Rambouillet Ram Show In San Angelo July 10-11

San Angelo, Texas—San Angelo's fifteenth annual Rambouillet Ram Show and Sale will get underway at the Fairgrounds in San Angelo Tuesday and Wednesday, July 10 and 11.

Under the sponsorship of the San Angelo Chamber of Commerce and the American Rambouillet Sheep Breeders Association, the show and sale will exhibit 574 sheep consigned by 39 breeders from Texas, New Mexico, Utah and New York.

Premiums totalling \$330 will be offered in the show division which feature five classes of judging. Classes include champion ram, two-tooth ram, four tooth ram, pen of five two-tooth rams, and pen of 10 two-tooth rams. Leo Richardson, Rambouillet breeder from Iraan, will judge the show.

Sheep entered in the show must be offered for sale through the auction ring. Walter Britton, of College Station, will be the auctioneer for the sale which will be held on Wednesday, July 11.

Members of the show and sale committee are: John Williams, Chairman, Eldorado; M. D. Fanning, Manager, San Angelo; Ralph Trolinger, Secretary, San Angelo; Leo Richardson, Iraan; Pat Rose, Jr., Del Rio; R. O. Sheffield, San Angelo; H. C. Noelke, Jr., Sheffield; and Clyde Thate, Burkett.

Among the consignors to the show and sale are L. F. Hodges, 23 and his son, Clinton, 6. The Hodges are from Sterling City.

Rodeo Officials Meet And Plan Program

Officials and committeemen of the Sterling City Rodeo Association met Monday night at the Reed Wool Warehouse and discussed the plans for the rodeo program here on July 27 and 28.

The general program was talked over and small matters ironed out.

Present were John Reed, Taylor Garrett, Bill Reed, Bill Green, Fred Campbell, J. D. Reeves, H. A. Chapple, Doug Farnsworth, Horace Donaldson, Boots Williams, Martin C. Reed, D. D. Garrett, and Roland Lowe.

JULY 4th HOLIDAY

The town closed down, so to speak, on Wednesday, July 4.

The bank, post office, courthouse offices, and businesses closed for the day.

Some people went fishing, some visiting, and some to the Cowboy Reunion in Stamford.

"Covering the County"

By Fred Campbell, County Agent

Larry Glass and Henry Bliznak made a hit with an audience of 1200 June 27 by playing and singing a song of their own composition. This was accomplished at the 1951 State 4-H Round-up and Extension Agents Conference at Texas A&M College.

Larry, a delegate to the State 4-H Council, was elected to the office of Co-Publicity Chairman of the State Council and will receive an expense paid trip to Bastrop, Texas in August to attend the Leadership Training School.

Larry and Henry accompanied the county agent and his wife to College Station for this event. They returned June 28 with the Howard and Glasscock County 4-H delegation.

Henry plans to enter Texas A&M this fall.

On Friday, June 29, Sterling City was sprayed for fly and mosquito control. Most of the people agree that reasonably good control was obtained.

Since it is impossible from a practical standpoint to get a 100% kill on flies and mosquitos from such a spraying program, it is up to the people of Sterling City to do their part in controlling these insects.

Each trash area, each animal or poultry pen within a radius of one mile of town is a potential breeding place for insects. If everyone will clean up his premises and assist in controlling these insects, the threat of unnecessary illnesses to children and adults will be reduced.

Some of the steps which each family can do are:

1. Keep lids on all trash and garbage receptacles.
2. Spray around trash area each week with DDT, chlordane or both.
3. Keep animal and poultry pens clean and spray them regularly.
4. Cover stagnant water with some type of oil to kill mosquito larvae.
5. Break all glass bottles before discarding.
6. Remove both ends from tin cans and mash them flat.
7. Keep tall weeds cut down.
8. Burn refuse after discarding, but do not burn paper and garbage together.
9. Spray all outdoor toilets at least once a week.

The success of the insect control program depends upon the people of Sterling City. Spraying the town such as was done last Friday is but a good basis on which the people can work. If everyone does his share there will be no insect problem.

Insect damage to cotton in the county has been light. Some aphid damage has been noticed along with damage caused by careless worms.

Most crops are off to a late start and moisture is badly needed to insure a crop this year.

Mesquite spraying is about completed in Sterling County for this year. Mrs. John Brock, P.M.A. secretary, stated that close to 6,000 acres of mesquite were sprayed with 2,4,5-T this year.

Rains Fall Monday

Rains, ranging from a quarter of an inch in the south part of the county to over an inch on the divide fell early Monday morning here bringing more needed moisture.

With rainfall still way under normal for the past ten months, the ranchers still see parched ranges and some feeding is still going on.

Worth Durham, Dayton Barrett, and Bill Brooks of Sterling and Ross Huffman of Brady went fishing at Brady last week-end. They reported not too much luck.

Pvt. J. D. Fowler, son of Mr. and Mrs. J. H. Fowler of Sterling, is on the front lines in Korea. He wrote home last week and said he could hear the guns pounding while he wrote the letter.

Mr. and Mrs. H. A. Chapple of Sterling City and Mr. and Mrs. C. L. McMillan of Christoval will leave Saturday for a trip to Mexico City.

Miss Rondelle Carter of Plainview has returned home following a visit here with her uncle and aunt, Mr. and Mrs. Henton Emery.

Past GrandMaster Speaks To Local Lodge

The Rev. R. Bruce Brannon of Marshall, Past Grand Master of the Grand Lodge of Texas, spoke to the members of the local Masonic Lodge last Saturday night in a called meeting. Brannon was the Grand Master of Texas in 1947. He is the father of the Rev. Robert Brannon, Presbyterian pastor here.

HEALTH TALKS

Prepared by the Texas Medical Association

As relatives and good friends start exchanging visits during vacation-time there frequently arises the question of what to feed a guest who is on some sort of a restricted diet due to a chronic or organic disease. The easiest way to find out what such a guest can eat is to ask him, of course; if his diet is quite limited, he will provide his hosts with a list of the foods and drinks he is permitted to indulge in; but if his diet is more of a general nature he'll probably suggest that you prepare nothing special for him, he'll just eat what you fix.

There are general types of food which are considered taboo for certain ailments, however, which would be good to know before you prepare a menu for someone with an ailment.

Take an ulcer, for instance. Anyone who has flareups of ulcers in his stomach or intestine is on a rather strict diet at the time the ulcers are "active", but is on a more liberal diet between bouts of ulcers. If he comes a-visiting during the active period, which isn't likely he would have to provide you with a list of foods which his doctor has prepared especially for him and his ulcers.

Between bouts, however, he may eat such foods as are generally considered not to get the ulcers started up again. The first requirement is that he eat at fairly regular intervals, so the thoughtful hostess will see that meals get to the table pretty much on schedule and will have plenty of milk handy for those between-meal drinks. Milk, weak tea, weak coffee that has the caffeine removed, and any of the milk drinks such as malted milk, milk shake, and milk eggnog sort of set the limits for his drinking, aside from water, of course.

The three meals a day for a guest on a liberal ulcer diet would run something like this:

Breakfast—one-half cup (measuring cup) of orange juice which is half orange juice and half water, canned peaches, small serving of cooked farina, a soft cooked egg, one slice of Melba toast with one square of butter, a cereal coffee or decaffeinated coffee with plenty of cream and a bit of sugar.

Dinner—one-half cup of cream of potato soup, a ground beef patty which has been broiled, mashed potato, buttered beets, toast and butter, vanilla ice cream and a glass of milk.

Supper—poached egg, buttered rice and buttered green beans, canned pear, Melba toast and butter and milk.

And he'll probably want some milk midway between breakfast and dinner, between dinner and supper, and another glass before he goes to bed.

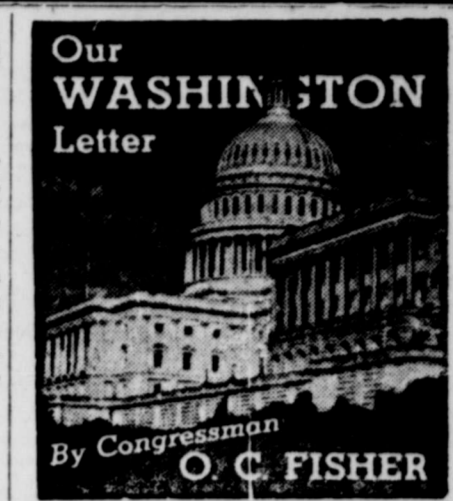

If your guest is suffering from a condition known as chronic ulcerative colitis, however, which is an inflammatory disease of the large intestine, he is probably not drinking so much milk. If his doctor has him on the full diet for his ailment, his mealtime intake may run something like this:

Breakfast—one-half cup orange juice, one-half cup of cooked farina with two tablespoons of dry skim milk over it, one or two trips of bacon, a soft cooked egg, toasted white bread with butter and jelly, and tea with cream and sugar.

Dinner—broth, roast beef and gravy, mashed potato, buttered beets, egg salad with mayonnaise, white bread and butter, tea with sugar and cream, and vanilla ice cream.

Supper—cold sliced ham, baked potato and butter, buttered green beans, canned pear salad with dressing, sliced ripe banana with milk or chocolate pudding for dessert, and white bread, butter, tea with sugar and milk.

There is another digestive ailment which usually masquerades, (Continued on Back Page)

STILL DRAGGING ITS FEET, after six months of the present session, the House last week finally passed a Mexican labor bill which is designed to effectuate the agreement between this country and Mexico whereby Mexican laborers may be processed and permitted to enter the United States on a temporary basis to do agricultural work.

A provision in a companion Senate bill, previously passed, made it a felony for an employer to hire a Mexican national illegally in this country, if the employer could have found out or should have suspected that the employee was unlawfully in the United States. The House by a vote of two and one-half to one defeated a similar provision offered as an amendment to the House bill.

The House and Senate versions of the labor bill are now being considered by a Conference Committee and it is hoped an acceptable compromise can be agreed upon shortly.

STOPPING OFF IN Washington for a brief tour of the capitol and city on last Friday was a large delegation of Texas Lion Club members en route back to Texas from the International convention in Atlantic City. Traveling on a special train the party visited briefly at the capitol which gave a number of the Congressmen a chance to see friends from their districts.

Among those in the group from our area were: Mr. and Mrs. E. J. Lehmborg of Mason Mr. and Mrs. Zola Price of Uvalde, Mr. John Lowrey and Mr. A. E. Prugel of Sonora, Mr. and Mrs. M. D. Bus ter of Llano, Mr. and Mrs. Jack Cooper of San Angelo, Mr. Sandy King of Borwnwood, and Mr. and Mrs. W. T. Little of San Saba.

Pointing to the phenomenal growth of Lions Clubs in Texas, the convention delegates from the Lone Star State issued their own publication which recorded that in 1940 there were 280 clubs, in 1945 there were 354, and in 1950—with Herb C. Petry, Jr., of Carrizo Springs, President of Lions International to inspire and lead them—the number of clubs jumped to a total of 609 comprising 33,810 members.

Speaking of Mr. Petry, he was recently admitted to practice before the United States Supreme Court on an admission day when I had the honor of introducing him to the Court.

AMONG RECENT FRIENDS who have visited our office have been Mrs. J. A. Barnett and Miss Mannie Wilson of Del Rio; Dr. and Mrs. Clarence F. Winchester, formerly of Fredericksburg but now at Beltsville, Md., near Washington. Dr. Winchester is a Research Specialist for the Department of Agriculture at its Experiment Station located near Beltsville. Others who recently came by to see us included Mr. and Mrs. John R. Box of San Angelo and Mr. and Mrs. Ralph Hickman, formerly of San Angelo but now teaching at Georgetown.

LOCAL ITEMS

Barbara Curry, daughter of Mr. and Mrs. John Curry of Sterling City, made the honor roll at Texas Tech College this past semester.

Attending the Cowboy Reunion and Rodeo at Stamford July 3 from here were Foster Conger, F.S. Price, Robert Foster and Virgil Brownfield.

Mrs. W. L. Emery and Mrs. Nan Davis and E.ina Mae and Ollema are visiting the O. D. Emerys in the Valley this week.

W. E. Hawkins of Radio Revival KRLD will preach in the Edith Tabernacle on the road toward Robert Lee Sunday, July 8 at 11 a.m.

Behind The 8 Ball

What Is A Boy?

Between the innocence of babyhood and the dignity of manhood we find a delightful creature called a boy. Boys come in assorted sizes, weights and colors, but all boys have the same creed: To enjoy every second of every day and to protest with noise (their only weapon) when their last minute is finished and the adult males pack them off to bed at night.

Boys are found everywhere—on top of, underneath, inside of, climbing on, swinging from, running around or jumping to. Mothers love them, little girls hate them, older sisters and brothers tolerate them, adults ignore them, and heaven protects them. A boy is Truth with dirt on his face. Beauty with a cut on his finger. Wisdom with bubble gum in his hair, and the Hope of the future with a frog in his pocket.

When you are busy, a boy is inconsiderate, bothersome, intruding jangle of noise. When you want

him to make a good impression, his brain turns to jelly or else he becomes a savage, sadistic, jungle creature bent on destroying the world and himself with it.

A boy is a composite—he has the appetite of a horse, the digestion of a sword swallower, the energy of a pocket-size atomic bomb, the curiosity of a cat, the lungs of a Paul Bunyan, the shyness of a violet, the audacity of a steel trap, the enthusiasm of a firecracker, and when he makes something he has five thumbs on each hand.

He likes ice cream, knives, saws, Christmas, comic books, the boy across the street, water (in its natural habitat), large animals, Dad, trains, Saturday mornings, and fire engines. He is not much for Sunday school, company, schools, books without pictures, music lessons, neckties, barbers, girls, overcoats, adults or bedtime.

Nobody else is so early to rise or so late to supper. Nobody else gets so much fun out of trees, dogs, and breezes. Nobody else can cram into one pocket a rusty knife, a half-eaten apple, three feet of string, an empty Bull Durham sack, two gumdrops, six cents, a sling shot, a chunk of unknown substance, and a genuine supersonic code ring with a secret compartment.

A boy is a magical creature—you can lock him out of your workshop, but you can't lock him out of your heart. You can get him out of your study, but you can't get him out of your mind. Might as well give up—he is your captor, your jailer, your boss, and your master—a freckle-face, pint sized cat-chasing, bundle of noise. But when you come home at night with only the shattered pieces of your hopes and dreams, he can mend them like new with the two magic words—"Hi Dad!"

THE AMERICAN WAY

Into The Proper Hopper

**Order and Notice of Election
For The
Re-allocation of Certain County
Taxes**

THE STATE OF TEXAS)
COUNTY OF STERLING)
On this the 26th day of June, 1951, the Commissioners Court of Sterling County, Texas, convened in special session at a special term of said Court at the regular meeting place in the courthouse in Sterling City, Texas, the County Seat of said County, with all members present, viz:
G.C. MURRELL, County Judge
R.T. FOSTER, Commissioner Precinct No. 1
FOSTER CONGER, Commissioner Precinct No. 2
RALPH DAVIS, Commissioner Precinct No. 3
E. F. McEntire, Commissioner Precinct No. 4
W.W. DURHAM, County Clerk and passed the following order:
It appears that at the general election held in and throughout the State of Texas on the 7th day of

November, 1944, the qualified electors of the State, voting on the proposition, approved the amendment to Section 9 of Article 8 of the Constitution of Texas by changing said Section 9 so as to provide that the Commissioners Court in any County may re-allocate the County tax levies in said Section by changing the rates provided for any tax levies authorized in said Section by changing the rates provided for any of the purposes authorized in said section (except the 15c voted road maintenance tax) by either increasing or decreasing the same, but in no event shall the total of such taxes exceed Eighty Cents (80c) on the One Hundred Dollars valuation for any one year (exclusive of the 15c voted road maintenance tax), but that before such Commissioners may make such re-allocations and changes in such levies the same shall be submitted to the qualified property tax-paying voters of such County at a general or special election and shall be approved by a majority of the qualified prop-

erty taxpaying voters, voting at such election, and in event such re-allocation and changes in such County tax levies are approved by the qualified property tax-paying voters of any such County, such re-allocations and changes shall remain in force and effect for a period of six years from the date of the election, at which, same shall have been approved, unless the same again shall have been changed by a majority of the qualified property tax-paying voters of such County, voting on the proposition, after submission by the Commissioners Court or at a general or special election for that purpose;
And it further appears that it will be to the best interest and general welfare of the County to re-allocate the County taxes authorized to be levied annually by Section 9 of Article 8 of the Constitution, by changing the rates in respect of certain County taxes as herein provided, and that it is accordingly the judgment of the Court that the proposition should

be submitted to the qualified property tax-paying voters of said County at a special election;
THEREFORE, BE IT ORDERED BY THE COMMISSIONERS COURT OF STERLING COUNTY, TEXAS:
That a special election be held in said County on the 31st day of July, 1951, which is not less than thirty days from the date of the adoption of this Order, at which election the following proposition shall be submitted to the qualified tax-paying voters, who own taxable property in said County and who have duly rendered the same for taxation, for their action thereupon:
Shall the Commissioners Court of Sterling County, Texas, be authorized to levy and collect in and for each of the years 1951 to 1956, both inclusive, the following County taxes to wit:
Not exceeding sixty-two cents (62c) on the One Hundred Dollars valuation of taxable property, in any one year, for County purposes;
Not exceeding None (.0c) on the

One Hundred Dollars valuation of taxable property, in any one year, for roads and bridges;
Not exceeding three cents (.03c) on the One Hundred Dollars valuation of taxable property in any one year, to supplement the jury fund of the County; and
Not exceeding fifteen cents (15c) on the One Hundred Dollars valuation of taxable property in any one year, for the erection of public buildings, streets, sewers, water-works and other permanent improvements.
Nothing herein shall be construed as rescinding or in any manner affecting the power and authority of the Commissioners Court of said County to continue the annual levy of the tax not exceeding Fifteen (15c) cents on the One Hundred Dollars valuation of taxable property for the further maintenance of the public roads of said County pursuant to authority heretofore or hereafter conferred upon the Commissioners Court by a majority (Continued on Next Page)

How many "Independence Days have we left ?

"We hold these truths to be self-evident; that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are Life, Liberty and the pursuit of Happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed . . ."

Immortal words from the Declaration of Independence, adopted on the first 4th of July, just 175 years ago.

THESE WORDS are the stones upon which man built history's greatest work - the United States of America. Remember them well!

" . . . all men are created equal . . ." That means you are as important in the eyes of God as any man ever brought into this world. You are made in His image and likeness. There is no "superior" man anywhere.

" . . . they are endowed by their Creator with certain unalienable rights . . ." Here is your birthright - the freedom to live, work, worship and vote as you choose. These are rights no government on earth may take from you.

" . . . That to secure these rights, governments are instituted among men . . ." Here is the reason for and the purpose of government. Government is but a servant - not a master - not a giver of anything.

" . . . deriving their just powers from the consent of the governed . . ." In America, the government may assume only the powers you allow it to have. It may assume no others.

From Concord to Korea, your kinsmen have fought and died for the principles of America's Declaration of Independence: belief in God . . . belief in the God-given rights of man . . . belief that man is more important than government . . . belief in the vital need for morality in all man does.

But on this Independence Day, as never before, these beliefs are in deadly peril. There are people in America who would deny your God-given rights, who prefer expediency to morality, and who would make government the master - not the servant - of man. These people are the advocates of an all-powerful, all-providing socialistic government to control your destiny from cradle to grave.

The time has come to answer them with your own "Declaration of Independence" . . .

Declare that government is responsible TO you - rather than FOR you.

Declare that freedom is more important to you than "security" or "survival."

Declare again that the rights God gave you may not be taken away by any government on any pretext.

Our founding fathers accepted the truths of America's Declaration on faith alone. Today, our nation is proof - absolute and irrevocable - that these truths work. They are the last great hope for the protection of human civilization.

FREEDOM NEEDS YOU

On this 175th anniversary of the Declaration of Independence, help give the day the spiritual, religious meaning it had to the founding fathers.

Renew your faith and allegiance to the immortal truths stated in the Declaration. Make them an active part of your thinking, your acting, your voting.

Pray for help in maintaining man's closeness to God, in preserving man's God-given rights and responsibilities against those who would make you dependent upon a socialistic, all-powerful government.

" . . . we need only to recall that the substance of (America's) formula is continuous, strict and closely guarded limitations upon the power of government. Neither the peril of war nor the promise of welfare must ever serve to relax any item of this formula . . ."

From "The Key to Peace" by Dean Clarence Manion.

majority of the qualified property tax-paying voters of the County voting at an election heretofore held for that purpose.

Said election shall be held under the provisions of the constitution and laws of the State of Texas, particularly amended Section 9 of Article 8 of the Constitution and Section 3-a of Article 6 of the Constitution, and all persons who are legal voters of Sterling County and who are resident property taxpayers of said County, and who have duly rendered their property for taxation, shall be entitled to vote at said election.

All voters who desire to support the proposition shall have written or printed on their ballots the words:

"For the Re-Allocation of County Taxes Under the Limitations and in the Manner Provided for in Section 9 of Article 8 of the Constitution of Texas"

AND those opposed thereto shall have written or printed on their ballots the words:

"Against the Re-Allocation of County Taxes Under the Limitations and in the Manner Provided for in Section 9 of Article 8 of the Constitution of Texas"

The polling places and presiding officers of said election shall be respectively as follows, to-wit:

In voting Precinct No. 1 at the Courthouse in the District Court room, Sterling City, Texas, with H. M. Knight, Presiding Judge;

In voting Precinct No. 2 at R.T. Foster's Ranch House, Mulberry, Texas, with Robert Foster, Presiding Judge;

In voting Precinct No. 3 at T. H. Humble's Ranch House, China Valley, Texas, with Mrs. T. H. Humble Presiding Judge;

In voting Precinct No. 4 at Moon Chapel Church House, Divide, Texas, with Mrs. Riley King, Presiding Judge;

In voting Precinct No. 5 at N. H. Reed's Ranch House, Kellis, Texas, with N. H. Reed, Presiding Judge.

The hereinbefore named presiding officers, also such other presiding officers as may serve in lieu of any of these who do not serve, are hereby authorized and directed to appoint such additional judges and clerks as may be needed in holding said election.

The manner of holding said election shall be governed by the laws of Texas regulating general elections.

A copy of this order, signed by the County Judge, shall serve as proper and sufficient notice of said election, and notice of said election shall be given by posting a copy of this order in each of the election precincts of Sterling County, and one at the Courthouse Door of said County at least thirty days before the date of said election, also by publication of such notice in some newspaper of general circulation in said County on the same week-day once each week for four successive weeks, the first publication to be at least thirty days before the date of said election; and the County Clerk is hereby authorized and directed to cause such notices to be posted and published as herein set out.

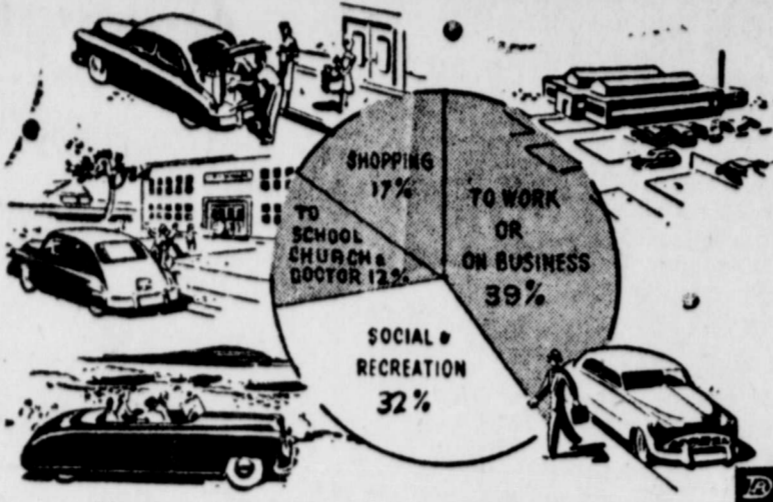

The foregoing order was read and it was moved by Commissioner E. F. McEntire and seconded by Commissioner Ralph Davis that it be passed, and upon the question's being called, it was passed, the vote being as follows: Commissioners FOSTER, CONGER, DAVIS and McEntire voting AYE and no one voting NO.

America Depends on Family Car

Most car rides—68 per cent—are taken for essential or important reasons.

DETROIT—On an average day, at least one out of every three adults in the United States uses a passenger automobile for some essential purpose such as riding to work, conducting business or going shopping.

This and some 20,000 other facts about how the American family car is used were revealed in a nation-wide survey recently conducted by the Alfred Politz Research organization.

It was learned that 59 million people over the age of 14 ride in automobiles on an average day. This represents more than half of the U. S. adult population. Nearly half of these individuals use a car in connection with earning a living during a typical day, while almost one-fourth of them go shopping by automobile.

About 40 per cent of all rides taken in motor cars, and nearly one-half of the total passenger miles traveled, are for livelihood purposes, the survey showed. Shopping accounts for another 17 per cent of the rides and 11 per cent of the passenger mileage.

These indications of America's growing dependence upon the family car for essential transportation are borne out by automobile and population statistics of the past 10 years. While our population has grown 15 per cent since 1940, car ownership has increased

about 50 per cent. Passenger car registrations for 1950 totaled 40,167,000 compared with 27,372,397 in 1940.

This growth in the automobile population has taken place despite the fact that motor vehicle production between 1940 and 1950 was less than in either of the two preceding decades. Consequently there are more older cars on the road today. The average passenger car is about eight years old, compared with the prewar average of 5½ years. Likewise, there is a lack of middle age cars as a result of the wartime halt in automobile production.

In addition to the need for motor cars as essential transport tools, the nation relies on them as a major source of business activity, employment, and tax revenues. The automotive industry directly creates business for at least half a million separate enterprises, or one out of every six firms in the country. One out of every seven jobs, for a total of more than nine million, are automotive.

The average automobile buyer pays about \$95 in Federal excise tax on his new car. Last year, total automotive excise payments contributed nearly two-billion dollars to Federal tax coffers. In addition, highway users paid some \$2.5 billion in special state motor vehicle taxes and fees for an average of nearly \$55 per vehicle.

"BLACK PEARLS" * * * * The fascinating story of three adventurers who defied death to reap a fortune in pearls. They found a fabulous pearl-bearing oyster bed in the South Pacific and it was guarded by a giant man-killing octopus! Read it in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

When you need paper drinking cups or dispensers, see and buy them at the News-Record.

HEALTH TALKS

(Continued from Front Page)

for politeness' sake, under the title of "stomach trouble". It's not the stomach that's troubled at all, but the bowel that is irritable with periods of constipation alternating with periods of diarrhea. A guest with such difficulty would certainly be under the supervision of a doctor and unless he specifies his own diet, the general schedule of food for irritable bowel patients runs something along this order:

Breakfast—one-half cup orange juice and one-half grapefruit, a cooked whole grain cereal, a soft cooked egg, buttered white bread toasted, coffee, cream and sugar.

Dinner—broth, roast beef and gravy, mashed potato, buttered beets, tomato salad with mayonnaise, white bread and butter, vanilla ice cream and milk.

Supper—cold sliced ham, baked potato with butter, buttered green beans, canned pear salad with salad dressing, sliced banana for dessert, white bread and butter and milk to drink.

The main difference in most chronic ulcerative colitis diets and irritable bowel is that though fruits are limited in the colitis diets, certain fruits and vegetables are often encouraged in the irritable bowel diets.

These are just suggestions, of course, for guests suffering at times with ulcers, chronic ulcerative colitis and irritable bowel with constipation if they are in the throes of an acute attack of any of these ailments, they won't be coming to visit you; but if their ailment is under control at the moment, such menus as suggested would not only make them feel like a wanted guest but would help them keep their ailment under control. Any special instructions they have from their own doctors would certainly be more fitting than the general ones outlined here; but if special instructions aren't necessary, these directions will add to everyone's enjoyment of a pleasant get-together.

Announcement

To our Sterling City patients

We now have a complete lens-grinding laboratory service so that we can make your glasses and fit them to you the same day that we examine your eyes.

It will help us if you will come as early in the day as possible so that we may make your glasses while you shop or visit in Big Spring.
