Brands Must Be Re-Recorded

H. B. No. 170, passed by the 1943 Texas Legislature, provided that all marks and brands in the State of Texas must be re-recorded before October 1, 1945. Two years time was given so that soldiers would be able to make provisions to have this done.

All livestock owners are cautioned to re-record their marks and brands before the deadline, October 1, 1945. The legal owner of a brand or mark has a preferential right to record such brand or mark Dr. Baker, the pastor of the if it is done before October 1, 1945.

Sterling County are extended a ject to registration by any person cordial invitation to hear him, and the first person to record the brand or mark after October 1,

The 1945 Legislature amended the 1943 brand bill and provided that the words brand or mark as used in the 1943 brand law shall be changed to brands or marks thus clearing up considerable misunderstanding about whether or not a person could record more than one brand. The amendment states definitely that any legal owner of a brand may have, own and record one or more brands.

"Since 1890." Friday, July 13, 1945.

Heavy Rains Drench West Texas

No. 28

Heavy rains all last week put all the creeks, draws, and North Concho River on heavy rises. The almost ten inches of rain made the Concho River finally rise to 24 feet here in Sterling. 4.15 inches of rain fell here last Saturday, really climaxing the week of rain.

The Steve Currie dam (12 feet high) broke near Garden City following a 8.75 inches cloudburst there which added to the volume of water going down the Concho. Fields that had been terraced couldn't hold such downpour and the terraces gave way. The telephone lines across the river broke and traffic was routed away from Dr. Wm. J. Swann, popular Garden City by the highway men.

Sterling County, received the put all rivers and creeks on rises most votes for the outstanding over West Texas. The ranchers are citizen's award, given each month all feeling pretty good over such by the Sterling City News Record. fine rains and the ranges are in good condition. (The drouth was

between reporters and hat blue-pencilers if they use the following yarn as their Some years ago, an army nition depot exploded on the cirts of Baltimore. But the colon charge of the depot refused to reporters any information. promptly appealed to the gencommanding the corps area, picked them up in his car and yed the newsboys to the scene disastor. . . . They were greetthe gate by the colonel, who d: "General, I have just thrown reporters out of here." general replied: "Colonel, let present these gentlemen to you. represent the local newspa-I've discovered that it is betto give them the news right They'll probably dig up the nation, anyhow, but a little peration saves them time and lps the army." . . . The general's me? Douglas MacArthur.

When heavyweight champ Joe was a youngster his mother ok him to Detroit's child guidance The psychologist there died his case. His amazing counis still a part of the bureau's "Teach him to do something h his hands."

Anyone who has waded through the labyrinth of Bretton Woods or studied the intricacies of reconversion is aware economics is a complex subject. . . . Will Rogers once listened to a discussion by a group of expert economists. One of them asked Rogers: "What is your opinion about rigid economy?" . . . Will intoned: "The only thing I know about rigid economy is that it is a dead Scotchman."

Lowell Thomas tells this: One ning in May, 1919, when Franklin Roosevelt and his wife were drivhome, a concussion followed by terrific explosion tore the air. rning into their own street, they and themselves in total darkness, ving over broken glass. Every reet lamp was blown away, the rees stripped of their leaves. At me they found the front door wn open, and every window shatred. The lower floor was chaos. . FDR dashed upstairs shout-"Johnny, Johnny." Johnny was

Teddy Roosevelt informed a biographer that he learned a great lesson in the art of diplomacy from an Indian chief. . . . While touring the west, Teddy met an Indian who had six wives. . . . Roosevelt suggested that he choose one and discard the other five. . . . After thoughtful consideration, the chieftain agreed-on one condition. "You choose the one for me to keep," he replied, "and

France's great statesman, Clemenceau, demanded drastic punishment for Germany's war criminals after the last war, but he was overruled by his diplomatic colleagues. ... One diplomat informed Clemenceau: "Your demand to kill so many Germans is murder." . . . The French statesman looked him straight in the eye and snapped: 'Killing microbes is also a form of murder. But they must be killed in order to cure a disease!"

The OWI continues to be jabbed by flapjaws who deprecate the importance of propaganda in the current struggle. But the use of propaganda as a weapon of war isn't new. Napoleon was as wily a propagandist as he was a militarist. ... During the war in Spain, Bonaparte's official editor penned this communique: "The emperor with forces much inferior to the enemy inflicted a decisive defeat on him." . In the margin Napoleon wrote: "Idiot! I need no glory. I have more than I want already. But I need the enemy to think I have soldiers when I have not." . . . Striking out the references to his inferior forces, he wrote: "At the head of forces far superior to those of the enemy, the emperor jain_d a brilliant victory."

You could fill a library with G. B. Shaw squelches. But there have been times when the genius-with-thelong-white-beard has been the victim of a rapier retort. ... Shaw ab-hors dinner parties. One time Lady Randolf Churchill invited him to come to one of them. Shaw wired "I will not come to your dinner party. Why should I break my well known habits?" . . . Lady Churchill swiftly wired her reply: "Know nothing about your habits but trust they are not as bad as your manners.'

CAPT. R. T. FOSTER, JR. **Foster Awarded Bronze Star**

been awarded the Bronze Star Billy Joe, 10. Medal for meritorious service in

and Germany.

Reinhardt stated that Capt. Foster unhesitatingly devoted exhausting hours to the successful solution of manifold administrative problems. His ability and unending devotion to duty reflect the highest credit upon Capt. Foster, and the Armed forces of the United States.

Guests at the W. J. McCawleys this week were Mrs. McCawley's parents, Mr. and Mrs. Ira Rainwater, and brothers Porter and Travis of Henderson; Mr. and Mrs. Joel Welch and children of Palestine and Sgt. and Mrs. B. L. Rainwater and baby of Little Rock.

"You Are My Sunshine," stands high or the birt of dictionaithed high on the list of distinguished guest stars who have appeared or the National Earn Dance.

bertson.

Four Army airplanes crashed near here last Saturday, being caught in the freak weather. All four of the pilots were killed. The planes had left Biggs Field, El Paso and were returning to their home field - Essler Field, La.

One crashed out on Herman Garlington's place, one near Robert Lee, and two near Garden City. The plane that crashed on Garlington's place seemed to hit some sort of an air disturbance and just disintegrated in mid-air. The pieces of wreckage just fell straight to the earth over a fairly large area.

Two other of the pursuit pilots landed - one in Ballinger and one in Albany. The Army has not revealed the names of the dead pilots.

Butler Car Wrecked

The Jim Butler car driven by Norman Butler, was completely wrecked Wednesday night about 12:00 when it overturned. The accident occured about three blocks west of the school house.

Also in the car were Billy Hudson and Doug Chapman. None of the boys were hurt.

Mrs. Claude Collins's sister, Bettye Young of Abilene, is here visiting at the Collinses.
