No. 20

Final School Exercises Held

Final exercises were held this week for the two graduating classes of the Sterling school.

Graduation exercises were held Wednesday evening for the eighth grade with Rev. E. H. Lovelace speaker. Dick Bailey was valedictorian of the class and Margarine Ritter was salutatorian.

Other graduates were Lloyd Cole, and Cook, Edward Dees, J. D. Wler, H. W. Gregston, Billie Hallmark, Don House, Nelson McGee, Blaine Mitchel, Trina Reed, and Ann Williamson.

Graduation exercises for the high school seniors were held Thursday evening. Rev. W. J. McWiley gave the commencement address.

Margaret Skeete, daughter of Mr. and Mrs. John Skeete, is valedictorian of the graduating class Sterling High School. Her average is 94.41 for the senior year.

Venera Mitchel, daughter of Mr. and Mrs. J. E. Mitchel, is salutatorian of the class with an average of 92.88.

These were the only two students with averages up in the 90's. Other graduates were Ancel Ed, Jackie Durham, Bobby Edwards, Jesse Vern Martin, and Julia Sue Wyckoff.

Joint baccalaureate services were

Experimental Paving Being Done

Sterling County is having the street in front of the school house topped with asphalt. The county is doing the work as an experiment and to see if such paving will hold up. Also the commissioners want to see how the cost will be and then as a post-war project such paving may become a reality.

The county is preparing the bed and Buddy Johnson of San Angelo is contracting the topping. The bed or bottom has to be caliche.

Lt. Jimmie Hall Receives Purple Heart

Lt. Jimmie D. Hall, son of the D. Halls, has been wounded and has been awarded the Purple Heart. He is now on I Jima and is with the Combat Engineers. He was wounded by a shell fragment in his hand.

Harold Emery left last week to join the U. S. Marine Corps.

held last Sunday morning with Rev. B. B. Hestir as speaker.

Lions Club

Rev. Ed. H. Lovelace sang "Give a Man a Horse He Can Ride" and "Oh Little Mother of Mine" at the Lions Club luncheon Wednesday. Dr. W. B. Everitt, who has "come back home" from Fostoria, made a short talk.

Guests were Dr. Everitt, Mrs. E. H. Lovelace, and Archie Marie Revell. The prize went to Anna Lee Johnson.

Secretary G. C. Murrell reported that eleven Lions attended the Lions stag party at the Lake Nasworthy Clubhouse last week. Attending were W. R. Hudson, H.L. Hildebrand, A. T. Bratton, J. T. Davis, Seth Bailey, J. M. Starr, G. C. Murrell, H. M. Knight, R. P. Brown, L. S. Ivy and Roland Lowe.

LOCALS

Dr. and Mrs. W. B. Everitt have returned home from Fostoria, where Dr. Everitt has been employed by a lumber company for the past several years.

Lt. Tommie A. Augustine, son of the W. D. Augustines, has been wounded in action in the Philippines. He is in the hospital there. The wound was in the leg.

Wimodausis Club

The Wimodausis Club met in the County Library on May 9. Mrs. Roy Foster gave a report of the convention that met in Brownwood the 9th and 10th of April.

The following program was given: "Reconstruction of the Home"—Mrs. J. B. Atkinson "Youth Guidance"—Mrs. C. A. Bowen

Other members attending the meeting were Mmes. R. P. Brown, H. L. Hildebrand, Harvey Glass, Sterling Foster, Rogers Hefley, Joe Barton, Lee Reed, N. H. Reed, John Reed and D. Hall.

Mrs. Young of Kosse, a guest of Mrs. Brown also attended.

The next meeting will be May 23 with Mrs. Sterling Foster as hostess.

Capt. John W. Osberg, Chaplain, wrote Mrs. Lula Gonzales that her son, Pvt. Esias Gonzales, is buried in an American cemetery in Eisenbach, Germany.

He was killed by German machine gun fire April 11, while his company was trying to take the city of Enfurt, Germany.

A fire destroyed a house belonging to Genoveva Egriego Sunday and burned the roof off an adjoining house.

E. F. McEntire Appointed Commissioner

Judge G. C. Murrell appointed E. F. McEntire to fill the unexpired term of W. N. Reed on the Sterling County Commissioners Court. Judge Murrell made the appointment on Monday at the regular meeting of the court.

The commissioners court voted to have a 4 year audit of the county finances on the previous Saturday. The contract has not yet been let to any definite auditing firm.

Sunray To Drill Wildcat Here

Sunray Oil Corp. has applied for a permit to drill a proposed 3,200-foot wildcat in west central Sterling County, starting at once. In the event shallow Permian production is not developed but formations check favorably, the test may go deeper, possibly to the Ellenburger, it was reported unofficially.

The wildcat will be No. 1 J. L. Glass, 330 feet out of the northeast corner of the northwest quarter of section 31-22-H&T.C. It will be 1 1/2 miles southeast of Phillips Petroleum Co's No. 1 "Sterling" on the J. L. Glass ranch, which was abandoned in Dec. 1943, at 9,303 feet after failing in the Ellenburger, then in the Permian lime, which was acidized between 2,440 and 2,500 feet.

It was reported but unconfirmed a month ago that Sunray planned to drill an Ellenburger wildcat on the same location for which it has applied for the permit to drill the scheduled 3,200-foot test.

Sunray No. 1 J. L. Glass will be on a spread of two sections taken by Steve Currie of Garden City and associates, who, in turning it to Sunray, retained every other quarter section. The remainder of the acreage in the area still is held by Phillips.

Lt. Joe Edwards Awarded Bronze Star

Lt. Joe E. Edwards, son of J.M. Edwards of Grand Prairie, formerly of Sterling City, has been awarded the Bronze Star for neutralizing enemy gun positions in the European war theatre with the Ninth Army. Another son of Mr. Edwards, Lt. James H. Edwards, with the Seventh Army, is in a hospital in England. Both boys finished high school here.

Cpl. George Garner, stationed in the Philippines, gets mighty hungry at times. His mother Mrs. J. E. Garner, received a picture of George with a 4-foot lizard hanging from his mouth.

Pfc. Ray A. Cloud, brother of Mrs. Porter Finney of San Miguel, Calif, formerly of Sterling City, who was reported missing in action in Germany September 15, was recently reported killed on that date.

Fighting Ends in Europe—Power Wins

NAZI OVERLORDS AT HEIGHT OF THEIR POWER

Hitler and his "supermen" with all their stuffed-shirt pomp and ceremony. Their promise to rule the world has ended in defeat and annihilation. Arrogant and ruthless, here, at the height of their power, they have brought only misery and suffering to the German people, as well as to those they sought to conquer and destroy.

1918 ARMISTICE CELEBRATION

NEW YORK—Flags, people and cars filled Fifth Avenue that November day and similar scenes were repeated throughout the nation at the announcement of the end of fighting in Europe. But this celebration was tempered with anxious thoughts of the boys and the battles-to-come in the Pacific—until the day of total victory.

THE KAISER

In 1918 Kaiser Wilhelm of Germany (above) found refuge in Holland and he never paid for his part in World War I. Where, outside of suicide or assassination, will the Nazi warlords find escape from their responsibility for the crimes of the past decade?

TANKS HELP WIN

As Germany's power decreased, the Allied Nations' increased. Power to win came from well-trained, strong men and from America's mighty fleet of tanks and other motorized equipment, much of it powered with Red Seal engines, serving agriculture and industry as well as our armed forces.

PLANES—IMPORTANT FACTOR

Our superiority of Aerial observation directed the attacks of our victorious armies. These planes, as well as trainers and many fighters, were powered with dependable Continental engines.

Bonds Over America

EVANGELINE

American boys fight, suffer and die today to perpetuate freedom. And other Americans on the home front buy and hold War Bonds to safeguard freedom. If Henry W. Longfellow had not enjoyed liberty he could not have written "Evangeline," the story of Emmaline Labiche, St. Martinville, La., pioneer girl who waited on the banks of the Teche for years, hoping to greet her lost lover. The Longfellow-Evangeline Memorial Park, oldest of Louisiana's state parks, is a monument to liberty and freedom.

Sears Pig To Be Awarded Essay Contest Winner

Five Sear's Cow-Hog-Hen program sow pigs will be distributed to Sterling County 4-H boys Saturday morning, May 26, at a barbecue luncheon sponsored by the Sears Roebuck Store at San Angelo. Boys here are writing an essay on the best way to take care of these pigs. The 4-H boy who writes the best essay as judged by the county agricultural victory committee will be among the five lucky boys selected to raise these purebred gilts. This program functioning in Sterling County for a number of years.

North Concho River Soil Conservation District News

Board of Supervisors:
Zach Jones, Chairman
L. R. Reed, Vice Chairman
Foster S. Price, Secretary
J. R. Mims, Supervisor
J. W. Cox, Supervisor

Application for assistance in planning a soil and water conservation program on their ranch 4 1/2 miles east of Water Valley was made by Demere Bros. last week. A conservation plan was completed by George Demere last year on the Demere Bros. ranch

8 miles northwest of Water Valley. Frank Demere will prepare with the assistance of the District the plan on the ranch east of Water Valley.

Soils and engineering surveys were made on Rufus Foster's ranch 9 miles west of Sterling City last week. Information collected in making these surveys will be used by Foster in the preparation of his conservation plan.

Seven hundred mesquite trees and bushes covering one fifth acre on Forest Foster's ranch were treated with 90 gallons of kerosene March 7, 1945. At the time of the inspection of the area May 10, all except a few scattering bushes were dead. It has not been determined if the crown buds are killed.

Wool weights of ewes from pastures which have been stocked at different rates in 1944 and 1945 were recorded at the time of shearing T. H. Humble's sheep May 8 and 9, 1945. The pasture, 1312 acres, and the Section Pasture, 736 acres, are about the same topography and soil type. The South Pasture has been stocked with approximately 42 animal units of cattle and sheep per section, whereas the Section Pasture has been stocked with 35.5 animal units of cattle and sheep per section since January 1944.

The ewes from the South Pasture averaged 9.6 pounds of wool per head. The ewes from the Section Pasture averaged 10.76 pounds of wool per head.

AMERICAN HEROES

by JULIAN OLLENDORFF

WHEN Nazi planes strafed the SS Samuel Parker, setting fire to its cargo of high explosives and aviation gasoline, during unloading operations at a Sicily beachhead, Fred A. Anderson, able seaman, dropped into the hold and extinguished the blaze in the ammunition. Then he went into another hold and put out fires in the gasoline. He was awarded the Merchant Marine Distinguished Service Medal. War Bonds helped supply the gas, munitions and fire extinguishers.

FORT RALEIGH
Seven English expeditions into Roanoke Island between 1584 and 1591. Fort Raleigh blockhouse is the site of the first English settlement in America. Arnadas Barlow took possession of the settlement for Sir Walter Raleigh on July 1, 1584. It's wide open now, too. But for the effective trolling of U. S. submarines, planes and ships—and the Coast Guard shore patrols—enemy landing parties could seize beachheads in war. War Bond funds help support those patrols with dependable weapons.

VICTORY IS NEVER CHEAP

*in Lives
or
Money!*

**They're giving their all...
back them up with YOUR dollars!**

AS THE battle lines approach the heart of the enemy's homeland, the fighting grows fiercer . . . and more costly in men, materiel, and money. That's one reason why every red-blooded American must back this mighty 7th War Loan with every dollar he can lay hands on. Another reason is that this is really two drives in one. In the same period last year, you were asked to invest in two war loans, as against one this time.

No need to tell you that War Bonds are the safest and best investment in the world. So pour out your might, Americans, in the MIGHTY 7th War Loan. Let's show our valiant Fighting Men that we're backing them to the limit of our means . . . 100%.

**Will you hold a
FAT-SALVAGE BEE
for your country?**

HERE IN AMERICA, when a neighbor needs help, it has always been the custom for all the folks to pitch in and give him a hand. Many a harvest would have been lost without the help of a husking bee.

YOUR COUNTRY NEEDS a fat-salvage bee right now! Millions of tons of fat have been used up to supply the thousands of battlefield and home-front needs in this war. And there's still a lot of war ahead!

A PLEA TO EVERY WOMAN! Our country is calling on you, the women in small cities and towns and on the farms, to save every drop of used fat. Your used fats are desperately needed to meet our country's requirements.

So scrape all pans and roasters. Skim soups and gravies. Keep your used fats in a tin can—any kind will do. Save meat trimmings and plate scrapings in a bowl; melt them down and add the liquid fat to your can.

When the salvage can is full, take it to your butcher. He'll give you 2 red points and up to four cents for every pound. If you have any difficulty turning in your used fats, call your Home Demonstration or County Agent.

Needed this year: 100,000,000 more pounds of used fats

Approved by WFA and OPA. Paid for by Industry

**"That Grass
is our Living, Son!"**

WHAT THIS RANCHER SAYS to his son is very true. Grass does provide their living ... and a good part of the living for all of us here in America. More than half a billion acres of the United States—roughly, 50% of all our farm and ranch lands—is in grass. "Should its harvest fail for a single year," said John James Ingalls, "famine would depopulate the world."

Grass is the preserver of much of our agricultural wealth and the basic raw material of many of our necessities. It is a major crop. And more than that, it's nature's way of transferring health-building materials ... vitamins, minerals, and other essential elements ... from the soil into the foods that nourish the nation. Grass must pass through livestock to be converted into products useful to man.

So let's give our pastures, meadows and range lands the care they deserve. Grass on your

BUY MORE
WAR BONDS

steeper slopes should never be broken. In the long run, it is your most profitable crop on hillsides because it controls erosion by tying down your top soil and reduces evaporation of essential moisture. Your State Agricultural Experiment Station will tell you of new and improved varieties of grass you might try to your profit, and they will also advise you about reseeding, lime, and fertilizer. And never overlook this important rule of grass care—don't overgraze!

We at Swift & Company are marketing the products of your grass, and so we say with you, "Grass is our living, too!"

MORE MONEY FOR DAIRY FARMERS

1. Grow plenty of high-quality roughage.
2. Balance your herd with your feed supply.
3. Keep production records on each cow in your herd.
4. Practice disease control methods.
5. Produce milk and cream of the highest quality.
6. Adopt labor-saving methods.
7. Take care of your land.
8. Develop a sound breeding program.

WFA's 8-Point Dairy Program

There's a Black Sheep

in almost every band. But he's not as bad as his reputation paints him. Permanently dyed black by nature, his fleece cannot be bleached. The uses for black wool are limited so care must be exercised to keep it properly sorted in the wool clip. However, manufacturers do weave it into broadcloth. And—believe it or not—the wool from the black sheep in the flock becomes clothing for the clergy.

**CASH PRIZES FOR
BEST LETTERS**

Write us a letter, 250 words or less, telling us which of the six Swift & Company advertisements that have appeared in this publication since November you prefer, and why.

If you wish to refresh your memory, mail us a request and we will send you all six advertisements. Letters will be judged by an impartial committee whose decisions will be final. First prize, \$50.00; second prize, \$25.00; third prize, \$15.00; fourth, fifth, sixth, seventh, eighth, ninth, and tenth prizes, \$10.00. Contest closes July 15. Address your letter to F. M. Martha Logan's Recipe for
WESTERN RANCH MEAT LOAF

- | | |
|-----------------------------------------------------|------------------------------------------|
| 2 pounds ground beef, or 1 pound each beef and lamb | 2 teaspoons salt |
| 1 medium onion | 2 eggs |
| 3/4 cup diced celery or ground carrot | 3 cups soft bread crumbs |
| 1/4 cup lard or shortening | 1 1/2 cup water |
| 1/2 cup diced green peppers or 1/2 teaspoon pepper | 1/2 cup tomato juice |
| | 2 tablespoons melted butter or margarine |

Chop onion. Brown onion and celery or carrots in lard. Combine with green pepper, salt, eggs, bread crumbs, and water to make a dressing. Add half the dressing (one and one-half cups) to the meat, mixing well. Pat out half the mixture in a two-quart loaf pan. Cover with remaining dressing, then top with remaining meat mixture. Bake in a moderate oven (350°F) one and one-quarter hours. Baste twice with tomato juice and butter to keep loaf moist. Yield: 10-12 servings.

**IT'S 2,049 MILES FROM
HEREFORD, TEXAS, TO
HARTFORD, CONN.**

To the west of the Mississippi is produced two-thirds of the nation's meat. To the east live more than two-thirds of all Americans.

Under these conditions either livestock or fresh meat must be transported from the West to the East, and as we know, it has been found to be more economical to slaughter the animals in central plants in surplus producing sections, save the by-products, then transport the meat in refrigerator cars to the consuming sections, than to ship the live animals.

To have a market for livestock, we must find a market for meat. The job of nation-wide meat packers is to bridge the gap, an average of more than a thousand miles, made up in part from such trips as Boise, Idaho, to Boston; from Denver to Detroit; from Paducah to Pittsburgh; and from Hereford, Texas, to Hartford, Connecticut. It is necessary to have a large organization with proper facilities to handle efficiently nation-wide distribution to the thousands of consuming centers of America.

This is the last page of information that we will issue until September. But please don't let the recess keep you from writing us when we can be of help to you. Better still, come and see us in Swift & Company's office building at the Union Stock Yards, in Chicago.

F.M. Simpson,
Agricultural Research Department

\$5 IDEA WINNERS

To test a spark plug, take a lead pencil, sharpen both ends and make a hole in center, place one end on top of spark plug; ground the other end on cylinder head. Spark will jump the gap in pencil. C. W. Wagner, Oak Hill, Ill.

To save time in greasing the tractor, paint all the daily lubrication spots one color and all the weekly lubrication spots another color. These should show up plainly against the color of the tractor. Mrs. L. K. Schatts, West Union, Iowa.

Meet Bill Reneker, Swift's Head Hog Buyer

If you have marketed hogs since 1907, chances are that Bill Reneker bought some of them for he has bought more than 30 million for Swift's ... some of them in Western Canada where he was buyer from 1916 to 1923, and the rest in the U. S. A. He became head hog buyer for Swift & Company in 1932.

When not buying hogs, Bill Reneker likes to judge them in the show ring. Right now he's booked until next September to judge at several shows and hog meetings.

An interest in hogs comes to Bill naturally. His father was a livestock salesman and his grandfather conducted a commission business in Pittsburgh as far back as 1866. His hobby is sharing his vast knowledge of hogs with farm boys and girls.

If you should see this big, friendly man in a show ring, don't hesitate to get acquainted with him.

No morning preaching due to Baccalaureate service.

Evening Service 8:30
Prayer and Bible study Wednesday 8:30 P. M.

Business and Social meeting on 1st Tuesday of month 8:30 P. M.

Play Safe

According to the best authorities, the minimum daily A, D and B Complex Vitamin requirements of the average person are:
A 4,000 USP Units, D 400 USP Units, B1 333 USP Units, B2 2,000 Micrograms, and approximately 10,000 Micrograms Nicotinamide. The required amounts for other B Complex Vitamins have not yet been established.
Many people do not get enough of these essential vitamins. DO YOU? Why not play safe by taking **ONE-A-DAY** BRAND VITAMIN TABLETS
Each ONE-A-DAY Vitamin A and D Tablet contains 25% more of the cod liver oil vitamins than the minimum daily recommended quantity.
Each ONE-A-DAY Vitamin B Complex Tablet contains full minimum daily requirements of Vitamins B1 and B2 and 10,000 Micrograms of Nicotinamide together with a substantial amount of other B Vitamins.
When you buy Vitamins, compare potencies and prices. Note how ONE-A-DAY Tablets conform to the average human requirements. See how reasonable the cost.

1 slice of toast
or
50 TONS OF STEEL!

YOU'RE looking at an electric "whirley" crane in action. It's placing a superstructure on the deck of a new troop transport.
This is a big, rough, tough power job. It takes a lot of electricity—a far cry from the amount needed to make your breakfast toast.
Today, electricity is doing a lot of big jobs... helping to keep America's huge war machine roaring toward victory. And it is also doing the little jobs in the home... helping to give hard-working Americans the comforts and conveniences that keep morale high.
And all this at low pre-war prices!
Your electric company is glad to have been able to keep plenty of cheap electricity on tap in these war times... and our folks pledge that an abundant supply will be ready to serve all your post-war needs.

West Texas Utilities Company

Man About Town:

San Franciscans are talking about: The more than 200 G-Men (not including the numerous state department confidential agents and New York City, Chicago, New Orleans, etc., ace detectives) to guard the delegates and diplomats. The Big City "dicks" are assigned to spot well-known pickpockets, "dips," rogues galleryites and "cannons" — as big-time crooks are called by the gendarmes. . . . The heaviest protection is for Russia's Mr. Molotov. . . . As one John Edgar Hoover man put it: "He'll be guarded by nearly 200 Russian secret servicemen so an FBI agent won't get within 200 yards of him."

FDR's pal, Charlie Michelson (he was 75 the other day), raising eyebrows with the prediction: "Mayor LaGuardia may be the Democratic nominee for governor of N. Y." . . . John Metcalfe, the Washington correspondent, here for a New York gazette. He's finishing a book called "Tin Cup Diplomacy," which will please the underpaid working in our state department. . . . The return of Joe Rosenthal (this is his home burg). Joe is the AP hocus-focuser who took that wonderful picture of the flag being planted on Iwo Jima. . . . Kent Cooper, the AP boss, is offering reproductions of the famed photo at \$1—the profits to go to the Marines via Navy Relief.

WALTER WINCHELL IN SAN FRANCISCO

The renowned rivalry between Los Angeles and the San Francisco correspondents, which George Polk carries on from his Washington beat for his L. A. paper. George won't refer to it as the San Francisco conference. He calls it the California conference. . . . The "real reason" Cong. Clare Luce returned to Italy. They say she wrote a book there in which she does "a job" on Edda Mussolini.

Mike McDermott, the popular special ass't to Sec'y of Statetenius. He arranged hotel rooms for over 900 newspaper men, newsreel cameramen, colyumists and radio prima donnas and then wound up with no "decent" space in which to sleep himself. . . . The musical show, "Watch Out Angel," which folded at the Curran theater Satdee night after a three-week run. Too bad. Some of the score was very good and several people in it are talented. . . . The Alcazar theater renamed the United Nations theater. Its new marquee was arranged via the War Production board—via request of the state department. Glenn Allvine of the Will Hays zoo is in charge. The Hollywood films there will be changed daily for the delegates. "Going My Way," frixample, will be heard in Czech for the Czechs. In Portuguese for the Brazilians, etc.

Jack's for Big Town food, better than most spots in New York. . . . The two Stork clubs. And S. Billingsley can't do a thing about the name piracy, either. Seems they registered the name in Calif. before Mr. B. got hep. . . . Barbara Burke, ex-Follies dolly, recently divorced, who becomes a bride again shortly. She's the prettiest gov't worker in town. . . . Ralph Ober's comment: "The passing of FDR was the shock heard around the world." . . . Ernie Pyle, who died with the Americans he loved. But he will live in the hearts of Americans who loved him.

The plight of S. F. restauranters and swank hotels trapped between OPA rules and the confabbers. No butter, no steaks, etc. . . . But you have little trouble getting what you want in the small restaurants along Market street.

Archibald MacLeish who has put up his Alexandria, Va., house for sale on the cue-tee. He's asking \$65,000. . . . Jimmy Byrnes' report on mobilization and reconversion which has all England talking. It's on their best-seller list. . . . The suggestion that FDR's profile be put on dimes. Good idea, especially for the March of Dimes drive.

President Truman's first query to politicos looking for patronage: "I know whom he knows, and all that, but what can he do?"
