No. 6

Our WASHINGTON Letter

"IF WESTERN EUROPE FALLS to the Communists, we will probably lose our atomic supremacy", General Eisenhower told Congress after his return from Europe.

The General was referring to the uranium, used in making A-bombs, which we import from Belgium Congo. He figured the Russians will dominate Africa if western Europe is overrun.

Eisenhower urged more members of Congress to visit Europe and get a first-hand picture of conditions there and see how our security is involved in the future of the western democracies. He got a big hand when he said:

"Those countries must do their full share in the joint effort to keep them free from Communist domination."

JANUARY 30 was a big day for Speaker Sam Rayburn. On that day he rounded out 3,057 days as speaker of the House of Representatives—exceeding by one-half day the record previously held by the famous Henry Clay of Kentucky.

In House speeches eulogizing Rayburn, many of the Old-Timers recalled the time when John Garner was Speaker. They all praised Garner as one of the most colorful and able who ever tended the gavel.

President Truman, in praising Rayburn at a Texas dinner given by the Speaker the evening of the 30th, recalled his early political career in Missouri. He had served as County Judge and took a hand in carving out a new Congressional district so he could get elected to Congress.

"But after doing all that," said the President, "something happened that changed my plans and now look at what happened to me!"

At the Rayburn party, composed of about 60 guests, were also Vice-President Barkley, Chief Justice Vinson, Justice Tom Clark, and the entire Texas delegation except Bob Poage who was on official business in Mexico City.

Earlier in the day President Truman presented Rayburn a gavel carved from White House scrap collected from the renovation now going on. The ceremony was at the White House, attended by the Texas delegation and a few others.

But Henry Clay had one distinction never equalled and probably

FIRE AT BEAUTY SHOP SUNDAY

A fire of undetermined origin, burned the rear end of the Vanity Beauty Shop badly Sunday afternoon about 4:30. Smoke and water dirtied up the front along with the fixtures. Some smoke dirtied up the City Barber Shop on the west half of the building, also.

Mr. and Mrs. Albert (York) Grunz said their damage amounted to at least \$1,000.00 No insurance was carried on their belongings. Their loss consisted on clothes and personal effects. A new electric range and refrigerator was somewhat damaged by the fire. Volunteer firemen reckoned that the fire started at the water heater located in the back corner of the place.

The City Barber Shop, operated by Henry Merrell, needed a little cleaning up next morning, but no damage to his stuff was noted.

The building, owned by Earl L. Bailey, was covered by insurance, and repair was begun immediately Monday.

Smoke roiled into Bailey Bros. men store at the ceiling line but no damage was done.

The fire burned a rubber gas connection between a heater and the wall cut-off, and for a short time before the gas was cut off at the tank, gave the fireboys a merry time. The "fire just wouldn't go out in spite of water."

GIRLS WIN CONFERENCE GAME WITH MERTZON

By Harry J. Blane

On Monday night the local girls basketball team defeated the Mertzon girls in a conference tilt by 27-25. The girls will meet Water Valley in the local gym Thursday and will meet them again Friday night at Water Valley in the opening round of the District Tournament.

The boys lost to Mertzon at Mertzon on Monday night. Another cage battle in the local gym on Tuesday tallied another loss for the Eagles flock. The boys will also be engaged in a District Tournament at Forsan on Saturday at 2 p.m. Having drawn a bye in the first round of play, the War Birds will play the winner of the Stanton—Knott game, played on Friday night at Forsan.

J. S. Cole, vice-president of the bank here, has been ill for about two weeks. He was taken to a Big Spring hospital and given an examination. There he was found to have a case of jaundice, and was scheduled to return home Friday of this week.

never will be duplicated. He was elected Speaker the first day he entered Congress! Now seniority is an important—and sometimes a controlling factor in choosing Speakers.

TWO WILDCATS BEGUN IN STERLING

Two wildcat tests were begun in Sterling County this week. One is on Oscar Meyer's land and the other and the Bade estate.

Parochial Petroleum Co., of Midland—a new concern is doing the testing on farmouts.

No. 1 Mrs. H. Bade is 330 feet from the south and east lines of section 22, block 22, H&TC Ry. Co. survey, 10 miles southwest of Sterling City. The test is 5 miles east of Plymouth No. 1 TXL, opener of the Herrell field, producing from the Clear Fork, and on a farmout from Standard Oil Co. of Texas. T. V. Criswell of Monahans has the contract to drill to 5,000 feet to explore through the Wichita-Albany section of the Permian.

Parochial's No. 1 O.O. Meyer, projected to 1,500 feet to test the San Andres, is 2,310 from the south, 330 feet from the east line of section 4, block T, T&P Ry. Co. survey. It is five miles west of Sterling City and 660 feet west of Republic Natural Gas Co. No. 1 McEntire, which showed some oil in the San Andres but had water in the bottom of the oil bearing zone.

W. E. Tone of Monahans has the drilling contract. No. 1 Meyer is on a farmout secured from Republic Natural Gas Co.

Other Tests

Humble No. 1-C Foster, projected 4,500-foot wildcat, six miles southwest of Sterling City, has changed over from cable to rotary rig and resumed drilling in lime at 4,150 feet. It is near the C SW NE 16-T-T&P.

Salt Dome Production No. 3 Ethel R. Foster and Faye Hildebrand, has been staked. It is 330 feet from the south and west lines 20-12-SP RR survey in the Durham field.

WEST TEXAS UTILITIES NOW BUILDING HIGH LINE TO PAN AMERICAN PUMP STATION

Thomas Mills crew of the West Texas Utilities Company are building a high line to the Pan American Pipe Line Company's pump station northeast of Sterling City. The high line, when completed will provide two-way service for Sterling City, Water Valley and Carlsbad. They will also erect a 1,000 KVA, 22,000 to 24,000 volt substation at the pump station camp.

The two-way service will help the local users of the electricity in the three towns named by being two-way now. For instance, should the line into Angelo now in use go down in a storm or something, the power could come from the line in through the other route.

Holland Missionary To Be at Church of Christ

Harry Payne will speak at the local Church of Christ next Thursday night at 7:30. He will give a report on mission work in Holland said W. O. Batten, local minister.

Bro. Batten issued a cordial invitation to all to hear Payne.

Former Minister Here Dies

Bro. R. D. Smith, former minister at the local Church of Christ, died last Sunday and was buried in Commerce, Texas. No details were known here, only the fact of his death, said Bro. W. O. Batten.

HIGH SCHOOL GRADUATES CAN ENLIST IN ARMY FOR SPECIAL SCHOOLS NOW

M-Sgt. Tom Bunch of the U. S. Army Recruiting office in Big Spring, said in an interview here this week that all high school graduates could enlist in the Army for special schooling now. Bunch said they now could apply for a school before enlisting and when they were accepted in the army after enlistment, they would be sent to the school they named before enlisting. Bunch said there were 23 different schools for such enlistees now. They take in automotive mechanics, administration, map reproduction, electricity, surgical and medical technician work and various others.

Sgt. Bunch said that any boy interested in more information, and who could not get to the office in Big Spring, should write him a card at Box 1108 in Big Spring. Bunch would then call on such boy with all information at hand.

R. B. Mitchell was wearing "his head in a sling" this week. A horse kicked him Wednesday morning, giving him a painful injury.

Club Boys Livestock Show Here Monday

MARCH OF DIMES HITS NEARLY \$1,300

Mrs. Martin C. Reed, chairman of the Sterling County March of Dimes reported on Thursday of this week that \$1,267.89 had been collected in the drive so far. The high school drive has not yet reported and some of the special gifts workers have not turned in their money. Also yet to come, is the benefit basketball game. Along with that particular event, the American Legion Auxiliary will have the concession for the drive.

The Mother's March here Wednesday night, under the sponsorship of the Noratadata Club and under the direction of Mrs. Garlyn Hoffman netted \$183.20, said Mrs. Reed. The Lions Club netted better than \$80 on their game night play, and the Wimodausis club made almost \$10 the same night with the coffee and donut concession.

The square dance netted \$212.00, with the homemaking girls hat check concession accounting for better than \$20 of the total. The chairman pointed out. The Noratadata with their concession at the dance and a gift outright, accounted for \$69 and the \$10 gift. The Baptist W.M.S. donated \$5 and the O.E.S. moved to donate \$5. The remainder of the \$1,267.89 came from special gifts, the filling station contest and the boxes over the town, said Mrs. Reed.

To Top Last Year's Drive

The drive when completed, will top last year's high of around \$1,175. Sterling hit a high in the State for per capita donations last year and is doing even better this year. The per capita last year was around 83c and it might hit \$1.00 in 1951.

Mrs. Reed emphasized that the drive was not yet completed and she hoped for all events to come off as planned.

Lions Club Luncheon

Four were guests when the Lions Club met for the regular luncheon Wednesday at the Community Center. They were Jake Swartz, Geo. Blackburn, Jeff Davis and A. L. Gant and Jack Turner, the last two joining the club as members.

Lion Hoffman announced the club boys livestock show that will be held here Monday. Mrs. Anna Lee Johnson reminded the members of the Mothers March of the March of Dimes drive. H. A. Chapple told of the Methodist ladies planning to serve dinner in the Community Center on stock show day.

The club stood giving a vote of thanks to Coaches Tillerson and Blackburn for their services to the community and school.

99% Plus Taxes Paid

On January 31, at the close of the day, only \$672.15 of unpaid 1950 taxes were unpaid, said tax collector Henton Emery this week. This unpaid amount was all left of \$176,743.27 on the roll at the beginning of the tax-paying year.

The amount collected adds up to 99 68/100 per cent. The taxes were on county, school and state tax roll.

Seems like some kind of a record.

TWO HONORED AT BIRTHDAY PARTY

Mrs. Hubert Williams and Mrs. Worth Durham jointly gave a birthday party for their children. Crisp Williams and Bitsy Durham Monday afternoon in the Community Center. Games were played and valentine favors were given to the guests.

Present were Betty Jo Barrett, Vinita Sue Speck, Temple Ann Foster, Rosanne Foster, Cecelia and Jeanne McDonald, Lois Ethel, Shirley and Elaine Price, Janie Coueland, Joanna Murrell, Betty Jo Daves, Billy Charles Daves, Ronnie Allen, David Foster, James Morgan and David Durham.

Mrs. Tommie Easley entered the V.A. Hospital in Big Spring Monday for about a week's stay.

Judging Starts at 1:30

The Sterling County Boys Stock Show will be held Monday, Feb. 12, and judging will begin at 1:30 p.m. W. I. Marshall, District Agent from San Angelo, will judge the show. There will be 99 lambs, 4 calves, 4 pigs, and 4 breeding sheep to be shown.

The J. T. Davis award will be given for the second time to the Champion Fine Wool lamb of the show. Nathans Jewelers of San Angelo are giving a trophy to the champion crossbred lamb and a watch to be given as an achievement award to the best feeder.

Holland Jewelers are giving three belt buckles that will be awarded to the fattest lamb, pig, and calf. The American Legion post is presenting a belt buckle for the Showmanship Award. Ross Foster, Jim Bob Clark and Bubba Foster will determine who will be the winner.

The local Lions Club is sponsoring the show and raising money for prizes. The prize money this year will be \$300.00.

Tommy Foster is Superintendent of the show.

Following is a program for the show:

CLASS I—Fine Wool Heavy Weight. \$5.00, \$4.00, \$3.00, \$2.00; 5th through 12th, \$1.00.

CLASS II—Registered Rambouillet Ram Lamb. \$5.00, \$4.00, \$3.00, \$2.00; 5th through 12th, \$1.00.

CLASS III—Fine Wool Light Weight. \$5.00, \$4.00, \$3.00, \$2.00; 5th through 12th, \$1.00.

CLASS IV—Registered Rambouillet Ewe Lamb. \$5.00.

CLASS V—Milk Fed Hereford Calf. \$10.00, \$7.50, \$5.00.

CLASS VI—Dry Lot Hereford Calf. \$10.00, \$7.50, \$5.00.

CLASS VII—Pen of Three Fine Wool Lambs. \$5.00, \$4.00, \$3.00, \$2.00; 5th through 12th \$1.00.

CLASS VIII—Crossbred Heavy Weight Lamb. \$5.00, \$4.00, \$3.00, \$2.00; 5th through 12th \$1.00.

CLASS IX—Crossbred Light Weight Lamb. \$5.00, \$4.00, \$3.00, \$2.00; 5th through 12th \$1.00.

Champion Fine Wool Lamb, 1st and 2nd places of Class 1 and 3, \$5.00, Rosette and J.T. Davis award. Reserve Champion Fine Wool Lamb, \$3.00, Rosette.

Champion Crossbred Lamb, 1st and second places of Classes 9 and 10, \$5.00, Rosette and Nathans Jewelers award. Reserve Champion Crossbred Lamb, \$5.00, Rosette.

Presentation of Holland Production Awards to boy exhibiting the fattest lamb, calf and pig.

Presentation of Nathans Jewelers Achievement Award.

Presentation of American Legion Showmanship Award.

METHODIST LADIES TO SERVE DINNER NEXT MONDAY

As usual in past years the ladies society of the Methodist Church will serve dinner next Monday, the day of the club boys livestock show here. The dinner will be served in the Community Center this year, said Mrs. Roy Foster this week.

Charge per plate will be \$1.00, said Mrs. Foster. The ladies invite all local people and guests to eat at the Community Center that day.

"Covering the County"

By Garlyn Hoffman, Co. Agent.

The American Legion Valentine Box Supper will be held February 12 at 8:00 p.m. in the Legion Hut. Each member is requested to bring a guest or guests.

Ray Baumgardner will be here Friday and Saturday to hunt eagles. If you see or hear of any eagles any place be sure to report them to the County Agent. It is very essential that Mr. Baumgardner know about the area that the eagles are staying in so that he will not have to use too much flying time.

Twelve fat lambs and ten breeding sheep will go to the San Antonio livestock show February 14 through 25. The fat lambs will be shown on Saturday, Feb. 17 and the breeding sheep will be shown (Continued on Back Page)

THE AMERICAN WAY

Some Security!!!

Conservation News Column

Grass, man's best tool for anchoring soil against erosion, was given a sound vote of confidence during 1950 by Texas farmers and ranchers.

Increased respect for this weapon against soil and water waste is reflected by last year's seed harvest, which shows 746,599 pounds of native grass seed harvested by Texas farmers and ranchers, it was pointed out today by Louis P. Merrill, Soil Conservation Service regional director.

Leading the native grass seed harvest parade in Texas were little bluestem (400,325 pounds), and blue grama (202,410 pounds), both warm season forage plants.

The 1950 seed harvest figures,

Merrill said, also reflect widely increased use of King Ranch bluestem by conservation-wise farmers and ranchers. It is a deep-rooted introduced perennial grass known for its erosion-resisting and forage qualities and its adaptation to wide extremes of rainfall.

Throughout Texas, a total of 506,537 pounds of King Ranch bluestem seed was harvested, easily a new record seed take for the popular drought and cold resistant grass, the regional director said.

Of the KR seed harvested in Texas last year, 463,032 pounds or about 91 per cent of the state-wide harvest were taken from the farms and ranches of soil conservation cooperators, Merrill said. An additional 8,430 pounds of KR seed were harvested from the Soil Conservation Service nursery at San Antonio and the U.S. land utilization project areas.

From Texas' more than 4 1/2 million acres in close-growing, soil-conserving legumes, a total of 25,216,000 pounds of legume seed was harvested during 1950, Merrill announced.

Leading in the Texas legume harvest was Hubam sweetclover (11,258,947 pounds) a versatile conservation crop respected for its ability to overcome cotton root rot, decrease soil loss and runoff and improve soil productivity. Second was hairy vetch (10,819,087 pounds), a winter cover crop known as a veritable store-house of soil nutrients.

The harvest of native and introduced grass seed and legume seed in Texas last year totaled more than 30 million pounds, the regional director said.

"The 1950 seed harvest is a clear indicator that the Texas farmer and rancher is paying increased attention to the use of grasses and le-

gumes as his best weapons in improving the soil and fighting soil and water waste."

FOR SALE—1948 4-door DeSoto, 35,000 miles, extra good. Also 1949 Dodge 1/2-Ton pick-up, 16,000 miles, extra good. Sell, swap or trade. See W. Y. Bengé.

THE BRAMBLE KINGDOM EDITORIAL

In the days of yore, the trees decided to select themselves a king. They first offered the crown to the olive tree. The olive felt that bearing its fruit was more worthy than bearing the cares of statecraft. He declined.

The fig tree was the next one asked. He refused on the grounds that producing sweet figs was better than serving as king.

Then the vine turned down the throne. His reason was that out of his grapes came new wine. That was more important to him.

But the thorny bramble had no such conceit of his worth. He accepted. "If in truth ye anoint me king over you," he said, "then come and take refuge in my shade; and if not, let fire come out of the bramble, and devour the cedars of Lebanon."

The parable, which is recounted in the Book of Judges, does not tell us whether the tall trees knuckled

down to the bramble. Yet the presumption is that they did.

For in ordinary life, whenever able or talented people refuse to accept their governmental responsibility because for some reason or another they cannot "afford" to, somewhere down the line there is waiting a bramble, ready and willing. Once in power, he can crack the thorny whip over the talented and able people who scorned the job he accepted. And they deserve no better.

Let us keep this parable in mind in the dark days ahead. Let us particularly keep it in mind if any of us are offered opportunities in war-mobilization commissions, agencies or boards. Thousands of responsible people will be needed, so the news stories say. If we really believe in American democracy, we cannot afford to let the Federal agencies become the kingdom of the brambles.

From where I sit ... by Joe Marsh

Blue Wins This "Hunt"

Cappy Miller's coon dogs—except for one of them, Old Blue—are about the finest hounds in the county. Blue's too friendly and easy-going to care much about hunting. He doesn't act the way we think a good dog should, so we figured he'd never amount to much.

But a fellow comes around Saturday looking for a good dog to photograph for some advertising. And the dog he picks is Blue! Says Blue's happy, friendly face is just the one to attract people's attention. So Cappy gets more money for that picture than his other

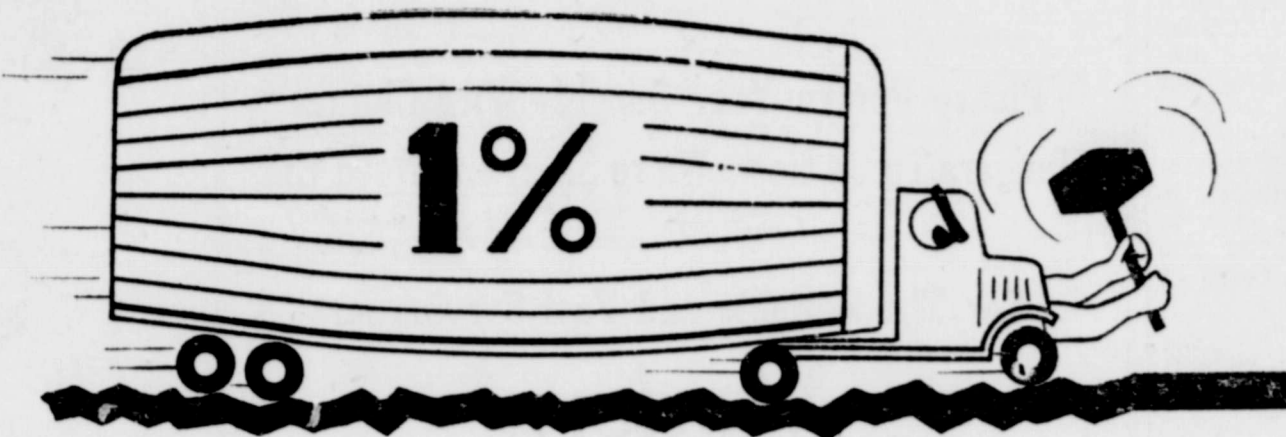

dogs will ever take in hunt prizes.

From where I sit, that should teach us not to look down on humans, when they act differently than we think they should. For instance, maybe you think tea goes best with food. O.K.—but don't size up wrong the man who enjoys a bottle of beer at mealtime.

Like Blue, I guess we're all "different" in one way or another—but that doesn't mean we don't have our good points, too!

Joe Marsh

Foundation

**The More He BREAKS
The More He MAKES**

Texas motorists, Texas highways and Texas taxpayers should be protected against the ONE PER CENTERS.

ONE PER CENTERS are truck combinations weighing, loaded, 20,000 pounds or more. Only one of every 100 vehicles registered in Texas pays a license fee for 20,000 pounds or more. FEWER than three out of every 1,000 are registered for more than 40,000 pounds.*

Our highways should be SAFE for ALL the people—individuals, commercial users and the military alike.

Texas highway tax dollars should be conserved and used wisely. This can be done

- (1) by limiting the weight (gross load and axle load) that may be transported legally by the ONE PER CENTERS and
- (2) by enforcing the law against those who persist in overloading.

*"The Case of The One Per Centers," an article in The Texas Tax Journal, July-August, 1950

Texas highways are paid for by and belong to ALL THE PEOPLE. Highways adequate for 99% of Texas users—individual and commercial—can be constructed and maintained for about ONE-THIRD of the cost made necessary by the weight of the ONE PER CENTERS.*

This is your problem. Send for your copy of the booklet, "THE CASE OF THE ONE PER CENTERS," which tells you, among other things, why

COVERING THE COUNTY

(Continued from Front Page)
Feb. 19.

W. I. Marshall, District Agent of San Angelo, will judge the Sterling Show February 12 beginning at 1:30 p.m. There will be 99 lambs, 4 calves and 4 pigs shown. The show will be held south of the Legion Hut. The pens will be ready for the stock early Monday morning. There will be only one lamb to be sold at the end of the show.

Holland Jewelers are giving three belt buckles for the fattest pig, calf and lamb. The buckles will be given on the following basis: 35% fatness, 20% total and daily gain; 15% economy of gain; 15% fitting; and 15% accuracy of records.

Nathans Jewelers of San Angelo are presenting an achievement award to the most liked and successful feeder. Nathans are also giving a trophy for the Champion Crossbred Lamb.

Let us all turn out for the show and give the boys a lot of support.

The Methodist ladies will serve dinner at the Community Center on Monday. It will be a good dinner, so go down and get energy for the show.

When looking for the County Agent and you do not find him in the office, look on the desk or front door to his office, for you will find a note telling where he has gone.

For wedding invitations, announcements, at-home cards, etc., see the local News-Record shop.

Wood Display To Feature Tree Growth

An educational exhibit now being prepared at the famous Museum of Science and Industry in Chicago will dramatically portray the role of hardwoods in modern living.

The biology of wood will comprise an important phase of the exhibit, while other sections will show how choice woods are transported from far-flung forests of the world to the mills and processed into lumber, plywood and hardwood veneer.

More than two million persons annually are expected to visit the exhibit, planned as a permanent fixture. Of this number, at least one-third will be students with tours of high school and college groups to be a feature of the program.

To Show Every Step

The hardwood exhibit, to be unveiled in mid-year, will show, step by step, the progress of the wood from its growth as a tree to its final processing as lumber, plywood and veneer. An animated tree in the Biology Section will demonstrate the chemical action which occurs in the growing process. Cell and leaf structure will be shown, together with the various stages in the growth of trees, component ingredients of all other aspects of the physical makeup of wood.

Animated scale-model plants will demonstrate lumber, veneer and plywood production. Every step will be illustrated, from the sawmill, through a lumber yard, a veneer mill and plywood mill.

Logging and forestry methods will be seen in another section of the exhibit. Featured will be an eight-foot globe showing the parts of the world from which various wood species are obtained.

The display also will feature a vast array of "end products" made from hardwoods, including various types of period and modern furniture. Pieces of virtually every style in all the popular handsomely-grained woods will be shown.

There's a
CHEVROLET TRUCK
for your job...

and it's built to do it for less money!

There's a Chevrolet Advance-Design truck that's right for your job. Built to do it better, longer, and more economically. With the right Valve-in-Head engine for the work—92-h.p. Thriftmaster or 105-h.p. Loadmaster. Chevrolet's stronger rear axles, heavy steel channel-type frames and positive Synchro-Mesh transmissions stand up under the toughest going. Come in—see the great new 1951 Chevrolet trucks today.

(Continuation of equipment and trim illustrated is dependent on availability of material.)

First in demand
First in value
