Kathleen Hayes Contest Winner For This Week

With two weeks to go, once again, a female has won first place in the weekly Merchant's Football Contest.

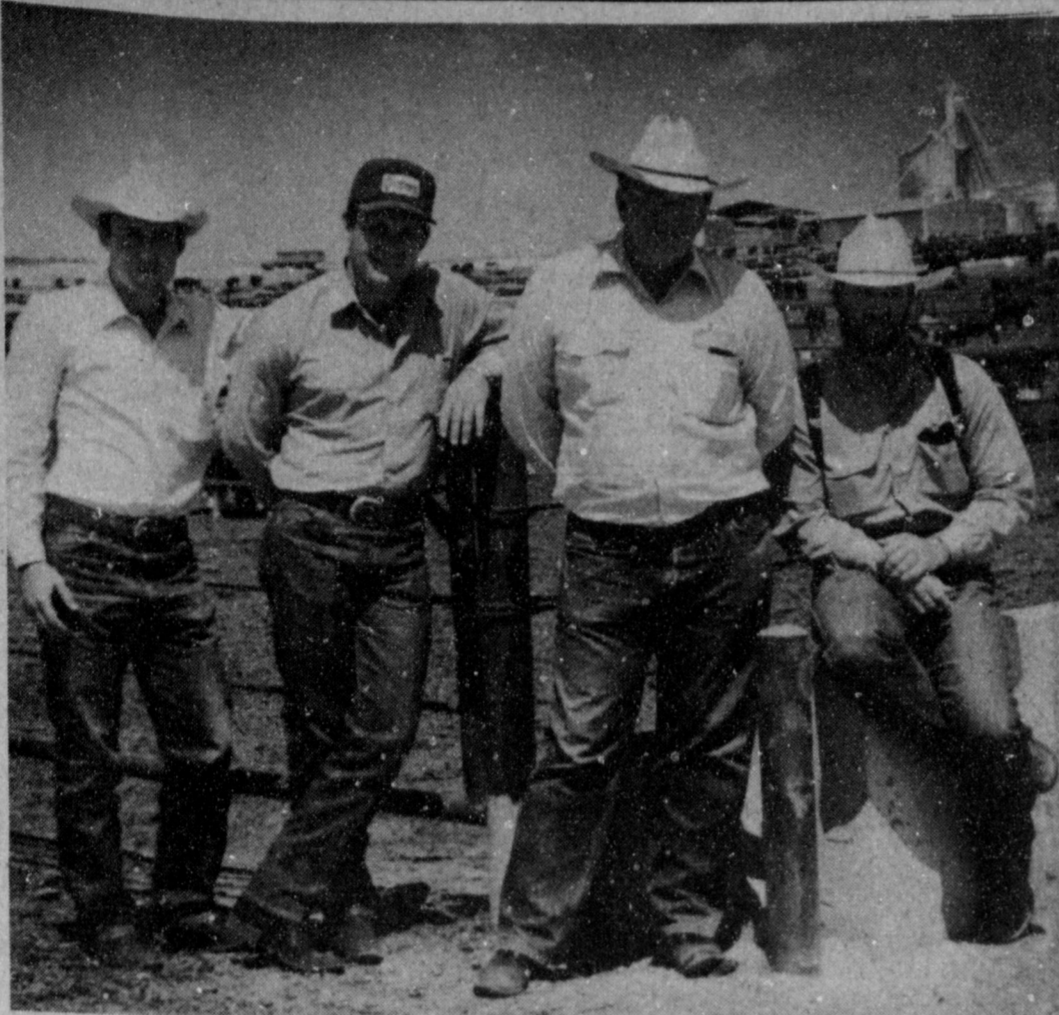

Mrs. John (Kathleen) Hayes was first this week. She missed two games and was 29 points away on the double tiebreaker scores.

Mrs. Hayes missed the Texas Tech-TCU game and the Nevada-Las Vegas - Wyoming game.

Tying for second and third place were Elaine Roddam and James Hanson. They each missed two games and tied up on the double tiebreakers with identical figures of 39.

Mrs. Roddam missed the Texas Tech-TCU game and the Navy Syracuse game and Hanson missed the Texas Tech-TCU game and the Memphis State-Cincinnati game.

Others missing two games and their tiebreaker scores included Ettie Jesko, 40, and Randall Stevens, 42.

BIRDWELL RANCH AND FEED OPERATION SPOTLIGHTED.....Featured in an issue of 'The X-Tra' a trade magazine this month were the Birdwells, who have their extensive ranching, cattle feeding and farming operation in western Bailey County. They are from left, Clay, Britt, J.E. and John. With 14 employees, they manage 6,000 irrigated acres, a 3,000 cow beef herd and the 7,500 head feedyard shown behind them.

School Board Hires Three New Teachers

Three new teachers were hired for the Muleshoe School System during the regular monthly meeting of the Muleshoe ISD Board of Trustees Monday night.

Dana Duncan was employed to fill the position formerly held by Kathleen Hamilton, kindergarten

teacher. Mrs. Duncan will fill in until mid-term, as Mrs. Hamilton is out on a medical leave of absence.

Donna Black was employed as remedial reading teacher in Muleshoe Junior High School and Khristi Phelps was employed as assistant girls' coach and

P.E. teacher in high school.

Harold Horne, superintendent, and Tom Jinks, were authorized to negotiate a contract with engineering firms for a technical assistance energy grant and the board signed a contract joining the Bailey County Appraisal District.

Named to the Textbook Adoption committee and approved by the board were Ruby Lambert, Jan King, Peggy Burnett, Wilma Smith, Bill Taylor, Pat Watson, Barbara Milburn, Ethel Allison, Mary Helen Gutierrez, Fred Mardis, Tom Smith, Keith Layton, Wayland Ethridge, Elizabeth Watson and Harold Horne.

Approved was an Early Childhood class to begin in Special Education with the second semester on

Gross Sales 'Up' For This County

State Comptroller Bob Bullock said early this week that gross sales in Texas continued to climb in the second quarter of 1980.

Bullock said a sales tax analysis of gross sales for April, May and June of this year shows that gross sales totaled more than \$64.7 billion, up \$3.8 billion over the first quarter of 1980.

He said second quarter gross sales this year surpassed sales during the same period in 1979 by more than \$11.4 billion.

The figures were gathered from 245,047 reporting outlets across the state.

Bullock also released a computer analysis showing reported sales during the second quarter for each of the state's 254 counties and a sales tax analysis broken down by the state's Standard Metropolitan Statistical Areas.

Bailey County's 169 reporting outlets show gross sales of \$23,287,583 with gross taxable sales of the same. Deductions amount to \$19,034,352 and use tax purchases were \$19,971 with \$4,273,202 subject to tax.

From Cochran County, the 70 outlets reported gross sales of \$7,646,612 and deductions of \$6,406,577. Use tax purchases were \$13,640 with

the amount subject to tax, \$1,253,675.

Lamb County has 325 reporting outlets, and they reported gross sales of \$50,914,267. Of this amount, \$44,410,050 were in deductions and use tax purchases were \$41,918. This left the amount subject to tax at \$6,546,135.

CofC Offices To Be Changed To City Hall

Offices of the Muleshoe Chamber of Commerce and Agriculture will be moving to the Muleshoe City Hall this week. According to C of C manager, John Gulley the tentative moving date was yesterday, Wednesday.

Gulley asked that persons attempting to contact the Chamber by telephone after November 11, who cannot reach the C of C at the regular number of 272-4248, are asked to call the City Hall number, 272-4528.

He commented, "After the move is complete, the Chamber will retain its regular number. The City Hall number should be used only during a short transition period of a few days."

Veteran Breakfast Held Here Tuesday

Bailey County Judge Glen Williams was guest speaker during the annual Veteran's Day Breakfast hosted by American Legion Ben Richardson Post #403 in Muleshoe Tuesday morning.

Judge Williams was among a good crowd who enjoyed portions of the several pounds of sausage and bacon, several dozen scrambled eggs, pounds of hash brown potatoes and dozens of biscuits, consumed along with apple butter, butter and coffee.

According to the Judge, who gave a brief resume of county operation the county commissioners were forced into a higher tax bracket due to skyrocketing prices.

He advocated a tax much like the city sales tax, which would tax all county residents and not just the property owners. He said he thought it would be a more equitable tax and persons who do not pay any tax, and yet enjoy all county benefits, would be equally liable for the funds to operate the county.

Judge Williams said that when he went into county government, the tax valuation was \$7,000,000, and

Mules-Wildcat Scrap Slated At Littlefield

Last year, the Mules went to Littlefield to take on the Littlefield Wildcats it was perhaps with a bit of trepidation. In the past, the Mules had never defeated the 'Cats' on their home field. Major news media also predicted the Mules would never tame the 'Cats. "They're just too strong and too powerful," said major dailies. "The Mules have a lot of heart, but are just no match for the 'Cats," they predicted.

But, when a tough defensive battle was over, and Bones Norman had made a last-ditch interception in the end zone to end a Wildcat scoring threat, the Mules came off the field with their first defeat of the Littlefield Wildcats on their home field.

Coming home with the 16-3 victory, the Mules were the undisputed NUMBER ONE team in District 3AA.

Now comes the team of 1980. They will be returning to Littlefield, to what is just as good, and perhaps a better team than the 1979 football team.

Once again, major media sources are predicting the Mules can never tame the 'Cats.

Originally, it took a long time. The Mules did not defeat the Wildcats in the first 35 years of organized football in Muleshoe. Then in the early 60's, the Muleshoe Mules finally made that most important win.

During the 'lean' years, the Mules were thoroughly trounced by the 'Cats, losing two years in a row with the score for the Littlefield team in the mid 60's.

This year, it won't be easy, and head football

coach Mike Wartes says, "We'll have to really play and we'll have to play well, to even stay on the same field with them." He said he believes the team is ready to tackle the Wildcats, and although the team may be a little hampered by some injuries, the Mules will be basically ready to play.

How hard will it be? The only loss for the Wildcats has been to Slaton early in the season, while the Muleshoe Mules have lost three games, in fact, three games in a row.

Also, the Wildcats have shut out six teams and have not allowed them to score. They are averaging 44 points per game, and averaging giving up only four points per game.

This compares to Muleshoe's score where the Mules have averaged 21 points per game, and have averaged giving up seven points per game.

"They are one of the best football teams we have ever played. It could be that Childress was a better team in 1978," said Coach Wartes, "but, overall, I believe the football team at Littlefield is one of the best we have seen since I have been here."

So, this Friday night, the Mules will have their work cut out for them. If they defeat the Littlefield Wildcats, a high flying, high scoring team, the Mules will again be the district champions and go on to the bi-district championship, just as they have for the last two years under leadership of Head Coach Wartes and his coaching staff. If the Muleshoe Mules lose, the football season will be over for

He is reported to be in very good condition.

Tammie Davis To Play 'Wing' At South Plains

Three Way High School graduate Tammie Davis, who was selected High School All America basketball player, has been chosen as a wing on the South Plains College basketball team at Levelland.

Her coach, Gayle Nichols says she is one of the quickest players on the team and Tammie averaged 13.7 points per game during her high school career.

At Three Way, Tammie also was named All-District the three years she played basketball and was voted Best Offensive Player her last year. She is a physical education major at SPC.

Tammie Davis was also the regional champion in 100 meter hurdles during her senior year at Three Way and was a state qualifier on the Three Way 400 meter relay team in 1980.

Mules Defeat The Chieftains

The 8th grade Mules met the Friona Chieftains last Thursday, November 5 at Muleshoe. The final score of the game was 26-0 leaving the Mules just one game away from the district championship.

Coach Jones commented that although we played well, we didn't play as good as in the previous games. He said the line blocked fairly well and the runners did a good job of running. He also said the defense played one of their best games and this made it their fourth shut out in a row, with one at the start of the season.

Player of the week was Mark Moton, who also received two stars for pass completions. He also received a star for a fumble recovery and one for a TD and 2 extra points. Tony

MARK MOTON

Luna received two stars, one for an interception and another for a fumble recovery; Smiley Orozco received one for a touchdown and also Hector Flores, one for a touchdown. Everybody who played on offense and defense got a star for scoring over 20 points and for a shut out. John Isaac received a star for the big lick award.

The Mules' next game will be November 12, against Littlefield, there, for the district championship.

Halloween

Prince And Princess

After a hotly contested race for Halloween Prince and Princess at MJHS the speech candidates, Connie Puckett and Ricky Rasco, won. The speech classes raised close to \$500 through various fund raising events.

The art candidates were, Becky Perez and Eddie Perez, and these classes raised \$250.

The band candidates were Laurie Kelton and John Isaac. Their total amount was around \$200.

Congratulations Connie and Ricky.....

Mules Scalp The Chieftains

The 7th grade Mules and the Friona Chieftains met on a yearly rivalry here Thursday, November 6. The final score of the game was 28-0, Muleshoe.

It all started when Andy Copley recovered a Friona fumble. On the first play from scrimmage, David Vela romped up the middle for 6 points. The conversion was good and the scoreboard showed the

Mules ahead by 8. Friona could not stop the Mules, and again they were on the board, thanks to a David Vela interception. At the half, the Mules led 14-0.

MJHS Coaches Comments

Our 7th grade team won over Friona Thursday night by the score 28-0. Improvement has been shown during the last couple of weeks in practice. Even though much more improvement is necessary to reach the standards of play that wins championships, a certain degree of satisfaction has to be felt. Anyway it was sure nice to win, and with a tremendous effort next Thursday night at Littlefield, another victory is possible. David Vela scored all of Muleshoe's touchdowns and the defense played well.

The 8th grade score was 26-0 in favor of Muleshoe and kept the Mules undefeated in district play. Next week we play Littlefield for the 8th grade district championship and this should be a fine game to watch. Many players did a fine job in Thursday night's contest. Touchdowns were scored by Mark Moton, Hector Flores, Smiley Orozco, and Ruben Solis. Mark Moton kicked two PAT's. The 'big lick award' of the game went to John Isaac and the player of the week was Mark Moton.

Player of the week in the 7th grade was David Vela.

The Mules' next score came after a bad snap deep in Friona's territory. A Mule back carried it in from 10 yards out. Friona could not get their offense moving and were forced to punt on their own 15. Once again, a bad snap from the Chieftains resulted in a safety. The Mules' final score came when David Vela tromped in from 30 yards out. The final score was 28-0. The Mules' next game will be November 11 at 5:00 at Littlefield.

Player of The Week

David Vela, son of Mr. and Mrs. Joe Vela, was chosen for Player of the Week in the 7th grade. David scored four touchdowns and two extra point conversions. One of David's touchdowns came on an interception. Coach Jones commented that David played very well on both offense and defense.

The best way to get your share of the wealth of the country is to work hard for it.

'No' An Important Word

"No" has a special place in people-to-people communications, for those who know how to use the word effectively, says a family life education specialist, Dorothy Taylor.

"The 'terrible' two year old often gets credit for saying 'no, no, no.' But all ages -- children and adults -- use the word frequently and oftentimes out of habit," the specialist notes.

"No" need not be a harsh word, but it should be definite, clear and firmly based on the conviction that you mean it," Ms. Taylor says.

"In dealing with young children, especially -- it must appear to be unchangeable," she adds.

Ms. Taylor is on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

"No" reinforces limits, the specialist says.

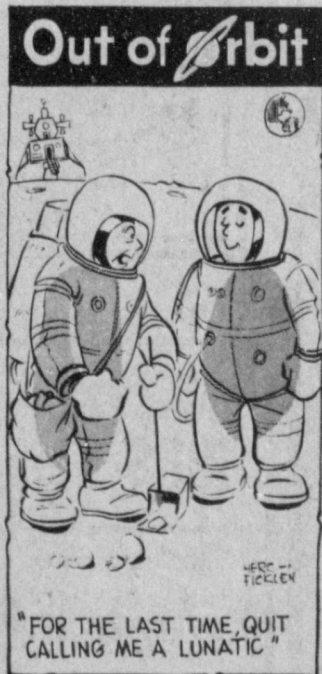

"In setting limits, though, you have to know what the limits are before you can enforce them.

"On the other hand, being over-permissive (without limits or having total freedom) and never saying 'no' is confusing to others -- they don't know where you stand. As a result, the 'never-say-no' person lacks authority and respect," Ms Taylor explains.

Saying "no" need not threaten friendships, love relations or parental authority, the specialist assures. Yet this doesn't mean to over-use the word, either. Nagging, negative attitudes about everything or using "No" just to be "different" is misusing the word "no" she adds.

Actually, "no" is a guidepost signaling that some other outlet is more appropriate at that given time. The negative, "no," is positive when it's used for guidance in limiting, setting, safety or for correcting inappropriate behavior, the specialist says.

"No" is appropriate to use with all ages and all levels of relationships, Ms. Taylor adds, but never say "no!" unless you mean it.

Hobby Club

The Muleshoe Hobby Club met November 6 in the community room of Muleshoe State Bank. Ruth Bass, president, held the business meeting. Ruth Williams and Ethel Julian were the hostesses. Marie Collen drew the hostess gift.

Articles shown were a toaster cover, crochet pillow, owl recipe holder, pottery oyster jar, broom chimney cleaner, a doll made from corn shucks, crochet Christmas door knob cover, Christmas tree decoration, yarn pillow, ceramic mermaid, apron from coke bottles, and a paper weight from England from World War II.

Also a knitted cap, towel set with appliques, pot holder shaped like an apple, glass cream bottle, and embroidery picture.

BACARDI SESAME STEAK

- 1/2 cup salad oil
- 1/3 cup sesame seeds
- 4 medium onions, thickly sliced
- 1/3 cup soy sauce
- 1/4 cup Bacardi dark rum (80 proof)
- 1/4 cup lemon juice
- 1-1/2 teaspoons sugar
- 1/4 teaspoon freshly cracked pepper
- 2 medium cloves garlic, crushed
- 3-pound boneless sirloin steak, cut about 1-1/2 inches thick

In large skillet, heat oil. Add sesame seeds and brown lightly. In large shallow baking dish combine sesame mixture with onions, soy sauce, rum, lemon juice, sugar, pepper and garlic. Place steak in marinade. Turn several times to coat. Cover and refrigerate at least 4 hours. Turn several times. To cook, remove steak and onions to broiling pan with rack. Broil 4 inches from heat to desired doneness. Turn once. Brush often with marinade. Turn onions occasionally to prevent burning.

Clothes Designing For The Handicapped

In keeping with the adage that clothes make the man, a Texas Tech University research associate and home economics students are helping the handicapped have better and better looking clothes.

Designing clothes properly suited to the specific physical and psychological needs of the handicapped is the goal of Texas Tech researchers.

Handicapped members of the community and parents of handicapped children may reap some of the rewards of that research in a short fashion conference Tuesday (Nov. 18). The free session will be from 9-10:30 a.m. in Room 160 of the Home Economics Building.

Kay Caddel, a research associate in Texas Tech's Textile Research Center, will present slides and a videotape of fashions she has designed for physically and mentally limited children.

"Colors which are of psychological benefit for all of us are especially helpful for the emotional attitudes of the mentally retarded," Caddel said.

"Clothing is one way a handicapped person can belong," she said. "It's important for handicapped students to know they have the same stylish jeans and t-shirts as their classmates have."

Other considerations in the clothing designs include materials that are easy to care for and styles that are easy to put on and take off, she said. Caddel has designed clothes for children at the Lubbock State School and for a paraplegic child. Model clothes have been created and tested to make sure they are effective. Caddel's patterns have sold nationwide. Individuals and companies may purchase the patterns directly from the Texas Tech Textile Research Center, P.O. Box 4150, Lubbock, Texas, 79409.

Caddel will also discuss measuring and sewing techniques for the special clothing. She has done some fashion design work with the elderly who suffer from arthritis and with various groups including the Little People of America, an association for short people and midgets.

For instance, in working with the visually impaired, Caddel said she considers

the textures of materials and special features like buttons, bows, or lace so those with poor sight may distinguish designs.

She said a woman who has spent a lot of time in a wheelchair may have thin, weak legs, so an attractive pant suit or a long skirt design might be best. These and other considerations for the handicapped will be examined during the November 18 Conference.

Members of the family clothing class, taught by Myra Timmons, will present at the conference their designs for clothes which are meant to promote the physical, mental, social and emotional development of young children.

Parents are invited to bring any type of clothing that they have adapted or especially designed for a handicapped child for a show-and-tell time following the presentation.

For further information, contact Timmons at 742-3050.

LOUISA'S LETTER

Dear Louisa:

My mom and I can not get along. She was trying to make my daughter mind and I got mad at her for making her mind. I told her I did not love her anymore. We fought about a guy I use to like and he hurt me but I still love him. What should I do?
Down hearted--In.

Answer:

It's difficult to suggest more than that you try to be as patient and loving with your mother as you can. Why not talk to your minister or priest about your daughter and mother? There you'll find a kind reception, sympathy, and well-intended advice. It can't hurt. And try to find the love in your heart to forgive. Good Luck.
Louisa

Dear Louisa,

I have a boy friend and we are very much in love but my mother does not allow me to have but one date a week with him during school term. He can come to the house one other afternoon and we

Nursing Home News

By Joy Stancell

Thursday David Cox and the American Blvd. Church of Christ Tuesday and Wednesday Ladies Bible Class hosted the Halloween Party at the nursing home. We are grateful to them for this.

The Lions Club of Muleshoe have had a P.A. System put in the Nursing Home. This was very much needed and appreciated.

Thursday morning the Student Council of the Muleshoe Junior High brought homemade cookies to the residents and visited with them.

Main Street Beauty Shop gave prizes for the Halloween Party.

The Hospital and Nursing Home Auxiliary helped sponsor our Halloween Party with a gift of money.

The Acteens of the First Baptist Church made and brought to the Nursing Home several nice lap robes.

Friday afternoon the

J.O.Y. Choir of the First Baptist Church came to have a devotional with the residents. Carroll Rhodes led the singing. Scriptures were read and thoughts and feelings were shared by one of the ladies. Refreshments of homemade cookies were served to all that attended and to the residents in their rooms.

Thursday, November 13 at 2:30 p.m. will be our monthly birthday party. It will be early this month because of the Thanksgiving holiday. Residents having a birthday this month are Doshia Dykes and Ed Steinbock.

Sunday morning Alex Williams came to have Bible study with Marie Engram, Ora Roberts, Russ Duncan, Alma Henley, Edith Bruns, Charlie Garth, Archie Scarlett, Jose Garcia, Dottie Wilterding, Mrs. Shofner and Grace Kemp.

Tuesday afternoon the Hospital and Nursing Home Auxiliary came to shampoo and set the ladies hair. There were 17 ladies who had a shampoo and set.

Alpha Bartley is visited daily by her husband and daughter. They walk with Mrs. Bartley around the nursing home.

The nursing home had several trick or treaters Friday night. The residents enjoyed the children.

Clara Weaver went out Saturday and spent the day at her home. Here visiting from out of town were Linda, Chris, Pat, Amy, Cheryl and children Jimmy, Chad and Shannon, Jerry Hutton, Maud Kersey, Cordelia Cochran, were local visitors. Clara had treats for the children who came to trick or treat her Friday night.

Dottie Wilterding was visited Friday night by a special goblin, Kyle Embry.

Thursday at noon the nursing home hosted a special dinner for the residents. Ham, baked sweet potatoes and pumpkin pie were just a sample of the good food served. Ruby Clark and the ladies in the

kitchen prepared the meal.

Visiting Marie Engram this week were Mrs. Ruth Timmis, Stacey Campbell, Edith Crawford of Texico, Jennifer Davis, Minnie Singletary, Maud Kersey, Pauline Myers, Mr. and Mrs. Edward Engram of Farwell, Mrs. Mary Whitson, Krissie Campbell, Wilma Waddle, Alice Garcia, Laurie Klyerd, and Jerry Hutton.

Bertie Hendrix was visited by Mr. and Mrs. James Kennedy of Hart, Kathy and her daughter Tami from Plainview. Judy and Leon, Audrey and Sherry also visited.

Mattie Heard went to the doctor in Lubbock Monday. She stopped and ate supper with C.T. and his family.

Alma Henley and Rosemary Pool went down to vote Tuesday.

Grace Kemp, Charlie Garth, Betta Lancaster and Bill Lancaster played dominoes Tuesday.

Velma Hogan was visited by Lou Dell, Mattie and Ada this week.

Roie Stine was visited by Truman and Odessa Stine.

Mrs. Moison was visited by several of her family members.

Grace Kemp went to Doris Parker's where they had a family get together.

Visiting with Ora Roberts were Stacey Campbell, Jackie Johnson, and daughter Fay Blair, Mrs. Hawkins, Mrs. Lee, Mrs. Sebring, Darla Kay and Leo from Friona, Jerry Hutton, her neice Rosa Martin and Ella Ray Cop-

ley.

Residents were asked what they thought of when they thought of Thanksgiving, here were some of the replies: ALMA HENLEY -- I think of harvest, how good the Lord is; ROSEMARY POOL ----- Thankful for surprises; friends, salvation; ARCHIE SCARLETT -- I like Thanksgiving because it is a special day; CHARLIE GARTH -- Thankful for what we have; DOTTIE WILTERDING -- The most precious thing that we have is a wonderful God; ORA ROBERTS -- My parents and my children; RUSS DUNCAN -- I am thankful that my husband lived until all our children were grown; MARIE FATTON; -- I am thankful we have a special day; MRS. SHOFNER -- blessings of the year, blessings of life; EDITH BRUNS -- Everything that is good; W.W. PARKER -- I am thankful for the Bible.

We all agreed that we all had more blessings than we could name. That everyone had been very blessed.

Organized crime poses serious threat to nation's economy

Organized crime has grown so large it poses a serious threat to the nation's free enterprise system, says a former criminal investigator for the Internal Revenue Service. Dr. Thomas F. Urban, now an associate professor of management at Texas A&M University, said organized crime makes multi-billion-dollar profits annually, is estimated to have a net worth of \$150 billion, drains the profits of legitimate businesses, seldom pays taxes and would probably rank among the top industries in the nation.

Urban said the IRS estimates more than \$50 billion is lost annually to the increasing exploitation of legitimate business and most of the losses are passed on to the average citizen who probably suffers the greatest economic loss.

SBA Amended Disaster Declaration

The U.S. Small Business Administration (SBA) has amended Disaster Declaration #1900 for the State of Texas to include "extreme hot weather" as being cause for disaster loan eligibility.

The SBA makes available disaster recovery loans to farmers, ranchers, and agriculture-related businesses who suffered hardships due to adverse weather in counties declared a disaster area, as well as in all bordering counties within the state. The loans are low-interest

and terms of the loans are based on the borrower's repayment ability. Texas producers who lost crops because of the drought or extreme hot weather may receive program and eligibility information by calling (806) 762-7481.

Physical disaster loan applications filed under declaration #1900 must be received by February 12, 1981. The deadline for economic injury disaster loan applications is May 12, 1981.

A hard task is eased by the application of immediate equity.

Society Deadlines Set

INSPECTING SOME OF THE CROP...Britt Birdwell is pictured examining some of the corn produced on Birdwell Ranch in western Bailey County. He said that considering the summer drought and heat stress, he considered his crop was well-filled and produced very well under their irrigation system.

Forecast For Texas Crops Still Dim; Reflect Drought

AUSTIN—The outlook is still dim for Texas crop production despite little changes in the October production estimates, reports Agriculture Commissioner Reagan V. Brown.

"At this stage of the game we have a good picture of the total effect of this summer's drought and heat wave, and it is obvious that the impact was severe," said Brown. "Both yield and production have declined in nearly every category, and we anticipate that lost production will amount to over \$871 million to crops alone. Losses of both crops and livestock will be over \$1.5 billion."

Brown noted that the Texas cotton crop is estimated at 3.6 million bales, 35 percent below last year's 5.5-million-bale crop. Average yields, at 258 pounds per acre, are down 131 pounds from 1979. The smallest grain sorghum

harvest since 1956 is predicted in Texas this year, Brown said. At 97.9 million hundredweight (cwt.), production will be some 28 percent below last year.

The Texas corn harvest will drop 18 percent this year, Brown said, with yields expected to run 80 bushels per acre, compared to 105 bushels per acre in 1979.

Rice, the only crop to show an increase, should be up slightly to 23.5 million cwt., due mainly to a slight increase in harvested acreage rather than higher yields. Pecan production was affected severely by the drought, with a 73-percent dropoff expected. The crop should total only 25 million pounds.

Hay should be in short supply this fall and winter, as production is expected to drop 31 percent to 4.2 million tons.

SOUTHERN HIGH PLAINS

AUSTIN—Southern High Plains cotton production dropped 31 percent in October, Agriculture Commissioner Reagan V. Brown has reported.

Texas Crop and Livestock Reporting Service estimates the harvest at 1,550,000 bales, down 713,000 bales from last year.

Statewide production is projected at 3.6 million bales, down 34 percent from 1979.

The Speaker Reports

by Bill Clayton

AUSTIN—For the past several months the House Committee on Business and Industry has been conducting an in-depth study of five major issues which will most likely be addressed by the 67th Legislature. These topics include condominium housing laws, landlord/tenant relations, public housing authorities, international relations with Mexico and the arts.

The committee, after months of hearings and investigations, has now concluded its research and has filed an interim report of its findings.

The Subcommittee on Condominium Housing Laws definitely feels the current Texas Condominium Act should be updated and revised. Specific recommendations include a mandatory 120-day notice to tenants when apartment dwellings are being converted to condominiums, the placing of all deposits into escrow accounts designed especially for that purpose and the requirement that condominium associations provide property insurance on common elements and units.

The primary objective of the Subcommittee on Landlord/Tenant Relations was to examine the positive or negative effects of House Bill 1773. This bill, which was passed last session, set minimum standards for the conditions of habitability of residential rental premises.

The committee outlined four recommendations to make House Bill 1773 more equitable for both landlords and tenants. The recommendations, as outlined here in abbreviated form, include giving landlords the right to remove all property if the premises have been abandoned; requiring rental agreements to disclose the name and address of the owner or owners of the unit; prohibiting a landlord from

interrupting utilities to an occupied residential unit and giving a landlord the right to enter leased property without notice and permission of the tenant under certain specified conditions.

No specific recommendations were made by the Subcommittee on Public Housing Authorities. The committee believes the available information and testimony from public hearings brought forth no new issues which would substantiate legislative initiative or involve legislative concern.

The Subcommittee on International Relations with Mexico made five recommendations which are to 1) make available a complete record of the activities and services of the Mexico Trade office; 2) utilize other services and resources available to all United States businessmen and women by the Mexico Trade office; 3) provide an orientation of Mexico and Mexican business practices for those persons making their first business trip to Mexico; 4) locate a major Mexican bank, if economically feasible, in the Dallas or Houston financial districts; and 5) become more aware of private buyers of Texas products as well as government sources.

A strong sentiment of the Subcommittee on the Commission of the Arts is that the arts are a necessary part of the state's economic growth. Texas still ranks last among all states with regard to its per capita legislative funding for the arts although during the 66th Legislature the appropriations for the Commission of the Arts were tripled. The committee advocates continued state support so that the commission can meet its goals as outlined in a state plan.

Mississippi State Upsets Notre Dame

Notre Dame fans are upset. Mississippi State got there first and did what the Irish wanted to be the first to do -- beat Alabama. The Tide's 6-3 loss to the Bulldogs two weeks ago may have slightly dampened the enthusiasm for Saturday's Alabama-Notre Dame clash, but very slightly. However, the incentives for winning may have shifted to Alabama. National polls have placed the Irish #1 in the country, so their roles have been reversed -- the Tide is out to "upset" Notre Dame. Also, Alabama has never beaten Notre Dame. It's three out of three for the Irish. Our ratings are wrong 25 percent of the time...they're also right 75

percent of the time. Today we would make Notre Dame the underdog against eight teams in the country, and Alabama is one of them. The Crimson Tide is favored over the Irish by nine points.

Southern California's problems are back-to-back. Stanford was problem #1 last week... Saturday, it'll be Washington...next week, UCLA. The Huskies came within seven points last year before losing 24-17. This year: the Trojans by ten.

The race in the Big Eight Conference is winding down - or up - as Oklahoma hosts Missouri. The Cornhuskers shellacked Mizou 38-16 two weeks ago so a Tiger loss to Oklahoma would focus the championship again on the Nebraska-Oklahoma fracas next week. Missouri is only a six point underdog to the Sooners, but keep in mind the demolition job Oklahoma did on previously undefeated North Carolina.

Roses and conference title ride heavily on the outcome of the Big Ten scrap between Purdue and Michigan. The Riveters do not meet Ohio State so victories over Michigan and Indiana in their final next week could sent Purdue to the Rose Bowl. The game is in Ann Arbor and the Wolverines are favored by nine.

fore losing 24-17. This year: the Trojans by ten.

BEST IN THE FRIONA GAME.... Honored for their play in the Muleshoe-Friona game last Friday night in Muleshoe are from left, standing; Charles Walker, offensive back; Benton Glaze, offensive line and Scott Denny, defensive line; from left kneeling; George Vela, defensive linebacker; Ronnie Angeley, offensive receiver and Larry Norman, defensive secondary.
