Criminal Trials Cancelled

Prospective Jurors Are Dismissed

Judge Tom Clinton of Lubbock made a short time of his Criminal Jury Week in Muleshoe Monday.

Judge Clinton, who exchanged duties with District Judge Jack Young

who is in Lubbock County this week, heard seven guilty pleas, dismissed two cases, passed four cases and was unable to act on two cases where defendants could not be located. Nelda Merriott, District Clerk, said prospective jurors were being called Monday and told no to come in.

Esperanza Guillen, who is charged with theft, was

the only case which received no action on Monday.

The felon allegation of sexual abuse of a child against Gilbert Lamb, was waived when he entered a guilty plea. Lamb received the lesser misdemeanor charge of assault and was fined \$750.

Augustina R. Rangel and Ernestina Pisenio both pled guilty to theft of clothing

from a clothing store. Ms. Rangel was sentenced to two years of probation while Ms. Pisenio will serve one year of probation.

Roy Lee Hadley will serve four years probation for check forgery. He also entered a guilty plea.

A guilty plea was also entered for Brenda Ellen Gaines for possession of marijuana. She received six months probation and was fine \$400. The charge against Beldon Lee New, also for possession of marijuana, was dismissed.

Raymond Joseph Cuff pled guilty before Judge Clinton to possession of a controlled substance and will serve four years of probation.

The assault case against Isidro Aviles Balle was dismissed.

Cases which were passed include: Larry Wright, Joyce Wright, theft; Ronnie Ray Provins, burglary; Lynn Thompson, theft of cattle; Robert D. Kelton, murder; and Richard Puckett, possession of a short barrel firearm. Trials for these defendants will be set at a later date.

Two defendants could not be located according to Nelda Merriott. These were Sue Canfield, charged with forgery, and Mrs. Bill Nickell, theft.

Mercury Hits 107°

The mercury in Muleshoe was boiling at 107 degrees in Muleshoe Monday and 107 degrees on Tuesday according to our national weatherman, Jeff Peeler.

Peeler checked his records and these scorching days are the hottest recorded on these dates for the last two years.

With such extreme heat and so many people out working in the sun, there are several things to keep in mind to protect one's health.

Two of the main health problems of summer are dehydration and heat exposure, says Johannes Steenkamp, D.O., acting chairman of Texas College of Osteopathic Medicine's department of public health and preventive medicine.

"All of us are somewhat dehydrated in extremely hot weather," he said. "Our bodies perceive this need for liquids as a need for salt, a false perception. We all ought to drink more during the hot summer months than we think we need to."

TOP 4-H LIVESTOCK JUDGES..... This Bailey County 4-H team captured top honors in the livestock judging contest at the 1981 State 4-H Roundup at Texas A&M University June 2-3. Team members are Jimmy Gleason, son Mr. and Mrs. Jerry Gleason; Gregg Harrison, son of Mr. and Mrs. Donald Harrison; and Kelly and Alan Harrison, sons of Mr. and Mrs. Teddy Harrison. All are from Muleshoe. In the center is team coach and Bailey County Extension Agent Spencer Tanksley. The contest was one of 38 conducted at Roundup, with more than 1500 4-H'ers participating.

4-H Livestock Team Captures Honors

Bailey County 4-H Livestock team captured top State Awards at last week's 4-H Round-up in College Station. The contest which was held on the Texas A&M Campus on June 2 and 3, was one of the 38 conducted at Round-up, with more than 1500 4-H'ers participating.

Team members are Jimmy Gleason, son of Mr. and Mrs. Jerry Gleason; Gregg Harrison, son of Mr. and Mrs. Donald Harrison; and Kelly and Alan Harrison, sons of Mr. and Mrs. Teddy Harrison.

The team members were required to judge and analyze a total of eight classes comprised of sheep, cattle and swine. They also were required to give oral reasons justifying their placings.

The Bailey County team was the high point team in reasons as well as actual judging, with Jimmy Lee Gleason being high point individual of the event

scoring 558 points out of a possible hundred. Kelly Harrison scored 544; Alan Harrison, 525; and Gregg Harrison, 505.

In winning the State Title, the Bailey County team captured the honor of representing the State of Texas at the International Livestock Judging Contest at Louisville, Kentucky sometime in November.

This contest will have entered all of the first place teams from each

participating state in the United States. The team sponsor for Texas is the San Antonio Livestock Show and Exposition and Safeway Food Stores.

Also attending Round-up this year was the Bailey County Horse Judging team, composed of Shane Cluanch, Tamara Gilliland and Kim Farmer. This year did not seem to their lucky year, but they will try again next year.

Bailey County Electric Receives FmHA Loan

Farmer's Home Administration has awarded Bailey County Electric Cooperative Association a rural electric association loan in the amount of \$3,862,000.00.

Senator John Tower's office released this item to the *Journal* June 9th.

The loan is made at 5 percent interest rates for a period of thirty five years,

Tower's office advised. The funds are to be used to finance service for eight hundred additional consumers on the rural Cooperative lines.

Bailey County Electric Cooperative manager, Curtis Gupton, expressed to the *Journal* his pleasure at receiving the loan. He also stated that the "loan

Council Discusses Airport Questions

"The airport creates hazardous conditions for the community at its present location," City Manager Dave Marr told the City Council Tuesday.

Marr's comments were in response to questions Council members and others had received concerning the possibility of building a new airport.

Councilman Paul Wilbanks stated he had been faced with many questions: Why build a new airport? and Is it really needed?

Marr explained his position that because of the hazardous location of the

present airport a terrible mishap could occur downtown. He feels that if there is an opportunity to have a new airport away from downtown and without a tremendous amount of expense, the city should be interested.

Marr cited another positive case for the new airport as a way to diversify the economy. This could be done by building an airport where companies and industries with large aircraft could land in Muleshoe. "If you compete with a town that does have a good

4-H Horse Show Planned June 13

The 1981 Bailey County Open 4-H Horse Show will be held Saturday, June 13 beginning at 8 a.m. at the Muleshoe Roping Arena. The annual event is sponsored by the Progress 4-H Horse Club.

Events to be held include halter classes, showmanship, performance and speed events such as bar-

rel racing and pole bending along with others. There will be three age groups: Pee Wee, Junior (9-13) and Senior (14-19). The show is open to all youth from ages 9 to 19.

Judging the show will be Bobby Henderson of Amarillo. Bob is a former 4-H member and the son of Mr. and Mrs. Bob Henderson of Muleshoe. Ring steward will be Jimmy Henderson, also from Muleshoe. Other positions will be filled by members of the Bailey County 4-H program.

There will be a concession stand open on the grounds which will be operated by the 4-H Council

Church Appoints New Pastor

The Muleshoe Church of the Nazarene has received the services of its newly appointed pastor, Rev. Jimmie Williams. Williams was appointed near the end of the 1980 calendar year by Rev. Gene Fuller, District Superintendent of the West Texas District of the Church of the Nazarene but was unable to assume full-time pastoral duties until the 31st of May.

Rev. Williams is a former resident of Muleshoe and is the son of Mrs. Frankie Williams, also of Muleshoe.

He is married to the former Sharon L'heureux of El Paso, Texas and they are the parents of three children, April, age 4; John, age 3; and James, age 22 months.

Pastor Williams was born in Flagstaff, Arizona, in September of 1942. He has pastored at Kiowa Church of the Nazarene, Kiowa, Colorado, on the Colorado District for the Nazarene Church and is a

FREIGHT TRAIN DAMAGED..... These Santa Fe cars are two of the eight which were derailed in Muleshoe Saturday. Santa Fe officials estimate damage to the train of \$95,000 and \$10,000 to the track due to the occurrence.

Axle Breaks-8 ATSF Cars Derail Locally

At approximately 12:30 p.m. last Saturday, a Santa Fe freight train derailed near the old Barrett Produce building on American Blvd.

The two engine, 41 car train was damaged to the extent of eight cars according to Susan Metcalf, director of public relations in Amarillo for Santa Fe. Metcalf stated that the derailment was apparently caused by a broken axle on the first of the eight cars.

Witnesses reported a car windshield was broken by flying debris as the train passed the Muleshoe Livestock Auction Barn. Although there were no injuries, traffic was tied up

along the intersections from American Blvd. north for some time while workers attempted to clear the wreckage.

The flat and piggy back trailers were overturned on either side of the tracks littering the sideways with their contents.

One railroad employee was questioned by a *Journal* reporter as to his feelings when the train derailed. He stated: "It felt like hell; here I was in the front car and all these cars behind me just kept coming at me, stacking up. It was a pretty weird experience."

A Santa Fe clean-up crew was dispatched to

Muleshoe from Clovis to assist in clearing the tracks which was completed around 9:30 p.m. Saturday.

Ms. Metcalf reported \$95,000 of damage to equipment and \$10,000 to the track. Workmen replaced railroad ties and the road bed is in "good condition," she said.

"Derailments are just a fact of life to us," said Ms. Metcalf who stated Santa Fe does everything it can to minimize the possibility of an accident, but accidents do happen. This was an equipment failure. This type of failure is similar to driving a new car out of the shop and getting a flat tire."

Assembly Plans Ministry For Local Youth

Puppets, stories, film strips and prizes will be part of the new children's ministry program to begin at the First Assembly of God in Muleshoe June 14.

Planned for every Sunday beginning at 11 a.m., the program will have its kick-off on National Children's Day. Children, 3-10 years old, are invited.

Teenagers Stacy Golaz and Tina Ruthardt will be helping with the puppet theatre and children attending will be awarded prizes out of a treasure chest of 600 prizes for bringing visitors, special behavior and other activities.

Miss Jana Garrett, McCrary Exchange Wedding Vows

MRS. LEE McCRARY [nee Jana Latrell Garrett]

Miss Jana Latrell Garrett of Canyon became the bride of Lee McCrary of Amarillo at 7 p.m. Saturday, May 30 in the First Baptist Church at Progress. Danny Jackson, pastor, read the double ring vows.

Parents of the couple are Mr. and Mrs. Phil Garrett of Farwell and L.S. McCrary of Post.

Vows were exchanged before a nine branch candelabra decorated with greenery, roses, spider mums and miniature carnations. Two spiral candelabras and two seven branch candelabras decorated with greenery and bows were placed on either side. The pews were

Earth Chapter OES Holds Installation

Earth Chapter No. 870, Order of the Eastern Star, held their annual installation of officers, Friday evening, June 5, in Earth Masonic Hall.

In the new corps of officers installed, Mr. and Mrs. S.E. Vaughn are the Worthy Matron and Worthy Patron.

The Bible was opened upon the altar, the Lord's Prayer repeated in unison, the pledge of allegiance was given and the National Anthem was sung.

Mrs. Mildred LaDuke, Worthy Matron of Olton Chapter No. 847, was the Installing Officer; her assistants from Muleshoe Chapter No. 792, were Hazel Nowell, Installing Marshal; Mary Farley, Installing Secretary and Elbert Nowell, Installing Chaplain.

Others attending from Muleshoe were Mr. and Mrs. Frank Hinkson, Worthy Matron and Worthy Patron of Muleshoe Chapter and Mr. and Mrs. J.C. Shanks.

Mrs. Shaks is the sister of S.E. Vaughn, the newly installed Worthy Patron in Earth.

Mrs. Vaughn was the recipient of gifts, and she presented boutonnières and corsages to the Installing Officers.

A musical program, by Mildred Womack, soloist, and Annita Taylor, pianist, was enjoyed.

The Misal: Benediction was repeated in unison. Refreshments were served to a host of members and friends who attended the Open Installation.

marked with ribbon and lace bows, accented with baby's breath. The flowers were in shades of peach, apricot and coral, the candles were white.

Mrs. W.T. Watson, pianist of Muleshoe, accompanied Mrs. Sandy Noble, also of Muleshoe, as she sang "We've Only Just Begun" and "The Lord's Prayer."

Given in marriage by her father, the bride wore an ivory quiana knit gown, featuring an empire bodice and Queen Anne neckline outlined in Venise lace. The long fitted sleeves featured matching lace appliques. The a-line skirt flowed into a chapel length train.

Her fingertip, two tiered veil was edged in matching lace and was attached to a lace Camelot cap. She carried a cascade bouquet of roses, stephanotis, miniature carnations, baby's breath and English ivy.

In keeping with tradition the bride wore a string of pearls given to her mother by her father for something old and borrowed. The bride's mother wore the pearls at her wedding. She also wore a blut garter.

Miss Janell Garrett, sister of bride of Canyon served as maid of honor. She wore a peach high-waisted floor length gown of polyester with a lace capelet and baby's breath in her hair. She carried three pale apricot long stemmed carnations with baby's breath and ribbon.

Mrs. Kent Irons of Hart and Mrs. Bryce Garrett,

cousin of the bride of Amarillo, were bridesmaids. They wore gowns identical to that of the maid of honor.

Brandee Garrett of Amarillo was flower girl. Her apricot dress featured an empire waistline with a self ruffle at the neck, puffed short sleeves, and an apricot ribbon formed the sash.

She carried a wicker basket with roses, stephanotis, miniature carnations and baby's breath.

Larry Willouby of Austin served as best man. Groomsmen were Dennis Yarger of Amarillo and Tim Smythe of Austin. Candlelighters were Bryce Garrett and Stuart Williams, both of Amarillo. Stuart Williams and Bryce Garrett, both of Amarillo, were ushers.

A reception was held in the fellowship hall of the church. Mrs. Jeff Skipworth registered the guests. Miss Sharla Jones and Miss Mary Howard of Canyon were the servers. Other members of the houseparty were Mrs. Gene Hamilton, Mrs. J.R. Johnson, Mrs. Clinton Rogers, and Mrs. James Turnbow.

The bride's table was covered with a white satin pleated floor length cloth. A five branch silver candelabra with white tapers, baby's breath and ribbon enhanced the table. The wedding cake was three tiered, topped with satin bells and decorated with apricot roses. Punch and coffee were also served from silver and crystal ap-

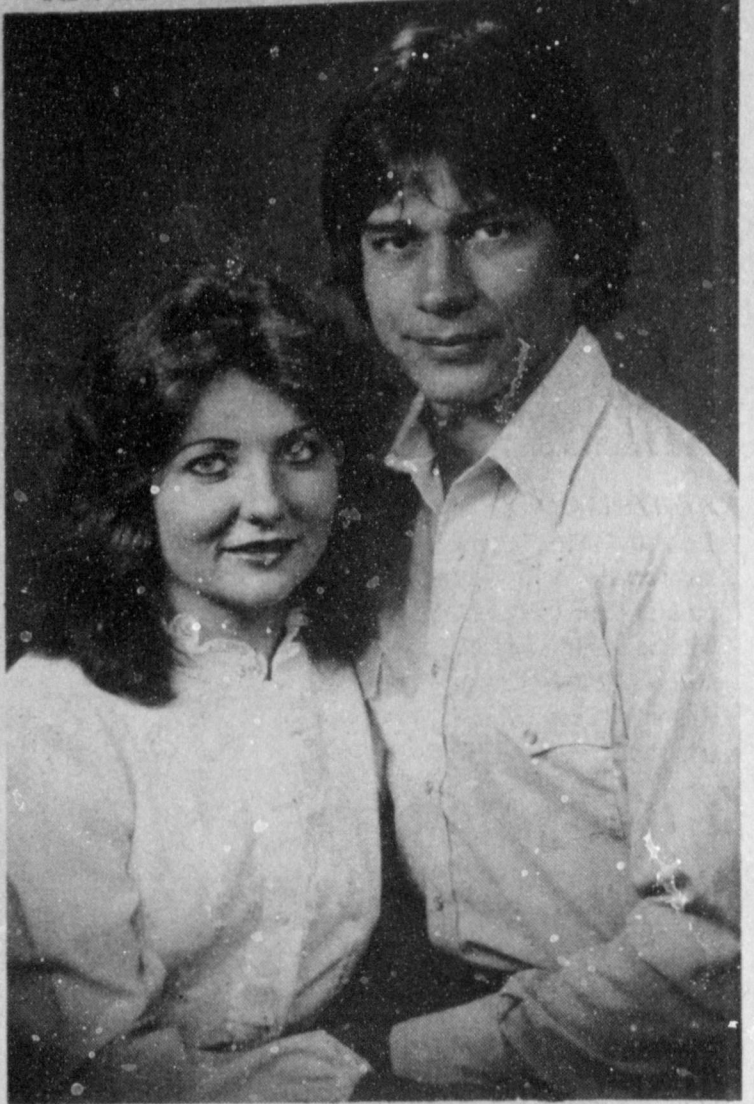

pointments. For traveling the bride chose a peach pullover sundress with matching bolero jacket. Her corsage was of miniature carnations, stephanotis and baby's breath.

The bride attended WTSU and is employed by Levi Strauss. McCrary is a

graduate of West Texas State University and is employed by Levi Strauss.

Out of town guests were registered from Amarillo, Post and Brownfield.

A rehearsal dinner, hosted by L.S. McCrary, father of the groom, was held at the XIT Restaurant May 29.

ENGAGEMENT ANNOUNCED..... Patricia Gayle Grogan and John Randall Muniz will be united in marriage on June 27 at 3 p.m. in the First Baptist Church of Perryton. Miss Grogan is the daughter of Mrs. Bobbie Lou Johnson and the late Arvis Grogan. Muniz is the son of Mr. and Mrs. John B. Muniz of Trinidad, Colorado. Miss Grogan is presently teaching math in the Perryton High School. Muniz is presently employed by Halliburton Services of Perryton. No local invitations are being mailed.

Area Youth Wins Second Place Medal

Sammie Gonzales, Jr. received a second place medal in sudden death in the West Texas Junior GPA Tournament held in Friona June 3.

In the 16-17 year old age group he competed with eight or nine area competitors.

Gonzales is the son of Mr. and Mrs. Sammie Gonzales, Sr. and is a junior at Muleshoe High School.

He has been playing golf since the age of four and studies golf in school. Last year he played in the Muleshoe City Tournament.

Recipe

Onion Casserole

6 or 8 average size white onions
1 generous cup grated Velveeta cheese
1 c crushed potato chips
few dots of butter

Peel and slice onions. Drop into pan of unsalted water and boil until fork tender, about 5 minutes; drain. In greased baking dish, place 1 layer of onions, sprinkle with 1/2 of the cheese and 1/2 of the potato chip crumbs. Dot with butter sparingly. Use remaining ingredients in same order for second layer. Sprinkle with black pepper and paprika. Bake in 350 degree oven, 25 to 30 minutes.

Weddings must be in the office by Monday noon for the Thursday paper and by Thursday noon for the Sunday paper. Any wedding more than two weeks old must be edited and only the basic information included.

No shower picture will be taken without a 24 hour notice and copy must be in the office by Monday at 5 p.m. for the Thursday paper and by Thursday at 5 p.m. for the Sunday paper. An honoree's picture will be taken at only one shower.

All club stories for following edition of paper must be in the office by 10 a.m. on Tuesday and Friday preceding the next issue of the paper.

SMILES

Speaking Of Arks "And now," said the history teacher brightly "can anyone tell me who Joan of Arc was?"

The class was silent, and then one small boy ventured tentatively, "Maybe she was Noah's wife?"

ANNIVERSARY CELEBRATION....A reception honoring Rev. and Mrs. Gene H. Davis on their 50th wedding anniversary, will be held Sunday, June 14 from 2:30-5 p.m. in their home at 720 East 6th. Hosting the reception will be their son, Gene Paul, and their brothers and sisters. Ruby Dale and Davis were married June 14 in Kelton, Texas. Davis is a retired Assembly of God minister.

Tunics Making Strong Comeback

Tunics --- among the most flattering fashion silhouettes for all figure types --- are making a strong comeback, says Becky Saunders, a clothing specialist.

That's good news to anyone on the lookout for a wardrobe extender, she adds.

Mrs. Saunders is on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

A definite trendsetter, the tunic adds wardrobe versatility --- sporty or dressed up, Mrs. Saunders says.

Belted or unbelted, it goes over anything---pants, shorts, dresses, skirts.

Coffee, Pregnancy Be Careful

Should a woman avoid coffee during pregnancy?

Researchers are investigating the question, and they're paying special attention to caffeine, says Cass Ryan-Crowe, a foods and nutrition specialist.

Dr. Ryan-Crowe is on the home economics staff of the Texas Agricultural Extension Service, The Texas A & M University System.

"Most researchers agree that coffee containing caffeine should be consumed in moderation," the specialist notes.

Part of their concern stems from reports that some women who consume eight or more cups of coffee a day have experienced repeated spontaneous miscarriages, she adds.

Whether caffeine was the cause of the miscarriages is not known for sure, yet, but researchers do know that caffeine in the coffee goes through the human placenta and enters the fetus.

So, for now, researchers are advising pregnant women to limit their intake of coffee and to be careful about their intake of caffeine overall.

Caffeine also is present in other foods and beverages, including tea, many soft drinks and chocolate. In addition, caffeine is present in headache medications, stay-awake aids, and over-the-counter cold medicines, the specialist says.

Mulshoe Singing Group Meets

The Mulshoe Singers met in the fellowship hall of the Trinity Baptist Church Saturday, June 6 at 7:30 p.m., 23 were present with J.C. Shanks in charge. He lead the first two hymns, accompanied by Mrs. Shanks at the piano.

Invocation was given by Fred Wilbanks. "We were happy to have Mr. and Mrs. Wilbanks back with us after spending several weeks in Arkansas," Clara Coffman said.

Ealand Upchurch played his guitar and sang two solos. Zed Robinson sang a solo with Mrs. John Gunter Sr. accompanying at the piano. Mrs. Janie Maraw sang two solos.

Others leading songs were Mrs. Eva Ashford (she also helped with the piano music), Mrs. Florene Mills, Mrs. John Gunter, Sr., and Mrs. Marie Parker. Sandra Speck sang a song while playing the piano. She is the granddaughter of Mr. and Mrs. Claud Coffman.

Q.W. Marlow gave the benediction.

Twirling Clinic Scheduled For July

An all day twirling clinic for the beginner twirler who doesn't know the basic fundamentals and who has not had any twirling lessons is scheduled for July 24 at the Hawkins and Purdy's School of Dance and Gymnastics.

On July 31 a clinic is scheduled for any twirlers who have been taking lessons and know the basic fundamentals.

Sue Bessire will be the instructor for both clinics. She is a certified twirling

teacher approved by the National Baton Twirling Association.

"Twirling can be fun and challenging, besides learning team work and making new friendships," Ms. Bessire said.

The deadline for registration for the clinic is June 30.

HIGH COURT RULINGS

The Supreme Court gave criminal suspects two important new tools recently for preventing their own words from being used against them. The court ruled that murder defendants must be warned about their rights to remain silent and to have a lawyer's help prior to psychiatric testing if the test results are used after conviction to help choose life or death as punishment.

KATHY EMBRY

Kathy Embry Named Artist Of the Month

The Mulshoe Public Library selected Kathy Embry for their June Artist of the Month. Her paintings will be on display at the library through the month of June, as well as the First National Bank in Mulshoe. Her paintings will also be seen in many homes in the Panhandle, South Plains, and are beginning to find their way across the United States.

Mrs. Embry has been drawing all of her life and has been painting for the past five years. "I was encouraged by the warmth with which my work was received," she said. She has devoted most of her time to her career since 1975.

"A finished product is a self portrait of the person who did it," she added. With no formal educa-

tion, and being a wife and mother, she has worked diligently to develop her talent and style which are both unique and original.

She has studied under Paul Wylie, Danny Gamble, Mary Selfridge and Elizabeth Black.

Her creations include mediums of oil, acrylic, watercolors, charcoal as well as pen and ink.

She and her husband, Derrell, farm in the Lazbuddie community. They have one son, Kyle, two years of age.

Some of the positions of leadership he has held in various Nazarene churches are President of the NYI (Nazarene Youth International); Children's Church minister and director; and co-ordinator for Nursing Home Ministries.

"We shall do the best we can to fulfill this call."

Rev. Williams also wishes to extend an open invitation to all who do not have a regular church home and to any other individuals who might be interested in attending to come and visit the Nazarene Church located at the corner of 9th Street and Avenue C.

"Expect A Miracle" will be the theme of the church in the days ahead, concluded pastor Williams.

one (airport), you loose," stated Marr.

A short overview of the recent airport hearing was also given. Marr stated J.D. Cage had been concerned with milk production of his dairy cows. Marr stated this was a valid concern because there have been studies which showed both dairy cattle and chicken were affected by aircraft noise.

The Council gave Marr the okay to request a release from the Texas Aeronautics Commission of the golf land. Release of this land, which has never been used as part of the airport, would have a bearing on finances available for the city which could be used for the airport.

In other action, the Council formalized some deletions and additions to the new traffic code. Council members also showed some concern about the condition of Highway 214 and the fast traffic.

Councilmen agreed that the average speed on the street was 45 mph and there were obstructions such as a truck which limit one's vision of oncoming traffic. It was suggested that a survey of the traffic might be taken to determine what the problem is and what should be done.

Marr also received a letter from General Telephone of the Southwest. The letter from GTE stated there will be three percent increase in gross revenue from local service effective in October. The council asked Bruce Chapman, who was present at the meeting in behalf of GTE, to check on the particulars of this increase and how it would affect Muleshoe.

People who enjoy rest should worship work; without labor, there could be no recreation.

Students Recieve WTSU Scholarships

Three students from Muleshoe who plan to enter West Texas State University in the fall semester have received scholarships through the School of Business.

Tena Dawn Landers has received a \$200 WTSU Student Foundation Scholarship through the School of Business Department of Administrative Services in business education study.

The department had received \$2000 from the WTSU Student Foundation a student leadership organization, for scholarships. Scholarships in 17 academic areas became available when the foundation dona-

ted \$13,600 following the October "Campaign for WTSU" phone-a-thon which attracted \$38,000 in pledges from alumni and friends of the university.

Other scholarship recipients include Keva Roming who received a \$200 scholarship through the computer information systems program and Nancy Garcia who received a \$100 scholarship through the Office of Student Financial Aid and the marketing program.

QUARTET PLANS EVENING CONCERT..... The King's Kids Quartet will present its seventh semi-annual concert Friday, June 12 at 8:30 p.m. in the sanctuary of First Assembly of God Church of Muleshoe. The community is invited.

Police Report

Both units of law enforcement in Muleshoe saw a busy week from June 3 through June 8.

The Bailey County Sheriff's office reported three picked up for DWI on June 5, with one of these being charged with possession of marijuana. One alien was picked up on the 5th and one for public intoxication. Two aliens were picked up on the sixth along with one for no driver's license and one for assault.

Trooper Brooker investigated an accident around 10:30, June 8th, involving a pickup driven by Les Mills and a van driven by John Fried. Mrs. John Fried was injured in this accident. Both vehicles were damaged extensively.

The accident occurred on Highway 70 East approximately 2/10 miles out of the city limits of Muleshoe. The driver of the pickup apparently pulled from a side road into the lane of traffic colliding with the Fried vehicle, causing it to roll over several times.

City Police included a criminal mischief on the 3rd. A theft from Alsup's Grocery was reported on the 7th.

Two were arrested for public intoxication and have made bond on the 6th and 7th.

A criminal mischief was reported by Henry Insurance when a rock was thrown through a window on the 8th.

DAMAGED VAN..... This van driven by John Fried and also occupied by Mrs. John Fried, was involved in a late Tuesday accident on Highway 70, north of Muleshoe. Mrs. Fried was reported having sustained a broken hip.

Denver City Plans Tennis Meet

The annual Denver City summer tennis tournament, sponsored by the Denver City Chamber of Commerce, will be held June 16, 17, 18, and 19, 1981.

Men's and women's singles and doubles in various age brackets will be held along with mixed doubles in two age groups. Juniors may enter three events in two age groups while adults may enter

three events in one age group.

Entry fee is \$5.00 per event. Entries may be made by contacting the Denver City Chamber of Commerce at (806) 592-3103, or 592-3978 and evenings, 592-2208.

Local Library Extends Service To Handicapped

Last year, Texans who cannot read ordinary printed material because of poor vision or other physical handicap, read about 900,000 books and magazines. The 35,000 readers were able to do so because of a cooperative program between the Texas State Library and the Library of Congress that is noting its 50th anniversary this year. Under this program the Library of Congress furnishes recorded and braille materials, and the State Library provides space, staff, and other costs of the program.

"Service to the blind and physically handicapped represents effective co-operation between the State Library, the Library of Congress, the Postal Service that carries the materials at no charge, and publishers and authors who allow the 'publication' of their material in special formats without payment of additional royalties," said Dr. Dorman H. Winfrey, director of the Texas State Library.

Ann Camp, librarian for the Muleshoe Library, points out that the local library not only has these records and cassettes but also large print books.

"We have complete books that are marvelously read," she said, adding that many check out these talking books and play them at home. Still others order books through the Library of Congress catalogs. "We are willing to help the person out in any way we can," the librarian said.

Ms. Camp named the motivation series, "The

Sky's The Limit" as excellent and the Bible records as very popular. "We also have tapes by the 'Old Timers' on the early days in Bailey County that are real interesting," she said. In the Large Print Book Catalog, the reader is able to find both fiction and nonfiction books as well as recently printed books. The "Reader's Digest" condensed books are also available at the local library.

Go by the library and visit with Ms. Camp and see what is available or write the Texas State Library, Box 12927, Capitol Station, Austin, Tx. 78711. There is also a toll-free number for information, 1-800-252-9605.

Saving Bond Sales Lag

Sales of Series EE & HH United States Savings Bonds in Bailey County were reported by County Bond Chairman Mrs. Dean Sprayberry to be \$3,326. Sales for the first month period totaled \$3,326 for 7 percent of the 1981 goal of \$50,000.

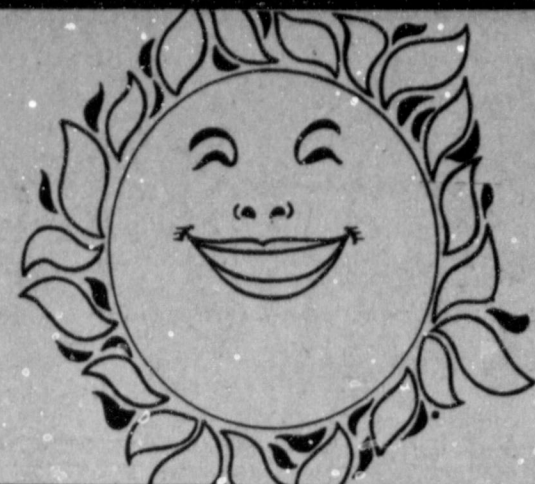

Texas sales during the month amounted to \$21,384,204, while sales for the first month of 1981 totaled \$21,384,204 with 8 percent of the yearly sales goal of \$252.3 million achieved.

INTERNATIONAL INTRODUCES NEW CORN HEAD.....The 963 corn head is one of eight 900 Series corn heads introduced by International Harvester. The new, more efficient corn heads are 20 percent lighter in weight, yet stronger than previous IH models. They have longer stalk rolls that enable gathering units to work extremely close to the ground when necessary to save ears that are down or tangled.

International Introduces Durable Corn Head

International Harvester has introduced a more efficient, lightweight and durable series of combine corn heads.

Approximately 20 percent lighter than previous company models, the new 900 Series corn heads eliminate or reduce the need for counterweights on the combine. This improves overall flotation, increasing performance and fuel efficiency, according to the company.

Weight reduction was achieved by simplifying overall design and manufacturing many machine components from aluminum rather than cast iron. At the same time, stalk roll frames were made stronger and lighter by using channel steel instead of I-beams.

Stalk roll also are two inches longer than previous IH corn headers. The extra length enables the

gathering units to work nearer the ground, if necessary, to save more ears when stalks are down and tangled. Longer rolls also reduce the possibility of ears wedging at the bottom of the rolls.

Other yield-saving features include deeper ear pockets and a slow speed auger that prevents kick-out. Removable rubberized flaps mounted at the bottom of stalk rolls help keep snapped ears from rolling forward to the ground.

Corn head drives include row unit gear cases that are fully enclosed and individually protected by slip clutches. Fewer gears and bearings in the drive system further reduce maintenance. And service time is lessened with remote lubrication from the rear of the corn head in contrast to the more common method of lubricating each roll from underneath.

Boating Safety Week

With more than half a million boat owners in Texas, boating safety is a timely topic as summer approaches, says an official of the Texas Safety Association.

In fact, Governor William P. Clements Jr. has declared June 7-13, 1981, as Safe Boating Week in Texas to impress upon boating enthusiasts the merits of safe boating, says Nelson Mueller, TSA's vice president for home and leisure activities. The observance will coincide with National Safe Boating Week.

"Safety and accident prevention behavior will save lives and increase the quality of water recreation for all Texans," reads the governor's proclamation on safe boating. The proclamation points out that 575 accidental drownings, many related to boating, occurred in 1980.

"It's very hard for boaters speeding across the water to spot a swimmer's head. And even if boaters are alert, they might not be able to avoid swimmers that suddenly appear. Slowing down is a good precaution to take to prevent this situation," he says.

Western Dance YMCA Class

To help keep you in step with the country, Bruce and Leslie Scroggins will teach the techniques of Country/Western Dancing to all ages of beginners or those who wish to improve their dancing skills. This program is designed to enhance your country and western dancing abilities. The different types of dances to be taught are the Two-Step, Cotton-Eyed Joe, Waltz, Polka, Jitterbug, and Schottische.

Leslie Scroggins has taught dancing in the school system for ten years.

Classes will meet on Mondays beginning June 16 through July 21, from 7-8 p.m. For six fun-filled weeks of instruction and enjoyment, call or stop by the YMCA in Clovis. Wear comfortable shoes and clothes that allow freedom of movement. Fees for the class are \$20 for members and \$40 for non-members.

To pre-register or for more information, call the YMCA, 505-762-3198 or 505-762-6975.

Other YMCA activities include a day camp, swimming and tennis lessons.

STATEMENT OF INTENT TO CHANGE RATES

General Telephone Company of the Southwest, in accordance with the Rules of the Public Utility Commission of Texas, hereby gives notice of the Company's intent to implement a new schedule of rates in Texas effective October 1, 1981.

On April 28, 1981, the Public Utility Commission of Texas issued its order in Docket 3690, creating a separate Docket 3861 to consider the impact and effect of the accounting changes ordered by the Federal Communications Commission (CC Docket 79-105). The Federal Communications Commission has changed the method of accounting for inside wiring costs associated with the one-time station connection, move, or change activity. The new rate schedule will increase the Company's gross annual revenue derived from local service by no more than three percent. The schedule of rates and charges is available for inspection at each Company business office in the State of Texas.

H suggests the following safety tips for boaters:

- Continually scan the water ahead of your boat for objects in the water, particularly swimmers. Heading directly into the sun makes vision ahead difficult. Wear a sun visor or sun glasses.

- Before making a turn, look over the water in the direction of the turn.

- Never run too close to an anchored or drifting boat; swimmers might be near.

- Always expect to find swimmers beyond the authorized swimming areas. If you see one, expect to find more.

- Don't be distracted by

one hazard so that you fail to watch out for others.

Mueller advises swimmers to swim near shore and never alone. Any swimmer entering a boating channel for whatever reason should have a boat accompany him, the safety official adds.

Five Rules For A Neat Summer

Children get restless having to fill all the extra hours of summer days. When they issue the old complaint, "I don't have anything to do" again, be ready with an answer.

Pediatrician Virginia Ellis, director of community services at Texas College of Osteopathic Medicine, has a list of "Five Rules for a Neat Summer."

"These ideas should be implemented by a family conference," Dr. Ellis suggested, "so that they don't become merely rules dictated by mother and daddy."

Her rules are:
--Give everyone work to do. "When everyone has a chore, everyone is and feels needed, a part of the family unit."

--Allow for playtime. "This should include planned group play like camp or Little League, but also play by oneself, like art."

--Insist on quiet times -- for everyone. "You don't have to take a nap. Use the time to read or think or daydream."

--Don't forget nutrition. "Summer's not full of hot dogs and doughnuts any more than it's full of play."

--Do something for someone else everyday and keep quiet about it. "It will make you feel good."

GO BROKE
 NEW YORK -- Americans are seriously worried that the Social Security system will go broke before they can receive any benefits, but they don't see President Reagan's plan to save the system from bankruptcy as the way to solve the problems, an Associated Press-NBC News poll reported recently.

Championship Fiddlers Meet For Festival

The welcome mat will be flung out with a flourish June 11, 12 and 13 as Crockett holds its 45th annual World Championship Fiddlers Festival and 20th annual Lions Club Rodeo.

Most of the activities will be held at Davy Crockett Memorial Park in Crockett, but kick-off event will be a rodeo parade around the courthouse square in downtown Crockett at 5 p.m., Thursday, June 11.

Rodeo performances will be at 8:15 p.m. June 11, 12 and 13 and the Fiddlers Festival will be held Friday and Saturday, June 12 and 13, both at the park.

The Fiddlers Festival gets underway in the park pavillion at 10:30 a.m. Friday and the music starts at 9 a.m. on Saturday. In addition to the fiddler competition there will be a Bluegrass Band contest on Saturday.

The World Champion Fiddler will receive a \$2,000 prize and the top Bluegrass Band will carry home \$300. There are cash prizes in four age categories and trophies and ribbons for the amateurs under age 13.

Further information is available from Glenda Turner at 713/544-5918 or Kathy Rhone at 713/544-5604.

Know Your Snakes

Snakes are animals people apparently love to hate.

Texas Parks and Wildlife Department officials said the recent announcement of a free non-illustrated leaflet on poisonous snakes brought more than 7,000 requests in a one month period.

Many of the requests came from people who recently moved to Texas and who were unfamiliar with the state's four kinds of dangerous snakes -- the copperhead, rattlesnake, cottonmouth moccasin and coral snake.

The popular leaflet may be obtained by writing the Texas Parks and Wildlife Department, 4200 Smith School Road, Austin, Texas 78744, or by calling toll-free, 1-800-252-9377.
