

STERLING CITY NEWS-RECORD

VOLUME 61 PUBLISHED EVERY FRIDAY AT STERLING CITY, TEXAS. "Since 1890" FRIDAY, JUNE 8, 1951 No. 23

TIDELANDS LEGISLATION got the green light in the House last week when Speaker Rayburn asked the Judiciary Committee to bring out a bill. He said his decision had been delayed because of hopes the Senate would act. Texas people and many Texas Congressmen had become quite impatient at the delay. In all likelihood a bill will be reported to the House soon and passed. The big test will come when, if a bill is passed by the House and Senate, an attempt will come to override a Presidential veto which is certain.

It will be recalled that the House has acted twice before on the subject. By a vote of 288 to 67 the House passed a Tidelands measure back in 1946. The Senate could muster but 44 for and 34 against at the time, and President Truman's veto could not be overridden because the Senate obviously lacked the two-thirds necessary to override.

Then in the 80th Congress, the House repeated its prior action and passed a bill by a whopping vote of 257 to 29, but the Senate Committee pigeon-holed it and the attempt to correct the steal of our tidelands fizzled.

Now we are girding for another attempt. I believe the House will pass the new measure overwhelmingly, but what the Senate will do, despite the valiant efforts of the Texas Senators, remains to be seen.

A new draft-UMT bill will soon be sent to the White House. It's a compromise between the House and Senate. Briefly here are the main provisions:

1. The draft age is set at 18½, but all eligibles at 19 and above must be called before dipping below the 19 year level.
2. Draft service is set at 24 months, and the draft law is extended to 1955.
3. Mental standards for inductions are cut and physical standards are lowered to the standards in effect for men of the same age in January, 1945.
4. A five-million-man ceiling is placed on the Armed Services—about 1,500,000 more than the present goal.
5. A UMT commission of five is provided to prepare plans for a universal training program. Actual beginning of the 6 months of training provided for will not go into effect, however, until world conditions permit a shift from the draft to UMT. A part of the training may be integrated with school work, and each young man will, after completing the training program be put in active reserve units for a period of 8 years.

Eastern Star Installs New Officers

The Sterling City Chapter of the Order of the Eastern Star had an installation of new officers on the evening of May 30. Mrs. Lena Foster acted as Installing Officer and Mrs. Edna Foster as Installing Marshall.

Mrs. Lilly Revell was honored with a life membership in recognition of her being secretary of the chapter for 17 years.

ing provided for will not go into effect, however, until world conditions permit a shift from the draft to UMT. A part of the training may be integrated with school work, and each young man will, after completing the training program be put in active reserve units for a period of 8 years.

THE QUESTIONNAIRE which I mailed to residents of the district has caused much interest in the subjects covered and the responses have been generous. They are now being read and processed. The results will be announced as soon as possible. The answers and comments are most revealing and interesting.

The Mason Lions Club spent a program discussing the questionnaire and sent me the results of votes on each of the 15 questions. Several teachers have reported discussions of the questions by students in civics classes. One man at Kerrville showed his poll to a visitor from Orange and the latter asked me to send him 100 for distribution to interested people down there.

Here are a few comments on the questionnaires, taken at random:

A. F. Leesch of Boerne, former Master of the Texas State Grange, wrote: "Yesterday at the official opening of the A & M College Adjunct and presentation of awards in Region 2 of the Ft. Worth Press Conservation awards at Junction. I heard much favorable comment on your idea of the questionnaire . . . We appreciate this and the good work you are doing in Washington for us."

A Civil Engineer at Del Rio, after comments, noted: "Please

James A. Black, Former Minister Here, Dies

James Franklin Black, 57-year-old minister of the Church of Christ in Sheffield, Texas, died following a heart attack last Thursday morning in Del Rio. He was conducting a meeting in Langtry when he entered a hospital in Del Rio for treatment. He presumed that he was suffering from asthma, but a Del Rio physician diagnosed the ailment as a heart attack.

Bro. Black, who had served as minister of the Church of Christ here, was now serving the church at Sheffield.

Born Oct. 10, 1893, in Covington, Texas, Mr. Black was educated in Thorp Springs Christian College and Abilene Christian College. He married Miss Nellie Hogg, daughter of Mr. and Mrs. Ed Hogg of Ellis County in 1915.

He entered the ministry in 1922. Mr. Black served in the American Expeditionary Forces overseas more than a year in World War I, in Company G of the 256 Infantry, 90th Division.

General funeral services were held in Del Rio Friday afternoon. Burial was in the Fairmount Cemetery in San Angelo on last Saturday.

Immediate survivors include the widow, a son, 1st Lt. James Black, Jr., and the parents, Mr. and Mrs. C. H. Black of Dallas, three brothers and four sisters.

James A. 'Burr' Reynolds Named Coach

James A. "Burr" Reynolds of Odessa, was named last month to position as coach of the Sterling City high school. He succeeds G. W. Tillerson who has been named superintendent of schools at Christoval, Texas.

Reynolds is a 1951 graduate of Sul Ross College at Alpine. There he played football, basketball and track. He was the intramural champion in badminton and on the winning team in intra-mural volleyball. In golf he had the best score of any Sul Ross golfer in the 1950 conference meet. He made the Dean's honor roll three times. He is married and has one child, a son, thirteen months old. Reynolds is an infantry veteran of the European theater of war.

Reynolds had an outstanding athletic record at Odessa high school and Odessa Junior College while in attendance.

Church of Christ Meeting Closes Sunday

A ten-day meeting is now in progress at the local Church of Christ. W. E. McDaniel of Clute is doing the preaching and Dan Conley of Big Spring is leading the singing. Both men have helped in meetings here before and are well known.

W. O. Batten, local minister, extended a cordial invitation for all to attend the services. Both morning and evening services are being held.

continue with this questionnaire—Need two copies in the future, however, as sometimes there is quite a difference of opinion between the members of the household."

A Uvalde man writes: "I feel that any Washington official who feels that we can reach an agreement with the Communists, with out either appeasing them or whipping the devil out of them, should have his head examined, as undoubtedly, his brains are petrified."

A Petroleum Engineer at Brownwood likes the questionnaire idea: "I have taken the vow over one hundred times, that I would stay in closer contact with our Congressmen. I am glad to have this opportunity to get better acquainted with you, and hope that I can become more so in the future . . . On preparedness and universal military training: now is the time. Tomorrow will be too late. We had better wake up; pick a road to follow, and take after our objective with full speed."

A farmer and livestock producer at Coleman writes: "I think you have something here, and I only want you to go on using your own good judgment as you have heretofore done in preserving our American way of life."

Fifty three horses were entered in the annual horse show held here last Saturday. The event was held at the rodeo grounds on the football field, and a nice crowd was in attendance.

Roping Rained Out

The calf roping and girls barrel races that were to have been held that night were rained out. A better than one inch rain fell, giving those who had arrived a little run for their money—in the matter of keeping warm. The rain was preceded by chilly north winds.

CAR THIEF CAUGHT—But Quick

A 17-year-old boy tried to sell a spare tire from a car at the Chevron Station here Monday morning of last week. Loyd Murrell told Sheriff Henton Emery who picked up the boy and found that he had stolen the car the night before in Amarillo. The boy, Frank Leroy Frieholtz, had stolen the car from in front of the Veterans Hospital there and the owner had not missed it when Emery called Amarillo.

Spring Charmer CAKE OF THE MONTH

By BETTY BARCLAY

Got spring fever? Well you can still be a lazybones and yet have a scrumptious cake like the one pictured above. Instant cake mix is your friend these lazy days as it takes no effort at all to mix up one of these downy-textured, tender cakes. Tart red jelly between the layers, fluffy whipped cream on top — who would guess you hadn't spent all day in the kitchen?

Spring Cake

1 package white cake mix
½ cup milk and ½ cup milk

1 cup tart red jelly
½ cup cream, whipped and sweetened

Turn cake mix into bowl. Add ½ cup milk. Blend, then beat 2 minutes. Add ½ cup milk. Blend,

then beat one minute longer. (Beat cake vigorously by hand or at a low speed of electric mixer.)

Turn batter into two round 8-inch layer pans which have been lined on bottoms with paper. Bake in moderate oven (375° F.) 20 to 25 minutes. Cool. Split each layer in half. Spread jelly between layers and cover top of cake with whipped cream.

Preston Sullivan of Kerrville Visits Here

Mr. and Mrs. Preston Sullivan of Kerrville were at the Sterling City Horse Show last Saturday visiting and mingling with old friends.

Preston, a former resident here, is a son of the late Mike Sullivan, pioneer rancher of these parts. He left here in 1917.

Preston is somewhat handicapped with a back ailment. Such is the result of an accident in a jeep in Italy during the heated Italian campaign. He received a broken back as well as shot injuries in an escape which called for the driving of the jeep over a 40 foot bluff, he said. Preston is a veteran of both World Wars.

Mr. and Mrs. Luke Hallmark visited their children and families in the western part of the state the latter part of May. They visited L. B. Hallmark and Mrs. Joe Pool and families at Sierra Blanca and Fort Stockton, respectively. Luke said they fished in the Rio Grande river while out there, but didn't have too much luck.

A Spring Dessert Delicacy

A dessert that's just right for spring menus, not only in taste appeal but in eye appeal too, is fruit sherbet served in meringue shells. Light as the breath of spring the meringue shells melt in your mouth. And the sherbet, delicately colored to match the flavor, is just tangy enough to be a perfect match for the sweet meringues.

It's an easy dessert to make, one that you can proudly serve your most important guests. Make it today, use any flavor of sherbet mix, lemon, orange or raspberry.

Sherbet in Meringue Cups

1 cup milk
1 cup water
1 package sherbet mix

Measure milk and water into bowl. Add contents of package. Beat with rotary beater until dissolved — about 2 minutes. Pour mixture into refrigerator tray and place in freezing compartment. When mixture is firmly frozen, remove from tray to bowl. Break up into small lumps with fork or potato masher. Beat with electric or rotary beater until free from lumps but still a thick mush. Return to refrigerator tray and place in freezing compartment until fairly firm. If frozen too hard, place in refrigerator just below freezing compartment to soften. When ready to serve, fill meringues with a generous scoop of sherbet. Garnish with fresh fruit if desired.

Meringues: Combine 4 egg whites, 1 teaspoon cream of tartar and ½ teaspoon salt and beat until stiff. Gradually add 1 cup sugar. Beat until mixture forms stiff peaks, but is not dry. Using pastry bag, pipe mixture onto brown paper on cookie sheet to form round cups about 2 inches in diameter. Bake at 250° F. for one hour or until surface is dry and slightly browned. Cool. When ready to serve, fill center of cups with generous scoop of sherbet.

Tremendous Trifles

By Betty Barclay

GILBERT K. Chesterton wasn't writing about desserts in the book he titled "Tremendous Trifles," but chances are, had he ever tasted Peanut Brittle Trifle, he would have made it the subject of one of his memorable essays. Because, pun or not, here is a dish worthy of an essay. Crunchy peanut brittle combined with creamy tapioca is a taste surprise you won't forget.

Peanut Brittle Trifle

1 egg white; 2 tablespoons sugar.
1 egg yolk; 2 cups milk; 2 or 3 tablespoons sugar; 1/4 teaspoon salt; 3 tablespoons quick-cooking tapioca; 1/2 teaspoon vanilla; 1/2 cup peanut brittle.
Beat egg white until foamy throughout; add 2 tablespoons sugar, 1 tablespoon at a time, and continue beating with rotary egg beater until mixture will stand in very soft peaks. Set aside.
Mix egg yolk with small amount of the milk in saucepan. Add 2 or 3 tablespoons sugar, salt, quick-cooking tapioca, and remaining milk. Place over medium heat. Cook until mixture comes to a boil, stirring constantly — this takes 5 to 8 minutes.
Pour small amount of hot mixture gradually on egg-white meringue; blend. Add remaining mixture, stirring constantly. (The hotter the tapioca and the faster it is blended in, the thicker the pudding will be.) Add vanilla. Fold in coarsely crushed peanut brittle while warm. Cool, stirring once after 15 to 20 minutes. Chill. Serve in sherbet glasses. Top with additional coarsely crushed peanut brittle and garnish with whipped cream, if desired. Makes 4 or 5 servings.

The Egg and You

By Betty Barclay

RIGHT now, eggs are more abundant and therefore less expensive. So, don't you agree that right now is the time for the egg and you to collaborate often in producing delectable favorites, like souffles and custard pie, that too often fall in the luxury class of foods? Here is a good recipe to start you off — your family will love this coconut variation of cup custards.

Coconut Cup Custards

3 eggs, slightly beaten; 6 tablespoons sugar; 1/4 teaspoon salt; 3 cups milk, scalded; 1 teaspoon vanilla; 1 cup coconut.
Combine eggs, sugar, and salt. Add milk gradually, mixing thoroughly. Then add vanilla. Divide coconut equally into 8 custard cups. Pour in custard mixture. Place in pan of hot water and bake in slow oven (325° F.) 40 minutes, or until set. Chill. Makes 8 servings.

"Covering the County"

By Garlyn Hoffman, Co. Agent.

I don't know how many more are as busy as I am . . . scratching chigger bites. Your ex-county agent's lawn is as yet unsprayed and are the proverbial shoemaker's children unshod. However, if you can get around to striking a blow back at the chiggers, the weapons are 5% DDT and 5% Chlordane. A liberal application of 5% DDT dust if nothing else is handy, will kill them. You can also use 5% Chlordane, which you can also use to spray the outside of the house, it is also effective. Any of these beat scratching . . . but make sure you apply it to the lawn before the chigger bites. On you, something else would be better.

.....
This is likely my last word in the News Record. It looks as if I am going to start passing out the advice to pilots in the making. I guess it was just as well that I did not ruin my old straw sombrero until Saturday night. The rain that postponed the roping completely finished my hat. A good crowd of ropers had come out, and it was too bad to have to call it off. However, we can always have another roping, and that rain will make that grass grow just any time we get it. I was through with the hat anyway.

.....
Several of our Sterling County horses looked good at the Horse Show Saturday. R. T. Foster's Dolly Jim placed first in the 1948 Quarterhorse Mares. Second place in that class went to Foster S. Price's Boshion and Jill, owned by Foster & Hildebrand, placed third. Other Foster & Hildebrand horses which placed were Spinning Wheel, third in 1950 Quarterhorse Mares; and Little Sister, fifth in the same class.

Dolly Jim, R. T. Foster, was also the Grand Champion Quarterhorse Mare; and Boshion, Foster S. Price, was reserve champion. In the Aged Mare Class Little Olga, belonging to Foster Conger, placed second.

In Quarterhorse Stallions Jim Bob Clark's Buzz placed fourth. Second place in the Quarterhorse Geldings went to Foster Conger's Snooker.

Sterling County Thoroughbred also showed up well. The Grand Champion Mare was Junker, belonging to Bade Bros. Junker placed first in 1949 Mares, and Bade Bros. also owned Goldie, who placed first in Aged Mares. Pet Hansen took home a first and second in the 1950 Mare Class with Bonita and Penny. In the Thoroughbred Gelding Class, Red Pirate, belonging to Harvey Enochs was second and Reserve Champion.
