Each Friday for the benefit of farmers and ranchers who received crop damage, a satellite Small Business Administration office will be open in Muleshoe.

Denton Hudgeons will be in Muleshoe at the Bailey County Courthouse from 3-4 p.m.

Other offices are opening in the area, to be operated on similar hours.

Hudgeons said that people who have sustained economic losses from natural weather disasters are invited to contact the SBA representatives when they are in their area.

Sherrell Rasco, daughter of Mr. and Mrs. Odell Rasco, and a senior business education major at West Texas State University, has been named to the 1979-80 edition of 'Who's Who Among Students in American Universities and Colleges.'

Selection is based on outstanding campus leadership, academic achievement, service to the community, leadership in extracurricular activities and potential.

purpose of a visit to the Optimist Club of Muleshoe.

At mid-morning Monday, Frantonya Berryhill, daughter of Mr. and Mrs. Gil Lamb and Joel Bratcher, son of Mr. and Mrs. Charles Bratcher were given some special information. MHS Speech and Drama Director Kerry Moore informed the duo they were expected to present a program for the Optimist.

The surprised pair found, instead, that there were other plans in store for them. They were presented plaques as the 'Outstanding Overall Youth in Muleshoe High School.'

The awards were presented by Optimist President Buddy Blackman to commemorate Youth Appreciation Week.

He cited some of their achievements, both academically and in other fields, such as sports for Joel Bratcher. He said they were considered the overall top students in the school.

Fran and Joel were then asked to present the skit they had worked up for the Optimist. They presented a humorous presentation on how much it costs to be a senior at MHS. By the time they added on the clothing, pictures, chewing gum, social activities and all the other costs, it came to approximately \$16,000. Their presentation was well received by the members and guests.

### Price, Douglass Tied For First; In Final Chance

Football contest fans sharpen your pencils and get ready for the final Merchant's Football Contest for 1979! This one is it, except for the special Bowl Game Contest in December.

At this time, there is a tie for the winner of the two tickets to the Cotton Bowl and expense check. Last week, Larry Price of Earth gained a brief lead when he got his second first place for the year.

However, this week, Morris Douglass, who won a third place, has now tied with Price for the lead. Douglass also has a first place for 10 points and a second place with six points to add to his third place four points to reach the 20 points currently held by Price.

At the same time, with his final contest, some other contestants cannot be counted out. Adele Tompkins, who has 12 points with two second place wins, could win the contest with a final first place.

Or, the right combination, of any of the previous first place winners, could come back with another first place win and really tie the contest in Cont. Page 6, Col 6

GAME STRATEGY DISCUSSED--Tuesday morning, Amarillo television station KVII, Channel 7, Sports Director John McKissack, and News Director Bill Tell Zortman, center, were in Muleshoe to discuss 'Mule Mania' and the upcoming Friday night Regional football contest with Childress. At right, Muleshoe Head Football Coach Mike Wartes has just extended an invitation to the TV personalities to enjoy 'Muleburgers' at the school cafeteria.

## Longhorns Sweep All-District Team

The Lazbuddie Longhorns, who were the District 2-B South Zone Champions, swept the All-District 2-B South Zone honors this week. During the season, the Longhorns, under leadership of football coach DeWayne Sexton, were undefeated in

South Zone competition.

Andy Rogers, a 150 pound junior, was named to the first team as quarterback and Russell Windham was named to the first team as a running back. Russell is a 175 pound junior.

Named second team running back from Lazbuddie was senior, Apolonio Sanchez.

On offense, Reggie Treider was named first team tackle and Keihm Smith was named first team guard, while Phillip Jesko was named second team guard.

Steffan Moore, a 160 pound junior, was named first team center and Salvador Chavez was named first team tight end. Dennis Steinbock was named as second team tight end.

First team wide receiver for the Lazbuddie team was Quentin Mimms and Dennis Steinbock was named the All-District kicker.

In offense, eight Lazbuddie Longhorns were named to the first team for All-District and three 'Horns were named to the second team. Amherst had four players on the first team and three on the second team. From Sudan, three Hornets were named to the first team in offense and five to the second team. Sundown has one player on the All-District first team and three on the second team, and Smyer had two players on the first team and three on the second team.

Defensively on the All-District team, both Tommy Hill and Robert Stanley were named for linemen of the first team, while Dennis Steinbock was named

## Auxiliary Explains Project

Special guest speakers for the Muleshoe Rotary Tuesday at noon were Sammie Ethridge and Clara Lou Jones, speaking in behalf of the Muleshoe Hospital and Nursing Home Auxiliary.

They explained the Christmas Card project and listed some of the ways the funds are used, such as improvements to the nursing room at the nursing home. They said this year's project is expected to renovate the dining room at the nursing home.

They said the nursing home is almost full and there is not enough room in the dining room for the residents at mealtime.

Contributions may be left at Muleshoe State Bank or the First National Bank. Rotarians voted to contribute \$100 to the Nursing Home Christmas Card Project.

Master Installer Harmon Elliott installed two new members into Rotary, Jeff Smith and Randy Field.

Rotarians also decided to adopt a family for Christmas. They will be checking into various families to decide what family to adopt for Christmas.

## Youth Disco Postponed

Monday night, members of the Muleshoe Area Youth Activities Committee Inc. voted to postpone the disco scheduled to be held Friday night. The decision was made because most persons in this area are expected to be in Canyon for the regional championship game between the Muleshoe Mules and the Childress Bobcats.

Next disco scheduled will be Saturday, December 8, and will be a youth disco sponsored by the Muleshoe Policemen's Association for all local and area youth.

In other action, grave concern was expressed for the future of skating for young people. It was announced that during recent skating parties, vandalism and damage have been noted at the Bailey County Exhibition Center and Coliseum, especially in the bathrooms.

Members of YAC agreed to schedule some other skatings, but did comment that in the event the damage and vandalism continues, skating will be discontinued.

Skating is scheduled for Sunday, December 9, from 2-5 p.m., but following a report of damage by Joyce Cont. Page 6, Col 8

## Momentum Gaining With 'Mule Mania'

Advance Ticket Sales End At 4 P.M. Day Of Game

It will be football at its best Friday night, when the Muleshoe Mules travel to Canyon to take on unbeaten, high scoring Childress for the Regional Championship. Gametime is 7:30 p.m. in Kimbrough Stadium (Buffalo Bowl). The Muleshoe fans will be on the home side (west) and visiting Childress will be seated on the east side of the large stadium.

If weather predictions are correct at mid-week, the weather will be cooperating, and good playing weather is expected at gametime.

Due to the regional football game in Canyon Monday night, Neal Dillman, Superintendent of Schools, announced that all schools will be dismissed at 2:30 p.m. that day. A pep rally is scheduled for 2 p.m. in the MHS gym.

Unbeaten Childress has racked up 376 points during the first 11 games they have played this year while giving up a total of 78 points, while the Mules have given up 102 points. This is 22.2 points average for Muleshoe and 34.18 average points for Childress per game. Also, Childress has averaged giving up 7.7 points per game, while Muleshoe has averaged giving up 9.12 points per game.

Mike Northcutt is Muleshoe's outstanding quarterback from Tucumcari, N.M. is ranked as the second best quarterback in the nation in high school football.

Childress Bobcat head football Coach Charlie Johnston has led the Bobcats to the playoffs in 10 of the 12 years he has been at Childress and during that time, the Bobcats have reached the finals three times.

For Childress, their high game of the season was against Henrietta, where the score was 61-0. Their closest game was the fifth game of the season, when they narrowly defeated Clarendon 39-37. They also found Dalhart hard to handle last Friday night when they went relieved with a 19-7 victory over the Dalhart team, who went into the game with a 6-4 season record.

In pre-district play, Childress played Paducah, Memphis, Wellington, Quanaah, Clarendon, and

Tulia. Tulia lost to Muleshoe by a score of 24-0 in the third game of the season, and lost to Childress by 35-0.

District opponents for Childress are Henrietta, Electra, Seymour and Olney.

At the same time, the Mules dropped their season opener to the Portales Rams 2-7, then dug in and did not lose another game all season, although their homecoming game against Abernathy ended in a 20-20 tie.

Muleshoe defeated Floydada, Tulia, and Idalou in pre-district play. Then they went on to a clean sweep for the district title. Dropping in order were Friona, Olton, Littlefield, Dimmitt and then Morton.

When asked Tuesday morning how quarterback Mike Northcutt perhaps may have surprised him this year, Coach Mike Wartes commented, "Mike has a lot of talent and I guess the biggest surprise has been the way his leadership has come along. He has proven to be a great leader on the field. "Another thing about Mike is his teamwork and quickness," added the Cont. Page 6, Col. 1.

## Washington Trip During Easter Being Planned

A trip to Washington, D.C. and Williamsburg, Va. is being offered to high school students in this area at Easter, April 4-7, 1980.

The trip will be Friday through Monday and will be an outstanding opportunity for students to see places they have been studying, according to the trip sponsors. They will also learn the various ways our nation's business is being conducted.

The sponsors said the trip will cost \$490. Any student interested in making the trip is asked to contact Stephen Johnson at 272-3522 or Mrs. Pat Black at 272-4815.

A parent's meeting is scheduled for Monday, December 3 at 8 p.m. in the Muleshoe State Bank community room. Interested students and their parents are urged to attend the meeting to make plans for the trip.

OPTIMIST PRESENTS AWARDS--Monday at noon, the Optimist Club of Muleshoe presented awards to two Muleshoe High School students to commemorate Youth Appreciation Week. Nominated by the teachers and clubs at the school, they were awarded plaques as 'Overall Outstanding' students at Muleshoe High School. Pictured are the recipients, Fran Berryhill, left; Optimist President Buddy Blackman and Joel Bratcher.

# TFB State Convention Scheduled

Farm program legislation, balancing the federal budget, priority allocation of fuel for agriculture, and land use planning -- these and more issues affecting Texas farmers and ranchers will be aired at the 46th annual Texas Farm Bureau convention here Dec. 2-5, according to Carrol Chaloupka, TFB president.

About 1,100 voting delegates from the 213 organized Texas county Farm Bureaus will meet at the McAllen Convention Center to decide on policies that will guide Texas Farm Bureau for next year, Chaloupka explained. The delegates will also approve recommendations for national Farm Bureau policy which will be forwarded to the American Farm Bureau Federation annual meeting in Phoenix in January.

The theme for this year's convention is "Pride in America, Farm Bureau, and Agriculture."

Speaking at the convention are U.S. Congressman Kiki De La Garza of Mission, vice chairman of the House Agricultural Committee; Speaker of the Texas House of Representatives Bill Clayton, Springlake; Carrol Chaloupka, Dalhart, TFB president; and Warren Newberry, Waco, TFB executive director. S.M. True, Jr., Plainview, TFB secretary-treasurer, also will make his annual report to the delegates.

Farm Bureau members adopted recommendations for state and national policies during the county annual meetings in September and October, Chaloupka said. The recommendations were forwarded to the state headquar-

ters in Waco where a 41-member Resolutions Committee used the ideas in drafting a set of tentative resolutions to be presented at the state convention. Resolutions can also be presented from the floor during the business session, he said.

Besides the business of policy-making, other important convention matters will include the election of the organization's president, vice president, secretary treasurer, and seven of the organization's 13 state directors.

Various recognition awards will be given to county Farm Bureaus and members throughout the meeting. Public relations, safety, and membership awards will be given to outstanding counties. Individual awards will include the Texas Farm Bureau Meritorious Service Award and the Outstanding Young counties. Individual awards will include the Texas Farm Bureau Meritorious Service Award and the Outstanding Young Farmer and Rancher Award.

The convention begins on Sunday, Dec. 2, with registration at the McAllen Convention Center that afternoon. Scheduled events for the evening include a vesper service and the annual Talent Find contest. Guest minister for the vesper service will be the Reverend Wilbur R. Aten, executive chaplain of the International Seamen's Center in Brownsville. Master of ceremonies for the Talent Find Contest will be Charlie Rankin, farm director of radio stations KURV and KESI in Edinburg.

Monday activities will begin with the Young Farmer and Rancher breakfast at 6:30 a.m., followed by a general session at 8:30 a.m. TFB President Chaloupka, True, and De La Garza will address the delegates at this time.

A ladies' luncheon will be held at noon Monday in the ballroom of the Holiday Motel near the convention center.

Twelve special conferences are scheduled for Monday afternoon. Farmers and ranchers will attend conferences on Energy, Farm Bureau services, animal health, wheat and feed grains, cotton, and rice. Also scheduled are conferences on research and education, farm labor, livestock, water, peanut and oil seeds, and dairy.

Ten finalists from district queen contests will compete for the title of Texas Farm Bureau Queen on Monday evening in the convention center auditorium. Millard Shivers, manager of rural development at Blue Cross/Blue Shield

MR. AND MRS. WESLEY DAVIS [nee CINDY DALE]

## Dale, Davis Exchange Wedding Vows

Cynthia Elfreda (Cindy) Dale and Wesley Jim Davis, exchanged wedding vows, Nov. 21, at 6 p.m. in the Oklahoma Lane Baptist Church with Rev. Gene H. Davis, great uncle of the bride, performing the ceremony.

Parents of the couple are Mr. and Mrs. Cyrus Dale and Mr. and Mrs. R.C. Davis Jr.

The bride, given in marriage by her father, wore a gown of dacron polyester organza featuring a queen ann neckline, accented with rows of venice lace. The large bell sleeves were banded at the wrist with venice lace. The skirt fell with a wide flounce ruffle to a chapel train.

Cindy and Wesley stood before an arch with greenery, blue carnations and white daisy pompoms. Wedding bells hung from a blue and white bow in the center.

Rhonda Dale served as her sisters maid of honor, she was attired in a blue and white gingham check formal length gown, and carried a single stem white carnation with babys breath and blue and white ribbon.

Yalonda Martin, cousin of the bride and groom, was bridesmaid and was attired in a gown matching the maid of honor's.

Best Man was Danny Davis, brother of the groom. William Martin, cousin of the bride and groom, was groomsman.

Ushers were Gary White, cousin of the bride, and Randy Davis, brother of the groom.

Mrs. Gilbert (Gail) Dale of Muleshoe sang "Wedding Song" and "The Twelfth of Never," accompanied by Mrs. James (Tina) Sides, cousin of the bride, on the piano.

In carrying out the tradition, something old was her mothers wedding rings, something new, silver bracelet gift from the groom, something borrowed was her wedding dress, something blue was

a garter belonging to her mother. She also carried pennies minted in the year of their birth.

A reception followed in the Oklahoma Lane Baptist Church, the serving table was covered with a blue cloth under a white lace tablecloth, blue candles in crystal candleholders was used for the centerpiece.

Serving at the brides table were, Kathy Curtis, Farwell, cousin of the bride, Robbie Martin, Friona, cousin of the groom, and Stacy Creitz, Vega, cousin of groom.

Jenny Lynn Isabell registered the guests.

Aunts of the bride helped in the kitchen.

The rehearsal supper was at the Oklahoma Lane Baptist Church, hosted by the grooms parents.

For her traveling attire the bride chose matching shirts and levis and wore a

corsage of red roses.

The bride is a graduate of Farwell High School, the groom graduated from Woodson High School.

Special guests were the couples grandparents, Mr.

and Mrs. Claud Boyett Mangum, Okla., Mr. and Mrs. B.D. Dale, Oklahoma Lane, Mr. and Mrs. R.C. Davis Sr. Lazbuddie, and Mr. and Mrs. Ernest Martin, Muleshoe.

## Art Association

LEVELLAND--The Muleshoe Art Association is having a first-time art show for the month of November at the South Plains College Fine Arts Gallery.

Oils, watercolors, media acrylics, oil on canvas and etchings, are among the 40 paintings by Muleshoe area artists; and many are for sale. The exhibit is open to the public without charge.

Artists represented include Velma Davis of MULESHOE; Gayle Littleton, Jerry Wheatley, Lucy Lewis, Mary Foster, and Elsie McMillan, all of EARTH; Mildred Williams of GOODLAND; and Louise Alair and Aurelia Sanders, also of the Muleshoe area.

"The exhibit focuses on mostly realistic subjects, and the paintings include works of professional quality," according to Jerry Roberts, SPC instructor in art. The exhibit is sponsored by the SPC Fine Arts Department.

Persons interested in purchase of a painting should contact Roberts at SPC, (806) 894-9611, ext. 281.

Nothing delights an employe more than an advance in pay without additional work.

## Golf Association

The ladies golf association held their monthly luncheon, Nov. 14.

Thirty members were served a lunch consisting of salad bar, green chile stew, corn bread.

The president Jeanetta Precure presided over the business meeting. It was decided to have a door prize at each luncheon.

Claudine Elliott playday chairman presented golf balls to, Helen Templeton, Neets Foster, Cookie Bamert, Jeanetta Precure and Analita Haley.

The next luncheon will be Dec. 19th.

What happens when one food group is completely omitted from your daily meals? The nutrients supplied by that particular group will be lacking, and you will create an imbalance in your diet. For example, the so-called low carbohydrate diets rely on excessive amounts of fat and protein to provide energy. When fat supplies a large percentage of your calories, there is an increase in your blood and urine of compounds known as ketone bodies. This condition is referred to as ketosis, with symptoms of nausea, fatigue and low blood pressure.

PRESENTATION...The Llano Estacado presented an electric shredder to the Civic Center to be used in the kitchen. It was presented to Joyce Holmes, Manager of the Bailey County Exhibition Center and Coliseum. L to R Joyce Holmes, Betty Carpenter, president of Llano Estacado, and members Glenna Raney, Hazel Cunningham, Cleta Williams, Loyce Davis and Betty Hopper. Mrs. Holmes is also a member of Llano Estacado.

Morning, noon or night! Breakfast, lunch or dinner! "Nabisco 100% Bran New Recipes" booklet offers you an exciting array of breads, entrées and desserts, featuring the natural fiber of bran as an ingredient.

Food fiber provides roughage which aids in the proper function of the digestive system. Bran is great at breakfast but its nutritional benefits can easily be enjoyed throughout the day in a variety of wholesome, good-tasting recipes—main dishes, salads, muffins and even desserts.

Here, we present a glamorous dessert, Fruit Shortcake. To receive other recipes, just send your name, address and zip code to: Nabisco 100% Bran, P.O. Box 1268, Passaic, N.J. 07055.

**FRUIT SHORTCAKE**  
1 cup all-purpose flour  
3/4 cup Nabisco 100% Bran Cereal  
1 teaspoon baking powder  
1/4 teaspoon salt  
2/3 cup butter or margarine, softened  
1 (3-ounce) package cream cheese, softened  
1/2 cup granulated sugar  
1 egg  
1 tablespoon lemon juice  
1 teaspoon grated lemon rind  
1 (29-ounce) can sliced peaches, chilled, drained  
1 medium banana  
2 cups sweetened whipped cream or whipped topping

1. Preheat oven to 350° F. Grease and flour two 8-inch layer-cake pans. In small bowl, combine flour, bran, baking powder and salt.  
2. In large bowl of electric mixer, beat butter or margarine, cream cheese and sugar until fluffy. Blend in egg, lemon juice and rind. Beat in flour mixture.  
3. Divide batter evenly between two pans. Bake 20 to 25 minutes until edge of cake pulls away slightly from side of pan. Cool in pan on wire rack 10 minutes. Loosen edges and turn out to cool completely.  
4. Cut banana into 14 slices and reserve 10 peach slices for top layer of cake. Thinly slice remaining peaches. Spread 1 cup whipped cream or whipped topping on one layer; arrange sliced peaches over whipped cream. Top with second layer; spread remaining whipped cream and top with reserved fruit slices. Makes 8 (3-inch) wedges.

If you have slim pants or a slitted skirt, top with a short, shaped jacket in a brightly quilted fabric. Or try a dramatic oriental-style jacket.

Freshen up slim pants with a gold-flecked sheer tunic and a shimmering gold or color-contrasting belt.

To a bowed or ruffled blouse, add a long, romantic taffeta or faille skirt. A cinch, crush or sash belt in coordinating or contrasting color will add a special touch. With any long skirt or dress from seasons past, add a rich velvet jacket. The newest ones have a peplum - retrospective of the 40's and 50's.

Team this combination with any soft blouse. Use tone-on-tone or softly blended color combinations or use striking color contrasts.

ACCESSORIES For the more daring holiday female, wear a feather boa with any sleek dress or pant combination.

Other fun accessories include rhinestones, bugle beads, pearls, drop earrings in big geometric shapes and boldly colored bangles.

To your hair, add feathers, jeweled ornaments

## LOUISA'S LETTER

Dear Louisa, I have three small children and do all of my housework. I have always been a good housekeeper but I am afraid that I haven't done such a good job with the children as they cry a great deal and fight each other.

They have a good yard to play in and I put them out each day when the weather is good. I have one room for them when it is cold or rainy. I shut them up in there because I find I can get things done so much better without having them under my feet.

I am worried because they do not seem to have good dispositions. What do you think is wrong with them? E.R.-Mich.

need some one near who will answer their questions and who will settle little differences between them before they develop into fights. They need to feel that they have someone near to whom they may bring their little problems and to know that someone loves them dearly.

How can they feel these things if they are shut away from you all day and just brought in to be fed and put to bed?

Let a little dust gather while you read to them or teach them how to play with simple toys—building blocks, etc. Allot some regular time each day to each child even though the carpet needs vacuuming or the windows need washing. The years pass in a hurry and the work will be there after the children grow up.

Personal care and attention for children in their formative years pay big dividends later on.

Coach. "He is very quick to give credit to the linemen and people around him. He is a completely unselfish player. Many times, Mike has stepped out and praised the linemen and backs that make blocks for him." Mike has two back-up quarterbacks, who can go in a game and fill his spot. They are Monti Vandiver and Cody Crittenden.

When asked the meaning of total team effort, stressed strongly by the Muleshoe Mule coaching staff, Coach Wartes added, "There's not anybody on the team who realizes any more than Mike the concept of total team effort. The other backs, Zeke Pecina, Charles Walker, Felix Norman and Lyndal Stovall are likewise strong on total team effort. They know that anytime they pick up yardage, it is through team effort and not all through individual effort."

"The team has a goal of 300 total yards on offense per game and we can help that goal through the efforts of the offensive and defensive team efforts."

"The linemen get as much satisfaction from the big yardage plays as do the skill players. They have the satisfaction of knowing they were the main impetus in creating the situation that allowed the yardage to be made."

As a part of the coaching concept, Coach Mike Wartes and his entire coaching staff stand firm on the conviction, "...To have a truly championship team has to be total team effort. A team has to throw away jealousies, and the Muleshoe Mules have done that as well as any team I have ever been around," continued the coach.

In answer to the question, "Who are we talking about?" the coach said,

"When we started this season, we had one starter on the line, Ramiro Torres. We had to fill five other positions. The greatest improvement on the team's offensive line was evident when we look back over the season. At the beginning of the season, the players' inexperience showed. They look at Idalou 10 games later, you will see the improvement is very evident."

"We are pleased with the outstanding job done by our offensive line to allow us an average of 22.2 points per game."

Tight End Sam Whalin, who has done an excellent job according to all his coaches; Ramoro Torres, Tackle-- the best 'base' blocker on the team; Jeff Meeks, a sophomore, playing Strong Guard, who is a newcomer with a prospect of becoming an outstanding football player who has come in and done a 'super' job for the Mules; Curby Brantley, a junior, who has the biggest heart on the line, say his coaches add, and has consistently gotten better. The Quick Guard position has had three this season. Curtis Elder, who was injured in the Morton game who was termed the quickest and put out fantastic effort; Jesse Lackey who was said to be adequately filling in before being injured in the last Idalou game. That position is now filled by junior Benny Pena, who is said to have done an outstanding job against Idalou.

Another Tackle, James Atwood, converted this year from defensive to offensive tackle and is considered to be an outstanding player. He has adjusted, according to the coaches, and does an outstanding job. Defensively, Coach Wartes cited the inexperience of the defensive line, with Nose Guard Dennis Watson being eliminated by

injury early in the season. Both James Atwood and Sam Whalin, who were returning defensive players, converted also to offensive linemen. They provide the foundation for the defensive line. They are stable and good leaders, said Coach Wartes, and give important leadership and maturity to the players.

Senior Terry Burton, who plays end, was in the secondary last year and Coach Wartes said he is the big play artist for the Mules and comes up with at least one big play each game. Benny Pena has been his backup as has Jesse Lackey, and both have done a good job added the coach.

Rodney Unrein and Victor Leal also play Nose Guard and the season has seen them switched back and forth, according to which one could play the best against the team coming up on Friday night.

For defensive tackles, midway through the season, Curtis Elder converted to tackle and his coaches have said he did an excellent job before he was injured in the Morton game. His position has been filled by Mike Henry and now Wesley Rasco, who was moved up from J.V. Coach Wartes said Wesley will be an outstanding player for the Mules.

Marvin Lewis has been considered the most consistent player in the defensive line. He was injured early in the season, and the position was filled by Oscar Hernandez, who moved to the Nose Guard Position. Linebacker Carol Precure was moved from JV to varsity and Coach Wartes said he is the most improved player in football.

George Vela, a sophomore, was also recently added to the team moving from the JV team.

As a group, Mike Wartes

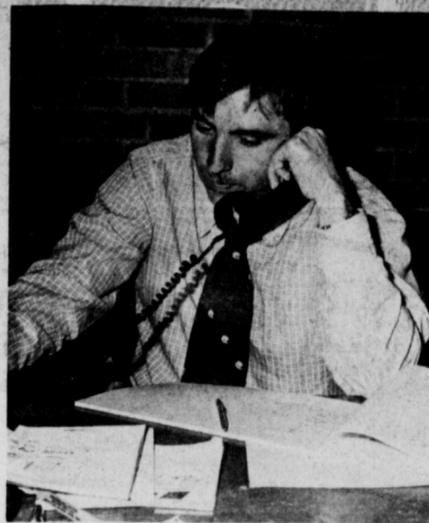

said the secondary is the most improved unit. "If the line makes a mistake, there is a five yard gain, but if the secondary makes a mistake, there is a 50 yard gain," stated the head football coach. Secondary includes Tommy Wheeler, Joel Bratcher, Jim 'Bones' Norman, Mark Northcutt, Mike Northcutt, Clifford Watson, Cam Hawkins and Mike Mills.

"Defensively, we feel our defensive line is very consistent and does an excellent job containing the offense. I think Idalou was the first very good defensive game we played, followed by the Littlefield performance, which I think may be one of the best defensive games we have had since I have been here. Our players had an outstanding defensive football game," said the coach.

"We think we have one of the better AA defensive teams," continued Wartes. "Our defense has played extremely well, all the way through except for the first quarter and a half with Friona and with Abernathy."

"One thing we like in a team. In order to win, a team has to be aggressive. Our team is very aggressive and we have not been outthit very many times."

Early in the season, before the first game, Coach Wartes expressed some concern on pass defense for the Mules. When queried about the defensive efforts in pass defense in the playoffs, the coach added, "Our pass defense has really come on. We were hurt a little in the Portales game, but the Mules accepted the challenge to stop the air game of their opponents. A rush on a quarterback is the best possible pass defense when it is combined with the secondary. The secondary has worked very hard every day to contain the air

**PONDERING**...Muleshoe High School Head Football Coach Mike Wartes seriously ponders the right answer to give to an out-of-town sportswriter, who was calling about the Regional game with Childress Friday night.

game, and worked with the line to stop the passing game."

Coach Wartes said he and his coaches are extremely proud of all the players, from the ones who are in the limelight, to the ones who sometimes don't get to see much action. "Even the players who see only limited are as loved and appreciated as the players in the limelight they work just as hard as the starters and do as much as any starter. We still maintain that it takes a very special person to play football."

But, the 'team' as a whole

of Optimist. He was given his designation during the Monday meeting. First honorary member was Cleta Williams, who received her designation and pin at the charter banquet of the organization just over a year ago.

It was decided to have a drive to give away 100 gallons of gasoline. For a \$2 contribution to Optimist Club of Muleshoe, the person's name will be put in a drum for the December 22 drawing.

Discussed briefly with no decision made, was a proposal to assume responsibility for the Junior Babe Ruth Baseball organization. Information is being accumulated as to what responsibilities will be assumed by the organization in the event they take over the league. It was explained that the Optimist would conduct fund raising, would operate the concession stand and operate the gates for tournaments.

President Blackman complimented the Muleshoe Mules and said he would like to encourage people to go to Canyon for the football game Friday night.

Kerry Moore gave a brief report on the planned activities for the speech department forensics team this year. He said Fran Berryhill was a state champion in persuasive speaking last year. Moore told the Optimist that the year started out with 636 students competing and Fran was the ultimate state winner.

During the last 20 years he has been with the Muleshoe School system, his students have brought home 14 state championships.

Holmes, manager of the Coliseum, it was decided to go ahead with the skating, with the optimistic attitude that the young people will begin to realize that their skating is in jeopardy because of the acts of some of those attending the popular attraction.

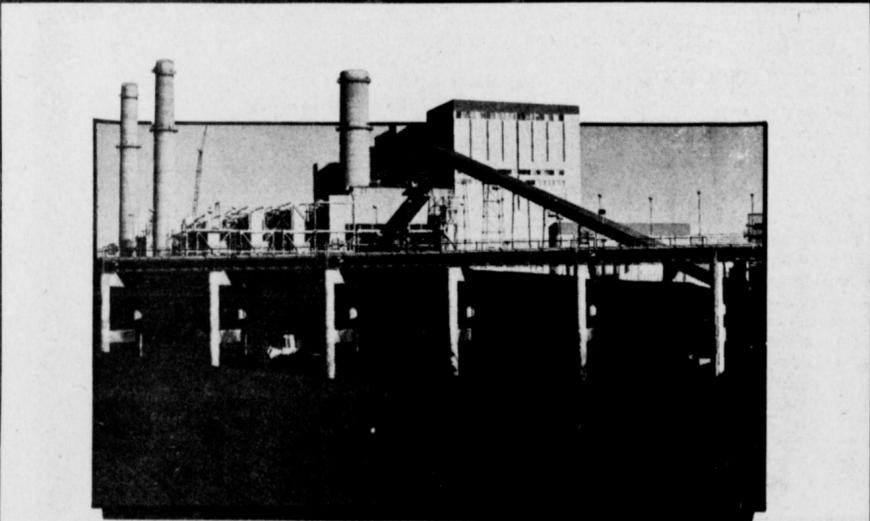

Also, discos were scheduled for either January 12 or 19 and on February 9 and 23. It was reported that at no time has any vandalism or damage ever been reported following a disco dance at the coliseum. President Keith Pate of YAC expressed the organizations appreciation of the youths who 'police themselves' and create no problems for the sponsors of the disco dances for the young people.

President Pate and Vice President Galen Bock are presenting slide programs to local civic organizations on the miniature golf course and other activities of the YAC organization.

There is a possibility the small building to be used as a ticket office and concession stand at the miniature golf course will be moved Saturday morning. The building was contributed by Steve Stevens of San Angelo, who plans to construct a Town and Country Food Store, on the location of the former service station.

Several memorial gifts have been received for the golf course fund. They include memorials for Brent Blackman, Jack Julian, Edgar Broyles and Odessa Slayden.

YAC will meet again at 6:30 p.m. on Monday, December 10 at the Bailey County Exhibition Center and Coliseum. Interested persons are urged to attend.

**ELECTRICITY FROM COAL...**

It's good to know there's something we can depend on.

Almost all of us depend on electricity in our homes, factories, and offices to provide for more jobs... greater productivity... and a higher standard of living. Yes, electricity plays a big roll in the scientific and technological developments that make these things possible.

The constant striving for these innovative and advanced ideas and achievements of tomorrow means we will need more electricity. That's why Southwestern Public Service is continuing the building program of new electric generating plants that use coal as fuel. **Because it's good to know there's something we can depend on.**

**MOST IMPROVED PLAYERS**

The most improved player this year is Lori Ellis. Lori has been doing a good job on her shooting. She has come a long way since the beginning of school and we hope she continues to do so. Lori's hard

work will pay off this season if she continues to improve.

Probably the most improved athlete as far as shooting is concerned has been Keisha Johnson. She has been working hard this year and her shooting accuracy has definitely been her best improvement.

We are expecting a lot from Keisha this season and will be looking for her to be a consistent scorer for our team.

KEISHA JOHNSON

**Eighth Grade Fails To Stop Losing Streak**

This week the Mules faced the Dimmitt Bobcats to try and break a four game losing streak, but came up empty by losing to Dimmitt by the score of Mules 2 and the Bobcats 6. The Mules struck first blood following a long punt to sack the quarterback in the endzone for a safety and score the only score for the Mules.

The Mule's defense held fast through the remainder of the half and into the fourth quarter until the Bobcats scored to lead 6 to 2. The Mules threatened again with less than a minute left to play but failed to score ending the game with the final score Mules 2 and the Bobcats 6. This brought the Mules record to 3 and 5 for the season and 0 and 4 for district play. The Mules next and final game will be November 13, here, against Morton.

MRS. LINDA MARR

**Teacher of The Week**

Mrs. Linda Marr was selected as teacher of the week at MJHS this week. She teaches 7th grade reading and 8th grade speech. When she was asked about the kids and the school year she stated that it was really going great!

Mrs. Marr attended North Texas State at Denton where she earned two degrees, a bachelors and a masters. Mrs. Marr has taught for 10 years, teaching 5 years here and also at Tacoma, Washington at an air force base, and also at a school in Dallas. When asked about our school system she said that of all the systems she knew of Muleshoe's the best!!

Mrs. Marr and her band, Dave, who is the city manager have lived in Muleshoe for the past 5 years. They have one son, Cyle, who is 22 months old. Aside from teaching school, Mrs. Marr also likes to read, play golf and bridge, and chase her little boy.

The Annual Staff would like to congratulate Mrs. Marr on receiving this honor!!!!!!

**Sweet Potatoes Give Good Nutrition, Taste**

COLLEGE STATION-- Sweet potatoes offer high nutrition -- they're nearly a balanced food -- and just plain good eating, says a foods and nutrition specialist.

They offer protein, carbohydrate, minerals and vitamins, explains Dr. Rose Tindall with the Texas Agricultural Extension Service, The Texas A&M University System.

In fact, one medium-sized, boiled, sweet potato contains only 141 calories -- and it provides more than twice the recommended daily allowance of Vitamin A for an adult.

Also, it provides 36 percent of the vitamin C an adult needs each day -- along with one-tenth of the necessary iron and thiamin, plus other vitamins and minerals.

Sweet potatoes are in largest supply from September through December, so now's the time to look for the most reasonable prices.

This traditionally fall-menu favorite has an interesting history and "family tree," too. Used as a staple food for troops during the American Revolution, the Civil War and Reconstruction, the sweet potato is native to the Americas and was cultivated by the American Indians.

Actually it's neither a true yam nor a relative of the potato. It is really a tuberous-rooted perennial and was named "batata" by the Spanish from the original Peruvian "papa" meaning tuber.

True yams are not even produced in the United States, and they belong to a different plant family, the Dioscorea. In the United States, two types of sweet potatoes are available to consumers. One type, the "Jersey"

variety gets its name from its growing areas -- primarily around New Jersey and other mid-Atlantic-seaboard states. It has a dry, mealy flesh and remains firm when cooked.

A "moist-fleshed" type is the second variety. It's very soft and sweet when cooked.

This type thrives best in the warm climates of the southern and southeastern United States, and they grow in the Southwest. Louisiana is their primary growing area, however.

No matter which variety you choose, remember sweet potatoes are one of the most all-around nutritious foods of the world, so you make a good choice when you take some home.

Don't expose hearing aids to high temperature -- such as a blast from a hair dryer or direct exposure to the sun, cautions Carla Shearer, a health education specialist with the Texas Agricultural Extension Service, The Texas A&M University System. Heat can damage the aid's amplifier and cause the batteries to deteriorate, the specialist explains.

**SERVE CRANBERRIES WITH FLAIR**

Serve cranberries--even leftover cranberry sauce--with a new "flare."

Combine them with spareribs--an American favorite traditionally served plain, broiled or barbecued.

Try this recipe, and give your family a delicious treat.

- Cranberry Spareribs
- 3 to 3 1/2 lbs. spareribs
- 1 teaspoon salt
- 1/4 cup brown sugar
- 3 tbs. all-purpose flour
- 1/8 teaspoon dry mustard
- 1/8 teaspoon ground all-spice
- 2 1/2 Tbs. vinegar
- 1 TB. lemon juice
- 1 cup water
- 1 can cranberry sauce

Place ribs on broiler rack (trim off fat, if necessary). Broil until brown. Turn to brown second side.

Remove from rack, and pour off drippings. Return ribs to broiler pan (without broiler rack).

In saucepan, mix salt, sugar, flour, mustard, all-spice. Add remaining ingredients. Cook and stir until slightly thickened. Pour over ribs in pan. Cover.

Bake at 375 degrees F. for one hour, uncovering pan last 15-20 minutes of the cooking time. Serves four.

# Frona Industries Reports On Fiscal Year

FRIONA, Texas (November 13, 1979) -- Frona Industries, Inc. reported net income of \$828,000, or 53 cents per share, on

## Bula News By Norma Bellar

Mr. and Mrs. Nolan Harlan, son John and Mrs. Harlan's mother Mrs. Mary Britt of Amherst, drove to Carlsbad, N.M., Wednesday. While there they stayed with Betty's sister Adele Cole, they then visited another sister Mr. and Mrs. Joe Halthcock, then drove to Lovington to visit a brother Mr. and Mrs. Wade Britt. They returned home Saturday.

Mr. and Mrs. E.C. Bellar had their family for Thanksgiving Dinner Thursday, Mr. and Mrs. O'Don Bellar and Larry of Sudan, Mr. and Mrs. John Bellar of Littlefield, James Jones, and Mr. and Mrs. Jeryl Bellar and children Jeryl Jr. and Cheryl Ann.

Mr. and Mrs. John Latham had their family for Thanksgiving Dinner, Mr. and Mrs. Warner DeSautell and sons Cliff and Chris of Slaton.

Visiting in the home of Mr. and Mrs. John Latham for a few days is Miss Carol Stephens of Slaton.

Mr. and Mrs. Tom Bogard reports that their daughter Tommie Gaston was able to return to her home at Junction last Monday after recuperating from surgery.

Jeryl Bellar Jr. celebrated his 6th birthday Friday night having his family all over for supper, those attending were Mr. and Mrs. E.C. Bellar, Mr. and Mrs. O'Don Bellar and Larry of Sudan, Mr. and Mrs. John Bellar of Littlefield, James Jones, Cheryl Ann, and his parents. Later on Mr. and Mrs. Bill Black and children Sureyilia and William of Ft. Worth visited and had cake. The Blacks were in the area to visit his family the Houston Blacks for the Thanksgiving Holidays. They returned home Sat.

Mr. and Mrs. John Latham visited Mrs. Kelly Cox of Cotton Center Sunday.

revenues of \$28 million for the first quarter ended September 30, 1979.

In the first quarter of the prior fiscal year the Company had net income of \$1.2 million, or 74 cents per share, on revenues of \$23.6 million.

"This year's first quarter was one of our best, even though the results did not match those of the record-setting first quarter of fiscal 1979," said Ron Davenport, President.

"All segments of our agribusiness operations, with the exception of the sale of Company-owned cattle, were either ahead of or about equal to the gross

profit level of the same quarter of the prior fiscal year," he explained.

"The chief difference in profitability between the two quarters was a narrowing of profit margins on the sale of Company-owned cattle. The cost of purchasing and fattening feeder cattle was higher, which reduced profit margins at the time the cattle were marketed, when compared to the situation in the first quarter of fiscal 1979."

During the first quarter of fiscal 1980 about 17,250 head of Company-owned cattle were sold for a gross profit of \$913,000.

"The Company Cattle

segment was still the most profitable of our operations," said Davenport.

Company Cattle produced the highest gross profit ever in the first quarter of the prior fiscal year when 16,600 head were sold for a gross profit in excess of \$1.6 million.

"Although cattle prices in the July-September period of this year declined from those of the March-June quarter, grain-fed cattle still achieved acceptable profitability," commented Davenport.

The Company's feedyard operations had gross profits of \$862,000, about 26 percent higher than in the first quarter of fiscal 1979.

Profit margins from Custom Feeding improved as occupancy at the Company's operating area slightly curtailed gross profits from the Commercial Feeds segment. Tonnage sold declined about 4 percent with gross profits of \$335,000, compared with \$379,000 in the first quarter of fiscal 1979.

Gross profits from Animal Health Supplies totaled \$478,000, up 5 percent from the comparable quarter of last year.

"Nationwide, the number of cattle on feed and those available for placement in feedyards are below prior-year levels, which are good indications that beef prices

could go higher and the marketing of grain-fed cattle should remain profitable," said Davenport.

Frona has signed a contract to acquire all of the capital stock of Village Packing Company in exchange for 635,000 shares of Frona common stock. Frona shareholders will be

asked to approve the proposed transaction at their annual meeting in December.

Village, with headquarters in Columbus, Ohio, is the largest supplier of hamburger meat to the Wendy's International, Inc. chain of more than 1,600 fast food restaurants.
