PLYMOUTH SWABBING WELL THURSDAY; TO ACIDIZE AGAIN

The Plymouth Oil Company No. 1 — Mrs. Georgia Frost, Sterling County's Ellenburger oil discovery, cemented early this week after water, believed to be coming from the Mississippian shale, was getting into the flow.

After drilling out the cement plugs, the company began swabbing Wednesday. Early Wednesday evening after the first swabbing, the well flowed water and oil for several hours.

Subsequent swabbings were followed by lesser flows through the night.

Thursday morning your reporter called Charley Hickox at the well and he said the well was flowing from 20 to 25 barrels per hour, about half water and half oil. He said they were planning to swab out all the water and then acidize the hole again.

Plymouth has had lots of trouble with the well from the start. Repeated cementings, swabbings, acidizings, perforatings, etc, have marked the company's efforts since the well was completed.

ANOTHER WELL?

Rumor has it that a block is being assembled for the drilling of a new well just southwest of Sterling City, possibly on Roy Foster's or Lee Hunt's land.

BARBECUE HONORS BELTON VISITORS

Mr. and Mrs. David Glass entertained with a barbecue supper Tuesday night at their ranch home, naming Mr. and Mrs. S. M. Ray, Jr. of Belton as honor guests.

Those present were Mr. and Mrs. J. L. Glass, parents of Mrs. Ray, Mr. and Mrs. Harvey Glass and their son, Dan, Mr. Hank Davis, Mr. Tom D. Davis, Mrs. R. M. Neill and her son, Robert, Mr. D. P. Glass, all of Sterling City; Mr. and Mrs. Frank Glass and son, Frank Ray, Mrs. P. C. Doyle and daughter, Carol Ann, all of San Angelo, and Mrs. Melburn Grigsby of Sanderson.

Press Questions Gen. Roosevelt

NEW YORK—(Soundphoto)—Brig. Gen. Elliott Roosevelt, center, son of the late President, is pictured as he was interviewed by members of the press upon arrival at La Guardia Airport. He flew in from Boston, spent the week-end at Hyde Park and then flew to Washington where he appeared at the Senate War Investigating Committee hearings. Accused of receiving favors from John Meyer, public relations man for plane builder Howard Hughes, Roosevelt admitted to the committee that he may have "inadvertently" violated an order by Gen. H. H. Arnold, war time army air forces chief, forbidding air force officers to accept favors from war contractors.

"Covering the County"

By Byron W. Frierson, Sterling County Agent

There will be enough VETCH planted in the county this fall to give it a fair trial. Several hundred pounds were secured last week through cooperation of the local Soil Conservation Service, F. S. Price, Herman Garlington, Lee O. Newcomb, and Harold McCabe are all going to give it a trial as a winter cover, grazing and soil improving crop.

H. L. Hildebrand was making plans last week to spray several hundred head of cattle for hornflies. The cattle will be treated for ear ticks at the same time. Mr. Hildebrand figured that the cost other than the labor to spray for hornflies would be less than five cents per head. In a feed lot test a group of steers treated for hornflies gained 30 pounds per head more than an untreated group during the same feeding period. The feeding period lasted 60 days. This should prove that cattle can't do their best when worried with insects. Especially during the present time of high meat prices, a rancher really can't afford not to control insect pests.

The San Angelo show has been set for March 11-15 for 1948. Several boys are planning to feed lambs in the Sterling 4-H Club for this show. Jack Tweedle, Billy Vern Davis, Duard Grosshans and Bill Hudson are feeding lambs now for exhibition in the Dallas Fair in October. Duard Grosshans has made the leading gain for the first 74 days of the feeding period on his black face lambs. Biggest gain seems to be on lamb number 64 from the Roy Foster ranch. This lamb weighed 72 pounds on June 12 and 98 pounds on August 25 for a gain of 26 pounds. Duard has put 64 pounds of gain on three blackface lambs in 74 days of feeding. This is an average gain of .288 pounds per lamb per day. For summer feeding, the blackface lambs are outstanding the fine wool lambs at least 2 to 1 in pounds gained under the same feeding conditions.

Agricultural Engineering plans are available in my office or can be ordered from the Extension Service through my office for a multitude of farm and ranch structures. These plans are free for the asking. These plans include all kinds of poultry yard equipment, hog lot equipment, a calf table for use in castrating, dehorning, vaccinating and branding, storage cellars, septic tanks, brooders, phenothiazine salt feeders, dipping vats and other things too numerous to mention. In case you feel the urge to build and need these plans, call my office and get them or have them ordered.

The Extension Service is recommending .2% DDT dip for control of goat lice. Goats can be dipped in this solution any time of the year with good results and no damage to the fleece. DDT does not lose its strength in solution unless the water is highly alkaline and can be used the entire season.

John Reed has two exceptionally good colts which he plans to show in the Coleman show. One

GIFT TEA HONORS MRS. BILL COLE

Honoring Mrs. Bill Cole, the former Jamie Sue McEntire, Misses Lucille Hodges, Sue Nelson and Mrs. Finis Westbrook entertained with a gift tea at the home of Mrs. Roy Foster on Tuesday of last week. Mrs. Cole was here on the first visit back since her recent marriage to Mr. Cole. They are living in Tahlequah, Oklahoma where Mr. Cole is attending college.

The table was laid with an ecru lace cloth. Seasonal flowers decorated the rooms.

Presiding at the tea service were Mrs. Hilary Phillips of Ozona and Mrs. Fowler McEntire, aunts of the bride. Miss Benny Gail Phillips of Ozona was at the bride's book. Others in the house party were Mrs. James McEntire, Mrs. D. M. Brown, Mrs. H. M. Gober and Mrs. Alvie Cole.

Piano selections were played by Miss Carolyn Foster during the tea hours.

True Stories of West Texas

CHILD OF THE CONCHO FRONTIER

(Copyright, N. H. Kincaid, 1947)

As the sentry's cry of "All's well!" echoed through the stone barracks and across the courtyard to a little rock house just within the confines of Fort Concho, little eight-year-old Mary relaxed for sleep. It was wonderful to feel secure. She couldn't recall a sensation quite like it. BUT even as she hugged the feeling close to her, she wondered how long it would last.

Would it, for instance, still be hers in their little new house that her father was building just across the river?

Mary Tankersley was a child of the West Texas frontier and, being in a country infested by Indians, had been taught to be on the alert. Born at Camp Colorado in 1861 after the Civil War had commenced and the federal government had removed its troops from the frontier posts, tragedy had come close to her while she was still in her crib. Their nearest neighbors, the Jacksons, were attacked; the father, mother and older daughter killed and scalped and the two younger children taken captive. Her own father had joined the Rangers in tracking down the Indians and the retrieved children had lived with the Tankersleys until relatives could come for them.

And then their family had moved to the Concho Country, becoming the first white people in that area, and were soon again in the midst of Indian trouble. The Kickapoos, once a friendly tribe, had gone on the warpath after an unfortunate attack on them by the Rangers in the winter of 1865. And so for four more years little Mary had lived in the shadow of this feeling of insecurity.

It was not until this summer when the family had come to live at the post while the father was away trailing cattle that this fear had begun to recede. But father was back now, and their own little home across the Concho would soon be ready to move into.

Mary was glad that it was close to the fort, but she wished that she could hear the sentry's "All's well!" during the night.

It was in the late fall of 1869 that Mary, daughter of R. F. Tankersley, pioneer Ranger, cattleman and trail driver, wished for closer neighbors and the security they would offer in frontier West Texas.

Three-quarters of a century later, as Mary Tankersley Lewis sat on the front porch of her home just across the street from the San Angelo Junior High School, she recalled this wish. But the exact location of that little house, and of its sheds and corrals, now well within the confines of that bustling metropolis of the Concho, was harder to identify.

METHODIST CHURCH

Church School 10:00 A. M.

Morning Worship 11:00 A. M.

There will be no evening service since the pastor will be in Water Valley.

is a month old now and the other 15 months old. They are full brothers and sisters from the Tankersley stud that John had.

School To Open Here Tuesday, September 9

MRS. W. V. CHURCHILL DIES IN CAR WRECK

Two weeks ago Mr. and Mrs. W. V. Churchill of Sweetwater were in a car accident just west of Tye. The elderly Mr. Churchill was in a hospital for three days and five days later Mrs. Churchill died.

Funeral services for Mrs. Churchill were held last Wednesday at Merkel and burial followed at the cemetery in Trent.

Attending the funeral from here were Mr. and Mrs. Geo. Case and Mr. and Mrs. Marvin Churchill.

State Fair Oct. 4-19

STATE FAIR TO ENTERTAIN PRESS REPRESENTATIVES

Wolfe City, Tex. Sept. 4— Plans have been completed here for the greatest gathering of Texas press representatives and their families ever held at the State Fair of Texas on Saturday, Oct. 4. Press and Radio Day.

Program details were worked out by State Fair officials with the aid of Paul M. Fulks, publisher of the Wolfe City Sun and president of the Texas Press Association.

Press members, long partners of the State Fair in promoting the industrial and cultural progress of Texas, will be guests at a Western-style barbecue luncheon to be served by the Odessa Chuck Wagon Club.

This will be followed by the matinee performance of "Annie Get Your Gun," starring Texas' own Mary Martin, the White Horse Revue and Hippodrome Show, and the night football game between SMU and the University of Missouri.

The State Fair of Texas, largest of the nation's 2,200 annual expositions and a non-profit institution devoted to Texas' progress, this year starts Oct. 4 and continues through Oct. 19.

Lindsey Buys Magnolia Station

Jake Martin and Tab Murry, who have been operating the Magnolia Service Station here the past eight months, have sold out to Fred Lindsey. Lindsey began operating the station last week.

Jake sold his livestock hauling truck to J. D. Reeves. He said that he and his brother, Marvin Martin, plan to buy them a place in Arkansas.

Tab Murry kept one of the Martin & Murry trucks and will continue to haul livestock.

SELLS LAMBSS AT 18½¢

Mud Allen sold a car of lambs Tuesday to Herman Carter for 18½¢. These spring lambs averaged 68 pounds, and were shipped out of here Tuesday on the Santa Fe. There were 315 lambs in the car. Mud said he raised the lambs on a ¾ section pasture, which is something this dry year.

Mrs. Melburn Grigsby of Sanderson left Thursday after a week's visit here with her parents, Mr. and Mrs. J. L. Glass.

Roland Lowe, manager of the Lowe Hardware Co., was in Dallas the first part of the week on business.

J. T. Davis made a trip to New Mexico last week.

Miss Lucille Hodges, who taught in the local school last year, will teach in the Brady schools this year.

THE O.E.S. will sell Christmas Cards again this year. Cards now in stock. See Sue Nelson.

Mrs. Taylor Garrett, manager of Garret & Bailey dry goods store, and her daughter Fern, returned home Monday night after attending the wholesale gift show in Dallas over the week-end.

Mr. and Mrs. Claude Collins left Sunday for a business trip to New Mexico.

The Sterling Public Schools will open Tuesday, September 9, with a general assembly in the high school auditorium, announced superintendent O. T. Jones this week.

The faculty has several changes from last year. The faculty will be as follows, according to superintendent Jones:

O. T. JONES, superintendent. He has a B. S. degree from North Texas State Teachers College at Denton and a M. A. degree from Texas Tech at Lubbock.

G. W. TILLERSON, high school principal and head coach. He has a B. S. degree from North Texas State Teachers College at Denton and was grade school principal last year. He also served as assistant football coach and head basketball coach last year.

MISS EVELYN VERNON, English and Spanish teacher, has a B. S. degree from N.T.S.T.C., Denton.

MARJORIE MANNING, home-making instructor. She received her degree from Texas University this year.

MRS. G. W. TILLERSON, with a bachelor's degree from North Texas State Teachers College, will teach social sciences and commercial work.

GRAMMAR SCHOOL

WALTER DUFF, who also has a degree from North Texas State, will be the new grammar school principal, replacing G. W. Tillerson. He will handle the 8th grade.

MRS. BENA DAVIS (7th grade) has a degree from Southwest Texas State Teachers College at San Marcos, and attended Baylor University at Waco.

MRS. GEORGE BLACKBURN, wife of the new shop instructor, will teach the 6th grade. She has a B. S. from N.T.S.T.C. at Denton.

MISS NETTIE McMASTER (5th grade) will be back. She has a B. A. from A. & I. in Kingsville.

MISS KNOXINE CAMPBELL, new 4th grade teacher, received her B. S. degree from Hardin-Simmons University in Abilene this year.

MRS. MARY CROSSNO, teacher of the 3rd grade, North Texas State Teachers College and Southwest Texas State Teachers College.

MRS. A. A. BERRYMAN (2nd grade) has studied at Stephen F. Austin College, Texas A. & M. and Abilene Christian College.

MRS. FAY LITTLE BROWN (1st grade) has a B. S. from East Texas State Teachers College at Commerce.

MRS. Ed. H. LOVELACE will teach the public school music.

MRS. RAY LANE will teach the Latin-American school. She has studied at Sul Ross College, Alpine, and is a senior there now.

Roy Martin is the building custodian.

Since vocational agriculture is not to be taught, courses in shop work (industrial education) will be offered all high school boys. George Blackburn, with a degree from N. T.S.T.C. at Denton, has been elected to fill the job as instructor. He and his wife will both teach and are both summer graduates of N. T.S.T.C.

Mr. and Mrs. C. C. Ainsworth recently returned from a 28-day vacation spent on the Texas coast. Clell said he caught about 300 fish while he was there and the biggest one was a forty-pound drum which gave him plenty of "fight."

H. W. Hart of Abilene was here on business the first part of this week.

NO LIONS CLUB THIS WEEK

Mrs. W. H. Sparkman, who has been feeding the Lions Club since Mrs. Glass left for a visit to Oregon, had to forego the job Wednesday of this week. Mr. Sparkman's mother, Mrs. F. C. Sparkman of San Angelo is critically ill at her home in San Angelo.

Hal Knight attended a banker's school in Austin the first part of this week. Hal is the cashier of the First National Bank here.

PRESBYTERIAN CHURCH

Rev. B. B. Hestir, pastor of the Presbyterian Church, will be here for both the morning and evening services next Sunday, at 11:00 a. m. and 8:00 p. m.

Freeze Fruits to Get Summer Treats All Year

Frozen berry purees over ice cream make tasty sundaes in winter or summer.

BERRIES make mighty tempting summer desserts—and just as tempting winter ones. For by freezing the finely flavored berries you can have summer treats the year around, writes Donald K. Tressler in Capper's Farmer, a leading magazine.

"To preserve the good taste that fresh berries have," he points out, "one should allow them to fully ripen on the bush, and handle them gently in preparing them for the freezer. Avoid extra handling in washing by placing them in a colander or basket with small openings and swish it through water containing ice until berries are clean. The ice water keeps the berries firm and shapely, prevents bleeding and

waterlogging of the fruit.

"When several pounds of berries are washed, stemmed or capped, you are ready to mix them with sugar or cover them with sirup—depending on your preference and whether or not you want to use the frozen berries for dessert sauces.

"In filling containers for the freezer, allow 3/4 inch space at the top of each one for expansion during freezing. Follow the manufacturer's instructions for closing or sealing various types of containers.

"Berries or any fruit covered with sirup tend to rise to the top. To keep them in the sirup, crush a piece of wax paper and place it between the fruit and the lid of the freezing container.

When you need paper drinking cups or dispensers, see and buy them at the News-Record.

Tom Onstott, manager of the West Texas Utilities here, returned to his job after his vacation—this week. Tom just stayed at home and rested.

Demere Brothers marketed their calves August 31 at an average weight of 538 pounds. The calves were produced on George Demere's, Frank Demere's and Demere Brothers Isaac Funk ranches. Three major factors are primarily responsible for this exceptional calf weight from range with below normal rainfall for the past three years. The calves were produced from well-bred cows, purchased as heifers by the Demere Brothers from Virgil Brownfield of Sterling City. The management of cattle from breeding through calving and until the calves are finally delivered is certainly a contributing factor to good calf production. The third and probably the most important factor is the fact that Frank and George Demere believe that beef production from range land is in direct proportion to the production of good range forage by the choice grasses. As the drought continued for the past few years livestock were reduced to the number for which palatable range feed was being produced. The result has been improved range condition, more protection from soil erosion, increased pounds of good grass produced, and more pounds of the highest quality beef per acre.

Hairy vetch as a soil builder and winter grazing crop is being introduced into this district by Herman Garlington, Lee O. Newcomb, Harold McCabe and Zach Jones. Foster S. Price is planting 120 acres of hairy vetch and abruzzie rye in the Coke County Soil Conservation District. Hairy vetch will be seeded this fall with small grain at the rate of 8 pounds of vetch per acre. The seed before planting will be treated with an inoculant in order to insure nitrogen forming bacterial activity on the roots. Vetch is being included in the crop rotation by these district co-operators primarily for the purpose of soil building.

Step Shelves Save Space in Cupboards

"PROBLEM CUPBOARDS" with deep shelves are wasteful of space," writes Rose S. Florea, in nationally-circulated Capper's Farmer.

"A section of step shelves or narrow straight shelves between wide ones gives more space," she writes in the magazine read by 1,300,000 farm families. "Little stacking is necessary. Such shelves use the space between articles on a shelf and the shelf above. They are easily constructed to fit any cabinet and can be made from scrap lumber."

Making Toy Shelves

An old set of bookshelves painted to harmonize with the surroundings makes a convenient place for children to store toys, according to the Rural Home editor of nationally-circulated Capper's Farmer. The playthings are kept in better condition than if thrown helter-skelter in a box.

Just about two years ago the war ended-remember? Then everyone thought there would be all kinds of equipment and materials available. However, that hasn't been the case for your telephone company. Even though manufacturers have been working at top speed, they are handicapped by the continued lack of raw materials. Copper and steel are still in short supply, wood for telephone poles is hard to get, and lead is still very scarce. Record progress has been made in spite of these shortages. As more needed equipment is delivered, your telephone company will work with all possible speed to meet the evermounting demands for new telephone service.

Strawberry Preserves De Luxe!

—Photo courtesy Ball Bros. Co.

This recipe for delicious preserves, taken from the famous Ball Blue Book of home canning, calls for two pounds of capped berries, four table-spoons of lemon juice and five cups of sugar. Mix berries with sugar and let stand three or four hours.

Place over low heat until simmering point is reached. Add lemon juice. Boil rapidly for 10 to 12 minutes, or until berries are clear and sirup thick. Cover and let stand overnight. Pack cold into hot jars. Process 15 minutes at simmering.

**Menu Maker's Mainstay—
Home Canned Green Beans**

—Photo courtesy Ball Bros. Co.

Green beans are a nourishing food you can have in plentiful supply for your family by canning them in your own kitchen. Select fresh beans and be sure to wash them thoroughly before the pods are broken or cut. The short fuzz or nap on the pods holds dust and possibly bacteria, yeasts or moulds which may cause

spoilage. After washing the beans, string and break or cut them into two-inch pieces. Boil five minutes and pack into hot Ball jars. Add one teaspoon salt to each quart. Cover with water in which the beans were cooked. Process beans with small, young pods 35 minutes and those with large pods 55 minutes at 10 pounds pressure.

**Ice Box Raids Sure
With Fruit Punch Handy**

You can be sure that the refrigerator and cookie jar will get raided often if you keep frosty fruit punch and crunchy cookies on tap, according to the Country Cooking editor of nationally-circulated Capper's Farmer.

Here is her recipe for a tangy, thirst-quenching fruit punch:

MINTED ADE

- 1/2 c. light corn sirup
- 1/4 c. water
- 6 stalks fresh mint
- 3 tbs. lemon juice
- 2 1/2 c. grapefruit juice
- 2 c. ginger ale

Boil corn sirup and water together for three minutes. Remove tips from mint stalks and crush the stalks in the hot sirup. Add tips and let stand for 30 minutes; strain. Add lemon juice and grapefruit juice; chill thoroughly. Pour over ice in tall glasses. Add ginger ale just before serving. Garnish with mint. Serves six.

DEVILED EGGS AND NOODLES

- 2 c. uncooked noodles
- 6 hard-cooked eggs
- 2 tbs. mayonnaise
- 1 tsp. vinegar
- 1/4 tsp. paprika
- 1/2 tsp. dry mustard
- Salt and pepper
- 4 tbs. butter
- 4 tbs. flour
- 1 tsp. salt
- 2 c. milk
- 1 c. cheese cracker crumbs
- 2 tbs. melted butter

Drop noodles into boiling salted water and cook until tender. Drain in strainer and rinse with cold water. Place in buttered casserole or six individual baking dishes. Cut eggs in half. Remove and mash yolks, mix in mayonnaise, vinegar paprika, mustard, salt and pepper. Fill egg whites and place on top of noodles. To make white sauce, melt butter, blend in flour and salt. Add milk and cook until thickened, stirring constantly. Pour sauce over eggs and noodles. Top with crumbs mixed with melted butter. Bake in moderate oven (350° F.) 20 minutes. Six servings.

You can have personal calling cards, informal notes, and personal stationery printed at the local News-Record shop.

Ohio Candidate For President?

COLUMBUS, OHIO — (Soundphoto)—Senator Robert A. Taft, speaking at the Republican Rally at the Neal House, charged the "blundering policy" of the Truman administration in handling the occupation of Germany has wrecked the entire economic set-up of Europe. Taft was urged to become a candidate for the presidency in 1948 and was backed by his colleague Senator John W. Bricker (who was rumored for presidency). Rep. Clarence Brown, national committeeman was instructed by the state committee to "take all steps necessary" and helpful to bring to the attention of Republicans of other states, Senator Taft's unusual qualifications and availability for the presidency.

Washday for Lamp Shades Makes Rooms Brighter

ROOMS will look brighter when you establish a washday for the lamp shades and light bulbs, the Rural Home editor of nationally-circulated Capper's Farmer advises housewives.

"In the days of kerosene lamps it was part of the weekly housecleaning to wash lamp chimneys," she points out in the farm magazine read by 1,300,000 farm families. "But not everyone realizes that electric lighting calls for a regular cleaning program."

"Your lamp shades will give better service and look much better if they are kept clean."

Here are her directions for giving lamp shades a real soap and water treatment:

Remove a parchment or paper shade from lamp; go over it with a cloth rung quite dry from rich suds. Then go over the shade with a cloth wrung out of clear water. Finish by wiping it with a dry cloth. Examine the shade to see if bindings are glued or sewed on and if there are ornaments that might not be wash-

able. These should be cut off before washing.

Make up a tub of good rich, lukewarm suds. Plunge the shade up and down in the suds. Rub obstinate spots gently with two well-soaped fingers. After the shade is bright and fresh looking, give it several rinses of the same even lukewarm temperature.

Stand the shade to dry on a bath towel, away from sunlight or direct heat. You can hasten drying by blotting the shade between the palms of your hands with another bath towel. When the shade is partially dry, reverse its position.

Don't forget, too, that electric bulbs should be cleaned regularly. Do not try to wash the electric bulbs in their sockets. The best way is to remove the bulb from the socket and wipe with a soft cloth wrung out of soapy water. Hold the bulb by the metal end while wiping the glass with the soapy cloth. This minimizes the risk of wetting the metal part. If the metal part of the bulb does get wet, be sure not to screw it back into its socket until it is completely dry.

New Longer Lines Slim Heavy Figures

CHICAGO — Here's new hope for the ladies, especially those with the shorter, heavier figure, who have been worrying about what the longer styles would do for them. Herbert Levy, creator of half-size dresses, has just announced that the new Fall, styles will coordinate all the lines of a dress perfectly to the new longer skirt. The over-all effect will be better proportioned and more pleasing to the eye than when last year's hemline was merely let down. As a matter of fact, the longer lines have a tendency to add height and an illusion of slenderness that greatly enhances the shorter figure.

LEGAL NOTICE

ACTING by virtue of order of the Commissioners' Court of Sterling County, Texas, made on the 11th day of August, A.D. 1947, notice is hereby given that a public hearing will be had on the budget of Sterling County, Texas as prepared for the year 1948, at 10:00 o'clock A. M. on September 8, 1947, at the Court House, Sterling City, Texas, at which time any taxpayer of Sterling County, Texas shall have the right to be present and participate in said hearing. Given under my hand and seal of office, this 12th day of August, A. D. 1947.

(Seal) W. W. DURHAM,
Clerk, Sterling County, Texas.

For 'Teen-Age Cooks
By Betty Barclay

Children take great pride in being able to prepare a tasty salad or a main-course dish with which to surprise Dad at the evening meal.

Teach your children to do this. They'll be happy for the opportunity—and many a day, later on, you'll be very glad your 'teen-ager learned this lesson.

Here's a recipe for a delicious and healthful casserole dish. Start Lucy or Laura on this:

Chicken and Noodle Casserole

1/2 pound egg noodles
1 cup diced cooked chicken (more if desired)
2 cans condensed mushroom soup
1 can milk or chicken broth
Salt and pepper to taste.

Cook egg noodles in boiling salted water until tender. Drain. Combine with the other ingredients and place in casserole. Bake at 350° for 30 to 40 minutes. Serves 8.
