Lions Club Officers Installed

Dr. W. B. Everitt installed the new officers of the Lions Club at the Wednesday (July 4th) luncheon in the State Hotel dining room. Officers installed were as follows:

A. T. Bratton - president
Ed H. Lovelace - 1st vice president
Wm. J. McCawley - 2nd vice president
Claude Collins - 3rd vice president
G. C. Murrell - secretary
Hal M. Knight - treasurer
Hinton Emery - lion tamer
Webb R. Hudson - tail twister
J. T. Davis and Wm. J. Swann - new directors

A softball fund was raised and practice will be held each Tuesday at 7:30 p. m. and games each Friday at the school diamond.

It was reported that the Lions Club postwar plan had been circulated over the whole United States as a model for other communities. J. D. Prewitt Extension Service, had so informed County Agent J. M. Starr.

Guests included two cadets from BSAAF and Sgt. Dale M. Hall.

George McEntire got 2.50 inches of rain Sunday and Monday.

Notes of an Innocent Bystander:

Commander Joseph W. Golinkin, well-known artist of sporting prints and now commodore of a section of the Pacific fleet, writes that he had cleared through censorship a piece he had written for a New York newspaper on naval operations there. He says that he was amazed at the few changes made in his copy, but one floored him. The censor changed the word "debutante" to "society girl."

The Press Box: Cynics pointed to l'Affaire Syria to illustrate their sordid opinions that an international organization is useless. On the contrary, that squabble proves the necessity of it. So that such differences can be solved by men sitting around a table instead of soldiers in foxholes. . . . A Boston gazette quips: "Jap leaders are sighing for a leader like Josef Stalin—and if they make any false moves in his direction, they're likely to have one."

Quotation Marksmanship: W. E. Barrett: Nobody ever sees a city go to sleep; it shuts itself up and drops off to slumber an inch at a time. . . . I. Panin: Pessimists are people who, having the choice between two evils, will choose both. . . . Mag Dige: Money will buy a dog, but it will not buy a wag of its tail. . . . Damon Runyon: Nobody on Broadway gives a darn about a million dollars. They merely want to live like millionaires. . . . I. Prima's suggestion for Hitler's headstone: A corporal in the last war—a corpse in this one. . . . Anon: Europe: A collection of countries with chips on their shoulders and none on the table. . . . Sign at Paul's in the Adirondacks: Honeymooners treated with studied neglect. . . . H. L. Mencken: The final test of fame is to have a crazy person imagine he is you!

Attention Mr. and Mrs. United States:

Washington: At the very same time Congress is considering raising its own salary, a Congressional committee has recommended that salaries be reduced for other public servants. . . . If it becomes law, the following loyal Americans will get a cut in pay: The undersecretaries of State and Treasury; Mr. Noonan (Commissioner of Internal Revenue); the Director of the Budget, Mr. Bell (of all people), who han-

First Judging of Victory Gardens

Durward Lewter, County Agent of Howard County, judged the victory gardens here last week for the first judging. The gardens will be judged one more time before the final awards will be made by the Lions Club.

Mr. Lewter said there were a lot of fine gardens here considering the late freezes and the two hail storms. He commended those who had gone ahead and raised a garden in spite of these handicaps and kept replanting, cleaning and cultivating.

Mr. Lewter gave the following placing to the top ten on the 52 garden entries:

- 1st: Mrs. H. Bade
- 2nd: D. C. Durham and W. A. Reed (tie)
- 3rd: Chas. S. Waddel
- 4th: Mud Allen
- 5th: J. T. Johnson
- 6th: M. Black and R. P. Brown (tie)
- 7th: Ira Ratliff
- 8th: J. O. Longshore
- 9th: Jess S. Dennis
- 10th: Mrs. A. T. Bratton.

The first ten places in the Junior Victory Garden Contest were as follows:

- 1st: Dan Glass
- 2nd: Delmar Rodde
- 3rd: Alfred Theime, Jr.
- 4th: Hal Knight, Jr.
- 5th: Billy Joe Swann
- 6th: Blaine Mitchell
- 7th: Henry Bliznak, Jr.
- 8th: Larry Glass
- 9th: Hollis Kenemer
- 10th: Biliy Ralph Bynum.

Two Teachers Elected

Mrs. Hinton Emery and Mrs. A. A. Berryman were elected to teach in the Sterling school next year. The board met Monday and raised salaries, as well as electing the two teachers. Mrs. Emery takes the place of Mrs. A. L. Davis, who resigned, and Mrs. Berryman will teach in the primary grades.

dies the money; and one of the most popular of public servants—J. Edgar Hoover, Director of the F.B.I. In effecting laws for their own deserved raise in pay—our Congress should set an example—for other underpaid public servants.

Los Angeles: Generals Patton and Doolittle were received by their fellow-Californians with open arms. . . . Typically, these great American generals gave all the credit to their men. . . . It resulted (also in typical American reaction) in even greater public admiration and affection for themselves. . . . Hundreds of thousands of soldiers have given Generals Patton and Doolittle the regulation Army salute from the shoulder. . . . Millions of American civilians today are giving Patton and Doolittle a salute from the heart.

Washington Ticker: Adolph Berle, Jr., our Ambassador to Brazil, has flown back to Washington to report in person to the President. That's how serious matters are in Brazil because of our peculiar romance with Argentina. . . . Ed Pauley is slated to be U. S. Reparations Commissioner for Japan after F-J Day. . . . The Japs will pay for Pearl Harbor—from the pocket—as well as through the nose. . . . Bob Hannegan plans to muster the full strength of the next presidential campaign in the 1946 Congressional fight. . . . LaGuardia is still a dark-horse candidate to repeat himself as Mayor of N. Y.

Noratadata Club Tea

The Noratadata Club was hostess to the Wimodausis Club and others guests at a tea in the Joe Emery home Thursday night of last week. This was the last meeting of the club year.

Miss Sue Nelson, president of the club, reviewed "And Now Tomorrow" by Rachel Field.

Hostesses were Mmes. Harold Gober, Martin C. Reed, Foster S. Price, J. S. Cole, Jr. and Joe Emery and Miss Sue Nelson.

About 50 club members and guests were present at the affair.

Girl Scouts Attend Camp

Four Sterling Girl Scouts left yesterday for Camp Louis Farr at Mertzton. Scouts going were La Verne King, Carolyn Bengel, Fern Garrett and Courtenay Skeete. They were taken by Mrs. John Skeete, Mrs. Riley King and Mrs. Taylor Garrett. The girls are all from the Intermediate Troop and will remain at the Camp for one week.

J. M. Robertson opened the Robertson Grocery in the old confectionery building here Monday afternoon. Mr. and Mrs. Robertson, formerly of Shady Grove, are operating the store.

J. T. Davis sold 1100 lambs to Tom Donohue last week, who was buying for Rath Packing Co. The lambs were shipped Sunday to the company for packing at their Waterloo, Iowa plant. They brought \$9 a head, averaging 90 pounds each.

A. Rutherford Dies

Allison Rutherford, 69, died here at his home last Saturday morning after a long illness. He had been a resident here for 45 years.

Funeral services were conducted at the Presbyterian Church with Rev. B. B. Hestir and Rev. Ed H. Lovelace officiating. Burial was in Montvale Cemetery with Lowe Funeral Directors in charge.

Pallbearers were W. R. Hudson, W. W. Durham, B. J. Crossno, H. L. Pearce, E. L. Bailey and John Walraven.

Survivors include the widow and three children; Coulson Rutherford of Big Spring, Mrs. Ed Pickett of San Angelo and Mrs. Imogene Luke of Burbank, Calif.; his father C. N. Rutherford and two brothers, Ed and Mac, all of Tishamingo, Oklahoma.

Mr. Rutherford was born in Hamilton County. For years he was engaged in the real estate business here.

Bond sales in the 7th War Bond Loan Drive totaled \$180,342.00 here on Tuesday, a check at the bank and postoffice revealed. The Sterling quota was \$175,000. The drive will close July 7.

Melva Jeane Ward and Estelle Reed spent the 4th in Big Spring visiting relatives and friends.

Beneficial rains fell here Sunday afternoon and night ranging from .25 to 2.50 inches over the county. The rainfall in Sterling City gauged 1.80 inches here at the J. T. Davis gauge.

Mr. and Mrs. Fred Heinemann of Marshall, parents of Mrs. J. M. Starr and Ann Starr of Texarkana, niece of the Starrs, were recent guests here at the Starrs.

Question Box

This week's question: "Do you think that Hitler is still alive?"

HARRY TWEEDLE: "Yes, that'd be my guess."

H. SPARKMAN: "Yes, I think he's still alive."

OWEN ARMSTRONG: "I believe he is. And he's gonna be darn hard to find."

OSCAR FINDT: "Durned if I know. If I was over there there'd be some that wouldn't be alive."

H. S. SIMPSON: "Shore, I do. And I hope they get him soon."

EARL BAILEY: "Yeah."

CLAUDE COLLINS: "Aw, I don't know. All we know is what we read."

J. S. COLE, SR.: "No, I don't."

HOMER PEARCE: "I kinda believe he is. Probably hid out over in Spain."

SETH BAILEY: "Yes."

A. W. DEAREN: "I couldn't express my opinion because our armed forces haven't said."

JACKIE DURHAM: "Yeah, he's off having a good time somewhere."

J. M. ROBERTSON: "I wonder. I kinda feel like maybe he is—maybe hiding out in Spain or Portugal."

(Here we forgot and asked the following this question: "Do you think Hitler is dead?")

GEORGE McENTIRE: "Heck no, he isn't dead."

DR. SWANN: "Naw."

DAVE HOOTEN: "No, do you? I think the son-of-a-gun is hid out near Hamburg or somewhere. He'll be darn hard to find."

JIM McCARTY: "I don't know."

SUE NELSON: "No, really I don't think so."

Capt. Durham Awarded Air Medal

Capt. Worth B. Durham, Pacific veteran and staff officer with the famed "Lone Rangers" of the 13th AAF in the Philippines has been awarded the Air Medal. Capt. Durham has participated in numerous Aerial Combat missions against Japanese shipping, airdromes and installations in the South Central and Southwest. A graduate of the University of Texas, he holds, in addition to the Air Medal, the Asiatic Pacific Campaign ribbon with eight battle stars.

He is the son of D. C. Durhams. His wife and son, David Craig, live in San Angelo.

Mr. and Mrs. J. E. Ware and Winona have returned from a week's visit with friends and relatives in Blackwell and Sweetwater.

Mrs. W. T. Conger has gone to Breckenridge, Colorado for a visit.

Ellis Lee returned Monday from a Big Spring hospital.

Cool Canning With Your Electric Roaster

Photos Courtesy Proctor Information Center

How To Use Your Electric Roaster As A Boiling Water Bath

More than 1,710,000 electric roasters are in use throughout the country and can be used this year to help us do our bit for the war effort!

Cool Canning:

Because of the insulation in electric roasters, canning is not the chore it usually is; in fact, you will be amazed at how cool your kitchen stays when you use your electric roaster as a boiling water bath method of processing. It is amazingly efficient . . . and since it can be elbow-high, the work of loading and unloading is greatly simplified.

According to Ann Sutter, Director, Home Service Department, Duquesne Light Co., Pittsburgh, Penn., who has had much experience working with electric roasters, the following instructions will produce splendid results:

"Remove the rack that has handles on it if you are using quart jars and place the shelf rack in the bottom of the inset pan. I recommend doing this because the shelf rack has very shallow feet and consequently you obtain more room than when the other rack is used. If pint jars are being processed, the rack with handles may be used.

"Close the steam vents in the lid;

if there is no closing device, either plug the vents or cover them with small pieces of adhesive tape.

"Half-fill the inset pan of the roaster with hot water; set regulator at 450 degrees. As each jar is filled and its lid attached, according to instructions given by jar manufacturer, place it in the roaster. Leave at least a one-half inch space between the jars. When the jars are placed in the roaster, add sufficient boiling water to fill the well to within 2 inches of the top. Quart jars will be submerged in the water just a little better than half, but the steam that arises from the surface of the water to the roaster lid will maintain a boiling temperature. This is accomplished because of the insulated walls of the roaster. When the water in the inset pan is actively boiling, begin counting the processing time and reset the regulator to 325 degrees; process according to time tables for the Boiling Water Bath."

Of course, as all informed canners know, the boiling water bath is used only to process acid fruits and vegetables. All non-acid vegetables should be canned in a pressure cooker to avoid deadly botulinus poisoning.

AMERICAN HEROES
by WOODY COWAN

DURING the amphibious invasion of Southern France, Lieut. Ray Hamilton Allen, U.S.N.R., led his unit close to an enemy held beach and delivered withering rocket fire against hostile defenses. By his cool courage and inspiring leadership under fire, he contributed materially to the effective neutralization of enemy defenses. For this heroic service he received the Bronze Star. Amphibious warfare requires scores of ships and it takes War Bonds to provide them.

Vegetorials

In many areas of Texas, recent rains have come and were welcomed. This means that conditions in the garden, for planting hot weather vegetables, are ideal.

Tomatoes, peas, okra, pole and bush limas, and peppers should be given a fertilizing, mulching and soil stirring right now. Then when cool, fall days come along, production should be good. There's still time to plant the above in east, central and southeast Texas if it hasn't already been done.

Small Irish potatoes, to be used for fall planting seed, should be separated from those that are to be eaten. Place them in a cool, dry, dark storage for a six weeks rest period before planting in August.

This about your fall garden GET THE SOIL READY NOW! But why? Wouldn't it do just as well to wait until late August or even September just before planting to get the soil plowed for planting? Let's talk about this point for a minute and get the slowdown on plowing now or plowing then. In the first place, plowing now will prevent weed and grass growth and the scattering of seed to come up next spring. Then, too, weeds and grass growing throughout the summer will take moisture out of the soil. Too often in August the soil is extremely dry and when plowed breaks up into heavy clods which require much moisture and tillage to break up into a good seed bed. Garden soils that are prepared now can be harrowed from time to time and when planting time comes, all that is necessary is to add fertilizer and sow seed. Now, you take your choice, should you plow now or later?

"Yessir, Jim's got a great system"

A GREAT SYSTEM for Jim, that is. But a little unfair to the other swimmers.

Swimming a race or running a business is pretty easy when you don't have to pull your own weight!

Take government-owned electric power-systems, for example. They pay little or no taxes. When they need money, they can call on the U. S. Treasury and get it at little or no interest. If they have losses, why worry? You, as a taxpayer, will take care of that.

• Business-managed power-systems do not have these special privileges. They pay their full share of taxes, pay fair interest on any loans, pull their own weight all the way through.

• Fortunately for you and your tax bill, over 80% of all the electric power in this country is produced by tax-paying, self-supporting electric companies owned and operated by millions of Americans.

And how well are these companies doing their job?

Electricity is still available at low pre-war prices. There is enough to meet even the gigantic demands of war. And there will be plenty to help give you greater comfort and convenience in the electric living of the post-war world.

• Listen to "THE SUMMER ELECTRIC HOUR" with Robert Armstrong's Orchestra and guest stars. Every Sunday afternoon, 3:30, CWT, CBS Network.

What does this mean to you? Government ownership of any business is a threat to every American in business. • Whether you run a shop, garage or factory, government ownership means you have a rival across the street who enjoys special privileges at your expense. • He has little or no rent to pay, can borrow money at little or no interest, can keep on operating at a loss—and YOU are called upon to help make up that loss!

Your Home

By Frances Ainsworth

In my visits around the country looking for new ideas, I've found many indications that a large number of the million new homes a year which are expected to be built after the war, will be away from present residential districts. In fact, some real estate companies report as much as 70% of their home-site sales are now in new areas on the fringe of the cities, in new suburbs and subdivisions and in country acreage where the families can enjoy clean, fresh air and safe, trafficless streets.

If you're planning to move away from the hustle and bustle of metropolitan life you probably consider yourself somewhat of a pioneer. But you need not leave any of the city's conveniences behind you! Not in the least!

The so-called "city" gas is dependent upon gas mains which may not reach your contemplated home for many years, if ever. However, I've talked with many families who are using liquefied petroleum gas, butane or propane, and find it very satisfactory. You can easily find hundreds of users to talk to about this fuel because more than 2,000,000 homes now use it and one in every eight gas ranges in the United States is fueled with this gas which you may know as either "tank" or "bottled" gas!

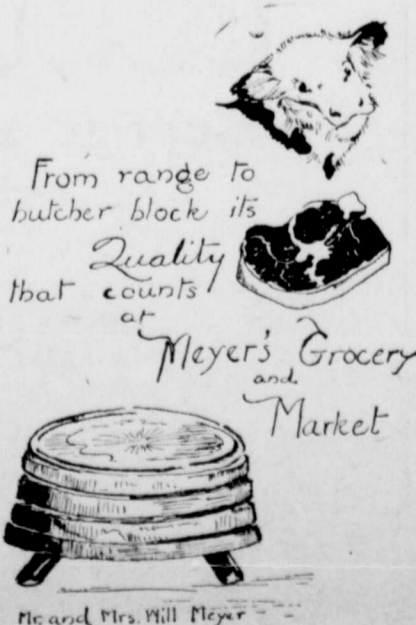

Everyone I've talked to believes that liquefied petroleum gas is a superior fuel for the range, for silent gas refrigeration, water and even room heating. And it's certainly easy to find because it is available everywhere under dozens of trade names of individual companies. And you'll find the service is excellent, too.

Worker, 80, on Job Every Day

DES MOINES, IA.—At eighty, R. C. Thomas is helping provide clean linens for fellow citizens by working in a laundry—and hasn't missed a day in a year and a half. Believed to be the oldest laundry worker in the country, Thomas is shown speeding a load of finished work for delivery. He took his first laundry job 54 years ago, and came out of retirement "to lend a hand in the help shortage." His one-word motto for staying young and healthy is—"Work."

Virginia Myers of San Angelo visited her grandmother, Mrs. A. C. Carper, here last Sunday.

Notice

Effective July 1, in order to conserve shipping space, the Post Office Department has ordered that subscription or subscription renewals to newspapers for those in the armed forces of the U. S. MUST BE INITIATED BY THE ADDRESSEE. Relatives or friends may pay for the subscription or renewals, provided those in service have initiated requests for the paper to be sent. These requests must be WRITTEN and turned in to the publisher who keeps them on file for inspection by postal authorities. Publishers are required to make a monthly report as to new subscriptions and as to those expiring.

We call attention of our readers to this new post office department

ruling. If you are sending The News-Record to someone in service and want to renew the subscription, bring along the written request for our files, after July 1. Along with new subscriptions we must also have a written request from the one in service. Subscriptions which have not yet expired will continue to be mailed until they expire. Then a written request for renewal is required.

A classified ad will sell it.
