. C.H. Long, Mrs. W.H. Parker, Mrs. Bill Jim St.Clair, Mrs. Roy Winkle, Mrs. Jimmie Skipworth, Mrs. Kenneth Precure, Mrs. Ernest Kerr, Mrs. Roy Whitt, Mrs. Betty Bruns, Mrs. Cleve Bland, Mrs. Doug Bales and Mrs. Don Harmon.

Life's greatest achievement is a long, happy marriage.

MRS. ALFONSO POSADAS

## Surprise Layette Shower Honors Margarita Posadas

A Surprise Layette Shower was held in honor of Mrs. Alfonso (Margarita) Posadas on July 27 from 8:30 to 10 p.m. in the Catholic Center.

The honoree's corsage featured baby socks with mint green and yellow streamers and mint green silk carnations. Yellow diapers accented the streamers.

The serving table featured a tree with miniature diapers, candy, yellow bows and baby cards. The table was laid with a yellow cloth. Cookies, cakes, mints, nuts and punch were served from crystal and silver appointments. Elva Anzaldua, Elma Daniel and Maria Momtez assisted with the serving.

The hostess gifts included a baby crib, sheets, blankets, diapers and a stretch suit. Hostesses were Elva Anzaldua, Elma Daniel, Amelia Madrid, Anna Gonzales, Lucy Lucero, Blanca Anzaldua, Betty Regino, Clara Flores,

Maria Montez, Josefina Cruz, Sylvia Castorena, Gloria Castorena, Anna Gutierrez, Ester Ybarra, Esmeralda Posadas, Janie Garcia, Estela Ramos, Beatriz Gutierrez, Yolanda Bara, Gloria Cata, Connie Alanis, Manuela Serano, Teresa Peneda, Mela Flores, Nelly Santos, Josie Baca, Pupe Guzman, Senaida Chavez, Maria Teresa Valdez, Tommy Lopez, Ruben Leal, Alex Castorena and Conchita Estrada.

### Hearty Laugh

An old couple was listening to a broadcast service, the husband sitting back smoking his pipe, his wife in deep concentration. Half an hour passed in silence. Then, suddenly, the old man laughed.

"Sandy," exclaimed his wife, "why this merriment on the Sabbath?"

"Ah," said Sandy, "the parson's just announced the collection and here I am safe at home."

Life would be simpler if the people on the earth were more sincere.

## Uniforms aid pride

School and team uniforms play an important role in many activities for youth and keeping those uniforms in good condition is necessary.

This school year, minimize the time spent on laundering and repairing uniforms by teaching children the importance of caring for uniforms themselves. They should learn that the pride felt by a good team appearance can often lead to good performance also.

During the excitement of a game or event, hats and jackets are often tossed around and left on the grass. Point out to your youngsters that taking a few minutes to put uniform items on the nearest bench will not detract from their fun and will save them from being trampled too.

Also have the children neatly put away all clothing and equipment after practice sessions and games. This will help eliminate frantic moments spent looking for a stray sock or jersey for the next big event.

## 'After-school' fun too

Many children are eager to "stay after school" when it is to participate in an extra-curricular activity with their friends.

Whether it is marching with the school band or playing a team sport, the extra-curricular experience is both important and enjoyable for well-rounded school years.

Become involved in the youngster's after-school activities and join the fun by watching them play in the big game or tapping your feet to the beat of the marching band.

Your children and their friends will appreciate your interest and attention during their growth years.

## Peanut butter sandwich is easy, nutritious too

Sandwiches are "on the go" foods and one of the most traveled of all is the peanut butter sandwich for which there are several reasons.

Peanut butter is a top flavor favorite and keeps well even in a simple brown bag, besides being easy to fix.

One of the routes for millions of peanut butter sandwiches again this year is "back to school" since most anyone can pack a peanut butter sandwich bag lunch including dads, moms, or one of the school kids.

Along with the sandwich, a piece of fruit such as an orange, apple or banana

(already wrapped in a natural cover) and a dessert treat from the cookie jar can go into the lunchbag. When a container of milk is added at lunchtime, the meal rates a nutritionist's gold star.

A sandwich made with two slices of enriched bread spread with two tablespoons of peanut butter will provide a child with 30% of the day's Recommended Dietary Allowance of protein, 40% of the niacin and 15% of the iron.

So be glad for peanut butter sandwiches. They are easy, quick and nutritious.

## Never too old!

AUSTIN, Texas (Spl.) — One is never too old to learn. The University of Texas is finding.

Since fall 1976, enrollment of persons 25 years or older has increased 27 per cent on the UT Austin campus, according to Dr. David E. Hershey, director of admissions and records.

Older-than-average students attending the University include 4,035 undergraduates and 6,109 graduate students. The Dean of Students' Office has a special counselor for older-than-average students.

## Layered look is fashionable for all ages

The layered look for school fashions is not only appropriate for the season but economical for students on limited budgets.

Modernize last year's dirndl skirt and sweater with a new unstructured blazer or add style to a roll-sleeve blouse with a quilted vest.

Match slim-fitting jeans and corduroy slacks from last season with a new loose fitting sweater that slims down at the waist for a coordinated effect.

## Read to children

AUSTIN, Texas (Spl.) — If Johnny has trouble reading, chances are his folks don't read at home, says a University of Texas assistant professor of curriculum and instruction.

"If the parents don't read at home, whether they can read or not," says Dr. Walter Lamberg, "there's no model for the children to read." But he adds "if there is a good positive model, children will start, well before school, doing things that are associated with reading and that prepare them to read."

In a similar vein, one of his colleagues, Dr. Frank Guszak, suggests that being read to is an important step in teaching a young child to read. Children who are read to, Dr. Guszak says, are ones who seem to succeed in reading.

## Snacks by busy moms for 'after school' time

With more and more mothers working, attending classes at the local college and participating in a variety of community projects, there is a good chance that many children will be making their own "after school" snacks.

A tradition in many American homes, the after-school snack perks up youngsters after the long day at school and helps tide them over until dinner time.

With a bit of pre-planning, a busy woman can supervise her children's snack time even when she is not present. Here are some suggestions to consider.

Rather than leave the mixing and pouring of foods and liquids up to your young children, prepare all snacks the night before. Youngsters will enjoy looking in the refrigerator and finding individual portions of fresh or canned fruit, vegetable sticks or creamy pudding in colorful bowls waiting for them.

If you buy milk or fruit juice in large heavy containers or in glass bottles, pour individual cups ahead of time and place covered on a refrigerator shelf that the children can reach easily.

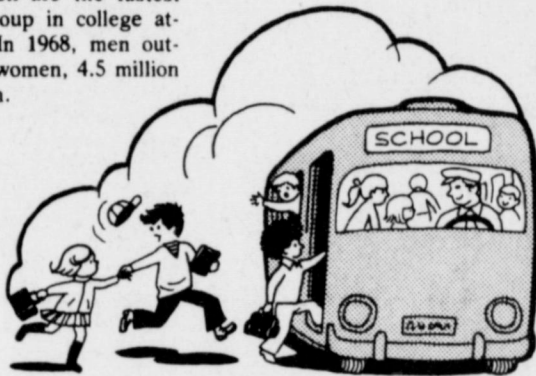

To prevent potential accidents, leave the children's snacks and beverages in paper plates and cups instead of glassware. This will also eliminate having a sinkful of dirty dishes awaiting your return.

REGISTER FOR SCHOOL AUG. 27, MONDAY

## WOMEN AND COLLEGE

A recent Census Bureau survey found that women comprised 52 percent of all college students under age 22, and older women are the fastest growing group in college attendance. In 1968, men outnumbered women, 4.5 million to 3 million.

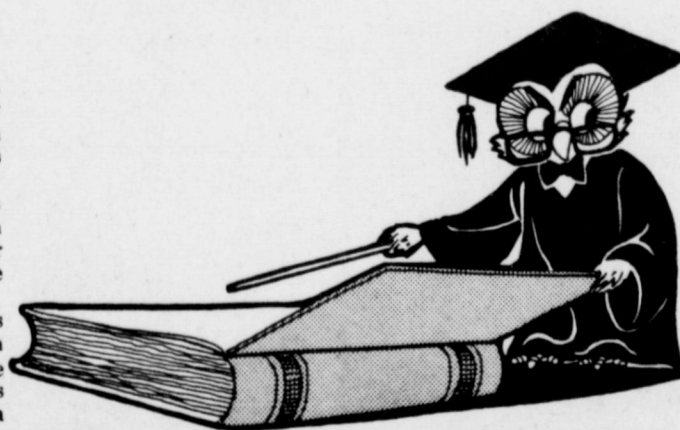

## T-shirts fashionable now

T-shirts are no longer mere undergarments to be tucked toward the back of the bedroom dresser or worn out of sight.

Today's T-shirts are message carriers and are very comfortable for all ages and both sexes. The wearer can declare allegiance to a rock band, proclaim their hobby or just offer a humorous comment to the world.

The now fashionable T-shirt with all its proclamations has a ready line of accessories for a mix-or-match wardrobe. Everything has been designed to make sure that the once lowly T-shirt won't be standing alone at what is now the peak of the fashion scene.

## Immunization Is Required For Students

Neal B. Dillman, superintendent of the Muleshoe schools, announces that school will be starting soon, on Wednesday, August 29, and many children will have to be immunized against certain diseases, particularly those children entering school for the first time.

According to the Texas School Immunization Law, the following immunizations must be given before a child may enter public school:

(1) Diphtheria-Tetanus -- three doses required with the last dose since the fourth birthday.

(2) Oral Polio -- three doses required, with the last dose since the fourth birthday.

(3) Red measles -- one dose since the first birthday, or a doctor's statement of disease.

(4) German measles -- one dose of vaccine.

(5) Mumps -- one dose of vaccine or a doctor's statement of disease, required for first graders or below.

The superintendent reminded that your family doctor can immunize your child, or you may go to the health department at 306 West Second Street.

## Kindergarten age need supplies too

Before sending tots off to nursery school or kindergarten pay as much attention to outfitting them for school as you would your older children.

If your child will be toting his or her own lunch to school, let the child help select their own lunch pail as it will increase the pleasure of its use. You may find that pre-packaged moist towelettes will encourage children to clean their hands after eating.

Of course there will be school supplies to purchase too and extras might be helpful to create a young child's own craft corner for after-school fun and education. For the crafts corner include clay, finger paints and suitable drawing or painting paper.

When buying scissors for a young child select those with

rounded ends for the child's safety, until they learn to work with sharper instruments.

Select a collection of pencils and magic markers in bright colors and a box of crayons along with enough construction paper to get them started on a multitude of projects.

## Teens like jean look

Remember when jeans were worn by only farmers and handymen?

Today, jeans are an international uniform with jackets, skirts, shirts of denim being the new status symbol.

Denim reflects the life style of the '70s and are attire for most occasions encountered by youth.

an intersection of a paved county road and a dirt road 7.1 miles west of Muleshoe.

Driver and sole occupant of one of the vehicles, Joe Rodriguez, was taken to West Plains Medical Center by ambulance for treatment of a shoulder and facial injuries. He was eastbound on the county paved road.

Pedro Aranda, driver of the car, was northbound on the county dirt road when the collision occurred. No injuries were reported from the Aranda vehicle. It was investigated by DPS Troopers Jim Dulin and Paul Hernandez.

Last Friday night around midnight, Monty Jones, driver of a late model car received injuries in an accident involving a black bull owned by Clayton Myers.

The accident was some two miles northwest of Muleshoe on Highway 84. A passenger in the Jones vehicle received lesser injuries. Jones was hospitalized overnight for observation.

Mrs. Myers said the bull was removed from the accident, then butchered as it received a broken leg in the accident and could not be saved.

Investigating officer was DPS Trooper Paul Hernandez.

price would include clean-up of the building.

Black told Rotary Club in addition that service clubs were informed when the Coliseum opened that they would be charged \$60 per month for meeting one hour in the building each week. This included charges for both the kitchen and meeting room. However, he cited increased prices for utilities as the reason for the increase in price to \$75

**City Sponsors**

**Four Firemen**

**For Training**

Last week, five members of the Muleshoe Fire Department attended fire training school at Texas A&M University. This was the 50th annual Texas Fireman's Training School.

The city of Muleshoe, at a cost of some \$500 each, sponsored Alton Parker, Jack Rennels, Owen Jones and James 'Smoky' Martin to attend the one week session. Also attending, sponsored by Bailey County Farm Bureau, was Wayland Harris.

Some 1,820 students represented 728 cities from 32 states in the school.

Courses attended included Fire Fighting, Fire Prevention, Fire Department Officer Training, Fire Department Pump Maintenance, Specialized Fire Protection, and Disaster Rescue

Training.

Each year, at least five firemen are sent to A&M to attend the special fire schooling.

**School Board**

**Studies Forms**

**For Application**

Two special sessions of the school board members for the Muleshoe independent School District were conducted this week.

During a meeting Monday night, board members agreed to ask Robert Ashworth of Amarillo, to act as consultant during the time the school board is receiving applications to employ a new superintendent of schools.

Board members also studied various forms for applications, contracts and other necessary paper work.

Wednesday night, board members scheduled another meeting with the consultant, and planned to discuss methods and guidelines to be used in selecting the new superintendent.

Applications will be accepted, beginning September 1, for a new superintendent to replace current superintendent, Neal B. Dillman, who will retire January 31, 1980.

per month.

**Wide Revival**

**Is Underway**

A large non-denominational/community wide revival got underway in Muleshoe Tuesday night, July 31, with evening services scheduled through Saturday, August 4. Services are being conducted nightly at the American Legion building on West Avenue B, with services scheduled for 8 p.m. each evening.

Conducting the revival services is Rev. Israel Leon, who is said to be a Mexican evangelist from Cardenas, Tabasco, Mexico.

A spokesman said Rev. Leon has been preaching for the last 17 years, and has traveled extensively as he preaches the word of Gospel to different people.

Rev. Leon is an ordained minister who works in the Charismatic Movement and he also is a minister in the Full Gospel Men's Fellowship.

A Spokesman commented, "God spoke to Rev. Leon to come to Muleshoe to be a blessing to everyone, and we want to welcome everyone to the meetings."

**Rain...**

Cont from Page 1

Highways and Public Transportation in Muleshoe was called out because of water across highways both on Monday and Tuesday night.

Stanley Burreson said the most water was north of Sudan on FM303 to the Dodd community, with heavy water reported in a two mile strip from the Nickels Gin, five miles west of Earth Northward across the paved road.

He said a lot of water had been reported in Farmer County on the preceding night.

In the meantime, the national Weather Service predicted the same type weather would continue through today (Thursday) with the chance of additional thunderstorms and possible isolated flooding and high wind in and around the thunderstorms. Temperature was expected to be in the high 80s to low 90s.

paper, cups, and wiping up spills, and that the janitor would do the rest. He said, "it takes 8 to 16 hours to put a building back into shape after an event has been conducted at the coliseum."

The coliseum manager also said the regularly hired janitor will do the clean-up for a small fee.

Following another question, he estimated that the coliseum arena is used seven nights per month, and did not directly respond to a question on what is being done to induce other groups to utilize the facility. He did say an attempt is being made to perhaps have some country-western shows, or other events at the coliseum.

When asked why he, or commissioners' court had not consulted with any group before the new rates were voted into effect on July 11, Black said he had been attempting to contact the members of the organizations involved on a 'one-to-one' basis.

He presented an undated, carbon copy of a letter which he said he had mailed the original to Harmon Elliott, chairman of the wrestling project. Elliott said he had received no such letter.

Black also suggested that members of all civic clubs and other organizations meet with the commissioners' court at 11 a.m. today (Thursday) to discuss the proposed

**Club Planning**

**Broom Sale**

On Wednesday, August 22, the Muleshoe Lions Club will conduct their annual broom sale on the parking lot of Muleshoe State Bank.

Lions President Dr. Jerry Redwine suggests that persons make their plans to attend the broom sale and purchase the brooms, brushes and other household items needed at that time. He reminded that money received from the sale will be used for local projects, with the major portion of the money being used for the benefit of the blind and visually handicapped persons.

Mark your calendar for Wednesday, August 22, go to the bank parking lot and look over the available merchandise and choose your items to purchase.

changes. Although he suggested two members from each organization, other sources said all persons who use the coliseum need to be represented.

He also did not answer why only four groups were singled out for the price change, and said the prices would be negotiable. This statement was also openended, as he was not specific in what way the charges would be negotiable.

**REBATES UP TO \$2,500**  
**LEASES DOWN TO 7.50% LEASE RATE**

Buying a Valley irrigation system this summer could be the smartest thing you could do all this year. We are offering you a choice of either big rebates or long-term leases at rates that are hard to believe. On Valley linears and corners the rebates are as high as \$2,500. On regular systems rebates are as high as \$1,250. You save the most by acting now, not later, because rebates decline in value after August 17th.

For Valley linears and corners, make a 10% down payment. We'll put the system on your farm and you won't have to make the next payment until January, 1981! The lease rate is an unbelievable 7.50% in July and goes to 7.63% on August 17th. You can make about the same deal on a regular system and the rate is 8.64%. If you don't want the January, 1981 second payment plan, the rate is 8.24%. We even have an interest free finance plan to January, 1980. See your Valley dealer, he has all the facts.

**If you wait, you're losing money.**

## Navy Parachute Team To Perform At Reese Open House

Have you ever tried playing "leapfrog" 12,500 feet above the ground? The skies above the Reese Air Force Base, Texas Open House will be filled with the U.S. Navy's Parachute West Demonstration Team "Leapfrogs" as they perform a skyborne display of freefall parachuting.

The Reese Open House is scheduled for Saturday and Sunday, August 4 and 5, 1979. The Leapfrogs will perform once each day. Their Saturday show is scheduled for 3 p.m. Their Sunday show for 1 p.m.

The Leapfrogs are assigned to the U.S. Navy's Special Warfare Group One based at the naval Amphibious Base Coronado, in San Diego, California.

All team members are selected from the Navy's world famous underwater demolition "frogman" teams (UDT) or the Navy's elite SEAL team. SEAL's are the Navy's counter-guerilla warfare experts who are trained to conduct small unit operations in hostile areas while operating in and from the sea, air, and land.

During their Reese show, the Leapfrogs will perform the aerial acrobatics and precision free-fall parachute techniques used by members of the UDT and SEAL teams during combat airborne infiltration operations.

For the convenience of their viewing audience, the Leapfrogs attach colored smoke canisters to

their boots and climb to an altitude of 12,500 feet (two mile) above the demonstration landing area. Their show emphasizes split-second aerial maneuvers and landing accuracy.

A jumper can control his freefall rate of descent from a relatively slow speed of 120 MPH to a breathtaking head down speed of 220 MPH by changing his body configuration with his arms and legs. After free-falling for approximately 60 seconds, the Leapfrogs open their parachutes and three seconds later their descent slows to a speed of approximately 5 MPH. By using their rectangular shaped parachute like a glider wing a jumper can maneuver himself at

speeds up to 35 MPH to a stand-up landing at a speed of 2 MPH in the center of the drop zone's target panel.

Following each show, the Leapfrogs will be available to sign autographs and describe first-hand to their audience, the art of parachuting that is their profession.

Other highlights of Saturday's Open House activities begin with a civilian aircraft fly-in from 9 a.m. to noon a chili cookoff will run from 10 a.m. to 6 p.m. with an Ol' Fiddlers' contest scheduled from 2 to 4 p.m. The day winds up with a barbecue dinner from 6 to 9 p.m. and a street dance from 9 p.m. to midnight.

Highlights on Sunday will be performances by the U.S. Air Force Drill Team from Washington, D.C., the 539th U.S. Air Force

Band from Lackland AFB, Texas and at 3 p.m. the U.S. Air Force Thunderbirds Aerial Demonstration team.

## The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson Grass farm on Sandy Creek tackles the confidence problem this week, sort of.

Dear editor:  
As though the energy shortage wasn't enough of a problem, we now have a shortage of confidence. We've been told.

We've declared war on energy but to declare it on confidence too and try to fight two wars at the same time may be more than the government can handle. Windfall tax money will go just so far.

Therefore it looks like we'll have to tackle the

confidence problem on our own without tax support. Right off I can tell you one cause of it.

It's the filing system used by the television industry. For example, an expert economist looks into the camera and tells us we're in a recession. Then some smart-alec in the TV studio digs back in the files and runs a shot of the same guy three months ago telling us we aren't going to have a recession.

Or a politician appears on the screen saying we've got to have gas rationing. Followed by a film of him a few months ago saying under no circumstances will he support gas rationing.

This may be amusing but it sure plays havoc with confidence.

If Congress wants to help restore confidence in this country, not to mention

confidence in Congress, it ought to pass a law prohibiting television stations from re-showing a news film or any part of it any sooner than five years after it's first shown.

How are we going to maintain confidence in our leaders when they're shown saying one thing today and another next month? Such confusion has got to be stopped. Don't the TV people know that sometimes confidence is based mainly on forgetfulness?

And another thing, why hasn't Washington required the installation of thermostats in air-conditioned automobiles so they can be turned up too?

Yours faithfully,  
JA.

Jackson warns Soviets encircling oil countries.

Gunn-Ho  
"SPECIAL"

**ENJOYING THE RIDE**--Last week, weather affected the crowds at a carnival in Muleshoe, with high wind, sand and rain driving the people from the midway, but they more than made up for the weather Saturday night, and hundreds visited the carnival.

**A.F. Walker Funeral Rites Held Tuesday**

Funeral services for Andy Floyd Walker, 81, were conducted at 2:30 p.m. Tuesday in the Chapel of the Chimes with Rev. David Hamlin, pastor of the First United Methodist Church of Muleshoe, officiating. Burial was in Bailey County Memorial Park under direction of Singleton-Ellis Funeral Home.

A resident of Bailey County since 1966, he died at 10:35 a.m. Sunday at Methodist Hospital in Lubbock. He was a retired farmer and a member of the Church of Christ in Sudan. Andy Floyd Walker was born May 30, 1892 in Covington, Tex. and moved to Knox City in 1907 from Covington. He moved to Sudan from Knox City in 1941. He was married to Flossie Dutton on February 5, 1966 at Clovis.

Survivors include his wife, Flossie; one son, Doyle Walker, Van Horn; two daughters, Geneva Thomasson and Jeri Herzog, both of Sudan; two stepsons, Olen Dutton, Belton and Melvyn Dutton, Petersburg; two grandchildren; five step-grandchildren and 10 step-great-grandchildren.

**A. F. WALKER**

Gary Hart, Senator (D-Col): "It's an absolute anomaly that you can operate a nuclear reactor in this country without an emergency plan."

**TFU Says USDA Plan Is New Price Ceiling**

USDA'S August 1st announcement that there will be no set-aside on 1980-crop wheat and concurrent boast of increased export grain sales to the USSR is in essence "a direct economic policy to impose a price ceiling," says the Texas Farmers Union.

According to the farm group, the combined actions of encouraging excessive production of wheat by announcing no planting restrictions, the resulting lower target price support required by law, and the announcement that Russia would be allowed to purchase a maximum of 10 million metric tons of wheat in the 1980 marketing year will together result in

maintaining price suppressing surpluses on domestic markets. After strong lobby efforts by farmers the past two years, Congress several months ago amended the 1977 Farm Act to allow for a higher wheat target price at the discretion of the Secretary whenever a set-aside requirement is in effect. Consequently, the 1979 target price was raised to \$3.40. Due to no set-aside in 1980, however, the target will fall at least 20 cents a bushel and possibly be lowered by as much as 45 cents a bushel. The final target price for 1980 will not be announced until March 15, 1980, and must be in the range of \$2.95 to \$3.20 a bushel.

Beyond the lower support, the most serious price suppressing policy, according to TFU, is the restriction on the amount of wheat to be exported to the USSR.

Under a five-year agreement with Russia, the U.S. agreed to supply a minimum of 8 million metric tons of grain each year. Any sale of grain above that amount is prohibited unless specifically ordered by USDA.

USDA Economist Howard Hjort has stated publicly that the shortfall in grain production in the Eastern Hemisphere could mean Russia may want to buy as much as 20 million tons of grain in 1980, the fourth year of the agreement. But the announced limit of 10 million tons of wheat sales casts doubt as to whether

that predicted total will be realized in aggregate sales of other grains.

Simplifying the entire situation from the Texas Farmers Union perspective, state president Jay Naman called the U.S. -- U.S.S.R. trade agreement "nothing more than a complex set of rules that amounts to a game of trade restrictions".

"With grain prices now stronger," he continued, "the Administration is lifting planting restrictions and creating optimistic press reports of increased foreign sales. They are suckering farmers into more fence-row-to-fence-row planting to create another domestic grain surplus and then plugging up international trade channels to keep the prices

cheap at home.

"It doesn't matter how good foreign demand is when a Secretary of Agriculture has the arbitrary power of trade restrictions. Our trade negotiators decry all forms of trade restrictions and barriers in OTHER countries. But as soon as domestic commodity prices begin to rise, as they have with wheat, those same 'free trade' advocates suddenly become market manipulators to restrict export and create domestic surpluses through one economic trick or another.

There should be vivid memories among wheat farmers of early seventies reign of Earl Butz when grain prices strengthened and they were to go for

since the government promised to sell it abroad. Then came an embargo; then came bumper crops; then came years of bankrupt grain prices that we are just now working out of.

We've seen the 'Boom and Bust' script too many times now in agriculture and have memorized it by heart. The combination of no set-aside, low supports and trade restrictions always ends sadly with cheap farm prices and additional thousands of farmers going out of business." Naman concluded.

James Weaver, Chairman, House inquiry into Three Mile Island nuclear accident: "The same type mishap is likely at any time at another nuclear power plant."
