THE LATEST.

Not so much Neck and Neck as it was.

TILDEN STILL IN THE LEAD
Columbus, Ohio, Nov. 9.—High street, in front of the Republican headquarters, is closely packed with thousands of people, all wild with excitement. In the midst of the excitement all efforts to obtain complete returns signally failed. Returns have only been received from 15 counties. It is, however, conceded by both State Commissioners that the Republican majority will be 8 or 10,000.

LOUISIANA.
New Orleans, Nov. 9.—The following official and unofficial returns of parishes have been received: Iberia, official, Republican 14,537; Democratic 13,400. This is a gain of 577. West Feliciana is Democratic by 2,500 to 3,000 majority—a Democratic gain of 1,040. Reports show that the Democrats polled a heavy negro vote in the interior parishes.
Midnight.—In 11 parishes partial official returns show Democratic gain of 7,137 of 1874 which elected Moore, Democrat, Treasurer by 2,903. The above indicates that the Democrats have carried the State by 10 to 20,000. The majority in the city will probably reach 1,000. The Republicans claim the State by from 10 to 15,000.

FLORIDA.
Florida is claimed by the Democrats by from 20,000 to 25,000. Returns show Democratic gains.
NEW YORK.
New York, Nov. 9.—There was great excitement about the Union and the Democrats, and crowds besieged the Democratic Headquarters at the 27th St. House. The Democratic clubs marched down and cheered before Governor Tilden's house, at Governor's Park. The Governor was asked for but left word he was fatigued and proposed to take a few days rest.

GEORGIA.
Rome, Nov. 9.—Senator Gordon addressed an enthusiastic meeting to-night. He said among other things that in view of the triumph of the party of peace and reconciliation, the hearts of the Southern people warmed toward the people of the whole country. We had been charged with being disloyal, and liberty and freedom were with us and inseparable. He asked whether the Southern heart whose heart does not glow with new pride for the flag of our fathers since Tilden's election assumed that it shall henceforth wave over a Union of concord, peace and freedom. He appealed to the people to host their flag, which were no longer emblems of sectionalism. Where is there a descendant of the founders of this government who is not ready to pledge life and honor for the defense of its flag. These sentiments were loudly applauded.
Georgia sends an unbroken delegation to Congress. Majority in the State for Tilden, 75,000.

YANKEE.
New York, Nov. 9.—Election returns come in slowly, but indicate a large Republican majority. The Democratic vote in the State is estimated at 1,000,000. The Republican vote is estimated at 1,500,000. The Republican majority is estimated at 500,000. The Republican vote is estimated at 1,500,000. The Republican majority is estimated at 500,000.

ALABAMA.
Montgomery, Nov. 9.—There are enough returns to show at least 35,000 majority for Tilden, and an unbroken delegation of Democrats for Congress.
Shelby, Democrat, in the fourth district, has a handsome majority. Ripier and Barlow, negroes, divided the Republican vote between them. This makes a gain of two Democratic Congressmen.
NEW YORK
The following has been received from the Republican headquarters at the Fifth Avenue Hotel:
Governor Kellogg telegraphs as follows: "The returns are even better than we expected."
ILLINOIS
Chicago, Nov. 9.—The Republicans gain 5 Congressmen in Illinois. The Democrats elect the following: Harrison in the second district, Hauge in the tenth, Knapp in the twelfth, Springer in the twelfth, Edlin in the 16th, Morrison in the 17th, Townsend in the 19th, and possibly Sparks in the 19th.

The Democrats gain seven Senators, and 24 Representatives, giving them a sure majority of one on a joint ballot for a U S Senator in the place of Robertson. The vote for President is still in the Republican hands. The majority of a small majority for Tilden.

CONCEALMENT OF SEX.

Many instances are on record of women having successfully concealed their sex while for long years, or a lifetime, they wore the habits, the rougher, harder vocations that are by common consent abandoned to their brothers. Their story necessarily reads like a romance, indeed, it usually is a romance, deeper, often more tragic, than any fiction for it has the tremendous reality of truth.

BOONHOURS OF MATRIMONY.

The St. Louis Republic says several marriages took place in Maine recently of a novel character. In a certain neighborhood there resided an old gentleman who had four sons and one daughter, and in the same neighborhood was another old gentleman who had one son and four daughters, making ten sons and daughters in all.

MARRIAGE IN CHINA.

Is that the parents attend to all the preliminaries. A Chinaman who is married in a liberty to buy another wife. He does not affect his standing in any way by so doing. The children thus sold have no opinion in the matter. Among the poorer classes female children

are looked down upon, and frequently put to death. The religion of the Chinese is more a code of morals than a religion. It is simply the philosophy of Confucius. It teaches future existence in a hazy way. To this teaching the Buddhist doctrine is added, the whole making a strange mixture. I regard the teachings of Confucius as equal to those of Plato and Aristotle. The Chinese do not come here to make a home among us, but to make money and return to their own country. As far as I know, they do not come here under pressure from the Chinese Government. There is no such thing known in China as a banishment for crime. When any civilized Government enters into a treaty with any barbarous nation, an anomalous state of affairs is produced. It is stipulated that the subjects of the civilized nation are not to be subject to the barbarous laws, and, if he violates those laws, he must be tried before his Consul, and the same in all civil causes. This is the reason why China cannot open herself to foreigners. An American can only engage in business in the trade ports. He can not hang but a sign in his shop in China except in the open ports. He may travel, however, if he has a passport from his Consul, but it is not safe to do so in many parts of the country.

HOW TO LAY SHINGLES.

Not one-half the persons who lay shingles when making a roof on a building have any correct ideas in regard to making a roof that will absolutely rain tight during a driving storm of rain. We have frequently seen men shingling, who, when they would meet with a worth less shingle, say once in laying two or three courses, would lay this poor shingle among good ones, saying: "It is only one poor shingle, one shingle cannot make a poor roof."

BORN AT THIRTY FIVE MILES AN HOUR.

From the Baltimore American, October 33. The Western train which arrived at Camden Station, over the Baltimore and Ohio Railroad, on Saturday afternoon, brought a mother and two babies, ticketed from Indianapolis, Ind., to Camden, Md. The woman's name was Richardson, and when she left Indianapolis she was alone. Those babies were born on the fly. Mrs. Richardson left Cincinnati on Conductor Frank Harris' train. She occupied a seat in the ladies' car, and had traveled a part of the night before from Indianapolis, and looked sleepy and tired. Mr. Harris saw she was troubled, and on asking her the cause, was requested to please send some married lady to speak to her. Mr. Harris did so, and through the medium of this third party was informed of the probable increase to the passengers under his charge. The car was cleared, and half an hour afterward the passengers were informed that two bouncing boys had begun life at the rate of thirty-five miles an hour. Mrs. Richardson is the mother of four other children, and makes her home on the eastern shore of Virginia. She continued a journey to her Southern home without delay.
