County Allows Tax Discounts

The Sterling County Commissioners Court met Monday and allowed the same discounts for county ad valorem taxes as state taxes for prompt payment. So now discounts for state and county taxes are 3 per cent in October, 2 per cent in November and 1 per cent in December. Such discounts do not apply to school taxes.

The court approved the tax roll of the tax-assessor collector. Also the court set court reporter's salary at \$3300.00 and agreed to pay \$12.38 a month for Sterling's part of his salary.

The commissioners set November 12 as a day to open bids on some new road machinery. They will buy a Diesel Catapillar Tractor and a Diesel Catapillar Grader.

Son to Mr. and Mrs. Doc Daves

A son, named Billy Charles, was born to Mr. and Mrs. Doc Daves last Friday night at their home here.

Grandparents are Mrs. A. G. Daves and Mrs. D. O. Mercer.

Notes of a New Yorker:

Don't be disappointed that Halsey didn't ride Hirohito's horse. . . . That was just the colorful Old Boy's way of saying he'd get to Tokyo. . . . Admiral Halsey always was good with the phrase-turner's tool. . . . As frixample: The congratulatory message he sent to a submarine crew after a job well done:

"Your picture is on my piano."

The Boner Delightful (from an Aug. 24th a. m. paper): "De Gaulle Here. At City Hall, deception ceremonies will begin at noon."

Final Guffaw Dep't: The foot a newsmag once used to kick this columnist is now in its mouth. We were booted because one of our predictions fizzled. . . . The Aug. 13th (1945) issue of the same critic contained this gem: "Last week Russia was not ready — if ever she would be — to go to war with Japan." . . . Russia went to war with Nippon on Aug. 8th. To make the revenge sweeter — this broadcaster was first to accurately forecast Russia's positive entry into the war.

The House Ways and Means Committee has been giving a frosty reception to Pres. Truman's request for greater jobless benefits, with Rep. Knutsen of Minnesota asking: "If we pay a man \$25 a week for not working, what will we have to pay to get him to work?"

"The answer to that," commented a politico, "is that you'll have to pay him a living wage, that's all."

"Yes," agreed a colleague, "but what constitutes a living wage?"

"That," was the retort wonderful, "depends on whether you're giving it or getting it."

Sallies in Our Alley: In the Cub Room Fanny Ward, the 76-year old doll-face, swapped howjoodoos with her friend, Supreme Court Justice Frank Murphy. . . . "Frank," she asked, "how do you keep so young?" . . . Looking at his charming companion alongside him, Mr. Justice replied: "Courtin'". . . . In "Polonaise," the new Chopin-inspired operetta, the principals are all European-born. . . . Kiepara is a Pole; his wife, Marta Eggerth, is Hungarian or Austrian. . . . Kurt Bois, the new comedian, is from

L. L. Reed, 50, Dead

L. L. Reed, 50, died suddenly of a hemorrhage at 2:10 o'clock last Friday morning at his home here.

Mr. Reed has been in poor health for a year, but his condition had not been considered serious. He was employed as a janitor in the public school here.

Survivors include the widow; four children, Pvt. Ansel Joe Reed of Fort Robinson, Ark., and Rita Fay, Dennis and Milton of Sterling City; his mother, Mrs. Mandy Reed, and a sister, Mrs. Hallie Long, both of Monahans, and one brother, W. A. Reed of Sterling City.

Funeral services were conducted from the Reed home here Monday morning. Bro. A.A. Berryman, pastor of the Church Christ, officiated. Lowe Funeral Directors were in charge. Burial followed in the Montvale Cemetery.

Pallbearers were M. C. Mitchell, B. J. Crossno, W. Y. Bengel, Jr., W. W. Durham, O. T. Jones, and George Broome.

Mrs. R.L. Lowe of Dallas is here visiting her son and his family—the Roland Lowes.

mittel-Europa, and other foreigners include David Lichine, the ballet master, and Tanya. . . . "Who's the most important person in the show?" inquired a clown. "The interpreter?"

The nationalist group has adopted another rodent for a pet: Traitor Petain. . . . The boo-hooey consists of sobbing about Petain's age and blubbering that he was merely trying to save France. Nutz! When Petain was in Verminy's hip-pocket he was an accessory to Nazi crimes committed against Frenchmen of all ages including children. Petain sent 35,000 French children to work in Germany as slave laborers!

When the six Americans were arrested on State Dep't orders recently front pages whooped about the espionage angle. . . . This reporter pointed out that the spy hoopla was merely the gimmick used by some diplomats in an attempt to muzzle journalistic criticism of State Dep't policies. . . . A few days ago a Federal Grand Jury refused to indict three of the accused, and the other three were not indicted for espionage but merely for "purling" government documents. . . . It is about time Congress probed the striped-britches boys responsible for the whole shameful affair.

The American Navy and Hirohito's eyeglasses prove the same thing. That the Japs are a very shortsighted people. . . . The Japs signed the surrender terms. But our safety is in our fleet, not in their signatures. . . . We had their signatures on treaties December 7th, 1941. . . . The Jap is anxious to let bygones be bygones. So is any criminal on the day of his conviction.

Sounds in the Night: At the Enduro: "A waiter is a guy who believes that money grows on trays." . . . At the Metropole: "When is that tramp going to write her naughty - biography?" . . . At Chateaubriand: "He made her an honest woman. Sent her back to her husband."

Stork Club Confucius: Beware of a Jap on his knees. It only makes it easier for him to hit you below the belt.

Very Important People Dep't. Arch Oboler is one of those studied kerrickters, according to intimates. . . . More than before, they add, he keeps referring to himself in the third person. . . . "Oboler doesn't want to do it" or "Oboler didn't sleep so good last night" or "Oboler is getting hungry," etc. . . . Mr. O. wrote and directed a Metro film once and in conference he said: "I don't think Oboler will like that at all!" . . . "Really?" was the icy retort of a departing supervisor. "I'll tell him when he comes in!"

Lions Hear Dr. Bowling

Dr. John Knox Bowling spoke to the Lions Club here Wednesday at the luncheon in the Methodist Church basement. Dr. Bowling is doing the preaching at the Presbyterian revival now in progress here.

Guests included Dr. Bowling, Mrs. Bowling, and Pvt. Ansel Reed. Rev. B. B. Hestir, Presbyterian pastor, was also up from Carlsbad. Mrs. Bowling played a piano solo, "God Bless America".

A committee was appointed to retain the State Highway Department here. It was pointed out that the shops may be moved to Garden City if the highway department can't buy some land to relocate the shops on.

Son to Mr. and Mrs. Kenny Garms

A son was born to Mr. and Mrs. Kenny Garms last Saturday night at 10:25 o'clock in the Shannon Hospital in San Angelo. The baby weighed seven pounds and eleven ounces. The baby was named Kenneth.

This is the second child of the Garms, the other being Robert. Grandparents are Mr. and Mrs. A. L. Merrell of Water Valley and Mr. and Mrs. Lonis Garms of Bangs.

University of Life

The University of Life met at the Presbyterian Church last Sunday evening and Mrs. Tommie Johnson led the discussion.

Bro. Bowling brought the Sunday Evening Service.

After services the young people met in the Methodist Church basement for refreshments and games. A box of things was got up for some children in Germany.

The articles were auctioned off and bought by the young people.

Those present were, Bettie Jane Donaldson, Carolyn Foster, Edith Fowler, Sue Hallmark, Jacqueline Everitt, Rosa Lee Langford, Joe Sneed, Boddy Ivy, Billy Lee Smith, Jackie Tweedle, Norman Butler, Billy Vern Davis, Billy Findt, Jimmie Findt, and Clarence Mogford.

Mrs. Jennye Atkinson, and Mrs. Ethyl Reed served refreshments.

Work Begun on Whites Store New Building

Work on the new home of White's Store, Inc. was begun this week by J. D. Jones, Big Spring contractor. Located in Big Spring just across from the Crawford Hotel, the newly remodelled building will have 100x100 feet display floor space. The building itself is 100x140 feet.

Fred Skaggs, manager, says he expects to move in the new building by the first of the year. Skaggs said with increased floor space, the store would stock a complete line of furniture, appliances, sporting goods as well as their regular lines.

Sports-Football

The Sterling Eagles will play Forsan at the local field Friday at 2:30-admission 10-15-25c.

The game will be dedicated to O. T. Jones.

Everyone is invited to attend this game as the local boys have a good football squad.

The Eagles played at Garden City last Friday and was defeated by a score of 25-14.

The Garden City boys defeated Courtney the week before 44 to 12.

Garden City has four boys back from the first team last year and eight boys reporting for practice.

Sterling City held the Garden City boys to the score of 19 to 14 until one minute of the ball game and Garden City boys ran another score over.

Sterling City line up for Forsan Game. Sneed -- C., Brown-Hudson -- L.E., Noak-King -- R.E., Ivy-Davis -- H.B., Tweedle-(captain) -- Q.B., Butler -- F.B.

Presbyterian Revival

Dr. John Knox Bowling of Dallas is doing the preaching at the revival now in progress at the Presbyterian Church. Services are being held each day at 3:00 p.m. and 7:15 p.m.

Rev. Ed. Lovelace is leading the singing and Mrs. Bowling is presiding at the piano.

Cordial welcome is extended to all by Rev. B. B. Hestir, local pastor, and the visiting preacher to attend the services.

War Fund Half Way Passed

The War Fund Drive here in Sterling County has passed the half way mark and there is still some work to be done. The quota is \$1,353.00 and almost \$700 has been raised so far.

G. C. Murrell, County chairman said he estimated the half way mark on basis of reports early this week.

Sterling County ranked second in this district, and Crockett County was leading.

Behind Your Bonds Lies the Might of America

WHEAT IN OREGON

Oregon's principal crop, wheat, totals 20,424,000 bushels a year worth \$18,263,000. Oats, barley, corn and rye are grown in substantial quantities. Its apples, pears and cherries are major economic items. Vegetables thrive there. Oregon produces almost 8 million bushels of potatoes and 660,000 sacks of onions yearly. All that rolls up added wealth for the Nation behind your Bonds. U. S. Treasury Department

A Monument That Will Live

EVANSTON, ILL. — Citizens of Evanston have selected a beautiful and imposing monument to memorialize their war dead. Shown above, the \$75,000 granite monument will be paid for by public subscription. George H. Tomlinson, president of Evanston War Memorial, Inc., reported that 49 out of 50 parents who lost sons in World War II felt that this type of monument is the most appropriate memorial. The names of all Evanstonians who died in the last four wars will be inscribed forever on the obelisk.

Mrs. Burns Party Hostess

Mrs. Robin F. Burns entertained with a 42 party at her home here Friday evening of last week. The five tables of players were served chicken salad sandwiches, pecan pie, and coffee. The house was decorated with asters and chrysanthemums.

Present were Messrs. and Mmes. Roland Lowe, A. L. Davis, O. T. Jones, A. A. Berryman, H. M. Carter, John Walraven, J. E. Ware, and Mrs. Charles Harris, all of Sterling City and Mr. and Mrs. W. P. Holt and daughter, Louise, of San Angelo.

Sears Pig Show October 20

The five Sterling boys who received Sears pigs last fall will take their gilts to the Sears pig show Saturday, October 20 in San Angelo. There the winners will receive registered sheep (ewe lambs from Fred Hodges), turkeys and chickens. James Starr, County Agent, said the judging will take place at the fair grounds at 10:30 a.m. A barbecue for the boys and their fathers will be at 1:00 p.m.

The boys who will have gilts are Alfred Thieme, Jr., Frank Thieme, John Marshall Blair, Bobby Blair and W. Y. Bengel III.

Frances Hudson attended the bull fight in Villa Acuna, Mexico last Sunday. She went with a group of girls from San Angelo.

H. L. Hildebrand and Webb Hudson went to Austin last weekend. Hildebrand went on business. Hudson visited his sister there.

6.2 Inches Rain

The rain during the rainy spell of the past two weeks measured 6.2 inches at the J.T. Davis gauge here in Sterling City. It fell slowly and all soaked in-

NOW 4 POINTS FOR USED FATS

Help Increase Supplies of Soap and Other Peacetime Products By Saving More Used Fats

Industrial fats far short of last year! We are almost down to the bottom of the barrel. The nation's industrial fat supply is millions of pounds less than it was in 1944. We need fully as much as last year to help make the soaps and other civilian goods you want and need so badly. So...

If you want more soap and soap flakes... if you're dreaming of nylons, sheets, cotton fabrics and want them to hurry back to the store counters... you can help by saving those used kitchen fats as you never saved before! Save every drop, every day!

These fats are vitally necessary to help speed greater supplies of soaps and hundreds of other things—like new cars, electric washers, irons, refrigerators and tires. Industry must have these fats... to help get to you more quickly the peacetime products you've been longing to have for years!

So skim and scrape and scoop just as you did so faithfully before V-J Day. To prove how important it is, your government has increased the point bonus. So help meet this nation's need by continuing to save used fats. If you can't find a store that accepts used fats, call Home Demonstration or County Agent.

Your Home

By Frances Ainsworth

The other morning I had a visit from a young girl who is being married next month! Of course, the conversation turned to trousseaus -- home making and budgets -- and she asked me just how she could save money, particularly on groceries. So I gave her my recipe for cutting down food costs!

Sally -- I told her -- keep your food fresh! Manufacturers of many food products have made it easy for us to keep foods as appetizing and nutritious as the day they were packed. This saves by cutting down on wastes! They have put waxed paper linings in the packages -- which keep foods fresh all the time they are on the grocer's shelves -- and, if you always take care to turn down the top of the inside wrap -- the waxed paper will keep that food just as fresh as the day it left the factory!

For instance, cereals are generally packed in waxed paper. I've found that it takes just a few extra seconds after breakfast to carefully re-close that cereal in the waxed lining -- and my last serving is always just as fresh as the first! And there are hundreds of other items packed in waxed paper, too -- bread, potato chips, marshmallows, crackers, bakery goods -- to mention just a few.

I've discovered that I can save dollars every month -- just by using waxed paper! And now, even though the war is over, most of us still have to conserve -- and I think using waxed paper is one of the best ways to do it!

MISSISSIPPI'S BIRTHPLACE

This state monument marks the site of the "Old Brick Church," scene of the First Mississippi Constitutional Convention and the first State Legislature's meetings. Under French, Spanish and English rule at various periods of its early history, Mississippi experienced all the growing pains of colonial development. Now it produces great quantities of cotton for U. S. armed forces. Money from War Bond sales helps the Government buy garments and other military equipment produced from that cotton. U. S. Up from the Meadows Rich with Corn

BUY VICTORY BONDS

ONCE again the folks who feed the nation are harvesting one of the great crops of our history, and the record-breaking harvest of these war years has been produced by fewer people maintaining top production on more and more acres.

The progress that has been made in agriculture in recent years is almost unbelievable—corn yields of well over 100 bushels an acre, a rarity a few years ago, are now common; the production of ton-litters of hogs in less than 6 months after farrowing is no great problem now; hens that lay more than 200 eggs a year are not hard to find; and there are dairy cows with records of well over 30,000 pounds of milk and 1,000 pounds of butterfat annually.

All of these advances in the production of food have played an important part in the building of America to its present greatness and to victory in this war.

Back in the days of George Washington, one farm family was able to produce enough food for itself and one other family. Today each farm family in America can produce its own food and enough for 19 other families. This tells the story of the American harvest. And it is a story unique in world history.

We at Swift & Company salute our farmer and rancher friends for their great achievements and we are proud to have had a part in the preparation and distribution of the fruits of the harvest to Americans everywhere.

MEET THE WINNERS! Hundreds of letters were received in our contest for the best letter on this series of Swift advertisements. The judges have awarded first prize of \$50 to 2nd Lt. Carroll M. Kester, 33rd Infantry Regiment, Camp Livingston, La., \$25 to Mrs. Carl J. Bachmann, Barten, Ohio, \$15 to Mrs. Charles W. Voorhees, Trenton, N. J., \$10 each to Virginia Jean Potts, Philadelphia, Pa., Harold E. Marsh, Winona, Minn., Daisy McCutcheon, Dillon, S. C., Doris Reim, Covington, Okla., Mrs. Edward Seigel, Wheat Ridge, Colo., Mrs. Paul Norris, Grinnell, Iowa, Mrs. James Lennox, Indianapolis, Ind.

SOFT CORN INTO HARD CASH

Corn that gets "cooked" by frost before it matures is still valuable feed, especially for cattle. Here are several ways to turn soft corn into hard cash, listed in the order of their value to the feeder: (a) Make ear-corn silage. (b) Feed ears with stalks, chopped or shredded. (c) Turn cattle and hogs into standing corn. (d) Leave in field and pick ears as needed rather than risk spoilage in storage.

Three main precautions in feeding soft corn are: (a) Change to soft corn ration gradually. (b) Feed a protein supplement. (c) Feed before freezing weather, if possible.

We'll be glad to tell you where to get detailed information on soft corn feeding. Write Swift & Company, Department 128, Chicago 9, Illinois.

THE EDITOR'S COLUMN

When the war began, Swift & Company adopted the following wartime policy:

"We will co-operate to the fullest extent with the U. S. Government to help win the war. We will do everything possible to safeguard the high quality of our products. Despite wartime difficulties, we will make every effort to distribute available civilian supplies to insure a fair share for all customers everywhere."

DO STEER CALVES GAIN FASTER?

Do male domestic animals grow faster and reach a greater weaning weight than females? This question is the basis of an interesting experiment conducted with beef cattle by Marvin Koger and J. H. Knox, New Mexico, A. & M. They kept records of weaning weights of Hereford calves from the Experiment Station range herd from 1936 through 1943. Most of the calves were dropped in April of each year and all lots were weaned at approximately the same time each year, in October and November, depending on the feed supply and other factors.

Under the present conditions, meat packers know that there is no profit advantage in shipping meat long distances as compared with selling it nearby. OPA regulations set prices, by zones and areas, that meat packers may charge for beef, lamb, veal and pork. The United States is divided into ten zones for beef, lamb and veal and five for pork. Each has its own base price for each kind of meat. Additions to the base price are allowed for transportation and local delivery. These allowances are the very minimum and in many instances do not cover the actual cost of transportation, icing, and shrinkage. Consequently, meat packers are better off when they sell close to their producing plants. In general, the net money they receive is greater the closer to the plant the sale is made. But despite this, Swift & Company has voluntarily adhered to its wartime policy of fair distribution. Starting in July 1945, all meat packers were required by OPA regulations to distribute their meats to the same areas they did the first three months of 1944. F. M. Simpson, Agricultural Research Department

EGGS IN HASH NEST

By Martha Logan

Combine 6 cups ground cooked beef or lamb, 3 cups mashed potatoes, 4 tablespoons minced onion, 1 1/2 cups top milk. Melt 8 tablespoons fat in skillet and cook hash until heated through. Season to taste. Shape hash in patties and place on greased shallow baking pan. Make a hollow in the center of each patty. Slip an egg into the hollow and season with salt and pepper. Bake in a moderately slow oven (325° F.) for 20 minutes.

HELLO, CHILDREN!

My name is "The Story of Soil." I and my brother, "The Story of Plants," belong to the family of Swift's Elementary Science Booklets. I think you would like to know us. We have swell stories to tell, with lots of pictures. If you would like to have us for your very own, print your name and address on the margin of this page, tear it out, and send it to F. M. Simpson, Agricultural Research Department 128, Swift & Company, Chicago 9, Illinois.

RED CROSS HOME NURSING

WHAT'S YOUR IQ ON SYMPTOMS?

SILLY SUSAN—When Johnny is tired and irritable, complains of a headache and sore throat, she tells him to run out and play with the other youngsters. "Fresh air will make you feel better." A few hours later Johnny is running a high temperature and his face is covered with angry red spots. Susan frantically telephones the doctor exclaiming helplessly that Johnny is dying of some strange disease.

CAPABLE CATHY—She takes Billy's temperature and pulse, reporting his symptoms accurately to the doctor by telephone. She puts him to bed immediately in a room by himself, and feeds him only liquids until the doctor arrives. When the doctor says Billy may be coming down with measles, she knows her prompt action has made Billy's recovery quicker and protected other children in the community.

HELP YOUR DOCTOR—HOME NURSING SHOWS YOU HOW— Your doctor is busier than ever now. He'll appreciate your intelligent assistance when illness strikes your family. Learn how to give simple treatments, how to feed a patient on a soft, liquid, or normal diet, and how to keep a patient comfortable in bed. All courses are taught by a professional nurse.

If there is no home nursing course offered at present in your community, ask your Red Cross chapter how you may help organize one.

RED CROSS HOME NURSING

HOW HANDY ARE YOUR HANDS?

WHEN YOUR SICK CHILD is tired of lying on her back do you hoist her upright, dump a couple of pillows behind her back, and let her slouch in an uncomfortable position? Or do you skillfully make a sturdy backrest from a cardboard box and place the pillows against it so that she will be firmly supported to maintain good sitting posture?

WHEN THE DOCTOR ORDERS a steam inhalation to relieve the congestion from Sally's bad cold, do you look at him in wide-eyed wonderment and say, "What's that?" Or do you efficiently improvise a steam tent from an umbrella and give the treatment by making an inhalator from a teakettle and funnel?

DOCTORS ARE SAYING, "One person in every household should know home nursing." Most Red Cross chapters are offering free courses in home nursing taught by professional nurses. You learn how to improvise hospital equipment, give bed baths, prepare soft and liquid diets. The free courses offered by the Red Cross in home nursing will teach you to be a capable home assistant to your doctor. He'll appreciate your competence, and you'll earn grateful thanks from your family.

If there is no home nursing course offered at present in your community, ask your Red Cross chapter how you may help organize one.
