National Boy Scout Week Being Observed

Acting as Traffic Cops Here

National Boy Scout week is being observed over the nation this week. The month of February marks the 42nd anniversary of the organization of Boys Scouts.

Here as in other cities over the country, Boys Scouts in uniform are acting as traffic policemen for the week. Scouts make an "arrest" if a driver fails to observe the traffic rules and regulations. Especially do they get drivers for cutting the corners or not making the proper hand signals when turning or stopping. The 25c fine that they stick the drivers all goes into the Boy Scout fund to be used in Scouting.

Scoutmaster Kaack Cole and his Assistant Harry Bradstreet are asking the cooperation of the public in this campaign. If you get "stuck" and by chance do not have a quarter they are asking that it be handed in to the local sheriff's office soon as is possible.

The president, Mrs. Fowler McEntire, told of the full page announcement in the T.F.W.C. Club Woman, in which Texas presents Miss Ethel Foster for candidate for Treasurer of the General Federation of Women's Clubs, subject to the 1952 election.

Club members voted to send a donation for the maintenance of the Federation clubhouse in Austin.

"Covering the County"

By Fred Campbell, County Agent

Eleven boys exhibiting 24 lambs at the Houston Livestock Exhibition came home with the bacon recently. The boys who exhibited stock there were Billy Humble, Delmar Radde, Bobby and Derrell Blair, Jackie and Robert Harris, Clinton Hodges, Larry and Lynn Glass, Bobby Dunn, and Alfred Chapple. Robert Harris and Derrell Blair did not make the trip. H. A. Chapple and Riley King brought Alfred, Larry, Lynn, and Jackie down with them the day before the lambs were judged.

With the 13 fine wool lambs and 11 crossbred lambs taken to Houston, the boys won 16 ribbons and \$106 in prize money. The lambs brought the boys and average of \$53.50 per head at the sale. The placings were as follows:

Finewool Singles

3rd—Billy Humble
9th—Billy Derrell Blair
13th—Clinton Hodges
15th—Bobby Dunn
16th—Bobby Dunn
17th—Delmar Radde
18th—Larry Glass
23rd—Delmar Radde
27th—Clinton Hodges
31st—Clinton Hodges
33rd—Billy Humble

Finewool Pen of Three

2nd—Clinton Hodges
3rd—Billy Humble
6th—Delmar Radde

Crossbred Pen of Three

6th—Alfred Chapple

County Pen of Fifteen

4th—Sterling County

Not one of Sterling County's lambs were sifted and all but two of the finewools placed out of a large class of about 85 lambs. Over a hundred entries were made in the finewool class but many were sifter. I was very proud of the finewool lambs which were shown by the Sterling County boys and raised by Sterling County breeders.

Our crossbreds were shown in a class of medium wool sheep, purebred Hampshires, Suffolks and Shropshires. That prohibited the boys from placing very high in that class.

On February 13, eleven boys will take 28 lambs to San Antonio. These boys are: Tony Allen, Larry and Lynn Glass, Robert Harris, Mims Reed, Gene Smith, Jackie Harris, Alfred Chapple, Clinton Hodges, Bill Davis and Delmar Radde.

These lambs will be judged at San Antonio on Feb. 16.

ABRAHAM LINCOLN

1809—1865
Born on February 12, 1809 on a farm near Hodgenville, Kentucky, and when he was two years old the family moved to a farm on Knob Creek and stayed until he was seven years old. In 1816 he moved to Indiana.

Lincoln had to educate himself in his spare time. He read everything that he had to read and then borrowed books. Lincoln read the Bible very often. He worked his arithmetic problems on a board which he shaved clean with a knife.

Even as a boy, Lincoln showed his ability as a speaker.

In 1838 Lincoln ran for the Legislature and was elected by a large majority. He was elected for four times in succession. After this he decided to become a lawyer.

Lincoln was married on November 4, 1842 to Mary Todd.

In 1846 he was elected to the House of Representatives. In 1860 he was nominated by the Republicans for president. He was elected.

In 1862 he issued the Emancipation Proclamation. On November 19, 1863, he delivered the Gettysburg address. He was the Civil War President.

He was reelected in 1865. On April 14, 1865 he attended Ford's Theater. That night a little after 10 o'clock John Wilkes Booth shot him.

F.H.A. Bake Sale Saturday Night

The Future Homemaking Girls of the Sterling City High School will have a bake sale this Saturday night at the school gym. The bake sale will take place following the basketball game with Blackwell, said Mrs. Marian Moore, homemaking instructor.

Proceeds from the sale will go to help defray the girls' expenses in attending the area meeting to be held in El Paso soon.

Basketball Notes

There have been so many very close games this year that the people have nick-named the Sterling City boys' and girls' teams—"One-Point Sterling." This started at the very first of the season. The Sterling girls were defeated by Water Valley by 1 point. The Sterling girls were then defeated by Blackwell in an overtime by 1 point. The boys were defeated by Forsan by 1 point, but in a return game the boys beat Forsan in a breather, by 3 points.

In the district game against Forsan, Forsan won in an overtime by two full points. The Sterling boys went to Mertzon and were defeated by Mertzon by 1 point and in a return game the Sterling boys defeated Mertzon by 1 point. The Sterling girls also beat Mertzon by 1 point the same night. In a practice game with Water Valley the girls won by 1 point.

The boys beat Garden City by 1 point in a district game and the fans relaxed as the Sterling girls beat Garden City by a three point margin.

In the Sterling City tournament the Sterling girls defeated Water Valley by 2 points, and beat Forsan by 3 points. In the Water Valley tournament the Sterling boys beat Water Valley by 1 point in the last 20 seconds and the girls won over Mertzon by 1 point in the last 8 seconds. The girls went on to win the tournament by defeating Water Valley by 2 points after coming from behind.

The Sterling boys were eliminated in the semi-finals by Christoval as they beat Sterling by 2 points. In the Christoval game, numerous shots were missed by the Sterling boys as the ball refused to go through the basket.

The Sterling City Lions Club Carolina Minstrel cast will go to Garden City next Tuesday night for a performance of the minstrel that they have already put on here and at Christoval. This will be the last performance of the affair and there have been enough changes to make it interesting for the people of Sterling City to go to Garden City to see it again.

Proceeds from the play will go to remodel the inside of the local community center.

At the luncheon Wednesday the prize went to Harry Lawson.

It was voted to give a dinner for the members of the cast of the Carolina Minstrel sometime this month. President Wm. J. Swann appointed a committee to work out details, and he named H. A. Chapple, R. T. Caperton and Horace Donalson.

J. Gordon (Obie) Bristow Is Candidate for State Legislature

Formal announcement of his candidacy for the Texas Legislature from this district is being made by J. Gordon (Obie) Bristow of Big Spring. Bristow this week is completing filing in the six counties of the newly-created 101st district, a result of the Legislature's re-districting measure of last year.

Bristow has been a resident of Big Spring for the past 25 years, having been active in the oil business most of that time. He also has had experience as a school teacher and athletic coach.

Bristow said he hoped to make frequent tours over the district between now and the July Democratic primaries, and to contact as many voters as possible in person. "I want to know better the folks of the new 101st district, and I want them to know me," he said.

"I am not making any sort of 'crusade' in seeking this office, nor do I represent any interests whatsoever," Bristow said. "I simply want to go to Austin and do my humble best for what I think is right for our section of the state and for all of Texas. I intend to try to be an honest and conscientious representative of all the people."

Bristow has been active in many civic affairs, connected with both the state and his home community. He is director of the Mid-Continent Oil & Gas Association, and is serving on the Texas Technological Foundation. He is serving an appointive term now as a member of the Texas Liquor Control Board. The Big Spring man is a veteran

of both World Wars, having served in the Infantry in World War I, and in the Air Force in World War II.

In his home city, he has been a director of the Chamber of Commerce, a director of the Country Club, and served for some time as a member of the school board. He works actively in behalf of youth development, and is a Cub Pack leader in the Boy Scout program.

ATTENDING SEMINARY LECTURES

The Rev. Bob Brannon, pastor of the First Presbyterian Church here, is attending a series of mid-winter lectures at Austin Presbyterian Seminary this week in Austin. The lectures feature speakers from various seminaries over the nation.

"TEN MISTAKES GRANDPARENTS MAKE" * * * Here is your opportunity to appraise the shortcomings of grandma and grandpa and do something about them. Read this list of common complaints made by psychologists, educators, social workers and parents. It's in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

The House approved the Hoover Commission plan to reorganize the Bureau of Internal Revenue last week. Under this new set-up, 64 tax collectors would be abolished and replaced by not more than 25 District Commissioners. In addition, all officials of the Bureau except the top Commissioner would be under Civil Service. It's now up to the Senate which must act before March 14 to prevent the plan from going into effect. I voted for the reorganization. * * * * *

Pushing toward a show-down on UMT, the House Armed Services Committee last week concluded a month of hearings, with nearly a hundred witnesses being heard, pro and con. The committee is considering a UMT Commission report on detailed plans for making this training plan a reality. Last year, Congress adopted UMT in principle but provided that before it could go into effect a Commission be appointed, work out the details, and then Congress would approve or disapprove the plan as reported, with any desired changes.

The proposal—which is misunderstood in some quarters—is designed to give basic training for young

men, then put them in ready reserve units. A civilian army would thus be created, with the likelihood of a smaller standing army and therefore less burden to the taxpayers. The House will act on this issue within two or three weeks.

A LETTER THAT CAME in the mail last week quotes Dean Alfange as saying:

"I do not choose to be a common man. It is my right to be uncommon—if I can. I seek opportunity—not security. I do not wish to be a kept citizen, humbled and dulled by having the state look after me. I want to take the calculated risk: to dream and to build, to fail and to succeed.

"I refuse to barter incentive for a dole. I prefer the challenge of life to the guaranteed existence; the thrill of fulfillment to the stale calm of Utopia. I will not trade freedom for beneficence nor my dignity for a handout. I will never cower before any master nor bend to any threat. It is my heritage to stand erect, proud and unafraid; to think and act for myself, enjoy the benefit of my creations and to face the world boldly and say, 'This I have done.' All this is what it means to be an American."

CHANGE IN DATE OF NEXT P.T.A. MEETING

The Sterling City P.T.A. will meet Wednesday, February 13, at 2:00 p.m. in the school auditorium, instead of the regular meeting day.

The 6th and 7th grades under the direction of Mrs. T. C. Davis and Mr. Harry Drahtreut will render the Founders' Day program.

District president, Mrs. Edwin Jackson of Eldorado, will speak to the association.

Following the meeting the home-making department will be hostess at the Founders' Day Tea.

From where I sit... by Joe Marsh
Experienced Hand Wanted

Cappy Miller's back from visiting relatives and tells about a big snow storm that knocked out the electric power for miles around.

Naturally, the local power company was doing everything possible to restore service but folks kept calling in and one woman gave them a new twist.

"I don't mind not having lights," she grumbled, "but I've got 20 cows in my barn and they all have to be milked by machine. Nobody around here knows how to milk a cow by hand any more."

From where I sit, it's only too easy to forget how to do something—even as simple as milking a cow—if we don't keep at it. And that goes for practicing tolerance, too. Like forgetting our neighbor has a right to decide for himself whether or not to enjoy a temperate glass of beer. If we don't keep the other fellow's point of view in mind we're all liable to get "snowed under" by intolerance.

How "big" should government be?

Lincoln was President at a time when the federal government had to take away from its citizens more rights and liberties than ever before.

But he didn't like it. He believed, with the writers of the Constitution and the Declaration, that our government should protect people's independence, not push people around.

"In all that the people can individually do as well for themselves, government ought not to interfere," Lincoln once said.

Lincoln never let Americans forget that. He kept reminding the nation that the government's vast wartime powers must be only temporary.

He made powerful enemies. For there are always those who want to see the government run things—and run people—permanently.

We have them today. They think up all kinds of reasons why the federal government should take over this or that business, industry, or service. They never say they want socialism. Maybe they don't even realize it. But that's actually what they propose.

Most Americans don't want socialism any more than you do. The job is to recognize it—and halt it—no matter what disguise it wears!

* * *

The people who plan and work for a socialist U. S. A. know that permanent control of a few key industries and services will give government the power to take over just about everything. One of the key industries that they're trying to take over is electric light and power.
