Forsan (Cosden) Wins Softball Tournament

The Forsan Softball team (Cosden Pipeline) won the First Annual Sterling City Softball Tournament last Saturday night, by defeating the San Angelo Telephone Co. 5-3. The Cosden team had beat Carlbad early in the tournament. The Big Spring Hardware team and the ABC bunch of Big Spring failed to show up to battle out for third place on Saturday night. L. D. Cunningham, one handed pitcher for the Cosden team, won the Stetson hat from Bailey Bros as the pitcher with the most strikeouts, and he also received the oversharper pen from Deal Drug as the most valuable player of the entire tournament. W. C. Cunningham and Moroney tied for the kit glove and Moroney won it on a toss. (Love Hardware had donated a Shaw of the Telephone Co.'s team, took the \$5 award of Chaplins Food Store for the most spectacular play. John Daulong, pitcher for the Telephone Co. was runner up for the pitcher with the most strikeouts and also the most valuable player.

STERLING INDEPENDENTS BEAT HOLLAND JEWELRY

The Sterling Independents took an 8 inning game from the Holland's Jewelry of San Angelo Tuesday night by the score of 7-6. Sterling scored three runs in the first two innings and then Holland came back and tied it in the third. In the last of the 3rd Sterling went ahead 4-3. Holland scored 2 runs and the fifth and 1 in the 7th to put them ahead 6-4. In the last of the 6th Aiken got by on error and then with one out Cope hit a home run to tie the score. In the last of the eighth Emery got a hit and was forced at second by Blackburn, Martin got a single with Blackburn going to third. Tillerson then grounded out to first sending Blackburn home with the winning run.

In the first game Tuesday night the Lions stepped out in the 2nd half lead with a 9 to 7 win over the Legion. The Lions scored six runs in the first inning on 3 errors, 2 walks, and 2 hits. Totals for the Lions off Martin and Tillerson were four hits and 9 runs. Totals for the Legion off Bratton were 5 hits and 7 runs.

Friday night there will be a double header with the Woodmen meeting the Lions in the opener, and the Woodmen playing the Legion in the five inning game. Tuesday night will find the Woodmen playing the Legion.

Leading hitters are as follows:

Emery—515
Dawson—500
Simmons—452
Tillerson—417

Most runs scored, Tillerson 19, and K. Garms 13.

MIDLAND MAN KILLED IN WRECK

Foy Edward Lesley, 27, Midland electrician, was instantly killed when his Lincoln sedan overturned 11 miles east of Garden City last Saturday night. Lesley died of decapitation when his large sedan overturned several times. En route to join a fishing party in the San Angelo sector, he was alone. Patrolman Charles Rice said the machine rolled 105 steps before stopping upright. Lesley's head evidently was caught in a smashed window glass as the car rolled, the officer reasoned. Lesley's head was in the back seat, the remainder of the body in the front.

Passing motorists discovered the wreckage and notified authorities here.

Lesley was born in Winters. He came to Midland in 1938. A veteran of World War II, he served with the 37th Infantry Division.

NEXT TUESDAY IS TRASH PICK-UP DAY

Next Tuesday, July 29, is regular trash pick-up day in Sterling City. Have your trash and rubbish sacked or boxed and out in front of your residence or place of business for the county trucks to haul off to the dump grounds.

This service will be maintained free by the county as long as the citizens avail themselves of the opportunity. SO, have your trash all ready by next Tuesday.

LIONS CLUB

Guests at the Lions Club luncheon Wednesday were Jackie Durham and Wayne Berryman.

It was announced that Worth B. Durham, immediate past president, had been named Zone Chairman of Zone 10 of the Lions International. Lion G. W. Tillerson told of the results of the softball tournament that was held here last week, and also of the new schedule for the city league games for the remainder of the season.

TEMP FOSTER'S HOUSE BEGUN

The contractor has begun work on the excavation of the basement for the Temp Foster's new house. The house will be of brick and will be two-stories high, said Temp. The house is being built just west of the W. L. Foster home here in Sterling.

VACATION IN GLENROSE

Mr. and Mrs. Homer Pearce spent last week-end in Glenrose, Texas on a short vacation trip. They also visited in Grandview and other places in the vicinity.

SWING OF SOUTHWEST FARM MARKETS

By United States Department of Agriculture

Many southwest farm markets developed easy spots last week, although the general trend of most commodities continued steady to strong, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Cotton climbed to twenty year record levels of around 39 cents per pound or more last week, but dropped back by Friday for net losses of \$3.00 to \$10.00 per bale. Spot activity increased, as new crop harvest progressed well in South Texas.

Winter wheat harvest made rapid progress in the Great Plains area last week. Inadequate transportation and storage facilities forced millions of bushels to be piled up on the ground in Texas, Oklahoma, and Kansas. Heavy buying for the export held losses to 6 cents. Friday's price stood near \$2.37 per bushel for No. 1 hard at Fort Worth and Galveston. Corn eased under favorable weather reports; and sorghums dropped 15 cents.

Rice markets held firm last week at the higher levels established after price controls ended June 30. Hay moved slowly, as most farmers produced their own, and pastures held up well. Millfeeds took a sudden upward spurt, partly offsetting recent downward trends. Peanut harvest started in South Texas, with yields low on early plantings. Texas 8 months wools began to move as 12-month clips became scarce.

Best candled eggs sold firm to slightly stronger last week. Easier undertone developed on current receipts and undergrades following government announcement discontinuing purchases of dried and frozen eggs after July. Poultry held about steady. Heavy hens sold at 23 to 25 cents per pound at Fort Worth and Dallas.

Cattle prices receded late last week from mid-week highs, but closing sales held mostly from about even with a week earlier to as much as \$1 higher or more higher. However some spots netted losses up to a dollar for the week. Bulk of common and medium grass steers at San Antonio sold at \$20 to \$22.75, and the average to top medium lots set a new all time high of \$24.50. Houston paid \$14 to \$20 for common to medium steers and yearlings, while Fort Worth took medium kinds at \$19 to \$23.50.

Hogs advanced generally around 50 cents to \$1 or more in last week's trade. Good and choice butcher hogs reached \$26.25 at San Antonio, \$26.50 at Ft. Worth, \$26.75 at Oklahoma City, \$27.35 at Wichita and \$27.25 at Denver.

Most sheep sold steady to \$1 higher last week, but spring lambs netted losses at Oklahoma City and Wichita, and feeder lambs fell lower San Antonio. Medium to low choice spring lambs turned at \$18 to \$21.50 at San Antonio. Medium to good kinds brought \$20 to \$24 at Fort Worth. Wichita took good and choice at around \$24.

Watermelons and cantaloupes eased some last week, as liberal shipments supplied most markets. Lettuce gained sharply, and sold as high as \$7 per crate at St. Louis. Hot weather promoted spoilage and hampered movement of the large peach crop. Colorado cabbage, cauliflower and other products were well received at many markets. San Luis Valley peas started moving and held steady at \$3.25 per bushel for U. S. No. 1.

Visitor Honored With Luncheon and Bridge

Mrs. N. H. Reed entertained with a bridge luncheon honoring her sister, Mrs. John Boyd, of Houston, on Thursday of last week.

Before being seated for bridge the guests were served punch with Mrs. Trinton Revell presiding at the punch bowl. The dining table and party rooms were decorated with dahlias and shasta daisies.

Visitors from out of town were Mrs. Alta McGibney of Austin, Mrs. Harold Tipps of Tulsa, Oklahoma, and Miss Ruth Cole of Phoenix, Arizona.

Mrs. Worth B. Durham received high prize and Mrs. Vern Davis low cut. The honoree was also presented with a gift.

A chicken luncheon was served.

Leola Jones Marries in Fort Worth

Miss Leola Jones, formerly of Sterling City, and Mr. John H. Smith of Fort Worth, were married on June 23 in Fort Worth.

The ceremony was performed at the home of Rev. Judson Prince, pastor of the Riverside Baptist Church in Fort Worth, at his home. Members of the immediate families were present.

The bride is the daughter of Mr. and Mrs. G. D. Jones of Goree, and is a graduate of Goree high school and the Parsons Beauty school in Abilene.

Mr. Smith is the son of Mrs. G. S. Smith and the late Mr. Smith of Fort Worth.

Mrs. Smith wore an aqua dress with aqua lace trim and a corsage of gardenias. Her hat and gloves were white, and her purse and sandals were black patent.

The bride's parents entertained members of the family at a dinner on Sunday, in honor of the newlyweds.

The couple will make their home in Fort Worth.

The bride formerly was connected with Mickey's Beauty Shop here in Sterling City.

TRUE STORIES OF WEST TEXANS THE LAST STRAW

The five cowhands gazed at the decrepid chuck wagon with a baffled look on their dust-seamed faces. That it should fail them, and this so close to their goal, seemed incredible.

The drive itself had been undertaken on a shoe string by this handful of foolhardy kids. The boss was a youngster of sixteen who, because of his age, had been refused admittance into the Confederate army the previous year, 1865. So he had left Missouri for Texas and there launched himself into the cattle business. Buying a herd of about 500 steers at seventy-five cents around, and that on credit, and hiring five cowboy friends at forty dollars, also on credit, with promises to pay only in the event they made a profit on the cattle, they headed for Sedalia, Missouri.

In lieu of a chuck wagon their provisions were carried on a pack mule until they reached Denton County, Texas, where the young boss Jim had friends. After a yoke of oxen and an old tar bucket wagon were bought and it was stocked with provisions for the trip, Jim had one dollar and fifteen cents left.

"But shucks!" he told his cowhands, "What more expense could there be! We have our provisions and our equipment, and we won't hit a town until we get there!" And with the sublime confidence of youth their long four month's trek began.

They had fought the hardships and endured the elements, which varied from thunder storms to drouth, and had traversed the badlands to within thirty miles of Ft. Scott, Kansas, their new goal. And now their chuck wagon, which had been crying in protest of the hot, dry weather for days, had buckled. The rims would not stay on and the wheels were coming apart. Jim wondered if this were the last straw! Certainly he felt more discouraged than at any previous time. He wished that he could just chuck the whole business and go home!

"Shucks, this ole wagon is still pretty good—if we could just keep the wheels together," a cowhand decided, inspecting the crippled vehicle.

Jim's lips tightened. He could not let fellows like that down! And besides, he wasn't any quitter, either.

"All right, you two," he said briskly. "Ride back and skin that steer we left dead from the drouth this morning. We will keep these rims wrapped on with rawhide, Ft. Scott or bust!"

The others took up the chant and two days later Jim Daugherty, future owner of the 800,000 acre Figure 2 ranch near Van Horn, Texas, lead his herd into the shipping pens of Ft. Scott, Kansas.

(Copyrighted—N.H. Kincaid.

The Rufus Foster are vacationing in the western part of the United States this summer.

The Ray Turners, formerly of Sterling City, visited friends here over the week-end.

Flying Disks

SEATTLE, WASH. — (Sound-photo) — This picture was taken at twilight by Yeoman Frank Ryman, 27, Coast Guard public relations officer at Seattle. Ryman said he sighted the object as he stood on a street corner in Lake City, a suburb north of Seattle. He estimated that it was 9,000 or 10,000 feet in the air and traveling straight northward at 500 miles an hour. He estimated the speed by timing its travel over a known distance. Arrow points to the disk.

Legion Steer Sold; Nets \$361.80

TOM DONAHUE OF SWEETWATER BUYS LEGION STEER

Tom Donahue of Sweetwater bought the steer that the Sterling City American Legion sent to the San Angelo auction ring last Monday to sell. The Legion will use proceeds to apply on their building fund.

Edwin Aiken and Jake Martin took the steer to the West Texas Auction Co. ring in Angelo, and Ed told the buyers that the proceeds would go to the Legion building fund. Tom Donahue of Sweetwater, a friend of Aiken's, paid 25c a lb. for the animal, which netted the Legion \$361.80. It weighed 1450 pounds.

The steer was a "lost" or "found" steer, found on Aaron Clark's place. After he moved, Jeff Davis put the animal in a trap on his place. A number of the Legionnaires bought and donated cake to fatten the animal, and now the Legion is \$361.80 to the good on their building fund.

Ed Webster, one of the owners of the auction ring, donated \$20 to the fund while the Legionnaires were at the auction ring.

McENTIRE-COLE NUPTIALS READ

The marriage of Miss Jamie Sue McEntire and Billy Jo. Cole took place at 8:15 p. m., July 17, 1947, in San Angelo. The ceremony was performed at the First Presbyterian Church manse with the Rev. B. O. Wood, pastor, officiating.

The bride wore a powder blue crepe dress with white accessories, and a corsage of white orchids.

Mrs. Cole is the daughter of Mrs. James H. McEntire and the late Mr. James H. McEntire. She attended Sterling City High School, Hockaday Junior College, and the University of Texas.

The bridegroom is the son of Mrs. D. M. Brown of Sterling City and Mr. Eugene Cole of Pryor, Oklahoma. He served in the Air Forces for two years. He is now attending Northeastern University in Tahlequah, Oklahoma, where he is majoring in geology.

After a wedding trip to the Ozark Mountains, the couple will be at home in Tahlequah, Oklahoma.

SHOW DATES CHANGED

The Palace Theater has changed their days of changes on picture showings. Now the pictures will be run on Sunday-Monday, Tuesday-Wednesday, Thursday-Friday, and Saturday. There will be no double features on the week-ends from now on.

C. C. Ainsworth and wife will leave Sunday for a five-weeks vacation trip which they will spend in Rockport, Texas on the coast. Clell wants to do his usual stint of fishing this summer.

It Fights Fire Too!

LANSING, MICH.—The forceful spray of this Farm Protector, a new high-pressure portable sprayer, will kill a blaze in a flash! Shown here doing a rapid job of spraying a farm orchard, it is equally easy to use for spraying livestock, barns and poultry houses with DDT and for killing weeds, whitewashing and other similar applications. The spray delivers 4 gallons of material per minute from its 50-gallon tank at 400 p.s.i. pressure.

WHO SENT 'EM???

C. C. Reynolds, retired rancher, has received two letters recently with two \$1 bills in each, but no explanation inclosed. They envelopes have been postmarked here in Sterling City. Mr. Reynolds says that he has no idea who sent them to him, or for what reason. He has never been in a public business here.

Paper Cups at the News-Record.

CARD OF THANKS

We wish to take this means to thank all of our friends who were so kind and thoughtful at the death of our dear mother. Especially do we thank you for the beautiful floral offering. May God bless you all.

Walter Gressett
Orval Gressett
Mrs. H. L. Simmons
Mrs. John Robertson.

What A Line!

Lum and Abner, motion picture and radio team, say that next to running the Jot 'Em Down store, fishing is the most fun. Chet "Lum" Lauck and Norris "Abner" Goff slipped away from the broadcasting studio and their Pine Ridge emporium to try a hand at snaring a finny friend. The bass is proof that the boys had a good day's catch.

EVEN FROM ROBBERS IT WAS SAFE

Mrs. J. P. Gressett, Sterling pioneer, who passed away last week, operated a store and filling station at Broome for a number of years. As a widow, she was of frail build. For protection against robbers or thieves—she had nor used none.

—Except she kept her small change in an open cigar box in the counter—and her folding money—she kept in her Bible—which was up on the counter.

She was robbed three times. It is surprizing that she was not held up more often, since she had the only store or place in the "town" of Broome, which is ten miles from the closest other town. BUT at none of the three robberies did the robber take the "folding money" from Mrs. Gressett's Bible.

It cannot be assumed that each of the robbers knew that Mrs. Gressett kept her money in the Bible, but the people around her place of business knew it—and such was the widow's place of "safe-keeping."

Mrs. Billy Clyde Davis, who taught homemaking at the local high school last year, has resigned and will not teach next year.

OUR WASHINGTON NEWS LETTER

By Congressman O. C. Fisher

Looking to a recess on July 26, both the House and Senate worked long hours last week to pass money bills and other measures considered to be urgent.

The second tax bill veto was overridden in the House but sustained in the Senate. That probably means no tax relief before 1949. If the second tax reduction measure had become law, it would have become effective on January 1, 1948, and would have reduced the tax rate by a margin of 30 per cent for the lowest income group up to 10.5 per cent for the highest income group. Although I was not entirely pleased with the bill, I supported it because I believe that by next year the high wartime tax rate should be slightly reduced.

The President gave, as his principal reason for the tax veto, the need for spending billions of dollars in Europe during the next few years. But Uncle Sam should act within reason and limit foreign aid to friendly countries and in worthy cases of actual need to those who are doing everything within their own power to help themselves. That way the bill won't be so high.

The Senate is due to act before adjournment on the bill passed by the House to make the terminal leave bonds held by our ex-service men payable in cash. I think the veterans who own these bonds should be permitted to cash them if they desire. We pay rather a high interest rate on the bonds and it will be good business to pay that much on the public debt.

Two weeks ago, in this column, I quoted from a statement I made in a National Radio Forum broadcast regarding the admission of 400,000 of Europe's so-called Displaced Persons. I urged that our present immigration laws be maintained and not relaxed, and opposed allowing the 400,000 to come in over and above present quota allotments. Following the broadcast, I received a large number of letters from all over the nation. Most of the letters commended my stand. A few, especially from New York, were otherwise. One New York woman wrote: "Your hard, metallic voice resembled your heart."

A letter from an Army Colonel said: "As for admitting Displaced Persons, I think you are certainly on the right side. In the large zone that I occupied with my regiment in Westphalia after the fighting was over, I had over 100,000 displaced Russians and eastern Europeans and I saw practically all of them. I can assure you that they were definitely 'riff-raff...'"

Another letter in point from Marshall Brown of Harper, reads, "I read your weekly letter in the local paper concerning the bill for Europe's Displaced Persons, and I agree with you 100 per cent. Three months of the time I spent in Germany, while serving in the Army, was spent with a Military Government unit. On several occasions I worked with UNRRA in transporting these Displaced Persons to rail heads for shipment home and apparently they were of very low character—both mental and moral... The things I saw over there is the reason for my firm stand to keep that type of people out of America."

To the same effect have been scores of other letters I have received, many from war veterans who dealt with Displaced Persons while serving in Europe.

Last week I took part by invitation in a weekly forum and debate before the student body at Catholic University in Washington. The subject pertained to labor relations and the application of the Taft-Hartley Act. On the other side was Gerhard Van Arkel, until recently general counsel of the Na-

tional Labor Relations Board. Also during the week, I addressed the Texas A & M Ex-Students Club in Washington at their monthly dinner. Mr. James A. Williamson, formerly on the A & M faculty, now with the Department of Agriculture is president of the local group and Congressman Olin Teague of Bryan is Vice-President.

SENDS SHEEP TO MARKET

J. T. Davis shipped 300 dry ewes to Fort Worth last week. They weighed 114 pounds upon arrival and brought \$8.75 a hundred there. He sold 700 ewes to a Mr. Carmichael who shipped them to his ranch at Mt. Nebo, Kansas. Davis got \$10 per head for these ewes.

Dogie Hanson, who was recently elected assistant coach and grade school principal here, has rejected the job.

Mr. and Mrs. Ellis Daves and Eugenia left for Odessa after a four day's visit here with Ellis' and Eugenia's mother, Mrs. A. G. Daves and other relatives.

Mrs. Tommie Johnson, postmaster, was on the sick list the week-end and the first part of this week.

Z. E. Black and his son, Bryant Malcom, of Dallas, are here visiting Mrs. Black's father, Malcom Black. Z. E. is connected with the Dallas Chamber of Commerce.

SPENDING WEEK-END WITH PARKS JOHNSON

J. T. Davis left Thursday for a week-end trip to be spent with Mr. and Mrs. Parks Johnson on their summer home ranch near San Marcos. Parks is the master of ceremonies on the "Vox Pop" radio program. The Johnsons home is on Long Island, New York.

J. L. Glass, who has been rather ill in a San Angelo hospital, is now home and doing fine.

The Earl Baileys are remodeling their home here in Sterling City. Rooms are being made larger, and some other changes are being made.

You can have personal calling cards, informal notes, and personal stationery printed at the local News-Record shop.

Freeze Fruits to Get Summer Treats All Year

Frozen berry purees over ice cream make tasty sundaes in winter or summer.

BERRIES make mighty tempting summer desserts—and just as tempting winter ones. For by freezing the finely flavored berries you can have summer treats the year around, writes Donald K. Tressler in Capper's Farmer, a leading magazine.

"To preserve the good taste that fresh berries have," he points out, "one should allow them to fully ripen on the bush, and handle them gently in preparing them for the freezer. Avoid extra handling in washing by placing them in a colander or basket with small openings and swish it through water containing ice until berries are clean. The ice water keeps the berries firm and shapely, prevents bleeding and

waterlogging of the fruit.

"When several pounds of berries are washed, stemmed or capped, you are ready to mix them with sugar or cover them with sirup—depending on your preference and whether or not you want to use the frozen berries for dessert sauces.

"In filling containers for the freezer, allow 3/4 inch space at the top of each one for expansion during freezing. Follow the manufacturer's instructions for closing or sealing various types of containers.

"Berries or any fruit covered with sirup tend to rise to the top. To keep them in the sirup, crush a piece of wax paper and place it between the fruit and the lid of the freezing container.

Good News For Farmers

DETROIT—The new Ford tractor is rolling off production lines at Ford's Highland Park plant, Detroit, at the rate of 400 daily. Smooth enough for a girl to operate, farmerette Gloria Carlson handles the tractor like a veteran. She puts it through its paces on the Dearborn Motors educational farm at Clarkston, Michigan. Designed for easier, faster farming, the new model, marketed nationally by Dearborn Motors corporation, features an improved hydraulic system for implement control and four forward speeds.

BIG SPRING COWBOY REUNION AUG. 6-9

BIG SPRING—Cutting horse and cowgirl sponsor contests will feature the fourteenth annual Big Spring Cowboy Reunion rodeo here August 6-9, according to an announcement today by C.W. Creighton, vice-president and rodeo chairman.

The rodeo will be produced by Earl and Jack Sellers of Del Rio, who, within the past three weeks have established all-time rodeo attendance records for the San Saba, Kerrville, Pecos and Coleman shows.

Specialty acts announced by Creighton include three outstanding

trick riders, Pauline Nesbitt of Nowata, Okla., former girl's champion; Ruby Tacker of Waco and Fagin Miller of Vernon. Clowns will be Charlie Schultz of Ponca City, Okla., and Ike Tacker of Waco.

The non-profit Big Spring Cowboy Reunion was organized in 1934 and the rodeo grounds were improved as recently as two years ago when 10 bucking chutes, modeled after the Cheyenne Frontier Roundup facilities, were installed opposite the grandstand.

Reunion officers, all charter members of the organization, are, in addition to Creighton, Tom J. Good, president; Marion Edwards, vice president; Ira Driver, secretary-treasurer; R. V. Middleton, E.T. O'Daniel and Harry Lees, direct-

ors; Jimmy Greene, advertising chairman; Darrell Douglass, parade chairman; and Elmo Wasson goodwill chairman.

FIXING UP the HOME
By Diane Greeter

Holiday Dinners

THE turkey is but a part of the holiday dinner. On this festive occasion we usually have several side dishes and an elaborate dessert. Confusion and clutter is bound to result as the cook tries to time each dish of the meal so that

it can be brought to the table piping hot. This means that the gravy, mashed potatoes and several other things are being finished on the top burners of the stove at the same time.

The clean, quick heat of a gas range is really appreciated when the cook has one eye on the clock. The visible flame is easy to control. Every top burner is busy.

In the oven the huge bird is already done and is getting a little more luscious brown color. It has been cooked the proper time under regulated heat and is bound to be just right.

All this, the convenience of a modern fuel that can also be used for automatic water heating, home heating and refrigeration, is available even if you live far out in the country or on the fringes of the suburbs. Modern liquefied petroleum gas — LP-Gas — more commonly known as "bottled" gas and "tan" gas, does the job for you when you live off the city gas mains.

RETURN FROM BIG BEND

Mr. and Mrs. Will Meyer returned home Sunday after a trip through the Davis Mountains and the Big Bend country. The Meyers spent Saturday and Sunday in Balmorhea with Mr. and Mrs. Rufus Baker, who formerly lived in Sterling City.

From where I sit... by Joe Marsh

"Not Responsible For Wife's Debts"

A young man came rushing into the *Clarion* office the other day and wanted me to print an ad—"right quick"—saying he won't be responsible for his wife's debts from now on, as he's leaving her for good immediately.

I allowed as how the forms were all closed up, and it was too late to take his ad. He says: "All right, Monday then"—and we agreed on Monday.

Of course, the forms weren't closed. But I had kind of an inkling of what might happen. Then Sun-

day he phones me, and says, kind of sheepishly: "You can forget that ad. Me and the missus have everything all patched up. And we're having a friendly glass of beer, right now."

From where I sit, if you give folks time enough to think things over, those hasty quarrels that come so often from misunderstanding will give way to tolerance and common sense.

Joe Marsh

Landowners

Protecting Our
Investment in
1,193,000 Acres
of
Agricultural
Land

Bill Currie, district cooperater, has cleared 100 acres of heavy mesquite on his ranch near Garden City. The mesquite was pushed out with a bull dozer in order to give the grasses growing on the deep soil area full use of moisture and plant food. Currie recognizes that not only will more range forage be produced from the area, but that a good grass cover will afford more protection for soil erosion and water loss through runoff and evaporation. The supervisors of the North Concho River Soil Conservation District have estimated that mesquite trees are dense enough on 250,000 acres or 25% of the district to lower the production of palatable forage from range grasses. On numerous areas the trees are growing in such dense stands that the expense of grazing and working livestock is greatly increased.

Foster and Hildebrand made application for assistance in planning a soil conservation program on the Shack ranch.

A soil analysis of H. G. Garlington cultivated field near the Robert Lee road, shows a deficiency of phosphorous. For small grain this field needs 150 pounds of a 20% phosphorous fertilizer per acre.

A chemical analysis of 349 samples of weeds and grasses growing in 1930 and 1931 on the range in Sutton and Edwards Counties showed that phosphorous was only fair to deficient in almost all of the plants. The greatest deficiency of phosphorous occurred during the winter months or the dormant period for most plants.

The rotation deferment grazing system which is in use on Claude Collins, Jr. ranch north east of Sterling City, is set up for three two-section pastures. One of the three pastures is in a state of deferment at all times and livestock are rotated every 30 days. All cattle normally grazed on the 6 sections are placed in the first two section pasture and all of sheep in the second two section pasture while the third pasture is being rested. The cattle at the end of the 30-day period are shifted to the third pasture and the sheep follow the cattle in the first pasture while the second pasture is rested. Womack, ranch manager for Claude Collins, Jr., likes the system not only because of the benefits of range improvements, but because of the ease of seeing after the livestock.

The O. E. Deals were gone the most of the week on a trip to Odessa and the Davis Mountains.

Mrs. Roland Edwards and her children went to Amarillo Tuesday to visit Roland, her husband, who is trucking in the grain harvest fields in North Texas.

Pressure Saucepan Saves Time and Fuel

IN A comparatively short time the pressure saucepan has won an assured place in farm kitchens, according to Laura Dailey, in an article in Capper's Farmer, one of the best known farm magazines.

It saves time and fuel. Many different foods may be prepared in a pressure saucepan. It is particularly good for those which need long cooking. "Pressure cooking," Miss

Dailey says, "preserves food value, color and flavor."

A few rules of operation are important:

1.—Never fill the pan more than two-thirds full.
2.—Be sure that steam flows steadily from vent before you close it.

3.—Wait until weight or pressure control jiggles or hisses or cooking indicator is at right position to your directions before you start counting time. Then reduce the heat and let cook for specified time.

4.—Reduce the pressure as each recipe indicates.

5.—After pressure is reduced, be certain to remove the weight, or lift the pressure control, before removing cover.

Some farm women are doing a limited amount of canning in their pressure saucepans, Miss Dailey points out.

Mrs. Bill Cushing, Jr., little daughter, Margaret, and Monte Garrett from Notrees, Texas, spent last week-end here visiting Mr. and Mrs. R. A. Garrett.

The Roland Lowes returned last Sunday from a vacation trip spent in New Mexico. Roland said he caught the largest mountain trout that had been caught there this year.

Mims Carl Reed, son of the Martin C. Reed's, is sporting a broken arm this week. The accident happened last week.
