Homer Pearce, County Democratic Executive Chairman, said this week that there would definitely be a run-off election here on August 24. The supplies and ballots have been ordered.

Donations of money and workers to hold the election are still needed, however. If you can help hold the election that day, notify Mr. Pearce.

Jack Coulson, 75, Dead

Funeral services for Jack Coulson, 75, pioneer Ft. Worth druggist, were held last Saturday in Ft. Worth at the Harveson-Cole Chapel. Mr. Coulson had died on Thursday night of a cerebral hemorrhage.

Rev. J. Frank Norris officiated. Interment was in the Greenwood Cemetery. Pallbearers were A. L. Shuman, J. M. North, Jr., J. O. Knox, John Mabry Thomas, Joe Rabb and Clarence Adams.

Mr. Coulson is survived by the widow; two brothers, P.D. (Dick) Coulson of Alpine, and Charley Coulson of Sterling City; three sisters, Mrs. Joe C. Rabb of Robert Lee, Mrs. A. Rutherford of Sterling City, and Mrs. Addie McClain of California; and several nieces and nephews.

He had operated a drug store in Ft. Worth for 25 years before retiring in 1927. Active in Baptist church work, Mr. Coulson was a long-time student of the Bible and he engaged in many private philanthropies.

Born in Hill County, Mr. Coulson came to Sterling County (then Tom Green) in 1887. He worked on the Bar-S ranch and the Gordon, Munday & Stiles ranch. He was the son of Mr. and Mrs. P.D. Coulson. They lived 5 miles east of Sterling City on the river—now part of Lester Foster's ranch.

The paternal grandfather, C. T. Ducote, lives in San Angelo.

TO THE VOTERS OF STERLING COUNTY:

Please accept my deepest sense of gratitude for the loyal support given me in my campaign for the State Senate on July 27th.

The vote given me in those counties in which I was best known humbles me and impresses upon me more deeply the inestimable value of genuine friendship. I realize that I was virtually unknown in some of the other fine counties of the district and, of course, did not expect to receive as many votes as I did in my home county of Tom Green and in the surrounding counties where I was best known.

It shall be my purpose in the future, as in the past, to represent the best interests of the State and District at all times. I sincerely trust that you will continue to give me the benefit of your advice and counsel as to how this may best be done. I am available to all of the people at all times for the good of Texas.

Mrs. T. Johnson Heads Alumni Association

Fifty-five couples attended the Sterling High School Alumni Association banquet in the Cactus Hotel Monday evening. The banquet was followed by a dance in the hotel ballroom—with music by Harrison's Texans.

Mrs. Tommie Johnson was elected new president of the association. Other officers elected were Mrs. Joe Emery-vice-president, Hal Knight-treasurer, and Mrs. R. T. Foster, Jr.-historian. Mrs. Alvie Cole is the retiring president.

Mrs. Cole gave the opening welcome and responses were given by classes of '43, '44, '45, and '46—Thomas D. Davis, Neal J. Reed, Margaret Skeete, and Peggy Jean Hinshaw. Mrs. Fowler McEntire reviewed the history of the association.

A memorial service for the alumni who have died was given by Winston Churchill. A quartet, composed of Mary Ann Bynum, Paula Sue Wyckoff, Jerrie Snead and Mrs. Tommie Johnson, sang.

The election of officers followed. The banquet closed with the singing of the school song. The group then adjourned to the ballroom for the dance.

Your BABY

By Edna Mae McIntosh

Parents today are asked to make sacrifices and many are sacrificing time and pleasures and food in order to help the fight to maintain our way of life for our children. But there is one member of the family who must not change his habits of living any more than is absolutely necessary, and this person is the baby.

We are known the world over for our high standards of infant care with a resulting high plane of infant welfare. The infant death rate has been steadily reduced in the last decade. While this is due to a good many improved conditions in the care of our babies, it is due in part to better feeding practices. Within the last dozen years, infants have been receiving a much greater variety of food than did their mothers, and these supplementary foods have been fed at a younger age.

Milk is still the basic food of infancy, in fact, throughout the years of growth. It is the most nearly perfect single food, but even so it isn't quite enough by the time an age of four or five months is reached. Before six months other foods are added, supplying additional vitamins and minerals to those present in milk.

Cereals, which have been fortified with vitamins and minerals and especially prepared for babies, strained vegetables and fruits all have food values which supplement those of milk. These additional foods supply iron, in which milk is particularly low. They materially increase the amounts of vitamins B and C contained in a milk diet.

As valuable as their food values are, these supplementary foods—cereals, vegetables, and fruits—have another important function in your baby's menu. They teach the eating of a variety of foods.

Christmas Giving Simplified— You "Plan When You CAN!"

It may be a long time till Christmas but didn't you vow last year that never again would you spend so much for so little nor wait until the eleventh hour to do that spending? And didn't you worry a wrinkle in your pretty brow because you couldn't think of the right gift for the friends who "have everything"? Nobody has everything and the very thing one person may consider too everydayish to rate gift wrappings may be all but priceless in the eyes of another. So, why not for a change do most of your Christmas shopping right in your own fruit pantry? Now is the time to start!

Use Home Canning Jars

If you live in or near the country, a package of native greens—pine, cedar, mistletoe, red berries, bitter sweet, holly, or what have you—along with two or three pint or half-pint jars of your best home canned relish or preserves or chicken will mean far more to the friends who went to the big city to make good than anything you could buy for them. But here is a word of warning. Be sure not to trespass on some other person's property when you go greens hunting (you might land in jail). And be sure that the canned offerings are in regular home canning jars, otherwise you may not get credit for stirring good wishes into that wild blackberry jam, spiced figs, citron preserves, quince jelly, chutney, rummage pickle or whatever is your specialty.

Wrap Jars Safely

We have the word of Gladys Kimbrough, Home Service Director for Ball Brothers Company, manufacturer of fruit jars, that home canned products are good travelers when they can go in comfort, but are finicky when it comes to roughing it. In fact, they demand well padded berths. For Christmas packing, Miss Kimbrough suggests that each jar be washed, polished, labeled, and wrapped in thick, shock-absorbing layers of cotton batting, then fitted snugly into a box. The box is gift wrapped and placed in a

larger one for shipping. The outside box should be marked "fragile."

Rummage Pickle

- 1 quart chopped ripe tomatoes
- 2 quarts chopped green tomatoes
- 3 large onions
- 1 large cucumber
- 1 quart chopped cabbage
- 2 cloves garlic
- 1/2 cup salt
- 4 cups brown sugar
- 1 tablespoon celery seed
- 1 tablespoon mustard seed
- 3 cups chopped celery
- 3 green peppers
- 3 red peppers
- 1 pod hot red pepper
- 1 teaspoon ground ginger
- 1 tablespoon ground cinnamon
- 1/2 teaspoon ground cloves
- 2 quarts vinegar

Chop and measure vegetables. Mix with salt. Let stand overnight. Drain. Add other ingredients. Simmer until there is no excess liquid. Pack into hot jars; seal at once.

Peach Chutney

- 1 gallon peaches
- 2 onions
- 1 clove garlic
- 1 cup seeded raisins
- 1/4 cup white mustard seed
- 2 tablespoons ground ginger
- 1 pod hot red pepper
- 1 cup brown sugar
- 5 cups vinegar

Chop peeled peaches, onions, garlic and raisins. Add 1/2 the vinegar. Cook until soft. Add all other ingredients. Cook until thick. Pour into hot jars; seal at once. Apples, pears, or plums may be substituted for peaches in this recipe.

Let's Have Another Piece of Pie!

"Let's have another piece of pie" is a family theme song, when it's Nesselrode Pie on the dessert menu, writes Marjorie Griffin, Rural Home editor of nationally-circulated *Cap-per's Farmer*.

A luscious concoction, Nesselrode Pie has a mellow flavored custard filling, she points out.

NESSELRODE PIE

| | |
|----------------------------|--------------------------|
| 1 tbsp. unflavored gelatin | 1 tsp. vanilla |
| 1 tbsp. cold water | 3 egg whites |
| 1/2 c. milk | 3 tbsp. light corn sirup |
| 1/2 c. light corn sirup | 1 9-inch baked pie shell |
| 1/4 tsp. nutmeg | 1/2 c. whipping cream |
| 1/4 tsp. salt | 1 tbsp. light corn sirup |
| 8 egg yolks, beaten | |

Soften gelatin in water. Combine milk, 1/2 cup sirup, nutmeg, salt, and egg yolks in top of double boiler; cook over boiling water until thickened, stirring occasionally. Remove from heat and add vanilla and softened gelatin; stir until gelatin is dissolved. Chill until starting to become rather firm; beat with rotary beater and fold in egg whites beaten very stiff with the 3 tablespoons sirup. Turn into pie shell and chill until firm. Whip cream with remaining sirup; spread over pie. Sprinkle with grated chocolate.

Notice, Veterans

A representative of the Veteran's Administration will be in Sterling City on the 2nd and 4th Saturday afternoons of each month to give advice and assistance as needed to veterans and dependents of veterans. Such representative will be from the San Angelo V. A. office, and will be found in the commissioners courtroom on the days mentioned above.

Farm Scrap Needed by Steel Mills

Farmers can help themselves to get steel—whether it be a new piece of farm machinery, an automobile, a keg of nails, a roll of fencing or other products—by promptly taking their accumulated scrap to the nearest scrap dealer, the Committee on Iron and Steel Scrap of the American Iron and Steel Institute said today.

A grave shortage of scrap threatens to thwart the steel industry's attempts to make up the 19 million tons of steel that it has lost since V-J Day as a result of strikes and work stoppages. The scarcity of scrap is due largely to the fact that industries which usually generate scrap in large quantities have not been operating at all or operating at low levels since V-J Day.

Farms have always been a good source of scrap and during the war when drives were conducted, agricultural areas yielded large ton-nages of scrap to help win the conflict.

In view of the current scrap shortage which threatens the full use of steel-making facilities, farmers are asked to take their scrap now to town and sell it to scrap dealers. If the scrap is unusually bulky, preventing its easy transportation by the farmer, the scrap dealer can be called or arrangements can be made through the local farm agent to get it to the dealer.

The steel which weeks ago should have gone through the processing and fabricating channel, is far behind schedule and, therefore, the American Iron and Steel Institute's Committee on Scrap has warned that a complete return to normal in the flow of scrap cannot occur until the supply of new steel approximates the demand.

In the ten months from August 1945 through May 1946, production of ingots and steel for castings was 22,036,000 tons lower than output over the same period of 1944-1945. Presumably, better operating conditions would have enabled at least 19,000,000 tons of that total to have been made. The 19,000,000 tons would have supplied the steel for 1,000,000 small dwellings, plus the steel for 1,700,000 automobiles, plus all the bale ties made for farmers over the last nine years, plus 50,000,000 one-quart tin cans, plus a washing machine and a stove for every one of the 1,000,000 homes mentioned above—and still there would remain 7,500,000 tons of steel for other purposes, including much needed farm machinery and equipment.

The requirements for all goods, whether for the home, the farm, transportation, etc., will be fulfilled in direct proportion to the receipt by the steel mills of scrap.

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 49-b which shall read as follows:

Section 49-b. There is hereby created a Board to be known as the Veteran's Land Board, which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. The Legislature shall provide by law for the issuance by said Board of not to exceed Twenty-five Million Dollars (\$25,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veteran's Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas in such form, denominations, and upon such terms as shall be prescribed by law, provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum.

"In the sale of any such bonds a preferential right of purchase shall be given to the administrators of the various teacher retirement funds, the Permanent University Funds, and the Permanent Free School Funds; such bonds to be issued only as needed, in the opinion of the Veteran's Land Board under legislative authorization.

"The Veteran's Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated, situated in this State (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System, or any other governmental agency of the State of Texas; or (c) owned by any person, firm, or corporation.

"All lands thus purchased shall be acquired at the lowest price obtainable, be paid for in cash, and shall be a part of the Veteran's Land Fund.
"The lands of the Veteran's Land Fund shall be sold by the State to Texas veterans of the present or past wars, commonly known as World War II, in such quantities, and on such terms, and at such prices and such rates of interest, and under such rules and regulations as may be prescribed by law; provided, however, that any such lands remaining unsold at the expiration of eight (8) years after the effective date of this Amendment may be sold to anyone as shall be prescribed by law.

"All moneys received and which have been received and which have not been used for repurchase of land as provided herein by the Veteran's Land Board from the sale of lands and for interest on deferred payments shall be credited to the Veteran's Land Fund for use in purchasing additional lands to be sold to Texas Veterans of World War II, in like manner as shall be provided for the sale of lands purchased with the proceeds from the sale of the bonds, provided for herein, for a period of eight (8) years from the effective date of this Amendment; provided, however, that so much of such moneys as may be necessary to pay interest on the bonds herein provided for shall be set aside for that purpose. After eight (8) years from the effective date of this Amendment, all moneys received by the Veteran's Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of said bonds and to pay interest thereon, and any such moneys not so needed shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the first Thursday in November, 1946, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determination of such result and the Governor's proclamation thereof.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

Sec. 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 16 of the Constitution of the State of Texas be amended by adding thereto Section 62, which shall read as follows:

"Sec. 62 (a). The Legislature shall have the right to levy taxes to provide a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; provided that the amount contributed by the State to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the State, and shall in no one year exceed the sum of One Hundred and Eighty Dollars (\$180) for any such person.

"All funds provided from the compensation of such person, or by the State of Texas, for such Retirement, Disability and Death Compensation Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and provided that the recipients of benefits from said Fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless the Fund, the creation of which is provided for herein, contributed by the State, is released to the State of Texas as a condition to receiving such other pension aid.

"(b). Each county shall have the right to provide for and administer a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the county; provided same is authorized by a ma-

"All funds provided from the compensation of each such person, or by the county, for such Retirement, Disability and Death Compensation Fund, as are received by the county, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this State, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States, provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and provided that the recipients of benefits from said Fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless the Fund, the creation of which is provided for herein, contributed by the county, is released to the State of Texas as a condition to receiving such other pension aid."

Entertainment for a Penny

What's the cost of the electricity used by your radio for one evening? Well, for a single penny you can keep your many tube radio playing for three whole hours. That's a lot of entertainment for a penny.

And that's just one example of the bargain you get when you pay your electric bill. Yes, you're really getting twice as much electricity for your money as you did fifteen years ago, despite the fact that most other commodities cost much more than they used to. Business-managed, tax-paying electric companies are continually striving to keep on supplying the dependable electric service you now enjoy at such a low cost.

Modern Gas and Electric Ranges Stress Convenience

WHETHER you buy a gas or electric range, you'll find that each has special advantages. Joan Miller tells rural homemakers in nationally circulated Capper's Farmer.

"Which ever type you select," she writes in the farm magazine read by 1,250,000 rural families, "you

A deep-well cooker plus large unit and two of average size give ample space for meal preparation on top of electric range shown above. Automatic timer may be set to snap oven heat on and off. Staggered automatic lighting burners, including an extra-large one, are a feature on range for either gas or liquefied gas shown at left. Broiler has metal tray which may be used for serving.

will find that generally the new ranges are convenient for quick metal preparation. They are good looking pieces of equipment which are easily kept clean.

Purchasing a range made by an established, reliable company is your insurance of a good quality product, she continues. But it pays to notice or ask about these construction points:

Top-of-range burners or heating units should be spaced far enough apart so they'll accommodate large pans or kettles.

The oven should be placed where most convenient to reach and use.

The broiler also should be conveniently located for placement of food.

For ease in cleaning, look for porcelain enamel, inside and out.

Toe space is important at bottom front edge of range for greater comfort when standing in front of it.

In gas ranges look for Certified Performance models which are automatic.

In liquefied gas ranges, check on whether the specified fuel has been odorized. This makes for easy detection of leaks.

Thanks, to My Friends

I want to thank each and every one of you for all the nice things done for me while in the hospital and at home. May God bless all of you. Mrs. J.A. Elliott.
