## WIMODAUSSIS CLUB REASSEMBLY HELD

The Wimodausis Club reassembled Wednesday evening in the Community Center with a meeting of members and guests. The subject for the evening was 'International Relations.'

Mrs. H. D. Glass, president of the club welcomed the guests, which included the husbands of the members, the school faculty and an exchange teacher from Ireland.

Miss Ethel Foster told about her goodwill tour of Mexico and Guatemala. Miss Lila Masson, exchange teacher from Ireland, talked on a Comparison of English schools with American schools.

Originally scheduled as a garden party at the home of Mrs. C. N. Crawford, the inclement weather drove the gathering into the Community Center.

Hostesses for the event were Mrs. C. N. Crawford, Mrs. Ray Lane, Mrs. J. C. Reed, Mrs. Riley King, Mrs. O. T. Jones, Mrs. D. Hall, Mrs. T. S. Foster, Mrs. Geo. Case, Mrs. L. F. Hodges, Mrs. W. L. Foster, Jr., Mrs. Kenneth Garms, Mrs. H. A. Chapple, Mrs. W. R. Hudson, and Mrs. Frank Cole.

Mrs. C. A. Bowen, club member from San Angelo, introduced the guest speaker for the evening, Miss Masson.

## Three Shot In Gun Play

Alberto Adame, 42, of Houston, was fined \$25 and costs, total of \$47.70 in County Court here Monday morning on his plea of guilty to a charge of aggravated assault.

Adame was jailed after three other Latin-Americans were shot in the back end of a truck about 10 miles west of here Saturday night about 11 o'clock.

Jose Otiz, 17, Erni Rodriguez, 22, both of Brownsville, and Joe Sandival, 17, Los Fresnos, all were released from a hospital at San Angelo after being treated for gunshot wounds.

The men were a party of bean pickers en route from Wyoming to Victoria, where they will pick cotton.

The shooting occurred when Adame and another man were scuffling over a gun, according to Sheriff R. H. Emery, who investigated the mishap. Ortiz, Rodriguez and Sandoval were not in the argument but bystanders.

## SCHOOL ENROLLMENT 225

School opened here Tuesday with an enrollment of approximately 225, and was increasing daily said superintendent O. T. Jones on Wednesday. The grade school is above last year's enrollment, while the high school is down about 5, said high school principal G. W. Tillerson.

The O. E. Deals made a business trip to Dallas and Waco last week end.

## Lions Club Luncheon

Dr. Wm. J. Swann reported on the Blue Cross hospitalization plan drive that the Lions Club is sponsoring for the people of the community at the Wednesday luncheon. He said the committee had formulated plans and forwarded them to the Dalas office for approval of the head office. A letter along with a folder telling of the plans costs and benefits will be mailed to each family in the county. Postcards will be sent out to each family during the campaign. A film advertising the plan will be run in the theater by Lion Donalson, and he agreed to let the lobby of the theater be used for the registration. Swann pointed out that Sterling families can get the hospitalization plan if 50% of the families join, and that the joining period will be only from September 27 through October 1, a five day period, being the last week in the month. Ordinarily, communities as a whole can not get Blue Cross—just employed groups. But, every once in awhile, through the efforts of a club or some organization, a whole community will be offered the plan. Such is the opportunity now being presented to the people of Sterling County.

Lion G. W. Tillerson told that there was a decrease of 5 in the enrollment at high school this year over last, but that the grade school enrollment picked up about 50, excluding the Latin-Americans, who now attend the main school. He told that the football club was going to Grandfalls for a game tonight.

President Henton Emery appointed a committee to find a member of the club to serve on the community center operating committee to replace H. A. Chapple, who resigned. Roland Lowe and Doug Farnsworth were named by Emery.

## Boys Return From Football Camp

The contenders for places on the starting line-up of the Eagle six returned from a one-week football camp at Foster Park, Tankersley, last Saturday morning.

Under the direction of coaches G. W. Tillerson and G. W. Blackburn the boys began to condition themselves for the coming season which opens Friday night with a game at Grandfalls, a new member in the Fort Davis District.

Boys attending campe were Harold Baker, Blaine Mitchell, Duard Groshhan, Jimmy Lindsay, Elroy Butler, Pascal Brown, Don Gann, Loy Mitchell, Henry Bliznak, Edmund Heacock, Larry Glass and Bill Davenport.

Billy Vern Davis, son of the Vern Davises, a second year man at John Tarleton College at Stephenville, is a candidate for the J.T.A.C football squad.

## Associational Baptist Workers To Meet Here Next Week

The Associational meeting of the Concho Valley Baptist Association will meet here at the First Baptist Church next week on Thursday and Friday. About 200 workers are expected to attend the gathering.

Held once each year in some church in the association, the meeting is one where a resume of the work of the year is given, plans for the future formulated, and other denominational matters are taken up.

The host church always feeds dinner and supper the two days to the gathered workers, and places for those staying all night are supplied. Committees have been formed and the plans to handle the workers have been made.

The Concho Valley Association runs from Barnhart on the west, Harriet on the east, Sonora on the south and Sterling City on the north. Usually one of the larger churches in San Angelo is host to the group because of better being able to take care of the crowd, but the Sterling City church is playing host this year. Once before, many years ago, the Sterling church was host to the group.

## "Covering the County"

By Byron W. Frierson, Sterling County Agent

The Sterling County 4-H Club will leave for Carlsbad Caverns the 17th or 18th of September if all present plans materialize. The boys have made about \$200 this summer on scrap-iron and concessions at the rodeo. Plans are to take a 3-day trip.

The trailer that used to be used with F.F.A. work has been borrowed from the school board and the club spent \$4.65 in giving it a paint job and getting it in operating order. It will be used in connection with 4-H Club work.

Last Saturday, volunteer workers sprayed the worst fly breeding places around town with D.D.T. Fifty-five gallons of concentrate was used. This D.D.T. was furnished by the state and no expense was incurred at all in this last spraying. Volunteer workers were Henton Emery, Rev. Ed Lovelace, John Balderez, Harold Shaw, Bill Blair and Roy Martin. Seth Bailey, Roland Lowe, Joe Emery and South Texas Lumber Company also furnished help. Spray machines were furnished by Cack Cole, Roy Foster, Lee Reed and John Reed.

The money spent on the first spraying of the town has not been all collected. Contributions may be made to O. T. Jones, G. W. Tillerson, Roland Lowe, Earl Bailey, Seth Bailey, or John Brock. If you want to contribute to the money spent on this polio prevention work contact the above man who is in charge of your area of town. If you are in doubt as to who was chairman in your section, call me and I will give you the information.

Kent Jones has joined the 4-H Club. He is going to fatten a couple of pigs for the San Angelo Show.

## 40 MEN REGISTER FOR SELECTIVE SERVICE

Forty men so far have registered under the selective service registration in Sterling County, said H. L. Pearce, chairman of the local board.

Registration continues through the 18th of this month, said Pearce. Thereafter, 18 year olds will register on their birthday or soon thereafter.

The Sterling County set-up is combined with Midland County, and that is where the board meetings will be held.

## Football Season Opens Tonight

The members of the Sterling football team will travel to Grand Falls Friday night to battle a strong team at 8 p. m. A number of fans have made plans to attend this game. The newly organized pep squad, under the direction of Miss Mallie Carter, will also be represented.

Coaches Tillerson and Blackburn have been working the boys hard this week with a night workout held last night, and they expect the Eagle six to put up a good fight.

## Stanolind Plugs Well

Stanolind No. 1 Robt. S. Foster, west offset to the opener of the Marvin (Wichita-Albany) pool in southeastern Sterling County, Tuesday prepared to plug and abandon at 5,173 feet in lower Permian lime. No shows of oil or gas were reported.

When the test was bottomed at 4,534 feet nearly four weeks ago, Stanolind filed an amended application for a permit to continue drilling to 5,500 feet to explore the Ellenburger. No. 1 Foster is 660 feet out of the southeast corner of section 11-15-H&TC.

Ray A. Albaugh and Progress Petroleum No. 1 Mrs. Nellie Cannon Parramore, scheduled Ellenburger wildcat in northwestern Sterling County, was drilling to 6,920 feet in lime. It is in the C NW NW 203129-W&NW.

## MRS. JOHN REED BREAKS HIP IN FALL

Mrs. John Reed fell early Wednesday morning at her ranch home and suffered a broken hip. A Lowe ambulance took Mrs. Reed to the San Angelo hospital. It was her left hip that was broken.

Roland Lowe, manager of the Lowe Hardware Co., made a business trip to Dallas the first part of the week.

## Hospital Insurance Gains Favor Rapidly

The general practice of life insurance, fire insurance, accident and casualty insurance is regarded as wise by the average American. So, now, is the various hospitalization plans. Many average families are run into debt or have to use up their savings when a serious illness of the family requires expensive hospitalization. Many people have availed themselves of protection against such by buying or having hospitalization insurance. All of this is to be commended.

The cheapest, most widely recognized form of hospital insurance is the one made up by the hospitals themselves—Blue Cross. For a number of years, only people in employed groups could avail themselves of Blue Cross hospitalization. But in late years, under certain conditions, a whole community would be allowed to join during a certain period, and the project being sponsored by a local organization. Several communities in Texas have had the plan opened to the entire citizenship and have taken advantage of it. To mention some close by, there was Mitchell County and Big Spring.

The average person would normally like to have such insurance. The interested group (Lions Club) arranged to have it offered to Sterling citizens during the last week this month. A letter and a folder giving details of the plan are to be mailed to each family in the county just before that week. It is hoped that every one will acquaint themselves with Blue Cross and decide on its merits. The week set aside will be the only week that anyone will be allowed to join for at least a year. If it is opened again, it will be for only one week.

The cost, considering the benefits, is the lowest of any such hospitalization. This is due to the fact that it is a non-profit organization, and is allowed by law to keep only 15% of the money paid in by members for operating and other expenses. Eighty-five percent must be paid back to the members in benefits. It is of such nature that when one is hospitalized, and the payment to the hospital comes due, the portion that is covered by Blue Cross is deducted from your total bill by the hospital themselves, since they operated and guarantee Blue Cross. The monthly cost to one individual is \$1.10, married woman enrolling without husband—\$1.50; member and one dependent—\$2.30; member and all dependents \$2.60, each sponsored dependent (children between the ages of 19 and 25—unmarried) \$1.00.

There will be an enrolling charge for community entrants of \$1.00.

Benefits are about the same as any other plan, and will be set out in the folder that will be mailed. No medical examination is necessary—just the word of a Texan that he or she knows of no need for hospital care.

Fifty per cent of the families in the county have to join or the organization will not take on an entire county or community.

## EVERITT-HIGDON WEDDING

In a quiet wedding ceremony that was held Friday, September 3 at 7 p. m. in Kingsville, Texas, Miss Billye Sue Everitt, youngest daughter of Mr. and Mrs. Clyde Everitt, became the bride of Buster W. Higdon of Ranger, Texas.

The bride is a graduate of Sterling City High School and Texas Technological College. She was born and reared here.

Mr. Higdon is a graduate of the Ranger High School and Texas Tech. He spent three years with the U. S. Army in Europe. He is now employed by the Celanese Corporation in Kingsville as a chemist.

After the honeymoon, which is being spent in Corpus Christi, the couple will be at home at 603 West Henrietta Street, Kingsville.

Mr. and Mrs. Everitt plan to visit their daughter and son-in-law within the next two weeks.

## Boyce House? "GIVES YOU TEXAS"

When I was on the staff of the Fort Worth Star-Telegram, there was a dog show and I was assigned to write it up. For three days, I was out there in the big, barn-like exhibit hall where there were 200 dogs and they barked and barked all day long.

After three days of that, I was back in the newspaper office writing the closing account of the show when I heard, or thought I heard, a bark. I assumed it was imagination and kept on writing. In a moment, I heard another bark.

Had listening to all that barking for those days so worked on my nerves that I was "hearing things"? I looked guardedly around the office to see if anyone else had noticed such a sound but all were busy and I was just lowering my head to the typewriter when my glance caught the eye of Mark Burrowes, the "sunbeam edition" editor—and he tried to keep from grinning but couldn't.

He had been doing the barking.

I grinned, too. It's quite a relief to know that your imagination is not playing tricks on you.

A boy showed such marked indifference to his duties that his employer said, "I regret to do so but I must discharge you." The youth pleaded, "Mr. Brown, please don't do that. This is my first job and if I am fired from my first job, it will handicap me all through life." So at last the employer said, "All right; go back to work." The boy said, "You mean I'm not fired?" "That's right," was the reply. "Then", said the youth, "I resign."

A noted criminal lawyer of New York City declared that he had saved over 50 persons from the electric chair, yet not one of them had ever sent him a Christmas card.

More memories of a columnist's sojourn in California for a few months, nine years ago:

Of amusements, there is no death in Hollywood—(isn't that sentence a dilly, by the way?). At least, there was plenty to see when I was out there—a Pacific Conference football game every Saturday afternoon, a "pro" grid game Sunday afternoon, two athletic clubs, each of which presented one card of boxing and another of wrestling each week, and two theaters that showed a combination of top-notch motion pictures and flesh-and-blood performers. Think of seeing a feature picture and also seeing, in person, Frances Langford, Kenny Baker and Ken Murray, all for only 50 cents!

They were always introducing notables at the ringside at the fights—such as Rochester, who was managing a heavyweight, and the old-time Olympic champion, the Indian, Jim Thorpe.

Then there were big road shows, such as "The Man Who Came to Dinner." The principal character was supposed to have been based on Alex Woolcott and the famous critic and writer played the role himself. But the night I went, he was sick and they had to make a substitution. Some of the people didn't stay but got their money back at the box office. I remained, however and the substitute was wonderful. He made a better Woolcott than Woolcott did. I didn't know until I read the paper next morning who I had seen. He was Kaufman, the man who wrote the show.

## THE AMERICAN WAY

**IS AMERICA  
"ILL-HOUSED"?**  
By **GEORGE S. BENSON**  
President of Harding College  
Searcy, Arkansas

Looking  
Ahead

IF YOU listen only to boosters for government housing, you will sometimes get the miserable feeling that America is in a bad way for shelter and housing. You will be made to feel that the situation is beyond remedy and nothing at all is being done about it. According to the "let-government-do-it" boys, if we don't start throwing billions of tax dollars around for housing projects, then the whole population is at once ill-housed.

While the year 1947 did not quite reach the peak of our building boom in 1925, it is estimated that 825,000 new homes were built. One family out of every 40 got a new house in 1947. That is an excellent record! The Bureau of Census has reported that 93.2 per cent of all city houses are in satisfactory repair, compared to 88.6 per cent in 1940. Our American housing is steadily improving, despite the many difficulties that have been placed in the way.

Record of ONE OF these problems facing private building is government activity in house construction. Many government projects put up so far are said to have been built because costs were too high for the citizens to undertake them. Yet, because the government is willing to pay these same "high" costs, the costs are sure to remain high. In government housing, the difference between the rental income and the actual cost is simply passed on to the taxpayer. The government can't work miracles, but it can levy taxes.

If it is the object of federal housing legislation to clear away slums, then I say let communities in which these poor conditions exist clean up their bad sections. Some cities have already put slum clearance programs in effect, without calling on Con-

gress for legislation. Our local governments can do much to stimulate building. Besides requiring property owners to meet good housing standards, they can also eliminate "horse-and-buggy" building codes that keep costs high.

What You TO ASSUME that Can Do Congress, with a public housing bill, can clear away slums, is taking a phony position. There will always be some older and less expensive housing, no matter how much we may build. But if you take charge of the folks with very low incomes and put them in palaces, the rest will be paying the bill for it. Then who gets the premium? This is a beautiful way to-get-more-for-doing-less! You see, the fellow who earns less is better off!

A public housing bill could in no way relieve the housing shortage. Certainly, this is not the time for the government to come in and bid up prices of the building materials that are available. Right now, a government housing program would bring no additional skilled labor into the industry, but would simply take the labor that already works for private builders. Do you think these men would produce any more housing, working for the government?

If you want to add to inflation and make it more difficult for private housing to go up; if you want to pay your share of multi-billion dollar expenditures; if you want to risk these experiments while European recovery is costing us billions; if you want a federal bureau to control 10 per cent of our housing and keep building prices high; if you want to create a giant bureau for political purposes—then you're for public housing. But the only sane thing to do is to ask your Congressman to oppose public housing bills.

Jackie Dean Cates, son of Mr. and Mrs. Joe Dee Cates, will leave for Abilene to enroll in A. C. C. next Monday.

Joe David Crossno, son of Mr. and Mrs. B. J. Crossno, will leave Tuesday to enroll for his second year in Abilene Christian College.

The BLUE CROSS Is Coming!

**HASTINGS THINKS—**

By Hastings Baker

The convention of philosophers did a double take when it heard one of the Communist delegates sneer at our free press by saying: "You have freedom of the press, but it's only on paper."

Flies, carrying all kinds of disease, buzz by the million in the refuse littered streets of China. In Peiping, the health authorities decided to have a plane spray the

city with D.D.T. You would think this would make everybody happy, but not the owners of goldfish. They protested and progress stopped dead in its tracks.

Tokyo Rose was six different girls, one of whom is from Los Angeles and possibly guilty of treason. But the Constitution requires two eye witnesses for a treason conviction. This girl was listened to by millions but no eye witnesses were available. Thus the Department of Justice had abandoned the case until a coincidence opened the case

again. Now she is here for trial. The story behind this girl is that while in Los Angeles she fell in love with a football player's picture. They corresponded and he mailed her his fraternity pin. She didn't tell him of her Japanese ancestry. When the football player met her in person, he was shocked and she was hurt. When they arrested her after the war, she was still wearing the fraternity pin.

Wilt Disney's latest picture, "So Dear to My Heart", will have only 15 minutes of cartoon. The rest of the picture is ordinary movie.

Cigarettes in England are a problem. Taxes bring the price up to about 70c a pack and one must stand in a long line to be able to get them at all. Some people try to sweat out the hard task of doing without. Others get them no matter the trouble and cost. In some cases, people spend more than half of their income on "gaspers."

The man who started the Piggly Wiggly has a new type grocery

store called the "Keedoozle" (key does all). The shopper just carries a key and inserts it by the desired merchandise in a show case. This records on a tape in the key the article and the price. She gives the key to the clerk at the door. He totals the price while the goods are handed to her. She has no bundles to carry until she walks out of the store.

From where I sit... by Joe Marsh

**One Great American Trait**

I always think it does a newspaper editor good to get out from behind his desk and see how folks in other parts of America look, and think, and act.

And that's what I've been doing these past weeks, touring the country from Michigan to Texas, California to Maine. It's a mighty encouraging experience. Not only because of the different points of view you run into—but because of the tolerance which reconciles those different points of view.

I mean the tolerance of a Penn-

sylvania farmer for the habits of his city cousin; the tolerance of folks who vote one way towards those who vote another; the tolerance of those who prefer spring water towards those who enjoy a moderate beverage like beer.

From where I sit, it's that great American trait of tolerance—respect for individual tastes and liberties—that makes this country strong. Let's never lose it!

Joe Marsh

**FORMER RESIDENT DIES**

Mrs. D. S. Smith, formerly of Sterling City, died in a Morton, Texas hospital of paralysis August 26. Burial was in Tech Memorial Cemetery at Lubbock.

Many residents of Sterling will remember 'Uncle Sidney and Aunt Allie' Smith as the first host and hostess of the State Hotel. Mr. Smith died at Abilene in 1922.

**MORE BOYCE HOUSE "GIVES YOU TEXAS"**

Life has embarrassing moments. Here is one of many I've encountered:

Back in the early 1920's, a reunion of Texas Rangers was held in Ranger. They were men who had served on the Frontier, 10 years after the Civil War. I was the rather young editor of the Times and I invited half a dozen of them to go into the drug store and have something to drink. After the sodas had been served, I handed the young lady attendant a dollar bill but she pushed it back with

the remark, as she looked right at me: "We're not charging you old Confederates anything."

San Antonio:

A tiny hat shop where the customer occupies a chair in front of a mirror, in full view of the passerby—like a window display.

The Medical Building, its graceful summit is subdued gold, like a crown.

An old Mexican musician, so bent with age that his primitive harp fits in the curve of his shoulder.

A gray haired fiddler who strolls as he plays.

A crippled beggar who smiles after a little curly-headed girl has skipped by.
