"Covering the County"

By Fred Campbell, County Agent

The next town spraying will be made in a few days. This application will be made with a power sprayer followed by a spraying with the turbine sprayer.

This spraying as with all previous sprayings will only be effective if a proper clean-up goes along with it. No one can expect a good fly kill unless everyone cares for his own premises.

Probably one of the worst breeding areas for flies is the animal or poultry pen. One shovelful full of moist manure is capable of breeding up to 1000 flies, which is enough to reinfest the town. It is very important, therefore, that everyone clean up his chicken pen, cow pen and dog pen.

CLEAN UP! That is the main thing; then spray. No spraying job will be effective on filthy premises.

Ranges are now in good shape for a grass fire. Grass losses at this time will be a greater monetary loss than ever before because of high feed costs. Therefore, we must be very cautious in this respect. There are a few things we can do—things that all of us know but need to think about this time of year.

1. Never throw a match out of a car window unless you break it in two or know definitely that it is out.

2. Do not throw lighted cigarettes out of a car.

3. Pick up any glass bottles you might see lying in grass. It has been definitely proven that bottles can start a fire.

4. If you have a power sprayer, keep it filled with water and have it in a handy spot so you can get to it quickly.

5. In the event of a fire, call the operator or a neighbor and have them call everyone in the vicinity. In a dry windy country, no fire is too small to be of concern to everyone.

There is to be a county-wide meeting of all 4-H Club boys this next week. Letters will be sent out announcing the time and place. At this meeting all boys will be asked what they intend to carry as a project this fall, and plans will be made to assist them in the location and selection of animals.

Anyone who would like to attend this meeting is welcome. Call the County Agent for the time and place.

All boys who plan to join the 4-H Club this fall should be at this meeting.

W. G. Godwin, Schleicher County Agent, reported that 300 ewe lambs were culled for length of staple, size, open faces, wrinkles, absence of medial folds and general appearance recently in a demonstration held on the John Rae Powell ranch. Of the 300 lambs 104 were culled out, leaving 196 for replacements.

This is the third year that ewe lambs have been culled on the Powell ranch. Powell's oldest ewes are now coming four year olds.

Staple length has increased from 52 percent to 76 percent the second year to 87.5 percent in 1951. There was not a clothing fleece in the flock this year. Average weight of the fleece has increased with the length of staple.

Godwin says that other sheep producers in Schleicher County have obtained as much improvement from culling practices.

1-A MEN CAN STILL VOLUNTEER FOR MARINES

Selective Service 1-A men have been granted another to weeks in which they can volunteer for duty with the United States Marines.

Marine Corps recruiters in San Angelo announced today that the deadline of July 15 has now been moved up to include July 31. The 1-A's who are eligible are those who have not yet received their orders for induction. Any others can volunteer, they said.

To provide for these selective service men who wish to volunteer with friends from in and around their hometown, the Angelo Marine Corps recruiters have set July 30 as the date these volunteers can form into a "West Texas Buddy Squad" and leave out as a group. As a group, the "Buddy squad" will travel together to "boot camp" train together and come home together on the 10-day leave that follows initial training.

Full information on the "buddy squad" system can be obtained by writing to, or calling in person at, Room 201, Post Office Building, San Angelo.

Mary Davis Legion Auxiliary Delegate

Miss Mary Davis, daughter of Mr. and Mrs. Jeff Davis, was selected by the local American Legion Auxiliary as their delegate to represent this county at the 1951 Girls State in Austin from June 25 to July 1. The Bluebonnet Girls State, a "Citizenship Laboratory" is sponsored by the Texas Department, American Legion Auxiliary, this being the fourth year for it to convene.

This year's Girls State opened with sessions at the Texas School for the Deaf. During the week, the 316 youthful citizens formed two political parties, had caucuses and rallies, and elected officials for city, county and state governments. Besides setting up their own government, the girls learned about the real thing from the men who run it. During their stay they heard Governor Allan Shivers speak on "Your State", Secretary of State John Ben Sheppard on "Election Laws, Attorney General Price on the "Tidelands Case", District Judge J. Harris Gardner on "Juvenile Delinquency" and City Attorney Truman O'Quinn on "City Government."

Rounding out their schedule of study and politicking, the girls had an amateur night show, banquet, swims at Barton Springs, and attended church services on Sunday.

In making a selection for a representative to Girls State, the girl must be a junior in high school, and she must be a leader among her own group of associates, as well as a good citizen of the community in which she lives. Miss Davis met all the qualifications, having been selected Best All Around Girl last year by her classmate in Sterling High School; she was elected Secretary of F.H.A. last year, and has been elected to act as president of that organization for the ensuing year she was president of the choral club last year, and was co-captain of her volley ball team. She has been awarded two basketball awards, and two all-tournament awards.

HEALTH TALKS

MORE ABOUT DIETS

Prepared by the Texas Medical Association

Since roast beef has attained the status of "company meal", however healthy or unhealthy that company may be, suppose you take that as the basis for a dinner and consider the way a basic menu would be changed for such ailments as diabetes, epilepsy, gout, and liver disease. While you're supposing, take it for granted that the guest who is coming to your house is not in the active state of any of those diseases but is on a somewhat restricted diet to help keep his disease under control.

Here's the menu:

Broth, roast beef, mashed potato, green beans, sliced tomato, mayonnaise, ice cream, whole wheat bread, butter and jelly, and milk.

That is a rather regular meal that is often served. If a guest with diabetes is to partake of the meal, sliced orange or sliced banana with cream would be substituted for the ice cream desert, and the diabetic guest would not add jelly to his bread and butter. The problem of weighing and measuring the amount of food need not concern the occasional hostess for a diabetic guest since the guest himself is versed in that more detailed activity and has soon learned rather automatically to estimate the different amounts of different foods.

Therefore that standard meal, minus the sugar foods, would normally be quite fitting for a guest with diabetes.

The diet for epilepsy is also limited in sugar, and like the diabetic diet, is carefully weighed. Just as the diet for each diabetic person must be set for the individual by his doctor, so the diet for epilepsy is a very personal thing based upon the activity and needs of each special patient.

Taking the basic roast beef menu, an epileptic child who is a dinner guest would probably require that the broth and potatoes be omitted, and desert would consist of the special canned fruits such as water-packed peaches, served with heavy cream, and with no milk to drink. Just to be on the safe side, though whole wheat bread is often allowed, it would be best to serve the aerated gluten bread with

HOSPITAL OPENED FOR BUSINESS

The Sterling County Hospital was opened for business on Tuesday morning of this week. The Health Department of the State of Texas still has to approve the water supply, but permission was given to open the institution on Monday afternoon of this week.

A water softener has been on order for a long time, but delivery has been slow, said County Judge G. C. Murrell.

It is planned to have a formal opening and open house for the new institution on Sunday, July 29. It is hoped to have most of the necessary equipment and furniture in by that time.

Lacking yet is some office and lobby furniture and some of the smaller equipment for the plant.

Invitations will be mailed out to people over West Texas for the formal opening. All local residents are urged to attend but no invitations will be mailed locally.

Costing nearly \$180,000, the hospital has twelve beds. Included in the plant proper are locker rooms, storage rooms kitchen, pantry, X-ray room, developing room, laboratory room, doctor's lounge, doctor's laboratory room, delivery room, operating room, emergency room, fracture room, nursery room, dining room, 6 double patient rooms, drug room, business office, nurses station, lobby or lounge room, rest room for general public, isolation room, nurses lounge room, and the usual service rooms and boiler room and incinerator.

There are two heating units. One will be used and one will be a standby. The water system is off a pressure pump, but a standby, underground storage tank is full of water for stand-by use.

The lawn has been sodded with St. Augustine grass and trees and shrubs have been set. Flowers grace the entrance parkway. A plate glass front of the lobby greets the visitors.

John Brock was named custodian of the Sterling school this week by the school board. He replaces Ira Ratliff.

Mr. and Mrs. Trinton Revell and Trina Marie, returned home after a four day trip spent in Notrees and Balmorhea. In Balmorhea the group consisted of the Revells, Fern Garrett, of Sterling, The Pug Garretts of Notrees and D. L. Hunt and June Forry of El Paso.

The Henry Bauers are vacationing in Colorado.

The Sterling Boy Scouts are planning a two-day hike on Nick Reed's river place the first part of next week. Kack Cole is the local Scoutmaster.

butter.

If your dinner guest who suffers from gout is completely off meat—and he would surely tell you if he is—you could substitute cottage cheese or egg for the roast beef in his menu, otherwise serve roast beef. Instead of broth, which he isn't supposed to have, his soup could be cream of potato with crackers. The only other change in the basic meal for a gouty guest would be to omit the mayonnaise, serving the sliced tomatoes plain.

The food which a guest with gout is never supposed to eat includes anchovies, broth and bouillon, gravy, kidney, liver, meat extracts, roe, sardines, sweetbreads and yeast.

That basic meal should be good eating for a guest with liver disease, and ailment which frequently robs you of an appetite. The main stipulation in the diet for any "liver" trouble is to cut down on fats, but not to omit them entirely because food is usually even less appetizing to the liver patient when fat is completely excluded. So even though the roast beef served such a guest would have to be lean meat, he is permitted usually the addition of gravy.

These, of course, are just one meal suggestions, trying to hold the line of diet which has been outlined for such patients by their doctors. They couldn't eat the same dinner every day and get all the necessary materials for their body and there may be some guests who cannot eat some of the foods listed; but generally, good old roast beef and mashed potatoes will make the guest welcome.

THE STATE OF TEXAS)
 COUNTY OF STERLING)
 On this the 26th day of June,
 1951, the Commissioners Court of
 Sterling County, Texas, convened
 in special session at a special term
 of said Court at the regular meet-
 ing place in the courthouse in Ster-
 ling City, Texas, the County Seat
 of said County, with all members
 present, viz:

- G.C. MURRELL, County Judge
- R.T. FOSTER, Commissioner Precinct No. 1
- FOSTER CONGER, Commissioner Precinct No. 2
- RALPH DAVIS, Commissioner Precinct No. 3
- E. F. McEntire, Commissioner Precinct No. 4
- W.W. DURHAM, County Clerk

and passed the following order:
 It appears that at the general election held in and throughout the State of Texas on the 7th day of November, 1944, the qualified electors of the State, voting on the proposition, approved the amendment to Section 9 of Article 8 of the Constitution of Texas by changing said Section 9 so as to provide that the Commissioners Court in any County may re-allocate the County tax levies authorized in said Section by changing the rates provided for any of the purposes authorized in said section (except the 15c voted road maintenance tax) by either increasing or decreasing the same, but in no event shall the total of such taxes exceed Eighty Cents (80c) on the One Hundred Dollars valuation for any one year (exclusive of the 15c voted road maintenance tax), but that before such Commissioners may make such re-allocations and changes in such levies the same shall be submitted to the qualified property tax-paying voters of such County at a general or special election and shall be approved by a majority of the qualified property tax-paying voters, voting at such election, and in event such re-allocation and changes in such County tax levies are approved by the qualified property tax-paying voters of any such County, such re-allocations and changes shall remain in force and effect for a period of six years from the date of the election, at which, same shall have been approved, unless the same again shall have been changed by a majority of the qualified property tax-paying voters of such County, voting on the proposition, after submission by the Commissioners Court at a general or special election for that purpose;

And it further appears that it will be to the best interest and general welfare of the County to re-allocate the County taxes authorized to be levied annually by Section 9 of Article 8 of the Constitution, by changing the rates in respect of certain County taxes as herein provided, and that it is accordingly the judgment of the Court that the proposition should be submitted to the qualified property tax-paying voters of said County at a special election:

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS COURT OF STERLING COUNTY, TEXAS:

- Not exceeding fifteen cents (15c) on the One Hundred Dollars valuation of taxable property in any one year, for the erection of public buildings, streets, sewers, water-works and other permanent improvements.

Nothing herein shall be construed as rescinding or in any manner affecting the power and authority of the Commissioners Court

of said County to continue the annual levy of the tax not exceeding Fifteen (15c) cents on the One Hundred Dollars valuation of taxable property for the further maintenance of the public roads of said County pursuant to authority heretofore or hereafter conferred upon the Commissioners Court by a majority of the qualified property tax-paying voters of the County voting at an election heretofore held for that purpose.

Said election shall be held under the provisions of the constitution and laws of the State of Texas, particularly amended Section 9 of Article 8 of the Constitution and Section 3-a of Article 6 of the Constitution, and all persons who are legal voters of Sterling County and who are resident property taxpayers of said County, and who have duly rendered their property for taxation, shall be entitled to vote at said election.

**Now You See
Them . . .**

—By Betty Barclay—

If cookies do a disappearing act almost as soon as you fill the cookie jar, then you will welcome this recipe for cookies that require no rolling or cutting. These Chocolate Drop Cookies are good to have on hand now that summer refreshments are in constant demand. They are a just-right snack with glasses of cold milk or iced beverages; a not-too-rich accompaniment to ice cream, berries, or cut up fruits. Oh, they'll do a disappearing act, too, but at least they can be quickly and easily replaced.

Chocolate Drop Cookies

1 1/4 cups sifted flour; 1/4 teaspoon soda; 1/4 teaspoon salt; 1/2 cup butter or other shortening; 1 cup sugar; 1 egg, unbeaten; 2 squares unsweetened chocolate, melted; 2 cup sour milk or buttermilk; 1 teaspoon vanilla; 1 cup chopped nuts.

Sift flour once, measure, add soda and salt, and sift again. Cream butter, add sugar gradually, and cream together until light and fluffy. Add egg and beat well. Stir in chocolate. Add sour milk and vanilla. Then add flour and nuts. Drop from teaspoon on ungreased baking sheet and bake in moderate oven (350° F.) 12 to 15 minutes. Makes about 3 dozen cookies.

Note: Cookies may be spread with chocolate frosting.

Cold + Hot = Mmm!

—By Betty Barclay—

IT is a great temptation to serve only cold meals on days when the thermometer goes practically berserk with the heat. Salads and cold cuts, refrigerator desserts, iced beverages all seem especially appetizing. And they are, but meals will be even more enjoyable, more healthful and satisfying, if they include one hot dish. That doesn't spell hardship for you, either—not if you take advantage of grand short-cuts such as the pre-cooked rice used in this recipe for Baked Rice, Italian Style. Here is a hot dish to serve often. Easy and inexpensive to prepare, it is hearty and delicious to eat.

Baked Rice, Italian Style
1 package (1 1/4 cups) pre-cooked rice; 1 cup boiling water; 2 tablespoons butter; 2 tablespoons flour; 1 1/2 cups milk; 2 cups grated American cheese; 1 1/2 teaspoons salt; 1/4 teaspoon Worcestershire sauce; dash of pepper; 3 firm tomatoes, peeled and sliced.

Combine rice and water and let stand while preparing cheese sauce. Melt butter in saucepan. Add flour and mix well. Slowly stir in milk and cook over low heat until thickened, stirring constantly. Add cheese, salt, Worcestershire sauce and pepper.

Arrange alternate layers of rice, sliced tomatoes, and cheese sauce in greased 1 1/2-quart baking dish, finishing with layer of tomatoes. Bake in hot oven (400° F.) 20 to 25 minutes. Makes 6 servings.
