### Around Muleshoe

Saturday night, youth skating will be conducted at the Bailey County Exhibition Center and Coliseum 8-10 p.m. This will also be followed by skating on Tuesday, June 24, 8-10 p.m.

Admission for both skatings will be 50 cents per skater.

\*\*\*\*\*

Farwell Youth Choir will perform a concert on Sunday night, June 22 at 6 p.m. at the West Camp Baptist Church.

Eva Kimbrough, wife of the pastor of the church, will follow the concert with a chalk drawing illustrating the message presented.

All members and interested persons will be welcomed, according to the minister of the church.

\*\*\*\*\*

For the information of "A concerned citizen" and others, it has never been, nor will it ever be, a policy of the Muleshoe Journal or Bailey County Journal to publish or cause to be published, anonymous letters.

Even when it is requested for a "name to be withheld" the letter must be signed and the correct address of the writer given. These letters are maintained in a permanent file, and are subject to verification before printing.

\*\*\*\*\*

The Muleshoe Babe Ruth League and the Optimist Club of Muleshoe are now accepting \$2 contributions with donors receiving a ticket for 100 gallons of gas.

Winner will be determined in a drawing on July 4. The drawing will be at

### Spanish Baptist Mission Vacation Bible School

Vacation Bible School will begin at the Spanish Baptist Mission on Monday, June 23 at 6 p.m. and will continue through Friday June 27.

Bruce Hernandez, Director of VBS said "there will be different departments for the children, with Bible study, games, songs and refreshments." He also said "if you would like your child to attend and need someone to pick them up, please call the Church at 272-4893." "You are urged to bring your children and friend and receive a wonderful blessing," said Hernandez.

**SURVEYING THE HIGHWAY....** After large machinery cut out and removed the south portion of Highway 84 near the west city limits, highway surveyors were checking out levels before a new highway is installed. When the south side is completed, workmen will tear out and rebuild the north two lanes of the highway.

## City Rebate Check Declines Slightly

State Comptroller Bob Bullock said last week that a small decrease in the June city sales tax rebates may indicate consumer caution about the economy and spending patterns.

Bullock said 936 Texas cities would share \$65.3 million this month, compared to payments of \$67.7 million during the same period last year.

While sales in the last quarter of 1979 and the first quarter of 1980 were generally strong, sales tax returns now are picking up the period where national credit restraint was being urged, he said.

"We can't be sure a peak has been reached until the 1980 second quarter returns are filed and analyzed sometime after July 31," Bullock said.

He said 1980 payments through June amount to \$266.9 million compared to 1979 payments for the same period of \$218 million.

Although the rebate check for Muleshoe was reduced from the 1979 June figure of \$22,376.87 to the June 1980 figure of \$19,798.93, the report for the year still shows an overall 18 percent increase. Total to date for Muleshoe is \$83,011.50, compared to the \$69,814.59

at the same time last year. Morton is reflecting a one percent increase for the year through June. Receipts for June this year were \$4,943.79, compared to the figure of \$6,559.80 during the month of June last year. For the year, Morton has received \$23,688.86, compared to the \$23,385.39 received through the same period last year.

Littlefield shows a 10 percent increase for the year, with their June rebate check also reduced. Receipts for June 1979 were \$34,033.95 compared to the \$29,516.63 for June 1980. For the year, Littlefield has received rebate checks of \$101,265.49 compared to

### First Assembly Of God Vacation Bible School

The First Assembly of God Church will be holding their annual Vacation Bible School. Classes will be from 9-11:15 a.m. each morning beginning Monday June 23 and continuing through Friday, June 27.

The theme for the VBS will be "The Holy Spirit, Our Helper".

the figures of \$111,896.57 through June of last year. Tax rebates at Friona are up 18 percent for the year, and include a very slight increase for June this year as compared to last year, as

Cont. on Page 6 Col 1

## Baseball Continues In Muleshoe

Some Little League scores are beginning to struggle in and the Journals would like to express appreciation to the persons who are taking time to see that the Journal gets at least some of the scores for the local teams.

In recent action, the Veterans defeated the Longhorns, 5-3 with Andy Copley, who had 7 strike outs, the winning pitcher, while Tim Lust was losing pitcher.

Leading hitters for the Veterans were Ben Allison and Scott Calvert, each with a single while David Schacher had a single for the Longhorns.

Also, the K-Bars downed the Savers 19-4 with Joe Olivias as winning pitcher and Sidney Lewis as losing pitcher. Leading hitters for the teams were Danny Caza-verz, who had a home run and Sidney Lewis.

Little League's Mustangs walked over the Lions 23-1 with Adrian Perez, the winning pitcher having four strike outs to nine for losing pitcher, Joe Reyes.

Norman Perez had a home run and leading hitters for the Lions was Winston Stice, with Adrian Perez receiving the nod for the Mustangs.

Loy Triana led the Sox to a 23-7 routing of the Cardinals last week. Losing pitcher was Johnny Garcia. Leading hitters for both teams were Donnie Berry, Jerry Bob Graves and Brett King.

# Tolk Construction Site Creates Local Interest

## Manager Ben Green Has Job, No Plant

### Celebration Plans Are Completed

"Plans are being made for another Fourth of July in Muleshoe," commented John Gulley, manager of the Muleshoe Chamber of Commerce and Agriculture. "What has been, by tradition, the biggest day of celebration in the area once again promises to be a time of enjoyment for everyone."

Following a radio and television day, on KMUL and Channel Six, around \$600 was acquired to put toward the purchase of fireworks for the finale of a busy day. Gulley reminded that persons, individuals or businesses, could still make a contribution to purchase the fireworks by contacting the Muleshoe C of C office, or any director of the organization.

At this point, approximately one-half of the necessary funds have been acquired for the annual fireworks display to close out the day.

Activities will get underway at 7:30 p.m. with the Pony Express Race from Needmore to Muleshoe. Riding in the contest will be the Muleshoe area riders vs. the Valley Riding Club of Amarillo.

At 8 a.m., the 10,000 meter run gets underway at the new city park, and the Omelet Rodeo begins at the Bailey County Exhibition

### Land Bank Lowering Loan Rate

William C. Liles, manager of the Federal Land Bank Association of Muleshoe, announced that effective June 1, 1980, new loans will be closed at the variable interest rate of 9 3/4 percent on farm loans and 10 1/4 percent on rural residence loans, the same rate now being charged existing borrowers on the variable rate. This is a reduction from a 12 percent fixed rate on farm loans and 14 percent on rural residence loans which was put into effect earlier this year.

The Federal Land Bank of Texas introduced the variable rate loan in 1969, which allows the billing rate to increase and decrease with variables in the money market. Earlier this year, faced with unprecedented high money cost, a fixed rate loan was offered on a temporary basis, explained Liles. Improvement in the money market in recent weeks makes it possible to return to the variable rate on new loans, he added.

Federal Land Bank Association in Muleshoe makes long-term real estate loans on farm and rural residence property in the counties of Bailey and Parmer.

Center and Coliseum. At 9 a.m., registration for the World's Championship Mule Shoe Pitching contest will begin at the Coliseum and the first flight of golf in the tour-

### Jaycee Project Is Scheduled This Weekend

Galen Bock, president of the Muleshoe Jaycees, said his organization will be participating in a state project this weekend.

Members of the Jaycees will be operating a 'tool booth' at the intersections of Highways 84, 70, and 214. They will be soliciting contributions for the Muscular Dystrophy Association.

He added that the tool booth will be operational from 8-12 a.m. and 1-5 p.m.

## County Music Show Slated Here Tonight

Just a reminder that "The Golden Years of Country Music" comes to Muleshoe at 8:30 p.m. June 19 (tonight) at the Muleshoe High School football field.

Sponsoring the concert in Muleshoe will be the Fine Arts Booster Club of Muleshoe, the same group who booked the travelling concert from South Plains College at Levelland, last year. Advance tickets are available at \$2.50 each with tickets at the gate the day of the concert costing \$3. Children under the age of six will be admitted to the concert without charge.

In the even adverse weather, the concert will be presented in the Muleshoe High School Auditorium. The South Plains College country music road show has performed at Sundown, Canadian, Reese Air Force

### Muleshoe Reds Down Friona; Now At 10-1

Sunday, the Muleshoe Reds traveled to Dimmitt and defeated the Dimmitt Senior Babe Ruth with a 7-6 score. Joe Rodriguez was credited with the win. He was relieved by Shorty Sanchez.

Muleshoe's Senior Babe Ruth team collected ten hits. Shorty Sanchez had a double; Lupe Rosales, two singles; Appy Sanchez, a single and a double; Todd Gregory, three singles; Joe Alvarado had a single and Todd Allison had a single.

Sunday, Nazareth will be in Muleshoe to take on the powerful Reds, who currently have a season record of 10-1.

Ben Green is the plant manager at Southwestern Public Service Company's Tolk Station now under construction near Muleshoe but right now he doesn't have a plant to manage.

For the time being, Ben works in Amarillo and goes to Tolk Station about once a week to keep abreast of construction progress. Although not a construction or design engineer, Ben said he was "vitaly interested in the design and construction of the plant as that would affect the maintenance and operation of the plant when completed." He is involved in "the plant layout, design and equipment selection."

Ben feels a proprietary interest in the construction of the plant and has a unique opportunity since he was named manager of Tolk Station before construction was started.

Ben is familiar with the area around Tolk as he started with the electric company in March 1968 as plant engineer at Plant X

which can be seen from the Tolk Station site.

Tolk Unit 1, although still approximately 22 months from completion, is beginning to take the shape of an electric generating station.

Through April of this year, 28,197 cubic yards of concrete have been poured and 3,765 tons of steel have been erected. The top of the boiler structural steel, which reaches 242 feet in the air, is now in place. The steam drum was raised into place March 31. Approximately nine hours were taken to complete this major milestone in plant construction.

Boilermaker crews from Missouri Valley Inc. are now on the job, building the boiler --- from the top down.

One of the coal pulverizers has arrived at the plant with the other five enroute from Combustion Engineering Company in east Chicago. Due to the tremendous weight of these pieces of equipment, only one pulverizer can be shipped per rail car.

The steel for the coal transfer tower, the point where SPS picks up the coal from the coal handling company, will be received at the plant site sometime toward the end of the year.

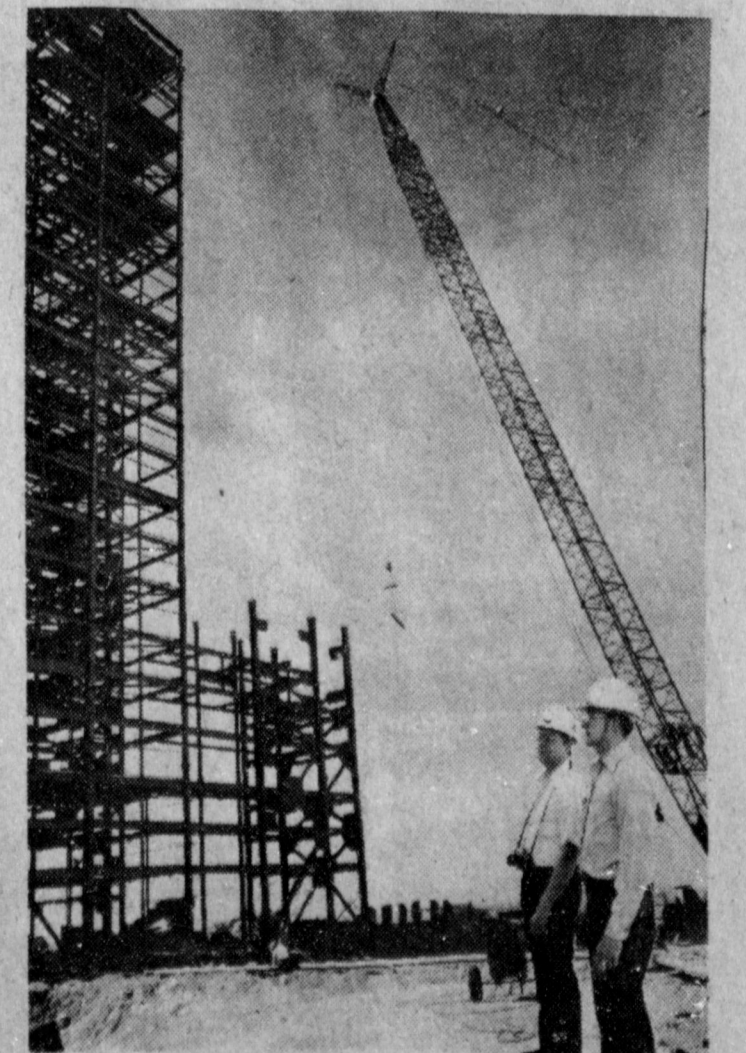

The turbine foundation, which is the largest equipment foundation at the plant and contains 2775 cubic yards of concrete, has now been poured.

The turbine generator for Tolk Station Unit 1 is the longest turbine generator ever bought by Southwestern Public Service Company and our first to have two low pressure turbines. The two condensers into which the turbines will exhaust are now being assembled and will have stainless steel tube sheets (also a first for SPS) as well

Cont'd. Page 6, Col. 2

**LITTLE LEAGUE IN ACTION....** Action continues for the Muleshoe Little League and here a player, batting left-handed, just missed the hardball as it went sailing by. Little League action will continue into early July, with lots of action, and many players involved.

**CHECKING IT OUT....** Looking over the Southwestern Public Service Company's Tolk Station construction site are plant manager, Ben Green, left, and resident Engineer, Eddie Barron.

### Workman Services Held In Arlington

Funeral services of Mattie O. Workman, 69, of Ft. Worth were held at 2 p.m. Wednesday at the River Oaks Methodist Church in Ft. Worth, with Buddy Stegman, Jr. officiating. She died June 16 in a Ft. Worth hospital.

Burial was in the Moore Memorial Gardens in Arlington, under the direction of Hugh M. Moore and Sons Funeral Home.

Mrs. Workman was born in Mississippi and had been a Ft. Worth resident for 18 years. She was a retired sales clerk for Moning's Department Store and a member of the River Oaks Methodist Church.

### Edwin L. Clark

#### Services Thursday

Funeral services of Edwin L. Clark, 93, of the Lazbuddie Community were conducted at 10:30 a.m. Thursday (today) in the Lazbuddie Church of Christ. David Lasater of the Lazbuddie Church of Christ and David Cox of the Muleshoe Church of Christ officiated.

He died at 7:45 a.m. Tuesday in the West Plains Medical Center. Interment was in the Lazbuddie Cemetery under the direction of Singleton Ellis Funeral Home.

Clark was born January 10, 1887 in Joplin Missouri and moved to the Lazbuddie Community in 1939 from New Castle, Texas.

Survivors include four sons, George Clark, New Castle; Ed Clark, Friona; Albert Clark, Spearman; and Wayne Clark of Lazbuddie; a daughter, Mrs. Laura Eddenom of New Castle.

Pallbearers were Jack Smith, Junior Matthews, D.B. Ivy, Scotty Windham, Alton Morris and Roy Clark.

### Energy Outlook Looks Bright

Regional, state-wide, and local interest is increasing for the "Alternate Energy Symposium" scheduled for June 19 and 20 in the Lubbock Memorial Civic Center, according to Brent Magers, manager of the Public Affairs Department of the Lubbock Chamber of Commerce.

"We have received inquiries from Houston, Dallas, San Antonio, and reservations from as far as Arkansas, Kansas and Florida," said Magers. "We are anticipating excellent attendance for the meeting."

The symposium is designed to present information regarding the

practicality of the use of various energy sources, such as ethanol, methanol, wind, solar and biomass. The Lubbock Chamber is cooperating with the Small Business Administration, Texas Farmers Union, and Texas Tech University in sponsoring the meeting.

"The objective of the symposium is to provide interested individuals with empirical data on various energy sources and to dispel misinformation," said Magers. "Primary consideration was given to presenting useful information that can directly and immediately benefit the farmer,

businessman, and society in general."

During the symposium, workshops are planned on wind energy, solar energy and use of biomass with noted specialists in each area conducting the sessions. Individual topics slated to be covered include research on solubilizers that allow less than 200 proof ethanol to be mixed with diesel or gasoline - a major breakthrough in ethanol technology. A workshop on a small-scale ethanol production plant with the capability to convert starches and cellulose to ethanol is planned. Also included is a workshop on

new developments in crop suitability for energy conversion.

In addition to the technical material that will be presented, a detailed look at business considerations such as capital requirements, return on investment and accounting procedures will be provided by selected experts. One workshop is designed to provide the latest information on legislation and federal and state policy effecting the alternate energy field.

In total, eight workshops will be held, in addition to the general sessions each day. Twenty-six speakers will participate during the symposium. Several displays, demonstrations and

information booths have been reserved for the Civic Center Exhibit Hall, for viewing before and after the scheduled sessions.

According to the organizers, the cost is modest considering the quality of speakers, exhibits, and printed material that will be distributed during the conference. "We've compared the cost of this symposium with similar efforts being conducted that cost the participants several hundred dollars," said Magers. "It's a bargain if a person has an interest in the subject."

Pre-registration for the symposium is \$20.00 per participant or \$30.00 at the door. Additional in-

formation is available at the Lubbock Chamber of Commerce. Deadline for Pre-registration is June 16.

### Shade trees allow natural cooling system

**COLLEGE STATION** — One of the best ways to cut air conditioning costs is with nature's own cooling system — shade trees — say Texas A&M University researchers.

It will take more than one tree to produce the canopy effect needed, but some trees can reach 15 feet in less than three years.

Air conditioning accounts for 20 percent of all home energy use in Texas, compared to the national average of under 5 percent.

ITT earnings up for first quarter.

Kara Deanne Clark  
Kristen Dene' Clark

Mr. and Mrs. Danny Clark of Route 1, Friona are the proud parents of twin daughters, Kara Deanne and Kristen Dene' born June 13, at the West Plains Medical Center.

Kara Deanne was born at 2:55 p.m. and weighed 5 lbs. and 6 ozs. Kristen Dene' was born at 2:58 p.m. and weighed 6 lbs. and 4 ozs. They have a sister Kaylea Dawn who is two years of age.

Grandparents are Mr. and Mrs. Eugene Gray, Dumas, and Mr. and Mrs. Wayne Clark of Friona.

DEATH OF FAMILY WAGE EARNER(S)

One family wage-earner concern is this: "What would my family do if I should die?" You can take steps to reduce some of this concern -- and you should, even though death is not something we like to think about. Major steps start with telling the family about family finances and making sure they know about the key know of important papers, properties owned and debts owed. Here's a checklist -- both spouses should be able to answer "yes" to these questions:

- 1. Can both locate copies of last year's tax returns? Could each of you support the figures on the return in case of an audit?
- 2. Do you both know the kinds and amounts of life insurance your family has? Do you know the names of the beneficiaries on these policies?
- 3. Do you each have an up-to-date will? Do you know the location of the signed copies of each will?
- 4. Do you know the names and addresses of your lawyer, insurance agent, banker or other financial advisers?
- 5. Do you have records of each other's Social Security number? They should be on your tax returns, if you cannot find them anywhere else.
- 6. Can you both locate important documents, such as your marriage certificate family birth certificates, armed services discharge papers, mortgage papers and car titles?

If you answered "no" to any of these questions, you might need to do some planning. Find necessary information or papers. Discuss these with each other and, perhaps, another family member. Develop a written plan which would eliminate the problems associated with the death of any family member, particularly the wage earner(s).

Contact your local County Extension Agent for publications and materials that will help you plan.

Grandparents are Mr. and Mrs. Morgan Locker and Mrs. Betty Bruns all of Muleshoe.

Great grandparents are Mrs. Edith Bruns of Muleshoe and Mr. and Mrs. W.E. Martin of Clovis, N.M.

To Eat Or Not To Eat

Consumers have a choice -- to eat nitrates or not-- if they read labels carefully, says Mary K. Sweeten, a foods and nutrition specialist.

Now you can buy nitrite-free frankfurters, bacon, corned beef, ham and other meat products -- if you want them.

Remember, though, nitrite-free meat items don't "keep" as long as meats that are nitrite-cured (contain nitrates) -- unless the nitrite-free meats are frozen, the specialist cautions.

For example, uncured bacon or ham will store only four to seven days -- instead of up to three weeks, the recommended safe-storage time for nitrite-cured bacon, she adds.

Mrs. Sweeten is with the Texas Agricultural Extension Service, The Texas A&M University System.

READ LABELS TO KNOW Nitrite-free meats may be stored in grocery markets side-by-side with cured meats, so be sure to read the labels before buying.

WHY NITRITE-FREE Why make meat items nitrite free?

Nitrosamines are one factor. They are substances formed in the stomach, for one place, when the nitrates you eat combine with amines already in the stomach.

Nitrosamines produce cancer in rats, according to research, but no results link nitrosamines to human

Oak Ridge Boys Signed For South Plains Fair

The Oak Ridge Boys, who have racked up a string of accolades since they hit a "hot" streak the past two years, have been signed for a pair of shows during the 63rd annual Panhandle South Plains Fair here September 20-27.

General manager Steve L. Lewis said the popular quartet would appear 5 p.m. and 8 p.m. Sept. 22 along with Joe Sun.

They join Merle Haggard, returning for his first appearance since 1971, who will headline the Fair Park Coliseum on Sept. 21; and newcomers Marty Robbins, scheduled for Sept. 23, and Larry Gatlin and the Gatlin Brothers Band, slated for Sept. 27.

The Oak Ridge Boys' upsurge in the country music field got started in the fall of 1978 when they were named by the Country Music Association as "Vocal Group of the Year" and their four-piece band was named "Instrumental Group of the Year".

But industry tributes did not stop there, with awards and a string of sold-out performances in Las Vegas, the Oak Ridge Boys were

on their way.

The "Ya'll Come Back Saloon" and "Room Service" LPs helped entrench the group in a contemporary country music format.

The Oak Ridge Boys actually were formed during World War II in Knoxville, Tenn. Disbanded after the war, the group reformed in the middle 1950's. They now own two publishing companies and a recording studio in the Nashville suburb of Hendersonville, Tenn.

Born and raised in Rochester, Minn., Joe Sun was recently dubbed "the hottest new talent I've heard in 20 years" by superstar Johnny Cash.

Recording on the Ovation label, Sun has had two hit albums and four Top 30 songs. He is currently accompanying the Oaks on a national tour.

All seats are reserved and tickets are priced at \$4, \$5 and \$6. Mail order requests for reservations should be addressed to the fair association at P.O. 208, Lubbock, Tex. 79408. Orders will be processed in the order in which received but no orders will be filled until late July. All requests must be accompanied by a stamped, self-addressed envelope.

If at first you don't succeed you're like most other people.

-Spotlight, San Diego.

Create A "Winning Face"

WANT TO CREATE A "WINNING FACE"?

Have you ever dreamed about becoming a famous model who's photographed in exotic places wearing the latest designer originals? And when daydreams fade, have you ever wondered why that picture in the high school yearbook isn't particularly flattering and may not even look like you at all?

Makeup for photography should be different from the makeup you wear on the street. Even if you don't aspire to become a professional model, you do want to look your best in pictures. You also want to avoid "hot spots", "fade-out" and unflattering shadows.

"Hot spots" occur when the light reflects on shiny spots, usually on forehead, nose and chin. "Fadeout" results from lack of definition of certain features, such as lips and eyebrows.

As for unflattering shadows even a 16-year-old can have a dark smudge or a bit of puffiness under the eyes.

Here are some makeup tips to give your photos extra appeal:

Use a foundation product that provides adequate coverage, such as Total Finish of Powder Base,

rather than a liquid or sheer makeup. The aim is to achieve perfect coverage and prepare the face for color and highlight the way an artist prepares a canvas. Select only matte finish products for eyes. No silver or gold flecks to reflect light.

To define cheekbones, look straight ahead in mirror, place powder blush on top of cheekbones from center of eye back to hairline.

Apply contouring shadow (a darker shade of blusher) right under cheekbone from hollow back to earlobe.

Brows may have to be exaggerated for photography. Darken slightly if they're light.

Outline lips with pencil, then fill in with color. Apply a bit of clear lip gloss to center of bottom lip only.

Line upper eyelid and outer two-thirds of lower lid with soft pencil lightly smudged.

Apply mascara to topside of upper lashes, then underside. Lightly apply to lower lashes as well. Let dry, then reapply.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN -- The other shoe in the Brilab investigation dropped with commotion Thursday when a Houston federal grand jury indicted Texas House Speaker Bill Clayton on six charges including fraud, racketeering and conspiracy to commit extortion.

Also indicted were Deer Park labor official L. G. Moore, and Austin law partners Donald Ray and Randall Wood.

The defendants were accused of plotting to use cash payments to Clayton and fraud to obtain a lucrative state insurance contract for a Los Angeles insurance firm, which actually was an FBI dummy firm and did not exist.

Clayton allegedly received \$5,000 from Moore in his Capitol office. Present during that transaction was Joseph Hauser, a twice-convicted California insurance man who was actually cooperating with the FBI.

Clayton has said the money was offered as a campaign contribution which he accepted to avoid embarrassing Moore. The money was kept several months in a credenza in Clayton's offices until the Brilab scam broke into headlines. Clayton told reporters then he kept the money to return to Moore when he returned to the Capitol.

Hot Speaker's Race

The indictment came as no surprise to Clayton and other legislators: the campaign to replace Clayton heated up considerably the day before the grand jury's decision.

In a flurry of morning press conferences, the two leading Speaker candidates, Rep. Gib Lewis of Fort Worth and Rep. John Bryant of Dallas, claimed the advantage.

Lewis released a list of 92 names which he claims are pledged to vote for him in the event Clayton is not a candidate in January, 1981. (A majority of 76 votes is needed to win the speaker's platform.) Lewis claimed victory.

Bryant disputed Lewis' claim, saying several on Lewis' list were persons yet to be re-elected. Bryant kept the names of his supporters a secret, saying that to expose them would leave them vulnerable to election defeat at the hands of his political foes.

Threats of Interference

Bryant's reference to danger for any legislator who publicly commits to a speaker's candidate is well-founded, but both sides are guilty of applying that same political pressure, Bryant as well as Lewis. A rule of thumb passing around the Capitol halls is that any legislator who pledges for Lewis can expect Bryant to meddle in his district elections, and vice versa.

While Capitol veterans are accepting this pressure as a political fact of life, many legislators are growing fed up with the threats of blood-

letting... and so are voters back home as they become aware of it.

Texas Nuclear Waste

The House Committee on Environmental Affairs last week heard testimony that disposal sites for low-level nuclear waste materials from research labs and hospitals in Texas must be provided.

Much nuclear waste in Texas comes from research in medicine, and lack of disposal facilities will seriously compromise patient care in this state, according to one witness.

Currently, there are only three waste dumps in the U.S. and the Legislature was under pressure last session to create a Texas dump. That issue will undoubtedly undergo hot debate when the Legislature convenes in the spring.

Bullock Rebuffed

State Comptroller Bob Bullock does not have the authority to initiate audits and probes of how state agencies spend their funds, Attorney General Mark White ruled last week.

In a legal opinion, White ruled Bullock has ample authority to investigate and audit private taxpayers, but not state agencies. White upheld former Atty. Gen. John Hill's ruling on the matter two years ago.

Spenders and Funds

The State of Texas received a reprimand from the U.S. Department of Transportation for inadequate compliance with the 55-mile-per-hour speed law.

Coupled with the rebuke was a warning that Texas could lose up to \$8 million in federal highway assistance.

\*\*\*\*

While government is designed to serve the people, it cannot support them.

The Sandhills Philosopher

Editor's note: The Sandhill's Philosopher on his Johnson grass farm on Sandy Creek tries to explain the automobile business this week, more or less.

Dear editor:

Some people are having trouble understanding the automobile business these days.

Why, they ask, are the big three car makers giving you a \$500 rebate if you'll buy one of their new cars? "Buy a car from a dealer and we'll mail you a check for \$500 direct from Detroit," the ads read. Why don't they just reduce the price \$500 and save the postage, some people are asking.

They shouldn't ask such questions. Rather, they should keep quiet and let the idea spread to other areas. Maybe even the government will catch on.

For example, next year well ahead of April 15, Washington ought to take out an ad in The Journal saying "Pay your income taxes early and we'll mail you a check for \$1000."

You might say, why doesn't Washington just reduce taxes and save the trouble of mailing me a rebate, but that's because you don't understand the automobile business of the government either.

You see, when you get a check for buying a car you feel like you're getting something for nothing, while sometimes when you pay your taxes you feel like you're getting nothing for something. A government rebate might offset that feeling, if you

can overlook the fact it'll be added to your next year's taxes.

Of course the idea can be carried too far. I'm not in favor of sending anybody a check for buying something produced out here on this farm. No use going hog-wild over it.

On the other hand, a judicial use of the idea has great merit. I'll be glad to trade in my old subscription and buy a new one to The Journal if you'll mail me a check for \$10.00.

Yours faithfully,

J.A.

Farmers Still Single Largest Land Owners

AUSTIN--Despite the fact that so much of American land today is urbanized, farmers remain the single largest group of private landowners in the United States, according to Agriculture Commissioner Reagan V. Brown.

"Farmers and farm managers make up less than 2 percent of the U. S. adult population, but they own 46 percent of all private land," said Brown, commenting from a recently-released U. S. Department of Agriculture study of American land-ownership. The survey, conducted in 1978, also shows that over 8 percent of all land-owners are farmers.

Brown noted that the last government survey of land-ownership in 1946 showed there were slightly more than 6 million farmland owners, of which 70 percent were actual farm operators. "Today, there are still about 6 million farmland owners, but the number who actually operate farms has dropped to around 33 percent."

Since 1975 alone, Texas has lost over 16,000 farmers and about 1.3 million acres of farmland. This has been duplicated on a much larger scale nationwide. Individual farms have become fewer, but have grown larger in size.

"The continuing loss of farmers and ranchers, coupled with declining farm acreage, should be one of this country's priority concerns," said Brown.

MRS. MARK W. SLAYDEN (nee Ann Luedtke)

# Yard Wedding Unites Miss Luedtke, Slayden

Ann Luedtke became the bride of Mark Slayden Saturday, May 24 at 1 p.m., in the yard of her parents home in Paducah. Flavil Yeakley, Sr. of Gustine, Tx. officiated at the double ring ceremony. The wedding rings were designed with diamonds from rings belonging to the groom's mother. Parents of the couple are Mr. and Mrs. Charles Luedtke, Paducah and W.B. Slayden of Muleshoe.

The bride given in marriage by her father, Charles Luedtke, chose a silk chiffon dress with a Queen Anne neckline. The bodice, skirt and cuffs were appliqued with alencon lace and embroidered with seed pearls. Sheer full bishop sleeves covered a straight fitted sleeve appliqued with lace motif. The full skirt had a chapel train with hemline flounce. The dress was made by the bride's mother.

Her waltz length illusion veil was attached to a picture hat covered with alencon lace embroidered with pearls, and her bridal bouquet was of white roses, daisies, carnations, and baby's breath, tied with white satin ribbon with love knots. The cascade rested on a Bible belonging to Sue Goins of Vernon. For something old, Ann wore a pearl necklace belonging to her maternal grandmother, a gift from her grandfather on their wedding day sixty years ago. Something new was a Bible cover, made by Mrs. Billy Smith, from scraps of lace from Ann's dress. Something borrowed was a gold antique bracelet belonging to Mrs. Creamer's family. Something blue was a garter hand made by Mrs. Goins.

Sister of the bride, Mrs. David Polasek, of Crowell, served as matron of honor. Her gown was floor length yellow quiana sundress with spaghetti straps, covered with a silk chiffon cape. She wore a picture hat with baby's breath entwined in her hair, and

carried a nosegay of yellow and pale blue silk roses. Bridesmaids were Kathy Barrow, Dalhart and Betty Williams of Littlefield. Their gowns and flowers were identical to the matron of honor. Flower girl was April Polasek, Crowell, niece of the bride. She wore a white silk chiffon dress with puff sleeves and a full skirt with hemline flounce. The lace trim was the same as the bride's.

Joshua Slayden, Muleshoe, served as ringbearer. He is a nephew of the groom. Curtis Reynolds of San Angelo, was best man. Groomsman were Doug

Frost, Canyon, and Mike Slayden, Muleshoe, brother of the groom. Ushers were brothers of the bride, Allan Luedtke, Houston, Terry Luedtke, Vernon and George Luedtke of Paducah.

Mrs. Luedtke chose a rose pink floor length gown with an accordin pleated skirt, gathered sleeves with a V-neck bodice. The groom gave her a corsage of tiny pink rosebuds with baby's breath.

Music was provided by Mrs. Allan Luedtke, pianist and Betty Williams, soloist. Miss Williams sang a

special song she had composed for Ann and Mark. Sandra Wilkinson, Mansfield, registered the wedding guests.

The reception was in the

backyard of the home, where the guests were served bar-b-que pork and goat, smoked ham, German sausage and salads.

Mrs. Larry Pachacek, cousin of the bride and Miss Sabrina Winegardt served the tiered wedding cake, chocolate cake and fruit punch for dessert.

After a wedding trip to Honolulu, Hawaii, the couple will be at home in Canyon. For her going away attire the bride wore a two piece yellow linen suit with black accessories.

She graduated from Paducah High School and West Texas State University Secretarial Skills. She is employed by Shearson Loeb Rhoades Brokerage. The groom graduating from Muleshoe High School and is a Senior Business major at West Texas State University. He is employed by Computer Supply.

The rehearsal dinner was held at 7 p.m. in the fellowship room of the Church of Christ. The dinner was hosted by W.B. Slayden, father of the groom.

Ann was honored Saturday morning at 9 a.m. with a bridal brunch in the home of Mrs. Wylie Moffitt. Mrs. Charles Walker and Mrs. Forest Creamer were hostesses.

## Young Homemakers Special Meeting

The meeting of the Muleshoe young Homemakers was called to order June 10, it was a special meeting to decide about the activities for the summer months.

The club decided to make homemade ice cream for the Fourth of July at the park that night. It was also decided to keep the skating going through the summer months from 7-10 p.m. The cost will still be 50 cents at the door.

There was a discussion on continuing Bingo at the nursing home. They voted to do Bingo the second Tuesday of each month at 10 a.m. Refreshments will be served. Story hour at the Library is scheduled for the winter months only, Becky Street is in charge.

## Gift Ideas

### DADS AND GRADS

If you're not quite sure of what to present to Dad or a grad this year, take a new tack: look for beauty in the practical.

Men may not respond very positively to fanciful and frivolous gifts. They often most appreciate the gift that is exactly what they'd buy for themselves. They esteem the giver who seems to have read their minds—and spared them the burden of shopping!

Make a purely practical gift memorable by choosing the best of kind. For instance, for Dads and grads a travel clock is an impressively practical gift. A particularly handsome one is Timex Clock's quartz travel alarm — Model 7803-113 — elegant in its compactness. Suggested retail price, \$21.98.

For men, it's often a good idea to find the beautiful in the useful.

# Miss Susan Crittenden, Wilson Repeat Wedding Vows

Susan Patrina Crittenden and Danny Scott Wilson were united in marriage June 7, at 7:30 p.m., at the Muleshoe Church of Christ.

Parents of the couple are Mr. and Mrs. Wayne Crittenden and Mr. and Mrs. Gordon Wilson.

Royce Clay, Church of Christ minister of Big Springs officiated at the double ring ceremony. Presented in marriage by her father, the bride wore a formal length gown of white organza fashioned with a high neckline of scalloped chantilly lace and full length shadow sleeves held with a deep cuff of lace. The empire bodice had an overlay of chantilly lace encrusted with seed pearls. The A-line skirt

flowed into a chapel length train. A deep band of lace formed the hemline of the skirt and train. The headpiece was a Joliet cap of matching lace holding a lace edged veil of illusion.

She carried a silk nosegay of apricot roses, miniature apricot carnations accented by dried gypsophila and love knots.

Following tradition, something old and something borrowed was a pearl necklace and earrings belonging to the groom's grandmother, Mrs. Gladys Wilson, for something new her gown, something blue was her garter, and in her shoe she wore pennies minted in the year of their birth.

The couple repeated their

vows before an arch candelabra accented with jade and apricot bows. Flanking each side was a spiral candelabra. A memory candle nested in an arrangement of leather leaf fern and apricot colored bows accented the setting.

Pew markers of frosted hurricane globes and apricot bows completed the church decorations.

Traditional wedding music was sung by a group called "Children of Promise". They sang "Evergreen", "Sunrise", "Sunset", "Longer", "We've Only Just Begun", "Traditional Wedding Song", "Annie's Song", "For Baby (For Bobby)", and as the memory candle was lit, "With You - I'm Born Again".

Candlelighters were Rene Witherspoon and Cory Witherspoon, cousins of the bride of Lubbock. Rene wore a formal length gown of apricot organza and matching silk flowers and dried gypsophila in her hair. Cory wore a tuxedo identical to the groomsmen.

Shae Pena of Lubbock, served as maid of honor and Kim Wilson, sister of the groom, and Pam Jackson, Lubbock, served as bridesmaids. They wore matching formal length gowns of apricot silesta with a blouson bodice which featured a scoop neckline and self fabric bows at the shoulders. A floor length circular skirt fell from a natural waistline and was tied with a self fabric belt.

They carried nosegays of silk miniature apricot carnations, miniature beige carnations accented by gypsophila and they wore complimentary hair pieces. The flower girl, Mindy Jackson of Lubbock, wore a formal length gown of apricot organza and carried a natural basket in earth brown color accented by apricot bows and filled with satin love knots.

The bridegroom wore a toast ventley tuxedo by After-Five, and apricot shirt.

Billy Vinson served as best man and Cody Crittenden, brother of the bride and Mark Harmon served as groomsmen. They wore toast ventley tuxedos with contrasting trim and apricot shirts.

Ushers were Mike Bland and Dave Poyner of Portales, N.M. They seated the grandmothers of the bride, Mrs. W.M. Crittenden of Anton and Mrs. Hazel Ward of Muleshoe and grandparents of the groom, Mr. and Mrs. George Mitchell and Mrs. Gladys Wilson all of Muleshoe.

The bride's mother chose a formal length gown of apricot crepe and her corsage was made of orange lace carnations accented by adobe rose kalanchoes.

The mother of the groom wore a formal length gown of light brown silk with a corsage of orange lace carnations accented by adobe rose kalanchoes.

A reception followed in the church fellowship hall. The reception table was skirted with an apricot knit cloth. An arrangement of silk flowers in the bride's colors was flanked by crystal candelabra with apricot tapers. Apricot mints by Rita Thomas, aunt of the groom, accented the table. The three tier solid white wedding cake, featuring roses and a little basket filled with roses was made by Ruby Ward.

Leslie Wagon, Ryda Crittenden, cousin of the bride, and Kelly Prentice served punch and cake.

Rice roses of apricot and dried gypsophila in natural baskets made by Jo Harmon were passed out by Kendra Wilson, sister of the groom, and Katy and Julie Crittenden, sisters of the bride. They wore identical dotted swiss dresses

featuring elasticized off the shoulder ruffles and elasticized waist.

Those serving in the houseparty at the reception were Mrs. Haney Poyner, Mrs. Merlyn Neel, Mrs. Gary Dale, Mrs. Butch Vandiver and Mrs. Dave Sudduth.

For a wedding trip to Ruidoso, N.M., the bride chose a pantsuit of aqua blue and white. The couple will reside at 1729 W. Ave. B in Muleshoe.

Danny is a 1978 graduate of Muleshoe High School and attended South Plains College, LCC and is now employed at the Tolk Plant.

Susan is a 1978 graduate of Muleshoe High School and attended South Plains College. She is now employed by Wilson Appliance.

Jill Anderson of Denton presided at the registration table which was draped in white lace and contained the bride's book and apricot plume pen, brass candlesticks with apricot candles accented it.

Out of town guests were from Portales, Santa Rosa, Clovis, Albuquerque, Lubbock, Levelland, Seminole, Big Springs, Morton, Paducah, Guthrie, Earth, Tulia, Anton, Spade and Denton.

The groom's parents, Mr. and Mrs. Gordon Wilson, hosted a rehearsal dinner at the XIT.

Worrying about little things is largely a result of having nothing important to worry about.

**GOLDEN WEDDING ANNIVERSARY....** The children of Tom and Dorothy Bogard would like for all their friends to be a part of the Golden Wedding Celebration Saturday, June 28, in the Bula Methodist Church. At 1:30 p.m. a program is planned and at 2:30 p.m. there will be a reception, visitation and games. They are asking no gifts please.

## Parmer County Historical Commission

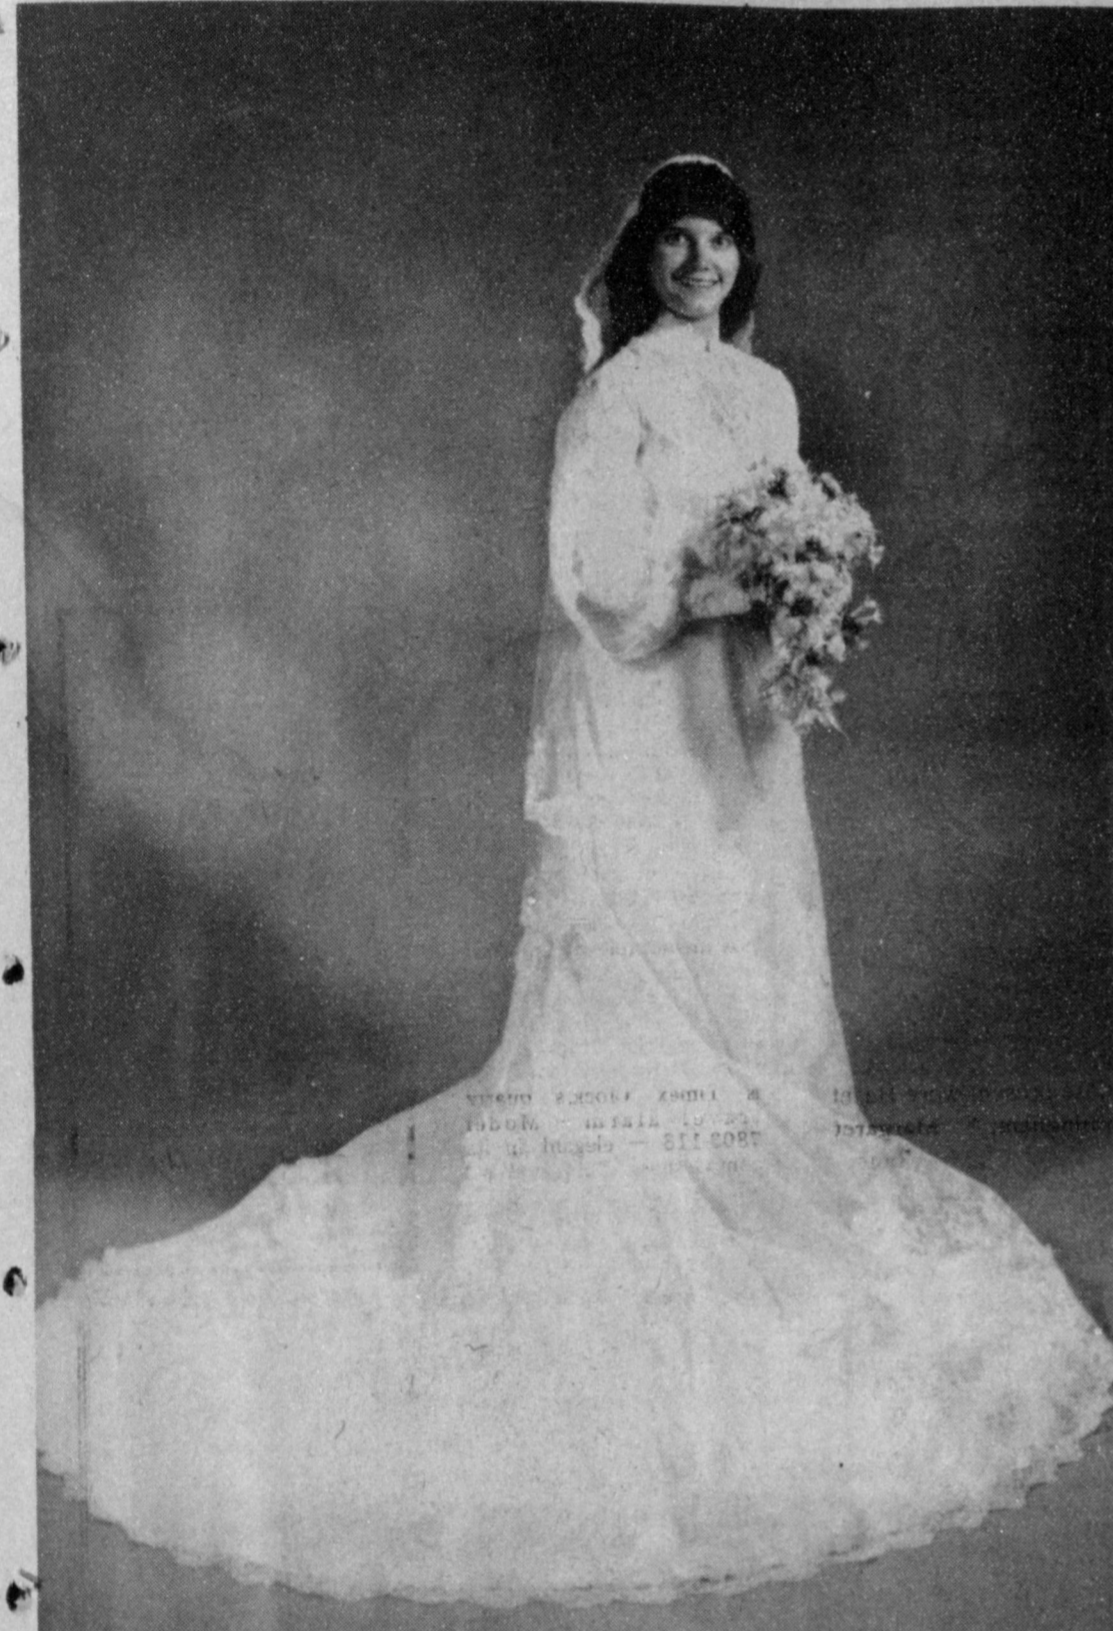

The Parmer County Historical Commission has mailed out over 4,000 letters to persons who have been or are now residents of the county. If someone did not receive a letter but would like one, please contact Otho Whitefield 265-3542 or any of the area representatives which were listed in an earlier paper. The Historical Commission would very much appreciate knowing names and

addresses of friends and relatives who might enjoy hearing about the book.

### Mower Power To You

Your mower must be ready for the job. The Outdoor Power Equipment Institute suggests:  
1. Take the mower to an authorized service dealer for inspection unless you had it serviced in the fall.  
2. Make sure the spark plug is clean. If necessary, replace it while the engine's off.

MRS. DANNY WILSON (nee Susan Crittenden)

## Regina Ann Macha, Lynch Engagement Announced

Mr. and Mrs. Emil Macha of Littlefield would like to announce the engagement and approaching marriage of a daughter, Regina Ann to Marc Lynch, son of Mr. and Mrs. Art Lynch.

The couple plans to wed on Friday July 4, at 4 p.m., in the Sudan Church of

Christ. The bride-elect is a 1978 graduate of Littlefield High School and a 1980 graduate of South Plains College. She is employed at Ernest Mills Cotton Company.

The prospective groom is a 1978 graduate of South Plains College and is em-

ployed at Maytag Aircraft Corp. at Reece Air Force Base.

 as stainless steel tubes.

Something else new for SPS at Tolk is a building separate from the plant for the office and control room. The structural steel has now been erected for this two story building which will have the office on the first floor and the control room on the second floor. The office-control room building will be connected to the plant by an enclosed walk-way.

In July, when the siding starts going up on the boiler structure, the turbine generator building and the office-control room building Tolk Station will really begin to look like an electric generating station.

roping, flag race, rescue race, goat race and steer dabbing.

In the 15-19 age group will be steer dabbing, cow riding, tie down roping, ribbon roping, breakaway roping, chute dogging and team roping.

Girls 9-14 will participate in barrel race, pole bending goat tying, flag race, rescue race, goat race, and steer dabbing.

For the 15-19 year old girls, events will be breakaway roping, barrel race, pole bending, goat tying, flag race, steer dabbing and goat race.

Sixty percent of all entry fees will be paid back with the first three places paying in each event.

Trophy spurs will be awarded to all around in each junior and senior age group and all participants must be prepared to show proof of age.

Entries for the junior rodeo may be made with Peggy Bates, John's Custom Mill, 523 American Blvd., Muleshoe, Texas 79347, or call 272-4373.

**Police Report**

According to records in the office of the Muleshoe City Police, officers have made a number of arrests since last Friday. These have included 13 illegal aliens, transported to Lubbock by the Border Patrol; two for public intoxication; one for no driver's license; one illegal possession of a firearm; one disorderly conduct; one making false report to police. The case was filed with the county and bond was set at \$750.

Also, a theft at Muleshoe Junior High School, over \$200; a report of a theft under \$5 and one person reported criminal mischief.

Eva Cruz, dispatcher for the Bailey County Sheriff's office, said their only activity has been to apprehend five illegal aliens, who were turned over to the Border Patrol.

**Mosquitos Are Hazard As Well As Nuisance**

Rainy weather, standing water and that familiar pest, the mosquito, add up to a problem which affects the health and well-being of man and his domestic animals all across Texas, cautions County Extension Agent Spencer Tanksley.

It's the female mosquito whose painful bite during feeding not only causes discomfort, but also can transmit serious diseases, Tanksley said.

Diseases carried to humans by mosquitoes include encephalitis, yellow fever and malaria. Encephalitis and occasionally malaria still are important diseases in Texas, the county agent noted.

Among animals, a major problem in mosquito-borne diseases is heartworm in dogs. This and other diseases transmitted by the pesky insect can cause loss of property values and production efficiency and even prove fatal to animals.

Effective mosquito control is often a complex, expensive task requiring the cooperative efforts of individual homeowners as well as organized groups, communities and local and state government. Mosquito control personnel may be required on an extended basis and communities may wish to establish an area-wide approach to the problem, the county agent noted. The Texas Department of Health can provide information on establishment of a mosquito control district, he said.

But there is much the individual can and should do around the home, the agent stressed.

The first thing to do is eliminate their breeding sites, the county agent advised. Standing water from rain showers provides excellent breeding grounds for mosquitoes, he said.

"Mosquitoes can lay eggs wherever standing water is

available for a week or longer," Tanksley said. "Old tires, tin cans, bird baths, roadside ditches, rain gutters, temporary water containers and

swampy places all can hold enough water to enable mosquitoes to breed," he warned.

Empty out old tires and place them where they cannot collect additional water. Flatten and discard tin cans. Change the water in bird baths every week. Clean out rain gutters, remove temporary water containers and see that rain barrels and water storage tubs are tightly covered. Drain standing water from ditches and swampy areas.

"If there is standing water that serves as a breeding site but cannot be drained or eliminated, treatment with a larvicide will be necessary," Tanksley said.

One of the most effective larvicides is No. 2 diesel oil with a biodegradable spreader, applied at a rate of 20 gallons for each surface acre of water, or approximately 6 ounces per 100 square feet of surface.

Abate, malathion or Dursban applied to standing water at rates indicated on their labels also are effective larvicides, the county

agent said. But he warned that labels should be read carefully to determine the hazards these insecticides pose to persons applying them and to fish and animals that may use the water.

Control of adult mosquitoes offers the most immediate relief. Inside the home, aerosol bombs containing pyrethrin offer quick knockdown of adult mosquitoes, the Extension agent said. The killing effect of pyrethrin is very short-lived, so frequent application will be necessary to control adult mosquitoes inside the house. The "pest strip" offers effective indoor control for long periods. "One pest strip for each average size room is necessary to control mosquitoes," the agent said.

"Persons who are active where mosquitoes are a problem should use repellents," the Extension agent advised. "These repellents will protect you from biting mosquitoes for from one to three hours, depending upon your type of activity."

Those who always make positive statements have a lot to learn.

No firm figure can be placed on the additional dollar income that may accrue to High Plains producers from the recently successful efforts of Plains Cotton Growers, Inc., Lubbock, and others to cut back the announced micronaire discounts in the 1980 Commodity Credit Corporation cotton loan schedule.

To arrive at such a figure would require advance knowledge of the 1980 crop size, micronaire distribution, how much of the crop will enter the loan, and what effect, psychological or otherwise, the lower loan discounts will have on discounts that will prevail in the marketplace.

On a per-bale basis, calculations are simple. The loan discount on cotton in the 2.6 and below "mike" range was lowered from 830 points (8.3 cents per pound) to 720 points, meaning each 480-pound bale of that description will be valued \$5.28 higher for CCC loan purposes.

Strictly in terms of loan value, the revisions in mike discounts pushed the price for 2.7 to 2.9 cotton up 90 points, \$4.32 per bale; for 3.0 to 3.2 up 70 points, \$3.36 a bale; and 30 points, \$2.44 per bale, on 3.3 and 3.4.

The 1974 through 1979 crops in the 25-county PCG area averaged 11.7 percent in the 2.6 and below mike range, 20.7 percent 2.7 to 2.9, 19.5 percent 3.0 to 3.2 and 8.2 percent 3.3 to 3.4.

Using these averages and assuming a 1980 crop of 3,175,000 bales, if the entire crop went into the loan this year or was sold in the market at the identical loan discounts, the mike discount changes would add something over \$7.25 million to the value of this year's crop.

Should the 1980 crops repeat the extremely poor mike record of 1979, heaven forbid, the loan value difference could range well over \$12 million.

Whatever the value, says PCG Executive Vice President Donald Johnson, "we all owe a debt of gratitude to Congressman Kent Hance, Charles Stenholm and Jack Hightower, Senators John Tower and Lloyd Bentsen for their help on the issue, and to those USDA officials who were willing to look at and give fair-minded consideration to the facts and figures called to their attention."

Also beneficial to the overall effort, Johnson stated, was the active role played by some very articulate WIFE (Women in Farm Economics) members. "It is a distinct pleasure to see the interest being taken in High Plains cotton matters by this relatively new organization and we look forward to working with them in the future."

By Evelyn Ritchie

Ricky May, son of Mrs. Marvin May, and the late Marvin May, received his Bachelor of Science in Nursing degree with honors from the University of Texas Medical Branch at Galveston, May 17.

The ceremony marked the 88th commencement for the oldest nursing school in the southwest. The program was held in the Moody Memorial First United Methodist Church.

Graduates of the school of nursing are prepared to provide leadership for the continuing improvement and rededication of nursing education and practice. The graduate program prepares registered nurses to assume leadership positions in a functional role.

Ricky attended the University of Texas at Austin and received his BA degree there. He was inducted into the National Honor Society of the Nursing Profession and is presently employed at the Plaza Park Hospital in Houston. He will take his state board exam in July.

Mr. and Mrs. Jack Engram were in Vernon during the weekend to attend graduation exercises for their grandson, Travis Rick president of their student council.

Lance Duncan left recently for Phoenix to spend the summer. He has been accepted at Rice University and will be attending class

ses there in the fall.  
\*\*\*\*\*  
Mr. and Mrs. Halbert Harcey were in Odessa during the weekend to visit their son, Ryan Dale.  
\*\*\*\*\*

Wendy Knox visited recently with her grandparents, Mr. and Mrs. R.B. Knox. Her parents, Mr. and Mrs. Jimmy Knox came after her Saturday.  
\*\*\*\*\*

Mr. and Mrs. Troy Waller and children of Amarillo visited Saturday with their parents, Mr. and Mrs. Claude Kropp.  
\*\*\*\*\*

Brent Wiseman of College Station has been home with his parents, Mr. and Mrs. Kenneth Wiseman.  
\*\*\*\*\*

Faye Dorsey returned home Saturday from a long visit with relatives in Carlsbad, N.M.  
\*\*\*\*\*

Mr. and Mrs. J.T. Henderson of Whiteface, visited Monday with their daughter, Mr. and Mrs. Bob Nelson. They all went to their lake cabin at Seymour for a few days last week.  
\*\*\*\*\*

Lori Burge of Clovis has been visiting here with Mr. and Mrs. Tim Kent and Robbie.  
\*\*\*\*\*

Mr. and Mrs. Joe Sisneros and boys visited in Las Vegas during the weekend with his parents, Mr. and Mrs. Fidel Sisneros. David and Anthony remained there for a few days visit.  
\*\*\*\*\*

Among those from Sudan who were in Seminole Monday to attend funeral

services of Malcom Martin were Jo Ann Chester, Billy Doty, Mr. and Mrs. Carroll Legg, Mr. and Mrs. Dwayne Powell, Mr. and Mrs. James Nix, Mr. and Mrs. Bob Drake, Mr. and Mrs. Herb Potter, Tommy Laceywell and Blake, Marvin Tollett, Craig Doty and Mike Hill.  
\*\*\*\*\*

Ruth and Marie Withrow attended camp last week at LCC in Lubbock. Their sister, Martha has returned to ACU in Abilene to attend summer classes there.  
\*\*\*\*\*

Mr. and Mrs. James Carroll Williams of Hereford visited Sunday and attended funeral services of Ben Beauchamp.  
\*\*\*\*\*

Mr. and Mrs. Dood Haragan were in Pampa during the weekend for an art show.  
\*\*\*\*\*

Mr. and Mrs. Butch Blind of Grandhutton, Ohio and Mr. and Mrs. Pete Lance were in Muleshoe Thursday for dinner at Leaf's.  
\*\*\*\*\*

Sue Whitaker has been a surgical patient in the hospital in Lubbock this past week.  
\*\*\*\*\*

Mrs. Muriel Crouch returned home Tuesday from Arlington where she visited last week with her daughter Mr. and Mrs. Don Goodyear.  
\*\*\*\*\*

Amy Vickers, granddaughter of Mr. and Mrs. Ben Beauchamp, Jr. was honored Wednesday with a party on her fourth birthday.  
\*\*\*\*\*

Mr. and Mrs. Guy Walsen have been in Albuquerque the past few days to attend the New Mexico Bankers meeting. Guy was among the past presidents to be honored Wednesday at a dinner.  
\*\*\*\*\*

Crystal Johnson left Friday for her home in Temple following a visit here with her grandparents, Rev. and Mrs. Phillip Lopes.  
\*\*\*\*\*

Mrs. Roy Day returned home Wednesday from the Methodist Hospital where she was a patient several days last week.  
\*\*\*\*\*

Joey Bellar, son of Mr. and Mrs. Joe Bellar, and Shanda Vernon, daughter of Mr. and Mrs. Calvin Vernon, have been selected based on their athletic accomplishments, to be listed in "Who's Who Among High School Athletics of the Southwest." This tribute brings recognition to the individual, their family and to their school and a summary of their athletic achievements will be included in the 1979-80 edition.  
\*\*\*\*\*

Tanya Ray, daughter of Mr. and Mrs. Jerry Ray was one of the three students receiving scholarships from the Five Area Telephone Cooperative Inc. and the First National Bank of Muleshoe. Others receiving the \$400 scholarships were Tamara Jones and Tommy Wheeler of Muleshoe.  
\*\*\*\*\*

Sherry Blackwell of Amarillo visited recently with her parents, Mr. and Mrs. Percy Harlin and they were

in Earth May 24 to help celebrate the second birthday of Melonie Park, daughter of Mr. and Mrs. Don Park. They visited in Littlefield with Mrs. Ethel Harlin formerly of Sudan, at the Hospitality Home.  
\*\*\*\*\*

The TEL Sunday school class of the First Baptist Church held a salad supper June 3, in the fellowship hall of the church. Hazel Savage and Oleta Reese were hostesses. Jean Harvey gave the opening prayer and Louise Parrish presided over the business meeting.

Grace Patterson brought the devotional on "Love" reading from 1 John 4: 8-16. Others present were Ouida Parrish, Rosie Snow, Thelma Vincent, Precious Johnson, Eunice Bascus and Elsie Cate.  
\*\*\*\*\*

Mr. and Mrs. W.A. Beale were honored Friday with a housewarming in their recently purchased home on Highway 303, formerly belonging to the John Withrows. The table was covered with a lace cloth over yellow and was centered with a money tree. Cookies and punch were served from crystal appointments to the some 50 persons attending.

Out of town guests were Mr. and Mrs. Felton Harper of Muleshoe, Mr. and Mrs. O. Chambers of Slaton and Mr. and Mrs. Bill Cook of Littlefield.  
\*\*\*\*\*

Mr. and Mrs. H.J. Rucker of Independence, Mo. visited recently with his

mother, Lena Waller and his sister, Mr. and Mrs. Hubert Dykes.  
\*\*\*\*\*

Shirley Martin, Joe and Gordon returned home Wednesday from Seminole.  
\*\*\*\*\*

Drucilla Moss returned home recently from the hospital.  
\*\*\*\*\*

Louzelle Serratt visited Wednesday with Griff Bayles who is a patient in the Amherst hospital and also at the Manor with Mrs. Bessie Snyder.  
\*\*\*\*\*

Stephanie Bickett and Misty Miller have gone to Houston for a visit with relatives.  
\*\*\*\*\*

Mrs. George Newcomer of Houston has been here visiting her parents, Mr. and Mrs. Jerry Ray, Tanya and other family members.  
\*\*\*\*\*

Sharon Vickers, Kristi and Amy of Mansfield, Ohio and Sherry Capers and Rebecca of Cadiz, Ohio arrived Friday to visit their parents, Mr. and Mrs. B.A. Beauchamp, Jr. and Derwin. They were here to attend funeral services Sunday for their grandfather, Ben Beauchamp.  
\*\*\*\*\*

Among those from Sudan attending funeral services Monday in Seminole for Malcom Martin were Mr. and Mrs. Norman Humphreys, Mr. and Mrs. Mike Nix, Mr. and Mrs. Pat Kent, Mr. and Mrs. Bo Lance, Mr. and Mrs. Glen Cardwell, Mr. and Mrs. Bobby Carson, Mack Lowe, Jammy Markham, Carl Burnett. Mr. and Mrs.

Charles Burnett, Mr. and Mrs. Wix Gaston, Mr. and Mrs. Tim Nix, Mart Davison, Ansil Locke, Kendall Johnson, Theron Hill, Mr. and Mrs. Bob Summer.  
\*\*\*\*\*

Mr. and Mrs. Butch Blind, Lee Ann and Chris of Grandhutton, Ohio left Friday after a visit with her brother, Mr. and Mrs. B.A. Beauchamp, Jr. and Derwin and other family members. They were here to attend funeral services for her father, Ben Beauchamp. Other family members, Joy Wallace of Jackson, Miss. and Mr. and Mrs. Don McMechal of Dallas returned to their homes Monday.  
\*\*\*\*\*

Mr. and Mrs. Dick West have returned home from Toledo Bend where they vacationed during the winter months.  
\*\*\*\*\*

Debbie Hill has been a surgical patient in the Littlefield Hospital.  
\*\*\*\*\*

Sheribob Taylor underwent foot surgery Monday at Methodist Hospital in Lubbock. It was reported that she's doing well.  
\*\*\*\*\*

Mr. and Mrs. Mark Goodman of Clovis were recent visitors with Mr. and Mrs. G.C. Ritchie.  
\*\*\*\*\*

Mr. and Mrs. D.W. Williamson returned home Saturday from Lake Graham where they vacationed several days. They also visited in Vernon with their son, Mr. and Mrs. Robert Williamson and family.  
\*\*\*\*\*

Mr. and Mrs. Lance as-

sisted their daughter, Mr. and Mrs. Robin Davis and girls in their move to College Station during the weekend. They also visited in Roscoe with Mr. and Mrs. ank Brown, former Sudan residents.  
\*\*\*\*\*

Druscilla Moss has been a medical patient in the Methodist Hospital in Lubbock.  
\*\*\*\*\*

Mr. and Mrs. Roy Engram and family of San Angelo visited recently with his parents, Mr. and Mrs. Jack Engram.  
\*\*\*\*\*

Mr. and Mrs. Claud Kropp visited a few days recently with their children, Mr. and Mrs. John Kropp, Sonny and Blue.  
\*\*\*\*\*

Mr. Rasco, father of Elroy Rasco, has been a patient in the Amherst hospital this past week.  
\*\*\*\*\*

Mutt Hanna was in Vega recently to assist her daughter, Mr. and Mrs. Dwayne Grey and family in moving from Amherst to Vega. He has accepted the position of head coach there.

**EDITORIALS**

**Weizman's Bid**

Most Americans probably come closer to supporting the views of just-resigned Israeli Defense Minister Ezer Weizman than those of Israeli Prime Minister Menachem Begin.

Weizman takes the view that the opening to the Arab world provided by President Anwar Sadat, which is what Israel has been waiting for for thirty years, is too much of an opportunity to be wasted.

He fears that Begin's tough policy of no-give on the Palestinian rights issue could doom chances of a permanent, overall peace settlement in the Middle East. Thus he resigned. And he openly admits he would assume the future leadership of Israel, as a Begin replacement.

Weizman exhibited considerable courage in resigning from the cabinet and challenging his own party and government on a matter of principle. He believes there is room for compromise and conciliation in Israeli policies, as does President Carter and most Americans. He seems eminently qualified as the next leader of the Jewish state, one who might, at last, produce peace and live-and-let-live in the Mideast.

**Politics & Refugees**

It's now quite obvious Fidel Castro had the best of President Carter in the Cuban refugee fiasco. Castro dumped jailbirds, spies and misfits, along with deserving people, into this country.

Afraid of too long to stop the exodus, because of the Hispanic vote, Washington politicians allowed the flood to continue until it became clearly obvious what was happening. Riots in Arkansas by agitators and trouble makers, forcing Carter to use 2,000 troops to maintain order, demonstrate the folly of U.S. policy. Washington should have airlifted most of the refugees to other Latin countries, of course; and this would have shown the world that Cubans were fleeing communism, and were not just opportunists seeking to get into the U.S.—which many were.

Congressman Andy Ireland, Florida Democrat, was one of the few politicians who had the courage to speak his mind frankly about allowing the sudden influx of unscrubbed Cubans into this country. He sent the following telegram to Mr. Carter in recent days:

"Florida has borne considerably more than its fair share of the burden of Cuban refugees. Currently there are 97 Florida veterans seeking admission to the Tampa Veterans Hospital Psychiatric Facility from my congressional district alone. Over the past weekend 13 Cuban refugees were admitted to this facility and it is my understanding that up to 12 more are scheduled to be admitted. We cannot and should not give refugees or anyone else preferential treatment over our own veterans. I urge you to find accommodations for the refugees."

In addition to this unbelievable situation, there is a program to educate Cubans at U.S. Government expense, as well as special provision to allow them to get on the welfare and food stamp rolls—all, of course, paid for by American taxpayers!

**The Speaker Reports**

by Bill Clayton

AUSTIN—House Bill 726, which passed the 66th Legislature and was signed into law last June 13th, initiates a voluntary automobile inspection and maintenance pilot program in the State of Texas. Such a program represents a tremendous advancement for our state in developing new methods of controlling air pollution and thus improving Texas' environment.

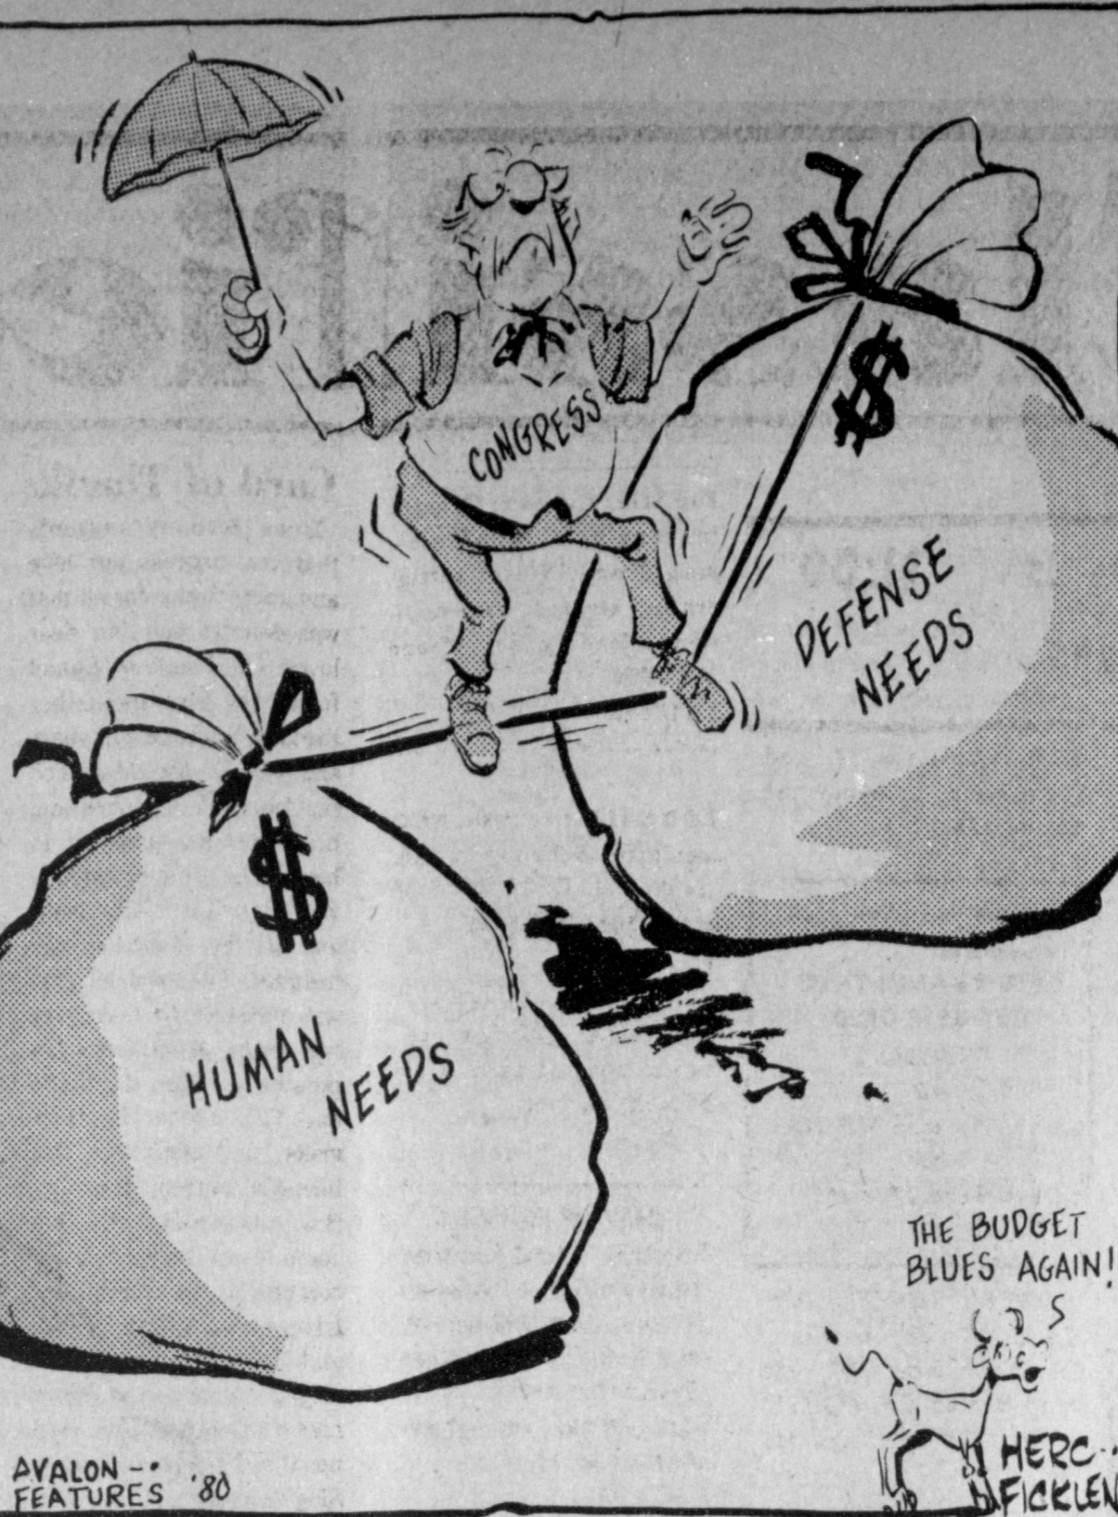

Legal requirements for the inspection and maintenance (I/M) program stem from the 1977 Clean Air Act Amendments. These amendments call for various states to address five specific areas in their state implementation plans to be filed under the Clean Air Act. One such area includes the implementation of an I/M program.

The I/M program is two-fold in nature. First, it requires vehicles to be inspected for emissions of hydrocarbons and carbon monoxide in excess of standards previously set by the state.

Secondly, it requires that vehicles which have failed to meet the established criteria be repaired in order to pass the emissions test. The main objective behind this program is to improve air quality by reducing vehicle exhaust emissions as much as possible.

According to recent estimates made by the Environmental Protection Agency (EPA), 60 percent of all one-year old cars exceed federal new car emission standards and 75 percent exceed those standards after four years.

House Bill 726 is specifically designed to determine

AVALON -- '80 FEATURES

if an I/M program will result in lower exhaust emissions in Texas thereby improving the quality of the air we breathe.

The bill, co-authored by Representatives Tim Von Dohlen and Bennie Bock, calls for the Texas Air Control Board to join with the Texas Department of Public Safety and the Department of Highways and Transportation in studying and evaluating motor vehicle inspection and maintenance, safety and registration programs and implementing a voluntary pilot program of automobile inspection maintenance.

The I/M study, to be funded by a grant from the EPA, will emphasize present-day automobile inspection and maintenance procedures in Harris and

adjacent counties and will be applicable to all areas of Texas.

Before December 1, 1980, the findings of the I/M pilot program will be presented to the members of the 67th session of the Legislature and recommendations will be made as to the most feasible program, if any, for controlling motor vehicle emissions in the State of Texas.

**KENNEDY & CARTER**

Sen. Edward M. Kennedy's private meeting with President Carter did not change his mind about challenging Carter for the Democratic presidential nomination. The Massachusetts senator said Carter did not ask him to withdraw from the presidential race.

**ON TARIFFS**

The Treasury announced that it would raise tariffs on certain types of imported pickup trucks. The move could have potentially great significance for the domestic automotive industry and trade with Japan. Currently, the trucks subject to the ruling are classified as incomplete vehicles because the cab chassis is shipped separate from the body.

**MUSKIE'S SPOKESMAN**

Secretary of State Edmund S. Muskie said that he would name John H. Trattner, a career official in the International Communication Agency, as the new spokesman for the State Department, Administration officials said. He would replace Hodding Carter III, who is leaving on July 1.

**CAPITOL UPDATE**

John Tower  
U.S. SENATOR for TEXAS  
142 RUSSELL OFFICE BUILDING  
WASHINGTON, D.C. 20510

If you could make more money for doing the same job -- and probably work fewer hours -- simply by changing employers, it's likely you'd take the opportunity.

That is what is happening in the U.S. military. Many of its members are leaving to take better-paying jobs in the private sector because we have lost "comparability" in pay scales. This problem is particularly acute with middle-level officers, such as pilots, and with non-commissioned officers. Their skills are critical to an effective national defense.

I have introduced two amendments which would help solve this problem. The first would remove the "pay cap" which could keep the full "comparability" increase from going into effect. The second would set aside 25 percent of the total amount for pay raises to be used for those pay grades in which the gap between military and private sector wages is the largest.

I recognize that inadequate pay, benefits and allowances are not the sole reasons our armed forces are having trouble retaining their members. And increasing pay and allowances alone won't solve all our military manpower problems. But I do believe that we must make military compensation more competitive with the private sector and civilian government employment.

The Senate's First Concurrent Budget Resolution this year anticipates that an 11.7 percent pay increase will be necessary to retain comparability. Anything less than a full comparability pay increase would send the wrong signal to our citizens in uniform and make our retention problems worse. So my amendment would keep the President from putting on a pay cap next year and thus preventing the full amount approved from going into effect.

But that step is not enough. An across-the-board pay hike is not the most cost-effective way to deal with the present problem. We need flexibility to concentrate increases on specific pay grades and longevity steps where they are needed, without giving other pay grades greater raises than are necessary to achieve the goal of comparability.

The added flexibility also would permit some restructuring of military pay schedules to begin to reduce "pay compression," a problem which causes military men and women to fall further behind their civilian counterparts as their careers progress because of small differences among the different pay grades.

Certainly, these two steps aren't enough by themselves to solve the pay-related problems of the military. I strongly support legislative proposals to correct problems and inequities in the current benefits and allowances structure.

We must remember that weapons and ships and planes don't make by themselves for a strong defense. The heart of our national security is people -- skilled and dedicated people who devote their lives to making our nation strong. Risk and sacrifice is inherent in military service. But we cannot ask these fine men and women to serve at the expense of a reasonable standard of living.

## Card of Thanks

To us there are no words  
that can express our love  
and appreciation for all that  
was done by our dear  
loved one, Onnie McDaniel  
for all the love shown her  
the three and one half years  
she was in the Muleshoe  
rest home. The nurses and  
help were so precious to  
her. To Dr. Homer Allgood  
and Dr. Gary Albertson,  
and all the nurses in the  
hospital. They did all that  
was possible to make her  
last days as peaceful as  
possible. To Bro. Bouchelle  
and Bro. Stone, for their  
visits and prayers. The  
beautiful funeral service by  
Bro. Bouchelle. No one  
could have brought more  
comfort to the family and  
friends than he did. To Mr.  
and Mrs. Wayland Eth-  
ridge, for the marvelous  
music and songs. They will  
never be forgotten. To the  
Singleton-Ellis Funeral  
Home, our loving thanks.  
They were very thoughtful  
and understanding.  
How can we ever repay  
our friends for the visits,  
food for our family, cards,  
flowers and memorials?  
May with the help of our

ever loving God, some how  
and some way we can do  
this.  
May our God keep you in  
his care, and please never  
forget we will always love  
you.

# Instant Vegas Bingo

### ODDS TO WIN

ODDS vary depending on the number of Game 1 tickets purchased. The more tickets you purchase the better your chances of winning. Instant Vegas Bingo Series - 48842 tickets to be played in participating shops from 1-4-80 through 6-30-80. Scheduled termination date of this game is August 31, 1980. Instant Vegas Bingo officially ends when all Game 1 tickets are sold. Tickets and prizes have been recognized and authorized such that the odds to win any prize remain essentially identical to the previous series.

ODDS CHART EFFECTIVE JUNE 1, 1980
