VOL. 39

STERLING CITY TEXAS, FRIDAY, NOVEMBER 21, 1939

NO. 22

THERE IS GOLD IN WEST TEXAS

Gold ore assaying up to \$60,000 a ton has been found in a vein in a 110 year old mine in Georgia.

West Texas might wish for such a strike, but there may be bonanzas in our neglected opportunities.—San Angelo Standard

Those "Goobar Grabblers" had been passing over that gold ore for the last 110 years and it remained generation after generation for one of the present generation to discover it last week.

Over a century ago, gold was found in the vicinity of the late strike and fortunes were taken from the gravel and sand, but it remained for one of last week to find the rich mother lode.

To my mind, there is rich deposits of gold in West Texas, but it may be a hundred years before it is discovered and developed. The present landowner is interested mostly in grass and water for his sheep and cows. Of course he likes the money he gets out of oil leases, but you rarely find one of these old scouts who digs for oil—he lets the other fellow do that.

The average rancher is not interested in gold. If he were to catch a gold prospector prowling in his pasture, it is probable that the prospector would be an unwelcomed visitor and in some cases Mr. Prospector would be told to get out and stay out. Their pastures, sheep and cattle are producing gold mines to them and they are content to let well enough alone.

While surveying a track of land in 1912 I picked up a piece of rock that looked very much like a specimen of gold ore which had been sent to me from Arizona. I put it in my "war bag" with other junk that was my custom to gather on such trips.

Several days after I got home, I broke the rock open and found it literally strung with wire gold. I went back to the spot where I found this rich specimen to look for more, but found none.

My brother, T. J., who is an experienced gold prospector, went with me back to the spot and after diligent search, we found a ledge of quartz that was identical with the rich "float" that I had found.

We brought away several specimens and he crushed and "panned" several pieces of the quartz and found colors in them. Then we sent a piece of the first specimen together with two others broken from the quartz ledge and sent them to an assayer in Wickenburg, Arizona for assay.

Soon he reported as follows:

NO 1 Sterling Mine \$8333. per ton.

NO 2, \$1.03 per ton.

NO 3 \$1.03 per ton.

Well, we had found gold. What were we going to do about it?

Nothing.

Why?

Because the land on which it was found was not ours. The laws of Texas gives no one who discovers gold a right to it. We were without the rights of discovery. When we gathered those specimens, we became naked trespassers. We had laid ourselves liable to arrest, prosecution, conviction and severe punishment. We wanted none of this. The gold is still there, and a hundred years may pass and it will still be there.

A few weeks ago, a friend invited me to examine a ledge of quartz

Thanksgiving

(WNU SERVICE)

Mrs. McDonald Died Monday

Mrs. J. A. McDonald died at the home of her son, W. H. McDonald last Monday afternoon and was buried at Lorenzo, Texas in the afternoon of the following day.

Rev. Bruce Cox, pastor of the local Methodist Church here, conducted the funeral services at the graveside.

Lowe's Funeral Directors had charge of the funeral and burial program.

The pallbearers were: Lee Hunt, W. P. Meyer, R. P. Davis, M. E. Churchill, John Brock and Paul Bedingfield of Lorenzo.

She is survived by a son, W. H. McDonald, Sterling City a sister Mrs. Randall, Illinois. Two brothers Will Roberts, California and George Roberts of Stratford, Texas.

Deceased was born in Illinois January 3, 1859, and at her death was 80 years, 9 months and 20 days old.

Conservation District Is Approved

County Agent Malloy has received notice that the application of Mitchell County for Soil Conservation District on the Colorado River watershed has been approved by the State Board, subject to preparation and approval of field notes of the district.

This district would include that part of Sterling County situated on the north side of the divide and along the northern part of the county that drains into the Colorado River.

that was on his land. In a rough field test, I was able to let his eyes dwell on some colors of yellow gold that was found on his land. How much or how little gold to be found in those rocks depends upon a systematic prospect of the premises.

West Texas may be rich in gold, but until some way is found to encourage and promote intelligent prospecting, it will remain hidden for future generations to discover.—Uncle Bill

HOW TO BE A GLAMOUR GIRL

Every glamour girl must watch her diet. Mary Beth Hughes illustrates some of the ideal things to eat. Best for all girls are green vegetables. They keep the complexion clear, the body healthy. One should drink lots of milk.

Methodist Officials In Meeting

The Board of Stewards and Trustees met November 19 with the following present: Rev. Bruce M. Cox, W. L. Foster, B. F. Brown, Dr. W. J. Swann, Rufus Foster, S. R. Hefley, E. B. Butler, H. L. Pearce, Fred Hodges, W. R. Hudson, Foster Conger, C. L. Coulson, T. F. Foster, R. T. Foster and S. M. Bailey.

The following were elected officers: W. L. Foster chairman, Dr. Swann vice chairman, E. B. Butler treasurer, and Roy Foster secretary.

A fine spirit prevailed throughout the meeting and there is evidence for a good church year.

The pastor favored the officials with a supper which was greatly enjoyed. The following was the menu: venison, potato salad, English Peas, hot rolls and butter, coffee and pie.

Mr. and Mrs. W. N. Reed spent last week end in Abilene visiting their daughter, Miss Cecil Irene, a student in the Abilene Christian College, as well as attending a football game in that city.

Harry Abernathy Seriously Burned

Harry Abernathy was seriously burned last Thursday when a pear burner exploded while working with it on the Foster Sims Price ranch. He was carried to a hospital in San Angelo. His condition is reported serious.

Schick Test In Diphtheria

"Nature has revealed priceless secrets to students of medical science, and the Schick test is the key to one of those," declared Dr. Geo. Cox, State Health Officer. "The medicine used consists of a highly diluted form of diphtheria toxin, a few drops of which are carefully introduced between the outer layers of the skin, on the inner surface of the forearm.

"This test to determine whether or not a child might have diphtheria is entirely harmless. Fifty times the amount used for a child would be necessary to injure a small animal such as a mouse or guinea pig. The red area produced by the test is nature's danger signal, because such a child, if exposed to diphtheria, might acquire the disease.

"Seventy-five to ninety per cent of children under twelve are naturally susceptible to diphtheria. This information has been gained through Schick tests carried out on thousands of children throughout the United States. Young children should receive immunizing treatments against the disease without a preliminary Schick test. Such a test should, however, be carried out six months after preventive treatments, to make certain that immunity has been established. In older children and adults a test is advisable, since immunity may already be present.

"During the past year about 250 Texas children died, and 2,500 were ill of diphtheria. Nature has revealed the secret of susceptibility through the Schick test. With this knowledge diphtheria could be reduced to the vanishing point if parents would have their family physician protect their children."

"AUNT" NAN'S BIRTHDAY

Last Monday, November 20, was "Aunt Nan's" 79th birthday. Instead of getting up and preparing breakfast as has been her custom since long before she assumed family cares, the children beat her to it that morning. When she came in, breakfast had already been dispatched and Billy Sam was getting ready for school.

I have known that girl for more than seventy years. When I first met her at the old Bold Springs log school house, she was just a brown ankle, curly headed, hazel eyed girl of nine years. I fell in love with her at sight, and altho seventy years have past since that day, that love has endured to this day.

For ten years we dated and went places together as lovers do today. We shyly talked and planned for the future. She was a beautiful girl. Her limbs were as symmetrical as those of an antelope and her skin was like a June peach.

Then came our wedding day. They all came to our wedding. Her mother and father, brothers and sisters as well as mine all cooperated in making the event a happy one. That will have been sixty years ago, the 8th day of January 1940.

As the years went by, three babies came to bless us in our home. It was then that three golden cords were added to make the tie of love all the stronger, because then, we felt that we were indispensable to each other so that our combined efforts would conduce to the care of the rearing of our three babies.

Patiently industriously she worked and slaved for those kiddies and me, until each baby was reared, educated, married and became self sustaining. We have one granddaughter and four husky grandsons to thank God for. Those children and grandchildren are a part of her existence.

In spite of the infirmities which 79 years brings, the buttons which she sews on my clothes, the choice food which she prepares for me, the solicitous care she exercises for my comfort is notice to me that the old flame of love still is burning. When the time comes for us to separate no human judge will decree our separation. God in his infinite wisdom will sit in Judgement then.

To us, it will be the fulfilling of the vow we took at the altar that happy evening nearly sixty years ago which concluded with: "until death do us part".—Uncle Bill

County Judge Shoots Big Toe Off

County Judge Jones of Tom Green County returned a few days ago from a deer hunt in the Hill country without the big toe of his right foot. The Judge saw a buck and was fixing to shoot him, but before he could get his sights lined on the buck he pulled the trigger and the bullet went through his big toe. Now, instead of hunting deer, the Judge is nursing a very sore toe. No, it's a mistake, Judge Jones didn't mistake his big toe for a buck. While the toe and the buck may have been nearly the same size, he can tell a buck from his big toe.

Look out for the boy and his fire works during the holidays. There is a big element of chance that he does not hurt himself, somebody else, or set a building on fire.

HITLER'S NOTES

Last week I received Cur Hitler's "Notes from the White Book".

The first rattle out of the box the Cur addresses me as "fellow countryman", as I am a little particular about what people call me, I had as soon he called me a name about which cowpunchers call a fellow when they wish to match a scrap I like dogs, but I draw the line at being addressed as "fellow countryman" by those who follow the lead of Hitler.

I note in the pamphlet that the author quote what Chambelain said. Then he quotes what Dalidaire said and then what Cur Hitler said back at them.

According to this pamphlet, the British and French are very bad people. Also it would seem that Uncle Sam is no angel. The worst people mentioned in this decameron is the Czecscks, Jews, Poles and Austrains. The greatest sin these people commit is that they flare up and get sassy when Hitler kills them off and takes over their lands and goods.

It would seem that every time the Nazis hit these people on the head with a hammer, they holler.

According to this literature which is being sent out by Hitler, the German Nazis are the only good people in the world. All the rest are ignorant, bad and without "Kultur."

After taking over Austria, Sude-teland, Bohemia, Moravia Slovakia Danzig and Poland this propaganda is appealing to the world for peace. This means that Hitler would like for the Allies to let him alone until he could finish killing off the people of these lands he has taken and get the ground cleaned up.

The pamphlet didn't mention the fact that after the Munich delivery that Hitler promised that he was through taking over any other land in Europe, but kept right on with his plundering and murdering. It didn't say anything about murdering those schoolboys.

You can take stock in this Hitler stuff they are sending out from New York if you want to but as Hitler is the champion liar of the world you will please excuse me. If you don't care, I refuse to bite at the stuff.—Uncle Bill

Last Saturday was a big day in Sterling. We had planned to say so in the News Record. It was all set up, but our make up man over looked it. No one was more disappointed than I. It was just one of the things that happens to all printshops that makes grief when it is too late to do anything about it. But that fact didn't keep the people from coming to town and enjoying the programs of the day. A flock of turkeys were turned loose on the court house grounds and it was fun to see the boys scramble for them. Holland Mayes caught his, but the big bird in its struggles knocked his glasses from his nose and cut a painful gash in his face, and then

Boston's Prides—Winners of Boston's baseball popularity poll among players on the Boston Red Sox were the American League's rookie sensation, Ted Williams, (left) and the pitching ace, Lefty Grove. For the admiration of their team mates in the Red Sox locker room the popular players display their awards—new Gruen Veri-Thin wrist watches. Grove turned in one of his best seasons to win Boston's vote, and outfielder Ted Williams batted in 141 runs to lead the league and smashed 31 home runs.

escaped. The merchants enjoyed a good run off trade and everybody had a good time. The Lions are doing a mighty good turn for Sterling in sponsoring these weekly programs —Uncle Bill

Has Hard Luck With His Turkeys

Dear Uncle Bill:
I was up at your town Saturday I tried my darrest to make friends with your Sterling people, but have made a poor start. I would like for you to give me some points where I have failed. They turned those turkeys loose yesterday so I stooped down to pick one up and I thought that the new court house had fallen on me. But after gaining consciousness and my eye sight, discovered it was half of Sterlings people on me. Thought I would catch me a hen and give it to some kids. But heard the remarks made that he has plenty of turkeys. But I haven't. There were a few wild turkeys, but Grit's friends came in at night and killed all of them. One morning I found three dead close to the roost and two more with legs shot off, but still alive. I have only eaten one wild turkey since I have been here 16 years.

I sure like the Sterling folks and will come one or two more times if you will help me gain their friendship. If they did break my specks and gouge one eye out.

Hollen R. Mayes

Don't you worry about the Sterling folks being your friends. Every mothers son of them is your friend.

Come on up here when we turn loose up your turkeys. Vern would like a flock of turkeys and take pot luck to make their acquaintance.—Uncle Bill

Phone 6 or 4003
Mrs. J. A. Askey, Florist

The News-Record family is indebted to Carley Barker for a generous hunk of venison last Wednesday. This splendid treat is from a fine buck which Mr. Barker killed while hunting in San Saba County. Many thanks, Carley.

Jay Nixon, Mr. and Mrs. Herbert Cope, W. Y. Bengé Jr., Son Cole, W. M. Key Jr. and others returned the first of the week from a deer hunt near Rocksprings with empty game bags. They saw the does, but no bucks. However, they report they had a pleasant trip and a good time.

W. B. Welch was a substantial caller at this shop last Saturday and swelled our sox and britches fund to such a degree that we can risk buying a new shirt and a pair of "long handles" for the winter. Only for these old ranchers this would be a sorry place in which to enjoy one proverty.

The News Record family, because of the generosity of Clell Ainsworth enjoyed a generous share of venison steaks last Saturday. Ceil Dr. Koberge of San Angelo and Foster Sims Price composed a party who went to the Black Mountain Range in New Mexico to hunt deer last week. Mr. Ainsworth and Dr. Koberge each bagged a large black-tail buck, a part of one of which graced the News-Record family table, for which each member is truly thankful to the donor.

Grandpa Frank M. Smith of Colorado City was shaking hands with his old time friends here last Saturday. Old Frank wore a smile on his face that wouldn't come off. After a lot of diplomacy on the part of the News-Record pencil pusher, Frank admitted that he was a grand pa. He said it was a girl of his

eldest son who had come to his house to be born. Like as not, you would have to ask grandma Smith about it being a girl because Frank was still up in the air. Anyway he came in and swelled our sox and britches fund as he always does. It will be his job to spoil that kid.

Mr. and Mrs. J. D. Lane were in from their ranch near Stiles last Saturday. Like scores of ranch people, to come to Sterling to enjoy Trades Day, meet with old time friends, take in the picture show and look after business, a part of which was to add comfort to this old editors pedal extremities in the way of sox and britches.

The News-Record family is enjoying some of the finest apples that ever tickled the human palate. This fine fruit was sent to us as a gift from Mr. and Mrs. S. T. Wood of Marfa. They were grown on their ranch in the Chinati Mountains to the southwest of Marfa, where the soil, water and climate combine to produce the best apples in the world. Tom and Mattie spent their honeymoon years in Sterling and they have never forgotten their friends here, and their friends have never forgotten them. They are the finest neighbors one could wish for. Many thanks to these old timers.

Mr. and Mrs. Pink Sherrord came up from their ranch in Terrell county last Monday to visit Mr. Sherrord's father and other relatives and old time friends here. Pink is an old time Sterling boy who has made good in the sheep business. When a kid about town, Pink became "devil" for the News-Record. He was a mighty good "devil". Pink hired Frank Blair one day as assistant "devil" to clean up the shop. The first thing Frank did was to burn up the files. For this, Pink took Frank to the river and killed him a few times. Frank got over the killings and is making good in business in Jones County.

"EAGLE OUTLOOK"

By KNO NOTHING

That's all 'cause there isn't any more. I really hate to see football season over, don't you? Since this is my last column on football, I want to give a brief summary of the entire season.

First, we played Water Valley here on our home gridiron, beating them by a score of 25 to 0. Rhoden did most of the scoring in this game scoring two touchdowns in the second quarter by an end run and a line plunge, then in the third he scored again by another line plunge. Later in the fourth quarter, Broome tallied one by a line plunge.

Second, we played Courtney there. The score there was 26-0 in favor of Courtney. Pinkston tallied three of the four touchdowns made by them with Lewis scoring the other. Just as a side glance, Courtney was beaten the other day 28-13 by Westbrook for the Championship of District 12.

Third, we played Garden City there, the score being 26-26, penetrations favoring the Sterling Eagles by 2 to 1. Green scored twice in the entire game, he didn't play all game due to a back injury. Rhoden scored in the chukker and Hall followed in the fourth by running over a fumble.

Fourth, we played host to Coahoma here, beating them by a score of 18 to 6. In the first quarter Rhoden strutted 25 yards to pay dirt by an end run. Then in the second quarter came the other two tallies by Mills intercepting a forward pass and by Green on a forward pass.

Fifth, the almighty Courtney Eagles invaded us again by a score of 12 to 6. This was a mighty hard fought game from the start to the finish as those who were there will agree with me, but the Sterling Eagles withstood five violent thrusts for goals by the Courtney squad. Green scored the only touchdown in the second quarter by a forward pass.

Sixth, and the game of games the one with Garden City. We won 34-6 as you know. Rhoden in the first quarter scored by a line plunge in the second, Foster scored by the same method, in the third Broome scored by the same method also, in the fourth, Chesney scored by blocking a punt and Augustine scored by an end run.

Seventh, we went to Water Valley, and won there also 18-12. Augustine, Chesney and Hall doing the scoring.

Eight, and the last one, was with Garner. The score was 13-13, the penetrations were tied one up, but we had them beaten 9-4 on first downs, thus giving us 6 wins out of 8.

The boys receiving letter awards this season are: James Clark, Dale Hall, George Mills, Ross Foster, Claude Broome, Sam Augustine, Bennie Green, Joe Mathis, R. D. Garrett, Billy Chesney, and Durwood Rhoden.

I received the nicest surprise today I believed that ever happened to me. I was walking down the hall and Coach Sullivan came up to me and asked me what my length

and width was. I told him and asked him why he wanted them and he told that they were conferring a letter on me this year for my services as score-keeper and Student Manager. You have heard all of your life about somebody's being too flabbergasted to speak, well that is exactly how I was. While I have the opportunity to do so, I would like to congratulate the team on their season and tell them that I am very glad that I was able to render what service I could and wish them many more touchdowns in the future. I remain simply Kno Nothing.

Tickets on Sale For House of David Game

Reserved seats for the House of David game to be played in the high school gymnasium at 8 P.M. December 4, 1939 have been placed on sale at Butlers Drug Store. These seats are 18 inches wide, and afford plenty of room. There are 313 seats in all, and they are placed on sale at 35 cents each for adults and students alike.

If by the night of the game you have not bought a ticket you may still get in at 35 cents for adults and 25 cents for students.

First Grade

Thursday, November 16, O. F. Carper celebrated his seventh birthday. One of the room mothers, Mrs. Pat Kellis surprised O. F. and the other first graders when she walked in with a lovely birthday cake.

We first graders are having a delightful time reading the new library books which came in last week.

Fifth Grade

We are glad to have 12 new library book for our room.

Sixth Grade

The seventh grade is sorry to lose Gerry Ann Gilfillan. She has moved to San Antonio.

Seventh Grade

Iris Dorsett got a new picture for our room while she was in San Angelo last Saturday. The name of it is "The Gleamers". Millet was the painter of this picture. We are having our six weeks tests this week. Miss Roach was sick Monday and Mrs. Burnett taught us.

WE WONDER

Why Dale goes to the post office so regularly for?

If Marjories favorite color is green?

If Maudine really felt bad Monday evening?

If Arlene would like to live in Garner?

Why Sue K. wanted to sell Junior Thiers a ticket to the senior play?

Want Ad:

More dates with the owner of a gray '39 chevrolet.—Maudine

Less demerits.—Freshmen

Girls to stop running after me.—Garland

Less teasing.—Fred

More letters from Bluffdale.—Dale

Jokes

Defending Lawyer: If a man is on his hands and knees in the center of the road is that any sign he is intoxicated.

Judge: But if he is trying to roll up the white line, he undoubtedly is intoxicated.
