Football Boys To Camp

C. E. McDonald, football coach, will take the football boys to Foster Park (Tankersley) next week.

Planning to go are Norvin W. Brown, Bobby King, Billy Hudson, Jackie Tweedle, R.T. Smith, Norman Butler, R. B. Mitchell, Harold Baker, Billy Ralph Bynum, Humpty Dees, Duard Grosshans, and the following eighth graders: Elroy and Leroy Butler, Edwin Aiken, Jr., and Bob Mitchell.

Coach McDonald says that any boys interested in football to get in touch with him if they wish to go to the camp. There will be a camp cook provided, and the boys will need only a camp cot and eating utensils.

McDonald said he planned to work out the boys twice daily—at 6:00 a. m. and 5:30 p. m. The boys may swim, fish or hike in their leisure time.

Coach McDonald and assistant coach G.W. Tillerson will go to a district meeting in Big Spring next Saturday to arrange for the coming football schedule.

Harold Emery has been discharged from the U. S. Marines, and visited relatives and friends here last week.

Politics Makes Strange, Etc.

Peculiar deals involving congressional war profiteering revive similar shenanigans by legislators in the past. About a century ago a group of business men borrowed \$200,000 and incorporated the Central Pacific railroad. Then they used the 200Gs to bribe congressmen to steal railroad franchises. The 200Gs eventually secured land grants for 9,000,000 acres and a federal loan of \$27,000,000!

The swindlers became rich and powerful railroad owners without investing a penny of their own money!

The Tweed Ring was the most corrupt gang that ever afflicted New York. Boss Tweed filched millions via bribery and legalistic hocus-pocus—until he was finally put behind bars. But Tweed beat the rap many times. After one grand jury failed to dig up enough evidence to indict Tweed, an editorialist wrote that it reminded him of the man who had been discovered dead and the jury was puzzled as to what caused his death.

The jury finally issued this report: "It was an act of God under very suspicious circumstances."

Capitol Hill now is burdened with too many demagogues. But the current batch aren't gifted with Huey Long's evil talent. He was a wily rat. . . . A reporter once saw a page from a Huey Long address. Various instructions were penciled in the margins. Such as "pause here," and "use angry fist gesture," etc.

At the end of one long paragraph, the following was scribbled in capital letters: "Argument weak here. Yell like hell!"

One machine in the East doesn't miss a vote-getting trick. The boss sends toys to children of voters. He uses expensive chauffeured cars to bring voters to the polls. And on Election day he sends nurses to take care of tots while mothers vote.

No one ever has estimated how much money grafting officials have filched. But the sum reaches astronomical figures. One fact will give you a faint idea of the rooking that the public has taken—and still is taking. When Tammany was riding high its take during one year was \$75,000,000.

T. J. Sherrod, 95, Dies

Thomas J. Sherrod, 95, a resident of Sterling City for 57 years, died in a San Angelo hospital at 9:45 Sunday morning following an illness of about a week.

Funeral services were held at the First Baptist Church Monday afternoon, with Rev. W. J. McCawley, pastor, officiating. Lowe Funeral Directors were in charge of arrangements. Burial was in Montvale Cemetery.

Pallbearers were D. D. Garrett, Taylor Garrett, Frank Cole, Vern Davis, Seth Bailey, and Lee Hunt.

Mr. Sherrod, a retired rancher, was born in Mississippi January 12, 1851.

Survivors include one son, E. P. Sherrod of Toyah; three daughters, Mrs. Cassie McCollum of Sterling City, Mrs. Freba House of Midland and Mrs. Vera Fordson of Brownwood; and two brothers, J. M. of Lubbock and F. M. of Tahoka.

Clyde Davis went after Mrs. Davis the first part of this week. She had been in the Medical Arts Hospital in Dallas the past two weeks. It is rumored that Clyde will accept delivery on a new Hudson car while he is away.

The influence of corrupt political bosses on national affairs cannot be overestimated. Many lawmakers are merely errand boys for local ward heelers. A reporter recently snapped: "This is truly a mechanical age. Even public officials are frequently machine made."

All is fair in love, war and politics. Sen. George Norris' political opponents once persuaded a grocer named George Norris to enter the primary against the U. S. senator. The Big Idea was to confuse voters by having similar names on the ballots. But the scheme was called off when it was spotlighted by the press.

Mark Twain used his pungent pen to attack the shady schemes of Tammany. The death of a Tammany leader inspired one of Twain's famed quips: "I refused to attend his funeral. But I wrote a very nice letter explaining that I approved of it!"

New York Side-Show: He started working for a Wall Streeter nearly a year ago. . . . Under the impression his employer was wealthy. . . . He practiced forging the boss' signature. . . . After 10 months or so—he tried passing a check "signed" with the employer's name—to see if it worked. . . . He wrote it out for only \$50. . . . It came back marked "Insufficient Funds!"

Mussolini's daughter, Edda, who has been "amnestied" by Italy, has applied for entry into Argentina because there's no spot in Italy where she would be welcome. But the passport hasn't been okayed yet. . . . Belgian monarchists are perturbed over the 16-year-old crown prince of Belgium, who would prefer entering a monastery to assuming the throne, if the king (as expected) abdicates. . . . The most quoted gag (in the foreign bars in Shanghai) goes this way: "The Russians will probably obtain the atomic bomb in the Shanghai market." . . . Los Angeles, they say, is being flooded with phony ten spots.

Mrs. M. Falkenburg (Jinx's mother) will follow in her daughter's footsteps and become a Conover model! . . . Irving Berlin has two songs on the Hit Parade at once! . . . Doris Duke shoves off for Honolulu shortly, accompanied by a boogie-woogie teacher. She will spurn the offer of a fashion mag post in Paree! . . . A famed photo mag is dropping 20 p. c. of its roster, as is a big N. Y. ayem paper. . . . A mobster, who tells the underworld the mayor "crossed him," threatens to erase him when he gets out.

Miss Lucille Hodges (6th grade) has a bachelor's degree from Texas Tech at Lubbock.

Miss Nettie McMaster, teacher of the 5th grade, has a B. A. degree from A. & I. in Kingsville.

Miss Marian Rawlings (4th grade) is a graduate of N.T.S.T.C. at Denton with a bachelor's degree. She will teach physical education in the intermediate grades in addition to her fourth grade work.

Miss Mary Crossno, 3rd grade teacher, North Texas State Teachers College and Southwest Texas State Teachers College.

Mrs. A.A. Berryman (2nd grade) has studied at Stephen F. Austin College, Texas A. & M. and Abilene Christian College.

Mrs. Fay Little Brown (1st grade) has a bachelor's degree from E.T.S.T.C. at Commerce.

Mrs. Ed. H. Lovelace will be the public school music instructor.

Mrs. Lovelace attended Georgia State College for Women, Agnes Scott College and Atlanta Conservatory.

Mr. and Mrs. C. C. Ainsworth have returned from a 5-week's vacation spent at Rockport, Texas on the coast. Clell got in some deep sea fishing and lost his tackle with one big one.

Mrs. Nick Reed was returned home Wednesday from a San Angelo hospital following a two-week's stay at the hospital.

R. E. (Peppy) BLOUNT, Jr.

Blount Next Representative

Ralph E. Blount, Jr. beat state representative Cecil H. Barnes by some 800 votes in last Saturday's election. Blount, a returned Air Forces bomber pilot and Texas University student, is from Big Spring. He is making his debut in politics.

Lions Shown Snake-bite Treatment

A.T. Bratton, assisted by Seth Bailey and Roland Lowe, gave a demonstration of how to treat snake bites at the Lions club luncheon Wednesday. Lion Lowe was the "victim".

The prize went to J. T. Davis. Chesley McDonald gave a reume of the recreational program. He said that the football field should be lighted soon.

Marvin Long was a guest.

No Union Service Sunday

Due to the Labor Day week-end and the fact that many people will be out of town there will be no Union Services at the tabernacle Sunday night. These services will be resumed September 8th at 8:00 p. m.

Rev. B.B. Hestir is vacation and there will be no preaching services at the Presbyterian Church Sunday.

Ed. H. Lovelace, pastor of the Methodist Church, announces that he will preach here Sunday morning and at Water Valley Sunday night.

Sterling Election Results

Sterling County voted the winning ticket straight in the state and district races in last Saturday's Democratic run-off.

The votes were cast as follows:

For Governor: Homer P. Rainey 50, Beauford Jester 186.

For Lieutenant Governor: Allan Shivers 136, Boyce House 96.

For Commissioner of Agriculture: R.E. McDonald 112, J. E. McDonald 119.

For Judge of Court of Criminal Appeals: Jesse Owens 99, Tom L. Beauchamp 128.

For State Representative, 91st District: Ralph E. Blount, Jr. 125, Cecil H. Barnes 109.

The Sterling voters picked the winners all the way through.

Hallmark-Smith Wedding

Miss Billie Sue Hallmark of Sterling City and James Smith of Sonora were married in the First Baptist parsonage in San Angelo Thursday evening of last week. The Rev. A. C. Donath, pastor, read the double ring ceremony in his home.

The bride, daughter of Mrs. Bernice Hallmark, and Bill Hallmark of Sterling City, wore a white street length dress and black accessories. Her corsage was fashioned of red carnations.

The couple went on a short wedding trip following the ceremony. For traveling the bride chose a blue suit with white accessories. Mr. and Mrs. Smith will make their home in Sonora, where Mr. Smith, son of M. W. Smith, is employed with a seismograph crew.

Out of town wedding guests were Mr. and Mrs. Eugene Blackburn of Sterling City.

.6 Inch Rainfall

With two or three sprinkles, a total of six-tenth inch rain was recorded here at the J. T. Davis gauge this week. Other parts of the county reported up to an inch and one-half.

The showers had covered most of West Texas, and at the time this is being printed (Thursday afternoon) it still seems that heavy rains might break the drouth. We would say more, but we might scare the clouds away.

HOUSE JOINT RESOLUTION
proposing an Amendment to Article III of the Constitution of the State of Texas by the addition of a new Section to be known as Section 49-b, creating a Veterans Land Board and establishing a Veterans Land Fund; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 49-b which shall read as follows:

Section 49-b. There is hereby created a Board to be known as the Veterans Land Board, which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. The Legislature shall provide by law for the issuance by said Board of not to exceed Twenty-five Million Dollars (\$25,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas in such form, denominations, and upon such terms as shall be prescribed by law; provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum.

In the sale of any such bonds a preferential right of purchase shall be given to the administrators of the various teacher retirement funds, the Permanent University Funds, and the Permanent Free School Funds, such bonds to be issued only as needed, in the opinion of the Veterans Land Board under legislative authorization.

The Veterans Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated: (a) lands owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System, or any other governmental agency of the State of Texas; or (c) owned by any person, firm, or corporation.

All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of the Veterans Land Fund.

The lands of the Veterans Land Fund shall be sold by the State to Texas Veterans of the present war or wars, commonly known as World War II, in such quantities, and on such terms, and at such prices and under such regulations as may be prescribed by law; provided, however, that any such lands remaining unsold at the expiration of eight (8) years from the effective date of this Amendment may be sold to anyone as shall be prescribed by law.

All moneys received and which have been received and which have not been used for repurchase of land as provided herein by the Veterans Land Board from the sale of lands and for interest on deferred payments shall be credited to the Veterans Land Fund for use in purchasing additional lands to be sold to Texas Veterans of World War II. In like manner as shall be provided for the sale of lands purchased with the proceeds from the sale of the bonds, provided for herein, for a period of eight (8) years from the effective date of this Amendment; provided, however, that so much of such moneys as may be necessary to pay interest on the bonds herein provided for shall be set aside for that purpose. After eight (8) years from the effective date of this Amendment, all moneys received by the Veterans Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of said bonds and for interest thereon, and any of such moneys not so needed shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the first Thursday in November, 1946, at which election all voters favoring the proposed amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veterans Land Board for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veterans Land Board for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determination of such result and the Governor's proclamation thereof.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

Sec. 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

Notice

Acting by virtue of order of the Commissioners' Court of Sterling County, Texas, made on the 12th day of August, 1946, notice is hereby given that a public hearing will be had on the budget of Sterling County, Texas, as prepared for the year 1947, at 10:00 o'clock A. FOR SOUP AS YOU LIKE IT—HOME CAN IT!

—Photo Courtesy Ball Bros. Co.

The war years taught almost everybody something about home canning. Because of the emergency, emphasis was placed on basic spoilage-preventing rules and on quantity rather than individuality. Now the time has come when more thought can be given to selecting, preparing, seasoning, and canning foods as YOU, not someone else, may like them.

Canning rules cannot be ignored, but standardization of flavors and seasonings has no place in the food preservation program of the homemaker who exercises the privilege of setting her own food standards. Naturally those standards should be high, furthermore the taste preferences of those who share the food must be considered.

Take the matter of soup. Once you get the habit of using your own brand prepared and seasoned as you like it, you will never want any other.

Nothing quite takes the place of a really wonderful home-made vegetable soup. Our favorite recipe for canning it contains no cabbage, no turnip, no onion, because we are like G.I. Joe—we don't like THAT canned soup taste and odor. But if that's what you like, put the cabbage in, turnips too, but if they go in, other things might as well stay out because these strong vegeta-

bles overpower all the more delicate flavors. However, a slice or two of onion added when the soup is put on to heat for about fifteen minutes for serving, gives a fresh out-of-the-garden flavor.

The Vegetable Mixture may be thinned with milk or water before heated for serving, but is much better when thinned with meat stock or broth. Vegetable soup gets along all right without garnish, but if it is to be the mainstay of a lunch or supper, you might like a piece of toast covered with grated cheese floating in each bowl. Crackers or bread sticks are usually served with vegetable soup but our choice is midget corn pones, about two inches long, crusty and hot.

Gladys Kimbrough, editor of the famous Ball Blue Book of canning

and preservation recipes, gave us her favorite recipe for vegetable soup. It is:

- 5 quarts chopped tomatoes
- 2 quarts sliced okra or
- 2 quarts small green lima beans
- 2 quarts corn
- 2 tablespoons sugar
- 2 tablespoons salt

Cook tomatoes until soft, then press through sieve to remove skin and seed. Add other ingredients and cook until thick. Pour into hot jars. Process 60 minutes at 10 pounds pressure.

"Odds and Ends" Usable

Miss Kimbrough also told us that many people like to put "all the odds and ends" they can find in the garden in the soup, and she thinks that's all right if that's the way one wants it. It seems that all you do is: prepare the vegetables and boil them five or ten minutes with water to cover or with tomatoes which have been skinned and chopped. Season with salt and pepper. Pour boiling hot into hot jars. Process for the time required for the vegetable (in the soup) requiring longest processing time.

Snood Nets Enhance Smart Hair Styles

NETS for the smart coiffures of feminine heads know no age, the Rural Home editor of nationally circulated Capper's Farmer points out.

For the young mother, busy from sunup to sundown with her youngsters, the snood net shown in the accompanying illustration offers a wise hair style, this expert declares. It is one of the types designed by Lily Dache. Tied with ribbons, it stays in place, insuring a sleek look all day long.

Whether the wearer is a junior miss or matron, she will find a net

to enhance her hair-do. A teenager ready for any party pulls her hair smoothly back from her face and covers the roll with a snood net trimmed with a bow to match her blouse. A smart girl on a coke date can win approving looks with a bright red net accented by a cross-grain ribbon headband.

For a mature woman achieving elegance with an upswept coiffure, two mesh nets are suggested. One goes over hair in back to keep it neat. The other can cover her soft front curls. A young matron who fashions her own head gear for spring will tie on a green snood with two green bows. Spring flowers will provide softening touches on the sides.

An Important Announcement To Everyone Who Wants Fine Silverware

GOOD NEWS! You won't have to postpone buying your silverware because of price inflation. The International Silver Company has just advised us that they contemplate NO PRICE INCREASES on their famous nationally advertised brands in 1946.

They believe, as we do, that fine silverware should be kept within the reach of everyone; and in spite of mounting costs they are determined to keep prices down. Just for the record, that's OUR policy too.

Simplified Shopping For Home Furnishings

GOOD news for rural families is the announcement that home furnishings in properly matching and contrasting colors soon will be available, the Rural Home Editor of nationally-circulated Capper's Farmer points out.

More than 200 manufacturers have formed the Home Furnishings Style Council. All of them will use the same nine basic colors in designing certain lines of their merchandise.

For homemakers this means simplified shopping for everything from floor coverings through furnishings, drapery materials, linoleum, upholstery, Venetian blinds, paint and wall papers, points out this Capper's Farmer expert.

Colors were chosen according to those most popular for homes today and named after sections of the United States. They are green (Shenandoah Group), tan (Alamo Group), mauve (Prairie Group), rose (Grand Canyon Group), gray (Great Smoky Group), cedar (Santa Fe Group), blue (Great Lakes Group), burgundy (Adirondack Group), and beige (Cape Cod Group). Each group has been broken down into tones and shades from the lightest to the darkest values.

Some of these items are already available, but many stores may not have them until September.

Summary of Soil Conservation

A summary of progress in range improvement throughout the North Concho River Soil Conservation District was presented to the Board of Supervisors at their August meeting by range conservationists A. T. Bratton and R. J. Pederson.

The supervisors requested an inventory of progress in range conservation in an effort to evaluate the progress being made during one of the most adverse years in the history of West Texas.

In reporting the progress nine ranches comprising 50,000 acres were summarized as follows: 40 per cent showed improved range condition, 30 per cent has maintained the same condition, and 30 per cent shows slight to moderate deterioration as compared to range conditions at the time of the original range inventories in 1942 and 1943. The rainfall for 1942 to 1945 inclusive was below average every year, and during the first seven months of 1946 the District average was only 3.5 inches. It is recognized that weather conditions have been generally unfavorable for rapid range improvement since the district began operation in 1942, however, it is the opinion of the supervisors that these inventories will reveal valuable information to both cooperators and to the district. As the inventories progress and when results are totaled for all cooperating ranches, a more accurate picture of range improvement and future district needs will be made available for use by ranchers throughout the district.

Density, vigor and composition of range vegetation are the main factors considered in making the inventories. These factors are all variable, being affected principally by rainfall and by livestock use. Rainfall is an intangible factor over which we have no control, however adjustment of the use of the range in proportion to the yield of the more palatable grasses such as side oats grama, hairy grama and buffalo will help to maintain density, vigor, and desirable composition during dry years and assure maximum production of good feed during higher rainfall years.
