This vote, not being specifically conferred upon the board, he contends resides in him to decide. He is required by United States laws to issue the election certificates, and must canvass it in order that he may decide who is en-titled to certificates.

The Democrats are unch astonished that this claim should be set up, and contend-that the word, "electors", is not used in the act referred to simply because electors are included under the head of State floers, which expression is used in the act. The following extraordinary cure of great sufferers who had been given up by the best physicians as hopeless cases will speak for themselves, and should chal-lenge the most profound attention of the medical faculty, as well as of those who are suffering from Kidney Complaint.

THE BEST MEDICINE. EAST MARSHVINLD, Ang. 22, 1870,
Mat. STEVENS: Dear Sir-I am soventyone years of age; have suffered many
years with Kidney Complaint, weakness
in my back and atomach. I was luduced
by friends to try your Yeartine, and I
think it the best medicine for weakness
of the Kidneys I ever used. I have tried
many remedies for this complaint, and
never found so mach relief as from the
VEGETINE. It strengthens and invigorstes the whole system. Many of my acquaintances have taken it, and I believe
it to be good-for all the complaints for
which it is recommended.

HR STRVENS. Esq: Dear Sir—I have been badly afflicted with Kidney Complaint for ten years; have suffered great pain in my back, hips and side, with great difficulty in passing urine, which was often, and in very small quantities, frequently secompanied with blood and exerciating pain.

I have faithfully tried most of the popular remedies recommended for my complaint; I have been under the treatment of some of the most skillful physicians in

plaint; I have been under the treatment of some of the most skillful physicians in Boston, all of whom pronounced my case incurable. This was my position when I was advised by a friend to try the Yaga Tible, and I could see the good effects from the first dese I took, and from that moment I kept on improving until I was entirely cured, taking in all, I should think, about six bottles. It is indeed a valuable medicine and if I should be afflicted again in the same way, I would give a dollar a dose, if I could not get it without.

Respectfully, J M GILE.

and commenced using according to direc-tions. In two or three days I obtained great relief. After using four or five bettles I noticed it had a wonderful effect on the rough, scaly blotches on my body and legs. I still used VEGETINE and the humorons sores one siter another disap-paged notil they were all gone, and I attribute the cure of the two diseases to VECKTIER, and nothing clas.

Diseases of the Kidneys, Bladder, etc., are always unpleasant, and at times they become the most distressing and dangerous diseases that can affect the human system. Most of the diseases of the Kidneys arise from impurities of the blood, causing humors which settle on these parts. Vegetime excells any known remedy in the whole world for cleaning and puritying the blood, thereby causing a healthy action to all the organs of the body. Vegetime is sold by all Druggists.

They were awarded first medals, and honors at Paris 1867, Vienna 1873, Santiago 1875, Philadelphia 1876; having thus been awarded highest honors at Every World's Exhibition at which they have competed, and being the only American organs which ever obtained any award in Europe.

The pulpit of St Mark's Cathedral was filled Sunday morning and evening by the Rt Rev Bishop Elliott, of this diocese. His morning sermon was exceptionally able. The characters of David and his chief counsellor, Abithophel, were search-ingly analyzed. The great minister was a man of profound sagacity, able to cope with any one in all the subtleties of Eastern diplomacy. Lehrned, sagacious and successful, be trusted entirely in himself, and gave to religion only an outward observance, that he might profit by it in gaining an appearance of sanctity. God demands a positive religion. The great mistake of Abithophel was that his was a negative one. Respectability is well, it is necessary, but we must not mistake respectability for religion. King David was shown to have one of those strong. passionate natures that laid him open to temptation; yet he was capable of reach sionate natures that laid him open to ing the highest spiritual heights; a poet and a renowned warrier, now leading his hosts to victory, and anon pouring forth his whole soul in poetic praise to the Maker of the Universe. If he sinned against Urish, the Almighty lashed him with cords of his own twining. He sinned deeply, and he repented in each cloth and selies. Our people are awakening to the fact that soon the recurring question of who is to administer the affairs or this city for another term of two years, will be placed before them for their answer. Under existing circumstances, this is a problem of pecultar importance, in the solution of which is bound up the possibility of the rapid growth of this city. Now, as never before,

we require a judicious, practical and progressive man at the helm of affairs. Several names have already been suggested by the Democratic party. As yet, it seems undstermined whether the "People's party" will, elated by their former success, Street-corner politicians have, and are making up a variety of prospective states. political controversy. Now that an era of prosperity seems ready to open before us, let us not for trival reasons peril the advancement of the city by placing men in control of its destiny who fail to appreci

They made inquiries se to her whereabouts Both the women were decently buried by their friends of the demimonde, and ministers officiated at their funeral obsequies. There is no death more to be regretted than that of the prostitute. A self-recognized outcast as she is, she pershes forever-there is no hope for the harlot benot that feeling of regret following his death that there is when a bad woman dies. Womau's true sphere in life is 'so different from man's that when she departs and remains with the flock, and no wolf, man or strange dog can come must the special and dependent and dependent and dependent among the most sheful and dependent among men, she becomes an object of pity rather than represent.
