

Clean-Up Day Success

The clean up campaign held here Friday, April 2, was a big success. The Commissioners Court furnished the trucks and drivers and the Lions Club furnished captains to oversee the gathering. Other clubs helped by calling residents,

henceforth, it will be easy to keep your premises clean. On the Tuesday in each month, the county trucks will pick up the rubbish that is piled up and ready for hauling. Each time-until people are cooperating. They want to clean up but will stop if the people do not prepare the rubbish and take it in front of the house-ready for hauling.

Thank You

The Lions Club was asked to take the lead in this Spring Clean-up campaign and on behalf of this club I wish to thank the following: The Commissioners, who furnished the trucks and drivers.

The Telephone Committee, composed of members from the men's clubs which phoned every home on Monday to remind them to clean up.

The Four Captains of the four districts, Messrs. R. P. Brown, Ed. H. Lovelace, Joe Emery and Rolland Lowe, who supervised the collection in their respective districts and to all the people of Sterling City for their wholehearted co-operation in the Drive a great success.

As a result our town is clean and we have a lot easier to keep that way. The Commissioners have offered to set aside the Tuesday in each month as "Clean-up Day". We are asking for more hearty co-operation in the months to come that was given in this week's drive.

Signed
Ed. H. Lovelace, President,
Lions Club.

Ed. Collins made a business trip to his New Mexico ranch this week.

On Broadway

Faces About Town: Van Johnson having his sox and undies selected for him (at Abercrombie & Fitch) by his Baby Dalya. . . . Linda Darnell buying a movie mag at 50th and Broadway, the whistle-stop for wolves. . . . "Singapore Sal" (at Leon & Eddie's) admitting to H. Cushing III, that her name is Jane Bishop and that she once was Jane Gale. . . . Katharine Cornell airing her pooches along 7th Ave. . . . Barbara Hutton dining in the Hapsburg with Count Czernin. . . . Russian Princess Stephanie Dorowski strolling through Rumpelmayer's. She's in her 70s, but you can see traces of her girlish beauty. . . . Fio LaGuardia reading a Broadway col'm while waiting his turn on the Garden rostrum during the FEPC rally.

The Word Weavers: Raymond Swing summed up Churchill's speech (via his microphone) with this: "The essence of what he proposes is division, not unity." . . . Mr. Ickes whittled some well sharpened opinions around the Chicago Round Table. He admonished that the first step in preventing another global blood-bath is for Americans to solve their own puzzles. . . . One commentator noted that the solons who voted against the war vets' housing program "are treating heroes like hoboes." . . . Averell Harriman's radiatory fell easy on the ears. Communism, he said, is not a threat, but a challenge—and "the best way to meet that challenge is to improve our democracy." . . . Evidence that surveyors of radio listening are pretty close: The new Hooper lists this Sunday-nighter at 19.3. . . . The Crossley puts it at 19.2.

The Cinemageians: Good to the last tear-drop, "Sentimental Journey" is a misty-eyed opus that goes over with a sigh. Lovely Maureen O'Hara heads the ticker-tuggers. . . . "Shock" is another shivery orb-popper which peppers the spine with tingles. . . . Edward G. Robinson lend-leased his talent to a British pulse-hopper: "Journey Together." A meller-diller. . . . "The Notorious Lone Wolf" is a run-of-the-millodrama. . . . Riverboat Rhythm" has one or two juke-able lilt, but most of it is a rhapsody in blah. . . . "You Can't Do Without Love" is a worse advertisement for love than Reno.

Here's Help for the Housing Shortage

Because of a newly developed asphalted-gypsum core, the new weather-resistant U.S.G. Sheathing "weathers all weather" is protected on the job or nailed to the framework. An average small house is sheathed in eight man hours—speeding construction and saving lumber.

CHICAGO, ILL. — A new thing with a recently developed asphalted-gypsum, weather-resistant core is one of the new answers to the lumber shortage.

Designed to free more lumber framing and to extend available materials to more new houses, the new sheathing, produced by the United States Gypsum Company, can be installed on average small house in eight hours.

Under adverse conditions the new product materially resists the damage of weather—piled on job or nailed to framework. There is also no buckling, no

warping, no opening up of joints when it dries out.

After a giant test "weathrometer" shot a driving spray of water against panels of wall sheathings of different types—simulating the equivalent of 5½ years of average rainfall—the U.S.G. Sheathing showed a water absorption of 3.4% by weight. This was actually only 1/12th of the amount absorbed by wood sheathing during the same exposure.

Sheathing costs can be cut from ¼ to ½ because of handling ease. The new sheathing does not need special measuring and sawing—it can be scored and snapped right on the studs.

EVERYBODY'S BUSINESS!

Gossip over a back fence is everybody's business! . . . An in quite another way, your electric company, too, is everybody's business!

It belongs to you—to the man next door and the woman across the street—to the people who rub shoulders with you in shops and trains and buses.

All types and kinds of folks are on our stockholder list—housewives, farmers, merchants, teachers, doctors, nurses. They're the direct owners.

And there are countless indirect owners. Even if you don't own a share of our stock yourself, you probably have a stake in this company through your life insurance policy or savings account.

Why? Because banks and insurance companies—when they handle your savings—must invest those funds wisely. Not only in War Bonds, one of their largest investments is in public utility securities. They know that sound business management has made cheap, dependable electric power a basic part of the American way of life.

So, whether you realize it or not—your electric light and power company is not just our business—it's your business.

Hardeman In State Senator's Race

Dorsey B. Hardeman, attorney and former Mayor of San Angelo, and former State Representative of the 91st District, today announced his candidacy for Senator from the 25th District.

Mr. and Mrs. Hardeman—She is the former Geneva Moore of Brownwood—have resumed their residence in San Angelo following his discharge from the Army after more than three years service. Mr. Hardeman has re-entered the practice of law in San Angelo and has formed a partnership with Judge Carl Runge, formerly of Mason, under the firm name of Runge and Hardeman. The firm maintains its offices in the McBurnett Bldg., San Angelo.

Mr. Hardeman is the son of Dr. N. B. Hardeman, co-founder and President of Freed-Hardeman College at Henderson, Tennessee. Mr. Hardeman received his law degree from Vanderbilt University and came to San Angelo in 1932.

Elected Mayor of San Angelo in April 1936, he served one term and was then elected State Representative in 1938, and re-elected in 1940 and again in 1942, but resigned

when he volunteered for military services in November of that year, thus permitting the election of a successor between legislative sessions.

At San Angelo Army Air Field, where he enlisted as a private, Hardeman was assigned to the legal affairs office. He was sent to officer candidate school and upon completing the course, was commissioned a second lieutenant in The Judge Advocate General's Department in August 1943. Mr. Hardeman was then stationed at the Second Air Force Headquarters, Colorado Springs Colo., then at Kelly Field, San Antonio, at Personnel Dist. Command, Miami Beach, Fla., and then returned to Second Air Force Headquarters. He was assigned next to Lowry Field, Denver. He was discharged with the rank of Captain.

Mr. Hardeman said that the pressing need today is free competitive enterprise and that this required the election of officials courageous enough to rise above the selfish interests of individuals and groups, as well as possessing the ability to recognize the evils seek to engulf us. He also said that he expected to personally see as many of the citizens of the 16 counties in the District as he could and to discuss the various issues with them in the forthcoming campaign.

The 25th Senatorial District includes the following counties: Comanche, Mills, Brown, Coleman, McCulloch, Mason, Menard, Concho, Runnels, Coke, Tom Green, Schleicher, Irion, Sterling, Gillespie and Kimble.

If Beth and La Verle enjoyed their week-end in Big Spring.

Why Mary Ann was so crowded Friday night.

If the seniors are any the worse for wear after Kid Day.

Whose picture Betty was talking to Monday—at Mrs. Philips'.

Who had such a hot race Monday night.

What girls have been dating such "old men".

If anyone got angry about the senior will.

If La Verle likes red hair.

Why Claudell is so sleepy all the time. Is it contagious, Peg?

Who wonders why a '42 Packard can outrun a '40 Chevrolet.

How the senior play will turn out. So does Miss Vernon.

If anyone is glad we started the We Wonders again.

If Joe is as bashful as he claims to be.

Why there was an exchange of rings Monday night.

What Sue will tell when she gets back from Lovington.

What devilment the boys of ol' S. H. S. are up to Friday the 12th, when they are giving their "dance".

Just Patter

(Sterling High School)

Here we are, after so long a time, with all the gossip and local color of S. H. S. The seniors are working hard on their play, "Let Me Grow Up".

We played Garden City in volleyball last week and beat them three straight games. This was the first matched game we have won over G. C. We go to our district tournament April 26 to compete with Garden City, Forsan, Courtney and Stanton.

The seniors had a big day April 1. Everyone came out in their kid day suits and riding bicycles. The freshmen probably feel that they are quite ready to become sophs.

The senior class will follow: Betty willed her ability to play boogie woogie to Joe David, and a certain something of blue plaid to Carolyn. Peggy willed James' affection for her to Sue, and her way with the other boys to Eugenia.

Billie Faye willed her sense of humor to Billy Vern, and her diligence to Norman. Mary Ann willed her ability to neck to Margaret, and her long legs to La Verle. Ernestine willed her ability to make good grades in algebra to Trinabeth, and her "height" to Bonnie Ruth.

Beth willed her figure to Jacqueline, and her ability to play volley ball to Flo Marie. Billy willed his chest to Billy Lee, and his girl friends to Norvin. Joe willed his physique to Dwain, and his eyelashes to Joe Lee.

We were entertained with a weinie roast in the park Monday night. Those attending were the H. M. Carters, the Chesley McDonalds, the O. T. Joneses, Billie Faye, R. T. Smith, Mary Ann, L. B. Hallmark, Peggy, Weldon Phillips, Ernestine, Joseph Blanck, Joe Snead, Billy Findt, Betty Donalson, La Verle Mow, Jackie Tweedle and Beth Abernathy. Mrs. Donalson, Mrs. Bynum, Mrs. Hinshaw, Mrs. Mrs. Brown, Mrs. Snead and Miss Vernon, senior sponsor, prepared the food.
