THE DEMOCRATS MOVING.
PREPARATION FOR TUESDAY'S BATTLE.

Quite a number of the Democratic party leaders, the plot and even with several of the party members, are at Judge O'Connell's apartment at 4 p. m., to make preparations for the political battle next Tuesday.

Mr. O'Connell was reported that he had had tickets printed and forwarded to all points in the district which relied upon San Antonio to furnish them.

Mr. O'Connell, Mr. P. J. DeLoach and Mr. G. W. Fisher were appointed a committee to see to it that the polls of the different county precincts were duly visited and the proper election held, and Messrs. J. E. Dwyer, Frank Pascoe, Robinson, Leland and Sykes, as suggested, the getting together of the Democratic party for the purpose of speaking and assembling demonstration on Monday evening, just before the election.

The Young Democracy were invited to join the other members in an effort to carry the Democratic platform.

The Young Men's Democratic Club held a meeting last night, and such action as was deemed necessary for the interests of the party in this county on Tuesday. The principal business transacted was the appointment of a committee of three to attend each of the four city wards, and see that things worked as they should, and a committee of five to act in conjunction with another Democratic committee in getting up speaking and a public demonstration Monday night.

SHALL WE HAVE WATERWORKS?

Whether it is proposed to inaugurate any enterprise in San Antonio, there always first of all, from the month of a certain date, there has not yet prepared for this thing—wait a few years longer.

It is the case of people who damn this city, and who are responsible for its long isolation in the past, and for the great laggedness which still seems to brood over it. There is a proposition of the most kindred and friendly now before the city council relative to the construction of water works, and although it is a matter of the most vital importance, it is one of the most popular and most difficult of all.

The proposition is to construct a system of water works, extending over an area of nine and one-fourth miles which would place the water under the portion of the city under fire protection, besides giving to thousands of people a ready access to pure water. This would do one decrease the premium on insurance one-half or one per cent, and thus bring about an amounting to one property owner out of every twenty.

We trust that the city council will give to this proposition the consideration it merits, and as it is not proposed to inaugurate any enterprise in San Antonio, there always first of all, from the month of a certain date, there has not yet prepared for this thing—wait a few years longer.

DEATH OF A NOTABLE MERCHANT.

Mr. J. W. Fisher, a well-known merchant, died at 4 p. m. after a lingering illness, at the residence of his wife, Mrs. J. W. Fisher, at 401 North Main street.
