Schools Out For Holiday And Meeting

School will be dismissed Friday, February 29 for a teacher in-service training day and will also be dismissed on Monday, March 3, for a school holiday.

Neal B. Dillman, superintendent of schools in Muleshoe, said all teachers, aides and administrators will be involved in the in-service meetings on Friday, February 29, from 8 a.m.-4 p.m.

Harold Horn, incoming school superintendent, will address the Muleshoe school staff in the high school auditorium at 8:30 a.m.

Staff training for the Gifted and Talented program will be from 10 a.m.-12 noon on the individual campuses. Teachers will make reports, evaluate work completed the second quarter, and make plans for the third quarter during the afternoon of February 29.

Optimists Set Tourney During Week

If you are a basketball fan, you will find plenty of action in Muleshoe next week. At least 12 out-of-town teams, along with four teams from Muleshoe will be playing in a week-long tournament in the Muleshoe High School gym.

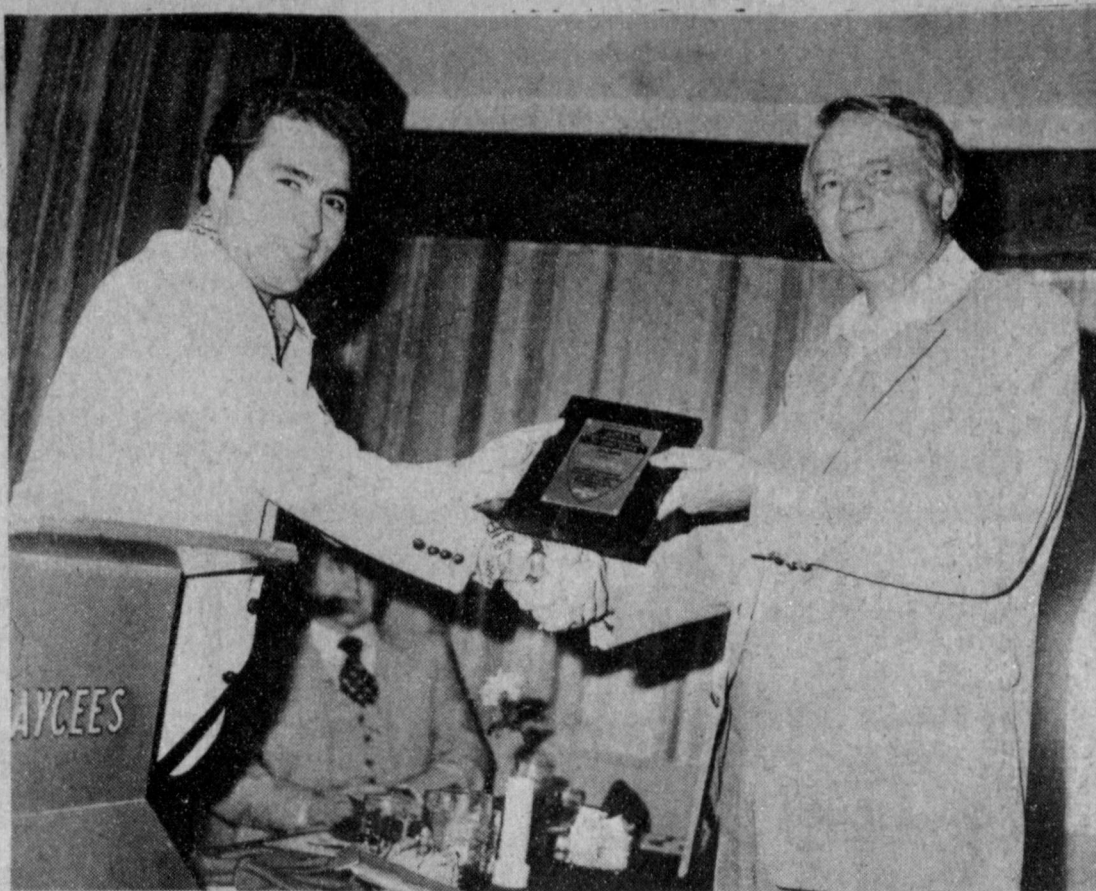

Action gets underway on Monday, March 3 when the Muleshoe Police team will take on Farwell Capitol Foods at 6 p.m. Also playing on Monday will be Olton and Three Way; Bailey County Electric Cop and Plainview; Dimmitt and Portales R.O.T.C. and Dinner Bell and Littlefield.

Tuesday night, starting at 6 p.m., other teams will include Farwell Helton Oilers, Tatum, N.M., Watson Alfalfa, Lubbock Warriors, Texico, N.M. and Morton.

Winners and losers will advance to the final game at 10 p.m. on Saturday, March 8 when the championship will be decided.

Computer Will Help Decide On Budget

A new free computer program in Bailey County will help families discover possible problems in their budgets -- and set up new budgets.

"Dollar Watch" will be held from 9 a.m. to 3 p.m. on Thursday, March 6, at the First National Bank in Muleshoe.

The free program is open to the public, according to Linda Mullin, Bailey County Extension Agent. It is sponsored by the Bailey County Family Living Committee, Muleshoe State Bank and the First National Bank. Miss Mullin said it is open to people of all ages, regardless of socio-economic level, race,

color, sex, religion of national origina.

Helping families know the strong and weak points in their budgets is the focus of the new computer budgeting program, according to Miss Mullin.

"Dollar Watch" will provide a free, personalized budget for each family, based on their spending.

"The program responds to a need expressed by many families who are seeking help with financial management," she said.

A recent survey found that over half the families in the United States feel insecure about their economic future. More than half the families argue

about money, and about half do not have any sort of budget, formal or informal.

In "Dollar Watch" to help families get a handle on their spending, County Extension Agents from

Local Youths Winning Honors At Stock Show

Young exhibitors from Muleshoe showed placing animals in various classes at the 1980 Southwestern Exposition and Fat Stock Show. Area young exhibitors are members of 4-H Clubs or FFA Chapters in this community.

Belinda Wheeler - 2nd heavy weight Angus steers -- reserve camp Angus steer.

Kelly Harrison, 5th heavy weight Angus steers.

Alan Harrison, 1st light weight Polled Hereford steer.

Jodie Wheeler-5th light weight European steers

Alan Harrison- 4th light weight European steers.

Kelly Harrison - 2nd medium weight European steers.

The Junior Division of the Stock Show included entries in the steer show, breeding beef heifer show, dairy show, breeding sheep and market lamb show and barrow show.

During the Sale of Champions--steers, lambs and barrows--which was held on the last weekend of the 84th annual exposition, \$266,868 was rendered to the young exhibitors for their animals. Premiums paid by the Stock Show and various livestock breed associations totaled \$56,101.

Grand champion steer of the show was shown by Sam Scott of Rising Star, and sold at auction to Godfrey Butane Co. of Arlington for \$16,300. The reserve champion steer, owned by Judith Yates of Stanton, was bought by Max Eubank roofing co. of Fort Worth for \$6,300.

GTE Asks Change In Telephone Rate

Although General Telephone Company had indicated they were requesting a rate increase for service, it was not known until they filed Monday with the Public Utilities Commission, what percentage of rate hike had been asked.

For Muleshoe, the rate request hike is from five percent, up to 121 percent, according to the telephone system. For instance, the normal household now pays a base rate of \$5.40, the proposed hike would be to \$8.11 (excluding instrument payments) to be an increase of 50.2 percent.

Business telephones will have the largest base rate increase, with some telephones, to reflect an increase of more than 120 percent.

Telephones which are on a base rate of \$11.65 will increase to \$20.27, an increase of 74 percent; those with a base rate of \$12.55 will increase to \$13.22 for an increase of five and three-tenths percent; business phones with a base rate of \$13.77 will increase to \$30.41, for an increase of 20.8 percent; telephones with a base rate of \$11.65 on the semi-pub lines will also increase to \$20.27 for a 74 percent increase. Church Slates Special Guest For One Service

Rev. Joe Stone, pastor of the First Assembly of God Church in Muleshoe, said this week that he and his members would like to issue a cordial invitation to all interested persons to attend a special service at the church on Sunday, March 2.

Scheduled at the church in a 'singing ministry' is Rev. Ira Stanphill of Fort Worth, who Rev. Stone said is one of America's foremost and best-loved preachers and song writers.

His songs include "Follow Me," "Supper time," "Room At The Cross," "Happiness is the Lord," "Mansion Over the Hilltop," and "I Know Who Holds Tomorrow."

Rev. Stanphill will speak at the 11 a.m. service and will be in Muleshoe for only the morning service, said the local minister. "He will minister in sermon, and song, with music that will lift the heart in worship."

Sunday school begins at 9:45 a.m., following by the morning worship service at 11 a.m.

"Rev. Stanphill was born northwest of Muleshoe and will be happy to welcome all his friends in this part of the country to be with him on Sunday, March 2," concluded Rev. Stone.

Outstanding Boss, Man, Merchant Named

Being supportive of the Muleshoe Jaycees, as a group, as well as being a Muleshoe Jaycee sponsor for the last 20 years, captured M.D. Gunstream, president of the First National Bank, Boss of the Year honors Tuesday night.

Gunstream, along with other Jaycee 'Bosses' were honored at a banquet at the Muleshoe Country Club. It was explained that the Boss of the Year is chosen from employer who help their employees be better Jaycees, who given them moral support.

The bank president was honored for his 20 years as a Jaycee Boss, and Jaycees President Johnny St. Clair said he had given his Jaycees time for their projects; provided typewriters; copier machines; postage and even at time, a secretary, to the Muleshoe Jaycees.

Galen Bock presented the annual Merchant of the Year Award. It was presented to Western '66' Company, with Kearney Scoggin accepting the award for Joe King.

Bock said Western '66' was honored for their activities in the community, which included support to both farmers, the community and to the youth of the community. Bock said Joe King at Western '66' had provided assistance to the Jaycees over the years, and continued to support the community and the Jaycees.

Charles Moraw, then gave the Outstanding Young Man presentation. He said the award was presented to a young man in the community who had done an outstanding job in the city and in other endeavors. He said in the past, the award has been presented to a Muleshoe Jaycee, as well as to other outstanding 18-35 year old men in the community.

Last year, Bailey County Agent Spencer Tanksley received the award, but

this year the award was presented to a Muleshoe Jaycee with a list of credentials to his credit that was long and impressive.

The recipient is active in the Heart Fund; a Boy Scout leader; a Little League Vice President and Coach; vice president of the Muleshoe Youth Activities Committee; works with the YAC miniature golf course and works with youth discos and the YAC skating. He presented Galen Bock as Outstanding Young Man.

Entertainment for the banquet was provided by

Rotary Hosts Tax Collector For Speaker

Jesse Click, city/school tax assessor/collector, was special guest speaker for the Muleshoe Rotary Club Tuesday. He spoke on the productivity of farm land in relation to taxes.

Special guests at the noon meeting included Orfa Click, an independent tax assessor and Joe Denney, corn contractor with Valley Grain.

Mighty 'M' Band To Host Luncheon For Concert Trip

In order to raise funds for a spring concert trip to Houston, the Mighty 'M' Band from Muleshoe High School will sponsor a salad luncheon Monday, March 3.

Serving hours will be from 11 a.m. - 2 p.m. at the 16th and D Church of Christ.

Tickets are available from any Muleshoe High School Band member and are \$3 for adults and \$2 for children, except for carry out orders which are \$3 each.

DEFENDING DISTRICT CHAMPION--Sam Whalin, defending district champion in the shot put, is practicing daily for his first chance to defend his title. Last year, his winning distance was 50 feet, and he is aiming for 55 feet this year.

RETIRING SUPERINTENDENT HONORED--Sunday afternoon, Neal B. Dillman, superintendent of the Muleshoe Independent School System, was honored with a reception by the local branches of the Classroom Teachers Association and the Texas State Teachers Association. Pictured with him are Johanna Wrinkle left, and Jo Jinks.

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson Grass farm on Sandy Creek takes a sidelong look at political campaigns this week.

Dear editor: As most people now agree, political campaigns start too far ahead of the election. Here it is only February, the elections aren't till November, nine months away, and some candidates for President have been running since last summer, some even before then.

This takes a lot of money, causes wear and tear on the candidates who seem to think they have to stomp around in New Hampshire in freezing weather with frozen smiles on their faces shaking hands with people who're more interested in the tourist business than the election.

There's no telling how many millions of dollars are being spent just to get nominated, with millions more required to get elected.

That, political analysts say, is the reason all campaigns ought to be shortened, say to three weeks at the most.

They're wrong. That's

not the reason. Campaigns ought to be shortened because that's the only way to get an un-tarnished candidate.

You give investigative reporters six months or a year to examine a candidate's background and campaign shenanigans and if you're looking for an un-blemished man you may as well stay at home on election day. The longer the campaign, the more the reporters are going to turn up. You get comfortable with one candidate and some snooping reporter turns up something on him.

Furthermore, even after a man is elected the reporters don't let up. Any month they don't uncover a scandal about Congress, you get the feeling they've been loafing on the job.

This can't go on. It looks like the only way we're ever going to get honesty in government is to stop checking up on government officials. All officials should be considered innocent until caught, and anybody who tries to do any catching is a rotten egg. On the other hand, let's all be thankful the investigative reporters are checking up on officials, not on us.

Yours faithfully,
 J.A.

Alcohol Can Increase Agricultural Income

LUBBOCK--Dr. Steven R. Beck of Texas Tech University's chemical engineering faculty, told Texas senators Tuesday (Feb. 5) that farm production of alcohol can increase agricultural income. But the ultimate economy will be in adapting both gasoline and diesel driven engines to run entirely on alcohol.

Beck testified before the Texas Senate Committee on Gasohol meeting in Lubbock.

He said the goal of Texas Tech researchers is to develop a process to produce fuel ethanol at less than \$150 per gallon and preferably at \$1.10 to \$1.20 per gallon.

"A farmer cooperative venture could easily operate a one million gallon per year distillery and produce 200 proof ethanol," he said. Although on the High Plains the real potential for alcohol production lies in crop residue, Beck said, the proposed cooper-

ative was evaluated using grain sorghum as the feedstock.

It was assumed that sorghum would cost \$4 per hundredweight. The distillers' grain would have a value of \$110 per ton and the carbon dioxide produced in the process could be sold to oil companies for recovery of additional crude at \$40 per ton.

"If 100 percent equity financing was used," Beck said, "anhydrous ethanol

would have to be sold at \$1.49 per gallon to yield a 15 percent rate of return on the investment. The current selling price in Illinois is \$1.72 per gallon."

He said that farmers could be in for disappointment in gasohol production because, to sell ethanol for blending with gasoline, it must be water-free. This requires complex processing that the individual cannot accomplish easily. Most farm stills, Beck said, produce 140 to 190 proof ethanol, often at less than \$1 per gallon.

"Construction of farm stills to produce 25 to 50 gallons per day of 140 to 190 proof ethanol should be encouraged," Beck told the committee. "These can be operated by existing farm labor at low cost, and the ethanol from these small stills could be dried at a central dehydrating facility."

He said the second solution would be to eliminate the dehydration step by discovering methods for using 140-190 proof as fuel.

Beck said the Texas Tech research team is studying two approaches for this. One is to find a suitable chemical that would prevent water separation when 19 proof ethanol is blended with hydrocarbons. The second approach, "and perhaps the better one," is to adapt an engine to use only alcohol.

"In the case of spark-ignited engines, this should be relatively easy to accomplish," he said. "In diesel engines a lubricant, such as vegetable oil, will be required."

Beck urged research funding for more study and said "the federal and state governments have a responsibility to encourage power ethanol production."

He urged the passage of legislation to exempt from the gasoline tax gasohol which uses ethanol produced in Texas and the use of gasohol in all state vehicles.

Deborah St. Clair conducted the opening ritual and then gave a program on "So Much Love To Give."

Communications read included that at the District nine meeting held in Seagraves, January 20, a new queen was crowned. She is Sue Gaite of Kappa Tau Chapter from Denver City.

Upcoming activities were discussed, such as the annual Mother-Daughter banquet, a bingo party for the nursing home residents, The annual Bike-a-Thon contest that Epsilon Chi conducts to donate all monies to St. Jude's hospital in Memphis, Tennessee.

This hospital treats all childhood catastrophic diseases. Names for prospective rushees were discussed.

Refreshments of cake and punch were served by Paulette Foster while members made plans for an auction on April 4, and a garage sale March 8, both to be open to the public.

Members that were present were: Paulette Foster, Tonya Pool, Diane Saylor, Christie Whitt, Rica Anderson and Deborah St. Clair.

Epsilon Chi, chapter of ESA, held its first spring rush social in the home of Rica Anderson, on February 19, at 7:30 p.m.

Rushees were served a variety of hor d'oeuvres prepared by the members.

Then, were introduced to "Crazy Bridge". Prizes were received by Paulette Foster and Pam Morris.

Guests were: Carolyn Cunningham of Eart, Dani Heathington and Connie Bruns.

Members attending were: Rica Anderson, Tony Pool, Pam Morris, Paulette Foster, Christie Whitt, Diane Saylor and Deborah St. Clair.

Muleshoe Singing Group Meets

J.C. Shanks, presided over the singing group in the absence of the president Zed Robinson.

There were 25 present. Omer Kelton gave the invocation. Visitors were Mrs. Jean Kemp, Muleshoe, who gave several hymns also played the piano.

Mrs. Eva Ashford and Mrs. J.C. Shanks took turns at the piano. There were several arrangements of duets, quartets and congregational singing.

Clara Coffman said they welcome every one of all denominations. They meet each Saturday at 7 p.m. in the fellowship hall of the Trinity Baptist Church. Fred Wilbanks gave the benediction.

COST PER WEARING A KEY IN BUYING

"Cost - per - wearing" will stretch clothing dollars if you pay attention to it. It's like figuring cost-per-serving in food buying. To find the cost-per-wearing of a garment, just divide the number of times you'll wear it into the purchase price.

Here's an example: you've found a sweater on sale for \$20, you buy it, then don't like it, so you only wear it twice. Its cost-per-wearing is \$10. Expensive for most people's budgets, even if it was on sale.

On the other hand, say you buy a seemingly expensive all-weather coat for \$1000 and wear it four times a week for six months. Its cost-per-wearing is only \$1-- a very reasonable cost-per-wearing. Also, if the coat lasts two years, the cost-per-wearing would be 50 cents, or for three years, just 33 cents.

Remember, a bargain is never a bargain unless it fits a need. When buying clothing, consider color, pattern, comfort and need.

For wardrobe basics that get lots of wear, buy the best quality you can afford. Think of high-quality basics as investments, and don't just buy "bargain-priced" garments each time you need a clothing item.

Of course, when high-quality basics actually have sale prices, they can mean a great savings and a really wise investment.

Finally, "bargain-priced" items can have a place in your clothing budget--especially for very limited needs, such as unusual occasions.

To help you decide, always figure the cost-per-wearing of high-quality items and "bargain-priced" items.

Now is the time to book your corn seed for the coming year. With the High energy cost a farmer can't take a chance with the numbers game on which hybrid he will plant.

There are several things to consider when buying seed. A farmer wants a hybrid that is dependable year after year. Next, you want a hybrid that has a high germination and quality that is second to none.

Farmers should consider the local Results in his area before buying seed. Compare the price of seed and local results to see what hybrid will put the most money in your pocket. Sometimes you can't afford to plant the cheapest.

surrounding counties will be using a computer terminal that is connected, via telephone, to a large computer system in Minneapolis.

The computer only needs to know several facts -- the number of cars and people in the family, amount of family income, and monthly expenses for food, rent or mortgage, car payments, utilities, and installment debt.

These figures are fed into the computer and it prints out facts about a family's spending patterns, the agent explains.

Trained County Extension home economists will analyze the printout and help families decide if they are overspending, under-spending or doing just about right.

In addition, they can make suggestions for ways to reduce certain expenses in the budget.

"This program will be a one time offer," added the local County Extension Agent, and would have cost \$1.50. Thanks to the generosity of the local banks, the service will be free to the public. Take advantage of this opportunity and come to "Dollar Watch" on March 6."

Hightower said the company proposes 10 rate bands similar to those already approved by the commission for other telephone companies. Rates would increase from band to band in proportion to the increase in primary telephones which can be called in each band.

"While the proposed rates are uniform within the respective bands, present rates vary so widely that it is impossible to project meaningful average percent change," he explained.

Jaycee Banquet master of ceremonies Jeff Smith praised the 'bosses who backed the Jaycees and commented, "You have to put something into an organization before you can get anything out of it." and added that with the support of the bosses, the Muleshoe Jaycees could do good work for the community. He expressed the appreciation of the Jaycees to all their 'bosses' and said the banquet was to honor their efforts.

plant 'em both

3184

This hybrid's record for consistency has made it one of the most popular hybrids on the High Plains. In 77 comparisons over the last four years against competitive hybrids, 3184 has shown an average yield of 183.7 bu./A. with a yield advantage of 14.3 bu./A. over competitors. Bred with outstanding drought tolerance, 3184 can adjust ear size and kernel depth to match growing conditions. And strong stalks keep 3184 standing straight for speedy harvest. It's just what High Plains farmers need in a dependable, high-yielding corn hybrid. And its maturity makes it a good companion for 3183.

3183

Push this one for highest yields! In 43 comparisons on the High Plains in 1979, this hybrid averaged 192.1 bu./A. A sampling of yields from 1979 includes 216 bu./A. for Sheldon Rapp at Hooker, Oklahoma... 210.4 bu./A. for Larry Kemp of Muleshoe... and 196.7 bu./A. for Doyle Underwood at Dimmitt, Texas. 3183 has demonstrated very good standability and ear retention in this area. Excellent drought tolerance helps 3183 maintain outstanding consistency year after year. And it has been especially impressive on gray soils. Plant 3183 along with 3184. Spread genetic risks and get top performance, too.

Letters To The Editor

TO THE CITIZENS OF MULESHOE AND BAILEY COUNTY:

I was present at a meeting on February 6, in the Bailey County Courthouse and listened to the Comments about the road proposed to go north from highway 54.

After listening and contributing some comments of my own, I still have many questions as to the feasibility of moving the road paving project from the designated place to one mile west. My first question being, Why should Bailey County and the State of Texas pay an additional \$58,000 plus for Farm to Market road 3397.

According to testimony given by the Commissioners of Bailey County and Highway Department personnel, this is the amount they want you to pay.

The Commissioners have obligated you to pay an additional \$17,000 out of County Funds for right-of-way for the proposed road, they have obligated the State of Texas for an extra \$41,000 plus to build the proposed road. This is how much more the west road would cost in comparison to the east original proposed road.

Why do the Commissioners insist in saddling the County and State with an unsafe road with high maintenance cost. Every time it rains the highway department will have to come out and clear mud and silt from the washes on the west road. A large heavy rain will probably wash out the pavement in at least two places.

Citizens, we worry and fret about what our congressmen are doing in Washington and what some are doing on the State level, lets not stick our heads in our west Texas sand and not make ourselves aware of where our tax dollar is going in our own County. Lets start on the grass root level and make our voices heard from Bailey County to Washington.

Dear Editor:

Muleshoe Area Public Library hosted a workshop on puppetry for the West Texas Library System Tuesday, February 5, 1980. We thank librarian Anne Camp and the people of Muleshoe for their warm hospitality. The librarians who attended enjoyed not only the workshop itself but also the opportunity to see the beautiful, busy library that serves your area.

Yours truly,

ROBERT C. POSADAS

News of Area Service Men

Marine Pvt. Robert C. Posadas, son of Mr. and Mrs. Alfonso Posadas of 613 E. Avenue F, Muleshoe, Texas, has completed recruit training at the Marine Corps Recruit Depot, San Diego.

During the ten and one-half-week training cycle, he learned the basics of battlefield survival. He was introduced to the typical daily routine that he will experience during his enlistment and studied the personal and professional standards traditionally exhibited by Marines.

Pampered children who get everything they want develop into adults who want nothing that requires any effort.

He participated in an active physical conditioning program and gained proficiency in a variety of military skills, including first aid, rifle marksmanship and close order drill. Teamwork and self-discipline were emphasized throughout the training cycle.

A 1978 graduate of Muleshoe High School, he joined the Marine Corps in January 1979.

Holly Knox, Director, Project for Equal Education Rights:

"These guidelines (ending sex bias in sports) represents a step forward --no more, no less. An equal share for women is still a giant goal."
