

## LET US NOT FORGET

Perhaps the Jap is the most detestable creature that God has ever permitted to live.

The coyote, polecat and the rattlesnake are gentlemen and scholars compared to the Jap.

No creature that God ever permitted to pester the earth possess little gratitude and the grace of mercy as the Jap.

When the Jap would better his condition by moving from his crowded and poverty stricken country to America, we opened our doors to him and made him welcome to our land of opportunity and plenty.

He rewarded our generosity and good intentions by conspiring and plotting to take over the country so that we were forced to limit his migration to the United States. He is one element in the National melting pot that would not fuse with other National elements and good blood and never gave up his allegiance to the emperor of Japan.

The Japs in America never gave up the idea that when he died, his soul would repose in the bosom of kado.

Years ago, an earthquake laid waste to the towns and cities of Japan in ruins, killing thousands and rendered ten of thousands of people homeless, starving and hopeless. It was then that we passed the hat in every city, town and village in the United States and collected a king's ransom for their relief.

They paid us for our acts of mercy by using the money and supplies we gave them to buy guns and munitions with which to murder us.

We had a skeleton guard of a few thousand men in the Hawaiian Islands, Alaska, Phillipine and other islands, at through a lot of misfit fools like Wheeler and his ring of limb-tails congress, this guard of brave men as denied supplies and equipment with which to defend themselves against the Jap hords.

When Pearl Harbor came, these brave men fought to the last cartridge, but we were finally overcome and forced to surrender. They did not realize that the Jap was a cruel and treacherous beast until then.

Then came the hellish torture and murder of these brave Americans that history reveals but few comparisons in heartless atrocity. Theseimps of hell tortured men to the limit of their endurance and then buried them alive.

"Vengeance is mine, saith the Lord, and I will repay."

This atrocity must be avenged if it takes the last dollar and the last drop of blood to do it. These infernal, dirty rats must be wiped from the face of the earth.

In our wrath, let us not forget that Senator Wheeler and his gutless co-devils who made it possible for the Jap to carry out his diabolical designs against good Americans.

-Uncle Bill

We learn with regret, that Rev. O. Ryan, pastor of the local Methodist Church with his family will move soon to Weslaco, Tex. Rev. Ryan has been an asset to Sterling City during the time he served as pastor here. He was not only a good pastor, but he was a good mixer with the people and was in the lead in all civic improvements. Weslaco is fortunate in securing the citizenship of this valuable man.

## It's Time for Me to Do My Stuff

## N. B. Fisk, 78, Died in San Angelo Last Tuesday

Noble B. Fisk died in San Angelo Feb. 1, and was buried in the Fairmount Cemetery in that city on the following Thursday.

Rev. Malcom Black, retired pastor of the Presbyterian Church of Sterling City, conducted the funeral services.

A number of old time friends of deceased of Sterling City attended the funeral.

Noble B. Fisk, only son of William Fisk, was born in Brown County, Texas, March 3, 1866.

His grandfather, Greenleaf Fisk, was the first County Judge of Brown County.

He established what is known as the Fisk Ranch in Glasscock and Reagan Counties in 1893.

In 1896, he moved with his family to Sterling City where he resided for a number of years.

About 1915, he established a ranch in the Chisos Mountains. Later he moved to El Paso where his first wife died. For a time he lived on a farm in the Pecos Valley in the vicinity of Bakersfield. About a year ago he moved to San Angelo and resided there until his death.

Survivors include his widow; one daughter, Mrs. Avis Berry, of El Paso; two sons, Noble K. Fisk of Kermit, and Raymond Fisk of Boquillas, Texas.

Half brothers and sisters: John T. Barton, Water Walley; J. R. Barton of Sterling City and Mrs. D. M. Fields of San Angelo.

Several grandchildren: two of whom are in the armed forces. John Fisk in the Marine Corps, has just returned from combat duty in the South Pacific, where he saw service in New Guinea and the Solomon Islands and is now in a hospital in California. He is one of the nine survivors of his regiment. Noble C. Fisk in the U.S. Army is stationed at Whittier, Alaska.

Four great grandchildren.

The passing of Noble Fisk marks the end of another rugged character that did much to subdue the wilderness of West Texas.

He was a fine neighbor. His generosity and loyalty to his neighbors knew no bounds. They loved him.

**To the People of this Community**

**YOU CAN AFFORD IT**

You can afford to buy Extra War Bonds during this Fourth War Loan Drive.

Everyone in this community knows incomes are higher than ever before—that both workers and farmers have more cash than ever before. Everyone knows that more than one member of hundreds of families are income earners—and everyone knows that increases in wages and salaries have far outstripped rising prices, and increased taxes. You can afford to buy Extra War Bonds.

As a matter of fact, you can't afford NOT to Buy Extra War Bonds. If you spend your money for needless, scarce goods, you are increasing prices. . . if you want to help win the war you can't afford NOT to buy War Bonds. If you want to help that boy in the service, you can't afford NOT to buy Extra Bonds and if you want a gilt-edged investment for your own future security, you can't afford NOT to buy Extra War Bonds.

Don't just do the expected—buy All the Bonds you can.

## A Warning to Those With "Flu"

Dr. Geo. W. Cox, State Health Officer, today issued a warning to every victim of influenza, colds, or upper respiratory infections to be on guard against the possibilities of spreading these diseases or a pneumococcus infection through coughing and sneezing.

"Persons who cough or sneeze without the proper use of a handkerchief will be likely to be responsible for the spread of pneumonia. Placing a handkerchief over the mouth or nose when coughing or sneezing will help prevent the spread of infections," Dr. Cox said.

"The air is the medium through which influenza spreads. A person coughing or sneezing in an unventilated room where the air is stale and moist will almost certainly pass the infection to others."

The increased prevalence of influenza is usually associated with an increased incidence of pneumonia. The sharp rise in the incidence of pneumonia in the past few weeks has demonstrated that influenza victims by coughing and sneezing have almost certainly been responsible for the present large number of pneumonia cases reported, Dr. Cox stated.

"A person who is not suffering from pneumonia may still have the pneumonia germ in his throat or upper respiratory tract and can very easily pass the disease on to others. Considering the fact that pneumonia is a dangerous killer, especially in children and old people, every person should guard against spreading infection among his fellow men," Dr. Cox declared.

## Foster Sims Price and Miss Flo Allen Marry

Mr. Foster Sims Price and Miss Flo Allen were married at the home of Mr. Price's grandparents, Mr. and Mrs. W. L. Foster, last Saturday morning at 11:00 o'clock, Rev. L. O. Ryan officiating.

The bride was given in marriage by W. N. Reed.

Mrs. Harvey L. Hennigan served as Matron of honor, Mr. William Foster was his cousin's best man.

Mrs. Tommy Johnson played "O Promise Me" as the bride entered to the strains of Lohengrin's Wedding March.

Lunch was served. Miss Ethel Foster served at the coffee urn, while Mrs. H. L. Hildebrand, Mrs. Lester Foster and Mrs. Roy Foster assisted in serving the guests.

Following the luncheon, Mr. and Mrs. Price left for a brief wedding trip. On their return they will be at home in Sterling City.

The bridegroom is a prominent young ranchman. He is a graduate of Ruston, La., high school, Louisiana Tech. and did graduate work at the University of Texas.

The bride is the daughter of Mr. and Mrs. Hill Allen of Throckmorton County. She is a graduate of Goree High School and the Texas College for Women. She is a member of the faculty of the Sterling Public Schools. It is understood that she will resume her work as teacher after this week.

The guests were, besides those named herein include Pvt. and Mrs. Finis Westbrook of San Angelo, H.L. Hildebrand and daughter, Elizabeth, Roy Foster and daughter, Carolyn, Mrs. Edwin Aiken and son, Don, Mrs. W. N. Reed, Lester Foster, Mrs. T. S. Foster and Mr. and Mrs. W. L. Foster.

## Unconditional Surrender

With these atrocities before us, we are reminded that during recent weeks there have been held in New York meetings and demonstrations by an organization known as "Peace Now." They demand an immediate negotiated peace. It is known that many if not all of them are enemy sympathizers. The Department of Justice and the Dies Committee are now investigating them.

In my judgment, any kind of a peace, except one based upon unconditional surrender, is unthinkable. The thinking of these Peace Now advocates is an insult to the memory of the thousands of heroes who have died in the Far East, in the Southwest Pacific, in Africa, Italy and over Europe, and to everything the United Nations are fighting for.

Yes, the Japs had their field day after our surrender at Corregidor. But, now—they asked for it, and they are going to get it!—O. C. Fisher, Congressman

## Soil Conservation News North Concho District

W. N. and L. R. Reed topped the Fort Worth market with three truck loads of the lambs which they took off the range and have had on ensilage, grain, cotton seed meal, and peanut hay in feed lots for 50 to 80 days. The lambs weighed 86 pounds in Fort Worth and brought \$14.75 per hundred, the highest price paid this season. The lambs gained over 1/4 pound per day during the feeding period.

Tommy Humble's lambs are wintering in good condition in his bottom pastures. He is feeding 1/4 pound of corn per head daily.

The rainfall last Wednesday was reported as follows:

Herman Garlington	.30 inch
J. T. Davis	.45
Lee Reed	.47
Bade Bros.	.50
J. I. Cope	.37

Foster Sims Price built a diversion terrace to turn the run off water from a nearby hillside around his ranch headquarter and stock pens. Since the terrace was run on the level spilling only surplus water out at a half closure on one end it will also add extra water for growth of grass to a considerable area above.

Cooperative construction is in progress on a water spreading terrace which will divert excess run off water from a 110 acre drainage area adjoining the Bade Brother 44 acre cultivated field and spread this water over 50 acres of grass land on the Foster Sims Price Ranch, stated Trilon A. Revell with the Soil Conservation Service. By diverting this excess water from the cultivated field adequate protection from outside water will be afforded the field terraces.

Sgt. Fred G. Mutchler came in from Camp Wheeler, Georgia, last Saturday to spend his leave visiting old time friends here. The Sergeant, like the wise old scout he is, saved his wages and bought 160 acres of land in Missouri so that he will have a home after the duration. Sgt. Mutchler is a veteran of two wars. He took part in the battle of Columbus, N. M., when Pancho Villa and his bandits raided that town and murdered a lot of people back in 1917. Fred says a lot of Villa's men never returned home from the raid.

"We Are Buying Extra War Bonds—Are You?"

Sgt. Samuel Jones, Jr., Wilkes-Barre, Pa., has been a doughboy for four years. He was wounded during the North African campaign by enemy machine gun fire. Since his return he has aided greatly in the sale of War Bonds and buys plenty himself.

Sgt. Nicholas Miller, Paterson, N. J., won the Silver Star for rescuing two comrades under fire at El Guita. His knee cap was broken and the cartilage torn out and at present cannot move his knee. Halloran Hospital doctors are trying to correct this. He buys Bonds.

Pvt. Louis Bielmeier, 32, of New York, was wounded by arterial shell during the Sicilian campaign. He has a brother in the Marines. Private Bielmeier and his wife and brother are buying War Bonds regularly. Are you doing the same?

Pvt. Clarence Clark, 21, Swampers, La., has two brothers in the service, one in the Army and the other in the Navy. He was wounded in the right leg and both feet in the North African campaign and is now at Halloran General Hospital. He buys War Bonds.

Pvt. Pasquale Galella, New York, went through the North African campaign without a scratch but was wounded during the invasion of Sicily and is now in traction at Halloran Hospital. He has a brother in the Navy and has War Bonds and is buying more.

OUT OF DATE

I am out of date. I have a good clock but I can't get used to watching it all the time. Sometimes I forget that it is past six o'clock. Then I remember the orders I received at dinner to bring home some groceries for the makings of supper and breakfast. I closed the shop and rushed over to find all the stores closed, the sun still shining and everyone gone home. I met the stranger within our gate. He had car trouble and couldn't get in before the stores closed. He must go hungry because he can't buy the makings of a meal before next day. We console ourselves by wishing for them good old times when no one has conscientious scruples about selling groceries after six o'clock. He goes to the next town with his money, while I go home with an alibi that she does not believe. It is a good thing that I am deaf and can't hear a thing she says. I know what is the matter with me. I have been here too long and I am out of date.—Uncle Bill

DRY

Sterling City is supposed to go dry in a few more days. Beer was voted out on Jan. 4. Those who liked beer will have to go somewhere else to get it. The nearest oases is 26 miles. It is said that hard licker is scarce and hard to get. The bootlegger will soon be supplying the wants of the thirsty. The only trouble with this dealer in wet goods, he gets the revenue from the sale of wet goods instead of the old folks. But some of the old folks voted to have it that way.

The criminal records of Sterling show that bootleggers had but little to fear here in the 18th Amendment days. Our sheriff apprehended a number of them and took their likker away from them, but as a rule, the jurors found a goat for the bootlegger and let him go. I hate to say this about Sterling, but the records bear out the truth of the statement. I make the statement

NO KIDDING...ARE YOU REALLY DOING THE BEST YOU CAN, TOO?.....

in the hope that someone will wake up to his duty of good citizenship in the matter.—Uncle Bill

V. E. Davis

Some people have been born, reared, married and have children of their own since Vern Davis first became Sheriff of Sterling County.

During all these years, this candidate has measured up to the standards and expectations of the people. Had he not done so, they would have long since relegated him to private citizenship.

In all the time he has administered the function of Sheriff-Tax Assessor and Collector, no major criminal has escaped apprehension. Not a dollar was ever unaccounted for, or escaped assessment so far as was humanly possible.

He has kept the county free of crooks, the people's property secure from depredation and has maintained the peace and dignity of the State and County.

He is again offering his services to the people of Sterling, and unless they are tired of good service, they will accept as they have always done.

Come help with surgical dressings and do your part for the boys. Surgical dressings have to be made by hand. Are you doing your part to keep the supply rolling.

Your bandage may save some mother's boy's life. You are urgently needed to fold surgical dressings.

G. C. Murrell

G. C. Murrell is again offering his services to the people of Sterling County in the capacity of County Judge.

The public records of Sterling bear testimony of his honesty and efficiency in the administration of this important office.

He has been very active in promoting public improvements, especially our public roads. He has taken an active part in all civic improvements that may result for the good of the people.

If elected, it is safe to say that he will fill the office with credit to himself and satisfaction to all.

O. M. Cole

In this issue we are announcing O. M. Cole a candidate for the office of County Treasurer of Sterling.

Mr. Cole is serving out the unexpired term of the late Thad Green. At Mr. Green's death, Mr. Cole was appointed to fill the vacancy.

During his administration of the County Treasurer's office, this candidate has given entire satisfaction. He has promptly numbered the Shokels of the county, kept them safe and disbursed them according to law.

If elected he will have the confidence of the people that he will fill their expectations in full measure.

Please come to the Red Cross room and help us. We need you and the boys need surgical dressings.

"Smoke-Jumper's" Training Wings

"A smoke-jumper" gets training on the "let-down rig" at Seeley Lake, Lolo National Forest, near Missoula, Mont. This jumper has on complete uniform except for gloves. The pocket on his right trouser leg contains a length of rope so the "jumper" can let himself down, should he land in a tree. He carries also a two-way radio. U. S. Army medical officers are among those assigned to Seeley Lake for parachute training. Trained "jumpers" are to be kept on yearlong duty for rescue work.

### The Lions Club

Hostesses Mesdames Roy Foster, Daisy Smith, and V. E. Davis served a fine lunch to the Lions last Wednesday at their feeding place in the basement of the Methodist Church.

John Brock of Uncle Sam's Seabees and Miss Billie Sue Everitt were guests.

Miss Everitt entertained with two vocal numbers with piano accompaniment by Mrs. Anna Lee Johnson.

John Brock gave a very interesting account of his observation in the Northwest Pacific. He told of some soldiers killing a Kodiak bear that weighed 2,200 pounds.

Mrs. Anna Lee Johnson reported that the sale of War Bonds to date was over \$101,000. There is yet about \$70,000 to be raised to make Sterling \$171,000.

## LOOK OUT!

By GADABOUT

Another dance was given Saturday night in the Reed Warehouse. More kids were there than usual. Jack, our famous football captain, has at last "leaped the gap" and proved to be an excellent dancer. We are proud of you, Jack.

Neal J. accidentally left a hat and coat somewhere Saturday. I don't know what has happened to his memory. Paula Sue, do you by any chance know?

Seen spooning after the dance were: Paula and Neal; Charley and Bill; Jerrie and Jack; also some younger twerps seemed to be having more old fun. Sure hope they weren't spying, don't you?

The Seniors have selected a new motto. Rather it was contributed by a certain teacher who seems to think that it is very suitable. This, however, is unofficial.

Practically all of the kids took in "This is the Army" Thursday night. Jack and Jerrie could hardly believe their eyes—but I think they are willing to call it quits.

A new boy has recently moved here and joined the freshmen. I have heard his name, but to me he will always be "No. 9". You see he plays basket ball.

Sue spent the week end in San Angelo. She went to see the show, "Sweet Rosie O'Grady" and from all accounts she enjoyed it. Sue, what did you say was the reason you couldn't see?

I hear that the Baptist ladies are

giving a banquet for the Seniors on Friday night. But you'll know more about that next week.

So for now: So long!

## WE WONDER

What Neal meant by the words "She knows where I'm at!" at the dance Saturday night.

Who June was mistaken for Saturday night. I could tell but—

Why Jerrie seemed so happy Saturday night. Well, we're all glad Jack has learned to dance.

If Sue found San Angelo interesting over the week end.

What Mutt lost Sunday night and what caused it.

If Norman looks "Kute" in a girl's coat.

If Norvin finds climbing wind-mills interesting.

Why Frances has been lonesome since last Friday. We all hated to see Mac leave.

Why Frank seems so good at remembering last year's American History.

What caused the friction between two school girls at the dance.

Who doesn't like spotlights and why.

What the Senior's new motto is. Maybe Gadabout will tell you. It's really a good one and fits us to a T.

Miss Vernon: "Jack, do you know your alphabet?"

Jack: "Yes'm."

Miss Vernon: "All right, what letter comes after A?"

Jack: "All of 'em." Smart guy!

## CAN'T WAIT

Tommie was bragging to Billy J about what a big dinner they were going to have at their house and what a fine after-dinner speaker his dad was when Bill interrupts with: "Aw, I bet my mom could make a better after-dinner speech than your dad!"

"Why you dope, don't you know that no woman can be an after-dinner speaker," growled Tommie. "Why not," asked Bill.

"Cause none of them can wait that long to start talking!"

The girls of the freshmen class are planning to present a one act comedy in assembly soon. The title of the play is "Cold Water and Cash." Girls having parts in the play are Lora Mae Humble, Bonnie Ruth King, La Vonne Jones, Sadie Wallace, Rosa Lee Langford and Edith Fowler.

Miss Lucille Hodges has been elected to fill a vacancy in the second grade. Before coming to Sterling Miss Hodges was employed as teacher at Paint Rock. Her home is in Sterling City.

The first grade honored Billie Derrel Blair with a birthday party Friday, Jan. 28. The room mothers served the pupils with cake, doughnuts and ice cream.
