## Neither Here Nor There

Doc Troxell, who was out two weeks with the flu, finally showed up with some foliage under his nose. He said he just shaved every where except on his upper lip, but after a day it was gone.

His wife, Helen, threatened to divorce him.  
Or so she says.

Webb Hudson and H. L. Hildebrand went to Houston last week to see the opening of the new Shamrock Hotel there. The local hotel men also went on to Galveston while down that way—to get some seafood, said Hilde.

They saw some of the doings at the Shamrock, the new \$20 million hotel built by Glenn McCarthy who is quite a big oil man. He has other buildings in Houston, and also dabbles in pictures.

Hilde and Webb won't tell too much about their trip.

Miss Mallie Carter, girls athletic director in the local school, went to the State Athletic Federation's Womens Cage Tournament in San Antonio last week-end.

Miss Carter, playing with the Red Chicks basketball team, was high point in the game with the San Antonio Brookettes, scoring 12 points. The Red Chicks placed 3rd in the tournament.

D. Hall wants to know the answer to this one:

A tank has three faucets. One will empty the tank in 15 minutes; one will empty the tank in 30 minutes, and the third will empty it in 45 minutes. How quick will all three do the job?

We sent this one to the Readers Digest for publication in their feature, "Life in These United States" but it didn't get printed, so we give it to you.

When "Uncle" Tom Blair, now retired, was a ranch hand on the McEntire's U Ranch, he quit one day.

The foreman told Mr. McEntire (George's father) that Tom had quit and gone to town for no apparent reason.

The late Mr. McEntire came to town and looked Tom up and asked him why he had quit.

Tom said, "Mr. McEntire, I won't work anywhere they don't have molasses on the table at meal-time."

McEntire assured him that there would be molasses on the table henceforth, and Tom returned to his job at the ranch.

Tom Blair said we could print the one about him if we would also print this one about George, the present owner of the ranch.

Once when George was not so old he had come out for a visit to the ranch. A family from up the river came down for a visit. After supper the children were playing in the yard, with stick horses, etc. One of the visiting girls said to George, "George, you sure have grown."

George replied, "Yep. Just like a jack—all ears."

Miss Patricia Lively went to Dallas last week-end to see a specialist about treatment for eye trouble.

## New Beauty Operator Monday

Mrs. Floyd Teele, owner of the Teele Beauty Shop, announced this week that a new operator will be on hand at the Teele Shop Monday of next week. She is Martha Baker of Midland, who has five years experience working at Leaton's Beauty Salon there.

The new operator will work each full week, said Mrs. Teele.

Mrs. Teele expressed her appreciation to the patrons for being so patient about her troubles keeping a steady operator on the job here.

Visiting relatives and friends in Pecos last week-end were Mrs. Bill Conger, Miss Nettie McMaster and Mrs. Ruth Allen.

## SWING OF SOUTHWEST FARM MARKETS

By United States Department of Agriculture

(USDA)—Some weak spots appeared in mostly strong to steady southwest farm markets during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Sorghums lost 8 cents a hundred pounds for the week, and yellow corn gained 1½ cents a bushel. Changes on other grains were confined to a cent or less. No. 2 yellow milo closed Monday at \$2.60 to \$2.65 at Texas common points. No. 2 yellow corn brought \$1.57¼ to \$1.59¼, white corn \$1.70¼ to \$1.73¼, and No. 1 wheat \$2.39½ to \$2.45½.

Rice markets remained firm to strong last week. Some Louisiana rice farmers began seeding Zenith for the new crop. Unsettled conditions ruled feed markets, with some quotations higher and others lower on many of the same feeds. Easier undertones appeared at hay markets. Peanut prices held firm in the southwest.

Poultry sold firm to stronger in the southwest, while eggs held about steady. Fryers ranged from 30 to 33 cents a pound in Texas, Louisiana and Arkansas, and 30 to 36 at Denver. Heavy hens sold from 32 to 35 cents in North Texas, 24 to 36 at Denver, and 39 to 43 at New Orleans. Eggs brought mainly 35 to 40 cents a dozen.

Regular season movement of strawberries got underway in the Hammond, Louisiana area and in South Texas. Week-end auction sales at Hammond ranged from \$6 to \$6.25 per 24 pint standard or display crate of Klondikes. Louisiana sweet potatoes and Colorado potatoes strengthened under good demand. South Texas carrot prices weakened but spinach held steady. First car of onions rolled from the valley.

Sheep advanced 50 cents to \$2 at the different markets. Medium to good trucked in wooled slaughter lambs brought \$26 to \$27.50 at Denver Monday. Oklahoma City moved good and choice old crop lambs at \$28. Fort Worth received choice spring lambs at \$28.52. San Antonio bought common and medium shorn Angora goats at \$8.50 to \$10.

Wool trading held to an extremely narrow range last week.

Monday's hog prices showed little change from a week earlier. Good and choice medium weight butchers sold mostly at \$21.75 to \$22.25 at Denver, \$21 to \$21.50 at Oklahoma City, \$20.50 to \$20.75 at Fort Worth, and \$20.75 at San Antonio. Sows moved generally from \$16 to \$17.50. Pigs gained \$1 at Oklahoma City to bring mostly \$20.50.

Most southwest cattle sold unchanged to 50 cents higher for the week, though calves at Fort Worth and stocker calves at Denver lost up to \$1. Good stocker steer calves changed hands at \$28.50 at Denver Monday. Choice stocker yearlings and calves sold up to \$26 at Oklahoma City. Medium and good stocker calves went out at \$22 to \$26.50 at Fort Worth, \$24 to \$25.25 at San Antonio, and \$22 to \$25 at Houston.

Receipts of cattle, calves, hogs and sheep last week each fell slightly below the week before but greatly exceeded the same week last year at the 12 leading markets. Cotton closed 25 to 50 cents higher with Dallas and Houston at 32.40 cents a pound and New Orleans 32.45.

## PLEGDED TO FRATERNITY

DENTON, Texas, Mar. 24—Jack D. Durham of Sterling City, student at North Texas State College, has been named a pledge to Beta Alpha Rho Beta Fraternity on the campus.

Durham, son of Mr. and Mrs. W. Durham of Sterling City, is a junior student majoring in industrial arts. He formerly attended John Tarleton Agricultural College.

Martin C. Reed, owner of the Ford agency here, was helping to move a large safe at the building Tuesday in a remodeling and renovating campaign. The safe fell against his leg and cut it pretty badly just above the knee. He was taken to a San Angelo hospital where it was examined and sewed up. No ligaments were cut, and the knee cap was not injured. He returned home that night.

## School Trustee Election April 2

There will be a school trustee election here Saturday, April 2, at the courthouse.

There are three members of the board whose terms have expired, and are up for reelection. They are the Orrie Deal, Robert Foster and Joe Emery.

Other members of the board are Hal M. Knight, Jeff Davis, John Reed and Riley King.

## SCHOLASTIC CENSUS MEANS MUCH TO SCHOOL

Each child taken in the scholastic census now means \$55 a year to the local school.

Superintendent of schools O. T. Jones stressed the enumerating of the young children who will be 6 by the first of September this year. Sometimes they are overlooked. Also he pointed out that those who will not be 18 until after September 1, regardless of whether they are married, off in the Army or Navy, etc. may still be enumerated and mean \$55 to the school.

If your child will be 6 by September 1, phone Supt. Jones and he will list the child.

## "Covering the County"

By Byron W. Frierson, Sterling County Agent

Some real nice trophies with appropriate engraving were ordered last week for the Sterling City Horse Show. Holland Jewelry Co. is presenting the trophy for the reigning horse contest and Foster Conger is presenting the one for the quarterhorse mare class. Plans are to pay for the others from the Horse Show funds. Chairman Temp Foster appointed Bill Blair, Foster Conger and myself to select and order the trophies.

All club members have received their money for the club livestock sold at the recent shows, and without exception, they have made good plans for use of it. Most of this cabling changed the appearing future club demonstrations, it seems.

Work is progressing satisfactorily with the 4-H club members who are entered in the Range Management contest. Most Saturdays now are being spent with these boys in this work.

The new catalogue for the Sonora Wool and Mohair Show has a full page picture of Clinton Hodges and his Grand Champion fleece of 1948 on its inside front cover. It is nice to see Clinton getting this recognition for the good work he is doing.

Billy Humble is going to go through all the calves on Tom Humble's ranch this week and look for one to put on feed for next year's show. Tom is giving Billy a free rein to select the calf he wants. Marshall Blair is doing some figuring on feeding a calf too. His dad, John Blair, says Marshall has a good prospect in mind out there.

Arrangements are being made for the field day to be held with organization of the Sterling County Game Management area. Full details will be announced as soon as plans are coordinated for the affair. Worth Durham, Ed Bynum and A. H. Fulcher are the most recent applicants for membership.

There is a plaid jacket over at my house which some boy left in my car. It looks like it is good for several winters yet. The boy who lost it can have it by settling with Jack Douthit for this space I have gyped him out of.

I visited a mesquite cabling demonstration last Monday. The work was being done in a dense growth of heavy mesquite. Two heavy caterpillars were dragging an anchor chain about 150 yards long. The majority of the mesquites were being pulled up by the roots. The trees were being worked two ways. This work was costing \$3.00 per acre. It was amazing how this cabling changed the appearance of the country.

The landowner concerned, became disgusted when he looked all one morning in a 100 acre trap for one cow. He never did find her. The cabling work resulted.

The SMS has done about 200,

## Lions Hear Traffic Safety Talk

Inspector C. G. Conner of the Texas Highway Patrol spoke to the Lions Club at the luncheon on Wednesday. He spoke on "Traffic Accidents Posing a Grave Threat to Our Country." Conner's talk was good and well received by the club and guests.

A nominating committee was named by President R. H. Emery. He named Worth B. Durham, G. H. Blackburn and H. A. Chapple. The committee is to report next week on recommendations for the new officers.

Others guests besides Conner were Capt. Ray Butler of the Highway Patrol and Rogers Hefley.

## NEXT TUESDAY IS TRASH PICK-UP DAY HERE

Next Tuesday, March 29, is regular trash pick-up day here in Sterling City.

This is a service provided by the County for the people of town and is free of charge. Have your trash and rubbish ready in handy containers in FRONT of your house or place of business and a county truck will pick it up and haul it to the dump ground.

As long as the citizens cooperate by having their trash ready on the last Tuesday of the month, the county will provide this service.

## Mrs. R. D. Garrett Honored With Tea

Mrs. Richmond D. Garrett, the former Miss Mary Beth Cumble of Bornte, was honored at an introductory tea from 3 to 5 p. m. last Friday at the American Legion Hut.

The tea was given by Mrs. Robert Foster, Mrs. W. E. Cushing, Jr., Mrs. T. A. Revell, sisters of Mr. Garrett; Mrs. R. A. Garrett, his mother, and Mrs. A. K. Garrett, his sister-in-law.

Bouquets of spring flowers of purple, yellow and green decorated the hall and formed a centerpiece for the tea table.

Miss Margaret Cushing and Miss Fern Garrett greeted guests. In the receiving line were Mrs. Robert Foster, Mrs. D. D. Garrett, Mrs. R. A. Garrett, and the honoree.

Mrs. N. H. Reed and Mrs. J. S. Cole, Jr. poured tea. Presiding at the guest register were Misses Jackie Foster and Trinabeth Reed. Piano selections were played during the tea hours by Mrs. Tommie Johnson and Miss Betty Jane Donaldson.

Approximately 75 guests called.

## Noratadata Club Party

Mrs. Reynolds Foster and Mrs. Ross Foster were hostesses when the Noratadata Club met at the Rufus Foster home on Wednesday evening of last week.

Spring flowers decorated party rooms where a salad course was served prior to the business meeting. Mrs. Ross Foster, president, presided. Members discussed plans for carrying out a program for "Building a Better Community", and program was given on Texas Day. Miss Sue Nelson read a paper entitled, "Texas Pioneer Families."

Bridge was played following the program.

Those winning the traveling prize for each table were Mmes. Fred Allen, Sterling Foster, Byron Frierson, Roger Williams, and Foster Sims Price. High score prize was awarded to Mrs. Ira Watkins of Garden City, and high score for the club went to Mrs. Harold Gober.

Present were Mmes. Clyde Reynolds of Garden City, Ira Lee Watkins of Garden City, Martin Reed, David Glass, Roger Williams, Hubert Williams, Fred Allen, Joe Emery, Foster Sims Price, G. C. Murrell, Byron Frierson, Ed Wyckoff, Finis Westbrook, Harold Gober, Rufus Foster, Alive Cole, A. T. Bratton, and Miss Sue Nelson.

Mr. and Mrs. Lee Hunt went to El Paso Tuesday for a visit with their sons, D. L. and Stencil, and Stencil's family. Stencil came after them.

000 acres of this work on their own country and are still going. This is not the final answer to the mesquite problem, but I think it has good possibilities for some areas.

Last week on Capitol Hill was marked by the end of the Senate filibuster, the passage by the House of a rent control bill, a defeat of a sales tax for the District of Columbia, and an Army and Air Force measure. Downtown, the Secretary of Agriculture turned a cold shoulder to our pleas for a mohair program.

1. The Senate filibuster ended as a result of a States' Rights-Republican coalition. It was considered a victory for the determined Southerners. Senator Lucas announced the action was the death knell for Civil Rights legislation at this session. Let us hope he is right.

It was a compromise. Heretofore cloture (two-thirds of Senators voting) could stop debate on any "pending measure." But the cloture rule did not apply to a motion to take up a measure. In other words, there has been no limit whatever to the length of debate on "motions"—cloture applying only to pending bills. And since measures do not become "pending" business until made that way by "motions", it followed that the filibuster was a powerful weapon against motions to bring up bills.

The compromise changes that somewhat. Now cloture applies to motions to take up bills as well as to the measures after they become pending business. But it will not apply to future motions to change existing Senate rules on cloture.

The real concession to the Southerners was the improved definition of "cloture." Formerly it meant two-thirds of the Senators voting. Under the newly adopted rules it means a constitutional two-thirds—that is, two-thirds of the 96 Senators. And that new requirement for cloture will apply to "pending" measures as well as to motions to

take them up.  
2. The rent control bill as it passed the House would continue the program but would require the property owners to be allowed a "reasonable" return on their investments. It would allow states and municipalities to do away with rent controls if they should choose to do so. The Senate must now act.

But even as amended I was unable to vote for the measure because I regard it as class legislation. The war has been over four years and I cannot see how we can in good conscience say to one group, "You can't profit but a certain limited amount from your investment but your neighbor can get rich over night if he can while engaged in some other type of business."

Many of the leading sponsors of rent control frankly imply that we should have this control permanently in this country. It would thereby become a part of state socialism advocated by a good many people from the U.S.A.

3. By a vote of 177 to 166 the House defeated a sales tax designed to help pay the way for the District of Columbia. As it is, the taxpayers over the nation subsidize the cost of operating the local government in the District. While I am generally opposed to a sales tax, I voted for the local bill. I could hardly do otherwise in deference to the American taxpayers. As it now is there are hundreds of thousands in the District who, like myself, live in rented quarters, and pay practically no local taxes whatever. A considerable part of the District land is owned by the government and is, therefore tax-free.

If the sales tax proposed is not revived and passed, it is estimated the Congress will be called upon to

put up an additional \$18 million this year to help run the District government.

4. The much desired 70 Group Air Force, which many of us have been sponsoring, moved a step nearer reality last week with the passage by the House of a bill setting the composition of the Army and Air Force. It is apparent that the Congress is attaching more and more importance to a powerful Air Force in our preparedness program.

5. The Secretary of Agriculture, following a CCC Board meeting turned thumbs down on a mohair program. While we have not yet given up the fight by any means, the prospects for relief this year appear dim. It is hard to understand the fairness of a policy which permits a hundred million dollars a year subsidy for potato growers and not a cent for a hard-pressed industry which produces a storable product and which would actually cost the government very little.

Right now we are concentrating on having mohair specifically included in a pending long-range agriculture bill. Mohair should have treatment comparable to wool, cotton, etc., so long as the Government is in the support business.

**TEXAS HISTORICAL CLUB**

The Texas Junior Historical Club was called to order March 17. The secretary read the minutes of the last meeting and the program was turned over to Betty Dunn. The members present last week on the losing side of the quiz program all had to read a little story on St. Patrick's Day. Clinton Fincher, Gene Smith, Pat McWhorter and John Heacock all tried their skill at singing the song "Four Leaf Clover." It was very funny as not one of them knew the tune.

Bottles were set on the floor and Earnest Eldridge had to go through

them without knocking one over. They were very close together and Earnest was blindfolded and before he started the bottles were removed. He was unblindfolded and then he saw he was walking around on clear floor.

Ice cream, candy, cupcakes and sandwiches were served by Betty Dunn, Jerry Ann Domingues, Billy Joe Swann and Gene Smith. The meeting adjourned at 2:00.

**Opening of Twilite Drive In Theater in San Angelo Tonight**

With the showing of "Scudda Hoo, Scudda Hay", the largest drive-in theater in Texas will open tonight in San Angelo. Owned by R. S. (Slim) Starling, the new Twi-lite Drive-in is located out on West Beauregard on the Mertzon Highway. Lon McAllister and June Haver are starred in the opening picture.

Starling has put up the biggest screen tower in the state. He has bought in-the-car speakers for the patrons and has plenty of ramp room for 1000 cars without crowding.

Free balloons for all children and Gandy's ice cream of everyone who attend the opening night are promised by Starling, who also owns the Starlie Drive in Theater.

The newest and best equipment that "money could buy" was secured by the owner to make this the most outstanding drive-in of the state.

Starling extended a special invitation to the people of Sterling to attend the opening of his new theatre tonight.

Inspector C. G. Conner of the Texas Highway Patrol made one of the best talks on the traffic problem that we have heard in a long time at the Lions Club luncheon Wednesday. It was a speech that should have been heard by every one in the county.

On talking of the congestion problem, Conner said that even the elevators in Austin were awfully crowded. He said not long ago as the elevator boy started to shut the door on a crowded elevator, a fat lady with two bundles under her arms rushed up and crowded in the already crowded elevator. She pushed her way on to the rear of the elevator, and as the thing started down, she let out a war-whoop and moved u pfront. There in the corner was a little freckled faced boy. He said, "I did it. It was right in my face and I bit it."

These high winds of spring are kinda dangerous for a thin guy like me. After a two-week's cold and a siege of whooping cough--or something, I'm so thin that my wife has to shake the bed sheets every morning to find me.

Mrs. Horace Donalson went to Dallas Wednesday of this week on business.

"THE CASE OF THE PHANTOM CALLER." \* \* \* The Wallace murder mystery was a sleeper -it started off slowly--but suddenly Englishmen found they had a crime on their hands that was filled with enough fascinating details to form the basis for a dozen detective novels. It's in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.
