MUCH-NEEDED RAINS HEER WEST TEXAS

Scattered rains Wednesday night, turning to almost general rains on Thursday, brought cheer to drought-tormented West Texas. The fall here Wednesday night ranged from an inch to better than one inch. Heavy rains of an inch and more on fell Thursday morning after a dry break.

This was the first rain of any consequence for this section of west Texas. The plains north of here had been suffering from a drought all winter and spring, too. The dust had been swirling in from the dust bowl states and the wheat rains into south and east sections of Texas, reminiscent of the early 1930's.

As this paper is being printed, prospects appear good for additional rain.

Mrs. Anna Lee Johnson Cancer Drive Chairman

Appointment of Anna Lee Johnson, Sterling City postmaster, as chairman of the 1950 Cancer Crusade in Sterling County was announced today by Gibb Gilchrist, chancellor of the Texas A&M College System and state chairman.

Other leaders in the county are R. Wm. J. Swann, Miss Ethel Foster and Mrs. W. N. Reed.

In announcing Mrs. Johnson's appointment, Mr. Gilchrist said that the American Cancer Society hopes to raise \$500,000 in Texas this year to carry on its support of cancer diagnostic and treatment clinics and cancer research, and to carry on its year-round program of cancer education.

This year's quota for Sterling County is \$102 said Mrs. Johnson. Contributions may be made with her at the post office.

OLDER RESIDENTS TO HAVE GOLDEN WEDDING DAY

Mr. and Mrs. W. T. Brown of Albany, former residents here, will observe their golden wedding anniversary on Tuesday, April 18, at Albany with a family reunion. A son, M. Z. Brown, who lives here, and his wife will attend the observance, he said.

The Browns have five children and four grandchildren.

Mrs. H. A. Chapple left Sunday on a two-week's vacation trip that will take her through the south and southeast part of the United States.

FIVE STUDENTS HURT IN CAR CRASH

Five Sterling High School students were injured in a car crash on Monday afternoon late. Two of the group, Barbara Garrett, niece of Mrs. Lee Reed, and Darlene McEntire, daughter of Rev. and Mrs. C. D. McEntire, were hurt seriously. The other three, Kay McEntire, sister to Darlene, Harry Blaneck, son of the Curly Blanecks, and Joan King, daughter of Mrs. Fred Hodges, were not hurt too seriously although painfully.

With Barbara driving the Lee Reed 1950 Ford, the car got out of control coming in on the Robert Lee road and hit a post near the J. T. Davis ranch house, and overturned four times. The car was a total wreck.

Darlene was suffering a slight concussion, and Barbara sustained an injured knee, cuts and possibly a back injury. They were the only two hospitalized. Kay received bad cuts and bruises. All but Kay were thrown clear of the car as it overturned. Kay was taken to the hospital but not kept. She and the Blaneck boy and Joan were shaken by the ordeal.

The accident occurred around five o'clock Monday afternoon. Lowe's ambulance took the two to the hospital in San Angelo.

Darlene was returned to her home here Wednesday and Barbara was doing fine by the latter part of the week. No permanent injuries were detected by the x-ray, it was said.

Open House at New Masonic Hall Saturday From 4 to 6 P. M.

There will be open house for the public at the new Masonic Hall here Saturday, April 15, announced Mrs. Rulene Allen, Worthy Matron. The hours will be from 4 to 6 p. m., she said.

The open house will be held in the upper story of the hall and the members of the O.E.S. will be hostesses showing the public the new building and serving refreshments of cookies and coffee.

It was pointed out that the hall would not be complete as used for meetings but the two organizations would like for the general public to see the inside of the building before it is closed to outsiders.

J. T. Davis visited the Jim Gills on their Hereford ranch near Coleman the first part of the week.

HORSE SHOW HERE SATURDAY, APRIL 22

Nine trophies will be presented at the Sterling City Horse Show, April 22. Grand champion stallions and mares of the Quarterhorse, Thoroughbred, and Palomino divisions will receive trophies. The champion gelding and reining horse will each receive a trophy, and all reserve champions will receive rosettes.

The American Quarterhorse Association donated the Quarterhorse trophies. Chase Holland and W. P. Barnes of San Angelo, each donated a trophy. Mrs. Glenn Mayes of Garden City is presenting a special trophy to the champion quarterhorse stallion in memory of her parents, Mr. and Mrs. M. T. Sullivan, pioneer breeders of Quarterhorses. These trophies are displayed at Deal Drug Co., Bailey Bros., and Garrett & Baileys.

Edd Heller of Dundee will judge the show. The ladies of the Methodist Church will serve lunch in the basement of the Methodist church.

The rules of the American Quarterhorse Association will apply to the Quarterhorse division. Any horse under three years of age is eligible to show without registration papers if it has one registered parent. All over three years should be registered.

In the Thoroughbred and Palomino Divisions horses have to have only one registered parent. Registration papers are not required, but they should be presented if possible.

Entries should be in by April 15. No stall facilities are available, but all horses are welcomed. Feed and water troughs should be brought.

Showing will begin at 9:30 a. m. and should be completed by 4:00 p. m. Entry fee is \$3.00 per animal. If anyone does not have entry cards and desires to make an entry, he should send in information and entry fee, and a card can be made out.

Among early entries are Noelke & Donoho Sheffield; Fred Roe, Jr., Robert Lee; Jim Bob Clark, Sterling City; Charlie Black, Sonora; Frances Weeg, Big Spring; L. P. Bloodworth, Ozona; Bill Bailey, Ozona; Clyde Reynolds, Garden City; Wayne McCabe, Silver, and Roy Bond of San Angelo.

RECENT STERLING BRIDE HONORED AT GIFT TEA

Mrs. Buddy Clark, who was Miss Moleta Huff before her recent marriage, was honored at a gift tea Thursday night of last week at the Community Center.

Hostesses were Mrs. J. D. Reeves, Mrs. W. R. Lawson, Miss Helen Lawson, and Mrs. M. E. Huff.

Cake and punch were served to 40 guests. Richard Foster presented several solo selections, accompanied on the piano by Mrs. Anna Lee Johnson.

MISS SUE NELSON IS NORATADATA HOSTESS

"The Conflict of Political Ideas" was the discussion topic when Miss Sue Nelson entertained the Noratadata Club in her home Thursday night of last week.

Pamphlets on Cancer Research Work were distributed by Mrs. L. C. McDonald, club cancer chairman.

Mrs. T. A. Revell won high score in bridge, with Mrs. Worth Durham high cut, and Mrs. Alvie Cole the traveling prize.

A salad plate was served to 18 members and two guests. Mrs. Bill Cole of Norman, Okla., and Mrs. Harold Gober of Lubbock.

The Buster Gobers of Lubbock spent the Easter holidays here with Mrs. Gober's mother, Mrs. James McEntire.

The Bill Coles of Norman, Okla. visited relatives here last week-end.

Terry Maxwell is now assistant Cubmaster and is meeting regularly with the Cubs at regular meetings.

CARD OF THANKS

I wish to express my deepest thanks and appreciation to all my friends and neighbors who helped in any way at the fire and for their thoughtfulness and kindness afterward.

Sincerely,
Mrs. Minta Phillips.

Jack Moore Buried At Miles Wednesday

Jack Moore, 82, hand on Foster Conger's place, died here April 11. Burial was in Miles on April 12, with Lowe's Funeral Home in charge of arrangements.

Born in 1868, Mr. Moore had no known relatives. He had been here at the Congers for five years.

Rev. Mitchell of Miles officiated at the funeral.

Pallbearers were Ralph Bynum, Rev. O. M. Cole, Foster Conger, Robert Foster, all of Sterling City; W. R. Hunton of San Angelo and Harold Price of Eden.

Baptist Revival in Progress

A week's revival meeting is in progress at the local Baptist church this week, closing out with the next Sunday evening service. Rev. C. D. McEntire, pastor, is doing the preaching and Clyde Everitt is leading the singing. Mrs. Clyde Everitt is organist for the services.

The week's revival is in connection with the southwide (west of the Mississippi river) simultaneous Baptist revivals.

All are cordially invited to attend the services.

RABID FOX KILLED

T. H. Murrell killed a fox last Friday near his home here that had all the symptoms of being rabid. County Agent Garlyn Hoffman cautions everyone with dogs to keep them up for a couple of weeks for observation. Such precautions are necessary for safety first, says Hoffman.

"Covering the County"

By Garlyn Hoffman, Co. Agent.

April is designated as Cancer Crusade month. Everyone should donate generously as possible when the county drive begins in a few days. Cancer is the 2nd greatest cause of death in the United States. The crusade is to raise money to fight cancer with knowledge.

Miss Ethel Foster is the commander of District 4, and Mrs. W. N. Reed is county commander. Anna Lee Johnson is assistant commander.

April has been set as Spring Clean-Up month, which will reduce flies around the homes and barns. A good check up and the removal of fire hazards around your property will greatly reduce the danger of fires, too. About 3,500 farm and ranch residents die from fires each year. The Spring Clean-Up program should include: (1) Removal of debris; (2) Inspection and repair of electrical equipment; (3) Cleaning of cobwebs and dust from fuse box and electrical motors; (4) Ascertaining that all buildings are in good repair; (5) Making sure that gasoline and kerosene are a safe distance from buildings, and preferably underground; and (6) Removal of all dead vegetative growth from around houses and fields.

Faulty construction and carelessness are the two basic causes of farm and ranch fires. The nation's fire loss last year was \$700,000,000. A few little check-ups now could easily prevent a loss from fire. Always be careful with matches and cigarettes.

It is time to begin treating for hornflies on livestock... perhaps past time for some. The horn fly has a rather short life cycle—ten to fourteen days. A heavy infestation can be built up in a hurry. Treatment should be done when 15 to 25 flies can be found on each animal.

A good spray schedule would be as follows: 1st spraying: use 8 lbs. of 50% wettable D.D.T. per 100 gallons of water. 2nd spraying: Use wettable powder containing 8 lbs. 43% D.D.T. and 2% chlordane and 2½ lbs. of 12½% BNC in 100 gal. of water. 3rd spraying: 10 lbs. of wettable 40% toxaphene in 100 gals. of water. These spray mixtures will usually protect livestock for 20 to 45 days depending on weather conditions.

All ranchmen in and around Sterling County should have their horse show entries in by Saturday, April 15. The show trophies are placed on display around town. When you see those trophies you will want to try for one. If you do

Fire Ruins Furniture At Phillips Home

A fire of undetermined origin, gutted Mrs. Minta Phillips' house at about 8:30 Sunday night. The inside of the house was all that burned, along with some furniture.

A bedroom and the kitchen was burned worst, and furniture in the two rooms were burned and scorched. It would probably take around a thousand dollars to replace furniture that was ruined, it was estimated.

Mrs. Phillips had been gone on a two day trip and had returned home a little earlier. She had noticed no signs of impending danger when she went through the house before going to work at the telephone company switchboard. Mrs. Frank Cole had gone into the house about forty minutes earlier to borrow an alarm clock, and she noticed nothing that would indicate danger. Mrs. Phillips had no insurance. Fred Counsed, owner of the house, had it insured, and the adjuster is trying to get an estimate on the loss from a local contractor.

LOCAL SCHOOL MEN TO EVALUATE SONORA SCHOOLS

Superintendent of schools O. T. Jones and high school English instructor James C. Miller, will go to Sonora Sunday night to evaluate the Sonora School System the first part of next week. The evaluation begins with a meeting Sunday night and runs through Monday and Tuesday.

Mr. Jones will evaluate the system on the home, community and school relations, while Mr. Miller will evaluate the system on its English department.

MRS. MAXWELL'S ART PUPILS TO HAVE EXHIBIT APRIL 22

Mrs. Brock Maxwell, art teacher, will close her current classes here with an exhibition of her pupils art at the community center on the day of the horse show, April 22.

The hours for the exhibit are to be 4 to 6 p. m. Tea will be served, and the public is invited.

Mrs. Maxwell has had six classes of approximately 10 pupils each during the past several weeks. The classes met at the community center building here. The final class of the series takes place today, April 14.

Mrs. John Boyd and daughter, Earnestine, spent Easter in Houston with Mr. Boyd.

Visitors at Mrs. Sue Knight's at Easter were Mr. and Mrs. Vernon Gibson and Larry D. of Tatum, N. M., Miss Dixie Knight of Alpine and Oscar Heller, Jr. of Weimar.

not have a horse to enter maybe your neighbor does, so encourage him to enter it.

Word has been received from a chemical company that agricultural chemicals and insecticides are rather short and may get shorter. They encouraged ordering at least two weeks before the material is needed, and stated that it would be a good idea to order a part of what you will use now. Maybe the company just wants to sell its products so be your own judge.

Fifty-four farm units with an average of 130 acres of irrigable land have been opened for homesteading near Riverton, Wyoming. The homestead units are in the raw state, covered with sages and grasses, and would have to be leveled for cultivation. This area has been irrigated for 25 years. The soil is low in organic matter and soil building crops would first have to be planted. The principal crops would be alfalfa, small grains, sugar beets, dry beans, and irrigated pastures supplemented with livestock enterprises. This area is at 5,000 feet elevation with an average rainfall of 9.3 inches and a growing season of about 140 days.

Minimum requirements of a homesteader are two years or equivalent of full-time farming experience, after reaching age of 15, \$3000 cash or its equivalent, good health, character, industrious, able to work hard. Applications should be filed with the Superintendent Operation and Development, Bureau of Reclamation, Riverton, Wyoming, by 2:00 p. m. June 26, 1950. World War II veterans have preference. Further information can be received from the county agent's office.

Mrs. Anna Lee Johnson
Cancer Drive Chairman

Appointment of Anna Lee Johnson, Sterling City postmaster, as chairman of the 1950 Cancer Crusade in Sterling County was announced today by Gibb Gilchrist, chancellor of the Texas A&M College System and state chairman.

Other leaders in the county are R. Wm. J. Swann, Miss Ethel Foster and Mrs. W. N. Reed.

In announcing Mrs. Johnson's appointment, Mr. Gilchrist said that the American Cancer Society hopes to raise \$500,000 in Texas this year to carry on its support of cancer diagnostic and treatment clinics and cancer research, and to carry on its year-round program of cancer education.

This year's quota for Sterling County is \$102 said Mrs. Johnson. Contributions may be made with her at the post office.

OLDER RESIDENTS TO HAVE GOLDEN WEDDING DAY

Mr. and Mrs. W. T. Brown of Albany, former residents here, will observe their golden wedding anniversary on Tuesday, April 18, at Albany with a family reunion. A son, M. Z. Brown, who lives here, and his wife will attend the observance, he said.

The Browns have five children and four grandchildren.

Mrs. H. A. Chapple left Sunday on a two-week's vacation trip that will take her through the south and southeast part of the United States.

Mrs. Buddy Clark, who was Miss Moleta Huff before her recent marriage, was honored at a gift tea Thursday night of last week at the Community Center.

Hostesses were Mrs. J. D. Reeves, Mrs. W. R. Lawson, Miss Helen Lawson, and Mrs. M. E. Huff.

Cake and punch were served to 40 guests. Richard Foster presented several solo selections, accompanied on the piano by Mrs. Anna Lee Johnson.

"The Conflict of Political Ideas" was the discussion topic when Miss Sue Nelson entertained the Noratadata Club in her home Thursday night of last week.

Pamphlets on Cancer Research Work were distributed by Mrs. L. C. McDonald, club cancer chairman.

Mrs. T. A. Revell won high score in bridge, with Mrs. Worth Durham high cut, and Mrs. Alvie Cole the traveling prize.

A salad plate was served to 18 members and two guests. Mrs. Bill Cole of Norman, Okla., and Mrs. Harold Gober of Lubbock.

The Buster Gobers of Lubbock spent the Easter holidays here with Mrs. Gober's mother, Mrs. James McEntire.

The Bill Coles of Norman, Okla. visited relatives here last week-end.

Terry Maxwell is now assistant Cubmaster and is meeting regularly with the Cubs at regular meetings.

I wish to express my deepest thanks and appreciation to all my friends and neighbors who helped in any way at the fire and for their thoughtfulness and kindness afterward.

Sincerely,
Mrs. Minta Phillips.

A fire of undetermined origin, gutted Mrs. Minta Phillips' house at about 8:30 Sunday night. The inside of the house was all that burned, along with some furniture.

A bedroom and the kitchen was burned worst, and furniture in the two rooms were burned and scorched. It would probably take around a thousand dollars to replace furniture that was ruined, it was estimated.

Mrs. Phillips had been gone on a two day trip and had returned home a little earlier. She had noticed no signs of impending danger when she went through the house before going to work at the telephone company switchboard. Mrs. Frank Cole had gone into the house about forty minutes earlier to borrow an alarm clock, and she noticed nothing that would indicate danger. Mrs. Phillips had no insurance. Fred Counsed, owner of the house, had it insured, and the adjuster is trying to get an estimate on the loss from a local contractor.

It was recess time on Capitol Hill last week, as the House folded for the annual 10-day Easter recess. The omnibus annual appropriation bill was interrupted by the Easter delay and debate hereon will be resumed when the House reconvenes on the 17th. The resulting capitol dullness was in part off-set by the annual outburst of the cherry blossoms. This festive occasion brings around a half million visitors to the Potomac. It looked like a natural this year—the three-day blossom period coinciding with Easter Sunday.

Fiber Consumption
Of interest to raw fiber producers is the comparison of consumption during 1949 with the preceding year, just announced. The consumption of all individual fibers decreased from 1948 to 1949, with the single exception of the non-cellulosic man-made fibers which increased by 21%. Cotton consumption declined 13.4% from 1948 to 1949, or by some 596,400,000 pounds. This showed the greatest percentage decrease in individual textile fiber usage over the past year. Cotton consumption last year was about its 1939-1940 level.

Acquired wool consumption during 1949 (apparel class plus carpet

class) totaling 515,500,000 pounds, was 27% or 189,000,000 pounds less than 1948 but nevertheless was still 23% above its 1939-1940 average. Of this total, apparel class wool consumption at 353,900,000 pounds. As regards carpet class wool, consumption in 1949 was 22% lower than the record of 207,900,000 pounds consumed in 1948, but was still 60% greater than the 1939-1940 average of 101,000,000 pounds.

The 1949 consumption of rayon at 991,400,000 pounds declined from the previous year for the first time since 1936 and was 14% below the record high of 1948 at 1,149,500,000 pounds. But this 1949 consumption nevertheless was slightly greater than in 1947 and was more than double the 1939-1940 average of 470,000,000 pounds.

Segregation Cases Argued
Two history-making cases were argued before the Supreme Court here last week, dealing with segregation. The Henderson case was one and the Sweatt case (from Texas) was the other. Decisions are expected by around the first of June.

The Henderson case deals with the right of the States to require negroes to use separate cars in rail road travel, but of equal quality, while the Sweatt case results from the demand of a negro for permission to enter the University of Texas law school. Our Attorney General, Price Daniel, argued the case, and earlier in the week made a vigorous defense of the Texas tidelands claim. The latter may be decided in a couple of months.

In the segregation cases, the negro appellants insist that, regardless of the relative quality of the school or railroad facilities, the separation laws should be struck down. Sweatt contended that even though Texas built and provided a negro law school, and even though it is just as good as the one attended by whites or even better, the Court (Continued on Back Page)

Molasses - The Spring Tonic

By BETTY BARCLAY

*M stands for March
The month of winds and rain,
When winter goes away
And spring comes back again!*

M also stands for Molasses, the spring tonic our grandmothers used to administer. We moderns don't use molasses in quite that same way; but it is still a favorite ingredient in many of our popular recipes.

Do you remember Grandmother's cookie jar filled with old-fashioned molasses cookies? Here is a new version - quite as sure of a welcome with this generation!

Molasses Cookies

- 2 cups sifted flour
- 1/2 teaspoon double-acting baking powder
- 1 teaspoon soda
- 1 teaspoon salt
- 1 teaspoon cinnamon
- 1 1/2 teaspoons ginger
- 1/2 cup shortening
- 1/2 cup sugar
- 1 egg
- 1/2 cup molasses
- 1 1/2 tablespoons vinegar
- 2 tablespoons milk
- 1 cup raisin bran

Sift flour once, measure, add baking powder, soda, salt, and spices, and sift again. Cream shortening, add sugar gradually, and cream together until light and fluffy. Add egg and beat well. Add molasses and vinegar; mix thoroughly. Add flour mixture, alternately with milk, mixing well after each addition. Add bran and blend. Drop from teaspoon on greased baking sheet. Bake in hot oven (400° F.) 8 minutes, or until done. Makes 5 dozen cookies.

Note: For softer cookie, store with slice of bread in covered container.

And did your grandmother make hot muffins like these with molasses?

- ### Molasses Muffins
- 3/4 cup sifted flour
 - 2 1/2 teaspoons double-acting baking powder
 - 1/4 teaspoon salt
 - 1/4 cup molasses
 - 1 egg, well beaten
 - 2/3 cup milk
 - 3 tablespoons melted shortening
 - 1 1/2 cups 40% bran flakes

Sift flour once, measure, add baking powder, and salt, and sift again. Combine egg, milk, and molasses. Add to flour mixture, add shortening, then mix only enough to dampen flour. Fold in flakes. Fill greased muffin pans 1/2 full. Bake in hot oven (425° F.) 15 to 20 minutes. Makes 8 muffins.

These muffins may be prepared at night and baked the next morning. Prepare muffin batter as directed and turn into greased muffin pans. Wrap pans in dampened cheese cloth, then in waxed paper, and store overnight in refrigerator. Remove pans the next morning and let stand about 15 minutes, or while oven is heating. Bake as directed.

- ### Grape-Nuts Baked Custard
- 2 eggs, slightly beaten
 - 2 tablespoons sugar
 - 2 tablespoons molasses
 - 1/8 teaspoon salt
 - 2 cups milk, scalded
 - 1/2 teaspoon vanilla
 - 1/3 cup Grape-Nuts

Combine eggs, sugar, molasses, and salt. Add milk gradually, mixing thoroughly; then add vanilla. Put about 1 tablespoon Grape-Nuts in each custard cup; fill with custard mixture. Place cups in pan of hot water. Bake in slow oven (325° F.) 40 to 45 minutes, or until knife inserted comes out clean.

This may be baked in greased baking dish. Sprinkle Grape-Nuts in bottom of dish and add custard mixture. Place in pan of hot water and bake in slow oven (325° F.) about 1 hour. Serve plain or with cream or sweetened crushed fruit. Makes 5 servings.

SALESMEN WANTED

MEN: Write immediately for full information how to establish profitable Rawleigh business. You will be surprised at big results others secure. No selling experience necessary to start. Buy on credit. Golden opportunity to build up solid business. Rawleigh's, Dept. TXD-1220-143, Memphis, Tenn.

"SO YOU WANT TO GAIN WEIGHT?" * * * * * If you're underweight and want to do something about it, read the first of a series of articles that tell you how to exercise, sleep and diet properly to increase your weight. It's in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

Zip and Zing!

By Betty Barclay

GRAPEFRUIT, fresh and tangy, zips through winter's chill. So why not mold grapefruit segments in lemon-flavored gelatin to add a bright touch to any meal? Let your imagination and economical flavored gelatin join hands in preparing molded salads and desserts full of fresh-fruit goodness and appeal. Here's one your family and friends will enjoy.

Grapefruit and Grape Mold

(Salad or dessert)

- 1 tablespoon sugar; 1 cup diced grapefruit sections, free from membrane; 1 package lemon-flavored gelatin; 1 cup hot water; 1 cup grapefruit juice, fresh or canned; dash of salt; 1 cup halved white grapes, seeded.

Sprinkle sugar over grapefruit; let stand about 20 minutes. Dissolve gelatin in hot water. Add grapefruit juice and salt. Chill until slightly thickened. Then fold in grapefruit and grapes. Turn into ring mold or individual molds. Chill until firm. Unmold on crisp water cress and garnish with mayonnaise. Or serve plain as dessert with custard sauce. Makes 6 servings.

Must live within their incomes.

A Pot Roast de Luxe

By BETTY BARCLAY

What does it mean to your family when you say "We are having pot roast for dinner?"

Do you get a smile of appreciation from your husband and shouts of approbation from the children, or do you find real enthusiasm lacking? Believe it or not, it all depends upon the pot roast you serve.

There are pot roasts that are tender and tasty; pot roasts that are seasoned so that the first bite assures the diner of an enjoyable meat dish; and, sad to say, pot roasts that are merely "pot roasts". If you catch my idea.

The pot roast recipe presented herewith will give you several good suggestions for making that perfect main-course dish. Perhaps you will find the hint about seasoning one of the most valuable. The addition of the Worcestershire Sauce gives an added and an unusual flavor. Incidentally, it should be kept on hand at all times, for use with vegetables and soups as well as meats. This Sauce, with salt and pepper, constitute the famous table trio of seasoners. It's a trio that should be on your table — always.

- Pot Roast**
- 4 lbs. rump of beef
 - 1 tablespoon salt
 - 2 tablespoons flour
 - 1/2 to 3/4 cup water
 - Small onion
 - Potato balls
 - Slices of carrot
 - 2 teaspoons Lea & Perrins Sauce
 - 2 tablespoons ketchup

Have butcher roll meat and tie with string. Wipe with a damp cloth and dredge well with a mixture of the salt and flour. Use a heavy kettle. Brown meat on all sides in a little fat to which a small, minced onion has been added. Pour 1/2 to 3/4 cup water over meat (according to size of bottom of kettle) cover tightly and simmer until almost tender — 50 minutes per pound. About an hour before meat has finished cooking, add vegetables and 1 cup of boiling water. Cover and cook slowly. The gravy will thicken itself if the meat is well floured. Just before removing from fire, stir in the Worcestershire Sauce and ketchup. For added zest, pour a few drops of Worcestershire on the meat at

Independent Basketball Girls Have Buffet Supper

The Independent Basketball Girls gave a supper Tuesday night, April 4, for the girls who played basketball and their husbands, with Gordon and Wilma Lowe as guests of honor.

The menu of ham, new potatoes, green beans, celery and tomatoes, deviled eggs, fruit salad, hot rolls, coconut and pecan pie, and coffee and tea was served buffet style. The centerpiece consisted of the Basketball Team's Sportsmanship Trophy from the State T.A.A.F. meet, flanked by bluebonnets and candles. Darlene McEntire's trophy was displayed at one end of the table and Gordon Lowe's trophy was displayed at the other end.

A gift was presented to Gordon Lowe from the basketball girls to show their appreciation of his coaching, interest and loyalty to the team. A gift was also presented to Wilma Lowe to express their appreciation of her interest and loyalty, and to thank her for "letting" Gordon spend so many nights coaching them.

After presentation of the gifts, forty-two and canasta were played. Those present were Gordon and Wilma Lowe, Walter and Aleta Duff, Jack, Christine and Steve Whitley, James and Nelda Edwards, Loyd and Ethel and Troy Murrell,

Bill and Helen Blair, Mrs. John Blair, Mrs. George Davis, Mr. and Mrs. C. D. McEntire and Darlene, Yvonne Avery, Mr. Avery, Mr. and Mrs. Henton Emery, O. T. Jones, and Harold and Venera Emery.

Building Healthy Bodies

Mother is the greatest architect of all. She takes a seven-pound bundle from Heaven, and through the years develops this little one into a healthy man or woman. Quite a building project, is it not?

But Mother through the ages, has demonstrated her architectural ability. Dietitians give advice, but Mother prepares the meals. Our hats are off to you, Mother!

And we pass along a recipe for your tiny tot — a delicious rennet dessert that delights the child and adds to his or her milk quota. It's an economical dessert and merely needs a touch of your favorite topping to turn it into an adult dessert as well.

Rennet Desserts
Made with Rennet Powder (for older infants)
1 cup milk (not canned)
2 tablespoons rennet powder (vanilla or fruit flavors)

Set out 2 or 3 custard cups. Warm milk slowly, stirring constantly. Test a drop on inside of wrist frequently. When COMFORTABLY WARM, (110° F.) not hot, remove at once from heat. Stir rennet powder into milk quickly until dissolved — not over one minute. Pour at once, while still liquid, into individual dessert glasses. Do not move until set — about 10 minutes. Then chill in refrigerator. Serve with a topping of strained, chopped, or sliced fruit.

Providing recreation and entertainment for hospitalized and convalescent servicemen is an important Red Cross job at military hospitals. These Red Cross hospital recreation workers take a group of patients for a tour of Mammoth Cave, Ky., during an outing sponsored by a community service organization.

Any woman will tell you she'd rather nurse five sick children than one sick man. Doctors and nurses are inclined to agree with her. A man resents being helpless and is often beset by fears for himself and his family.

The sick soldier is little different from the civilian, except that treating the sick serviceman presents additional problems.

Unlike the patient in the civilian hospital, who undergoes his convalescence at home, the soldier remains in the hospital until he is completely fit for duty. After the acute phase of the serviceman's illness is past, he is sent to a "reconditioning ward," where he remains until he is able to take up his regular military job. Sometimes he remains there for weeks. And usually he is far from home.

For recreation and simple, pleasurable activities to fill those long hours of convalescence, military physicians in post hospitals look to the American Red Cross and its corps of specially

trained recreation workers.

Recreational programs are adapted to the needs of both the man confined to his ward and the convalescent. They range from teaching a bedridden man to play solitaire to dances and bingo games for the man on the road to recovery.

There are motion pictures for both ward patients and the convalescent, and for the ambulatory patients there are tickets and transportation to nearby ball parks and theaters.

There are also the special services provided by volunteer workers. Gray Ladies run errands and write letters. Motor Service provides transportation. Volunteer Services, working with other community agencies, help bring into the hospitals boys and girls of the same age group as the hospitalized serviceman.

Red Cross provides the "home touch" which, added to medical and nursing care, helps restore the sick man to good health.

Economical for the home! Unique one-shaped paper drinking cup 2,500 for only \$6.50 at News-Record.

ADVERTISEMENT FOR BIDS
Hospital
County of Sterling
Sterling City, Texas
Job No. 435
Texas—91

Sealed Proposals addressed to:
Honorable G. C. Murrell
County Judge
County of Sterling
Sterling City, Texas

for the construction of a hospital for the County of Sterling, hereinafter called the Owner, in accordance with the Plans, Specifications, and Contract Documents, prepared by, and which may be obtained from John Linn Scott and Associates, Architects, Nalle Building Annex, Austin, Texas, will be received by the County Judge at his office in the County Court House at Sterling City, Texas, until April 24, 1950, at 2:00 P.M. These bids will then be publicly opened and read aloud. Any bid received after the closing time will be returned unopened.

Proposals will be received for the General Construction, Electrical Work, Plumbing Work, Heating and Air Conditioning Work, or any combination thereof.

A cashier's check, certified check, or acceptable bidder's bond, payable to the Owner, in an amount not less than five percent (5%) of the largest possible total for the bid submitted, must accompany each bid.

Attention is called to the fact that there must be paid on this project not less than the general prevailing rates of wages for all classes of laborers and mechanics in this town and as set forth in Wage Rates.

In case of ambiguity or lack of clearness in stating prices in the Proposal, the Owner reserves the

right to adopt the prices written in words, or to reject the Proposal. The Owner reserves the right to reject any or all bids and to waive any formalities.

Plans and Specifications may be examined without charge in the office of John Linn Scott and Associates, Architects, Nalle Building Annex, Austin, Texas, and may be procured from this office upon a deposit of twenty five (\$25.00) dollars as a guarantee of the safe return of the Plans and Specifications.

The full amount of this deposit will be returned to each bidder immediately upon the return of these Plans and Specifications in good condition, provided they are returned within the first ten (10) days after the bid opening.

No bids may be withdrawn after the scheduled closing for receipt of bids, for at least thirty (30) days. By: **Commissioners Court**

From where I sit... by Joe Marsh

Gabby Enjoys Going to The Dentist

One of my molars was giving me bad time Tuesday afternoon, so I hopped over to Doc Jones, hoping he'd catch him free. When I arrived, Gabby Jackson was sitting there reading a magazine. I said hello to Gabby and he nodded.

Doc comes out and says I'm next. "Wait a minute," I says. (My tooth seemed to have stopped aching.) "How about Gabby—doesn't he have an appointment?" Doc smiles and says, "Gabby? Why, he's got the finest teeth in the county. He just comes up here and reads the magazines whenever he's in town!"

As Doc went to work he told me that he's glad to have Gabby come up and read magazines... they might not all be fresh off the newsstand, but if Gabby—or anyone wants to while away some time who is he to stand in their way?

From where I sit, this "live and let live" spirit helps make America what it is. If I prefer a friendly glass of beer with my supper and you prefer milk—who's to say one's right and the other wrong?

Joe Marsh

Quarterhorse Champion Special Trophy For

A special trophy will be presented to the champion quarterhorse at the Sterling City Horse Show next Saturday by Mrs. Mae Sullivan Mayes of Garden City in memory of her parents, Mr. and Mrs. Mike Sullivan, pioneer horse breeders. She will present the trophy on behalf of the children, John C. Sullivan of Sulphur Springs, Ark., Mrs. Pearl Sullivan Ratliff of Del Rio, W. Preston Sullivan of Del Rio and herself.

Her parents may be remembered for the well-known quarterhorse, "Old Nub". Sullivan forebears had brought Old Nubs ancestors over from Ireland. He was from the "Steel Dust" strain from England.

Mike Sullivan's uncle, who was ranching on the Lipan Flat gave Old Nub as a colt to Mr. Sullivan. Following Mr. Sullivan's death in 1908, Mrs. Sullivan continued to raise horses until 1916. She sold Old Nub at the age of 20 years to a buyer on the promise that he would be good to Old Nub.

Among Old Nub's more famous progeny was Buster Brown, a horse that gained fame in Texas as a race horse. Stories have it that Pres Walling, who had bought him from Sullivan, sold him to Charley Roe, and Roe used him for a plow horse in Coke County. A jack rabbit jumped up in the field, and Buster, in a spurt of speed, overtook it. Roe said that a horse that could run that fast must be a racer. He began racing him and Buster beat all comers in Texas. His owners and racers included Roe, Rube Richards, Lee Mayes, Johnny Sauls, Bob Hewitt, J. H. Bass. He was raced frequently at the old San Angelo fair grounds race track.

Buster was broken by the late Sterling Foster. Pres Walling, the first buyer, bought him for a saddle horse. When Richards sold him to Lee Mayes, he went back the same week and bought him back

North Concho River Soil Conservation News Column

Fourteen hundred Russian Olive plants were secured by the supervisors of the North Concho River Soil Conservation District and distributed to cooperating ranchers and farmers last week. This plant grows into a shrub 6 to 10 feet high and produces a white berry which is excellent quail food. The Russian Olive has been found widely adaptable to soils and climate. It is growing satisfactorily in New Mexico in a 15 inch rainfall belt. The ranchers and farmers planted the olives for the purpose of improving late winter food supply for quail. Improvement of food and cover for quail and other wildlife is one of the practices in their complete conservation program.

Phil Allen, Biologist with the Soil Conservation Service, assisted the North Concho River Soil Conservation District to make a survey of the conditions affecting quail population. His conclusion was that food in late winter, and cover during the nesting period were the principal problems. Many birds starve because of lack of year round food supply and many hen quail quit nests built in areas with insufficient cover when the weather gets hot. Improved range condition make better nesting conditions, and Russian Olive, if successful in this district, will improve the late winter food supply.

W. R. Schwartz in the Wilde Conservation group, St. Lawrence Community, has completed construction of 20 miles of terraces on his 637 acre farm. The system is

for double the price Mayes had paid him.

Many old timers here remember Old Nub. C. D. Allard of Dawson, wrote in saying that Mr. Sullivan let him ride Old Nub one day and he had been a horse lover ever since.

built on the level and the ends will be closed by Swartz.

V. A. and Harvey A. Halfman in the Halfman group have completed a terrace system on 440 acres one mile west of St. Lawrence. The Halfman brothers prepared their land by running solid sweeps flat, then leaving all the stubble and grass roots on or near the surface.

John H. Cox is planting a 60 acre field on his ranch to a mixture of perennial grasses. Blue panic, sideoats grama, King ranch bluestem, western wheat grass, weeping and sand lovegrass, Lehman love grass, and blue grama are included in the mixture.

Cox is using a grass planter on loan from the Coke County Soil Conservation District to plant the seed. Blue panic is planted solid in one row, a mixture of the other grasses in a second row, and the third row of sudan. The sudan is being planted as a nurse crop for the grasses. In late summer after the grasses are established the sudan may be grazed a limited amount.

W.N. & L. R. Reed are building two miles of terraces on their Phillips field.

TOMATO PLANTS

Early, strong and healthy. Porter's Pride, Porter's Triumph, Red Cloud, Summer Prolific and June Pink (all good for West Texas.)

Jubilee (large yellow), Beefsteak, Super Ponderosa, Giant Oxheart, Brimmer from home-grown seed. 50c per dozen out of beds.

OUR WASHINGTON NEWSLETTER

(Continued from Front Page) should make it mandatory that white schools admit negroes as a matter of choice and discretion on the part of the students.

The cases attracted a lot of attention in Washington and the decisions are being watched by their precedent-making significance. If the Supreme Court holds with the negroes, it appears that the same rule would apply to all schools, from primary on through high school.

Census Shifts

Even though the counting of noses just began on April 1st, the Census bureau has already made its predictions. One thing sure is that some tremendous shifts have taken place. The biggest increase is forecast for Oregon, where since 1940 the number has jumped by 59.3%! Next is Nevada with an increase of 56%, California with 53.6%. Texas upped its total by 17%, while five states are due to show decreases. Those are Mississippi, Oklahoma, Nebraska, North Dakota and Montana. The national average gain will be 13.4%, the Census experts predict.

A few chuckles were heard in the cloak rooms last week when old Drew Pearson whose accuracy is usually taken with a grain of salt up here, writing of Rep. Gene Cox of Georgia, described him as a "poker-playing partner of the Speaker (Sam Rayburn)." What caused the chuckles was the well-known fact that Sam Rayburn not only doesn't play poker but actually doesn't know one card from another!
