GEN. BARLOW ON THE FLORIDA ELECTION.

General Francis C. Barlow, who visited lahassee, to witness the action of the State Canvassing Board, and who was present throughout its proceedings, writes an interesting letter which is published in the New York Herald. He makes a succint statement of the chief facts on which the result in Fiorida binges, from which it is clear he thinks the State fairly belongs to Mr. Tilden by a slight majority. Gen. Barlow is a gentleman of the highest standing, a Republican in politics, and his letter is therefore received with particular interest and significance. We give our readers the letter in full :

My DEAR—

I certainly thought I had made my own opinion clear as to the points of contest of which I profess to have knowlede. A opision clear as to the points of contest of which I profess to have knowlede. A little calculation would have shown what it was. On the face of the returns the vote was: Hayes, 24,327; Tilden, 24,287. Certain additions and deductions were agreed on unanimously by the Board which we may assume to be correct. These conceded changes left it: Hayes, 24,287; Tilden, 24,287; Tilden, 24,287; Tilden, 24,287. Tilden, 24,335. Then I should have thrown out 119 republican votes in Archer ptroinet, No. 2, and also in Friendship Church precipit in Jackson county, as a mejority of the Board did. They also rejected Capitellian Church precipit in Jackson county, as a mejority of the Board did. They also rejected Capitellian Church precipit in Jackson county, as a mejority of the Board did. RAILROAD ACCIDENT.

A serious sesident occurred on the Misouri, Kanssa and Texas Railroad last Wednesday afternoon. It seems that as Simpson (Methodist Episcopal), has just the south bound passenger train was passing a point known as Limestone Cap, in the Indian Territory, about Jorty mi'es north of Benison, a rail gave way, throw-ing the sleeper off the track and partially upsetting it. A number of passergers were in the car, all of whom were more or through France by rail, from Marseilles to less jarred and bruised; and several were Paris, made a very abortive attempt at very badly hurt, among the latter being garbled French, English and Italian, that man, of Austin, and several others whose names we do not learn. Mesers, Waldo selves from the loudly querulous English and Brown occupied one of the front seats man, who pretended to have some griev. of the sleeeping car, and when the shock and against them, the bell was clanging came were thrown forward with great violence, Mr. Waldo's head and shoulders striking the plate glass mirror in the end of the car, which was shattered. He had both arms and one of the bones of his left shoulder, the upper end of the scapula broken. Mr. Brown was seriously bruised, but we believe had no broken bones. Mr George B. Zimpelman, of Austie, had ab arm broken, and a lady was pitched headforemost out of a window of the car, but fortunately was only jarred a little.

Three Points for Consideration

During the past five years VEGETINE has been steadily working itself into public favor, and those who were at first most incredulous in regard to its merits are now is most ardent friends and supporters.

There are three essential causes for those having such a horror of patent medicines, changing their opinion sad lending their influence toward the advancement of VEGETINE. Ist—It is an honestly-prepared medicine from barks, roots and herbs. Ind—It honestly accomplishes all that is claimed for it, without leaving any bat effect in the system. Sed—It presents honest vouchars in testimonials from honest, well known citizins, whose signatures are a sufficient guarantee, of heir carnestness in the matter. Taking into consideration the vast quantity of medicine brought conspicuously before the public through the finning advertisements in the newspaper columns, with no proof of merit or genuine vouchers of the state of the contraction o through the flaming advertisements in the newspaper columns, with no proof of merit or genuine vouchers of what it has done, we should be pardoned for mani-festing a small degree of pride in presenting the fol-lowing testemonial from J.
