Long Live the King!
Edward Makes Promises
Real Spending Ahead
Tribute to T. R.

King Edward the Eighth, now solemnly proclaimed king, will be remembered as the first king of England that ever flew through the air toward the throne.

He took a separate oath "to respect the Church of Scotland." There is hard fighting back of that.

Edward the Eighth will mount the throne for the first time at a joint session of the lords and commons, and solemnly promise to "maintain the true intent of your enactments to the best of my powers."

After his coronation the king must formally declare his adherence to the Protestant church, and his obligation "never to marry a Roman Catholic." That dates back to the Stuarts.

King Edward, who is not supposed to contemplate marriage, is the official head of the churches of England and Scotland, and "defender of the faith."

From all the world, "subjects" of the new king and emperor send greetings. Representatives of divine power, churches of every religion, Mohammedan, Hindu, Buddhist, Chinese, Christian and Jewish, speed the dead king on his journey and welcome the new ruler.

If the soldiers get their bonus money there will be some quick spending, enough to quicken the pulse of business while it lasts.

Merchants will get more than \$600,000,000 owing on past accounts, and the observer will notice many new overcoats, dresses and automobiles.

At the opening of New York's \$3,500,000 memorial erected to honor the late Theodore Roosevelt, one speaker praised President Theodore Roosevelt as one who "saw the necessity for keeping both the legislatures and the courts in their proper places."

That perception showed a high spirit, but if some future Theodore Roosevelt should go too far in that direction it might become necessary for the legislatures and the courts to keep that President in his proper place.

Gen. Robert Lee Bullard says this country expects to escape the next war, but Europe plans to drag us in. Besides air bombing and poison gas, General Bullard expects in the next war attacks with disease germs to spread deadly epidemics in the enemy's country. Bubonic plague, scattered from airplanes, infected rats scattered plentifully, might be helpful.

Sometimes literature pays. Kipling left several millions. In America alone his official publishers have sold 3,500,000 copies of his books. At the time of his death "The Jungle Books" alone paid him ten thousand pounds a year.

When you hear foolish talk about "revolution" and getting rid of the Constitution, a remark made by Washington, as he signed the Constitution, may be recalled:

"Should the states reject this excellent Constitution, the probability is that an opportunity will never again offer to cancel another in peace—the next will be drawn in blood."

Mrs. Allinda French of St. Louis, one hundred and four years old, attributes her long life to "hard work in her youth and a dutiful son in her old age." She gets along without spectacles, is "not interested" in politics. "People get over that," says she, "after they reach one hundred."

The human race gets used to everything. Once our ancestors shivered, fell flat on their faces, when lightning flashed and thunder growled. They thought some de-

Bear Seen Near Spade Ranch

This part of West Texas suddenly become infested with big, wild sheepkilling bears with leather collars on this week. Where these bears came from, deponent knoweth not.

Last Sunday night a truck driver coming down the lane from Colorado, and when opposite Spade ranch he encountered a bear in the road. The bear seemed awfully anxious to have a conversation with the trucker and ask him if he knew where a hobo bear might get a feed. Not understanding the bear language, the man understood the bear was reflecting on the good name of his maternal ancestor. This misunderstanding caused the driver to fly into a rage and say things to the bear. The man in his rage seized a jack handle and attempted an assault in and upon the body of the bear with malice aforethought to do bodily harm and hurt.

The bear resented the idea of being killed, seeing that he had done nothing to merit such treatment, so with teeth and toenail, he advanced on his assailant and put him over the Spade fence. After arguing the matter with the man, the bear went on about his business.

The truck driver came to town and reported the matter. Thad Green and his dogs, and Elmer Roberts, Ben and Oscar Findt as well as other hunters hastened to the scene of the bear fight. While they found bear tracks, the bear tracks, the ground tore up and the bushes bit, they found no bear.

George McEntire, Jr. Gets New Airplane

"Little George" McEntire went to Dallas last Saturday to fly to Midland in his new Stinson monoplane which he recently purchased. He has taken services as a pilot with a large corporation with headquarters at Midland. "Little George's" experience as an aviator places him among the tops as a safe flier. If you fly with "Little George," you will fly with a pilot whose motto is "safety first."

Judge Sutton Up For Re-Election

Judge John F. Sutton, Judge of the 51st Judicial District of Texas, composed of Tom Green, Irion, Coke, Schleicher, and Sterling Counties, places his name in the announcement column of this paper as a candidate to succeed himself as District Judge. Judge Sutton submits his name as a candidate for re-election at the coming Democratic Primary, with the request that the voters consider his past record in selecting the man who will direct the business of the 51st District Court, and pledges a continuance of his best efforts to fairly and impartially administer the duties of the office he now holds.

In his announcement Judge Sutton says: "In my first campaign for the office of District Judge I promised the people of this Judicial District to keep clear the dockets of the court; to conduct the affairs of the court in a business like manner and deal fairly with all mankind.

Upon being elected to the office of District Judge by a majority over two honorable and distinguished opponents, I pledged myself to the people of this Judicial District and to those who might come to live amongst us, that I would with courage and earnestness give my very best ability, strength and energy to the end that this District might have an improved and economical disposition of the business of the court. These promises and my pledge have ever been fresh in my mind as a reminder of my official duties to the people of this Judicial District. In the discharge of my official duties I have established an official record, to which I refer the voters to determine for themselves whether I have made good, and, of course, gladly submit myself for re-election on that record a record that I have no desire to change and one which I feel will stand the test of comparison with others holding like positions. Upon my record I submit my candidacy and solicit the vote and active support of all voters in the 51st Judicial District, and in return offer a continuation of the same character and kind of service I have rendered in the past, with such added efficiency as I have gained by judicial experience."

Miscellaneous Shower For Recent Bride

Mrs. Martin Carl Reed was honored with a party and shower at the regular session held by the Noradata Club the last of the week at the home of Miss L'Jean McEntire.

The honoree was Miss Mary Helen Mims before her recent marriage.

As the bride arrived, Anna Lee Pearce, pianist, played "The Bridal Chorus" from "Lohengrim." Gifts were presented to Mrs. Reed.

As president, Louise Atkinson called the roll, each member answering with the name of the recipe brought for the honoree. Cecil Irene Reed, chairman of the year book committee, read the programs for the coming year, and also gave a talk on "Practical Menu Making." Another talk, "Planning a Home" was given by Rulene Foster. Willie Mae Meyer played a piano solo, "Red Sails in the Sunset."

Following the program, bridge furnished the diversion. Tallies were miniature brides. Prizes were awarded to Georgina Demere, high cut, and Willie Mae Meyer, floating prize, and they in turn presented them to the honoree.

A salad course was served to Misses Johnnie Lobban, Georgina Demere, Archie Marie Garrett, Belle Abernathy, Anna Lee Pearce, Willie Mae Meyers, Gloriadel Bowen, Rulene Fostes, Louise Atkinson, and Cecile Irene Reed, and Mrs. Forrest Foster, and the honoree.

The club is to meet twice a month having a program at one of these meetings, and one night party each month. It is a federated club.

Bridge Club Is Entertained

Entertaining with a Mexican supper, Mrs. Rufus Baker and Mrs. Harry Tweedle, Jr., were hostesses to the Ko-Shari Bridge Club the last of the week at the Baker home.

The tallies were painted by Mrs. Baker and were done in designs typical of scenes in Mexico. Mrs. Jimmie House won the traveling prize with the high score award going to Miss Ann Cotton. The trophies carried out the Mexican motif.

Others present included Mesdames

A DREAM IS SHATTERED

The foxy dream of the Townsendsite was sadly shattered when Peter Molyneux, editor of the Texas Weekly spilt a peck of figures in his face.

The Townsend Plan would be a mighty fine thing if the money could be had to pay the would-be pensioners \$200 per month. It would be great if these old folks whom age has incapacitated to earn a living but no one should fool himself into the belief that such a thing is possible.

Dr. Townsend figures that it will take 18 billion dollars a year to pay this pension. Of course he has a scheme by which the money could be raised. This scheme put Mr. Molyneux to thinking. Then he went to work and dug up just what it would really mean if the good old wozy doctor got his scheme adopted.

In the first place, Dr. Townsend would force the people to dig up 18 billion a year with which to pay this pension. Now comes Peter and shows that if the money of all the wage earners in the U. S. was gathered up and put with all the money derived from all the farm products, together with the money from all other industries, it would still lack \$118,000,000 of being enough to pay the pensions. Peter bases his figures on the statistics of the boom year of 1929.

It is right and just to pension the helpless aged. I believe in it. I think it is the thing to do, but the Townsend plan is too much of the good thing. Common sense teaches us that it can't be done. It is just a pipedream of harvesting a big crop of soft-go-easies without work.

But if Dr. Townsend had "nored it around" that the moon was just a big cheese, and all a fellow had to do to get a slice of it, would be to reach up and slice it off, there would be a lot of fellows who would be reaching for it. Some folks are always ready to take stock in any scheme that promises something for nothing.

W. G. Welch Out For County Commissioner

We are authorized to announce W. G. Welch a candidate for re-election to the office of Commissioner of precinct 3, Sterling County, subject to the action of the Democratic Primaries.

We wish to add to the announcement that "Uncle Bud", as he is lovingly called by his many friends, has held this office for many years, and as the voters of his precinct are very particular about who serves them in the capacity of commissioner, we take it for granted that "Uncle Bud" is O.K. with them, or they would not elect him so often. We are sure he is all right with the rest of the county.

W. G. Welch is honest, capable and efficient, and knows what to do when he gets to court.

Richard Loeb, co-murderer of little Bobby Franks and who was given a life term in the penitentiary died last Tuesday. He had been slashed with a razor 52 times by a fellow prisoner in Joliet, Ill, penitentiary.

Edwin Aiken, Taylor Garrett, Clel Ainsworth, Robert Foster, Marvin Churchill, Gene Phillips, G. O. Harvey of Garden City, J. I. Cope, who was elected as a new member, and Miss Veva Welch.

The Anti-New Dealers are strong for the old deal. They crave to go back to the good old days when Hoover was dishing out the old deal or rather the raw deal.

Mr. F. W. Fischer, a Tyler oil lawyer, got mad at Governor Allred because he wouldn't call another session of the legislature. In order to get even with Jimmie Allred, Mr. Fischer is now running against him for governor. This Fischer person must have an awful temper.

Jimmy Allred's administration has so far been so fair and popular with the masses of Texas people, that jimferguson is going to have a hard time in making the folks consider the propriety of swapping our Jimmy off for Roy Sanderford. I do not think that jimferguson can do it.

The payment of the soldiers bonus is now the law of the land. The boys will get their money by the middle of next summer. It is going to help a lot of boys, but it will make fools of some of them. At least 90 per cent of the bonus will get into circulation soon after its payment.

The Liberty League is composed of big business fellows who are fighting for liberty—the liberty which permits them to get the ranchmen's beef, and mutton, wool, cotton, corn, wheat, fruit and other products for almost nothing. The Liberty League boys view with alarm the efforts of the administration to get a fair price for the farmer's products as well as a job for the forgotten man. If these Liberty League boys can get enough suckers to vote with them they will soon have their feet planted on the farmer's necks again.

G. A. Stockton was among those who contributed to my sock funds a few days ago. "Gid" is one of the well-to-do stockfarmers in the north west part of this county. He is in high feather over the good prices of cotton, wool and sheep. He lives at home and boards at the same place and I think it will be some time before "Gid" gets on the relief rolls. "Gid" likes jimferguson. I don't. But that fact does not keep us from being the best of friends. However I promised "Gid" that I would lay off of jimferguson as long as he laid off from state politics, but the day jim put himself up as a target, I would take a pot shot at him.

MANY A SILK-STOCKING GIRL GETS A RUN FOR HER MONEY!

THE PASSING OF MRS. Z. DAVIS

The funeral services of Mrs. Z. Davis, who died last Thursday at her home in San Angelo, was held at The First Baptist Church of San Angelo, Friday, at 2 p. m. assisted by Rev. B. O. Wood, pastor of the First Presbyterian Church, was conducted by Rev. A. D. Foreman, pastor of The First Baptist Church in the presence of a large gathering of sorrowing friends and relatives. After which interment was made in the Fairmount Cemetery, where she was laid to rest beside her husband, Zachery Davis, who preceded her in death July 24, 1933.

Deceased celebrated her 85th birthday last December, 17.

Deceased is survived by two daughters, Mrs. J. M. Sewell of Dallas and Mrs. D. T. Jones of San Angelo. Six sons: John W. Davis of Bronte, Texas, J. Tom, A. Z. and Roy Davis of San Angelo, Clifford Davis, of Dallas and Ray Davis of Bracketville, Texas. Twenty-three grandchildren and twenty-two great grandchildren. Three brothers: J. G. Martin of Hamilton, Texas, W. B. Martin of Bay City, Texas, and P. P. Martin of Rule, Texas. Three sisters: Mrs. W. F. Kellis of Sterling City, Mrs. A. J. Kellis of Wickenburg, Arizona, and Mrs. J. D. Singleton of Amarillo, Texas.

The pallbearers were her six sons. Honorary pallbearers were: George E. Webb, T. W. Taylor, C. R. Fox, F. S. Corneilson, Gus Jones, J. J. Goodfellow, Dr. G. L. Lewis, M. C. Cobb, J. T. Stites, Dr. W. N. Jones, O. R. Wilson and Dr. H. K. Hinde.

Frances Cyrina Martin Davis was born in Cass County, Texas, Dec. 17, 1850. She was the eldest daughter of Mr. and Mrs. Patrick P. Martin who, when deceased was a small child, moved and settled at Bold Spring, (now West) McLennan County, in the early 50's. "Fannie" as she was called, remained in Cass County with her grandmother until she was about ten years old, when she joined her parents at Bold Springs.

Here she grew to young womanhood and on June 13, 1871, she was married to Zachery Davis at the home of her parents, Rev. J. N. Kellis Baptist pastor officiated.

Here she lived until about 1900, when the family moved to Sterling County and purchased what is known as the Rice and Findlater ranches and at times lived on both these ranches.

Later, they sold their ranches and moved to San Angelo where they resided until her death last week.

During the 68 years this writer had known deceased, she was among the most perfect women he ever met. In person she was of superb beauty. In bearing, she was among the gentlest and sweetest of the race. As a wife, she was among the most faithful. As a mother, she was the personification of love and devotion to her children. As a neighbor, she was all the term implies, and as a Christian, she lived and died in all the term could mean. God needed her, to give her rest after the labors of a long, sweet and beautiful life. I am one of the mourners, though I know we could not keep her. God wanted her and He took her.—Uncle Bill

Last week in giving an account of the Davis-McKinley our headliner made it "Davis McKinley." Being the least one on the News-Record force, we laid the bust on our red-head devil. Of course he had nothing to do with it, but most every outfit must have a "goat" on which to lay mistakes.

Texas Centennial Hall of State

The glories of Texas will be paraded before the eyes of millions of visitors to the Texas Centennial Exposition in Dallas in the great State of Texas building now under construction. Architects' conceptions of the facade and complete structure shown above, give some idea of the magnificence of the project. Situated at the end of a beautiful esplanade of flags, the \$1,200,000 building will afford one of the most breath-taking vistas at the Central Exposition of the Texas Centennial Celebrations opening June 6.

A Man-Size Meal With Femme Appeal

It's a Good Buy at Twenty-Five Cents Per Person

MEN and meals—perhaps the reason they "alliterate" is because they are definitely linked up. We'll prove it. Men for meals is as essential as meals for men—for a meal without a man is almost, not quite, as depressing a thing as a man without a meal.

Further evidence of this fact is the fact that women seldom eat real meals without men. Tea and salad, perhaps—sandwiches, dessert and coffee, yes. But when the man of the house comes home unexpectedly he says the thing which has been said many times before—"Don't you eat when I'm not home?"

Main Dish Salads
Meals for men, however, need not be the steak-and-onion orgies that we are apt to imagine. Now and then men like a dinner whose main dish is a salad, providing it's a good substantial salad, and that it is preceded by a sustaining soup and accompanied by hot bread. These meals do not need to cost a lot either. It is true that as a rule a man pays more for meals away from home than women do. But this is because he prefers coffee shops to tea-rooms, and oyster-bars to soda-fountains. Make up the difference in the household budget, by serving meals now and then which cost little, but which afford a lot—in enjoyment and nutriment. We are suggesting a sample menu that serves four persons for one dollar.

MENU
Cream of Cabbage Soup with Toast Fingers 18¢
Tuna and Apple Salad 31¢
Potato Chips 10¢ Radishes 5¢
Baking Powder Biscuits 10¢
Chocolate Ice Cream 18¢
Coffee 8¢

Tuna and Apple Salad: Combine the contents of one 7-ounce can of tuna fish with two-thirds cup of sliced celery, one tablespoon sliced green pepper and a few grains of salt. Sprinkle two teaspoons lemon juice over one cup of diced apples and add. Moisten with one-third cup of mayonnaise. Chill and serve on crisp lettuce leaves.

Chocolate Ice Cream: Mix together in the top of a double boiler three tablespoons sugar and one tablespoon flour. Add two-thirds cup milk or diluted evaporated milk slowly, stirring until smooth. Cook until thick, stirring constantly. Pour slowly over one slightly beaten egg, return to double boiler and cook one minute, stirring constantly. Do not cook long enough to curdle. Add one-fourth cup canned chocolate syrup and let cool. Add one-half cup cream, whipped to a custard, and turn into refrigerator freezing trays. Freeze, beating once during freezing process.

Tax Collector Gets Good Report

We are attaching hereto a complete audit of the account of Hon. V. E. Davis, Assessor-Collector of Sterling County for the period beginning July 1st 1933, and ending June 30th 1935, you will please note from the summary of this audit it reveals a balance due the Assessor-Collector of \$4.39.

We found that the records were well kept and we wish to express our appreciation for the courtesy extended to us by Mr. Davis and his Deputy while making this audit.—R. M. Holstead, M. B. Hill, Supervisors, Comptroller's Dept.

THE GOSSIP

The gossip is the lowest thing that society is forced to claim. We wish we could stoop low enough to find a descriptive name.

That would describe this social blight. The thing that stirs up strife, The fangs that inject sorrow Into our daily life.

To call this thing a heifer Would not be right at all, Cows only put out nourishing milk And do not talk at all.

We might call it something else The word that makes men fight. When they are called a "son of a b— But that would not be right.

entennial Sanitation

Texas is going to entertain millions of visitors during the great centennial celebration and have a think kindly of us, then every one must insist on complete sanitation, declared Dr. John W. Brown Health Officer.

Every citizen should see that their water is free of contamination, proper sewage facilities are available, and that all public eating places and rooms are spotlessly clean.

Brown further stated, "Every property owner should start now to beautify their yards, this includes also sanitating of supplies and having proper facilities. The State Department of Health will furnish plans upon request.

any counties may secure laboratorial control and rural sanitation. It is hoped that full advantage will be taken and that cities kept sanitary in order that the centennial of one hundred years of independence will not be marred by epidemic."

Drivers' License

Every person operating a motor vehicle on any public road in Texas must first secure a drivers license on and after April 1, 1936.

Chauffeurs who already have a license are not required to take out an operator's license.

No fee will be charged for license.

Anyone over 18 years of age desiring a license must sign an application for that purpose.

A minor under 18 years of age will not be granted a license unless his application be signed by his father. If the father is dead or disqualified then by his mother or guardian. If the minor has neither of these, then his employer, or the county judge of the county of his residence may sign his application.

WHAT PERSONS SHALL NOT BE LICENSED

An operator's license shall not be issued to persons under 14 years old, or chauffeur's license to a person under 18 years old except by recommendation by the county judge after due investigation.

No person of unsound mind, lunatic, idiot, imbecile, drunkard, drug addict, or one whose license has been revoked, or who has been convicted of violation of traffic laws and has not absolved himself, nor any person who is not physically able to control a motor car, nor to those who can not read road signs or speak English, provided however, that a person's physical defect, in the opinion of the county judge, does not prevent the applicant from driving with reasonable care and safety, in that case license may be issued to him.

Applicants must state the name, age, sex, residence and physical description of applicant.

Tax assessors and collectors are agents of the license department and applicants for license should be made to them.

A drivers license is good for three years. It carries with it a duty to observe all laws pertaining to traffic rules, laws and regulations.

Suspension or revocation of a license may be made under the following:

1. Killing someone through carelessness.
2. Driving a car while drunk.
3. Any felony defined under motor vehicle laws.
4. Three convictions for violation of traffic laws.

Suspension of license may be for six months or more or may be entirely revoked.

Driving while license is suspended or revoked is punished by a fine of \$500 and six months in jail. These being the maximum punishments prescribed.

These are the highlights of our new laws and should be studied by all who drive cars.

The laws are sane and reasonable. They do not exact of anyone anything but that which any reasonable person should do.

All you got to do is to stay sober and drive carefully. If you fail in this, you may have to walk or get someone else to drive for you.

Ford

ANNOUNCES \$25-A-MONTH TIME PAYMENTS AND A NEW UCC 6% FINANCE PLAN

Any New Ford V-8 Car Can Now Be Purchased for \$25 a Month with Usual Low Down-Payment

THIS \$25-a-month time-payment plan enables you to buy a New Ford V-8 car through your Ford dealer on new low monthly terms.

After the usual low down-payment is made, \$25 a month is all you have to pay for any type of new car, including insurance and financing.

Your cost for this extension of credit is only 1/2 of 1% a month on your original unpaid balance and insurance. This plan reduces financing charges for twelve months to 6%. For example, if you owe a balance of \$400 for your

car and insurance, you pay \$24 for the year of credit; if the balance is \$200 you pay \$12. Your credit cost for one year is the original unpaid balance multiplied by 6%.

UCC plans provide you with insurance protection at regular conference rates. You have not only fire and theft insurance, but \$50 deductible collision, and protection against other accidental physical damage to your car.

The Universal Credit Company has made these plans available through all Ford dealers in the United States.

A very beautiful picture was shown by Mr. Barr to the school. It was presented to the school by the P. T. A., and at each meeting of the room that has the largest representation will receive the picture.

THEODORE ROOSEVELT MEMORIAL

On January 19, 1936, the Theodore Roosevelt Memorial was dedicated. The memorial is a large hall adjoining the National Museum of Natural History in New York City. The floor is of marble laid in a mosaic pattern. The walls are of green marble for nine feet and of a light marble above that. The ceiling is arched. Three sides of the building are covered with murals depicting important events in the life of Theodore Roosevelt. On one wall are carved quotations from Theodore Roosevelt showing his views on youth, a soldier, man, and state. The outside of the building is of limestone.

Many people attended the dedication ceremonies, and many who could not be there heard the address of President Franklin D. Roosevelt and the governor of New York over the radio. Dr. Roy Chapman Andrews, president of the National Museum of Natural History described the memorial building.

The Theodore Roosevelt Memorial was turned over to the mayor of New York City by the governor of New York, who said that the building would be used for the benefit of the commonwealth.—Eloise McCabe

P.T.A. ASSEMBLES

The Parent-Teachers Association met last Thursday, Jan. 23. The program was as follows:

Song, "America the Beautiful"
 Reading—Gwendolyn Lane
 Talk on Thrift—Rev. W. W. Lipps
 Piano Solo—Rulene Foster
 Talk on Boy Scouts of America—Dr. W. B. Everitt

Reading—Mrs. W. Y. Bengtson
 Mrs. Bengtson also presented one of her former pupils, Mrs. Faye Cook, in several numbers. She is planning on teaching an expression class soon in the Lion's Club room. She gave several demonstrations of the work she intends to teach.

The business session was then held, and it was decided that the third grade be presented with the dollar because of the largest representation, and the seventh grade won the picture for the next to the largest number of mothers present.

The association adjourned until its next meeting which will be held February 20.

PERSONALS

Mr. Carter was absent from school last week on account of illness. We hope he will be back with us soon.

Mr. Lane was back in school to meet classes Tuesday after several days of illness.

Marie Atkinson is absent because of illness. We are looking for her to be back soon.

Several students and teachers went to San Angelo Saturday regardless of the cold, dreary weather.

Roy Thomas Foster missed several days of school last week on account of illness.

Misses Fie and Lane entertained several guests with a waffle supper last Friday evening at their apartment. After the delicious supper a game of anagrams was played. The guests were Misses Preble Durham, Pearl Faires, Agnes Abernathy, Helen Little, Margie Smith, and Glennie Boyd.

JOKES

Warden: (Unlocking door of cell) "Come on, Bill, you're wanted."
 Convict: (An expert safe breaker) "What for?"
 Warden: "The governor's safe's stuck again."

Mother: "No, Jimmie, for the third time I tell you that you cannot have any more dessert."

Jimmie: "All right, but I don't see where dad gets the idea that you're always changing your mind."

A curious little boy was watching a car being loaded at the station, and later inquired: "Why do they call it a shipment when it goes in a car and a cargo when it goes in a ship."

FIRST GRADE

Clarence Allen, Doris Ann, Ruby, Joan, Peggy Jean, and Harrel heard the services for King George of England over the radio Tuesday morning.

Betty Jo Findt, T. C. Pate, Phillip Grasset, and Donald Gill received candy twice from the grab bag because they knew all of their words and phrases.

Mrs. Dearen's pink and white oleanders are blooming. We are taking care of them for her.

Peggy Jean brought Billy Carlene, her little cousin from San Angelo, to see us Friday afternoon.

Doris Ann Carpenter and Betty Jo Findt moved our science table specimens to the victrola cabinet in the library corner.

Cecile Irene Reed, popular student of the senior class, was elected to represent the Sterling High School in the Good Citizenship Pilgrimage of the National Society of the Daughters of the American Revolution in the State of Texas. This would be a nice trip for any girl, and we hope that Cecile Irene will win this great honor.

Million-Dollar Texas Memorial Museum

The beautiful drawing made by Architect John F. Staub, in his version of the magnificent Texas Memorial Museum as it will appear when completed. The million dollar edifice will be located on the campus of the University of Texas at Austin and will house some of Texas' most precious relics and possessions. The imposing structure for which Congress has contributed \$300,000 will be a part of the unit which command the attention of visitors from throughout the nation during University Centennial Exposition June 1 to December 1.

Pretty Pears

A LITTLE girl who liked to know all about things was listening with great interest while her mother told her about the habits of birds. They ate grain, yes; they ate crumbs, yes, she had seen them eat crumbs; and they ate fruit—

"But mother," the little girl interrupted, "how do they open the cans?"
 Whereupon, no doubt, the mother explained, how the bird gets up even earlier than the canner to get the prettiest fruit it can find. But it is an early bird, indeed, who can beat the canner to the choicest fruit, for this, in most cases, is especially grown for the canneries so that it may be grown under the best conditions and harvested when it is at its ripest and best.

Canning Beauty

Take pears, for example. Pears are a fruit with a long and honorable history, yet they have received less attention from recent generations than many other fruits probably because of the poor keeping-quality of fully-ripened fresh pears. Even though we pick them when they are a beautiful, light golden yellow and bring them indoors and place them in a fruit dish, it is only a short time before they begin to deteriorate. How different they look after a short time off the tree, from the pretty firm, yet tender, white pears that we are familiar with when we open the can. The delicate flavor of the canned pear is perfectly retained because it has not been allowed to become over-ripe before picking.

It is this delicate flavor which makes it blend with other fruits so that it has become one of the most popular for use in fruit cups, salads and fruit desserts. In the dish on the table, as well as on the branch of the tree we hear the same term used—"pretty pears."

Army Recruiting

1. New Army Recruiting Station at San Angelo, Texas. Due to the shortage of men in the garrison at Fort Bliss, orders have been issued to open a recruiting station at San Angelo, Texas. Corporal Lawrence W. Bobb, Seventh Cavalry, and Private James G. McDermitt, Armored Car Troop, will be on duty at the new station, located in the Federal Building. Applicants for enlistment will be shipped via SP to Fort Bliss for duty in cavalry, field artillery, or other organizations of the 1st Cavalry Division located at that place.

2. Increase in Recruiting Agents for Fort Bliss. The shortage of men at Fort Bliss, Texas, has resulted in

four additional recruiters being added to the force in the district recruiting office. These men are: Sergeant Charles T. Morris, 8th Cavalry; Sergeant Max W. Riley, 82nd Field Artillery; Corporal Lawrence W. Bobb, 7th Cavalry; Private James G. McDermitt, Armored Car Troop. Morris goes to the Recruiting Station at Big Spring, Riley to the station at Phoenix, and Bobb and McDermitt open a new station at San Angelo, Texas.

3. Recruits Wanted At Fort Bliss. Applicants are wanted for enlistment at Fort Bliss for a new troop that is to be organized in the Seventh Cavalry early in March to undergo a special six weeks course of training to fit them for field service. The men who are interested ought to apply at the nearest Army Recruiting Office or write direct to the Recruiting Office at Fort Bliss for information.—M. H. Thomlinson, Colonel, Infantry, District Recruiting Officer.
