First '80 Snowstorm Snarls Traffic

Snowdrifts Forced Holiday For School

A weekend snowstorm, although unpredicted by National Weather Service, deposited eight to ten inches of moisture-laden snow in Bailey County and the surrounding area, snarling traffic and forcing closing of numerous farm-to-market roads and highways. Both Cochran County, to the south of Bailey County and Parmer County to the north closed several roads late Sunday evening.

Snow started falling near night on Saturday, and by Sunday morning, an accumulation estimated at six to seven inches was on the ground, and light snow was still falling. By nightfall Sunday, icy conditions and snowpacked highways and roadways were slowing traffic to a crawl.

Bailey County fared better than neighboring counties, who had to close many highways due to snow drifts. As the icy wind whipped snow into drifts, in some instances, abandoned cars were almost completely covered by snow.

Shortly after 6 p.m. Sunday, DPS officers from Parmer County were sent to the Clay's Corner area where several vehicles had entirely blocked the highway. The officers found up to seven vehicles had spun out of control, for nearly two hours, the officers worked to clear the entire intersection.

Although the Texas Highway Department crews worked throughout Saturday night, all day Sunday and Sunday night, wind whipped the snow back into deep drifts behind them. Crews of highway department workers were also sent from Lub-

bock to assist the crews in Bailey County who spent long hours trying to keep roads clear for travelers.

The National Weather Service and the Texas Department of Public Safety issued numerous weather advisories and travel warnings. Despite all the warnings, large numbers of 'overdue motorists' notifications were sent out, as all travel was slowed.

Around 8 p.m. Sunday, Highway 86 just east of Hub was packed with stuck and abandoned vehicles, whose drivers found the snowpacked highway impassable. Some eight vehicles had skidded around on the highway and in some instances into the ditches.

Icy conditions prevailed as the snow continued late Sunday, and little to no traffic was moving on city

MHS Fine Arts

Boosters Plan For Bake Sale

Muleshoe Fine Arts Boosters have scheduled their annual Thanksgiving bake sale for this Saturday at both Shoprite Grocery and Pay and Save Grocery.

The bake sale will get underway at 9:30 a.m. and each member of high school band, art or speech and Muleshoe Junior High School band, art or speech are asked to bring home baked items including pie, cake, cookies, brownies, or candy to the stores prior to 9:30 a.m.

Further information may be obtained by calling Sandra Martin at 272-3670 after 5:30 p.m.

SHE'S 'SNOW LADY'....Miss Janie, very tall, and wearing her hat and gloves, along with a shawl, scarf and purse, is ready to go shopping. Taking advantage of no school on Monday, Rosemary Quiroz, left, and Rene Garcia, constructed their snow lady at 508 East Third Street. They ate among the many youngsters who created their own snow creatures on Monday following the weekend snow.

Convicted Female Escapee Nabbed

Janice Bates Holmes, 25, who escaped from the Bailey County jail in Muleshoe on Monday, September 1, was recaptured in

Los Angeles, Calif. last Friday, according to Los Angeles law enforcement officials.

Bailey County Deputy Sheriff Bob Henderson said a teletype was received from Los Angeles around 8 a.m. Friday, notifying local officers of Ms. Holmes apprehension.

According to the California officers, Ms. Holmes was using the name Brenda Jones when she was captured. Also, the teletype said she was being held on local charges there, as well as a possible hearing for parole violation from Los Angeles County.

Shortly before her escape from the jail in Muleshoe, Ms. Holmes had been sentenced to serve 60 years in the Texas Department of Corrections following conviction by a jury for her role in the April 28 armed robbery of Lindsey Jewelry in Muleshoe.

Before Ms. Holmes was sentenced, her two accomplices in the robbery, Jimmy Jordan and R.C. Willard received sentences for their part in the robbery.

Morgan was assessed a sentence of 90 years, and Willard received a 50 year sentence.

Cont. Page 6, Col.3

Mo-Ped Law May Affect Purchases

With Christmas approaching, and the possibility of several parents tentatively planning to purchase Mo-Peds for their child's major gift for the year, the Muleshoe City Police have issued a reminder that new laws go into effect on January 1.

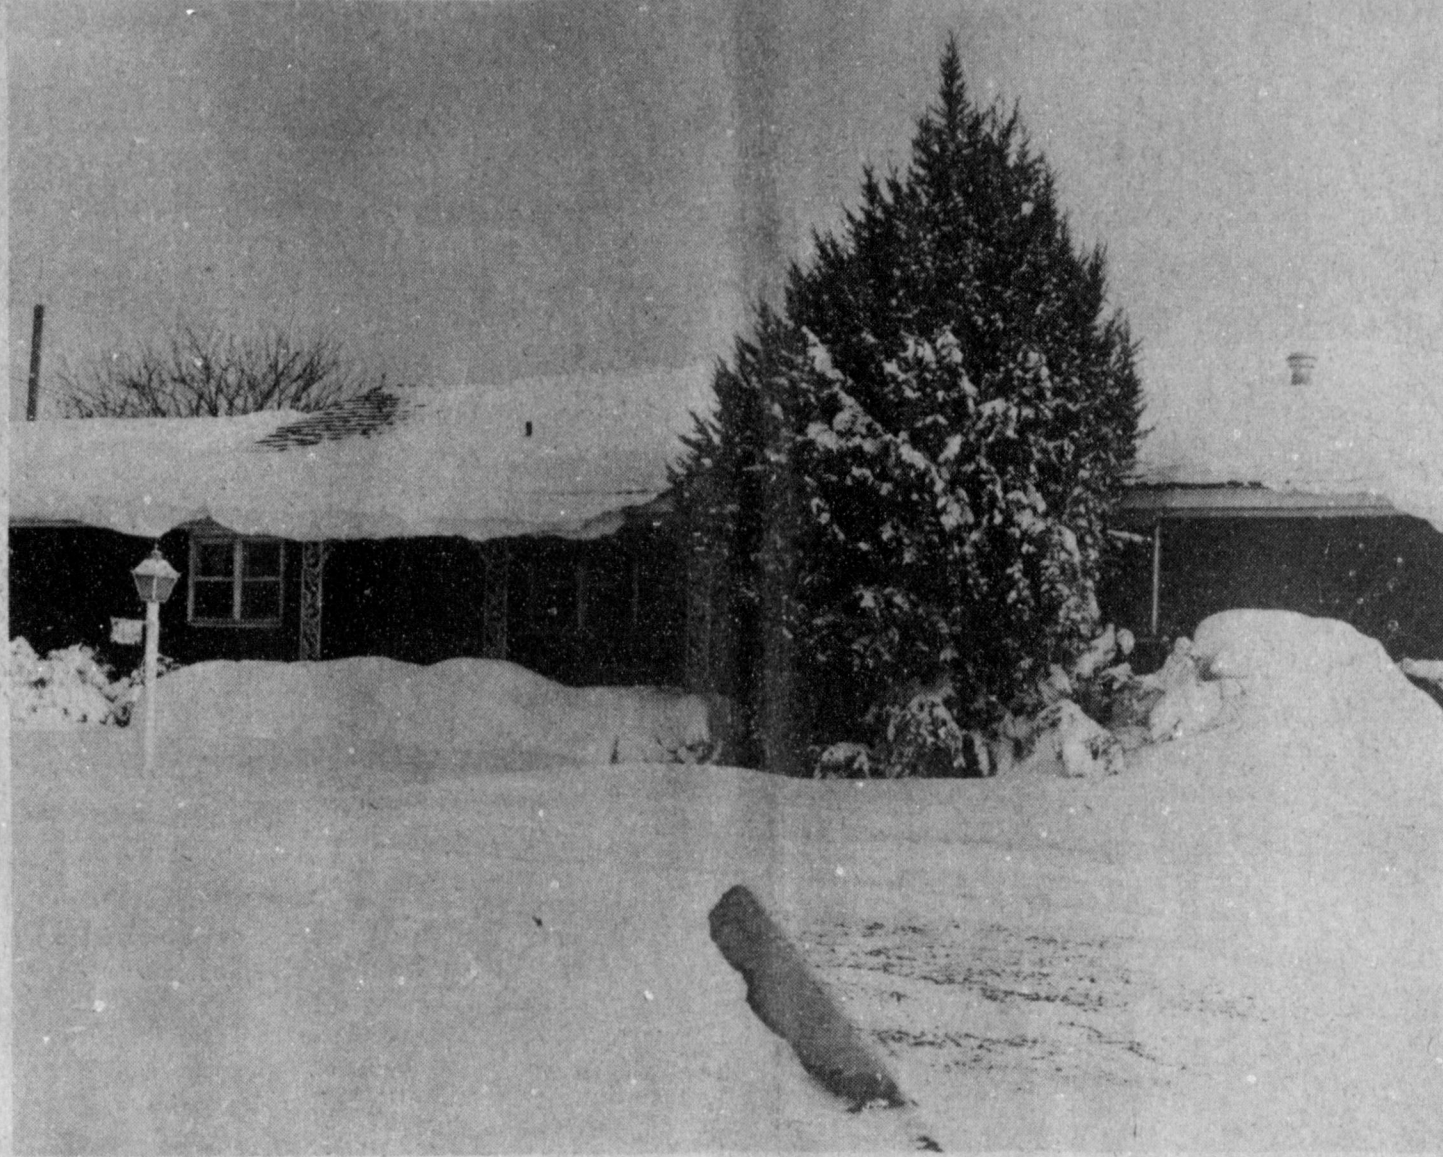

Police Lt. Jerry Hicks has reminded that according to the new laws, a special operator's license will be required to operate the motor assisted bicycles.

The law states that youths between the ages of 15-18 will be required to complete a special 20-hour course approved by the Department of Public Safety before they can be licensed. The license will include motor assisted bicycles, motorcycles, and motor scooters to 125 cc.

Also, no one will be licensed below the age of 15 to operate the Mo-Peds. Mo-Peds must be inspected and must be inspected, according to another provision of the new law. The Mo-Peds must display the license plate and inspection sticker.

After a youth, 15, has reached his or her 16th birthday, the restrictions for 125 cc on motor assisted bicycles, motorcycles and motor scooters will be removed from the license.

Cont. Page 6, Col. 2

FIT FOR A CHRISTMAS CARD....Monday morning, following a weekend of snow in this area, many homes wore white decorations, including huge snowdrifts, such as this one to the right of the large tree in front yard of the J.K. Adams home on Avenue J. Many homes were also festooned with icicles, hanging two to four feet from roof edges. By Tuesday afternoon, much of the eight to ten inch snow had melted in warm sunshine. The snow forced closing of schools in Muleshoe and other places in the area for Monday.

Major Recording Artist To Perform Concert Here

Maynard Ferguson, Columbia Records recording star, will bring his energetic, high-powered music to Muleshoe High School tonight, Thursday.

Advanced ticket sales indicate he will be performing for an audience more from the area than from Muleshoe itself, reported Charles Faulkner, band director from Muleshoe High

Monte Horne In Competition For Tennis Slot

Monte Horne, son of Mr. and Mrs. Harold Horne, and a seventh grade student at Muleshoe Junior High School, qualified as one of the championship tennis players in the State of Texas.

In competition last Friday and Saturday, he was one of approximately 20 players in the 14-year old division. He entered the TAP Tournament in Lubbock and was the only 13-14 year old to remain undefeated for the entire two days of competition.

Monte started his way to the top by downing Darryl Barnes of Midland, 6-2; 6-2. Next, he met Jay Ciacio of Midland, and came out on top, 6-2; 6-1. Gregory Akin of Abilene was the next opponent. This match ended for Monte, 6-2; 6-0.

In the finals, Monte faced the strongest opponent of the tourney, Fred Kennedy of Midland. After splitting sets, Monte won the match, 6-3; 3-6; 6-0.

This tournament victory will allow Horne to enter the championship bracket of major designated tournaments throughout Texas. He said he will be striving for state-ranking in the tournaments to come.

School. Early Tuesday morning, ticket sales had exceeded four hundred in surrounding communities, including from Seagraves, Plainview, Friona, Clovis,

Roddam Duo In Top Spots For Contest

All right! All you faithful entrants in the annual Muleshoe Merchants' Football Contest, it's right down to the wire again, and with just one week left in the contest, one of several persons could win.

Leading the pack right now, and not by leaps and bounds, but by a mere two points, is Doyle Weir, a Lazbuddie resident and one of the faithful weekly entrants.

Doyle has 22 points, and guesses close each week. His wife, Debbie, has four points on the year, but the points of a husband and wife, or of anyone cannot be combined.

Currently in second place with 20 points is Elaine Roddam. Showing up with sixteen points now are Shane Smith, Randall Stevens, and Jerry Roddam. Both Wade Cargile and C.O. LaRue have 14 points at this time.

First place winners with 10 points each are Bob Copeland, Jr., Weldon Dennis, L.C. Roddam, and Kathleen Hayes.

This week, the first place winner was Elaine Roddam who missed only one game the Tennessee-Mississippi upset. However, she correctly predicted both upsets in the tiebreaker games.

Her husband, Jerry, had smaller faith. He missed both tiebreakers to take

Cont. Page 6, Col.3

Around Muleshoe

During a shuffle in office space last week, the Muleshoe Chamber of Commerce and Agriculture moved back to the Muleshoe City Hall.

The Bailey County Tax Appraisal Office, which had been housed in the Muleshoe City Hall, moved across the street to occupy the offices formerly held by the C of C.

Their address is 100 East Avenue C, across the street south of the city hall and the telephone number is 272-5501.

Mr. and Mrs. Darrell Turner became victims of the weekend storm when they were snowed in south of Sweetwater last weekend. The Turners were moving a load of furniture to Brady for John Crow, when their truck became stuck in a snowbank around 4:30 p.m. Sunday.

After three hours trying to dig out the truck, the Turners caught a ride to Roscoe with a student from Texas Tech University. After spending the night with friends in Roscoe, Turner dug the truck out on Monday afternoon.

Crow returned from Brady to retrieve his snow-bound furniture, said Turner.

Bob Finney fared better returning from the Dallas Cowboy-St. Louis Cardinal football game Sunday. Although he made it home from Dallas, he spent some 16 hours on the highway in the snow and icestorm.

Curtis Smith, of the nominating committee for the Muleshoe Chamber of Commerce and Agriculture announced the following officers and directors for the 1981 year.

Tommy Gunstream, president; Dave Cavitt, vice president; Curtis Smith, secretary; and directors, Kerry Moore, Bruce Woods, Robert Montgomery, Robert Hooten and Herman Morrison.

As a fund raiser for a trip to Six Flags, Brownie Troop 288 is currently selling light bulbs.

A package of six bulbs is \$2 per package. For further information contact Mrs. H.E. Reeder.

Members of the FFA presented a program on Parliamentary Procedure for the Muleshoe Rotary Club at noon on Tuesday. Alex Williams was in charge of the program and introduced the following

Nursing Home News

By Joy Stancell

Friday morning Ora Roberts, Russ Duncan, Marie Patton, Rosemary Pool went out to the Mini Mall, here in Muleshoe to see the new shops. Some of them also went to Perry's and to the new antique shop. They all enjoyed seeing the changes that were taking place in Muleshoe.

Thursday afternoon Doc Goucher, C. W. Wilhite, Wayne Marlow, Maud Kersey came to play dominoes with Ora Roberts, Bertie Hendrix, Russ Duncan, Grace Kemp, Edith Bruns, Charlie Garth, Alma Henley, Betta Lancaster and Rosemary Pool.

Sunday morning E. B. Wilson came to have Bible study with Alma Shofner, Marie Engram, Alma Henley, Marie Patton, Grace Kemp, Maggie London, Russ Duncan, Dottie Wilterding, Charlie Garth, Archie Scarlett, and Jose Garcia.

Marie Patton was visited by June Gore.

Dr. McDaniel is visited daily by Mrs. Whately.

Bertie Hendrix was visited by Jerry Hutton, Mr. and Mrs. Bobby Gable, Mr. and Mrs. Joe Embry, Veta Self, and Mrs. Chambless.

Clara Weaver's visitors this week were Jimmy and Johnnie, Jerry Hutton, Maud Kersey, Cordelia Cochran and Ruby Garner.

Lula Embry was visited by her family members, Frank Hawkins, and Bob Beller from California.

Ora Roberts was visited by Melba and Mona Clark from Sterling City, Russ Duncan and Ora Roberts played a game Thursday, Mary Roberts from Roswell visited Freda McOfee from Portales. Ruby Clark took her mother, Ora Roberts to Clovis Saturday. They did some shopping and ate dinner at the Pizza Hut. Ruby Ward, Cordelia Cochran, Jerry Hutton, Lorna Moravec, Eileen and Olivia Martha, a long time friend of Ora's, Mr. and Mrs. Frank Hawkins also visited.

The St. John's Lutheran Church of Lariat brought issues of large print Portals of Prayer to the nursing home Tuesday.

Our new resident is Ruby McCamish. She was born in Texas February 17, 1905. She is a Baptist. She was in a nursing home in Morton before coming to Muleshoe. She likes to listen to records and to the radio. We welcome her to the nursing home.

BLACKLANDS

AUSTIN -- Blacklands cotton production dropped 56 percent in October, Agriculture Commissioner Reagan V. Brown has reported. The decrease was the biggest drop statewide and probably reflected the effects of the drought more than any other region, Brown noted.

Texas Crop and Livestock Reporting Service estimates the harvest at 140,000 bales, down 180,000 bales from last year.

Statewide production is projected at 3.6 million bales, down 34 percent from 1979.

Very few participants in marriage ceremonies recall the "for poorer" phrase.

Cats Claw Mules

The 7th grade Mules met the Littlefield Wildcats Thursday Nov. 13. The Wildcats came out on top by a score of 20 to 0. The Mules kicked off and a Littlefield back ran in for a touchdown. The Mules had a drive going but were stopped when they had to punt. Littlefield second TD came on a quick pitch to a Littlefield back. With one minute before the final buzzer, Littlefield scored on a short pass. With seconds to go the Mules had the ball, but time ran out, with the final score 20 to 0 in favor of Littlefield.

Coach Jones commented, "At times the 7th grade played well. Hopefully with a year's growth and maturity, these boys will develop into a good team."

Mules Upset For District Championship

The 8th grade mules met the Littlefield Wildcats last Thursday night, November 13, at Littlefield. The final score, with Littlefield winning the district championship, was 12-0.

Jerry Gleason was selected player of the week for doing a real good job on defense and he also received the "Big Lick" award.

Coach Jones commented, "The eighth graders put out great effort, unfortunately we fell short by 12 points to win the district championship in the eighth grade." The coaches appreciate the efforts and attitudes of the players and are pleased with a 6-2-1 record.

given to David Vela for playing a very good game both offensively and defensively. Players receiving stars were David Vela, "Player of the Week" and Mike Holt, "Big Lick."

MJHS Feelings About The Mules

An original poem by a sixth grade boy, Stacy Springfield, expresses MJHS feelings about our Mules.

WE ARE THE MULES
We are the Mules
We have power,
Who is the next
team we will devour?

We are the Mules
We're not nuts
We'll hit 'em hard
Right in their guts.

We're the Mules
We're pretty slick,
Next team we play
Gets a good hard kick.

We're the Mules
We're not sinners,
Next game we play
I bet we're the winners.

We're the Mules
We will win,
We'll hit them hard
In the end.

MRS. MARY SCOGGIN
There's quite a difference between being present and doing the work.

West Texas Development

J. Fred Bucy, president of Texas Instruments Inc. and chairman of the Texas Tech Board of Regents, predicted that West Texas will have "explosive de-

velopment between now and the year 2000."

Bucy spoke before the first Regents Reunion, addressing present and former members of the boards who have governed Texas Tech University and the Texas Tech University Health Sciences Center.

The former regents were invited to return to the institutions -- and will be invited in succeeding years -- to help develop a continuity of policy and to counsel with present board members.

Bucy told his audience that Texas Tech should "play a primary role in being the intellectual leaders for what, I guarantee you, will be the explosive development of this region between now and the year 2000."

He spoke about national and international problems and areas in which Texas Tech could work to solve some of these.

"Inflation is a tough one," the chairman said. "Government is a tough one. I have strong beliefs in the self reliance of people and that is why I personally am a conservative."

"I think the temper and the mood of the people of this region are conservative, too. We don't want a

Mrs. Mary Scoggin was chosen as teacher of the week by the Student Council.

She graduated from high school at Field, New Mexico, and went to Eastern New Mexico University, where she graduated from college, she majored in Home Economics and minored in Science.

She has taught for 24 years, 21 of those years at Muleshoe, where she currently teaches 7th grade science.

Her hobbies include reading, sewing, and yard work. She and her husband Lewis, have three sons, Kearney, Verylton and Jerry.

Congratulations Mrs. Scoggin!!!!

big government either telling us what to do or doing it for us. But we also don't want government preventing us from doing what is necessary," he said.

The basic answer to inflation, Bucy contended, is to find the right balance in the relationship between a free people and their government.

"I believe that balance can be found in basically conservative principles."

As he continued his remarks, Bucy made it clear he was "in no way prescribing for the young people who come to Texas Tech what they should think, and what they should learn."

"I do mean that we need to teach all points of view, he said, "not just what Fabian Socialists have preached in England for the last 100 years, not just what the Keynesian economists say."

"I think we should also discuss classical economics and the role of government as the source of inflation," said Bucy. "I think there is no better place to do this

than this region where the spirit, the temper, and the heritage of the people are still rooted in deep and self-confident conservatism."

RECIPE

By Sarah Anne Shoridan

Chops with Fruit

- 6 pork chops, 1-inch thick
- 2 T salad oil
- 1 t salt
- 1/4 t pepper
- 1/4 c chili sauce
- 3 T lemon juice
- 1 16-oz. can cling-peach slices, undrained or other fruit

In large skilled over medium-high heat, brown chops on both sides in hot oil; sprinkle with salt and pepper. Add chili sauce, lemon juice and 1/2 cup syrup from peaches. Cover; cook over low heat 50 minutes or until chops are fork-tender. During last 5 minutes of cooking, add peach slices; heat. Makes 6 servings.

Pork with Apples: Prepare as above but omit chili sauce, lemon juice, peaches and syrup. Add 1/2 cup apple juice or cider. During last 5 minutes, add 3 thick apple slices, halved.

ENGAGEMENT ANNOUNCED....Mr. and Mrs. Jimmie Pitcock wish to announce the engagement and approaching marriage of their daughter, Nina Marie, to Joe Avory Adams, son of Mr. and Mrs. Ray Adams of Tulia. The tentative wedding date is set for January 2 at 7 p.m. in the Trinity Baptist Church in Muleshoe. She is a 1979 graduate of Muleshoe High School, and is attending South Plains College and plans to continue her education at W.T.S.U. Adams is a 1978 graduate of Tulia High School, and a 1980 graduate of South Plains College and is currently employed in Tulia.

Do You Look Like The Last Faded Rose Of Summer

The last rose of summer has long since faded. So has the flattering suntan that brightened summer faces. But winter's drab pallor need not cast itself upon your face.

"Winter makeup should be as flattering and natural looking as summer's casual healthy look," says Monica Hollister. "Winter wardrobes, even in mild climates, tend to be more structured and 'serious' and less colorful than summer outfits. Consequently, some women tend to apply makeup in a more heavy-handed and structure way."

"Your winter makeup should not make you look winter weary," says Hollister. "First you may want to re-evaluate your skin care program to counteract the drying effects of wind, cold and overheated homes and offices. A foundation product that adds a subtle tinge of healthy color to your skin is another essential."

"The biggest boost can come from color enhancers," she says. "Flattering copper and deep rose blushers can brighten the skin and coordinate beautifully with the copper, bronze, loden green, purple blue and rose-colored fabrics in your winter wardrobe. Select a soft deep blue, gray, green or brown eyeshadow to

reflect the color of your blouse or dress. Choose a highlighter of a lighter color and then smudge a little navy, brown, green or gray eyeliner pencil just above your lashline to bring eyes into more dramatic focus. For lips and fingernails, rich copper and deep rose colors are appealing but never garish."

Christian Women's Fellowship

The Christian Women's Fellowship of the First Christian Church met Tuesday, November 11 at 4 p.m. in the church study with Mrs. Walter Bartholf, Sr. as hostess.

The president, Mrs. Wesley Glover, presided over the meeting. She led the saying of the C.W.F. Prayer. After the business meeting, Mrs. Joe Costen presented the program on the Women of the Bible, by discussing the life of Rizpah. The devotion was the reading of the "One Hundredth Psalm," the Thanksgiving Psalm.

The next meeting will be Tuesday, December 9.

Members attending were Mrs. S.E. Goucher, Mrs. Wesley Glover, Mrs. Walter Bartholf, Sr. and Mrs. Joe Costen.

A fanatic is one who lets one idea dominate his life and befores his reason.

Music Teacher To Tour China

Joyce Walker, president of the New Mexico Teachers Association has been selected as one of thirty musicians to tour China with the 1981 United States Professional Musicians People-to-People Delegation.

Leaving on May 30, she will tour Peking, Tientsin, Canton, Shanghai, and Hong Kong.

Owner of the Hobbs World of Piano, Mrs. Walker is currently vice president of the Southwest Division of the National Music Teachers Association. She will serve as the hospitality chairman for the 1981 national convention slated for Phoenix.

In the recent state convention for the New Mexico Music Teachers Association, The Student Foundation was established in honor of Joyce Walker of Hobbs, who has promoted student activities in New Mexico Music Teachers Association for many years.

The student programs for NMMTA have been an interest of hers for many years. She has also served as secretary, district vice president, vice president, student affiliate chairman and at present is the President for the State Association.

Study Club

The Muleshoe Study Club met Thursday, November 13 at 4 p.m. at the Art Loft. Refreshments of cake and coffee were served to the following: Mrs. John Agee, Mrs. Rufus Gilbreath, Mrs. T.R. White, Mrs. Wilson Witherspoon, Mrs. J.G. Arnn, Mrs. Charles Shain, Mrs. Wilma Thompson, Mrs. Joe Costen, Mrs. Betty Carpenter, Mrs. A.C. Neely, and Mrs. Wesley Glover.

A tour of the Art Loft was made, seeing many antiques, and old fashion Christmas decorations and toys.

Afterwards, the members adjourned on to Mrs. Wilma Thompson's home, where a short business meeting was held and discussion of the booth the club will have at the bazaar the 22 and 23.

Also the plans for the menu for the Christmas dinner were made and Mrs. Gilbreath will be the hostess for this occasion in her home on December 10.

The Christmas dinner will be the only meeting in December.

The student honors auditions are two programs which have been established under her leadership.

Joyce Walker is the daughter of Byron and Velma Gwyn of Muleshoe. She is a graduate of Muleshoe High School and of West Texas State University. She is married to Joe Walker who is a professor at New Mexico Junior College. They have two children, John of Dalhart and Cindy, who is a student at Texas Tech.

Krista Elizabeth Anderson

Mr. and Mrs. Hal Anderson are the proud parents of a new daughter born at 5:21 p.m., November 8, in the Lubbock Methodist Hospital.

The young lady weighed 7 lbs., 8 1/2 oz. and was 20 1/4 inches long. She has been named Krista Elizabeth. She is the first child for the couple.

Grandparents are Roy and Hazel Dyer, of Muleshoe, Mrs. Jewel Anderson of Lubbock and the late David S. Anderson.

Joni Gail Sneed

Mr. and Mrs. Frank Sneed are the proud parents of a new daughter born November 6 in the Clovis High Plains Hospital. She weighed 8 lbs. and 11 oz. and was 22 inches long. She has been named Joni Gail Sneed.

Grandparents are Mr. and Mrs. Fletcher Sneed of Idalou and Clarence Mason formerly of Muleshoe.

Great grandparents are Lola Brunson of Idalou and Mr. and Mrs. Vance Wagnon of Muleshoe.

Crissandra Marie Cotham

Kristina Adeline Cotham
Mr. and Mrs. Robert B. Cotham III, of Clovis, are the proud parents of twin daughters born November 14 in the West Plains Medical Center. They have been named Crissandra Marie and Kristina Adeline.

Crissandra was born at 12:32 p.m. and weighed 5 lbs. Kristina was born at 12:34 p.m. and weighed 4 lbs. and 12 oz. They are the first children for the couple.

Grandparents are Mr. and Mrs. William Thomas and Bob and Durley Cotham, all of Clovis.

Muleshoe Singing Group Meets

There were 13 present at the Muleshoe Singing Group meeting Saturday evening. The meeting was opened with J.C. Shanks presiding, he led the first two hymns.

Invocation was given by Mrs. Minnie Kelly. There were several specials given by the local group, also congregational singing.

The group meets each Saturday at 6:30 p.m. in the fellowship hall of the Trinity Baptist Church.

Omer Kelton gave the benediction.

BLACKLANDS

AUSTIN -- Blacklands cattle and calves numbers totaled 2,000,000 head on July 1, 1980, a 6.38 percent increase over 1979, Agriculture Commissioner Reagan V. Brown has reported.

In the July 1 inventory by the Texas Crop and Livestock Reporting Service, the biggest increase came in beef cows at 910,000 head, up 10.97 percent. Milk cows stood at 50,000 head.

Although feeder cattle increase was small at 61 percent, Brown said Blacklands led the state for the second consecutive year with the highest feeder total at 837,000 head. Brown attributed the high count to the summer drought as ranchers brought more cattle into feedlots for relief from dry and barren pastures.

PORK CHOP CASSEROLE

8 loin pork chops, 1/2 inch thick (about 2 lb.)
1 tablespoon unsalted butter or margarine
1/2 cup chopped onion
1-1/2 cups packaged enriched pre-cooked rice
1-1/2 cups water
1 cup diced peeled tart apple
1 cup diced orange sections*
1-1/2 teaspoons grated orange rind
1/8 teaspoon pepper
1/8 teaspoon poultry seasoning

Trim excess fat from chops and brown quickly in butter in a large skillet. Remove chops from skillet; add onion and saute in pan drippings. Place in a lightly greased shallow 2 quart casserole. Add remaining ingredients; mix well. Arrange pork chops on rice mixture. Cover and bake at 350 degrees for about 45 minutes, or until chops are tender. (Always cook pork thoroughly.) Makes 4 cups rice mixture plus chops, or 6 servings.

*Or use 1/2 cup chopped dried prunes

NOTE: A flameproof casserole may be used; brown

chops and saute onion in the casserole, then continue as directed.

LOWER VALLEY

AUSTIN--Lower Valley cotton production dropped 27 percent in October, Agriculture Reagan V. Brown has reported.

Texas Crop and Livestock Reporting Service estimates the harvest at 320,000 bales, down 120,000 bales from last year. Statewide production is projected at 3.6 million bales, down 34 percent from 1979.

The atmosphere is so filled with campaign oratory we can hardly get the facts.

Shopping Mortgage Options Can Save Home Buyer Thousands

By Robert L. Haney
TAES Science Writer

Today's house buyer should shop for a mortgage as carefully as the house itself; it can amount to many thousands of dollars difference in cost, according to Dr. D. A. Klinefelter, research economist at Texas A&M University.

"Because of volatile and increasing cost of funds to mortgage lenders, the traditional fixed-rate mortgage is hard to get," Klinefelter says.

"Increasing use is being made of variable rate and rollover mortgages. The interest rate on the variable-rate mortgage is not fixed, but is tied to an index of money-market rates.

"Under a typical plan, the interest rate can change at predetermined intervals with the rate changes usually limited to not more than 2.5 to 3 percent over the life of the mortgage.

"It is my own opinion that without a fundamental change in government economic policies towards longer term, less politically motivated strategies, mortgage rates are not likely to drop below 10 percent during the 1980's.

"Therefore, given current rates the adjustments are more likely to be up than down. Because of this, buyers need to consider the potential effect of changes in interest rates on the size of their monthly payments.

"For example, principal and interest payments on a 25-year, \$50,000 mortgage will run \$490.06 at 11 percent, but if the interest rate were increased to 14 percent, would run \$601.89 a month."

Rollover mortgages are written as a series of 3-to-5-year fixed-rate, guaranteed renewable notes, but with the interest rate renegotiated at the time of renewal. The borrower has the option of accepting

the new rate or paying off the loan.

If a rate increase is necessary, in some instances the payments may be kept nearly the same by extending the maturity of the loan although the total interest cost obviously increases. Rollovers are usually favored by people who plan to own a home only a few years before selling, according to Klinefelter.

"Although these mortgage instruments do force buyers to accept at least part of the interest-rate risk," Klinefelter says, "they tend to increase the availability of locked into a fixed-rate investment when their cost of funds increases.

"A second matter related to interest rates has had a significant impact on the availability of mortgage funds in the past. These are usury laws or legal ceilings on interest rates which lenders can charge on certain loan categories.

"Because interest rates have such a significant impact on home buyers, many well-meaning consumer groups lobbied for ceilings on mortgage rates to 'protect' borrowers.

"The result of such laws was that when rates on alternative investments rose above the ceilings on mortgage rates and when their cost of loanable funds increased, lenders were forced to cut back on mortgage lending and divert their funds elsewhere.

"The end result was that the borrowers these laws were designed to help were unable to get financing or else the government was forced to create its own loan programs at subsidized rates.

"During this past year, however, the federal government mortgage money because lenders face less risk of being ment has acted to set aside state usury limits on mortgages made by federally insured lending institutions and on loans from other sources which are insured or guaranteed by the federal government.

"Hopefully, we will see less artificial tightening in the real estate funds market. The decision will rest more with the buyer regarding whether or not to pay the going market price for mortgage money.

"With variable rate loans, buyers should also have less reason to delay purchasing a home during temporary rate upswings since their cost will fall when rates decline because like the lender they are no longer locked into a fixed rate for the duration of the mortgage.

"I hope this brief discussion of the complex area of mortgage funding will help prospective home buyers to realize the importance of shopping the funding market as diligently as the house market.

"Careful consideration of options by a homebuyer can sometimes save thousands of dollars," Klinefelter concluded.

Editor's Note: Any questions regarding this column should be addressed to Science Writer, Department of Agricultural Communications, Texas A&M University, College Station, Texas 77843.

Program ranks No. 1 in nation

AUSTIN, Texas (Spl.)—A panel of experts in the community college field has picked the program in Community College Education at The University of Texas as the No. 1 graduate program of its kind in the country.

The UT Austin program prepares administrators for community colleges throughout the nation.

In the same study that ranked the UT Austin program, Dr. John E. Roueche, professor of educational administration, was cited as the outstanding living author in community college education since 1960. Two of his books were singled out among those making national impact on the community college movement.

Sudan News By Evelyn Ritchie

Pam Kent, Carol Williams, John Chester, Gary Brown, Diana Gardner were among college students home for the weekend.

Your Six-Minute Thanksgiving Turkey

While America has adopted many traditional holidays from various countries, Thanksgiving is truly an all-American feast day... and what is Thanksgiving without a turkey? In fact, Benjamin Franklin thought so much of the noble turkey—a true, original native of America, that he wanted to use it on our country's Great Seal instead of the bald eagle.

It might be a comforting thought as you approach the busy holiday season, whether this is your first try at a Thanksgiving dinner or you are an accomplished veteran with a time problem, to know that it need only take about six minutes of your time to prepare the bird for the oven.

In planning for holiday appetites, it is wise to allow one pound of turkey per person. This allows for generous servings plus some extra, always welcome for a favorite leftover treat.

If turkey is frozen, leave in original bag and thaw in refrigerator for 3 to 4 days (24 hours for each 5 pounds of turkey) or cover with cold water, changing water frequently (1/2 hour per pound of turkey). Refrigerate or cook turkey as soon as thawed.

For your six-minute turkey, simply follow these easy steps. Remove plastic wrap from thawed turkey; remove giblets and neck from body cavities, rinse turkey inside and out, pat dry with paper towel, return legs to hook lock or band of skin, tuck tips of wings "akimbo" back of turkey and skewer neck skin to back.

Place turkey breast side up on rack in shallow roasting pan. Place a tent of aluminum

\$1 MILLION PAINTING
NEW YORK -- The Whitney Museum of American Art has paid \$1 million for a painting by Jasper Johns, believed to be the highest price ever for the work of a living artist. The 1958 painting, a famous precursor of the Pop Art movement, is **Three Flags**.

Mr. and Mrs. Dood Haragan were in Shamrock during the weekend to attend the art show-sale held there.

Damon Provence has been in Lubbock several days recently to undergo tests.

Mr. and Mrs. Walter Sorensen visited last weekend in Dallas with friends and relatives.

Wayne George of Lubbock visited last Thursday with Mr. and Mrs. Martin Maxwell.

Mrs. Doris May was in Montague last week to

attend funeral services for a relative.

Mr. and Mrs. Alan Beale were in Lockney last week to attend funeral services for their cousin, Mrs. Tempest Phillips.

Butch Hall was taken Wednesday to the Muleshoe Hospital.

Joe Wood was guest speaker at the Circleback Baptist Church last Sunday morning and evening.

Mr. and Mrs. Jack Engram were in Plainview Saturday to attend the art show and sale.

Josh Chester was released from the Methodist Hospital on Friday of last week. He is the infant son of Mr. and Mrs. Curtis Chester and underwent surgery two weeks ago.

Mrs. Mary Baker and Kristen of Lubbock were in Sudan Saturday afternoon to attend the baby shower for Mrs. Cindy Legg.

Mr. and Mrs. Halbert Harvey returned home Saturday night from visiting in Lufkin and in Dallas with relatives. Her mother, Mrs. Luella Kendricks returned home with them following an extended visit.

Mrs. Norma Poe is a surgical patient in the St. Mary's Hospital in Lub-

bock this week following surgery there on Wednesday.

Mrs. Velma Reasoner and children of Brownfield visited during the weekend with her parents, Mr. and Mrs. Pal Legg and attended the baby shower for her sister-in-law, Mrs. Cindy Legg.

Jodi Vernon and Pam Kent were among college students home for the weekend.

Mr. and Mrs. Tom Whitis of Stephenville visited during the weekend with her sister, Mr. and Mrs. Early Bartley. Also visiting with them for a family get together were the Bartley's children, Mr. and Mrs. J.C. Williams of Hereford and Mr. and Mrs. Gene Bartley and children of Sudan.

Weekend visitors in the home of Rev. and Mrs. Truman Johnson and family were her parents, Mr. and Mrs. Lester Lockett of Meadow.

It was reported that Ray Wood was to be released this week from the Methodist Hospital.

Mr. and Mrs. Tom Ford of Lockney and Mr. and Mrs. John Kropp and children visited during weekend with Mr. and Mrs. Claud Kropp.

foil loosely over turkey to prevent over-browning. Place in oven and roast according to chart. Foil tent may be removed last half hour for final browning.

APPROXIMATE ROASTING TIME IN 325° F. OVEN*		
Weight	Unstuffed	Stuffed
8 to 12 lbs.	3 - 4 hrs.	4 - 5 hrs.
12 to 16 lbs.	3 1/2 - 5 hrs.	4 1/2 - 6 hrs.
16 to 20 lbs.	4 1/2 - 6 hrs.	5 1/2 - 7 hrs.
20 to 24 lbs.	5 1/2 - 6 1/2 hrs.	6 1/2 - 7 1/2 hrs.

*Factors affecting roasting times are variations in oven, shape of turkeys and degree of thawing. These variations make it important to begin checking for doneness about one hour before the end of the recommended roasting time.

The turkey is done when meat thermometer registers 180° F. to 185° F. Thick part of drumstick feels soft when pressed with thumb and forefinger or drumstick moves easily. Stuffing in a turkey needs to reach 165° F. to be sufficiently cooked.

Let turkey stand at room temperature for 15 to 20 minutes for easier carving.

Think Ahead

Start Now and Enjoy The Holidays

Losing 92 inches cut my weight problem down to size

"When I bought these size 18 jeans, I weighed 202 pounds," says 5'4" Sandy Camp of Dangerfield, Texas. "I managed to take off 20 or so on my own, but then I was stuck. That's when I went to Pat Walker's."

No-sweat exercise is the secret
After her introductory treatment on Pat Walker's Symmetricron passive exercise unit, Sandy knew that she'd come to the right place. She felt rested and relaxed—not sweaty and exhausted. She didn't even have to change into exercise clothes. And before many weeks went by, she could see how her figure was being toned and firmed up. Sandy eventually lost 13 inches from her waist, 12 inches from her tummy, 11 1/2 from her hips, and several inches in other areas.

Complete privacy is your privilege
If wearing a leotard embarrasses you... if you don't like revealing your figure problems to a roomful of strangers, then Pat Walker's is your kind of place. Every aspect of your weight loss program—from counseling sessions about sensible eating habits, to Symmetricron treatments—is totally private. We think you deserve that.

Free figure analysis
Today, even Sandy Camp's husband loves to buy her new things to wear, now that she's down to 124 pounds and size 8. Sandy's success story could be yours. Make an appointment for a free, no-obligation consultation at Pat Walker's. We'll tell you how much you need to lose, how long it will take—and the total cost of your complete figure correction, based on four dollars per thirty-minute treatment.

A PREVIEW?....As a preview of the Christmas season, this large 'outdoor Christmas' is wearing natural decorations this year. The dusting of snow is real, and the tree already has a beginning for the Christmas season to come.

Weather----

Con't from page 1
streets in Muleshoe. As night approached on Sunday, ice started forming on slushy streets, creating an additional driving condition.

Only one accident was reported on Sunday on city streets and one accident was investigated a short distance north of Muleshoe on Highway 214.

Monday morning, with snowpacked roads and snowdrifts from one to four feet on country roads, and some intersections in the city, school was dismissed for the day.

Monday night, Muleshoe City Police investigated an accident involving two vehicles at the intersection of American Boulevard and West Twelfth Street. The intersection was rebuilt during the summer to help drain water from the intersection, but the intersec-

tion held enough water Monday to cause freezing conditions on the highway and another accident. No injuries were reported.

Again on Tuesday morning, at the height of early morning traffic, another minor accident was checked by the Muleshoe City Police, again with no injuries.

Roads were expected to be thawed and almost cleared in the area by nightfall on Tuesday, with warmer conditions prevailing. School resumed in Muleshoe, and almost all activities were back to normal.

Mo-Ped----

Con't from page 1
18 who wish to operate a motor assisted bicycle (Mo-Ped) will be required to take a test at the Department of Public Safety Driver's License office at the Bailey County Law Enforcement Center. Interested persons may check with the driver's license office for additional information.

Muleshoe----

Con't from page 1
Muleshoe High School FFA students who participated: Curtis Wheeler, Scott Campbell, Tamara Gilliland, Kim Farmer, Todd Holt, Lincoln Snell and Eddie Flowers.
Guests at the Rotary meeting included Willard Pittman, Delbert Barry and Earl Cook.

It is strange how other people can tell you how to run your business, and why.

Concert ----

Con't from page 1
might be called a trend-setter.

With only 850 tickets on sale, if tickets are left, they will be available at the door for \$5.50. The doors will open at 7:30 p.m. and the two hour concert begins at 8 p.m. Seating is on a first-come, first-served basis.

Several businesses provided 'up-front' money so the concert could be scheduled. Faulkner said, "I would like to thank the civic-minded businesses for their interest. They are the First National Bank, Tri County Savings and Loan, Leal's Restaurant,

Contest ----

Con't from page 1
second place in the contest for the week.

Third place winner for the week was Debbie Weir, who missed three games, including both tiebreakers. But, her score was only 43 points off on the tiebreaker scores.

Others missing only three games, but being in excess of 50 points away on the tiebreaker scores included Frank Jesko, Richard Engleking, Cliff Buckner, Morris Douglass, and Gig Pierce.

Escapee----

Con't from page 1

Deputy Henderson said the Los Angeles Law enforcement officers said they would notify Bailey County officers of future hearings for Ms. Holmes. At this time, it is unknown as to when she will be returned to Bailey County to begin serving her sentence at the Texas Department of Corrections at Huntsville.

Following her conviction here, she was still jailed locally as the convicted woman had appealed her sentence.

Cable Channel Six TV and White's Cashway Grocery."

Faulkner also thanked local and area news media for boosting the upcoming appearance of the nationally known musician in Muleshoe. He said special appreciation went to the Muleshoe newspaper, KMUL Radio, KKQQ Radio in Clovis, Channel Six Cable TV, the *Amarillo Globe News*, the *Lubbock Avalanche Journal*, KMCC TV Lubbock, and the *Clovis News Tribune*.

In other appearances in Texas, tickets have been sold for up to \$10 for the Maynard Ferguson show. "We are very fortunate to have obtained a recording star of this magnitude to agree to a performance in Muleshoe," concluded Faulkner.

Classes Slated

For Handicapped

There is still time late this week to enroll your child in the Early Childhood Class for three and four year old handicapped children, according to the Muleshoe Independent School Superintendent Harold Horne.

For appointment to discuss your handicapped child's needs, please call 272-5230 for appointment.

The special class is scheduled to begin on January 5 at Richland Hills Primary.

To be eligible for this class, the child must be tested to determine the handicapping condition. Mrs. Harold Horne said the most common handicap for children this age is speech.

Other handicaps include deaf, blind, physically handicapped, mentally retarded, emotionally handicapped and development delay.

Eligibility will be determined by the Muleshoe Diagnostician and Speech Therapist.

New Textbooks To Be Chosen

Harold Horne, superintendent of the Muleshoe Schools, announced the selection of the local textbook committee, approved by the Muleshoe School Board. This committee will evaluate and recommend books to be adopted for use in the local schools for the 1981-82 school year.

Subject areas for which textbooks will be selected are Reading 1-8; Bilingual, K-3; Earth Science, eight; Business Management, Business Communication, Business Law, Drafting Trades, sociology and psychology, high school.

Members of the committee include Ruby Lambert, Jan King, Mary Helen Gutierrez, Milton Oyler, Richland Hills; Peggy Burnett, Wilma Smith, Ethel Allison, Bill Taylor, Mary DeShazo School; Pat Watson, Barbara Milburn, Fred Mardis, junior high; Tom Smith, Keith Taylor, Wayland Ethridge, high school; Elizabeth Watson and Harold Horne, chairmen.

Horne explained that all teachers are involved in making these selections and are encouraged to study and evaluate the books carefully.

Coin Show Set

At Clovis Soon

Area persons interested in coins are asked to attend a coin show to be presented Saturday and Sunday, November 22-23, in the cafeteria at Marshall Junior High School in Clovis.

The school is located at Main Street and Commerce Way and the show will be held in the cafeteria. Hours on Saturday at 9 a.m.-7 p.m. and the Sunday hours are 9 a.m.-5 p.m.

Christie Durben said the admission is free and the Clovis Coin Club would like to extend an invitation to all interested persons.

Sample copies will be available for examination by interested parents and / or lay citizens. After January, these sample copies will be on display in the curriculum office and each principal's office.

The selection process will be completed by March 1, 1981.

Drought Brings Crop Harvest Estimates Down

AUSTIN—The vegetable harvest for the last quarter of 1980 is expected to drop, one more lingering effect of the drought that in some areas of the state made it "too dry to plant," reports Agriculture Commissioner Reagan V. Brown.

Harvest of carrots, bell peppers, spinach, lettuce and cabbage will all be down, according to the Texas Crop and Livestock Reporting Service. Only cucumbers and tomatoes are expected to increase over the 1979 fall harvest.

"It wasn't disease or insects that got these crops," said Agriculture Commissioner Reagan V. Brown. "It was the hot, dry weather. In some areas it was too dry to plant."

Prospective harvest figures for the October-December quarter are 3,400 acres of carrots, down 11 percent from 1979; 4,800 acres of bell peppers, down 17 percent; 4,000 acres of cabbage, down 33 percent; 1,700 acres of spinach, down 37 percent, and 900 acres of lettuce, down 47 percent.

Around 4,600 acres of cucumbers, a 35 percent increase over last year, are expected for harvest. Tomatoes will increase from 500 acres in 1979 to 800 this fall.

Nationwide, harvest for 14 fresh market vegetables is estimated at 249,000 acres, down one percent from a year ago. Yields are projected at 2.06 metric tons, down four percent.

ON REFUGEES

The Carter Administration announced a reduction in the number of refugees who may legally enter the United States next year, largely because of the recent heavy influx of Cuban and Haitian refugees. The new refugee quota would be 217,000, 14,700 fewer than this year.

We have your Money Makers

These Pioneer brand cotton varieties do well in our area.

Certified **Lockett 77*** - We saw this variety stand up to conditions that saw other varieties deliver disappointing performances in 1980. From emergence throughout the season, Lockett 77 showed its strength throughout the season. It demonstrated its resistance to bacterial blight and the fusarium wilt-nematode complex. And it proved itself in a variety of management programs on both irrigated and non-irrigated land. Fiber quality has been good, too.

Certified **PR80*** - Seed for this variety is hard to come by, so many of our customers will have to wait for PR80 until next season. But we encourage you to keep an eye on this powerful new variety from Pioneer. You'll like its early maturity. And its yields will make you think twice about planning anything else. Along with resistance to many common cotton diseases, PR80 shows good fiber qualities and high gin turnout. We really like the looks of this one! You will, too!

*U.S. protected varieties

Football Contest

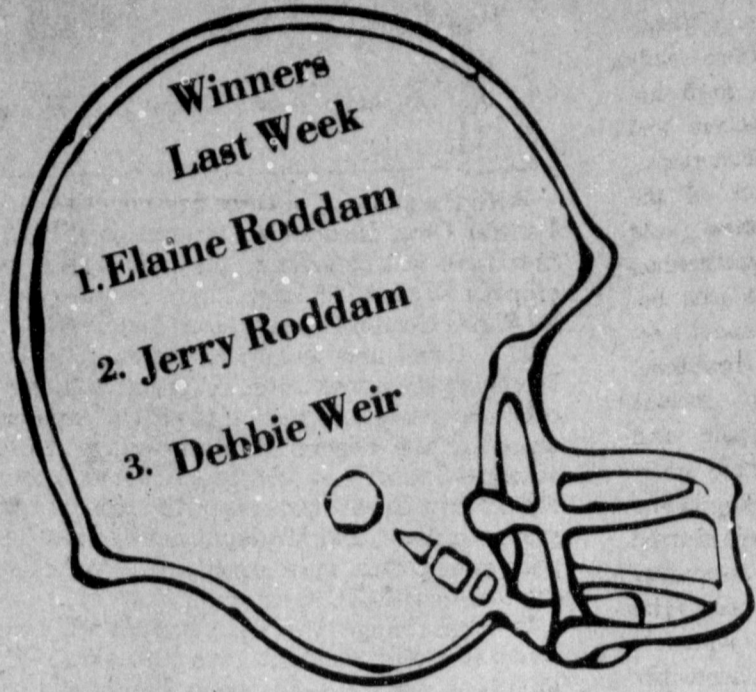

WIN!

1st Place \$5 2nd Place \$3 3rd Place \$2

Grand Prize \$50 and 2 Tickets To Cotton Bowl January 1.

There Will Also Be A Contest and Prizes For The Bowl Games

NAME THE WINNING TEAM EACH WEEK...

RULES OF THE GAME...

1. The contestant must be 12 years or older.
2. Only one entry per person may be made for any one contest.
3. Weekly contests are open to everyone except employees and families of this newspaper; bring or mail your entries to the Journal office.
4. Mailed entries must be postmarked not later than 5:30 p.m. Friday; winners names will be published in this newspaper each Thursday following the close of the weekly contest.
5. Check the team you think will win; 10 points for 1st place, 6 points for 2nd place and 4 points for 3rd place determines the Grand Prize winner.
6. The tiebreakers will count as one of the games picked, the predicted scores will be used to determine the top three places in that week's contest, if necessary, and cash prizes and points will be divided between winners in event of ties. Please write FOOTBALL CONTEST on the envelope of the mailed entry. Decision of the Journal's scoring judges will be final.

You Have Until 5:30 p.m. Friday To Enter

Please Write FOOTBALL CONTEST, Box 449, Muleshoe, Texas on envelope of mailed entry.

TERRACING.....Cost-share assistance provided through the Great Plains Conservation Program and the Agricultural Conservation Program helped several Bailey County farmers to install over 26 miles of parallel terraces this past year. Contact the Soil Conservation Service at 111 East Avenue D in Muleshoe for information on Parallel Terraces. (Photo Courtesy of SCS)

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm on Sandy Creek has a few post-election thoughts this week.

Dear editor:
A lot of experts were surprised at the outcome of the election. I wasn't. I'm never surprised at the outcome of any election. I hold my surprise back for a couple of years and then see if I'm surprised at how the winner's doing in the job.
The reason the experts were surprised this time is

that they believed their own polls. By interviewing a scientifically selected cross-section of the nation the pollsters set out to tell us how people are going to vote. This time they reported the voters were about evenly divided and the election was too close to call, preparing everybody to stay up late election night, when actually we found out the results by 1-00.
Sometimes pollsters and their scientific methods are like volcano experts. Volcano experts have a perfect record on telling us when a volcano has erupted, but a mighty poor record on letting us know ahead of time.
Volcano experts, earthquake experts, economic experts, weather forecas-

ters, network commentators, newspaper columnists and scientific pollsters do not live in a city on a shining hill, or however the phrase goes.
Sometimes, taking a survey ahead of time on how people are going to vote is like taking one on which football team is going to win next week.
However, public opinion polls like volcanoes and football upsets will continue.
Yours faithfully,
J.A.

BIBLE VERSE

"All we like sheep have gone astray; we have turned everyone to his own way; and the Lord hath laid on him the iniquity of us all."
1. To whom do the above words apply?
2. Who is the author of these words?
3. Who is the sin-bearer to whom the writer refers?
Answers to Bible Verse
1. To all mankind.
2. Isaiah, the great prophet.
3. Jesus Christ.

Tradition May Rule Outcome For Games

Tra-di-shun .. tra-di-shun .. this can be a big factor in deciding who might be the winners in some of the season's final football games. Just for example, Harvard and Yale are meeting for the 97th time.. for Wisconsin and Minnesota, this is their 90th game.. for Richmond and William and Mary, #90.. and then there are Lehigh and Lafayette who are playing each other for the 116th time! College football has been around for a while.
Nebraska and Oklahoma are only on their 61st go-round, but it's difficult to remember when their game didn't have something to do with either a national championship or at least the title in the Big Eight Conference. The corn huskers were upset early in the season by Florida State, and the Sooners have been beaten outside the conference by Stanford and Texas. Nebraska will be at home, and the Huskers are rather big 17 point favorites. —
In "honor" of the 50th

meeting between Southern California and U.C.L.A., both are on the Pac-10 ineligible list. So the outcome will have no bearing on either conference standings or the Rose Bowl. National ranking, yes. The Bruins, beaten by Arizona and Oregon on successive Saturdays, will have their problems with the Trojans. Southern Cal, tied earlier by Oregon, is coming off a tussle with Washington. The difference will be nine points, Trojans.
Michigan and Ohio meet for the 77th time, this one in Columbus. The Buckeyes lead the series by 13 games, and in this Big Ten finale for both, Michigan is the underdog by four points.
Powerful Florida State, our #1 college football team, will close out its season with a 17 point win over Florida.
And good friend John Whitehead's Lehigh Engineers, leaders in Division I-AA, will win meeting #116 over Lafayette by 33 points.

Enochs News By Mrs. J.D. Bayless

Mr. and Mrs. P.R. Pierce were dinner guests in the home of their daughter, Mr. and Mrs. Jim Carpenter at Muleshoe Sunday.

W.L. Key, father of Bill Key, has been a patient in the Amherst Hospital for some time.

Mr. and Mrs. Harold Layton of Dell City came Wednesday night and spent until Sunday afternoon with his parents, the J.W. Laytons. Harold was helping with the harvest.

Mrs. Buford Peterson spent several days in the Methodist Hospital in Lubbock for tests. She was dismissed Thursday.

Mr. and Mrs. Tom Bogard attended the funeral service of a son in law, Glenn Gaston, at Junction 9 a.m. Friday. We wish to express our sympathy to the Bogards and their family.

Mr. and Mrs. Dennis Turney visited her parents, Mr. and Mrs. Truman Nix at Littlefield Sunday.

Mr. and Mrs. Erwin Neiman of Muleshoe visited her sister, Mr. and Mrs. P.R. Pierce Friday afternoon.

Mr. and Mrs. Kenneth Turney have moved to Morton.

Visitors at the Baptist Church Sunday were Mr. and Mrs. Harold Layton and Robert, Mrs. Jerry Nichols and Kristen of Dell City, Donnie Nichols of Canyon and Brandi Shadwick of Odessa.

A man of fifty is responsible for his face. —Edwin M. Stanton.

Cold Wind Hurts Older Citizens

The next time a cold wind slices through your clothes, you may wish you could not feel the cold at all. But as many as one in 10 older people are in real danger because they are not sensitive enough to cold.

Sometimes older people, especially those over the age of 65, have bodily malfunctions that keep them from noticing cold and regulating body temperature well. So when they stay in a consistently nippy atmosphere (sometimes no colder than 65 degrees Fahrenheit) for a long time, body temperature can drop low enough to be fatal from a condition called "accidental hypothermia."

Since hypothermia's symptoms may be similar to those of some other diseases, no one knows positively how many people die from it yearly. But the risk is very obvious because thermostats are going low-

Vasquez Services Held Monday

Funeral services for Francisco Vasquez, 36, were held at 3 p.m. Monday in Singleton Ellis Chapel of the Chimes, with Silbiana Rangel of Littlefield and Rev. Rocky Puente of Muleshoe, officiating. Burial was in the Amherst Cemetery, under the direction of Singleton Ellis Funeral Home.

Survivors include his parents, Mr. and Mrs. Francisco Vasquez, Sr. of Juarez, Mexico; two sisters Mrs. Francisca Urquina and Mrs. Saleda Casarez, both of Juarez, Mexico; three brothers, Jorge Vasquez of Juarez; Esidoro Vasquez and Armondo Vasquez, both of Delicias Chihuahua, Mexico.

be especially serious for the aged who often have less muscle mass and slower chemical processes, which are two other heating producers. To make matters worse, sometimes the aged cannot move around very much to get warm and they do not eat properly so there is less fuel for the bodily chemical processes to use to make heat.
The face is often only a smooth imposter.
—Pierre Corneille.

With the addition of three new counties in 1981, the Federal Crop Insurance Corporation (FCIC) for the first time will be offering all-risk coverage on major crops in all of the 25 High Plains counties represented by Plains Cotton Growers, Inc., Lubbock.

The three new counties, Borden, Midland and Motley, were added to FCIC program along with 42 others in Texas as a part of the FCIC expansion mandated by the Federal Crop Insurance Act of 1980. Midland County has been opened for loss coverage on cotton only, Borden coverage will extend to cotton and grain sorghum, and Motley producers will be offered policies on cotton, grain sorghum and peanuts, according to a local FCIC spokesman.

In other changes soybean coverage will be added in Lamb and Lubbock Counties in 1981, and 1982 policies on wheat will be available in Lamb, Lubbock, and Motley Counties. Also, FCIC insurance will be available for the first time in 1981 on dryland cotton in Gaines and Hale Counties. Dryland insurance is scheduled for six other PCG counties in 1982 and FCIC eventually plans to offer coverage on all dryland crops.

Premium costs for 1981 have not been released but the general expectation is that there will be few if any changes from those in effect for 1980. Premium rates and other actuarial details of the program as it will operate in "old" counties, officials say, will be released by December 15 of this year, but no deadline has been set for those counties where crops are being insured for the first time in 1981.

Producers, as previously reported, have three options in 1981. They can (1) insure crops against yield loss of 50 percent, 65 percent or 75 percent and accept a 30 percent premium subsidy on coverage up to the 65 percent level, in which case they will not be eligible for Agricultural Stabilization and Conservation Service (ASCS) disaster program payments, (2) take FCIC insurance against loss at any of the three levels, pay the entire FCIC premium and retain eligibility for disaster program payments, or (3) participate in the ASCS disaster program and take no Federal crop insurance.

There is also provision for producers to carry hail and fire insurance with a private company along with FCIC coverage of other risks, thereby earning a reduction of not less than 15 percent nor more than 30 percent of the FCIC premium.
These are the general provisions of the new FCIC Act as now understood, all of which should be checked closely with area FCIC and ASCS officials before any producer makes final decisions.

We have your Money Makers
These Pioneer® brand corn hybrids do well in our area.
3184 — This hybrid really showed up well under tough, 1980 conditions. And it has proven itself to be a top performer in good years, too. Our farmer customers like 3184 for its dependability. It can wait for water when other hybrids can't. And it adjusts ear size and kernel depth to make the most of growing conditions. 3184 shows good resistance to head smut and MDMV, too. If you could plant only one, it ought to be 3184. But since you don't have to, we recommend it as a companion to Pioneer hybrids 3195, 3183 and 3311.
3311 — Our customers who grew this hybrid in 1980 were so pleased with their results, they can't wait to see what it will produce in a good year! Despite hot, dry conditions that stole yields from most corn hybrids, 3311 came through with some of the highest yields and best overall performance we've ever seen. And it demonstrated its exceptional disease resistance including protection against head smut and MDMV.
We're eager for all of our customers to plant some of this hybrid and see for themselves what all the excitement is about.
Let's get together.

These Pioneer® brand grain sorghum hybrids do well in our area.
8501 - Even in a tough year like '80 we saw this hybrid stand up to drought and put out the yield! Under limited irrigation or dryland conditions, 8501 has in-bred strength to make a crop when lesser hybrids can't. We've seen good resistance to smut and MDMV with this hybrid.
8451 - We recommend this hybrid for limited irrigation or non-irrigated land as a companion to 8501. It has demonstrated resistance to Biotybe C greenbugs and has shown itself to be one of the most vigorous hybrids available. This one has performed best when planted late.
8311 - Under full irrigation this hybrid has been the leading performer for many of our customers. 8311 has good resistance to smut and MDMV. A short, showy hybrid you're proud to show your neighbors.
Let's get together soon.

The Speaker Reports

by Bill Clayton

AUSTIN—In continuing with its review of our state agencies, the Sunset Advisory Commission has considered proposed legislation on ten of the 28 agencies under review this biennium. Legislation adopted by the commission will be brought before the 67th session of the Legislature for final discussion and votes beginning in January.

Of the ten agencies considered, the commission deferred action on three. These agencies included the Board of Polygraph Examiners, the Veterans Affairs Commission and the Water Well Drillers Board. The Sunset Commission tentatively approved proposed action on the remaining seven agencies.

With regard to the first of these, the Board of Tuberculosis Nurses Examiners, the Commission recommended the abolition of this agency and its functions. The board has not met in four years and the small number of tuberculosis nurses who continue to work in Texas today will not lose their jobs or their classifications if the agency is indeed abolished.

Legislation accepted by the Sunset Commission regarding the Civil Air Patrol calls for an abolition of the agency and the transfer of its statutory function of providing assistance to private aviators flying search and rescue operations to the Governor's Division of Disaster Emergency Services. While the state has not provided funds in the past to reimburse the cost of such activities, this approach

would give the Governor's Division of Emergency Services the authority to receive and disburse state appropriations for this purpose should the Legislature decide to provide funds in the future.

Another agency recommended for abolishment is the Fleet Admiral Chester W. Nimitz Museum Commission. Created in 1969, this agency was designed to foster and commemorate the era of supreme United States naval power. To continue with this effort, the functions of the commission would be transferred to the Texas Parks and Wildlife Department upon approval of the Legislature.

The Texas Aeronautics Commission is one agency which the Sunset Commission recommended be maintained. In addition, nine modifying points were recommended regarding the functions of the agency. Such a plan calls for the continuation of this independent commission in its present capacity to perform regulatory, advisory and airport development functions.

Also accepted in its present form but with certain modifications being numerated is the State Board of Registration for Professional Engineers. The need for such an agency was made quite evident by the explosion and collapse of the New London School in 1937. Today the board regulates over 34,000 licensees from across the state.

The State Board of Library Examiners is another agency recommended for abolishment by the Sunset Commission. Under the recommended provisions, the administrative functions of this agency would be transferred to the Library and Archives Commission.

The Texas State Board of Plumbing Examiners was recommended to be maintained with certain modifications. These modifying points include placing the agency funds in the State Treasury and amending the statute to accept licenses

form other states on an enforcement basis.

While these recommendations represent only a small portion of the massive amount of work currently being done by the Sunset Commission, they do point up two important aspects of the development of the Sunset process in Texas. First, the Legislature is being offered a positive approach for changing state operations that is much wider than the limiting alternatives to either abolish or continue. Through the Sunset process, needed changes can be made to improve both the way services are offered and the organizational structure through which they are offered. Second, the Legislature has a means by which informative operating standards can be developed and required of all agencies, thus increasing agency efficiency and effectiveness which will ultimately benefit the entire citizenry of the State of Texas.

Elementary schools could use more men, educator believes

COLLEGE STATION — The lack of male teachers in elementary grades may be causing developmental problems for young boys, believes a Texas A&M University educational specialist.

Tom Savage, associate professor of curriculum and instruction, said educational experts are becoming alarmed about the small number of men becoming elementary teachers. Savage worries that boys see teaching, and possibly school, as a female task.

Savage said elementary teaching always has been dominated by women teachers, but the dominance is becoming more pronounced.

In 1975, he said, the national norm of male teachers in elementary education was 12 percent. In Texas, he said, of 71,000 elementary teachers only 6,800 — or less than 10 percent — are men.

G. William Miller, Treasury Secretary, on rising interest rates: "If it continues for very long, it would tend to discourage the recovery."

Winter Driving Creates Problems

Winter driving problems can slip up on you even in a Sunbelt state such as Texas.

One of the most dangerous conditions is glaze ice, the Texas Medical Association warns. This glass-slick ice layer is almost undetectable until sliding starts.

One way to get a feel for the road is to tap the brakes or gas pedal and see what minor response occurs. This technique has its own hazards so it should be done only when slickness is not obvious and there are not other

vehicles or other hazards around. Watching other vehicles' response to the road is another good indicator of conditions, especially if you allow enough space to adjust your driving for their errors.

Once slick conditions do occur, pumping the brakes is better than jamming them on to avoid chains and snow tires also can help handle slick conditions but not many people have such equipment so they must depend on good tread on ordinary tires (which is very important in slick conditions). Texans

also rely heavily on caution slow speeds and possibly hazardous ideas such as putting extra weight in the trunk of cars that need it.

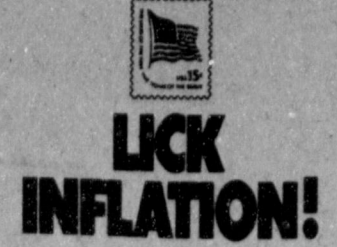

Some authorities say this traction-gaining technique is dangerous because a collision could throw the weight forward with dangerous force. Others say putting some weight such as sand or salt is safe when placed over the rear axle and tied so containers will rip open quickly in a collision.

If the car rear end does start to slide despite all precautions, turn the front wheels to adjust. For instance, if the rear slides to the right, turn the front wheels to the right and

resist the temptation to lock the brakes. In a crisis seat belts are more important than ever because they hold you in place so you can control the car better and protect you in a collision.

If a mishap does occur, it is a good idea to have some warm clothes in the car, TMA says. Even if you are just driving in town, having at least a coat and good shoes can come in handy while handling problems ranging from collisions to flat tires.

Helmut Schmidt, Chancellor, West Germany, after defeating Franz Josef Strauss: "I will still have a place in West German politics."
