## Muleshoe Files Well Permit Protest

### City Council Accepts Resignation Of Chief

Following several months of discussion and planning, the Muleshoe City Council has authorized a formal 'protest' letter to be delivered to High Plains Underground Water Conservation District No. One in Lubbock.

The protest has been filed against the City of Lubbock, who have applied for several more water well permits in Bailey County.

Listed as permits 2,395 through 3,306, the permits would allow Lubbock to drill several more water wells near the city's south wellfield near Muleshoe.

A copy of the protest letter has also been delivered to Doris Wedel, secretary of the Bailey County Committee for the High Plains Underground Water Conservation District; Larry Cunningham, city manager for Lubbock and Bill McAllister, mayor of the City of Lubbock.

According to the protest, "The City of Muleshoe alleges that injury will result to its water rights in what is known as the South well fields if the High Plains Underground Water District No. 1 board of directors approves the applications for water well permits numbered 2,395 through 3,306. Specifically, the City of Muleshoe will suffer a loss to its total future water supply because of the additional wells being drilled by the City of Lubbock."

Another allegation by the City of Muleshoe is

that they claim interference with its present right to be protected in its right of ownership of water. City officials from Muleshoe call for an economic study by the staff of the High Plains Underground Water Cont. Page 6, Col. 1

### Parade '80 On Saturday At 2 p.m.

This Saturday at 2 p.m. will be the official opening of the Christmas season in Muleshoe as the 21st Annual Christmas Parade is held.

John Gulley, manager of the Chamber of Commerce and Agriculture said the parade will originate at the Boy Scout Camp Grounds at the south end of Main Street and will go north to Avenue B. The parade will turn west to First Street and will go south past the hospital and return to the Boy Scout Grounds.

Theme of this year's Parade is "Songs of Christmas" and there will be two bands in the parade to provide the music. The Muleshoe High School 'Mighty M' Marching Band and the Muleshoe Junior High School Marching Band will both participate in the parade this year.

Included in the parade will be six floats and numerous antique cars and other cars with dignitaries, as well as some other marching entries.

Climax of the parade will be the entry of Santa Claus into Muleshoe. Santa will be available after the parade at the Santa Hut next to the Mule Memorial to listen to the wishes of area girls and boys.

This year's parade is being sponsored by the Muleshoe Chamber of Commerce and Agriculture and is being coordinated by the Llano Estacado Civic Club.

**COLD, WET WEATHER BRINGS STREET WOES....** City workmen have been busy all this week repairing pot holes caused by back-to-back snowstorms that dumped around 10 inches of snow in Muleshoe each time. Many streets ended up with pot holes as traffic attempted to move on the slick, ice laden streets. At presstime, the Muleshoe city street crews had many of the streets repaired, at least until the next snow falls. After all, it won't be wintertime for nearly three weeks yet!

## Square Dancing Popular; New Club Organizing Here

Muleshoe has been without a square dance facility for over ten years, and with a revived interest in this area, this will be changed. Very shortly, according to Don Dillard, there will be square dancing again in Muleshoe.

Dillard commented, "Square dancing is growing fast all over the world. After you learn the basics of square dancing, you can travel anywhere and square dance."

"An excellent story came out in the October 1980 issue of *Prevention*, the magazine for better health," he added. "Some of the comments in that story would be surprising to anyone interested in their health and having fun at the same time."

Some of the comments include: "The friendliest people we've ever met are square dancers. It's good therapy for someone who's sick. Better than jogging and having fun while."

### Farwell Group Sets Breakfast

### For All Hunters

Alpha Rho Lambda Chapter of Beta Sigma Phi sorority of Farwell will sponsor their annual Pheasant Hunt Breakfast on the opening day of pheasant season, Saturday, December 13. Serving will begin at 5 a.m. CST and the members will serve breakfast until 9 a.m. at the school cafeteria in Farwell.

Tickets will cost \$3 for adults and \$2 for children 12 and under. Tickets may be obtained from any sorority member or at the door. The meal includes pancakes, sausage, and scrambled eggs with milk or coffee.

Proceeds from the breakfast this year will be donated to the fund for new equipment for the new city park in Texico.

covering four to eight miles and not even realizing it. Being able to do something together with your spouse in something that is just as much as fun as any sport

### Local Duo Honored At Banquet

Forty outstanding members of 4-H Clubs in the South Plains were honored at Lubbock last week with a banquet.

In addition to receiving the Gold Star Award, highest honor presented at the county level, the youths were challenged by State Sen. E.L. Short of Tahoka to continue throughout life to pursue the 4-H Club motto, "To make the best better."

Joining the youths at the awards banquet at Coronado High School were parents, government officials, Extension leaders, fellow 4-H'ers and other community leaders.

Honored from Bailey County were Kelly Harrison, son of Mr. and Mrs. Ted Harrison, and Jacinda Gleason, daughter of Dr. and Mrs. Jerry Gleason, all of Muleshoe.

Short, told the 4-H'ers they are part of a "dynamic and positive" organization and are "providing leadership to do something about our problems." Among specific challenges already being met by 4-H'ers, Short said, are conservation of our natural resources and improving health and nutrition habits.

Guests were welcomed by James Eiland, general manager of Caprock Electric Cooperative, one of the 12 electric cooperatives which sponsored the banquet. The others are Bailey County, Deaf Smith, Dickens County, Lamb County, Lea County, Light House, Lone Wolf, Lyntec. Cont. Page 6, Col.3

today.

"You can feel all tired out, but come alive and relax and forget all your problems when you square dance. Also, in this sport, you do not have to worry about who wins. Everybody is having a good time and everybody wins. Square dancing helps train a person to listen. Anyone can learn to square dance and if you have doubts of any kind, you need to check into this fast growing activity."

Some famous names who helped bring square dancing back to life in the early 1900's are Henry Ford, Roy Rogers, and Lloyd 'Pappy' Shaw, PhD.

In the United States and 44 foreign countries, there are an estimated six million square dancers, added Dillard. Along with square dancing, a person can take clogging which is a form of tap dancing, also round dancing, which is becoming a popular dance very fast. This is couple dancing which is similar to country and western and ballroom dancing. There are about 70 basic steps in square dancing and about the same in round dancing.

He challenged, "If you are tired of watching the tube and doing the same old grind all the time, think about why you aren't square dancing. It is very inexpensive entertainment that you will receive a lot more good from than anything else."

In the near future, the American Legion Hall in Muleshoe will be the meeting place for any present day or past square dancers and for all who want to take lessons to become future square dancers. "One thing to keep in mind," he commented, "alcoholic beverages are not allowed at square dance activities. Notices will be in the newspaper for the dates of dancing and who to call for any information and how to sign up."

Dillard concluded, "Get out of that easy chair and get some exercise the fun way, also, the best way in the world not to be lonely. If you're tired of sitting at home, there is a square dance somewhere, every night, and it doesn't cost anything for admission. Dance for good health."

Interested persons in square or round dancing may call 272-4457 after 6 p.m. and all day Saturday and Sunday.

## Sheriff Breaks Tie; Winner Determined

Locked up tighter than a drum are Jerry Roddam, mail carrier for the U.S. Post Office in Muleshoe and Doyle Weir, a farmer from Lazbuddie. When the final, and hopefully, Tie-breaking football contest ended on Monday, and all scores were tallied, Roddam and Weir remained tied at 22 all.

Each has one first place win and two second place wins for their 22 points each. This was the same score going into the 13th and final contest for the year.

However, in the 13th contest, Gerry Pierce was first, with two misses. His son, Gig, was second, with three misses and 20 points off on the double tiebreaker score. In third place was Fred Wilbanks, also with three misses, but 31 points away on the double tiebreaker.

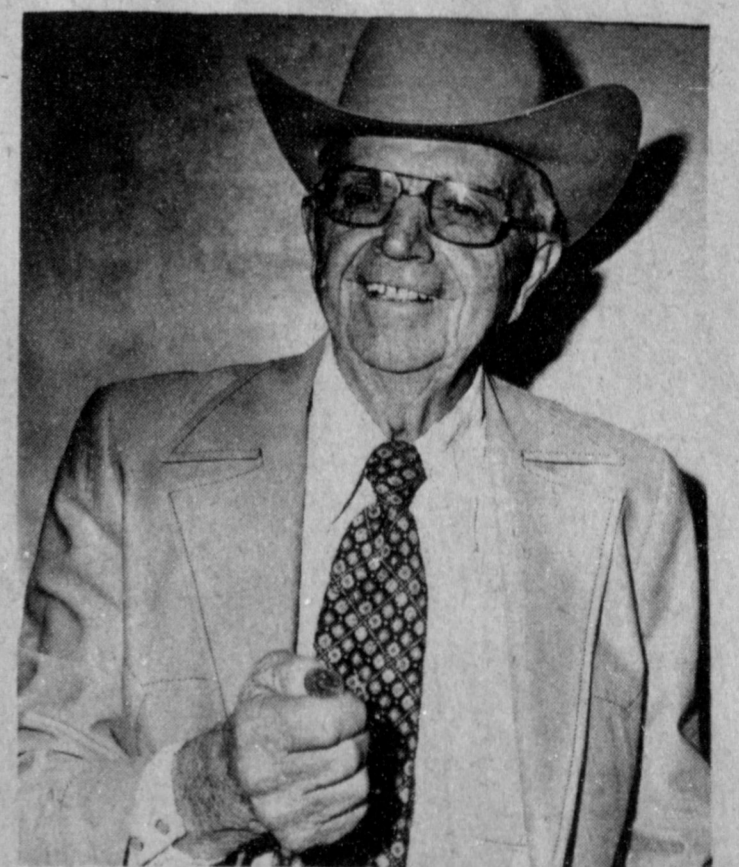

Also missing three games were Donnie McDonald, who was 32 points away; Lee Pool, 37 points off and Jerry Roddam, 39 points away.

In the final contest, Doyle Weir missed four games.

As a consolation for the non-winners, a final contest is scheduled just before the Bowl Games begin. There will be only one prize given for the one

shot contest, a \$25 check to the winner.

As the excitement of this year's contest begins to abate, make your plans to join your friends in the contest for next year, and support your merchants who sponsor the contest annually for your pleasure and profit.

**SHERIFF TOSSES COIN....** Who, oh who, will it be? In an effort to break a tie between Jerry Roddam and Doyle Weir and to determine the winner of the annual football contest, the services of Sheriff Dee Clements were sought. He broke the tie with a coin toss, calling Jerry Roddam the winner. This is the second time a tie has had to be broken in the contest. The last time was about five years ago.

## Basketball Season Is Getting Started

Though few in number, the eight Varsity Mules basketball team are working hard under the guidance of head basketball coach, Jim Leach, as they try to improve.

"Improvement is what we are striving for at this time," said the coach. "We are just working and trying to get ready for the big district games."

Although the Mules have suffered losses in their first two games of the

1980-81 season, they scored 29 points in the first game and improved to the point of scoring 59 points in their second game.

"We're working hard, and won't be superhumans at the first of the season, but we're trying to build interest in basketball, especially among the younger players. We are really pleased with the younger kids," said Coach Leach.

Tuesday night, the Mules were in Farwell to take on the Farwell Steers and Steerettes. This weekend the boys and girls will be playing in the Vega Tournament. First game for the girls will be at 3:30 p.m. Thursday against Groom. The Mulettes are defending champions of the Vega Tournament. At 5:30 p.m., the Mules will play the Groom boys.

Also this weekend, the eighth grade boys and girls will host a tournament in the Muleshoe Junior High School Gym in Muleshoe. And, next weekend, the ninth grade boys and girls will host a tournament in Muleshoe.

This week, the Junior Varsity boys and girls will be playing in the Lockney Tournament. Next Thursday night, the Mules and Mulettes will be playing in Tulia.

The coaching staff and the boys and girls would like to remind that Muleshoe School sports did not end when the football season ended.

### Parent Group Sees Computer

### To Aid Students

A meeting of the Title I Parent Advisory Councils for the Muleshoe Independent School District was held on Monday, December 1, at the Muleshoe Junior High School.

After a short business meeting, the group watched a demonstration of the new computer-assisted instruction program which was done by Phyllis Wood and several students including Ruben Solis, Ricky Lopez, Sammy Martinez, Lupe Martinez, Joe Martinez, Sandy Reyna, and Christy Pena.

Members of the council at the meeting were given the opportunity to work any lessons, they might choose on the computer terminals. This new program completely individualizes instruction and will meet the needs of each student. Lessons range from second and third grade material through adult lessons.

Every student in Junior High is scheduled onto the computer terminal for at least one session. Student reaction to this new system has been enthusiastic and the system is kept very busy—even after school hours.

### Around Muleshoe

A youth disco is scheduled Saturday night beginning at 9 p.m. at the Bailey County Exhibition Center and Coliseum.

Admission for all youth to the dance is \$2 each.

The November meeting of the American Association of Retired Persons was cancelled due to icy weather and the December meeting has been scheduled.

Because of Christmas, the meeting will be Thursday, December 18, at 11:30 a.m. in the Bailey County Civic Center meeting room.

Officer installation will follow the dinner.

Rotarian Max King was in charge of the program for the Muleshoe Rotary Tuesday at noon. He presented Tommy Gunstream, who gave a program on new banking procedures effective January 1, 1981.

Gunstream spoke of the NOW accounts. NOW accounts allow banks and Savings and Loan Associations to pay interest on checking accounts with certain requirements. Different banks have different requirements, he reminded. Gunstream said NOW accounts are not something everyone would want to subscribe to.

It was announced that Rotary will not meet at noon next Tuesday, but at 7:30 p.m. on that date at the Civic Center for the Rotary Christmas Party.

Guests included T. K. Castleberry, Clovis; Delbert Barry and Frank Ellis.

The Festive Foods Program, originally scheduled for November 18, but cancelled due to snowy weather, will be held today, Thursday, at 1:30 p.m. at the 16th and D Church of Christ.

Mrs. Xie Cornelius, home economist with Southwestern Public Service in Lubbock, will be demonstrating recipes for the holiday season.

Recipes will be made available for those attending. There is no charge for the program and everyone is welcome.

At Muleshoe Junior High

**MJHS Coaches Comments**

Our season started last Monday night for our 7th and 8th grade basketball teams. Our first game was played at Friona and, at times, both teams showed promise. The 8th grade won by the score of 53-24 and everyone got to play. Mark Moton was player of

the week and led the team in scoring with 24 points. Moton also had 8 rebounds and 5 steals. Hector Flores led the team with 13 rebounds, John Isaac followed with 11. Michel Del Toro hit 5 of 7 attempts from the field. Good hustle helped the 8th grade in their effort. We still have to get in better shape. The 7th grade played pretty well at times. Sometimes they wandered around too much, but when they figured out a few

things, didn't look too bad. David Vela scored 12 points and collected 11 rebounds for player of the week honors. Lester Burks also had 11 rebounds and could be pretty good when he absorbs a little more knowledge about the game. Loy Triana and Monte Horne both had 5 steals for Muleshoe.

This season could be a lot of fun. Right now we just have a lot to work on and to learn. We also need to have more goals spring up around town and get more players to start practicing at home. Basketball is really a game of skill and constant practice is the only way to prevent embarrassment and to get better.

**Mules Burn The Chieftains**

The 8th grade Jr. High Mules met the Friona Chieftains last Monday, October 24, there. It was the Mules' first basketball game, and the Mules won by a score of 53-24.

Hector Flores had 3 rebounds, John Isaac 4, and Michael Del Toro 10. They all received stars for having over 10 rebounds. Michael Del Toro and Mark Moton received stars for 5 steals each.

**8th Grade Mullettes Lose To Friona**

Following a closely contested game, Friona defeated the 8th grade Mullettes 24-29 on November 24 on the Mullettes' home court. In the first half, Muleshoe had a total of 10 Friona's 19. During the second half, Muleshoe rallied with 14 points, with Friona scoring 10.

The high pointer was Mary Norman, who scored 12 points, with a 100 percent scoring average. The team had a total of 6 steals, 14 jumpballs, and 14 rebounds.

**7th Grade Mullettes Fall To Friona**

Monday, November 26, the Friona Squaws came to Muleshoe to take on the 7th grade Mullettes. Friona won 22 to 8. Leonora Daniel was high scorer with 4 points.

Meichelle Logsdon and Kristy Landers both had two points. This was the Mullettes first home game and the next game will be December 1 at Sudan.

Mark Moton was high pointer, scoring 24 points, and he was selected player of the week.

**7th Mules Fall To Chiefs**

The 7th grade Mules met the Friona Chiefs in the first basketball game of the season. The Mules fell short in overtime, 34-32.

David Vela led the team in scoring with 12 points. Lester Burks and David Vela both had 11 rebounds. Loy Triana, Monte Horne and David Vela received stars for 5 steals each.

David Vela, son of Mr. and Mrs. Joe Vela, was selected Player of the Week. Davie had 11 rebounds, 5 steals, and played a good game, according to Coach Jones. David also led the team in scoring with 12 points.

**Muleshoe  
Singing Group  
Meets**

The Muleshoe Singing Group met Saturday night, November 29 in the fellowship hall of the Trinity Baptist Church at 6:30 with 32 people present; several coming from Clovis.

Zeb Robinson had a special guest, his daughter Gerry Robinson Hattrell who is from Tennessee.

The president, J.C. Shanks started the singing by leading two songs with Odessa Shanks at the piano. Several quartets performed.

The group was dismissed in prayer by Fred Wilbanks.

Ben Roming was chosen as the AAUW Girl of the Month.

The hostesses directed seasonal games and charades and served holiday goodies to twenty two members. Gifts were exchanged and carols were sung at the close of the party.

Those attending were; Mrs. Carrie Lee Bishop, Mrs. Bill Kent, Mrs. J.D. Cage, Mrs. Jim Shafer, Mrs. Vijay Mattil, Mrs. Gerald Allison, Mrs. Harold Allison, Miss Mary Helen Gutierrez, Mrs. Gary Hooten, Mrs. Dick Pylant, Mrs. John Watson, Mrs. Jack Rennels, Mrs. Oscar Rudd, Mrs. Al Jones, Mrs. Neal Dillman, Mrs. Robert Hooten, Mrs. Jack Hicks, and Mrs. R.G. Wilson.

Down 72%**

AUSTIN—It's either feast or famine.

After last year's record 91-million-pound pecan crop, the Texas Crop and Livestock Reporting Service estimates that the 1980 crop will drop to around 25 million pounds.

Agriculture Commissioner Reagan V. Brown reports that the drought influenced production estimates, but a decline is not unusual. "Pecan production is cyclical," he said. "A heavy harvest is usually followed by a light one. It takes two or three years for the trees to bear another big crop."

In the past 10 years Texas pecan production has dipped twice to 20 million pounds and risen to 68 and 75 million. Though large harvests can be anticipated, it may be years before conditions match those which produced last year's bounty.

**Great America Gospel Sound**

Even in the fantasy world of entertainment, very few dreams come true are ever permitted sequels. But Tennessee Ernie Ford leads a somewhat charmed life (earned through more than three decades of hard work), and he's now put together a sequel to his dream come true of a television special on gospel.

"More of That Great American Gospel Sound", a 90 minute special of lively upbeat music, airs Sunday at 1 p.m. on Channel 3. The program is a KOCE, Huntington Beach production, in association with Two Feather Productions in Hollywood, and should be an appropriate high point to Thanksgiving family festivities.

**RETURN OF A WINNER**

In early 1979 a program called "That Great American Gospel Sound" surprised TV professionals and audiences alike by demonstrating that the American public would truly appreciate an entire program of gospel music. The program was the 10th highest rated show of all time on PBS, and raised more pledge dollars per minute than any other program in the history of the network. It also vindicated Ernie Ford's long-standing belief in the popularity of gospel music.

"More of That Great American Gospel Sound" will convince even the few remaining skeptics. As Ernie says, "Gospel isn't God music. It's just good time, happy music." And this special demonstrates the great range of expression encompassed by this happy music.

**A SPECTRUM  
OF TALENTS**

Recorded live before an enthusiastic crowd at Nashville's famed Grand Ole Opry, "More of That Great American Gospel Sound" brings some of the most popular talents from the worlds of gospel and country. Joining Ernie are acts as old as Grandpa Jones and Ramona and as upbeat as special guest star Andrae Crouch, one of gospel's hottest new stars. Also assisting with the joyful tunes are in the incomparable talents of Della Reese, the harmonizing Happy Goodman

Family, and The Nashville Sounds and Bill Walker Orchestra.

Special guest star Andrae Crouch is an outstanding example of one delivering his message in a wide variety of musical forms. His selections vary from the fast-paced, soft rock "Jesus Is The Lord" to the love song "Dreamin'" and on to the Jazz/spiritual beat of "Soon And Very Soon", and "My Tribute." When they team for a duet, Ernie and Andrae perform two more of Andrae's compositions, "It Won't Be Long" and the happily syncopated "I've Got Confidence."

In marked contrast to Andrae's contemporary -- and sometimes controversial -- treatment of gospel themes is the original, authentic mountain sound of Grandpa Jones and Ramona. One of the outstanding names in traditional, old-time music, Grandpa Jones has been

**Boosters Hold Meeting**

The Muleshoe Fine Arts Boosters met Monday night in the band hall with president Marshall Williams presiding.

There were twelve members present. Winston Allison gave a report from the Christmas Parade float committee. Miss Anthis reported that the junior high All Region Band try outs will be held here on January 24, 1981. The Boosters voted to run the concession stand for the students that day.

The Boosters would like to express their thanks to all the volunteers who worked in the concession stand during the football season this year.

There will be no Booster meeting in December. The next meeting will be January 26, 1981.

performing for 50 years, most recently on the "Hee Haw" TV show. On "More of That Great American Gospel Sound", Grandpa Jones and Ramona (and their back-up guitarist, George McCormick) perform "Come and Dine" and "Just Over in the Glory Land" before teaming up with Ernie for a four part rendition of "I'll Meet You In The Morning."

This program is presented through the facilities of the Grand Ole Opry and Opryland Productions, Nashville, and is made possible by grants from the Corporation for Public Broadcasting and public television stations.

**SWEET POTATO CREAM CHEESE CAKE** can make coffee time a special time, notes the Texas Department of Agriculture home economist. This delicious item, which takes advantage of a plentiful supply of Sweet Potatoes now in season, can also make a tasty after-Thanksgiving-dinner treat as well.

**SWEET POTATO CREAM CHEESE CAKE**

- 2/3 C. butter
- 2 C. sugar
- 4 eggs, divided
- 1 whole egg
- 1 egg yolk
- 1 C. cooked sweet potatoes, mashed
- 1 C. buttermilk
- 2 C. flour
- 1 tsp. soda
- 1 tsp. allspice
- 1 tsp. cinnamon
- 1 tsp. ground cloves
- 1 tsp. nutmeg
- 1/2 tsp. salt
- 1 tsp. vanilla
- 1 (8 oz.) pkg. cream cheese

With electric mixer in large bowl, cream butter and sugar. Add egg yolks, mixing well. Pour in potatoes. Sift dry ingredients together and add to sugar mixture alternately with buttermilk. In separate bowl, beat egg whites until stiff. Fold in egg whites and vanilla. In another bowl, beat cream cheese with 1 whole egg and 1 egg yolk until fluffy. Grease and flour bundt pan. Pour in small amount of cake batter in bottom of pan. Then pour in cream cheese mixture. Pour in remainder of cake batter. Bake at 350 degrees F. for 1 hour or until cake tester comes out clean. Cool cake and sprinkle with confectioners sugar.

For additional recipes, write: Commissioner Reagan V. Brown, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

**SENIOR CITIZENS**

The Senior Citizens met in the parlor of the First United Methodist Church with 26 members present.

Mae Wilterding called the meeting to order.

Mildred Head read two poems: "A Boys Thanksgiving" and a "Thanksgiving Prayer".

Minutes were read and approved. Several People brought food for the needy; the rest will be brought the 15th of December.

A motion was made that a covered luncheon be held December 15th.

Those having birthdays this month were Madge Clements and Myrtle Chambless. Zeb Robinson led the birthday song.

A committee was appointed to select the officers for the upcoming year. Those selected were Lela Gunter, Myrtle Chambless and Duard Head.

A card was signed by everyone to send to Cordia Taylor, who is in the hospital in Lubbock.

For the program, Rose Sain, Jo Meda Plank and Brenda Robinson brought seven girls from 4-H to entertain. The girls performed a skit on nutrition and sang some songs. The 4-H girls included Mandy Plank, Pam Plank, Shelly Sain, Rhea Lynn Klesel, Penny Klesel, Chantel Robinson, and Misti Taylor.

Refreshments of coffee, punch, cookies and sandwiches were served by the girls.

**Fire Ants Continue Westward Migration**

AUSTIN—Sometime in the middle of spring, on a clear day when the sun was high and a soft breeze blew, thousands of winged fire ants emerged from their rain-dampened mounds in an East Texas pasture and flew skyward. Up in the air, the ants performed their ancient mating ritual and return to earth. The females discard their wings and dig cavities in the soil while the males die soon after landing. The females, now queens, lay their first eggs after 24 hours and new colonies are begun.

By flying on such a day, the ants were fulfilling basic instincts that seem almost to belong to a higher intelligence. Fire ants fly only on sunny days when the wind is low and the ground has been primed by rain. On the day of a flight, worker ants swarm from the mounds first, whether a cheering section or an unfriendly mob no one is certain. Winged males follow them and quickly take off. The females are last. As soon as they emerge, the workers rush them, pushing and shoving.

Once the winged creatures are skyward, the journey turns hazardous. Cruising dragonflies snip many females in two. Ground predators attack others as they land. If a new queen has the misfortune to settle near an established mound, unfriendly workers will swarm out to kill her. Should she join with other young queens, as sometimes happens, it is likely that the workers produced will turn on her. Though hundreds of thousands of matings may occur each year in a highly infested area, only a small percentage of queens actually live long enough to produce a new mound.

Despite this, fire ants have spread rapidly since their introduction into Texas in the mid-1950's, currently infesting more than 100 counties. Especially high concentrations are found in parts of East Texas and along the coast. The path of the ants covers a land mass equal to about one-fourth the entire state. It begins at the Arkansas border, fanning as far as north as the Red River, as far south as Kleberg

County on the Gulf of Mexico and as far west as Kerr and Bandera counties in the Hill Country. The high temperature and lack of moisture in the West Texas desert should halt the natural spread of fire ants in that direction, but if they are transported by human beings — which frequently happens — they may end up in the moist, fertile areas along the Pacific Coast. Cold promises to halt the pest's progress north, but it is expected to continue south until crossing the Mexican border to begin the slow but steady infestation of that country.

Solenopsis invicta, red fire ants, arrived in Mobile, Alabama, probably from their native Brazil. Traveling at a rate of about 30 miles a year, the highly competitive insects had invaded parts of nine southern states by 1977. They are the bane of farmers and ranchers who have been known to curse their cone-shaped, foot-high mounds that make pasture and cropland virtually unusable. No piece of farm equipment can be driven easily over heavily-infested land. Combines that strike large, compacted mounds become

jammed, and brush shredder blades are dulled in accidents that cost growers time, money and frayed tempers. Hay is often rendered useless by hordes of the little insects that set up house inside the wired bales.

The final report on a 10-year study involving more than 16,000 women concludes the risks from taking birth control pills appear to be negligible, at least for the young, white, middle class Americans studied.

These Pioneer® brand corn hybrids do well in our area.

**3184** — This hybrid really showed up well under tough, 1980 conditions. And it has proven itself to be a top performer in good years, too. Our farmer customers like 3184 for its dependability, it can wait for water when other hybrids can't. And it adjusts ear size and kernel depth to make the most of growing conditions. 3184 shows good resistance to head smut and MDMV, too. If you could plant only one, it ought to be 3184. But since you don't have to, we recommend it as a companion to Pioneer hybrids 3195, 3183 and 3311.

**3311** — Our customers who grew this hybrid in 1980 were so pleased with their results, they can't wait to see what it will produce in a good year! Despite hot, dry conditions that stole yields from most corn hybrids, 3311 came through with some of the highest yields and best overall performance we've ever seen. And it demonstrated its exceptional disease resistance including protection against head smut and MDMV.

We're eager for all of our customers to plant some of this hybrid and see for themselves what all the excitement is about.

Let's get together.

## Small Crop Production Brings Higher Prices

AUSTIN--While some weather problems and international events produced several problems for farmers and ranchers, forcing some out of business, those that persevered will receive higher farm prices, reports Agriculture Commissioner Reagan V. Brown.

"Anyone who thinks the forces of supply and demand do not govern farm prices should look at 1980 for proof to the contrary," said Agriculture Commissioner Reagan V. Brown. "Grain sorghum, corn and cotton are excellent examples of commodities whose prices have increased substantially since last season because of outside events which decreased supplies or

increased demand." Brown noted that the Texas grain sorghum harvest is expected to be down some 28 percent because of this summer's drought and heat wave, and will be the smallest crop since 1956. However, prices for grain sorghum in the Golden Triangle area of the state have averaged around \$5.75 - \$6.07 per hundredweight in recent weeks, compared to \$4.75 per hundred during the same period a year ago. Corn, expected to be down 18 percent in production this year, has risen in price by 51-56 cents a bushel because of the dropoff.

Brown noted that the signing of the U.S. - China bilateral grain agreement likely would push prices higher for the grains covered under the agreement.

The effects of the drought, and subsequent damaging rainfall at harvest time, is expected to cut Upland cotton production in Texas by 35 percent this year, Brown said. However, this decreased

production, as well as continued steady export demand, has pushed cotton prices above year-ago levels. For example, Dallas spot market prices for 1-1/16 inch, strict low middling cotton last week was 83.5 cents per

pound, compared to 60 cents a pound a year ago.

Stanislaw Kania, Poland's communist party chief:

"The party must reverse its mistakes to regain the people's trust."

In the quest of success, just remember that there is no substitute for character or service.

## Enochs News By Mrs. J.D. Bayless

Mr. and Mrs. Cecil Jones did some deer hunting at Evant last weekend and returning home got snowbound Monday at Littlefield.

Several farmers are through harvesting their crop. The snow and cold temperature has stopped the harvest. The temperature was 10 degrees Wednesday morning. There is still some snow in shaded places.

Mrs. Maye Nichols had to have gallbladder surgery last week.

We wish to express our sympathy to the children and families and other relatives of Carl Hall. Carl passed away Sunday evening, November 16 at his home. Carl had been a member of the Enoch's Baptist Church for 47 years. Carl will be missed very much in the community.

The people of the Baptist Church wishes to say thanks to all the Church of Christ and Methodist people and anyone that helped with the food and singing in the choir for the funeral of Carl Hall.

Mrs. Reet Dick of Portales, N.M. visited in the home of Mr. and Mrs. E.N. McCall Wednesday afternoon after attending the funeral services of Carl Hall.

Dr. G. O. Smith was recognized at the District 17 Convention recently for his 50 years of teaching school in Texas and New Mexico.

Mr. and Mrs. Cleo Hall and children, Jerry of Phoenix and Mrs. Gene Barrick of Glendale, Arizona, arrived Tuesday morning and spent Tuesday night with Mr. and Mrs. J.D. Bayless. Jerry and Mrs. Barrick flew home Wednesday evening.

Funeral services for Carl Hall were 2:00 p.m. the 19th at the First Baptist Church in Enoch's. Officiating was Rev. Charlie Shaw of Seminole, Texas and Rev. Mike Heady, pastor of the church. Pallbearers were E.N. McCall, Clifford Snitker, H. B.

King, Dale Nichols, J.D. Bayless and Harold Layton. Burial was in the Enoch's Cemetery.

The Baptist Church had their Thanksgiving dinner following church services Sunday, November 23, in the fellowship hall of the church. The serving table was decorated with a little red lantern sitting by a small Bible with a small magnifying glass on the Bible down the center of the table were bolls of cotton, corn, peanuts, sweet potatoes and other vegetables.

J.E. Layton and son, Keith, went deer hunting during the weekend.

Mrs. Orene Hall and daughter, Nancy of California, spent Tuesday and Wednesday nights with Mr. and Mrs. J.E. Layton.

Chester Petree became ill Friday morning and was taken to Lubbock by ambulance and is in ICU at the Methodist Hospital.

Mr. and Mrs. Harold Layton of Dell City spent Tuesday and Wednesday nights with his parents and attended the funeral services of Carl Hall.

L.G. Fred of Morton fell at his home one day last week. He was a patient in the Morton Hospital for a few days. Mr. Fred was a former resident of Enoch's.

Mr. and Mrs. Ray Kinnison of Olton visited her parents, Mr. and Mrs. Tom Bogard Sunday afternoon.

Mr. and Mrs. Goldman Stoud visited their great grandson, Andy Truell at the Methodist Hospital where he underwent surgery on his hip. They also attended the funeral service of Bennie Whittle Saturday at 3 p.m. while they were in Lubbock.

Mr. and Mrs. Bill Key were in Amherst Sunday to be with his father, W.L. Key who had suffered a stroke and was a patient in the Amherst Hospital.

V.C. Weaver of Lubbock visited in Bula one day last week.

W.L. Welch underwent surgery at the Methodist Hospital last Monday.

Rev. and Mrs. Mike Heady and son, Travis, spent Thanksgiving with their parents at Elado.

Mr. and Mrs. E. N. McCall had their daughters and families for Thanksgiving; Mr. and Mrs. Robert George, Brent and Marthan, Mrs. Delores Vanlandingham, Chris, Kim and Kerry, also friends Steven and David

USDA has not announced a Normal Crop Acreage (NCA) requirement as part of the 1981 cotton program but is giving such a requirement serious consideration, much to the dismay of cotton industry leaders across the Belt.

At stake is whether cotton producers will be required to plant within their established NCA (based on acreage planted to a combination of 14 crops in 1977) in order to qualify for loans, disaster payments or target price protection in 1981.

Plains Cotton Growers, Inc., Lubbock, in its statement filed with the USDA October 20 argued that "the current prospect for a carryover of three million bales or less on August 1, 1981, plus relatively acceptable prices for crops that compete with cotton for available acreage, eliminates the necessity for acreage control requirements in 1981."

The Texas State ASCS Committee, the National Cotton Council (NCC) and other groups and individuals have echoed PCG sentiments.

Complicating the situation to some extent is the fact that USDA already has announced an NCA requirement as a part of the wheat program. If rigid cross-compliance is enforced, as is expected, this means farmers who plant both wheat and cotton and exceed their NCA will lose all wheat and cotton program benefits.

And, as PCG is also arguing, producers who have put additional land into cultivation since 1977 have done so in an effort to gain the efficiency necessary to cope with the ever more critical cost-price squeeze "and they should not be penalized for their initiative by unneeded planting restrictions."

One of the objections offered by the National Cotton Council is to the discrimination between individual farmers, states and regions that will occur because the acreage reductions called for will not be uniform.

The most severe inequities in Texas and some other cotton producing states will be between individual farmers and in localized areas because these states as a whole have NCA's adequate to cover most acreage that would normally be planted in 1981. But as the NCC points out, other Cotton Belt states would be required to cut 1981 total plantings by as much as 26 percent.

Moser, all of Lubbock. Chris, Kim and Kerry spent the rest of the week with their grandparents.

The snow with big drifts that fell Monday night and Tuesday has melted. The temperature was 4 degrees above zero Wednesday morning.

Tom and Eva Rowden of Morton visited their grandchildren, Chris, Kim and Kerry Rowden at the home of the E.N. McCalls Saturday afternoon.

Mrs. Mammie Adams and son, Bobby, visited her sister in law, Mrs. Janita Harris, in Littlefield for Thanksgiving. Mrs. Adams also visited Mrs. Brenda Pennington at Meadow Friday night.

Mrs. Dean McBee had her Thanksgiving dinner Sunday. Her guests were Mr. and Mrs. D.M. McBee and children, Mr. and Mrs. C.H. Childres, Mr. and Mrs. Jimmie Richardson and Mrs. Mammie Adams.

Mr. and Mrs. Buford Peterson spent the Thanksgiving holidays with their son, Mr. and Mrs. Morris Peterson and family at Hillsboro.

Guests in the home of Mr. and Mrs. Clifford Snitker recently was his sister, Mr. and Mrs. Dewie Johnson of Roswell, N.M.

Company in the home of Mr. and Mrs. Dale Nichols during the Thanksgiving holidays was their son, Mr. and Mrs. Donnie Nichols of Canyon, his brothers, Mr. and Mrs. Harold Dean Nichols and daughter of Idalou, Mr. and Mrs. Sammie Nichols and children of Guymon, Oklahoma, Quinton Nichols and

sons Richard and Mike and Gary Nichols. Their son, Mr. and Mrs. Jerry Nichols and Kristen of Dell City are still with them.

Chester Petree underwent surgery at the Methodist Hospital in Lubbock Friday. He is in ICU at this time.

Mr. and Mrs. Cleo Hall left for home at Phoenix, Arizona Thanksgiving afternoon after spending 9 days at Enoch's.

Visitors at the Baptist Church Sunday were Mr.

and Mrs. Ray Spencer and Tammy of Friona; Mr. and Mrs. John Tucker of Maple; Mr. and Mrs. Donnie Nichols of Canyon; Mr. and Mrs. Jerry Nichols and Kristen of Dell City; Chris, Kim and Kerry Rowden of Lubbock.

Mrs. Alma Altman underwent surgery at the Methodist Hospital Saturday where she has been a patient for some time.

Mr. and Mrs. Ray Spencer and daughter of Friona spent Saturday night with her dad, Mr.

and Mrs. J.C. Snitker, and visited her grandparents, the Clifford Snitkers Sunday. The group all went to a musical at Levelland Saturday night.

Mrs. Harvey Blackstone of Morton and son, Mr. and Mrs. Dale Blackstone of Tyler, visited in the home of the J.D. Bayless' Thursday afternoon.

These Pioneer® brand grain sorghum hybrids do well in our area.

8501 — Even in a tough year like '80 we saw this hybrid stand up to drought and put out the yield! Under limited irrigation or dryland conditions, 8501 has in-bred strength to make a crop when lesser hybrids can't. We've seen good resistance to smut and MDMV with this hybrid.

8451 — We recommend this hybrid for limited irrigation or non-irrigated land as a companion to 8501. It has demonstrated resistance to Biotype C greenbugs and has shown itself to be one of the most vigorous hybrids available. This one has performed best when planted late.

8311 — Under full irrigation this hybrid has been the leading performer for many of our customers. 8311 has good resistance to smut and MDMV. A short, showy hybrid you're proud to show your neighbors.

Let's get together soon.

**Auction Activity Down 18% From September 1979**

AUSTIN- September auction activity dropped 18 percent Agriculture Commissioner Reagan V. Brown has reported. The decrease is attributed to last's month high auction sales brought on by the huge herd reductions at the peak of last summer's drought.

Current statistics from the Texas Crop and Livestock Reporting Service indicate cattle and calves marketings totaled 558,000 head, 8 percent below last month. Sheep and lamb sold totaled 99,000 head, 26 percent below last year and 57 percent less than in August. Goat sales dropped 9,000 head from 1979's 53,000 total.

Brown also noted that although sheep and lamb sales are usually brisk around this time of year, the drought forced a large sell off earlier than usual with these livestock too, and consequently, auction activity is down.

**News of Area Service Men**

Army Major Larry E. Hicks, son of Mr. and Mrs. J.E. Hicks of Friona, has been decorated with a first award of the Meritorious Service Medal at Fort Bliss, Texas.

The Meritorious Service Medal is awarded specifically for outstanding non-combat meritorious achievement or service to the United States.

Airman First Class Jose Rodriguez, son of Mr. and Mrs. Gregorio Rodriguez of Earth, has graduated from the U.S. Air Force weapon mechanics course at Lowry Air Force Base, Colorado.

Graduates of the course learned how to load and unload weapons used in Air Force aircraft, and earned credits toward an associate degree in applied science through the Community College of the Air Force.

Airman Rodriguez will now serve at Clark Air Base, Philippines.

Marine Lance Cpl. Ernest C. Turner, son of Mr. and Mrs. R.H. Gunn of Sudan, has departed on a deployment to the Western Pacific.

He is a member of a detachment from Marine Attack Squadron 513, based at the Marine Corps Air Station, Yuma, Arizona. While deployed, his detachment is embarked aboard the amphibious assault ship USS Tarawa as a part of Composite Helicopter Squadron 265.

During the six month cruise, he will be participating in training exercises

with the U.S. 7th Fleet and units from allied nations. Port visits are scheduled in various Far Eastern countries.

A 1978 graduate of Sudan High School, Turner joined the Marine Corps in September 1978. His wife, Tresa, is the daughter of Mrs. Eugene Muller, also of Sudan.

**Card of Thanks**

To those loving individ-  
uals who so thoughtfully  
remembered us during our  
time of sorrow, we wish to  
express our sincere thanks.  
We were so deeply touched  
by your love and concern  
and sincerely appreciate  
your cards, memorials,  
flowers, food, visits to the  
hospital, phone calls, and  
prayers. Our prayer is that  
from your example, we will  
each become more sym-  
pathetic to the needs of  
others.
