## R.B. Mitchell Takes Honors at Stock Show

### Takes Both Championships

Two sterling silver trophies were awarded last Saturday to R. B. Mitchell, son of Mr. and Mrs. J. L. Mitchell, in a clean sweep of the Sterling County FFA and 4-H club livestock show.

Mitchell, showing a lamb and a steer calf bred by W. N. and Lee Reed, won the grand championship in fine wool lambs and by nature of being the sole exhibitor in fat calves he won that trophy.

The trophy for the grand champion fine wool fat lamb was donated by J. T. Davis, who has sponsored a sterling trophy each year since club shows began here. W. N. Reed has given the sterling cup for the grand champion calf each year since 1939.

It marks the third time a son of the Mitchells has won the Reed cup. Jack won it in 1942 and Fred in 1941.

Spud Tatum, former county agent here and now with the Soil Conservation Service at Eden, was judge of the show, held by one of Martin Reed's woolhouses. County Agent J. M. Starr and H. M. Carter, V. A. instructor, were show superintendents.

Two awards were made that had not been announced previous to the show. Cash prizes for showmanship in the fine wool classes went to Duane Cape and Joe Snead.

Winners in the four sheep classes included:

Registered ram lambs—Clinton Hodges first; breeder, Fred Hodges.

Registered ewe lambs—Hodges first; breeder, Fred Hodges.

Cross-bred fat lambs—Bobby King, first; Riley King, breeder.

Fine wool fat lambs (100 pounds and under)—Billy Vern Davis, first; J. T. Davis, breeder; Billy Hudson, second; Duane Cape, third; Jimmy Findt, fourth; Joseph Blank, fifth.

Fine wool fat lambs (over 100 pounds)—R. B. Mitchell, first; breeder, W. N. and Lee Reed; Bobby King, second; Joe Snead, third; Donald Gill, fourth; Joe Snead, fifth.

The show judges picked no reserve champion in the fine wool class, but had they, it would have been won by Billy Vern Davis's lightweight Rambouillet, which competed against Mitchell's for the cup.

### Killed in Action

Word has been received here by Mrs. W. B. Atkinson that her nephew, S-Sgt. Ralph Weaver, 25, was killed in England on February 5. Sgt. Weaver was the son of Mrs. J. W. Brock, sister of Mrs. Atkinson.

S-Sgt. Weaver attended school here, finishing with the class of 1937. Soon after finishing, he volunteered for army service. Prior to Pearl Harbor, he served over-seas in the Philippine Islands for 2½ years.

After Pearl Harbor, Sgt. Weaver

### Lions Club

The Sterling Lions Club voted to oppose the McFarland judicial re-districting bill at the luncheon Wednesday. Such bill would put Sterling in the Sweetwater District Court.

Red Cross officials, Fred Lindall, Terry Townsend and Mrs. Maurine Prescott, of San Angelo, made talks on the 1945 Red Cross Drive. Mrs. Tommie Johnson was named chairman of the drive.

Guests included the Red Cross officials, Johnny Garner SF 2-c, Archie Marie Revell, R. H. McSpadden, and the livestock show winners—Clinton Hodges, Duane Cape, Bobby King, Billy Vern Davis, and Joe Snead.

Vern Davis spoke concerning the re-districting bill. The club has three petitions to be sent to our senator and representative at Austin opposing the McFarland bill. The petitions are being passed by Mac Benge, R. P. Brown and G. C. Murrell.

### Sergeant Henry Latham Freed From Jap Camp

Sgt. Henry Latham, son of Mrs. Laura Green, the only Sterling boy who was a prisoner of war, has been liberated in the Philippines. Mrs. Green received a telegram Wednesday from the War Department saying, "We are pleased to inform you that Sgt. Henry Latham, last reported to be a prisoner of the Japanese, has been rescued by our forces. His physical condition is fair xxx".

Sgt. Latham's mother is now visiting relatives in Washington. All Sterling rejoices with her for her son's rescue from the Japs.

### University of Life

Last Sunday Mrs. Aaron Clark lead the discussion on Job.

Rev. B. B. Hestir preached for the church service.

Misses Mildred Atkinson and Lucille Hodges were hostesses for refreshments during the recreation period.

All high school students are extended a cordial invitation to meet with us at the Methodist Church next Sunday night at 7:00.

transferred into the Air Corps, where he was a radio operator and gunner. For several months, as radio operator, he flew over North Africa, India, Russia and Italy. He returned to the United States and trained as a gunner, being stationed at different places.

In October he went over-seas again, being stationed somewhere in England. He was stationed in England at the time of his death.

Sgt. Weaver had three sisters and two brothers. Both brothers are in the armed forces.

Sgt. Weaver was a member of the Presbyterian Church in Sterling City.

### Baptist Women Honor Seniors

The Baptist W.M.S. entertained the 1945 seniors of Sterling High School with a banquet at the church Tuesday night. This is the sixth time for the occasion, which seems to promote religious part in education.

Mrs. J. A. Revell, president, welcomed the seniors. Rev. W. J. McCawley addressed the group. Mrs. Clyde Davis gave a reading and Betty Jane Donaldson sang and played the violin. O. T. Jones gave the invocation.

Guests were Jackie Durham, Ancel Reed, Bobby Edwards, Jessie Vern Martin and Margaret Skeete, seniors; Mrs. Wade, Mr. and Mrs. O. T. Jones, and Rev. and Mrs. McCawley.

### Crusade for Christ

Before attempting to put onto canvas the painting that has been adopted as the official Methodist Crusade for Christ painting, Warner Sallman, conferred at great length with Crusade leaders.

A man of deep spiritual instincts and insight, the distinguished artist's eyes flashed as his heart began to burn with the imagination that has characterized all his work.

"I shall count it a great honor," he said quietly, "to try to capture on canvas some of the mighty challenge of this Crusade."

How well Sallman caught the vision of what the Crusade aims to accomplish is revealed in this painting. It will be noted that the central figure of this poster--as He is the central figure of the Crusade--is the "the Crusading Christ". Garbed in the robes denoting His kingship, but with the scars of the nail-prints still in His hands, the Christ strides through the scenes of war devastation.

In this conception, the artist has daringly "brought Christ down to earth." Mr. Sallman has placed Him--where Jesus placed Himself--upon the earth itself, amid the sorrows and sufferings of the world, actively leading His people in the amelioration of distress and the healing of sin's wounds, whether those sins be individual or corporate.

Behind Him, marching in a V-shaped formation denoting the victory that will surely attend their way, come the hosts of Christ-inspired Methodists. It will be noted that the artist here has included men and women, boys and girls, from every walk of life, and representing many races. In and through the scenes of devastation they come, this marching host, to minister with Christ and for Christ to such needs as this dire day has presented. And above them, symbolic of the hope they bring--the new dawn the Crusade stands for--is a colorful rainbow.

Well may we hope that this painting--like the Crusade it glorifies--will encourage all men to place Christ where for centuries He has sought to be, in the center of every effort for man's good.

Rev. Ed. H. Lovelace announces that the quota for the Sterling Methodist Church is \$1,051.00 and for Moon Chapel \$122.50. The campaign is under way now and must be completed by March 4.

### Mrs. Tommie Johnson Heads Red Cross Drive

### Mrs. Z. L. Potts Dead

Funeral services for Mrs. Z. L. Potts, 75, were held at the First Baptist Church here Thursday afternoon at 2:00 o'clock. Rev. W. J. McCawley officiated. Burial was in Montvale Cemetery.

Mrs. Potts had lived here since 1908. She was in Brownwood at the time of her death. Her husband died in May, 1944.

Pallbearers were Rufus Foster, W. W. Durham, S. M. Bailey, W. B. Allen, Hinton Emery and Clyde Davis.

Survivors include three daughters, Mrs. Eva B. Roberts, Riverside, Calif.; Mrs. Eula Springer, Brownwood; Mrs. B. Lonnsbury, Brownwood; and a son, G. C. Potts of Big Spring; three grandsons in the armed forces and two granddaughters.

### William Wilson Dead

William C. Wilson, a native of Sterling County, died in San Angelo Wednesday morning. Funeral services were held in the Johnson Chapel, with Dr. George Baker conducting.

Mr. Wilson had moved from Sterling to San Angelo in 1906 and later to Coleman. He was a brother of Mrs. W. T. Conger.

.28 inch rainfall was recorded at the J. T. Davis rain gauge here this week.

### Sterling Quota Is \$3,100.00

Mrs. Tommie Johnson has been named Sterling Chairman for the Red Cross War Fund Drive, which begins this week. The quota is \$3,100 said Mrs. Johnson, emphasizing that contributors would have to give 1/5 more than last year to reach such quota. Last year's quota was \$2,400.

Fred Lindall, District Chairman, Terry Townsend, A. R. C. Field Supervisor, and Mrs. Maurine Prescott, Tom Green Secretary, came out Wednesday to get the drive started.

Mrs. Johnson, in announcing the opening of the drive on Thursday of this week, requested the cooperation and help of everyone, to put the drive over the top.

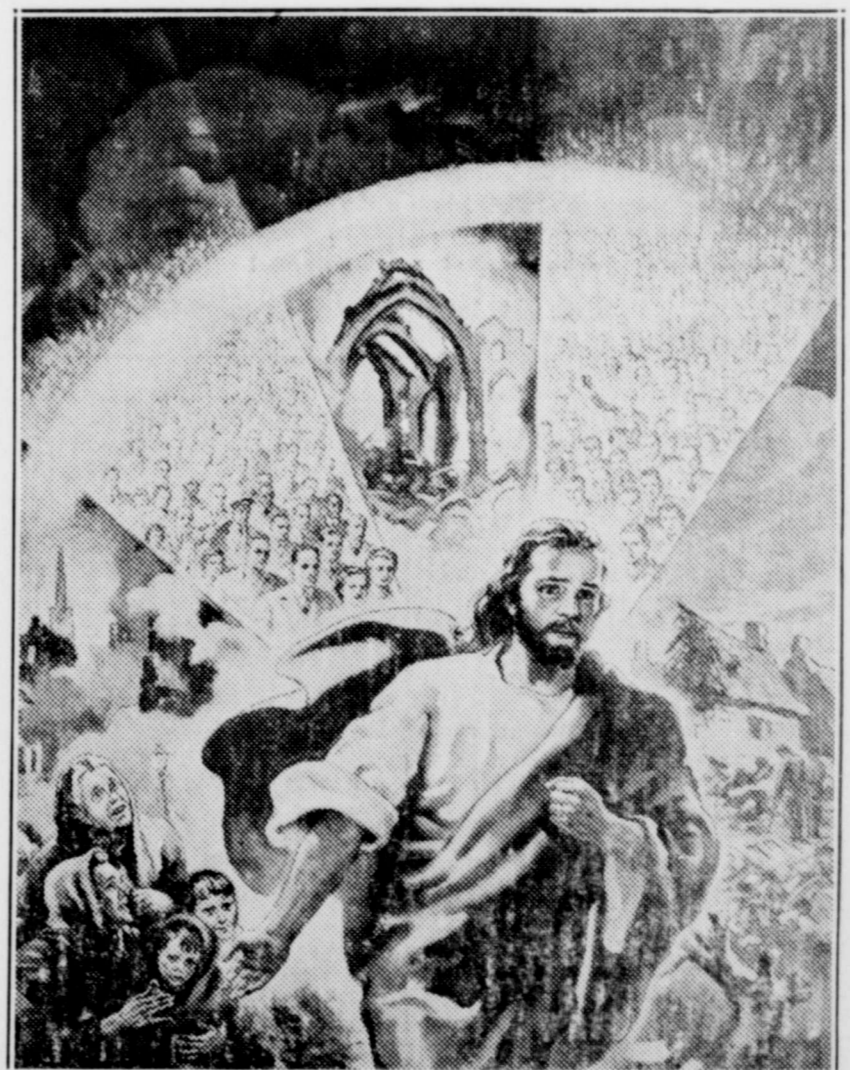

She deserves the assistance of everyone. Let's all do our part.

Uncle Bill Kellis, 90, now in Riverside, California with his daughter and son-in-law, the B. B. Huckells, was recently operated on. His big toe on his right foot and a few other bones were removed. He has to take insulin, because he has a high sugar content in his blood.

Mrs. J. E. Cox, former Sterling resident, was buried here Sunday afternoon. She died at her home in San Angelo.

Johnny Garner, shipfitter 2-c U. S. N. Sea Bees, spent the first part of the week at his home here. He left for Port Hueneme, Calif. Tuesday night.

### New Sallman Painting Depicts Theme of Crusade for Christ

CHICAGO — Warner Sallman, whose portrait of Christ has sold 4,500,000 copies, depicts here the support of millions of Christians to the determination of their Leader that there be no more war. Methodists are among those who are working for liberty and justice for all men, through their four-year, five-fold Crusade for Christ.

Posters of the Sallman painting, now appearing in more than 41,000 Methodist churches across the na-

tion, appeal for sacrificial contributions to the \$25,000,000 Crusade relief and reconstruction fund, more than half of which will go for food, clothing and other aid for peoples of war devastated and occupied countries. Other phases of the Crusade for Christ call for support of cooperation among nations in the post-war world, renewed evangelism efforts, education for Christian stewardship and improvement of Sunday School attendance.

## Army, Navy Leaders, Others Endorse Red Cross War Fund

WASHINGTON, D. C.—In answer to President Roosevelt's appeal to the nation on behalf of the American Red Cross to fulfill the \$200,000,000 Red Cross War Fund goal for 1945, America's foremost military and naval leaders, the press, and educational, religious, fraternal, industrial and labor groups pledged continuing support.

Stimson Gen. Marshall Foranthal Adm. King

Secretary of War Stimson expressed his gratitude to the Red Cross for discharging its responsibilities to the Army "with efficiency and tenacity" throughout the war.

Chief of Staff General Marshall added: "The Red Cross has kept pace with the growth of the Army by enlarging its services to meet soldier needs both in this country and overseas."

Secretary of the Navy James V. Forrestal, citing Red Cross war contributions of blood plasma, prisoner of war food packages and civilian war aid, said: "In the blackness of war, the Red Cross stands as a beacon of mercy of which we can all be proud. Never has mercy been put to better use."

Admiral Ernest J. King, commander-in-chief of the United States fleet, pointed out that "every time the Red Cross assists a man in the armed forces in any way, there can be no doubt that the humanitarian activities of the American Red Cross have a direct bearing on the outcome of the war."

Both the American Newspaper Publishers Association and the National Editorial Association's presidents promised complete cooperation from the American press.

Among groups endorsing the War Fund are:

**AMERICAN LEGION:** "The Red Cross has exemplified the fine, traditional spirit of American helpfulness. The approach of the postwar reconstruction period will not lessen the calls for Red Cross services."

**AMERICAN FEDERATION OF LABOR:** "We are determined that the

war shall be won. Let us be equally determined that the Red Cross shall be enabled and permitted to measure up to the needs of the situation and the high standard which we have set for it."

**CONGRESS OF INDUSTRIAL ORGANIZATION:** "Each one of our mem-

bers knows that the Red Cross is indispensably at that loved one's or friend's side in his time of need."

**AMERICAN FARM BUREAU FEDERATION:** "Such vital Red Cross programs as home nursing, nutrition, disaster relief and other helpful activities during recent years have contributed closely to identify this national organization with rural life in America. The American Farm Bureau Federation ... urges every member to give it wholehearted support through the organization's local chapters."

**FEDERAL COUNCIL OF CHURCHES:** "It is obvious that the world situation at the present time will make greater demands upon Red Cross than ever before. We commend to the churches of the various communities in the United States the appeal for the American Red Cross War Fund in 1945."

**NATIONAL ASSOCIATION OF MANUFACTURERS:** "American businessmen stand ready to assist in every way possible the American Red Cross in its fund raising efforts."

**NATIONAL CATHOLIC WELFARE CONFERENCE:** "The great work of the American Red Cross has become more obvious as the war develops and as our fighting men testify. Gladly, therefore, we recommend every generosity on the part of the American people in the 1945 campaign."

**CENTRAL CONFERENCE OF AMERICAN RABBIS:** "The Red Cross is the most appealing philanthropic cause before the American people today. May the outstanding success of the 1945 Red Cross War Fund campaign demonstrate the spiritual values of the American people."

# Your BABY

By Lillian B. Storms

By the time your baby is five or six months old, he has been introduced to several foods besides his milk and to other methods of eating than sucking liquid through a nipple.

Orange juice usually is diluted with boiled and cooled water and fed from a bottle, a small sized bottle is convenient. He has water from a bottle, then from a spoon, and later from a cup. Change the orange juice to a spoon and then a cup as soon as you think he is ready.

When cereal is started and then his strained vegetables are gradually given to him, one at a time, the spoon is used to feed them. Let him help feed himself as soon as he appears to want to do so.

There comes a time, usually before he has more than two or three teeth when he wants something to chew on. Fingers of toast or Zwieback give him practice in chewing, also something he can hold and feed himself.

After vegetables have been started and perhaps one or two strained fruits have become familiar, then finally grated egg yolk, carefully separated from the white of the egg, may be given.

During the balance of the first year or fourteen months, other strained foods are given and the amounts he eats will gradually increase. After the first year or around 14 to 16 months of age, the chopped foods may gradually replace the strained. Custard and fruits usually are continued almost indefinitely.

All of these foods are in addition to his milk for milk is the foundation food for babies and children.

M. Z. BROWN

## Likes to Live Here

M. Z. Brown, 38, son of the W. T. Browns of Albany, likes it here. He is one of the tailors at Bailey Bros. cleaning department, and has been for two other periods in past years. M. Z. says he's here now—he likes the people, the country and likes to work at Bailey Bros.

Born on Lacy Creek near here, he was named for his grandfather, M. Z. House. He has followed the tailoring trade all his life. M. Z. is married to Juanita Goodwin of Ingleside, Texas.

## 27 Years Ago

Taken from the files of the Sterling City News-Record, February 22, 1918.

R. P. Brown, local dealer, received a consignment of six Ford touring cars last Monday. All have already been sold.

Justice Henry Davis received a letter from his son, Lt. Vern E. Davis, who is with Pershing's

forces in France.

Lem Latham sustained a broken arm last Tuesday as a result of a "kick" while cranking an automobile.

**Woman Helps Dairy Farmers  
Solve Milk Production Program**

Meet the "Milk Woman." That is the descriptive title given Mrs. Rosella Cook, field woman for the Kraft Cheese Company, by dairy farm families of East Texas.

Throughout the country, Kraft maintains a staff of field men to help dairy farmers raise and maintain the quality of their milk. Mrs. Cook is the only woman with an active part in this program. With headquarters in Sulphur Springs, Tex., she calls on more than 800 families in her territory.

Rose Cook, because she has lived on a Texas farm herself, has a first-hand knowledge of rural problems. If the man of the house is absent when Mrs. Cook calls—which he is about half of the time—she talks to his wife as an interested friend, and without interruption of whatever chore the housewife may be doing. In fact, in the course of her day's work, Mrs. Cook has found herself shelling peas, grinding coffee, helping in food canning, wiping dishes, or watching over two-year-old Junior, as well as demonstrating good dairying practices.

The trunk of her car is filled with assorted equipment, inexpensive and much of it homemade. In the above photograph, she is demonstrating the construction of a simple barrel milk cooler. The cooler is specially designed for the farmer with a small herd, to help him cool the milk rapidly to 50 degrees F. A barrel is sawed in half, filled with cool water, and the can of milk wrapped in burlap and placed in the barrel. Evaporation brings the milk temperature down quickly.

In addition, Rose Cook discusses such matters as proper milk strainers, most effective cleaning agents for dairy equipment, building up dairy herds, pasturage, and other points involved in milk production. She finds the majority of farm families eager to learn the most approved methods of dairying, willing to follow her suggestions.

A graduate of Texas Technological College, majoring in vocational home economics, Mrs. Cook was a home demonstration agent for the Texas Extension Service for seven years before joining Kraft.

**SUPPOSE THAT YOU  
COULD FLICK A SWITCH**

**AND GET A SIZZLING STEAK!**

Be wonderful, wouldn't it? Sizzle . . . sniff . . . m-m-m-m . . . a-a-a-ah!  
"But," you say, "steaks are scarce and expensive. Steaks are rationed. Steaks have gone to war."

That's right—and there are good reasons why.

But is it any less wonderful that you CAN still get electric service at the flick of a switch—without shortage or rationing—at low pre-war prices—when vast amounts of electricity have gone to war plants?

Our folks have done their war job so quietly and well it's easy to take 'em for granted. We hope you won't—that you'll remember their hard work as you use radio, range refrigerator, washer, cleaner and other electric servants that make wartime living so much easier.

What you can take for granted is the fact that your friends in this company will provide plenty of low priced electricity to run the mechanical marvels in your post-war home.

*Bonds  
Over America*

CAESAR RODNEY

After a ride that rivals Paul Revere's, Caesar Rodney broke a tie vote in Delaware's delegation to the Continental Congress at Philadelphia on Lee's resolution for independence. Late on July 1, 1776, he arrived home after quelling a revolt in Sussex County where he received an urgent summons to Philadelphia. Mounting a horse, he rode through the night and arrived in the northern city in time to place Delaware with the other colonies backing the resolution. That spirit of service animates Delaware people in buying War Bonds today to insure liberty for future generations.

U. S. Treasury Department

Mrs. Mary Daves has four sons serving in the armed forces. One son, Pvt. Ted James Daves, was the first selective service recruit from Glasscock County. He was inducted January 12, 1941. He is now in New Guinea.

Clarence L. Daves, SM 2-c, received his training at Urbana, Ill. He is now stationed with the U. S. Fleet close to France. He was recently commended by his commanding officer for exceptional initiative and judgment.

Ellis G. Daves, S 1-c, is now a gunner stationed at New Orleans, La. (Armed Guard Center). He received his training at Norman, Oklahoma.

Pvt. Agee K. Daves received his training at Fort Lewis, Washington, and is now stationed at Camp Howze, Gainesville, Texas.

**This Won't Be So Good**

The McFarland redistricting bill before the Texas Legislature would abolish the 51st District Court and put Sterling in with Sweetwater.

Of all the dumb and brainless moves this one would take the cake. It's 80 miles to Sweetwater and the road as far as Colorado City is unpaved. It's 45 miles to San Angelo and Sterling was carved out of Tom Green County to begin with.

We think it's safe to say that Sterling is 100% opposed to such move. Should we have to look to Sweetwater (80 miles away) for our district court officials when they are needed in a hurry—as is true sometimes?

If the 51st court is abolished, we'd do better to be tied in with the Big Spring District Court—only 45 miles north on a good road.

Petitions are being circulated to send our senator and representative now. Sign them if you are opposed to this move.

The Lions Club voted to circulate petitions against this move. See G. C. Murrell, Mac Benge or R. P. Brown and sign one of the petitions if you are against the change. The petitions will be mailed to Cecil Barnes and Penrose Metcalfe.

**Electricity Puts the Finger on 'Em**

**A Peek Into a Detective's Lab**

Criminology is entering a stellar era, due partly, according to law enforcement officials, to an expanded role assigned to electricity in devices now utilized by the FBI, state and municipal police and intelligence departments.

Major electrical applications in scientific crime detection include:  
**INFRA-RED RAY**—Retouch artists—that is, grafters specializing in the realm of paintings—must beware of infra-red light. The days when an oil by John Doe, Jr., 1945, can be made to look like a Rembrandt, 1645, are past, due partly to infra-red. The retouchers usually would add paint and varnish to give the appearance of age, and perhaps even write the characteristic signature. The infra-red bores down through the surface covering, revealing the underneath layer. Infra-red photography also can reveal obliterated numbers on currency and negotiable securities.

**Used in Sabotage Cases**

**X-RAY**—Photography or radiography permits examination of packages suspected of containing bombs. X-rays are used in studying pigments, especially paint samples. In cases of suspected sabotage or war fraud, the X-ray frequently is used in examining castings or weldings to determine imperfections or cracks. For instance, in a case involving an electric control cable used to operate gun turrets on a battleship, X-ray revealed that the cables had been short-circuited by small pieces of sharpened metal which had been driven through the outside metal casing of the cable.

**ULTRA-VIOLET RAY**—Certain materials, exposed to this ray, will glow after the light has been extinguished. The ray is used extensively in photography and makes possible detecting chemicals used in altering documents or checks.

**INTRUSION AND THEFT ALARMS**—These are signals to watchmen or police when unlawful entry occurs, or attempted removal of valuable objects takes place. Among the types of electronic alarms are photocell systems, ultra-high-frequency beam systems, capacity controlled oscil-

lators, and light contact switches in conjunction with wired-radio signals.

**'Electronic Friskers'**

**METAL DETECTORS**—These are used, among other things, for spotting metal objects in the pockets of persons leaving or entering important buildings. Also called metal spotters, "electronic friskers" and gun finders, most types make use of the magnetic field in operating. Pola pieces or field coils are set up in a passageway so that passersby must cross the magnetic field, thereby cutting lines of force.

**LIE DETECTORS**—This device is utilized to detect deception in spoken testimony. One of the best known of the electronic crime detection devices, its technical name is the psychointegrrometer.

**SPECTROGRAPHIC ANALYSIS**—A spectrograph enables the operator to burn a substance in a carbon arc and the spectrum of the light given off is thrown upon a photographic plate and photographed. In the burning of any particular mineral or substance, the lines for each one will fall at the same place in the spectrum each time. The examiner determines the position of the lines, and thus can achieve an analysis of the material burned.

**In Hit-and-Run Cases**

This makes possible analyzing the whole of metallic constituents of unknown specimens, is used in detecting traces of metallic impurities in various substances, lends itself to testing the purity of certain materials, and shows when minute particles of metal are present on a knife blade or the prongs of a wire cutter.

This type of examination is used often, and successfully, in investigating cases of "breaking and entering" and sabotage, and in hit-and-run cases when small particles of paint are left in the clothing or on vehicles which figured in the accident.

## Along the "Route to Tokyo"

13,093 miles of track serving the Southwest

Santa Fe, as the map above shows, is an important lap on the "Route to Tokyo."

That's why, during the past several months, travelers have seen armies of "Men at Work" all along our lines.

Capacity of our yards has been increased.

Curves have been ironed out so trains may get around them faster.

New Diesel "head ends" are pulling bigger loads up mountain grades.

Ingenious Centralized Traffic Control Systems have been installed at important points so the same rails can carry 50 per cent more traffic.

A new Santa Fe bridge is now being built across the Colorado River.

We have enlarged our capacity to meet the increasing loads of war. There will be no slackening of our job until the war is completely won.

**SANTA FE SYSTEM LINES**

Serving the West and Southwest

## Just Patter

Hi, folks—We had an exciting week-end.

The stock show was quite a success. All the boys' sheep and calves seemed to be in excellent condition. R. B., how do you feel?

Seen at the show Saturday night were Carolyn, Eugenia, Billy Sue, Billy Rusk, "Bo", Joe, Betty, "Red", Peggy, Billy Vern, Mary Ann, Mutt, Norman, Jackie and Jimmie Long.

Seen riding around during the show were Norvin, Frances and Billy H., Beth and Jackie D.

After the show Mutt and Jackie and Mary Ann and Jimmie Long were riding around.

Dorothy Myers of San Angelo visited Mrs. Leah Wyckoff over the week-end.

Paula Sue spent the week-end at Fort Sill, visiting Fred.

Can you imagine—

Peggy without her stationery box?

Margaret without her purse?

Mutt not yawning?

Venera without her volley ball jacket?

Eula Mae without her chewing-gum?

Carolyn not slinging her hair?

Norvin without La Vone (vice versa)?

Mary Ann without her red fold?

Betty without Joe?

Billy without his ability to sing?

La Vone without her pencil?

Ruby with detention?

Norvin without his sketches?

Seen at the show Sunday: Peggy, Lewis, Billy Vern, Jackie D., Venera, Harold, Sue, Billy, Eugenia, and Betty.

## We Wonder

Why Peggy had to go to the show Saturday night.

If Billy Vern was angry, and what made him.

If everyone had a good time at the dance Saturday night.

If Margaret likes pies.

Where Mary Ann got her ring and also her chewing gum.

Who Norvin was looking for in show Saturday night.

Why —

Norman is called "Goat".

Jesse Vern is called "Mutt".

Paula Sue is called "Red".

June Elizabeth is called "Beth".

Jackie Durham is called "Marge".

Venera is called "Harold".

Eula Mae is called "Dopey".

Eugenia is called "Kildee".

If all the seniors went to the banquet Tuesday night.

Who is going to win the tournament.

What made Jackie Durham's face so red Saturday night and who he was with.

Who La Vone was with Sunday night.

Who "Bo" was sitting by in the show Saturday night.

Why Eugenia wouldn't go riding with Billy Vern Sunday night. Say, Eugenia, how do you like these Billies, especially Billy Hudson?

## Homemaking News

The freshmen are making pajamas, the sophomores are making sports dresses, and the third year girls are making evening dresses.

The bake sale was a success. The Homemaking Club netted \$23.50.

Make plans now to attend the box supper, sponsored by the Homemaking Club for the benefit of the rug fund, to be held at the school house, Friday, March 9 at 8:00 p. m.

## Freshman Party

The members of the freshman class and their guests were entertained with a party last Friday night at the home of the Riley Kings.

Games were played, after which a sandwich plate and hot chocolate was served.

Among those present were Bobby King, Bonnie Ruth, La Verne, Eugenia, Billy Hudson, Eula Mae, Norman, Carolyn, Billy Vern, Lewis, Jacqueline, R. T., Billy Lee, Miss Vernon, Mrs. Homer Brown, Mrs. Clevis Smith, Mr. and Mrs. King, Mutt and Beth.

IF YOU want to get married, write Box 359, Juliatta, Idaho. Send stamp.

## Grade School News

George Hobbs of the third grade attended his grandfather's funeral this week.

The fourth and fifth grades enjoyed their Valentine party last week. Their roommothers served drinks and cookies.

Those absent from the seventh grade this week because of illness were Courtenay Skeete, Billy Ralph and La Verne King. Rita Fay Reed and Courtenay Skeete were winners in the poster contest for the stock show.

Lloyd Cole, Wanda Cook and Dick Bailey were winners in the poster contest in the eighth grade.

All the students thank their roommothers for their Valentine parties.

The 6th grade students who made posters which were used during the stock show were Clinton Hodges, Billy Jean Nichols, Geneva Reed, and Henry B.

The Methodist ladies served dinner at the church basement Saturday before the livestock show and made a profit of \$92.78 from the affair.

### North Concho River Soil Conservation District News

Board of Supervisors:

Zach Jones, Chairman

L. R. Reed, Vice Chairman

Foster S. Price, Secretary

J. R. Mims, Supervisor

J. W. Cox, Supervisor

The vigorous buffalo grass plot showing how buffalo grass will crowd out bitterweed which was exhibited at the livestock show last Saturday was taken from Roy Foster's Askey Ranch. Foster states that three years ago the section pasture from which this specimen was taken was almost solid bitterweed. By deferring the pasture during the growing season and properly grazing the cured grass with cattle during the dormant period the bitterweed within three years has been crowded out except in a few isolated areas near old watering places. Foster reasoned that even on leased land the payment received for deferment of range land would reduce the lease price to the extent that the lessee could well afford to follow the practice of deferment for bitterweed control.

Another vigorous buffalo plot on exhibit showing that buffalo grass, if given the chance, will crowd out needle grass was taken from Jack Mims Vat pasture. Mims has deferred or lightly stocked this pasture during the growing season for the past two years. The buffalo in this pasture also has an area which was badly infested with bitterweed two years ago whipped down to spots.

The students of the 6th, 7th, and 8th grades of Sterling Public School prepared posters for display with soil and grass plots at the livestock show last week. Winners were Rita Faye Reed, Courtney Skeete, Clinton Hodges, Henry Bliznak, Buddy Cole, Wanda Lynelle Ward, Pascal Brown, Billy Jean Nichols, Geneva Reed, Wanda Cook and Dick Bailey.

## Question Box

THIS WEEK'S QUESTION:

"Do You Like The Idea Of Sterling Being Put Into The Sweetwater Judicial District - As Sponsored By The McFarland Redistricting Bill"?

SETH BAILEY: "No, I prefer it as it is now".

W. J. McCawley: "It looks to me that it'd be awkward enough if conditions were normal, and senseless in light of the ration program and present transportation difficulties".

M. C. McDONALD: "I don't think they ought to do it. It ought to stay as it is".

W. P. MEYER: "Well, I don't know. I'm very well satisfied like it is now".

### KEEP ON

*Backing the Attack*

WITH WAR BONDS

## Bonds Over America

### TENNESSEE'S CAPITOL

America's devotion to freedom, which the purchase of War Bonds directly helps to maintain, nowhere has a more exemplary shrine than the State Capitol at Nashville. The \$1,500,000 building memorializes years of struggles of sturdy folk. Tennessee's first Legislature met at Kingston and adjourned to Knoxville. Later it met at Nashville and Murfreesboro. Nashville became the permanent capital and the cornerstone of the present building was laid in 1845. It took 14 years to complete. The same love of freedom that inspired those early legislators in selecting a seat of government motivates the state's 186,000 men now in the U. S. armed forces.

U. S. Treasury Department

Mrs. Taylor Garrett, manager of Garrett and Bailey's Dry Goods, went to the Dallas market the first part of the week.

Cuz Bengé bought a 10-month old steer from George Donaldson of Garden City this week for his butcher counter. Cuz says that in all his 22½ years of butchering this is the finest animal he's ever run across.
