

STERLING CITY NEWS-RECORD

VOLUME 61 PUBLISHED EVERY FRIDAY AT STERLING CITY, TEXAS. "Since 1890" FRIDAY, MAY 25, 1951 No. 21

THE HOUSE CONTINUED its economy drive last week when it passed the Agriculture appropriation bill for the ensuing year. The President had requested \$820 million to run that sprawling department, but when the House got through with it the total had been cut down to \$717 million.

After approving funds for carrying on the Soil Conservation Service, the House disapproved an amendment to cut money for the various range practices and fertilizer program. The bill provided \$225 million for that purpose and an amendment to trim that figure down to \$150 million lost by a narrow margin. The committee had previously cut \$60 million from the President's budget request for that item, and if the floor amendment had been adopted an additional \$75 million would have been whacked.

In joining with the advocates of this cut (including the American Farm Bureau) I pointed out that the various range practices have been very desirable but that because of the financial condition of the country during this emergency I felt that we must reduce wherever possible. During the debate, I stated:

"It is often said that economy is a good thing if it is applied to the other fellow. Here is a chance to apply it across the board. The people down where I come from are genuinely alarmed about the magnitude of the public debt. They are disturbed about the solvency of this Nation, and they want to make necessary sacrifices in order to put our house in order."

SEEING WASHINGTON for the first time last week were Mr. and Mrs. John Barton of Ballinger, Mr. Barton, the veteran and popular Runnels County agent, was invited to the Capitol to receive a Distinguished Service Award for 40 years of service to the cause of agriculture and rural life.

Of real concern to our area was the action of the House Rules Committee in refusing last week to clear the Mexican Labor bill for House action. The Committee may change its mind later, but the future of the legislation is now uncertain.

The Senate passed a companion bill on the subject recently, but it included an objectionable amendment by Senator Douglas of Illinois which would make it a crime for an employer to hire a worker illegally in this country if he should even have "suspected" that the worker was a wet-back. The House bill contains no such provision and I feel confident the House would never consent to the Douglas amendment.

The purpose of the Mexican Labor bill is to provide some necessary funds and set up machinery to put the U.S.-Mexican labor agreement into effect. That agreement was made in Mexico earlier this year. It provides for processing, with processing stations to be located on our side of the Rio Grande. It would remove a lot of the red tape that employers have been faced with in obtaining immigrant workers in the past. But as indicated by the action of the Rules Committee, right now we don't know if Congress will assist in putting the agreement into effect or not.

Among recent visitors have been Wesley E. Stiles of Del Rio, O. B. Bruce of Ballinger, Carroll Lane of San Angelo, George H. Wells formerly of San Saba, J. B. McWhorter of San Angelo, Robert E. Lee of Coleman, Mr. and Mrs. James E. Mills of Del Rio, and Pfc Herbert W. (Billy) Hudler, now of LaMarque but formerly of San Angelo. Billy is now stationed at Ft. Belvoir, near Washington. He thinks he will be sent to Europe this summer. He is in Technical and Intelligence work.

Jose Gaitan, 45, Killed In Fight Last Thursday

Jose Gaitan, 45, was killed in a fight in front of a San Angelo tavern on Thursday night of last week. Valentine Torres, 41, of Garden City, was charged with the murder of Gaitan. Gaitan's death climaxed a feud of long-standing, it was said.

Funeral services were held here Saturday afternoon for Gaitan. Lowe Funeral Home was in charge of arrangements.

Manuel Boisse, 38, of San Angelo received a gunshot wound in the right hip when he attempted to take a pistol away from Torres.

Ramon Torres, 18, son of the accused man, was also held in connection with the killing. Both are now free on bond. They were arraigned in the San Angelo court on Friday.

Telephone Company Asking For Rate Increase Here

Representatives of the San Angelo Telephone Company were in Sterling City this week explaining to the business and civic leaders their need for an increase in service rates to business and residence telephone subscribers in Sterling City.

In asking for this increase, John E. Robbins, Jr., Commercial Superintendent for the Company, presents a certified statement for the past fiscal year which shows the Company operated the Sterling City exchange at a loss of \$6,173.39.

"During the past six years," the spokesman said, "the total operators payroll in Sterling City has increased more than four and one-half times. This past fall the Sterling City exchange was placed on an unrestricted twenty-four hour basis. This and the increased volume of traffic has added to the cost of rendering service. We have shown an increase in telephone subscribers in the past ten years of from 249 telephones to 359. During this period local telephone revenues have increased 80 percent, but expenses during the same period have increased 226 percent."

In an advertisement stating their case in this issue, the Company shows the proposed rate increase for each type of service. In addition to the local subscriber rates, it was stated, charges for various auxiliary telephone services will be adjusted in relation to today's higher costs of furnishing them. "These adjustments are moderate in comparison with increases in costs of furnishing service," Robbins said.

Gurley-Cole Wedding May 12

Miss Lois Gurley, daughter of W. L. Gurley of Suches, Georgia, and Oliver (Son) Cole were married on May 12 at the Grace Methodist Church in Atlanta, Ga. Cole is the son of Mr. and Mrs. Frank W. Cole of Sterling City.

The couple is now here visiting with Cole's parents. They arrived here last week-end.

The new bride was complimented with an introductory tea Wednesday afternoon in the ranch home of Mrs. J. S. Cole, Jr. Hostesses for the affair were Mrs. Cole, Jr., Mrs. Watson W. House and Mrs. Frank V. Cole.

Methodist Ladies to Serve Lunch On Day of Horse Show

The ladies of the Methodist Church will serve lunch on Saturday, June 2, it was announced this week. They will serve the meal in the community center, said Mrs. Roy Foster. This is the day for the annual Sterling City horse show.

They invite the general public to be there that day.

LOUISIANA VISITORS

The Rev. and Mrs. D. L. Mercer of Plaquemine, La. visited with his mother, Mrs. D. O. Mercer, and her relatives last week here. His mother returned home with them for the summer.

Rev. Mercer, a missionary in the Louisiana country named, preached at the Baptist Church here Sunday night.

Bob Burns, state highway employee, has been off from work this week with an ailing back.

Rev. ROBERT BRANNON Brannon, Presbyterian Pastor, Gets Theology Degree

AUSTIN, Texas, May 24—Robert B. Brannon, Jr., who received his degree of Bachelor of Theology at the Austin Presbyterian Theological Seminary Wednesday night, will assume duties June 1 as pastor of the First Presbyterian Church in Sterling City and the First Presbyterian Church in Carlsbad.

Brannon is the son of the Rev. and Mrs. R. Bruce Brannon, now of Marshall, Texas, where Mr. Brannon, Sr., is pastor of the First Presbyterian Church.

Young Brannon attended high school in Hillsboro, Texas, where he worked for a time on the Hillsboro Mirror. He took his Bachelor of Arts degree at East Texas State Teachers College in 1948, where he played in the band, was president of the Religious Council, and a member of the honorary scholastic fraternity Alpha Chi.

Brannon is a veteran of two years' service in the Navy during World War II, having served in both Atlantic and Pacific theaters.

In the summer of 1949 Brannon served at student pastor of the Wake Village Presbyterian Church, last summer as student pastor of the First Presbyterian Church in Yoakum.

W. E. McDANIEL

Church of Christ Meeting June 1-10

A ten-day meeting will begin at the local Church of Christ here on Friday, June 1, announced minister W. O. Batten this week. Services will be held in the tabernacle, he said.

W. E. McDaniel will again do preaching and Dan Conley will lead the singing, said Batten.

Services will be held at 10:00 a. m. and 8:15 p. m., said the local minister. He stressed a welcome to all to attend.

Hospital Auxiliary Meetings

Mrs. Lester Foster, president, reminds the women of the town that the Sterling County Hospital Auxiliary meets on the first Thursday afternoon of each week at the Community Center. She calls attention to the next meeting which will be on Thursday, June 7.

Little Madeline Perrett of Arlington, who has been visiting her uncle and aunt, Mr. and Mrs. R. P. Brown for two weeks, left for her home by plane Sunday from Mathis Field. Madeline is five years old. Her father and mother, Mr. and Mrs. Stanford Perrett met her at the airport in Fort Worth.

Final School Exercises Held This Week

Lions Club Luncheon

Joe Emery of Evant and Billy Joe Swann of Sterling were guests when the Lions met for the regular luncheon at the Community Center.

R. P. Brown and Alvie Cole were named official delegates to the District Convention at Brownsville the first part of June. The club voted to pay \$50 expenses of delegates.

A vote to give retiring Lion B. B. Hestir a gift and letter of appreciation was acted upon unanimously.

June 30 Holiday

It was pointed out and acted upon that Memorial Day, June 30, is a store holiday here. The club voted to meet anyway that day. All public offices and retail stores will observe the day as a holiday.

Memorial Day Holiday

Wednesday, June 30, is one of the regular holidays observed by the Sterling merchants. It is a legal holiday and one of the five observed by the local merchants.

The five observed here are New Year's, Memorial, July 4th, Thanksgiving and Christmas.

"Covering the County"

By Garlyn Hoffman, Co. Agent.

The rain that fell during the week was more than welcomed. It broke an eight month drought. Since October 1st, 1950 most of the county had about one inch of rain and most of it was from the ice and snow that fell in February. The rain varied from 1 1/2 inches to 4 1/2 inches over the county. The people along the Big Lake road got the most.

Virgil Brownfield had to repair all his water-gaps. He even said that it washed gaps out that were on top of the hills. It rained 4 1/2 inches at Virgil's. That is the most rain that Virgil has reported since 1866.

The Methodist ladies will serve dinner at the Community Center June 2. That is the day of our local horse show. Tell all your friends and make plans to eat a very delicious meal at 12:00 o'clock Horse Show Day.

Careful inspection of pecan trees has revealed that they need spraying for casebearers. Saturday, May 19 the first signs of the casebearers were present. The casebearer miller is found on most all trees at present. It is only a few days after the miller appears that the first eggs are found. It takes from 5-7 days for the eggs to hatch. The egg stage is the time to kill the casebearer. After he gets into the little pecan, spraying does very little good.

There are four different mixtures to use for casebearer control. The most common one is 3 pounds of D.D.T. and 6 pounds of wettable sulphur per 100 gallons of water. Thoroughly wet the trees so not to produce any run-off. Bulletin C-261 Pecan Insects and Their Control is in the office available to you.

Entries for the Horse Show are rolling in rather steadily. Be sure and get yours in as soon as possible.

New Paving

The county was having the entrance and streets entering the new hospital paved this week, and upon having some topping and rock left over, they had the west side of the courthouse square paved. The street itself was already paved, but the new paving forms an ellipse to the walk entrance, giving the cars parked a paved placed. That part of the square got muddy enough to stick cars in the past a rain.

Billy Roland Conger, stationed with the Army in Arkansas, spent last week-end and the first part of this week here on leave, visiting relatives and friends.

Final school exercises for the Sterling City Schools were held this week. The Commencement (or Baccalaureate) Sermon was held Sunday morning at 11 o'clock in the auditorium of the First Methodist Church. The Commencement Exercises were held in the First Baptist Church Monday night, and the eighth grade exercises were held Thursday night in the Methodist Church.

W. O. Batten, Church of Christ minister, preached the sermon on Sunday morning. Mrs. Bill Barbee played the processional, followed by the audience singing "Holy, Holy, Holy." Rev. W. J. Weimer, Methodist pastor, gave the invocation. The high school choral club sang "Consecration and Praise", which was followed by the Commencement sermon. The Rev. C. D. McEntire gave the benediction.

John Prude of Fort Davis gave the chief address at the Commencement exercises Monday night. Mrs. Anna Lee Johnson played the processional. The high school choral club sang two numbers.

Superintendent O. T. Jones awarded the diplomas to the graduates, and Clinton Hodges presented the rings to the class of 1952. Garlyn Hoffman gave the benediction.

Honor Students and Special Awards

Marian O'Dell was named valedictorian with an average in her senior year of 95.24. She was a transfer student from Grandfalls. Marian was active in the pep squad, volley ball and homemaking work here. At Grandfalls she was on the staff of the school paper, and participated in sports and pep squad. She is a daughter of Mr. and Mrs. C. W. O'Dell.

Dorothy Sue Lowe, the daughter of Mr. and Mrs. Roland Lowe, was salutatorian with an average of 94.71. Dorothy Sue has been football sweetheart, best all-around girl and a pep squad leader. She played basket ball four years and worked on the annual staff four years. She was the senior favorite.

Elizabeth Ellen Hildebrand, the daughter of Mr. and Mrs. H. L. Hildebrand, received the Sterling City Lions Club Good Citizenship award and trophy. She was selected by the high school faculty as the student most deserving this award.

Leroy Butler was awarded the American Legion Memorial Award. The local Legion Post makes this award yearly to an outstanding student. He is the son of Mr. and Mrs. Jim Butler.

Graduates Listed

Graduates include William Blair, Harry J. Blank, Henry J. Bliznak, Pascal Alton Brown, Elroy Butler, Leroy Butler, Don Gann, James Clinton Hodges, Loy Mitchell, Alvin Moore, Barbara Jean Garrett, Elizabeth Ellen Hildebrand, Melvinia Huff, Dorothy Sue Lowe, Darlene McEntire and Marian O'Dell.

The seniors, sponsors, and some of the parents left Wednesday early on the senior trip to Austin, Galveston and other points of interest along the coast.

Eighth Grade Graduation

Chesley McDonald was the chief speaker when the graduating exercises were held Thursday night for the eighth grade. The exercises were held in the Methodist church.

Honor Students Listed

Alan Kent Jones, son of Mr. and Mrs. O. T. Jones, was valedictorian for the class with an average of 94.3, and Billie Nadine Green, the daughter of Mr. and Mrs. Bill Green was salutatorian with grade of 92.2.

Anna Lee Johnson played the processional and recessional. W. O. Batten gave the invocation and C. D. McEntire the benediction.

Miss Pam Sanderson sang two songs, "My Task" and "End of a Perfect Day". She was accompanied at the piano by Anna Lee Johnson.

The honor students named gave the valedictory and salutatory addresses.

Graduates included Billy D. Blair, John Blair, Jr., Leslie Howard Cole, Alan Kent Jones, Robert W. O'Dell, Jenny Ruth Davis, Billie Nadine Green, Patsy Ellen Martin and Esther Boehl.

North Concho River Soil Conservation News Column

Recent rains in the St. Lawrence farming area of Glasscock County have made it possible to plant cotton. The rain varied from 1.5 to 3 inches over that area. Monday, May 21, nearly all of the farmers in that area were planting their cotton. Most of them are planting two rows and leaving one fallow. They believe that by this system they get the best use of their moisture. Although most of the farmers in that section have four row equipment, most of them are just planting two rows at a time. Most of the land has not been in cultivation but two or three years and they find it too hard on the equipment to plant four rows at a time. Some grain sorghum that was dry planted is up to a good stand.

Mr. John H. Cox dry planted a mixture of K.R. Bluestem, Blue Panic and Sweet Sudan on an old cultivated field. A check on that field Monday found that only the Sudan is coming up and that the ground was drying out fast on top. More rain will probably be needed before the K.R. Bluestem and the Blue Panic will come up.

SECOND GRADE PICNIC

The second grade children had their annual school picnic on Monday of this week.

The group went to the Levi Garrett ranch eight miles north of Sterling City for the event.

Johnny Ozee furnished transportation by taking the children in the school bus.

The group watched sheep shearing, played, took pictures and Levi put his horse, Platonis, a Palomino trick horse, through her bag of tricks. The group inspected the ranch house with its western furniture and quaint novelties.

Besides the twenty-eight school children, the group included the teacher, Mrs. Ray Lane, Mr. and Mrs. Clifford Haymes, Rev. and Mrs. W. J. Weimer, Mrs. Chesley McDonald, Celia and Jean, Mrs. Jim Bob Clark and Jack, Mrs. G. Daves and Wanda, Mr. and Mrs. Martin Brown, and Mrs. Frank Barber and Jean.

Mid-afternoon refreshments of ice cream was served to all present.

A gift from the second grade was presented to Mr. and Mrs. Garrett in appreciation of their hospitality and as a wedding gift.

CARD OF THANKS

We want to thank everyone that remembered us with flowers, cards, visits and other kindnesses during our illness and stay in the hospital. We appreciate and will always remember.

Mr. and Mrs. Henry Merrell.

For wedding invitations, announcements, at-home cards, etc., see the local News-Record shop.

NOTICE OF MEETING OF BOARD OF EQUALIZATION

In obedience to an order of the Board of Equalization, notice is hereby given that the Commissioners' Court of Sterling County, Texas, will meet at the Court House in Sterling City, Texas, at 9:00 o'clock A. M., on Monday, June 11th, A.D. 1951, when they will sit as a Board of Equalization of taxes for the year A. D. 1951, at which time you may appear before said Court and show cause, if any, why property rendered by you for taxes for said year should not be placed on the Tax Rolls at the value rendered by you or should not be raised to a value placed on same by the Court.

Notices have been mailed to all parties whose valuations are to be raised above their rendition unless cause can be shown why the valuation should not be raised.

Given under my hand and seal of office at Sterling City, Texas, this 22nd day of May, A.D. 1951.
(Seal) W.W. DURHAM
County Clerk, Sterling County, Texas

CARD OF THANKS

We want to thank everyone for the nice flowers, visits, food and the other kindnesses shown us at the death of our loved one.
May God bless all of you.
The family of Jose Gaitan.

Baptist Sunbeam Band Meets

The Sunbeam Band, an auxiliary of the Baptist W.M.S., met and organized Monday afternoon of this week at the church. Leader is Mrs. H.C. Lawson, Jr. and her helpers are Mrs. Henry Bauer and Mrs. Trion Revell. Shirley Langford is pianist for the group.

Children present for the meeting were Janelle Riddlesperger, Lee Douthit, Billy Bauer, Charles Tilleryson, Edna Davis, Ollema Davis, Jimmy Bauer, Darla K. Dunn, Linda Myers, Brenda Myers, and the leaders.

The band meets each Monday afternoon at the church at 4 p.m. All children between the ages of 4-9 are invited to attend.

"TWO FORTUNES FOR THE IMMIGRANT BOY" * * * With nothing but courage and the will to work and study, Engineer A. D. Andrea built a fortune and proved that America is still a land of opportunity. Read his heartwarming story in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

Sterling City, Texas

San Angelo Telephone Co.

Why New Telephone Rates Are Necessary In Sterling City

For the first time since 1926, the Telephone Company is asking for an adjustment in telephone rates in Sterling City. The request is made necessary by the high level of post-war costs of furnishing telephone service, which has thrown our operations here with insufficient earnings.

Here are some of the reasons an adjustment in telephone rates is necessary at this time:

During 1950 we furnished telephone service in Sterling City at insufficient earnings:

We collected	\$13,796.02
We spent	19,969.41
We lost	6,173.39

Sterling City telephone rates have not been changed since 1926.

In this period Sterling City has grown from about 219 telephones to nearly 365.

Several general wage increases have been granted telephone employees since 1945.

The total monthly payroll in Sterling City is more than 4½ times as high as in 1945 due to higher wage rates and a larger number of employees.

Telephone poles, wires, switchboards, and other equipment and supplies cost more than they did before the war.

New schedule of telephone rates:

Following is the new schedule of telephone rates in Sterling City:

Class of Service	New Monthly Rate will be
Business Individual Line	\$7.00
Semi-Public	4.80
Business Two-Party	6.50
Extension	1.50
Residence Individual Line	4.00
Residence Two-Party	3.50
Extension	1.00
Rural	3.25

The increase is about 6 cents a day for business customers, 4 cents a day for residence customers. The discount for wall type telephones will be discontinued, and customers may have their choice of desk or wall handset telephones.

In addition, charges for various auxiliary telephone services will be adjusted in relation to today's higher costs of furnishing them.

The adjustments are moderate in comparison with the increase in cost of furnishing service and the higher prices Sterling City families and business concerns pay for most things they buy today.

It is not possible to pay post-war costs of furnishing telephone service with the revenues from rates established 25 years ago.

SAN ANGELO TELEPHONE CO.

Industrial Arts Exhibit Held Here

More Rains Fall

Continuing rains continue to fall on Sterling County, as well as other parts of West Texas, signalling the end of an eight-month's long drouth. A tenth of an inch fell on Monday night here in town, and varied over the county. On Wednesday night from .62 inch and up fell helping matters more. Thursday afternoon scattered showers pelted parts of the county.

So far no one is complaining of the continuing rainy weather, and they're not likely to. West Texans can take a lot of rain without complaining.

Robbie L. Potts Gets Degree

Robbie L. Potts, son of Mr. and Mrs. G. C. Potts of Big Spring, received his B.A. degree in exercises at Texas Tech stadium Monday night. He majored in architecture. Attending the ceremonies besides his parents were his sister, Mrs. Pat Ray of Big Spring and his two aunts, Mrs. Lester Foster and Mrs. Mud Allen of Sterling City.

George (Prof) Blackburn's classes of woodworking and leathercraft put their year's handiwork on exhibit Thursday in the old Garrett & Bailey building here. There was judging in the three classes—of machine woodworking, hand woodworking and leathercraft. Judges were Worth Durham, Dr. Wm. J. Swann, Fred Varnadore and H. A. Chapple.

Winners in the various divisions were as follows:

Machine Woodworking

1st—Larry Glass, chest of drawers.
2nd—Joe Mullins, coffee table.
3rd—William Blair, coffee table.

Hand Woodworking

1st—Billy Joe Swann, card table.
2nd—Larry Greathouse, book case
3rd—R. H. Rodde, card table.

Leathercraft

1st—Pascal Brown, handtooled and carved notebook.
2nd—Bill Cole, hand tooled and carved purse.
3rd—Harry Blaneck, hand tooled and carved notebook.

Prof Blackburn, on behalf of his class and the school expressed thanks to Earl Bailey for the use of the building and to Seth Bailey for paper to cover and dress up the tables for the event.

Luncheon Honors Elizabeth Ellen Hildebrand

A luncheon was given at the Roy Foster home on May 19, honoring Elizabeth Hildebrand, a member of the 1951 graduating class of Sterling City high school.

Place cards and napkins carried out the graduating motif.

The centerpiece for the table was an arrangement of ferns and plants.

A buffet luncheon was served to the following Misses: Elizabeth Hildebrand, Dorothy Sue Lowe, Barbara Garrett, Darlene McEntire, and Mrs. G. W. Tillerson, class sponsor; and Mmes. F. F. Westbrook, Tommy Foster, H. L. Hildebrand, I. W. Terry and Roy Foster.

Games of bingo were played, as each graduate bingoed, she received a gift.

Gets M.A. From Tech

Miss Kate Adele Hill, niece of Mrs. Henry Malloy of this city, received her Master's Degree from Texas Tech on Monday night of this week. She is a daughter of the late Will Hill of Sterling City.

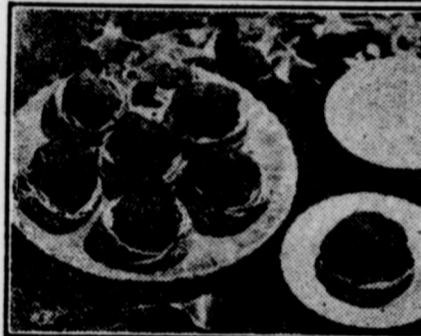

Ray Frittz, former mechanic at the Sterling Motor Company here, has gone to Albuquerque, N.M. to work. His wife, the former Reita Faye Reed, plans to join him there in about two more weeks, she said.

Your printing dollar goes further right here at the News-Record.

A Spring Dessert Delicacy

A dessert that's just right for spring menus, not only in taste appeal but in eye appeal too, is fruit sherbet served in meringue shells. Light as the breath of spring the meringue shells melt in your mouth. And the sherbet, delicately colored to match the flavor, is just tangy enough to be a perfect match for the sweet meringues.

It's an easy dessert to make, one that you can proudly serve your most important guests. Make it today, use any flavor of sherbet mix, lemon, orange or raspberry.

Sherbet in Meringue Cups

1 cup milk
1 cup water
1 package sherbet mix

Measure milk and water into bowl. Add contents of package. Beat with rotary beater until dissolved—about 2 minutes. Pour mixture into refrigerator tray and place in freezing compartment. When mixture is firmly frozen, remove from tray to bowl. Break up into small lumps with fork or potato masher. Beat with electric or rotary beater until free from lumps but still a thick mush. Return to refrigerator tray and place in freezing compartment until fairly firm. If frozen too hard, place in refrigerator just below freezing compartment to soften. When ready to serve, fill meringues with a generous scoop of sherbet. Garnish with fresh fruit if desired.

Meringues: Combine 4 egg whites, 1 teaspoon cream of tartar and ½ teaspoon salt and beat until stiff. Gradually add 1 cup sugar. Beat until mixture forms stiff peaks, but is not dry. Using pastry bag, pipe mixture onto brown paper on cookie sheet to form round cups about 8 inches in diameter. Bake at 350° F. for one hour or until surface is dry and slightly browned. Cool. When ready to serve, fill center cups with generous scoop of sherbet.

**MISS ETHEL FOSTER
Women Join Texas Tech
Foundation**

Lubbock, Texas, May 23 (Spcl.)—Three outstanding Southwestern women—two Texans and an Oklahoman—have accepted appointment to the Foundation Board of Texas Technological College.

They are Miss Ethel Foster, Sterling City; Mrs. Roscoe Wilson, Lubbock and Mrs. Anson Clark, Oklahoma City.

The addition of these women—the first feminine contingent since the board was revitalized in 1946—brings the total number of members to 17.

C. T. McLaughlin, Snyder, Chairman of the Board, made the announcement of the new appointments.

Miss Foster, who has traveled outside the United States extensively, has large ranching interests in Sterling and Glasscock counties, the area where her father, W. L. Foster, pioneered in the early seventies.

She is an eager civic worker and has held numerous posts in the Texas Federation of Women's Clubs including the presidency and several chairmanships, and is now the chairman for the budget of the General Federation of Women's Clubs.

Mrs. Wilson is the daughter of M. V. Brownfield, deceased pioneer rancher, banker, and colonizer of Terry County. She married the late Roscoe Wilson, Lubbock attorney.

Mrs. Clark, the wife of one of Oklahoma's foremost physicians, was responsible for Tech's receiving ten scholarships annually from the Anflo Foundation. She and Dr. Clark operate the Foundation.

Besides the three ladies and McLaughlin, members of the Foundation Board are: Robert M. Bass, Kilgore; Samuel A. (Sammy) Baugh, Sweetwater; Obie Bristow, Big Spring; Raymond E. Buck, Fort Worth; H. E. (Eddie) Chiles, Jr.,

**Midland Rodeo
Set For May 30,
June 3**

MIDLAND—Flags are waving, cowboy clothes are much in evidence, rough and rugged rodeo stock is on hand, contestants and performers are drifting in, and final arrangements are being completed for the staging of the 17th Annual World Championship Midland Rodeo, May 30—June 3.

The spirit of the Old West prevails in Midland and throughout the vast Permian Basin Empire as West Texans get set for their big annual celebration. A gigantic parade through the streets of downtown Midland at 3 P.M. Wednesday, May 30, will open the star-studded attraction. The first rodeo performance will be presented at 8 o'clock that evening in the huge all-steel arena at Midland Fair Park on East Highway 80. Night shows only will be presented through Sunday night.

Everett Colborn of Dublin, Texas, who again this year is producing the Midland show, said the stock brought here for the 1951 show is the roughest and toughest ever assembled by the famed Lightning C Ranch at Dublin.

"But", he added, "the stars of the rodeo world will be on hand to contest the rugged stock. It will be quite a show."

Ken Boen and Jim Schumacher, nationally-known rodeo clowns, will clown the Midland show, and Ray Lackland of Dallas returns for his second year as announcer. The top specialty acts in rodeo business will be on hand for the 1951 Midland Rodeo.

Purses and prizes in excess of \$8,500 are being offered winners of the various cowboy events, including saddle and bareback bronc riding, calf roping, bull riding, steer wrestling, wild-cow milking and cutting horse contest.

All trails lead to Midland for its World Championship Rodeo.

Midland; J. E. Cunningham, Amarillo; Jack Frost, Dallas; Don D. Harrington, Amarillo; Clifford B. Jones, Lubbock; O. B. Ratliff, Lubbock; Spencer Wells, Lubbock; Ray W. Willoughby, San Angelo, and Sam D. Young, El Paso.

New Commander

TOKYO, JAPAN—Lt. Gen. Matthew B. Ridgway, who has succeeded General MacArthur as United Nations Supreme Commander, is shown leaving church in Tokyo. He is shaking hands with Chaplain Harmon D. Morre who conducted Protestant services at the General Headquarters Chapel.

Mystery Calls

HUNTINGTON PARK, CALIF.—Twenty "soft voiced" callers have telephoned Mrs. Ernestine McRoberts, 29, (shown with babies) saying that her husband, M/Sgt. James D. McRoberts, 25, is a prisoner of the Korean Reds. He has been missing in action since December 8. These people assure Mrs. McRoberts that her husband is being treated "royally" and she should sign petitions to end the "aggression" in Korea. Children are James D. Jr., 3 months, and Kathleen Anne, 15 months.

things that would live. You spend your days, writing of births, deaths, marriages and parties—while you might be reporting world-shaking events from far-away places.

"Yet, the other day, you saw a greying woman, turning the faded pages of a scrap book. What did you see?"

"The birth of a daughter, Suzan, at Mercy Hospital . . . Miller is survived by his wife and five children . . . a birthday party for her daughter, Jane, six . . . married in the Methodist church at noon . . ."

"Suddenly, you know that, of these things—births, deaths, marriages, funerals—these are the stuff of which life is made. Long after the names of political big-wigs, glamour girls and sensational headlines are forgotten, these things will live.

"Small town reporter on a small town paper"—take pride in your job, for you are chronicling the events that live forever in the hearts of people."

**Behind
The
8 Ball**

I've got a neighbor that can beat old C. C. Cole, the U. S. Weather Bureau, the Standard-Times or the radio for forecasting a rain. He is Robin Burns. Whenever Robin hollers over the fence in the afternoon, "We're going to get a rain tonight!" it rains.

Now, me. Ever time it is real cloudy and rainy looking, I go in the house and announce, like an oracle, "It's gonna rain." But does it?

No. Or, if it does, it's such a pitiful mall one that I'm ashamed of it. So, if you want to know if it is going to rain, contact Robin Burns. He doesn't miss. His little crystal ball is just about infallible.

8—Ball

James Miller, high school English instructor the past two years, was elected high school principal in a school board meeting last week. A Sul Ross graduate was elected coach. (I didn't get his first name or initials). Other faculty members selected for next year include Supt. O. T. Jones, George Blackburn, Miss Jorene Shinn, Johnny Ozee, Mrs. Bena Davis, Miss Pam Sanderson, Mrs. B. J. Crossno and Mrs. Irene Lane.

A first and sixth grade teacher still is needed.

8—Ball

A truck driver evidently went to sleep and sheared off part of the bridge just east of the city early Thursday morning. A large truck can take off bridge posts better than you might think.

Our first state college—Texas A. and M. is now in its seventy-fifth year

The man who first saw the true mission of the A. and M. College of Texas as a major technological institution and raised the scholarship level of the faculty and entrance requirements for students to real college level was Dr. David Franklin Houston, president of the college from 1902 until 1905. In his short time as president, Dr. Houston changed the entire course of the college's history. In 1905 he left Texas A. and M. to become the president of the University of Texas, and later became president of the University of Maryland. During the administration of Woodrow Wilson he served with distinction first as Secretary of Agriculture and later as Secretary of the Treasury.

**HEALTH TALKS
More About Viruses**

Prepared by the State Medical Association of Texas

On the surface there doesn't

seem to be much in common in such diseases as rabies, shingles, sleeping sickness and smallpox. But in the laboratory they all boil down to virus as the cause of illness.

Actually rabies, shingles and sleeping sickness do have certain

characteristics that tie them together in that they develop sickness by attacking the nerves. The germ of rabies is spread to man by infected saliva from an animal, the germ of shingles is spread by a close contact with someone who has either shingles or perhaps chickenpox, and the germ of sleeping sickness, the kind that may develop into an epidemic, is believed to be spread by contact with some one with the disease.

Smallpox stands out in any group as an example of the studies that might lead to a definite stop to the spread of a contagious disease. The horror and ugliness that have marked smallpox in years past have given way to the mild inconvenience of smallpox vaccination all because a country doctor in England, Edward Jenner, discovered that milkmaids who developed pox sores from infected cows never developed the more serious disease of smallpox.

Rabies could be just as well controlled, probably, by the simple act of vaccinating family pets. Though wild animals also become rabid when infected with the virus that causes this disease, it would not spread in civilized communities if the animals, especially dogs, had all been vaccinated as a protection.

A rabid animal does not always froth at the mouth, though that is one of the most characteristic signs of the disease. A rabid animal will die within ten days of developing the disease, however, and for that reason the animal is kept cooped up when it is suspected of being rabid. After it dies, the germs of the disease may be identified in the

animal's brain and rabies can be definitely diagnosed.

Untreated rabies in a human being leads to death. Therefore, when there is any possibility that a person has been bitten by a rabid animal, the doctor advises the series of anti-rabies shots. These are pretty powerful shots, as they have to be, and usually make the person receiving them pretty ill; but when it is a question of life or death, the shots are, of course, the preference.

There have been many superstitions in the past to treat the bites of mad dogs. If the dog were really mad, those stones and pumpices would hardly suffice to prevent the spread of the powerful hydrophobia or rabies. The Pasteur treatment, the name for the anti-rabies shots, is the safeguard of modern medicine against the devastation of rabies in human beings.

Speaking of superstitions, there are probably few diseases that have more calamitous beliefs connected with them than the shingles. Those itching, hurting blisters that break out on the body follow a nerve tract and usually form a sort of circular band, maybe at the waist or wrist. They hurt badly enough by themselves but every case of shingles will revive the old saying that when the blisters form a complete circle, you die.

Shingles is not a fatal disease, circle or no circle. It is pretty much the same thing as a fever blister on the lip and it may be even a closer relation of the chickenpox. Children rarely get shingles, though evidence seems to point to the fact that adults who come in contact with children with the chickenpox sometimes break out in (Continued on Back Page)

To be of help to those who need it in times of sorrow and bereavement is our inspiration to give the kind of service that helps ease the pain left by the departure of a loved one. When the need arises, let us serve you.

The Egg and You

By Betty Barclay

RIGHT now, eggs are more abundant and therefore less expensive. So, don't you agree that

right now is the time for the egg and you to collaborate often in producing delectable favorites, like souffles and custard pie, that too often fall in the luxury class of foods? Here is a good recipe to start you off — your family will love this coconut variation of cup custards.

Coconut Cup Custards

3 eggs, slightly beaten; 6 tablespoons sugar; 1/4 teaspoon salt; 3 cups milk, scalded; 1 teaspoon vanilla; 1 cup coconut.

Combine eggs, sugar, and salt. Add milk gradually, mixing thoroughly. Then add vanilla. Divide coconut equally into 8 custard cups. Pour in custard mixture. Place in pan of hot water and bake in slow oven (325° F.) 40 minutes, or until set. Chill. Makes 8 servings.

Lift the Face of Your Plainest Cake!

By BETTY BARCLAY

On any occasion when you want to give your plainest cake a face-lifting, try new Rich Coffee Frosting made with instant coffee. It's a satin-smooth creamy topping that will bring forth raves from your family before the first slice has been cut . . . and when they taste its rich coffee flavor, watch them come back for more!

This frosting is quickly made, easily spread—and won't harden until you've completed the last swirl. There will be no collection of pots and pans, either, for this jiffy frosting can be mixed in one dish. See how it enhances your plain layer cake, or try it with a devil's food loaf and you'll relish that mocha flavor. When you use the new star-studded instant coffee, you can be sure it's pure coffee, full strength, and not a weakened liquid. Every bit of its pure essence goes right into your Rich Coffee Frosting and makes it everybody's favorite. So plan a

special treat tonight and use this wonderful new recipe with its distinctive coffee flavor—it's sure to be a success with your family!

Rich Coffee Frosting
 1/2 cup butter
 1/2 teaspoon salt
 3 1/2 cups sifted confectioners' sugar
 1 egg or 2 egg yolks, unbeaten
 1 tablespoon Instant Maxwell House Coffee
 1/2 teaspoon vanilla
 2 tablespoons top milk (about)

Cream butter; add salt and part of the sugar gradually, blending after each addition. Then add egg, Instant Maxwell House Coffee, and vanilla; mix well. Add remaining sugar, alternately with milk, until mixture is of right consistency to spread, beating after each addition until smooth. Makes about 2 1/2 cups frosting, or enough to cover tops and sides of two 9-inch layers, or tops of 3 dozen cupcakes or 1 dozen 3-inch cookies.

More About Viruses

(Continued from Preceding Page) shingles.

The older the person with shingles the more pain and itching there seems to be with the disease; the pain is sometimes quite extreme.

You can see the outbreaks of shingles and know you have it. Sleeping sickness is frequently not a disease you can see and may be a slight case that you don't know you've had it until it leaves some mark during convalescence.

The first sign of the disease may be a sudden falling asleep or it may be a sudden delirium. On the other hand, there may be nothing sudden about it at all, just a growing drowsiness, a progressive lack of attention and awareness, a kind of stupor. And the degree of illness during the actual time of the disease is no indication as to how serious an after-affect it may have.

Some people may become desperately ill with a clear-cut case of sleeping sickness and after the disease is over return quite to normal. Others may have such a slowly-developing case that it is not recognized at all until such signs as tremors or twitchings of the body, a paralysis of the face that creates a "dead-pan" expression or even a definite change in mentality develop.

This is a fairly new disease of mankind and much remains to be learned about sleeping sickness, or encephalitis as it is medically known. Mosquitos might spread some kinds of this disease and other such insects are suspected when the disease breaks out in epidemics.

Another type of the disease results from complications with measles, chickenpox and many of the minor childhood diseases.

With the lesson learned from smallpox, perhaps someday these other diseases will also be mainly of historical interest because science has devised ways of protecting against them.

Tremendous Trifles

By Betty Barclay

GILBERT K. Chesterton wasn't writing about desserts in the book he titled "Tremendous Trifles," but chances are, had he ever tasted Peanut Brittle Trifle, he would have made it the subject of one of his memorable essays. Because, pun or not, here is a dish worthy of an essay. Crunchy peanut brittle combined with creamy tapioca is a taste surprise you won't forget.

Peanut Brittle Trifle
 1 egg white; 2 tablespoons sugar.

1 egg yolk; 2 cups milk; 2 or 3 tablespoons sugar; 1/4 teaspoon salt; 3 tablespoons quick-cooking tapioca; 1/2 teaspoon vanilla; 1/2 cup peanut brittle.

Beat egg white until foamy throughout; add 2 tablespoons sugar, 1 tablespoon at a time, and continue beating with rotary egg beater until mixture will stand in very soft peaks. Set aside.

Mix egg yolk with small amount of the milk in saucepan. Add 2 or 3 tablespoons sugar, salt, quick-cooking tapioca, and remaining milk. Place over medium heat. Cook until mixture comes to a boil, stirring constantly—this takes 5 to 8 minutes.

Pour small amount of hot mixture gradually on egg-white meringue; blend. Add remaining mixture, stirring constantly. (The hotter the tapioca and the faster it is blended in, the thicker the pudding will be.) Add vanilla. Fold in coarsely crushed peanut brittle while warm. Cool, stirring once after 15 to 20 minutes. Chill. Serve in sherbet glasses. Top with additional coarsely crushed peanut brittle and garnish with whipped cream, if desired. Makes 4 or 5 servings.
