Cold Wave Strikes

Old man winter has reigned supreme in Sterling County this week. Striking Sunday, the cold wave gathered in intensity and the mercury dipped to a low of between 7 to 10 degrees by Tuesday night.

School closed early Monday and Tuesday and did not open at all Wednesday. The mail truck from San Angelo failed to show up both Monday and Tuesday, due to icy roads. Bus schedules were cut and omitted due to the same reason.

Snow and sleet fell Monday and Tuesday. A dry snow, the high north winds kept it blown off the streets and highways, but still driving was dangerous. The Texas Highway Department urged extreme caution while traveling.

Most business slowed down with exception of the fuel business—and they were busier than ever. Pipes froze and many families had to stint themselves on water use.

The sub-freezing weather was hard on stock, causing hardships and shrinkage.

Mrs. Sterling Foster Is Wimodausis Hostess

The Wimodausis Club met Wednesday afternoon, January 21, in the home of Mrs. Sterling Foster. Fifteen members responded to roll call. Mrs. Lee Reed, president, presided at the meeting.

Mrs. W. N. Reed was appointed chairman of the County Cancer Campaign. The club voted to donate \$2.50 to the March of Dimes.

Mrs. Reed announced that the "Art Exhibit and Hobby Show" club meeting on February 18 would be held at the community center. Mrs. John J. Perry, T.F.W.C. president, will be guest speaker. Invitations are extended to the Noradanta and Sesame club members. The following day, Thursday, the public is invited to view the art exhibit from the G.F.W.C. and local hobby show.

The club voted to sponsor the showing of films on T.B. at the local school auditorium in the near future. The club also vote to sponsor a health program of immunizing children. The following were appointed as a committee—Mesdames O. T. Jones, Harvey Glass, and Ray Lane.

The nominating committee appointed consisted of Mesdames Lester Foster, Sterling Foster and V. E. Davis.

A forum "Accomplishments of Women in the Professions" was held with Mrs. Herbert Cope as leader.

"Law and Medicine" was given by Mrs. Lester Foster; "Ministry and Education" was discussed by Mrs. H. H. Everitt, and "Art and Home" was covered by Mrs. Ray Lane.

Members present were Mesdames Lee Reed, O. T. Jones, Harvey Glass, John Reed, H. L. Cope, Lester Foster, Sterling Foster, D. Hall, Henton Emery, Roy Foster, H. H. Everitt, R. P. Brown, Fowler McEntire, Jack Douthit and Ray Lane.

The club adjourned to meet February 4 in the home of Mrs. Lee Reed.

DAVID MERRELL TO HOSPITAL

The Henry Merrells took their little grandson, David Merrell, to the Hogan-Malone hospital in Big Spring Monday morning. He had a high fever and Dr. Swann had diagnosed the case as pneumonia.

OIL NEWS NOTES

Plymouth No. 1 Mrs. Willie Mae Foster, testing the Ellenburger in northern Sterling County, was cleaning out eight feet off bottom by means of reverse circulation following a 40-quart nitroglycerin shot from 8,366-82 feet. It headed some drilling fluid for a short time Tuesday while tools were out of the hole.

Cold, sub-freezing weather has curtailed activity at the three oil tests in Sterling County this week.

W. O. W. Dance Jan. 31

The Woodmen of the World, local camp, is sponsoring a dance at the community Center here on Saturday night, January 31.

Aptly called a "Woodchoppers Ball", the affair will feature the Concho Valley Boys orchestra, a local aggregation.

Admission price is \$1.25 plus 25c tax, said Max Winn, local Woodman.

100,000 PRESCRIPTIONS

Number 100,000 was passed on Thursday of this week when Ingrid Boehl got prescription number 100,000 at the Deal Drug Company here. Orrie Deal, owner, said that refills did not count, so really it is probable that 200,000, including refills, had gone out from the store.

At first the store was Butler's Drug Store, then Davis Drug Company, then Davis and Deal and now Deal Drug Company.

Orrie Deal, present owner, worked in the store under Mr. Butler for several years.

With the arrival of the sun and moderate weather on Thursday, most Sterling people thawed out frozen water pipes and stocked up on that necessary commodity.

Mrs. E. B. (Stub) Allen left last week for a visit to her home in Oakland, California.

Stub took her as far as El Paso.

Hal Knight went to Temple to the clinic for a check up the first part of the week.

North Concho River Soil Conservation News

Western wheat grass shows good germination and growth on N. H. Reed's 11 acre trial grass planting. Blue grama is the principal grass on Forrest Foster's 8 acre trial planting. These plots and a 12-acre planting on T. H. Humble's ranch were seeded last September by these district cooperators with the assistance of the Soil Conservation Service to determine the adaptability of ten native and introduced grasses for reseeding old fields and other range areas where the grass cover has been reduced to the point that native grasses are not a dependable source of seed.

Marshal Cook has purchased a tractor for use in eradicating small mesquite and building dams in gullies and washed out roads.

The grass on W. B. Welch's deferred section still provides much palatable feed for ewes wintering on the area. The protection afforded to the soil during the current cold weather will maintain soil temperature above the freezing point and protect the young tender grass shoots laying semi-dormant in the old grass bunches. Litter accumulated on the ground makes an ideal situation for germination and growth of seedling plants of the side oats grama, buffalo and other highly productive and palatable grasses.

W. N. & L. R. Reed are eradicating more cedar on their ranch. Growth of native grasses underneath cedar trees pushed out with a bulldozer last spring have a luxuriant growth of cured summer grasses underneath. Winter grasses have now taken advantage of this protective cover and are occupying the area almost as solidly. Seed produced by both summer and winter growing grasses will help to reseed areas left bare in the eradication process.

Neill Munn received almost complete cover of grass the first year where he eradicated cedar last winter. His pasture received complete rest from grazing until late in the fall of 1947.

The order of abundance of grasses on Marshall Cook's and Steve Curry's irrigated pasture are as follows: meadow fescue, orchard grass, perennial rye, and smooth brome.

Difference in moisture penetration was very evident on L. A. Radde's ranch last week. On a relatively barren area near his pens the surface 4 inches had only slight moisture content and the subsoil was very hard and dry. Under a heavy cover of tobosa grass grass with considerable litter accumulation, the soil gummed up on the spade down to 24 inches.

Rainfall reported by rain gages in the district for 1947—

Bade Bros.	10.12 in.
J. I. Cope	11.25 in.
George Case	12.97 in.

H. G. Garlington	20.60 in.
J. T. Davis	16.79 in.

Boyce House "GIVES YOU TEXAS"

Saw City Detective Howerton the other day—he has solved some big murder mysteries in Fort Worth and I've known him since the days when I was police reporter for the Star-Telegram.

"We ought to write a book of crimes," I suggested.

"Not much exciting happening," he said, "it'll have to be old cases."

"Oh", was the reply, "that's the only kind to write about. Every body is familiar with the new cases but they've forgotten the old ones, so a fellow can lie like hades about 'em."

What a narrow margin often separates the man who achieves success and the man who fails! Back in that golden era of sport, the fabulous '20's, the name of Charlie Paddock was synonymous with speed. He "burned up" the cinder paths of the nation. At the 100 and 220, he was the "world famous human". Yet many of his races were won only by a step or two; the other man was right on his heels. But all the acclaim went to Paddock and none to the runner who finished hardly more than the batting of an eye behind him.

One of the tallest buildings in Dallas belongs to an oil company whose emblem is the flying red horse. Surmounting the skyscraper are two flying red horses. A citizen (Continued on Back Page)

Four Little Newcomers--All At Once

DOROTHY, PA. — Four-year-old Larry Dale McBryar registers astonishment as his mother, Mrs. Barbara Zavada, 25, and his stepfather, Andrew Zavada, let him in on a great big secret—that the stork is scheduled to bring four new babies to their Dorothy, Pa., home all at once. X-rays show that Mrs. Zavada will bear quadruplets in February, 1948 and doctors are planning a caesarian birth at the Latrobe (Pa.) Hospital.

STERLING DISTRICT BASKETBALL LEADER

The Sterling City Eagles proved themselves the team to beat for the district crown this year by overpowering the Stanton Buffaloes here last Thursday night. It was a repeat from the game Monday night before except Stanton held the lead all the ball game. At one time the Stanton five held a 10 point advantage but the Eagles were not to be beaten in conference play.

During the last 5 minutes the Eagles put up an air tight defense and overcame a nine point deficit and sent the score to 28 to 28 as the final whistle sounded. R. B. Mitchell started the overtime with a free throw and then Hudson scored a free throw followed by a field goal by Hudson and a goal by Tweedle. Every Eagle was playing his best when Coach Green withdrew his Buffaloes from the court and forfeited the game to Sterling. Sterling won 34 to 28 to remain undefeated in conference play. They are now two games ahead of their nearest opponent. Sterling has a conference win of 7 wins and no losses.

Tuesday night the Eagles will journey to Westbrook to meet the strong Westbrook five. The Sterling girls will meet the Westbrook girls in a curtain raiser at 7.

Sterling Wins Water Valley Tournament

The Sterling City Eagles easily won the honors at the Water Valley tournament last Friday and Saturday. The Eagles opened the tournament by trouncing the Eden five by the score of 32-9, with Tweedle and Hudson leading the attack.

Saturday morning the Eagles started slow and finally overpowered the Water Valley Wildcats by the score of 28 to 12. Tweedle again led the attack with 15 points followed by King with 6.

The Courtney Eagles became the Eagles opponents Saturday night with a 29-28 win over Forsan in the semi-finals. The Sterling five started slow and held a 4-2 lead at 1st quarter. The Eagles warmed up in the second quarter and held a 18-2 lead at the half. They came back fast in the second half and were leading 36-6 when Coach Tiler sent his substitutes in to finish the game. Sterling finally won the game 44-15.

Sterling received a nice trophy and Tweedle and King were placed on the all-tournament team and received miniature basketballs.

March of Dimes Program Tonight at Gym

The Cruse Jewelers will meet the Nathan's Jewelers tonight in the first game of the March of Dimes at 7:30 followed by a game between the Sterling Independents and the Gem Jewelers of San Angelo. The four teams will be given a meal prepared by the home economics girls after the contests.

Admission to the games will be by contribution and the money will be given to the March of Dimes to combat infantile paralysis.

Sterling High School Invitational Tournament This Week-End

Interest this week-end will center here in Sterling around the combination boys and girls Basketball Tournament which started on Thursday night at 7:30, followed by a conference game as well as a tournament game between the Sterling boys and the Garden City boys.

The tournament will start again Saturday morning with the Robert Lee five meeting the Rankin five. The Sterling girls will meet the Rankin girls at 11 Saturday. Play will begin again at 1 o'clock with the Coahoma girls meeting the Courtney girls. The Sterling-Garden City winner will meet the Forsan-Water Valley winner at 3:15 Saturday and the Robert Lee-Rankin loser will meet the Garden City-Sterling loser at 2 Saturday.

Finals will begin at 6 p. m. with the consolation girls, the consolation boys will be at 7. The girls championship will be at 8 and the finals for boys will be at 9. Trophies and all tournament awards will be given away after this game. Admission for Thursday games will be 20 and 35c and for the finals Saturday night 25c and 50c.

Concession to Benefit Basketball Squad

The Sterling Athletic squad will handle the concession stand at the tournament to try and pay for their new uniforms that are already supposed to have come in. New warm-up uniforms have been ordered for both boys and girls teams.

Pie, sandwiches, plate lunches, coffee, and hot dogs will be served Thursday, Friday and Saturday.

A. T. Bratton To Head Red Cross Roll Call

A. T. Bratton, soil conservation engineer here, will serve as the Red Cross Roll Call chairman here in March, announced chairman C. E. McDonald this week.

The Sterling County quota will be \$765 said McDonald. Sterling County is part of the four-county set-up composed of Tom Green, Schleicher, Reagan and Sterling Counties, said McDonald.

TOM HUMBLE IN DALLAS HOSPITAL FOR LEG OPERATION

T. H. Humble is in the Gaston Hospital in Dallas with more leg trouble. Tommy has been suffering from a broken leg that wouldn't heal for the past four years.

Treatment, including bone grafts have failed, and now it is planned to remove the leg. His family said that the doctors said another graft could be tried and it would take several years to know definitely if it would work. Tommy has decided to have the bad leg removed, they said.

Rogers Hefley, local Ford dealer who has been hospitalized the past 31 days as a result of an accident when his car overturned on the Big Spring highway, is now reported considerably improved.

The Orrie Deals spent last week end in Lubbock visiting relatives.

OUR WASHINGTON NEWS LETTER

By Congressman O. C. Fisher

The House has passed and sent to the Senate a bill amending the Articles of War as they relate to Courts Martial. There has been much criticism in the past from both civilians and army officers, of the procedure set up for military trials of men in the service accused of offenses. Evidence of miscarriages of justice has shown up in some cases. The bill just passed is intended to improve the procedure and provide with more certainty that justice will be meted out.

While the new proposal does not go as far as the American Bar Association had recommended, the new system is sure to be more democratic than has been the case in the past.

The bill provides: That local commanders shall not have control over the members of courts by taking Judge Advocate General officers out of "line of command."

That officers as well as enlisted men may be tried by special courts for minor offenses;

That both the defense counsel and the prosecutor in general courts be attorneys;

That lesser penalties than those now provided be imposed in many cases;

That accused men many not be confined with prisoners of war, or otherwise punished (except to be confined) prior to conviction;

That members of courts be instructed as are juries in civilian courts, that the accused be presumed to be innocent until proven guilty and that the burden of proof shall be on the government.

Finally, the bill establishes a much more comprehensive system of review of convictions. A new

board will review all convictions and will consider questions of fact as well as of law. I am convinced this bill will go a long way toward insuring the service men fair and impartial trials.

In Washington last week on business were Walter McKay of Fredericksburg and Forrest Kyle, newspaper publisher of Bangs. Mr. McKay, with our State Agriculture Department, is concerned over the threat of the spread of the pink boll worm in Texas cotton. Consideration is being given to the use of DDT spray along the Rio Grande at vulnerable points, provided necessary funds can be provided. The pink boll worm menace is a most serious one to our cotton farmers and an effort will be made to increase the appropriation for use in that fight.

statues of the great men of American history, including representatives from each of the 48 states. For Texas, the likeness of Sam Houston and Stephen F. Austin were chosen years ago and are located in Statuary Hall. Oklahoma very appropriately picked the late Will Rogers. It is said the cowboy humorist once wisecracked that if his statue should ever be placed in the capitol, he wanted it located at a spot where he could "keep an eye on Congress." Sure enough, his wish was granted, and his huge bronze statue now faces a door opening into the House chamber. There it is admired by thousands of visitors.

WUERTERBERG-GONZALES WEDDING SUNDAY

Miss Earnestine Wuertenberg of San Angelo and Ralph Gonzales of Sterling City were married last Sunday at the St. Joseph's Church San Angelo.

The bride is the daughter of Mr. and Mrs. Nestor Wuertenberg of San Angelo, and has been employed at Levine's as bookkeeper. The groom is the son of Mrs. Lula Gonzales of Sterling City, and is employed at the Hefley Motor Company here.

The couple went to El Paso on a week's wedding trip, after which they will be at home here in Sterling City. The groom's family and friends from here attended the wedding.

3 Unions Block Labor Peace—Refuse Wage Boost Already Accepted by 19 Other Railroad Unions!

The Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen and the Switchmen's Union of North America, representing 125,000 railroad employes, have refused to accept the offer of the Railroads of a wage increase of 15 1/2 cents an hour.

This is the same increase awarded 1,000,000 non-operating employes by an arbitration board in September, 1947.

This is the same increase accepted by 175,000 conductors, trainmen and switchmen by agreement on November 14, 1947.

Agreements have been made with 1,175,000 employes, represented by nineteen unions. But these three unions, representing only 125,000 men, are trying to get more. They are demanding also many new working rules not embraced in the settlement with the conductors and trainmen.

Incidentally, the Switchmen's Union of North America represents only about 7% of all railroad switchmen, the other 93% being represented by the Brotherhood of Railroad Trainmen and covered by the settlement with that union.

Strike Threat

The leaders of these three unions spread a strike ballot while negotiations were still in progress. This is not a secret vote but is taken by union leaders and votes are signed by the employes in the presence of union representatives.

When direct negotiations failed, the leaders of these three unions refused to join the railroads in asking the National Mediation Board to attempt to settle the dispute, but the Board took jurisdiction at the request of the carriers and has been earnestly attempting since November 24, 1947, to bring about a settlement. The Board on January 15, 1948, announced its inability to reach a mediation settlement. The leaders of the unions rejected the request of the Mediation Board to arbitrate. The railroads accepted.

What Now?

The Unions having refused to arbitrate, the Railway Labor Act provides for the appointment of a fact-finding board by the President.

The railroads feel it is due shippers, passengers, employes, stockholders, and the general public to know that throughout these negotiations and in mediation, they have not only exerted every effort to reach a fair and reasonable settlement, but they have also met every requirement of the Railway Labor Act respecting the negotiation, mediation, and arbitration of labor disputes.

It seems unthinkable that these three unions, representing less than 10 per cent of railroad

employes, and those among the highest paid, can successfully maintain the threat of a paralyzing strike against the interest of the entire country—and against 90 per cent of their fellow employes.

The threat of a strike cannot justify granting more favorable conditions to 125,000 employes than have already been put in effect for 1,175,000, nor will it alter the opposition of the railroads to unwarranted wage increases or to changes in working rules which are not justified.

A glance at the box shows what employes represented by the Engineers and Firemen make. They are among the highest paid in the ranks of labor in the United States, if not the highest.

Compare these wages with what you make!

Type of Employe	1939 Average Annual Earnings	1947 Average Annual Earnings	1947 Average Annual Earnings with 15 1/2 Cents per Hour Add'd

"Covering the County"

By Byron W. Frierson, Sterling County Agent

A five dollar first prize and fifty second prize will go to the 4-H Club boys who turn in the two best record books to me following the San Angelo Show. The books will be judged on accuracy, completeness, and neatness by a group to be appointed by the Lions Club president.

If you are going to prune those fruit trees this winter, do it now. I will give anyone who wants it, a demonstration in pruning. Harold McCabe recently made a nice orchard by pruning about 15 peach, plum, apricot and pecan trees.

Several have asked me about pruning rose bushes. Pruning will make the plant grow more vigorously and produce more roses. There are two ways of pruning them—cut back close to the ground or prune each runner lightly. In either case, remove all dead limbs.

In a few years the courthouse lawn is going to look a lot better as a result of the 8 pecan trees recently set out. Hats off to Jim Butler and the State Highway and County employees.

The calves fed in Howard County from the ranches of Nick Reed and Bill and Lee Reed made a good showing last week in competition with some calves from some of the best herds in Texas. A calf from Nick Reed's won first in his class of dry-lot calves and calves from the Bill and Lee Reed ranch took several places in other classes.

Some pecan trees I have examined lately are badly infested with scale. Take a look at your trees. You find it on the limbs. If you

doubt it is alive, mash it with your finger nail. This is an insect which moves about during the first part of its life. As it grows a little older, it settles down on a certain spot and stays there. When a tree is badly infested with the scale it weakens the whole tree and may kill the smaller branches. If you have the scale on your trees, spray now with a 3% oil emulsion spray. One gallon of oil emulsion to 15 gallons of water is the correct proportion. Oil emulsion is generally available at hardware and farm supply stores.

The boy who owns the champion fat lamb at the Sterling County Show this year will receive possession of the big loving cup donated by J. T. Davis. The boy gets

possession of the cup until show time next year and his name will also be engraved on the cup. Owners of the best fat fine wool, cross-bred, and shorn lambs will compete for the cup. * * * *

From where I sit ... by Joe Marsh.

Are You "Hobby Happy?"

Funny thing about hobbies... When Ed Carey started making a model of the "Flying Cloud," it was only to rest his eyes from reading. But now he spends every spare moment ship modelling!

Some wives might have resented a husband suddenly shutting himself in the attic every night. But not Ed's Prudence. When she found him working late, she brought him up some beer and crackers... showed a real interest in his hobby... until finally Ed had her helping with the rigging.

Wasn't long before they were working side by side on Ed's bench, sharing a common interest. Instead of keeping them apart, Ed's hobby brought them more together.

From where I sit, a husband's hobby can often be a wife's as well. In fact, I've got the missus interested in tying trout flies—and, along with that mellow glass of beer, it makes the evenings go by mighty pleasantly.

Joe Marsh

the military genius of ancient Carthage, who lost only one battle; or Scipio, the Roman who won that one battle? Hundreds of biographies have been written about Napoleon; a half dozen about Wellington, the victor of Waterloo. Who will be remembered longer: Robert E. Lee or U. S. Grant? Lee's name shines with glorious luster; he is the embodiment of chivalry, of knighthood, of gallantry; Grant is remembered only because he overwhelmed Lee by the sheer weight of numbers.

Your columnist is probably the only person in Texas who has neither read the book, "Gone With the Wind" nor seen the movie of that same name nor heard the song, "Open the Door, Richard," nor ever been in that store in Dallas.

As far as his contemporaries were concerned, Shakespeare was just one of the boys.

The checking out time of hotels is getting earlier and earlier. It used to be 6 in the afternoon; now, at most of them, it is 5 or even 4. If this keeps on, pretty soon when a man registers, he will already

owe one day's rent.

Expect folks are a little "het-up" in the Young County capital. A radio commentator recently remarked he was from Graham where he said, "there is the biggest square in Texas—and folks with heads to match." That's what the man said!

You can have personal calling cards, informal notes, and personal stationery printed at the local News-Record shop.

Insulation and weatherstripping pays dividends in comfort and fuel savings. Details without obligation—Redwood Insulating Co., P. O. Box 1086, San Angelo, Texas.

For typewriter ribbons, adding machine paper, and stationery supplies, see the News-Record.
