BUSINESS CENSUS STARTS MONDAY: SCOTT SNODGRASS, JR. TO BE ENUMERATOR

The U. S. Census Bureau is taking the first business census since 1939 this year. An enumerator, Scott Snodgrass, Jr., of San Angelo, will be here on the job Monday.

"Covering the County" By Byron W. Frierson, Sterling County Agent

The unfortunate accident last week isn't going to halt attempts to find an effective method of application of 24-D for control of the bitterweed.

Some experimental work which shows excellent promise in application of 24-D to bitterweed is a jeep-mounted low pressure spray with a collapsible boom which is being tried on the P. H. Jackson ranch south of town.

Another method of application is being given consideration at present is by aerosol generator.

The hand writing is on the wall. In spite of low losses of livestock during this past spring and winter (to bitterweed), it has invaded country this year that has not had it in the past.

Time is working against me to get some important matters taken care of before club camp in June and the Agent's Conference in College Station which follows soon afterwards.

- May 26—9:30 a.m. Game Management organization meeting at Bubba Foster's ranch. Barbecue lunch at noon.
May 26—1:30 p. m. Beef cattle feeding and animal parasite control program at Bubba Foster's ranch.
May 26—8 p. m. Control of garden and pecan insects in the district courtroom.
May 27—1:30 p. m. Meeting of contestants in range management contest. County agents office. Parents invited.
May 27—8 p. m. Meeting at Legion Hall with Extension Range Specialist. Program for Veterans Class. All ranchmen invited. Coffee served.

I have managed to get some sodium T.C.A. It is supposed to be very effective for killing prickly pear. Just spray it on. We will try and see.

Methoxychlor, a relative of DDT, is recommended for spraying all milk cows. It is almost impossible for it to get through the cows hide and into the milk.

Bond Drive Started

The "Opportunity Bond Drive" started Monday, May 16. Sterling County people are asked to invest \$10,500 in series "E" bonds, said Mrs. Anna Lee Johnson, chairman for the county.

Mrs. J. W. Reynolds, 82, Dead

Mrs. J. W. Reynolds, 82, died at her ranch home here at 8:00 o'clock Tuesday morning. She had been ill for some time.

Final Rites For Mrs. W. G. Welch, 77

Final rites for Mrs. William G. Welch, 77, were held here from the Methodist Church Saturday afternoon at 2:30. Burial followed in the City Cemetery.

BUCK POWERS LAWYERS FILE NOTICE OF APPEAL

Buck Powers' lawyers, Clyde Vinson and Cliff Tupper, were denied a motion for a new trial by District Judge Sutton last Friday, and they filed notice of appeal of the case in district court here.

Lectureship At Church of Christ May 22-29

There will be a two-weeks lectureship at the local Church of Christ May 22-29, announced Mick Mason, minister, last week.

Dealing with NEW TESTAMENT CHRISTIANITY, the week's program starts off Sunday, May 22 with W. R. Smith of Abilene being speaker for both morning and evening services.

Other speakers during the week include Wilburn C. Hill of Sweetwater, Wesley Mickey of Odessa, A. A. Berryman of Clyde, Norvil Young of Lubbock, J. L. Moyer of Slaton, R. H. Stanley of San Angelo, Walter H. Adams of Abilene, and Mick Mason of Sterling City.

Our WASHINGTON Letter. By Congressman O. C. FISHER. Image of the US Capitol building.

Prospects for inclusion of mohair in the revised long-range agricultural program appeared bright last week after hearings were concluded on the subject.

Representative Bob Poage, of Waco, a Member of the Committee, was particularly helpful in developing our case and announced that in his judgment mohair should be included in the program.

We also testified before the Sub-Committee of the House Interstate and Foreign Commerce Committee in support of my bill to amend the Wool Products Labeling Act so as to require labels of fiber content to be attached to all upholsteries.

The law now exempts upholsteries from the labeling requirements and this loophole has been taken advantage of by some manufacturers.

**North Concho River Soil Conservation News Column**

Tommy Humble reports that the grasses planted on his ranch are up to a good stand. This grass was seeded on an old field which had been abandoned for cultivation.

Mrs. James McEntire has built one 600 foot spreader dam and one 1,000 yard earthen tank. The spreader dam will divert water from a draw and spread it gently on rolling grassland nearby. The tank will serve as a livestock watering and a 300 foot wing will spread surplus water over grassland.

In assisting Gordon Bird to make range survey preparatory to the preparation of his conservation plan a good cover of vegetation over the entire ranch was evident. The choice grasses and good weeds are spreading and taking the place of poor quality plants. Among the good grasses were side oats grama, buffalo grass, Texas bluegrass, Texas wintergrass, and squirrel tail bottle brush. Some of the good weeds are Engleman's Daisy, Rock

Daisy, Guara, Plains Actinea, and Beard tongue. Bird rested his country completely for 7 months last year. This rest in late summer and fall gave the grasses a chance to regain vigor and store up food material for spring growth. Range improvement is Bird's principal objective. Mechanical structures for gully control and water spreading are also included in his plan.

Steve Currie stated last week that he was running around 100 head of cattle on his 65 acre irrigated pasture. When the cows were turned in the grass was knee high. Perennial ryegrass, orchard grass, and alfalfa are the principal plants in the pasture mixture. Currie irrigates by both flood and sprinkler method.

Neill Munn has a good stand of grass which he seeded last spring in cedar pushed country. The grass

is thicker in the cedar pushed winter than in cedar pushed year ago. There seems to be less weed competition in the newly pushed cedar.

Worth Durham has a good stand of grass seeded on his ranch south of Sterling City.

Among our Texas visitors last week were two Air Force officers enroute to Europe. Captain William P. Riddling of San Angelo, who helped bomb the Nazis into submission and who was formerly Personnel Officer at Bolling Field here, is going to Frankfurt where experts to be stationed for three years.

Captain Riddling was more recently stationed in Oklahoma and also at the Air Base in San Marcos. His wife and two children will join him later.

Heading for an assignment in Greece was Lt. Curtis Lloyd Utterback of Brackettville. He will be senior officer of an Air Force contingent to be stationed in Salonica and will be attached to the United Nations there. His tour of duty will last for one year. Mrs. Utterback, the former Dottie Goble of Waco, will likely remain in Texas because of the unfavorable living conditions in Greece at present.

Lt. Utterback, who left Baylor Medical School to take a permanent Air Force Commission and embark on a regular army career has flown 3,700 hours and for the past two years has been an advanced instructor at Randolph Field.

Among others in the Capital last week was Reserve Lt. Brents Kenley of San Angelo, who concluded a two-weeks "refresher" course for the Navy in firearms research.

Mrs. Maud Dabney, also of San Angelo, came by to see us. She is enjoying a visit with relatives and friends on the Potomac.
