## SWING OF SOUTHWEST FARM MARKETS

By United States Department of Agriculture

Cattle led the gradual upswing of prices for sheep, eggs, peanuts, wheat and barley at southwest markets last week, according to USDA's Production and Marketing Administration. However, cotton took another tumble, turkeys and sorghums dropped sharply and hogs declined. Other products remained about steady.

Last week saw turkeys drop to a level below that of last year at this time as demand continued to drag. Prices ranged from 23 to 25 cents per pound for young toms. Young hens held a stronger position at about 10 cents per pound higher. Demand strengthened for good fat hens at 22 to 25 cents per pound. Fryers moved fairly well at 37 to 40 cents per pound. Also, eggs went up under increased holiday demand for light supplies. Current receipts were quoted from 42 to 45 cents per dozen depending on the market.

Cotton dropped below 30 cents per pound at some markets last week for the first time since the mid-October collapse. However, activity increased and demand was strong.

Moderate offerings of Colorado onions and potatoes moved slowly at dull to slightly weaker prices last week. Also, south Texas citrus and vegetables met with slower demand than the previous week. Tomato prices were off about 50 cents per crate from Monday. Grapefruit prices were lower too but peppers and oranges held about steady. Louisiana and Texas sweet potatoes remained firm.

Southwest peanut harvesting was nearly over last week. Prices received by growers for farmers stock peanuts ranged from the CC C support schedule to \$15 per ton higher.

Opa raised the maximum prices of milled head rice 70 to 85 cents per hundred pounds, recently which seemed to increase demand and movement.

Wheat and barley gained about a penny a bushel last week, oats and white corn remained about steady, but yellow corn moved downward and sorghums lost about 20 cents a hundred. Feeds continued mostly easy with further declines in shorts and oilseed meals.

Demand for domestic wool was still limited to filling in orders in the process of manufacture. Sales of Texas wools consisted largely of scoured descriptions and some small lots of grease wool. Nearly all fall Texas wool was sold. Prices were 62 to 63 cents for adult mohair and 72 to 73 cents for yearling hair.

Southwest sheep and lamb markets reported steady to firm prices for top quality stock but slightly lower prices for common and medium grades. San Antonio quoted medium and good lambs with No. 1 and No. 2 pelts at \$16.50 to \$17.00 per hundred and common and medium ewes \$6.75 to \$7.23. Fort Worth moved good and choice fat lambs at \$20 to \$21 and medium and good ewes \$7.25 to \$8.25. Good and choice lambs brought \$22 to \$23 at Denver and \$21.50 to \$22.50 at Oklahoma City.

Hog trading was slow last week with most markets registering losses of 25 to 50 cents per hundred pounds for slaughter grades. San Antonio reported about the only gains. Friday's prices for top butchers were \$25 per hundred at San Antonio, Fort Worth and Oklahoma City; \$24 to \$24.25 at Wichita and \$24 to \$24.50 at Denver.

Steady to stronger prices and moderately active trading ruled southwest cattle markets last week. However, some easiness showed up on a lower grade beef cows and calves. San Antonio sold common and medium grass steers at \$11 to \$12 per hundred pounds and common and medium cows \$9.75 to \$13. Common and medium steers and yearlings brought \$12 to \$15 at Houston and \$12 to \$18 at Ft. Worth. At Oklahoma City good beef cows reached \$17 and medium and good beef steers and yearlings sold at \$15 to \$22. Common and medium cows realized \$10.50 to \$13.50 at Wichita and \$11 to \$14 at Denver where a few good loads sold at \$20 to \$23.50 per hundred.

The Chesley McDonalds spent Thanksgiving in Lubbock visiting friends.

SECOND TEAM

Everett Self	Coahoma
Bill V. Davis	Sterling City
Oscar Dorsey	Water Valley
E. Prater	Forsan
G. Anderson	Courtney

## HONORABLE MENTION

Gordon Westbrook (Water Valley), Dan Fairchild (Forsan), Clovis Phinney (Coahoma), Ray Prater (Forsan), Taylor Cross (Courtney), Dennis Turner (Coahoma), Norvin Brown (Sterling City), and F. Tankersley (Mertzton).

The Big Spring Daily Herald's 1946 All-District Ten six-man football team is unique for two reasons. First, every player who rated a position on the first team was a unanimous—the six persons who participated in the poll all voted for the same men — Second, the varsity's sextet features five backs, only one lineman. However, the men who cast the ballots for the mythical team were of the opinion the abbreviated game demands that a player be versatile, that any of the players could have fitted in any where.

By positions they are as follows: DICK MIERS, Water Valley, proved outstanding as an end for Coach Elvis Mathis all year. He finished second only to Gene Cope in Cat scoring, ringing up 64 points for the season. A senior, he was considered to be as good on defense as on offense.

JACKIE TWEEDLE, Sterling City, was in reality a back and a high scoring one at that. His speed would have made him a valuable center. He tallied 94 points during the year. Only Water Valley succeeded in stopping him.

BOBBY WASH, Forsan, was one of the best blockers in the eight school district. His aggressive play enabled the Bisons to finish second place in the league.

WAYNE DEVANEY, Coahoma, weighs no more than 130 pounds, but is considered to be the most dangerous man in the district competition. He ran the Coahoma club from quarterback. He was a star on the regional champions of 1945, finished his high school eligibility this season.

GENE COPE, Water Valley, is a versatile back who specialized in touchdowns. He tallied nine of them during the season and was never stopped by any one team.

HARRY CALVERLY, Garden City, is a big senior who is handicapped by faulty vision but would have made virtually any A or AA eleven in Texas. He scored more than 100 points and gave all opponents trouble.

## FARM AND RANCH COMMITTEEMAN ELECTION SOON

Another election day is coming up soon for Sterling County farmers and ranchers—the election of County Committeemen for the national farm program for the coming year.

About 55 Sterling County farmers and ranchers are eligible to vote in the Committeeman election, according to Lee R. Reed, Chairman, Sterling County PMA (AAA) Committee.

The election will be held in Sterling County, Saturday, December 14, 1946 and all farmers and ranchers and THEIR WIVES who participated in the Agricultural Conservation Program this year are eligible to vote in their County farmer and rancher committeeman election.

### Chili Adds Zest to Cold Weather Menus

"When there's a spicy fragrance coming from the kitchen, everybody knows it's a batch of chili cooking," says the Country Cooking editor of nationally-circulated Capper's Farmer.

"You can't keep folks waiting long," she writes. "All are anxious to dip into a steaming bowlful."

"If the kids come to your house after a game, give them chili, bread and butter, a bowl of fruit."

Chili

1 lb. ground beef  
2 c. tomatoes  
No. 2 can kidney beans

2 tsp. chili powder  
1 tsp. salt  
1/2 tsp. pepper  
1 chopped onion

Brown onion with ground beef. Add tomatoes and kidney beans, chili powder, pepper and salt.

Cover and simmer for 1 hour. Add extra seasoning to taste and serve piping hot. Serves 6.

### Smooth Line Social Asset to 'Teen-Agers

A SMOOTH line is the most interesting distance between two points of conversation. Practically everybody has a line. Or maybe you're just developing your own brand of chit-chat.

That's what a line is—a fund of small talk flavored with an individual's personality, Holly Miller reminds 'teen age readers of nationally-circulated Capper's Farmer.

"A line doesn't have to be insincere just because you think of things to say beforehand and consciously practice them so that they come out easily," she counsels in the magazine.

"Special features are what make a line your own. Here's one—nickname friends for famous people. Call girl friends Hedy or Lauren and watch them preen. Fellows get a kick out of being referred to as Superman or Hope."

"Twist your own double talk. Original superlatives and expletives for your own use. Something a duller character would call 'swell' might be 'gee-gosh-gorgeous' to you.

"Listening is part of a good line. Learn how to draw out a new acquaintance with easy questions.

Practicing your line is essential, she adds, suggesting that the family, is the best audience for breaking in a new catch phrase or joke. If the reception is lukewarm, polish the story up a bit before springing it on the public.

### BAD BOYS AND GIRLS

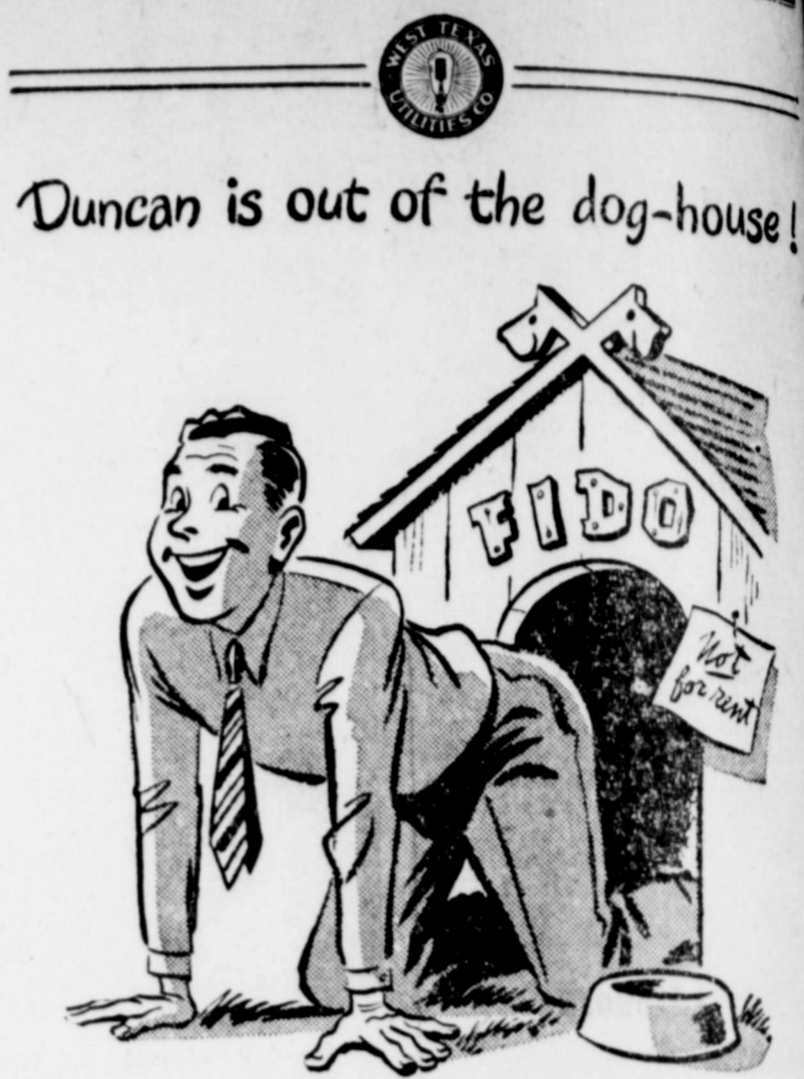

Robberies increased 19.2 per cent over the figures for the first nine months of 1945 and murders showed a rise of 15.3 per cent in the United States. Negligent manslaughter rose 9.4 per cent and aggravated assault, 7.9 per cent, while burglaries increased 11.3 per cent over the corresponding period in 1945.

Crime figures reported by J. Edgar Hoover, head of the FBI, are based on a study of approximately 400 larger key cities in the nation, representing a population in excess of fifty-two million persons.

In citing the rise in crime, Director Hoover again called attention to the gravity of the present juvenile delinquency situation.

**Rural Homemakers Speed Kitchen Remodeling**

Above: kitchen storage space was furnished by built-in cabinets in Mrs. J. Ross Fleetwood's kitchen in Boone county, Missouri. Shelves in cupboards are spaced to fit utensils.

CREATING a bright, efficient kitchen from a dingy, inconvenient one is the first postwar improvement many farm women want in their homes, according to the Rural Home editor of nationally-circulated Capper's Farmer.

"Among handy devices that can do lots toward kitchen convenience is a pulled out board that makes it possible to sit comfortably to do many tasks," she writes in the magazine read by 1,300,000 farm families. "Lap-board can slide into a slot in a built-in cabinet at a convenient height for the person who uses it.

"A double-basin sink with swinging faucet, single drainboard and high splash back eliminates need for dishpans. It also gives plenty of

space for vegetable preparation, pan rinsing and numerous mealtime jobs. With a drainboard it's easy to let dishes dry by themselves. If sink has no porcelain back, a linoleum splash back 10 to 12 inches high is ideal.

"Space underneath sink should have shelves for cleansing materials and room for trash containers. A door with ventilation holes will allow under-sink moisture to escape. Also needed are toe-space for standing at the sink and knee-space for sitting down."

A hardwood counter top beside the refrigerator is useful as a cutting-chopping block and as a pastry board, she adds. It's always out and ready. Might be made of heavy, hard maple.

**Kitchen Convenience**

A hopper designed for the lower part of a kitchen cabinet makes wastebasket tending a thing of the past in Mrs. I. E. Meyers' kitchen in Wood County, Ohio, points out nationally-circulated Capper's Farmer. It connects by chute with the basement fuel bin.

**ELECTRIC FENCER**

OUTSHOCKS ALL OTHERS... ON DRY GROUND OR OTHERWISE

No. 106 MAXI-SHOK  
Designed by engineers to meet the most severe tests in performance and safety.

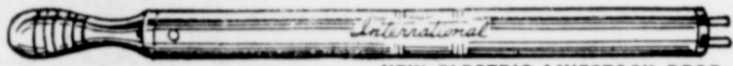

This unit is nationally famous. It delivers a terrific wallop, even during dry weather, yet it is perfectly safe and dependable under all conditions. MAXI-SHOK Fencers have a shock penetration different from all others—rubber boots will not prevent shock. For these reasons, it outperforms all other makes where soil is dry. Strong shocks are transmitted on fences up to 20 miles in length.

MAXI-SHOK Fencers are successful in holding Hogs, Sheep, Goats, Cattle, Horses and Mules. Many counties have over 1000 No. 106 Units, which proves their popularity. Order your Fencer today! End once and for all your stock fencing worries.

We carry a complete assortment—6 models to choose from—a fencer to fit every purpose.

**Air Freight Widens Farm Produce Market**

Peaches, melons and other farm products being put aboard airline plane for quick haul to consumers.

A thriving new air freight industry crisscrossing the skies with cargo planes is opening a wider market to farmers for perishable products which need rapid transit to reach consumers in top quality condition. Clyde Zimmerman writes in an article in nationally-circulated Capper's Farmer.

In the last 2 years, tonnage cargo flown by plane has increased 600 per cent, he points out.

"Current trends indicate fresh fruits and vegetables, flowers, meat and baby chicks, already moving by air, will vastly increase in amount," he declares in the magazine read by 1,300,000 farm families.

Air freight is fast. New, larger faster-4-engined planes will cut transcontinental schedules to 10 or 11 hours. This speed is expensive. Products hauled by air must sell at

premium prices.

Current air rates, although still above those of surface carriers, are low enough so crops such as berries, lima beans, spinach, lettuce, tomatoes, cherries, cauliflower and melons are moving in sky vans from certain areas to Middle Western and Eastern cities.

"Farmers can look to broader markets with air freight because consumers prefer vine-ripened and tree-ripened fruits and vegetables over those that ripen in transit," writes Zimmerman. "Eating quality and nutritional value of such products are higher."

Railroads may enter the air-freight business, Zimmerman says. A few railroads have already announced the organization of air-freight corporations as affiliated companies to engage in air transportation.

From where I sit... by Joe Marsh

**A Lesson In Conservation**

We were sitting on Bill Webster's porch the other night, chatting over a glass of beer—when the talk turns to forest preservation, soil erosion, and other things that affect a farming community.

Judge Cunningham speaks up: "It's all right to worry about conserving our natural resources," he says, "but there's a far bigger problem when it comes to conservation—and that's preserving our democratic way of life, our sense of personal freedom, our respect for one another's rights."

From where I sit, the Judge is right. All America's great resources, our abundant natural wealth, are lost the minute we lose the right to work them as free people in a free land!

Whenever you see or hear of an encroachment on our rights—whether it's the right to free speech, or the right to vote as we see fit, or the right to enjoy a friendly glass of beer in licensed, law-abiding places... watch out!

**Farm Youngsters Taught Value of Good Grooming**

FARM mothers teach their daughters from childhood that "pretty is as pretty does," points out the Rural Home editor of nationally-circulated Capper's Farmer.

"Getting an early start is as important in learning beauty and grooming lessons as in most other things," she writes. "The little girl who always brushes her teeth after every meal and loves her splash in the tub before bedtime is the one who grows up to have a pretty smile."

"She'll be known for her dainty freshness. And her own children will love her because, she always looks so good and smells so sweet!"

Tooth brushing is a habit with 5-year-old Alice Jane, daughter of Mrs. Doyt Galloway of Van Wert county, Ohio. Mother and daughter enjoy spending a few minutes together each day keeping up their good looks.

Alice Jane knows the right method for brushing to give clean, white teeth and healthy gums. Her own little footstool by the lavatory makes it easy for her to climb up and look in the mirror to watch the brushing.

**Church of Christ**

We had splendid attendance at the church last Sunday. Out of town visitors were Mrs. David Wallace and David, Jr. from Dallas and Mrs. Lindsay from Odessa.

We begin a meeting next Sunday with Evangelist Horace W. Busby of Fort Worth doing the preaching. There will be services daily at 10:00 a. m. and 7:15 p. m. Each evening at 6:15 we will have song drill and practice for 45 minutes. Brother Dan Conley from Big Spring will be in charge of these

drills. This service should be of interest to all young men and women of the community. If you don't sing come and visit and enjoy the singing. The meeting will last till the night of the tenth. We invite all people of the town and communities around to hear Brother Busby. He is one of the outstanding evangelists of the church. You have a cordial invitation to come to any or all of the services you can. A welcome awaits you.
