Sterling P.T.A.

Mrs. Joe Emery, sponsor, gave a talk on "Laying the Cornerstone" at the Sterling P. T. A. meeting of last week. Mrs. Edwin Aiken gave the devotional.

Entertainment was by the 3rd and 4th grades. They put on a play titled "Company for Supper" and sang "Secrets."

Assembly singing and business rounded out the program.

The P. T. A. is sponsoring the Halloween Carnival at the school on October 30.

Cattle Lice Control

During winter and spring, cattle lice cause more injury to animals than at any other time of the year. County agent J. M. Starr says that cattle lice treatment should be given in the fall.

Cattle infested with lice are unthrifty and can't keep up their own weight, the entomologists say. Another symptom is rough, coarse hair, and sometimes large bare patches appear on the neck and body where the animal has rubbed against fences and trees to relieve the irritation caused by the lice.

Both rotenone and DDT are good treatment for cattle lice. Whether you use rotenone or DDT, two treatments, 14 days apart, must be given to control the lice successfully. You can mix a spray or dip with one pound of five per cent rotenone and 10 pounds of wettable sulphur with 100 gallons of water. If you use DDT, mix four pounds of 50 per cent wettable DDT and 100 gallons of water. You'll also control lice, say the entomologists, when you treat cattle for hornflies in the spring with 25 per cent DDT. No lice treatment is necessary the following fall unless louse-infested animals are added to the herd.

Mr. and Mrs. Clyde Davis returned home Tuesday from a visit with the Charles Harrises in DeLeon and other points east.

Mrs. F. P. Fulcher and her two daughters, Mrs. Ollie Henson and Mrs. Elvie Williams, all of Alpine, visited Mrs. Fulcher's son, Aubrey Fulcher and wife, and Mrs. G. A. Stockton here this week.

Cole Ranch Home Burns

The ranch home of J. S. Cole, Jr. burned completely Monday night of this week at about 8:15 p. m. Only a few items were saved, said J. S.

The Coles were showing comedy films to the children, and the fire started from a water heater in the children's room. Cack said he smelled smoke as he started to the kitchen and when he looked into the children's room it was blazing good.

The ranch house located 18 miles northwest on the Big Spring highway was a total loss. A mattress, some camera equipment and a few other items were saved.

Cack had his camera equipment and fishing tackle insured.

Total fire damage was estimated to be \$15,000.00 said Cack.

Foster-Reeves Wedding

Miss Jo Reeves and Jesse Q. Foster were united in marriage Friday evening at 7 o'clock at the ranch home of the bridegroom's parents, Mr. and Mrs. Lester Foster. The bride is the daughter of Mr. and Mrs. J. D. Reeves.

Mr. Reeves gave his daughter in marriage and Mrs. Finis Westbrook was matron of honor. William L. Foster, 3rd brother of the bridegroom, was best man.

The bride wore an aqua crepe dress and hat, with black accessories and a white orchid corsage. For going away she wore a gray suit.

Mrs. Tommie Johnson played "Because" and the wedding march by Lohrengin.

The Rev. Ed. Lovelace of the Methodist Church in Sterling City read the single ring ceremony before an altar banked with baskets of white gladioli and tall candelabra improvised before a large mirror in the living room. Vases of white chrysanthemums completed the decorations.

A reception in the dining room followed the ceremony. The table was laid with an imported lace cloth centered with an arrangement of white gladioli, Figi mums and white Esther reeds with tall white tapers in silver candle holders on each side.

Mrs. William Foster, 3rd, was at the silvertea service and Mrs. Tommy Foster served the three-tiered wedding cake. Others assisting in the dining room were Miss Carolyn Foster, Mrs. Foster Sims Price of Sterling City and Miss Clema Helen Potts of Big Spring. Mrs. Bremlette Allen presided at the bride's book.

Following the reception the couple left for an extended trip to Monterrey and Mexico City.

LESS THAN 1 POUND AT BIRTH

Little Dees Baby Growing Steadily

Pictured above is little Margaret Sue Dees with her mother, Mrs. Ed Dees. Little Margaret Sue weighed less than a pound when born and now weighs six pounds and one-half ounces.

Born (one of twins) on April 23, the baby was kept in a pasteboard box warmed with hot water bottles for the first six days. Dr. W. J. Swann designed an incubator and Roland Edwards built it, and the tiny baby was kept in it until she was nearly three months old.

Fed with a medicine dropper at first, Margaret Sue took two drops of milk each feeding. At the age of four months she started taking a regular bottle.

Now weighing over six pounds at six months (Oct. 23), the young lady weighed only one pound and five ounces at one month.

The twin sister, Martha Lou, died when she was twelve hours old, and little Margaret Sue was not expected to live the first week but she did and is going strong now.

Something New In Stew!

Stew is the favorite dish of Fred Waring, famous orchestra leader of morning radio fame. He feels there are too few stews and has devised a recipe of his own that features a new and unusual gravy. Here is the recipe for

FRED WARING STEW
2 lbs. beef rump, chuck, round or stew meat
2 medium-sized onions
3 tablespoons lard
3 cups hot water
1/4 teaspoon black pepper
1 bay leaf
3 teaspoons salt
1 1/2 teaspoons caraway seed
1/4 cup vinegar
1 medium-sized red cabbage
1/2 cup broken gingersnaps

Cut beef in 2-inch cubes. Brown beef and sliced onions in melted lard in a heavy saucepan or Dutch oven. Add water, bay leaf, salt, pepper and caraway seed. Cover tightly and cook slowly for 1 1/2 hours.

Add vinegar to stew, place cabbage wedges on top, cover, and cook about 45 minutes to one hour more, or until tender.

Meanwhile soak gingersnaps in 1/4 cup warm water. Lift out cabbage and meat; add gingersnaps to liquid and bring to a boil, stirring to make a smooth gravy. Add meat to gravy, reheat, and serve in cheese noodle ring or on bed of plain boiled noodles. Surround with red cabbage wedges. Serves 6.

REV. MALCOM BLACK Visits State Fair Again

Rev. Melcom Black, 91, attended the Texas State Fair in Dallas last week. He, the oldest living graduate of Texas A. & M., attended the second State Fair in 1888 and hasn't missed very many in between then and now.

Rev. Black said that it didn't take so long to see the fair in 1888 as it does now. It consisted mostly of agricultural exhibits in '88.

Beat Loop 50-6 Last Friday

The Sterling Eagles swing back into district play tonight after beating Loop of the neighboring District No. 10, 50-6 Courtney is big and rugged, and in games against Forsan and Coahoma, they have shaken their opponents considerably. The game tonight should be one of the better games of the season.

Last Friday night's parade was headed by Norvin Wayne Brown, who scored 3 touch downs on passes from Tweedle. Davis scored 2, one of them on the opening kickoff. Hudson scored once as did Tweedle. Bobby King kicked three goals and Tweedle one.

District Standing is now as follows (District games only):

Forsan won 3, lost 0, tied 0, pct. 1000; Water Valley won 3, lost 0, tied 0, pct. 1000; Coahoma won 2, lost 0, tied 1, pct. .833; Garden City won 2, lost 1, tied 0, pct. .667; Sterling City won 1, lost 1, tied 1, pct. .500; Courtney won 0, lost 3, tied 0, pct. .000; Mertzon won 0, lost 3, tied 0, .000; Knott won 0, lost 3, tied 0, pct. .000.

This week may see some definite change in the standings. Coahoma is host to Water Valley in what should be a test of the Water Valley strength. Two Coahoma regulars will miss the game.

Forsan entertains Mertzon at a game which shouldn't affect the attending of either team.

Garden City plays Knott at Garden City, and should boost their percentage on this one.

Weren't you thrilled to hear about America's record breaking wheat crop? I know I certainly was—and my first thought was that now we housewives will once more be able to bake with the fine, white flour we've all been accustomed to using. The minute I heard the news I began planning to bake all the real delicacies that experience has shown are truly delicious when baked with normal extraction flour. One of my favorite "company" recipes is for Parker House Rolls. You might like to try it:

PARKER HOUSE ROLLS

- | | |
|--|--|
| 1 package compressed or granular yeast | 6 tablespoons shortening |
| 1 cup lukewarm water | 1 egg |
| 1 cup milk | 6 cups sifted enriched flour (about) |
| 6 tablespoons sugar | 2 tablespoons melted butter or margarine |
| 1 1/2 teaspoons salt | |

Soften yeast in lukewarm water. Scald milk and add sugar, salt and shortening. When lukewarm, add 1 cup flour and beat thoroughly. Add beaten egg, yeast and beat well. Add enough flour to make soft dough. Turn out on board and knead until smooth and satiny. Place in greased bowl, cover and let rise in warm place until doubled in bulk. Punch down. Roll out 1/4 inch thick, brush with melted butter or margarine. Cut with 3 inch biscuit cutter. Fold each round in half and seal edges. Place rolls 1 inch apart on greased baking sheet. Brush with melted butter or margarine and let rise until doubled in bulk. Bake in moderately hot oven (425 degrees F) 15 to 20 minutes. Yield: 3 1/2 dozen rolls.

Serve these rolls at your next "company" dinner or luncheon. I'm sure your guests—as mine always have—will beg you to give them each a copy of your recipe!

Whoever borrowed my clamp presses—please return them. I need them.

Livestock and Meat Controls Removed

President Truman removed O.P.A. prices controls on meats and livestock the first part of this week. He blamed the "selfish" groups of politicians and business men who want to wreck the administration's prices control policy for making it necessary to remove such controls.

People on the whole in West Texas (especially stockmen) are jubilant over the president's action. Many point out that the law of supply and demand will tend to keep prices where they should be.

Deep-Sea Diver To Present Program

A deep sea-diver will be presented in the school auditorium next Monday, Oct. 21 at 9 a. m. Harold B. Davidson, experienced diver, will be the speaker.

Harold B. Davidson is said to be a man of achievement. He has a remarkable background of experience from which to speak. A professional deep-sea diver, his underwater work has brought him many thrills which are better to hear about than to try to live through.

He has "followed disaster", with shipwrecks his meat, and earthquakes and hurricanes meaning money in his pocket and adventure in his life. But there has been constructive work too—as when he helped lay a pipeline across the New Haven Harbor; when he explored and collected marine specimens in furthering of scientific knowledge, when he assisted in filming of the motion picture "Ti-

tans of the Deep." He is one of the few to survive the dreaded "squeeze."

From where I sit... by Joe Marsh

Want a Vacation from Marriage?

Alvin Blake went south on his vacation, for some fishing, and left his Missus to enjoy a vacation from the corn-cob pipe, clothes in a heap, and solos on the harmonica.

First few days, Martha enjoyed it—house neat and quiet, top back on the toothpaste, no morning mess from Alvin's midnight snacks (Al's partial to a bit of cheese and beer at bedtime).

Come the end of the week, she began to fidget; couldn't even read the *Clarion*, it looked so un-mussed; didn't have any appetite with no-

body to cook for. She was about to wire Al, when he barges home a week ahead of time, and she almost cries for gratitude. ("Felt the same way myself," says Al.)

From where I sit, those differences of habit and opinion—whether they have to do with corn-cob pipes, a glass of beer, or playing the harmonica, seem mighty trivial when you're separated. And they are, too!

REDDY KILOWATT'S five year war record stands out as one of the great industrial achievements of all time. During this period, more than eleven million kilowatts of generating machinery were installed and \$3,000,000,000 was spent for power stations, transmission lines and other facilities.

A total of 300,000,000,000 kilowatt hours of electric power was generated for war purposes, of which the business-managed, tax-paying electric companies supplied 83 1/3 per cent.

Revenue from the sale of power generated for war purposes amounted to \$2,350,000,000 and almost the same amount, \$2,194,000,000 was paid in direct federal taxes.

Oh, yes! During this five year period, price of electric services by business-managed electric companies was reduced by 11 per cent.

That's freedom of enterprise at work when all the cards are down.
