Football Season Opens Today; Game at 3 p.m.

Eagles Engage Coahoma

The 6-man Sterling High School Eagles engage the Coahoma football champs in the first game of the season here this afternoon at 3 p. m. on the local field.

The Coahoma team won the bi-district title last year and lost only one man.

Coach Chesley McDonald has been working his team pretty hard and they are ready to go against Coahoma. McDonald has practically no reserves and his team doesn't have the experience of a seasoned veteran team. The Sterling boys are determined to put up a real fight and the game will be a good one.

It is hoped that a good crowd will turn out for the game.

Jackie Tweedle will captain the Eagles and Billy Vern Davis will act as co-captain.

The Eagle line-up probably will be as follows:

LE-Norvin Brown
C-R. T. Smith
RE Billy Hudson
L H-Jackie Tweedle
RH-Billy Vern Davis

Attend Feed Meeting

J. T. Davis, local rancher, and Vestal Askew, TSGRA secretary, attended a meeting in Amarillo last week-end with directors of the Protein Committee, the Cattle Raisers Association, the Cottonseed Crushers Association to discuss the protein feed situation. The group discussed ceilings and possible decontrol action to make it profitable for the crushers to realize a profit from processing. Right now the mills can't afford to pay the price for seeds and sell the processed feed at the ceiling price. Davis said he had hopes resulting from this meeting and also one this week with Secretary of Agriculture Anderson with a view of decontrol of ceiling prices on all oil-bearing seeds such as cotton seed, soy beans, etc.

Davis said that he was informed that there was the best wheat crop on the upper plains ever and some are now ready for winter grazing. He predicts a big demand for stocker cattle and lambs rightaway. He and Askew, representing the TSGRA, flew to Amarillo and returned by the Pioneer Air Lines of San Angelo.

DWI Case Thursday

Roy L. Eledge was fined \$50 and costs in County Court here Thursday morning on a charge of driving while intoxicated. His driver's license was suspended for six months.

A. T. Bratton, a soil conservation employee here at the local office, attended a 4-state zone meeting of soil conservationists in Lawton, Okla. the first part of this week.

Dist. Governor Speaks to Lions

E. C. Grindstaff, Lions District Governor, made the principal address of the evening at the ladies night event of the Lions Club here Wednesday night.

E. C. Grindstaff, District Governor of 2-A, Lions International, is one of the best known Lions in the state of Texas due to his widespread activities in behalf of Lionism throughout the state. He was elected to his high position at the district convention in San Angelo last May without a dissenting vote among the more than 60 clubs in the entire district.

The general committee to plan for the event was composed of J. T. Davis, Herman Carter and S. M. Bailey. The food committee was composed of W. R. Hudson, Joe Emery, Vern Davis, Henton Emery and H. L. Hildebrand. The program committee was composed of Ed. Lovelace, Mrs. Ed. Lovelace and Mrs. Tommie Johnson. Comprising the salads and pie committee were Mrs. H. L. Hildebrand, Mrs. Joe Emery and Mrs. Tommie Johnson.

Grindstaff spoke on "Raising the Value of Things About Us". Ed Lovelace led the group in singing several songs. A REA film was shown.

Out of town guests included Mr. and Mrs. Grindstaff and Mr. and Mrs. J. W. Peurifoy, all of Ballinger.

Big Spring Auction Ring Sales

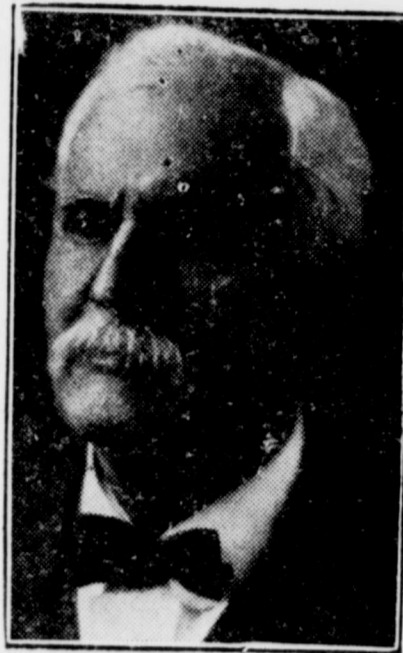

The regular Tuesday livestock auction sale at the West Texas Livestock Auction Co. in Big Spring last week totaled \$65,000.00 net income to producers.

The ceiling price was \$19.25 on cattle and \$15.50 on hogs.

The results were as follows: Herford Cows & Calves-\$110.00 to \$135.00; Mixed Cows & Calves-\$80.00 to \$118.00; Stocker Cows-\$8.50 to \$11.00; Stocker Steer Yearlings-\$14.00 to \$15.75; Stocker Heifer Yearling-\$13.50 to \$14.50; Stocker Heifer Calves-\$14.50 to \$15.75; Stocker Steer Calves-\$15.00 to \$16.75; Fat Yearlings-\$15.00 to \$17.50; Fat Calves-\$15.00 to \$19.25 (Ceiling); Fat Cows-\$10.50 to \$16.20; Canner & Cutter Cows-\$6.00 to \$8.50; Bulls-\$10.50 to \$12.00; Hogs-\$15.50 (Ceiling).

Henton Emery, deputy sheriff, arrested Leo Butler of Port Arthur here last Saturday on a suspicion of car theft. After a short talk with Butler, Henton said that the boy told him that he stole the car off a used car lot in Port Arthur. Butler told Emery that officers in Beeville kept him in jail several days on a suspicion of stealing the 1940 Dodge coupe, but finally let him go.

Sterling City received .95 inches of rain last week-end and a good shower on Monday of this week. The rains were general over the whole county.

B. F. BROWN

Judge Brown 93 Years Old

Open house was held Sunday afternoon honoring Judge B. F. Brown on his 93rd birthday anniversary with his children as hosts and hostesses, at the home of his son-in-law and daughter, Mr. and Mrs. H. L. Pearce, where he has made his home.

Born Sept. 15, 1853, in Jasper County, Tenn., Judge Brown came with his pioneer parents to Texas when only four year of age. He remembers hazards and privations of those years in Denton County where his father founded and named the town of Bolwar. He married Miss Sallie Smith and they came to Sterling County and settled on the Divide.

Five children were born: Ruel Brown of Sterling City, Jerry of Brady, Mrs. Jim McCabe and Mrs. H. L. Pearce, both of Sterling City; and Mrs. Fred McCabe of Robert Lee. He has 11 grandchildren, one who is living in Caracas, Venezuela, South America, and eight great-grandchildren.

Judge Brown has lived in Texas 89 years and in Sterling County 41, and is the oldest resident in this county. He was elected county judge in 1910 and served until 1916. He was re-elected in 1920, serving until 1933.

He says it is interesting to note the living standards of today and those of 70 years ago. Judge Brown has been a member of the First Methodist Church for 81 years, and is a trustee of the church. He still makes out his reports and turns them in.

At the open house in the afternoon the grandchildren and in-laws assisted in the entertaining.

A Mason since June 23, 1877, Judge Brown has been a Master Mason since 1889. He got the first 50 year pin that was put out by the Grand Lodge, and served as Deputy District Grand Master, Grand High Priest of the Grand Royal Arch Chapter, Grand Master of the Grand Council of Royal and Select Masters, Master Elect of Grand high Priest of Grand Council of Anointed High Priest, and Grand Representative of the Grand Chapter of Quebec, Canada, as well as many other offices in the Masons.

Welch Open Cafe

Mr. and Mrs. W. B. Welch have bought out J. T. Conger's cafe in the Earl Bailey building and began operating it last Saturday. They are keeping the place open all day and all night. Mrs. D. P. Glass helps with the cooking in the day time and Mr. and Mrs. Bob Harris keep it open at night.

Locker Plant Nearly Ready

The Frozen Food Locker Plant is just about ready to open, said Louis Bade, one of the owners. He could not be definite as to the actual opening day (because past delays of material have taught him a lesson).

If you want to lease one of the lockers for \$18.00 a year rental, put up your check at the bank for such deposit. When your keys are given you there will be a \$1.00 deposit on them per box. That amount will be returned when you relinquish the box and keys.

The utilities men were to test the locker rooms for correct temperature and possible leaks this week.

The plant will slaughter calves, pigs, lambs, goats, etc. for the public and and prepare the cuts and freeze them-putting the wrapped packages in the leaseholder's box.

Most of the merchants have signed up to close from 3 p. m. to 5 p. m. Friday for the Coahoma game.

J. H. and Harold McCabe have gone to Colorado this week on business.

Editor's Note: While Winchell is on vacation, Jack Lait is acting as guest columnist.

Recriminations, Reflections—

Ruthless, rapacious James Caesar Petrillo seems hell-bent to wreck the nightclubs of New York, which cannot meet his latest demands and live. . . Petrillo hasn't been getting his name in the papers lately, and has apparently decided to see to that. . . I have long observed this egomaniac. . . His union, though in the AFL, is autonomous and he is its absolute duce. . . He defies economic laws as he defies the nation's laws, which he now is doing flagrantly and blatantly — and he loves it; he loves that sensation of dictatorial arrogance: "Hah—I'm bigger than all America. Nothing can touch Petrillo. The world can't live without music—and I own the music. I have millions of dollars and don't account to anybody. My voiceless fiddlers and drummers and horn-blowers worship me. Congress passes a special law just against me—and that law I break. . . So this is a republic. . . No king. . . What a laugh!"

Meyer Davis, the society maestro, wires me a lengthy defense of James Caesar Petrillo, who, he says, "has absolutely no jurisdiction over proposed raises in N. Y. nightclubs." He adds, "There is too much hooey about Petrillo, just because he is colorful." If that's what's the matter with Petrillo, I'm color-blind. I'm also dumb. But I retain my sense of smell!

The dynamic six-footer, Walter E. Smith, is in town again, third time in two weeks he's flown hither. . . "I got a nap in the plane," he tells me. "I hadn't been to bed in four days and nights." . . . Smith, whose hair is pretty white, is only 40. But he does more things than anyone I've ever known. . . Within the year he has bought and converted a Hollywood cafe into Tom Breneman's, run the morning breakfast broadcast there into a national sensation, had it filmed for a feature; promoted rodeos, signed Gene Autrey for five years and will publish his biography; bought a hotel and cabanas in Palm Springs; tied up "Pappy" Boyington for his book and picture rights, and has a \$150,000 Warner offer on the latter; organized a company to publish a magazine devoted

P.T.A. Meeting

President Mrs. Vern Davis presided last week when the Sterling P.T.A. held its first meeting of the current year.

Jacqueline Everitt gave several piano numbers. Mrs. Roy Foster led the P.T.A. prayer.

Mrs. O. T. Jones, program chairman, gave the plans for the year's program.

The group voted to sponsor a Halloween carnival on October 31.

Humorist at School Next Monday

J. C. Koen, artist and humorist, will present a 35 minute program at the high school auditorium next Monday, Sept. 23, announced Supt. O. T. Jones this week.

Admission is 15c and 20c for School children and 25c for adults. Every one is welcome.

Methodist Church

Church School--10:00 a. m.; Morning Service--11:00 a. m.; Preaching at Moon Chapel--3:00 p. m.; Union Service at 7:45 at the Methodist Church--Ed. H. Lovelace, preaching. U. of L. Study at 7:00 p. m.

Louis Bade had one of his eyes removed in an operation in El Paso this week. Louis' eye had been bothering him lately. The trouble happened years ago when he lost the use of one eye caused by a wire clipping injuring the ball.

Mr. and Mrs. Wayne Waldrip and baby son were here last week visiting Mrs. Waldrip's mother, Mrs. Walter Lee, and other relatives. Mrs. Waldrip is the former Beth Lee. The Waldrips are moving to Huntsville, Arkansas, where they have bought a farm.

to western movies; incorporated a company to produce Nils T. Grandlund's picture, "Rhythm Ranch"; bought Chestertown, favorite in the Hambletonian, for \$40,000, highest price ever paid for a trotter, to add to his large stable; founded the association which converted Santa Anita to trotting; conducts the largest enterprise in the West making aluminum furniture and luggage. . . And nobody can play harder than he—or work half as hard.

Durocher, says Lew Parker, acts as though he were fighting Joe Louis, not St. Louis!

Lt. Col. Gregory (Pappy) Boyington's book is finished and in the hands of the busy Walter E. Smith, who seems to have about eight hands. Not only will Smith publish, but he'll do the movie himself, as an independent, perhaps as a road-show entry. Admiral Nimitz has offered Smith any fleet facilities required for the screen adaptation. The title, first time announced anywhere, is "Where Are We Now?"

Even Stalin's spies don't know — Margaret Truman's calls from Missouri to Washington are person-to-person — and the person is Marvin Coles, counsel for the merchant marine!

Gwendolyn Stone is a beautiful and talented dancer. . . She has appeared in several west coast revue creations and in films, including "Night and Day." . . No one seeing her would imagine that she is a deaf mute and has been since childhood. . . She picks up rhythms with her feet, via vibrations. . . She takes direction and cues by unfailing lip-reading.

Soapless Soaps Ease Household Chores

AN INCREASING number of farm women are using soapless soaps or wetting agents to help them in a variety of household tasks, an article in nationally-circulated Capper's Farmer points out. These wetting agents usually come in very granular form and are proving superior to ordinary soaps because they actually do double duty—soften water and cleanse—the magazine declares. Formulation of scum by soap in hard water is a characteristic common to all soaps, but not to wetting agents. The substance in these synthetic detergents combines minerals in hard water to make salts dissolve, instead of making the curd-like substance or scum which is an insoluble salt, the article explains.

Giving better contact between the washing solution and surface to be cleaned, these wetting agents get a material or surface wetter and do it quickly. Near neutral in reaction, instead of alkaline, the wetting agents are most effective for cleansing milk utensils and separators.

Soapless soaps cut separator cleaning time.

Among numerous uses in which these wetting agents are being employed, says the magazine read by 1,300,000 farm families, are: dish-washing, fabric-washing, including woollens, blankets and sweaters, window-washing, family car washing, washing fabrics on furniture, washing milk buckets and separators.

Home Water Treatment

A phosphate compound, Micromet, and a feeder to add the compound in right amounts to water will prevent scale and control corrosion in a household water system, writes the Rural Home editor of nationally-circulated Capper's Farmer. It also helps prevent "rusty water" caused by iron. The feeder device is installed in a vertical position on cold water intake line of water heater. After the initial charge of one pound of Micromet, only one fourth pound needs to be poured into feeder each month, says the magazine read by 1,300,000 farm families.

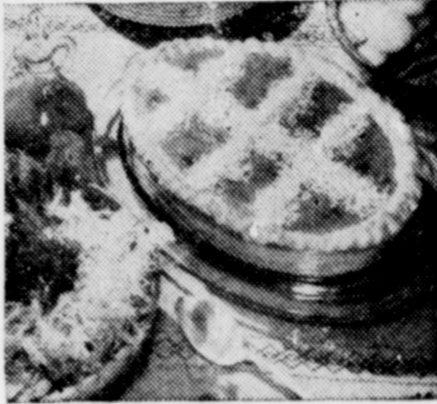

Added window brightness obtained with wetting agents.

Salmon-Tomato Pie Has Taste Appeal

There's true flavor teamwork when salmon and tomatoes are combined in a pie shell, writes Marjorie Griffin, Rural Home editor of nationally-circulated Capper's Farmer.

"If you are short on time, dispense with the crust," she advises homemakers in the magazine read by 1,300,000 farm families. "Just have a fish and vegetable casserole. Grated cheese is a delightful topping."

TOMATO-SALMON PIE

- 3 tbsp. chopped onion
- 1/4 c. chopped green pepper
- 1/4 c. margarine
- 2 1/2 c. canned tomatoes
- 3 tbsp. flour
- 1/4 tsp. salt
- 1/8 tsp. pepper
- 2 tsp. sugar
- 1 1/2-lb. can salmon
- grated cheese
- 1 unbaked pie crust

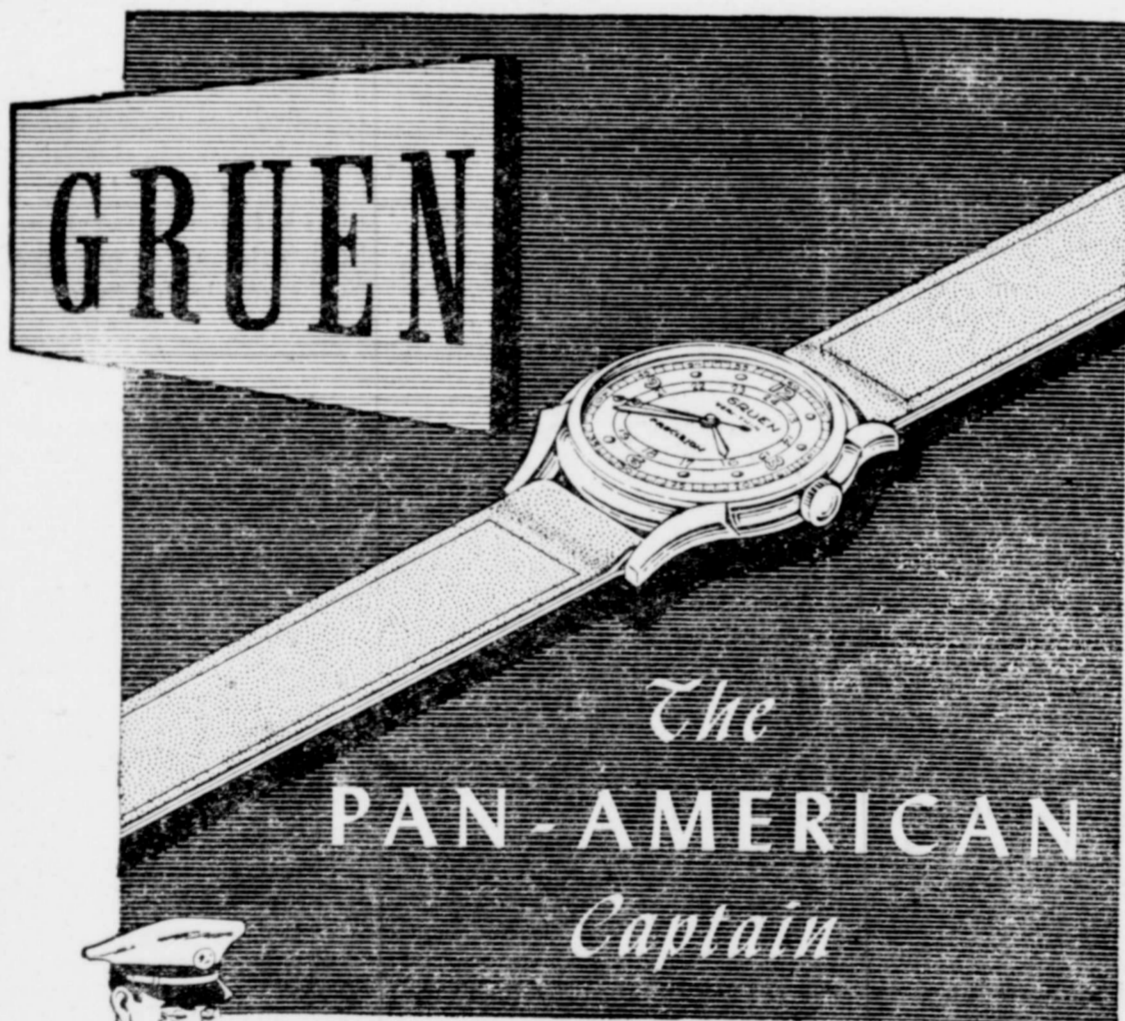

Saute onion and green pepper in margarine. Add the tomatoes, flour, seasonings and sugar. Cook about 15 minutes. Fit pie crust into baking dish; spread salmon over top of it. Cover with the tomato sauce. Bake at 400° F. for 20 to 25 minutes.

Long Distance Calling Sets Record

Greater Than During The War

The Long Distance lines and wide, so that great amounts of switchboards of San Angelo Telephone Co. are handling the great-est load of calls in their history—greater than during the War — provided to take care of the needs of every available line and piece of apparatus have been used to handle this increased load, but we're still short of equipment. The tremendous increase in long distance calling is nation-

wide, so that great amounts of telephone equipment are needed almost everywhere. It will be some time before enough can be provided to take care of the needs of every community. Thanks for your understanding and patience—as soon as we can secure the equipment we will give you faster and better service.

Practical Gifts Best Suited for New Baby

YOUNG mothers receiving gifts for their new babies, plead for those that are practical, according to Catherine Tidemanson in an article in nationally circulated Capper's Farmer.

"Too often gifts are chosen because they are clever and cute," she writes in the magazine read by 1,300,000 farm families.

"Mothers appreciate gifts of shirts, nighties and suits of clothing in 1- to 3-year-old size that the child can grow into. Also useful are simple, durable toys that can be boiled. Sterilizers and bottle warmers and blankets are especially practical.

"In the furniture line for babies, one of the popular new pieces is a high chair which can be converted into a small playpen.

"Homemade gifts for the new baby add a special touch. Even if you're a beginning knitter, tiny in-

fant clothing will be easy to make." Among other gift suggestions for the baby which mothers have found practical, she adds, are rubber panties, sleepers, sweaters for the child to grow into. Custard cups for heating food, funnels, glass cups or pint measuring cups marked in ounces, juice squeezers, small strainers and tongs will help mother in the kitchen.

Toys may not be useful at first, but the child soon will be old enough to appreciate them. Teething rings, beads, waterproof soft balls, wooden cymbals and rattles are nice gifts. When buying toys, the writer admonishes, take care there are no sharp corners or removable parts that could cause injury to the child.

The time of the year the child is born should always be considered in selecting the most appropriate gifts, the writer concludes.

Ancient Goose

RALEIGH, N. C.—Human friendships rarely endure as long as the one existing between Mrs. LeRoy, (Ma), Franklin and her goose, "Bertha." Mrs. Franklin, who lives in the shadow of ancient Grandfather mountain in North Carolina, is 85 years old. "Bertha" is 58. Mrs. Franklin is sure of "Bertha's" age because she was hatched from an egg the same day one of Mrs. Franklin's sons was born. Last year the ancient goose decided she would like to have some offspring, so she climbed aboard some eggs and hatched out four goslings.

Your BABY.

By Edna Mae McIntosh

Frequently, the first problem which new parents encounter is Baby's crying. There are always friends and relatives who warn against picking up the Baby when he cries — on the theory that picking him up will "spoil" him. These well-meaning individuals do not realize Baby's need for comfort and security . . . the importance of the "Mother-infant" relationship. Of course, every baby should cry a little each day — it develops the lungs and helps breathing. But psychiatrists warn against allowing Baby to cry for more than five minutes — because this is apt to cause tension and exhaustion. One of the foremost reasons why Baby cries is hunger. And . . . if he is allowed to cry too long, it will only make him hungrier — or else too exhausted to take his food. Quite often this indication of hunger means that Baby is ready for more than just his milk or formula . . . and the addition of a special Baby Food will satisfy him. One of the first foods given Baby is cereal, and there are three special strained, prepared Baby Cereals available — each containing added Iron and the "B" vitamins babies need for growth and development. Serve all three cereals to your Baby — you'll find he likes variety in his diet, too!

Baby Quiz

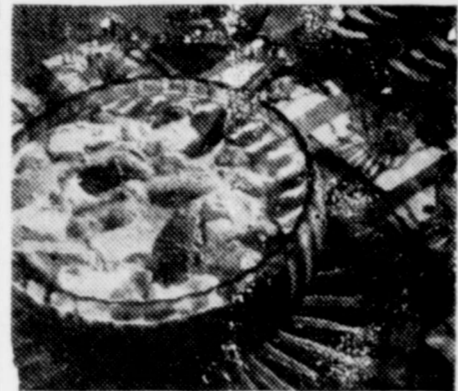

How long should it take Baby to eat his meal?

Give your Baby plenty of time to enjoy his food, but not enough time to dawdle. Usually 20 to 30 minutes is sufficient.

Pudding Ice Cream Keeps Family Happy

It's easy to keep the family happy with plenty of ice cream, what with a modern refrigerator and a supply of fruit and cream, honey or sirup on hand, according to the Country Cooking editor of nationally circulated Capper's Farmer.

The recipe for Pudding Ice Cream below, won first prize in the recent Capper's Farmer Refrigerator Dessert contest for Mrs. Bertha Oltman, Bay County, Michigan.

PUDDING ICE CREAM

1 tsp. unflavored gelatin
 3/4 cup milk
 1 1/4 c. milk
 1 pkg. vanilla pudding mix
 1/2 c. white corn sirup
 1 1/2 c. cream
 1 tsp. vanilla
 3/4 c. black walnuts

Soften gelatin in the 3/4 cup of milk. Add remaining milk to pudding mix; place over low heat and stir until it boils and thickens. Stir softened gelatin into pudding to dissolve it. Remove at once from heat. Add sirup, cream and vanilla. Pour into refrigerator trays; freeze until slightly firm. Then scrape from tray into bowl; beat with rotary beater till smooth but not melted. Stir in chopped nuts. Return to tray and freeze. Serves 6.

Uncle Sam Says

No farmer will question the link between this familiar September scene of filling up the silo and his United States Savings Bonds. Farmers must reckon with the future every moment of their lives. The crushed green corn stalks which they are storing away this month by tons will assure their livestock of winter feed. The Savings Bonds which they are also storing up will add to the security of their families.

Rip Van Winkle wakes up to a bargain!

What day is it? I mean, what year is it? My word, I've been asleep 15 years!

Yessir, I see lots of changes since 1931, but women's hats are as silly as ever! and the high cost of living is enough to send me back to sleep for another 15 years!

Gosh, look at all the new electric gadgets! When I dozed off back in the Thirties, we had electric lights and an iron and a vacuum cleaner at our house! Now we've got a refrigerator, a couple of radios (my last one was a crystal set), clocks, toaster, washer—why, everything you touch has a switch on it!

It's funny, too, with all those gadgets perking away, my electric bill isn't much more than it was 15 years ago, while everything else has gone up a lot!

(Yes, Rip Van Winkle, you're getting twice as much electricity for your money today as you did 15 years ago. It took increased usage plus plenty of skill and planning—under sound business management—to make electricity the bargain it is right now!)

'Extension Minister' Works to Strengthen Country Churches

Above, left: The Ashland Christian Church, oldest Christian Church organization west of the Mississippi river, founded in 1817, which is one of the demonstration churches in the new movement; right, Rev. Gene W. Wetherell. Below, left: Paul J. Bodard, who preaches at Sturgeon Christian Church, lives on a small farm near his church, according to the new plan.

THE nation's first "Extension Minister"—Rev. Gene W. Wetherell—operating much like the average extension specialist from the state agricultural college, is now on the job in Missouri carrying on a "Down-to-earth" program designed to strengthen the struggling churches of the country, according to Lloyd D. Miller, writing in nationally circulated Capper's Farmer.

Employed by the Bible College of Missouri, at Columbia, Mo., the Reverend Wetherell is working closely with extension people from the state college of agriculture, Mr.

Miller points out. He goes into communities to help the people get a church program started. He carries his program out into the field and sets up demonstrations so that people can see how it actually works.

Reared on a farm, Reverend Wetherell studied for the ministry on funds he earned farming.

Wherever participating churches are located, Reverend Wetherell helps local leaders make a thorough survey of community needs. He next develops a loyalty program, seeking to get every member active-

ly interested in church work. He institutes a visitation evangelism program in churches where denominations use this type of work.

A sound financial program is necessary for the successful operation of any church, so the "Extension Minister" asks his church to develop a unified budget system. He shows them how to use the Lord's Acre for supporting special projects of the church. He also suggests that churches provide their ministers with a rural parsonage and 20 acres or more where they may make part of their living.

Uncle Sam Says

I doff my hat to labor, Labor Day, not only for doing a grand job for our country in time of war but for its good sense in continuing to invest part of its earnings in U. S. Savings Bonds. Millions of my nieces and nephews discovered that ownership of U. S. Savings Bonds is an easy, effective, profitable way to save for their future. Savings Bonds are as American as Labor Day itself. Be in step with today's parades of payroll savers.

Howard County Junior College Opens Sept. 30

The Howard County Junior College will have registration of classes September 23-28 with classes beginning September 30.

The Junior College is located at the old Big Spring Bombardier School.

The College is approved by the State Department of Education and will be approved for veterans tuition and subsistence. Housing is available for veterans and non-veterans.

E. C. Dodd is president of the Colleg and Merritt J Fields is Dean.

The college offers just about any courses wanted by boys and girls in this section of Texas.

For information contact E. C. Dodd, President, Howard County Junior College, P. O. Box 1511, Big Spring, Texas.

Gift Tea Honors Mrs. Jackson Glaze, Jr.

The ladies of the First Baptist Church honored Mrs. Jackson Glaze, Jr. with a gift tea at the church basement Monday afternoon. Mrs. Glaze was Miss Lometa Wood before her recent marriage.

The center table had been decorated with pink bridal's wreath with a bride and groom statuette in the centerpiece. A bouquet of bridal's wreath adorned the piano.

Punch, cookies and mints were served. Mrs. Trinton Revell poured punch.

Mrs. Lee Augustine welcomed the guests and Mrs. Claude Collins presided at the guest book. Mrs. Clyde Everitt was at the piano during the calling hours.

Mrs. Lee Hunt and Mrs. R. A. Garrett assisted with the refreshments.

The bride was presented with a white carnation corsage. Approximately 100 ladies took part in the gift shower.

Jap Photos Just Released Show Horrors of Nagasaki 20 Hours After A-Bomb Hit

Atomic ruin is shown in these photos made by a Nagasakian weeks before our observers got in. Above, body lies in cart wreckage on concrete highway split by bomb; right, municipal officer checks casualties.

Woman air warden stands near burned body. Flash burns caused third of deaths; radiation, a fifth.

This was Nagasaki's main street 20 hours after blast. First official U. S. damage report, made public last month, concluded that most of our cities could not stand up to atomic bomb much better than Nagasaki.

Red Cross worker treats burn case on spot. Almost every living thing within 2 miles of burst died.

Nagasaki mother, with bad wound on face, nurses dying child. Casualties totaled 80,000.

Sesame Club

The Sesame Club opened with a luncheon at the State Hotel recently Miss Ethel Foster, president, opened the meeting by giving the devoting which was followed by a group singing of America.

A reading was given by Mrs. Joe Emery and Miss Foster gave the opening address.

Mrs. Riley King, chairman of the luncheon committee, was assisted by Mmes W. R. Hudson, Herman Garlington, Emery and H. A. Chapple.

Other women present were Mmes. W. E. Allen, Edwin Aiken, Robert Foster, R. E. Bynum, W. P. Meyer, F. M. Cole, W. D. Farnsworth, George Case, Kenney Garms, Lura McClellan and Minta Phillips.
