President to Speak at 9:30 Tomorrow Night

At 9:30 P. M. Saturday, March 8, President Roosevelt, Vice President Wallace, and Secretary of Agriculture Claude Wickard will address the nation's farmers all over the country. It will be a nation wide broadcast, which will be heard over the Columbia Broadcasting System, National Broadcasting System, both the Red and Blue networks, and the Mutual Broadcasting System. This will mark the first time that these three leaders have all appear. ed on the same program, and it is a great tribute to Agriculture that that they are doing so to address the farmers. Governor W. Lee O'Daniel, has proclaimed March 8th. as Texas Farm Day.

THE MEDICAL PROFESSION **GIVES MUCH**

One serious charge against the medical professions is that the cost of its service puts it out reach of a considerable proportion of the American people.

That charge has been thoroughly investigated, and found to be largely baselesss. The Bareau of Medical Economics of the American Medical Association has made an exhaustive study, and found that there are few persons in this coun try desiring medical aid who are unable to obtain it. When queried, the mayors of a hundred typical cities of all population brackets testified that there was no neglect of the poor because of their inability to pay.

Anyone who has seen the medical profession in action knows the truth of this. The average doctor can give but part of his day to the care of patients who pay him. Many hours in each week are given to charitable work in hospitals, homes and institutions, treating the indigent whom he knows will never be able to meet a bill. The great majority of doctors base their charges on the ability to pay and those who can pay nothing are given the scrupulous treatment as the wealthiest patient. .

It is reliably estimated that the doctors of this country give at least \$1,000,000 a day worth of free ser-

'TWAS A GLORIOUS

The Final Battle between the Tatars and the Russians in the Middle Ages was one of the most comic in history. The whole country had been urging Ivan III of Russia a prince of little courage, to turn out the Tatars, and at long last he assembled an army. Trembling in his shoes, Ivan set at its head.

After marching for weeks they sighted the enemy; both armies advanced and as night fell pitched camp. At daybreak, suddenly realizing each other's proximity, the two armies sat back on their haunches, staring at one another as if mesmerized. Then, seized with unspeakable panic, they fled simultaneously in opposite directions.

THREE GENTLEMEN

A German officer, talking to a senior member of the British Embassy in Berlin in 1933 made the odd remark that the British are gentlemen, but the French are not. Asked what he meant, he explained "One day in 1920, some of the Military Control Commission, under a French and a British officer, came to the barracks of which I had charge. They said they had reason to believe that I had a store of rifles concealed behind a brick wall contrary to the terms of the Peace Treaty. There is a definite cause for every ailure of the human body to funcion properly. The Chiropractic proise is that a vertebral subluxation roduces pressure upon the nerves as ney emit from the spine, and thus, terference is created to the transnission of the vital nerve force from he brain to the various organs and issues of the body. This causes isease. Chiropractic adjustments ill release the nerve pressure in our spine that is responsible for the mpaired function of the various

rgans of you body. In this "Merchants and Farmers teview" we wish to refer Dr. Roy Crowder in San Angelo to the people of this section and urge them to caters to the discriminating, those o in and get acquainted with him.

One: Apple Pie and Coffee! Surveys prove men order it in restaurants more than any other meal-ender; indicate it's their favorite dessert at home. Learn to make good cof. fee; learn to make good apple pie, and you've gone a long ways toward getting and holding the man in your life! Here's how:

To Make Good Coffee: Keep the coffee maker clean. A scrupulously clean coffee pot is es-

sential to making good coffee. Use fresh coffee and freshly boiled water. Measure both coffee and

tablespoon of coffee for each measuring cup of water. Coffee should be in contact with the water a definite length of time, depending on the type and capacity of the coffee maker. Coffee should be served as soon 6 servings.

For Good Apple Pie: Pastry 1 cup sugar 1 tablespoon flour 1 tablespoon nut-1 teaspoon nut-1 teaspoon sut-1 teaspoon cinna-1 tablespoon sut-1 teaspoon cinna-1 tablespoon cinna-1 teaspoon cinna- 14 teaspoon cinnater Whole cloves 6 to 8 large apples

Line 9-inch pie pan with pastry. Combine sugar, flour, nutmeg and cinnamon. Pare apples and remove cores; cut in sixths. Arrange half of apple slices in pan; add one half of the sugar and spice mixture. Add remaining apple slices and sugar. Dot the top with butter. Moisten lower edge of crust with water accurately. Use 1 heaping water. Place top crust over apples: press edges together with a fork; trim. Press whole cloves into the top of pastry to form the shape of a coffee cup. Bake in a moderately hot oven (425° F.) 40 to 45 minutes, or until apples are tender. Makes
