## Spraying of Town Set For Saturday Morning

The spraying of the town on Saturday, June 21, is under the sponsorship of the Lions Club. Such announcement was made last week at the luncheon meeting. The club is asking ranchmen with sprayers to come in early Saturday morning with their spray machines and to help spray the town. The town will be divided in sections and material is on hand for the work.

It is hoped to cut down on the crop of flies that seem excessively numerous here, and to beat polio or other diseases in the draw. This is the most practical and sensible approach to the warding off of polio attacks, it is pointed out. Flies have been found to be carriers of the polio germs. Health officer W. J. Swann points out that intestinal diseases caused by flies is deadly peril, too. Especially is this true in the case of children.

**Won't You Bring in Your Sprayer?**  
If you have a stock spray machine and will use it in the spraying on June 21, please notify Fred Campbell, County Agent or the News-Record. Spraying should begin at 8 o'clock or thereabouts on the day set.

### Helpers Needed

Anyone who will help to man the sprayers and go with the spraying crews are asked to be at the courthouse by 8 a.m. Saturday.

The other town over West Texas that have polio outbreaks are taking the same measures, but Sterling is hoping to ward off any polio by striking first—and hard.

Plenty of spray material is on hand for the job Saturday, but the sprayers and helpers are needed.

Brady, Stanton, Sweetwater and several other towns are now getting rid of flies by spraying, but it took polio cases to cause them to act. Let's do a good job Saturday.

### Notice, Boys 8 Through 11

The Cub Scouts of Sterling City have formed a baseball team and plan to play Cubs from Big Spring soon, and perhaps other cities. But, they need practice and there are not enough Cubs to form two teams to get the necessary practice.

Mrs. Fred Allen, Cub Den Mother, has asked for any boys, ages 8 through 11, who will to come and play ball with the boys each Friday afternoon at 6 on the ball grounds back of the school.

Mr. and Mrs. Earl Hodges of Comanche is here visiting her daughter, Mrs. Ed Hughes and family.

## Lions See Cloud Seeding Film Wednesday

The Lions met Wednesday noon at the community center for the regular luncheon. Following the meal and business session a film titled "Operation Weather Control" was shown by Clyde Hoyt, a representative of Irving Krick, Inc., a water resources corporation specializing in cloud seeding to increase rainfall. Hoyt then answered any questions about his firm and their methods of "rainmaking".

### Officers to Be Installed Next Week

It was announced that the new officers would be installed at the luncheon of next week, June 25. Lloyd Cope of San Angelo is to be the installing officer.

It was announced that the town would be sprayed Saturday morning and volunteers would be needed to help man the sprayers and also an appeal was put out for ranchmen with sprayers to bring them in and help.

Guests included Clyde Hoyt of the Krick firm, Aubrey Stokes, Foster Sims Price and Mark Perry.

### John Ben Shepperd, Attorney General Candidate, Here June 24

John Ben Shepperd of Gladewater, who recently resigned as Secretary of State to become a candidate for Attorney General of Texas, will be in Sterling City and Garden City Tuesday afternoon, June 24, in the interest of his candidacy. His friends here announced this week.

Shepperd will not make a formal speech at either place, but plans to renew old acquaintances and make new friends. Shepperd has visited in this area before.

### Mexican Vacation Bible School

A vacation Bible school is being held in the Mexican Baptist Mission here this week under the supervision of Rev. Felix Becerra, Jr., assistant pastor.

Workers in the school include Miss Nesteria Sanchez, Mrs. Jesusita Medina, Miss Oralia Bautista and Mrs. Nego Mondez, principal.

Mrs. Lee Reed underwent an operation in the Scott & White Clinic in Temple this week.

STAINLESS Steel portable washer for sale—with wringer. \$27.50 Regular price is 49.50. See or call E. B. Allen at 4804.

## Behind The 8 Ball

**8-BALL**  
In Stanton, where there has been some polio outbreaks in the past two weeks, the editor, James Kelly, says there must not be any flies left elsewhere in Texas. They're all in Stanton and Martin County. BUT he is wrong. He's just got half of them in Stanton. We've got the other half here in Sterling. Hope the ranchmen help out with the spraying campaign here Saturday and get rid of our half. And let's do it before any polio hits.

**8-BALL**  
It may be the heat or it may be spring fever, but I feel as if I would be better off if the doctor would prescribe a six week paid vacation for me.

Or six months. Still paid.

**8-BALL**  
Horace Donalson had his Packard painted yellow or something. Maybe it's a new car!

**8-BALL**  
Mrs. Billy Barbee and her son, little Billy Hull, have the mumps.

**8-BALL**  
We come back this week to a subject that's close to our hearts—advertising. Some of our readers may say we're selfish in the discussion of the subject. They may be right for surely, if it weren't for the splendid patronage week after week of our businesses in the form of space purchased in our paper we would go hungry. But we want to dwell upon the value of advertising from the standpoint of the local merchant.

**8-BALL**  
It goes without saying that practically every successful business uses advertising in some form or other. The two naturally go together—advertising and success. Rather, it is because the business man who has within himself the elements that make for success has a keen appreciation of the part that advertising plays in the scheme of his business.

**8-BALL**  
An outstanding merchandising counselor remarked recently that "doing business without advertising is like winking at a girl in the dark. You know what you're doing, but no one else does." It is a well established fact that telling the general public through newspaper advertising (or any other type of advertising) will help tremendously to sell the prospects. You just have to let the prospective buyers of your product in on what you have to sell.

**8-BALL**  
Today, more and more "small town merchants are becoming more publicity minded than ever before. Thank goodness. Small town store owners are beginning to realize that the big town merchants were once small time operators, and that they are where they are today largely because they spread the news around about what they had to sell. There was a day when small town merchants looked upon advertising as nothing more than a donation. Most of them have long since vanished from the business scene, many wondering what happened to their business while the fellow down the street continued to prosper and do well.

**8-BALL**  
In practically every instance the fellow who gets ahead in business is the alert owner or manager who believes in advertising and in the principal that successful advertising must be regular. In this, as in practically every phase of life, you must be consistent. The old saying, "constant dripping wears away the stone" will sooner or later apply in that the resistance of the buying public will melt away in the fact of repeated selling jobs on your part through advertising.

**8-BALL**  
Apply this theory to any field you wish . . . your business, your community, your church or your club or what have you! Effective selling makes things grow! Sell your community and watch its population increase. Sell your church and watch its membership grow. Sell civic club and watch its interest mount. It's a highly competitive world in which we live, and first we have to have a good product. From there on it's just a matter of who does the best job of selling. And we believe that the best job of selling will be done by those who do the best job of advertising. What do you think?

## Sterling 4-H Boys Place 4th in State Judging Contest Tuesday

A wool and mohair judging team made up of Sterling County 4-H Club boys placed fourth at the State 4-H Judging Contest last Tuesday.

These boys, who have had only one year's training judged against the top teams in Texas. The contest was held in San Angelo for the first time this year.

Team members and their scores were: Billy Humble—567; Delmar Radde—549; Lynn Glass—528; Mims Reed—525; and Bobby Dunn—476.

County winners were—Schleicher County, first; Tom Green County—second; Sutton County—third and Sterling County—fourth. Ten teams competed.

## Class of 1928 Meets For Sterling Reunion Monday

The largest class that ever graduated from Sterling City High School had a reunion Monday, 24 years after graduation.

Thirteen members of the class of 1928 met for luncheon at the Community Center in Sterling City. They found that, of the 23 class members, there have been no deaths, divorces, or deaths of children or spouses.

Ten graduates couldn't come but they sent telegrams. The next gathering will be in 1956.

A survey of the group shows that there are two graduate nurses, one businessman, one serviceman who made the army his career, one preacher, one railroad engineer, one board of patrol member, six ranchmen, five teachers, one lawyer and one government worker in Washington, D. C. The others are housewives. Ten received bachelor's degrees.

Four of the 1928 students do not have children and there is one bachelor. The youngest child of the group is Jaynelle Cope, daughter of Mrs. Edwina Bynum Cope of Sterling City.

There are 39 children, and there is one grandchild, that of W. Y. Benge, Jr. of Dryden.

The last reunion was in 1948 at Mr. and Mrs. D. K. Durham's ranch north of San Angelo.

Other members attending the meeting were: Mrs. Hazel Edward Bean of San Antonio; James Conger of Fort Stockton; Mrs. Wanda Collins Becker of New York; Mrs. Helen Wade Draek of Ft. Worth; Wayne Munn of Water Valley; James Rushing of San Marcos; Ross Welch of San Antonio; Lawrence Davis of Coahoma; Vernon Phillips of Big Spring; Mrs. Doris Crawford Durham of San Angelo and Guinn Welch and Worth Durham of San Angelo.

LaVerne King, daughter of Mr. and Mrs. Riley King, underwent a major operation in the Shannon Hospital Monday morning.

Visitors at the Webb R. Hudsons last week included W. M. Hudson of Trinidad, Colo, his son R. C. and grandson, Johnny; Mrs. Mamie Roberts of Austin; the Gordon Lowes of Big Lake and the Harry Ganns of San Angelo.

Visitors at the R. P. Browns this week include Mrs. E. E. Young of Kossee, her sister; and her niece, Mrs. Milton Perry and four children, Virginia, Mark, Mary and Marjorie, all of Houston. The last two named girls are twins.

Mrs. B. S. Cox and children have returned to Oregon after visiting friends here the past week.

**8-BALL**  
And then there were the two boys who went to church out in the country and did what boys are not supposed to do—they stayed outside church during the preaching service. But they couldn't leave until their parents got out of the service. Came 12 o'clock and the preacher was still going strong. Twelve-fifteen . . . Twelve-thirty . . . Finally one of them put his ear to a crack to listen. After awhile his companion asked: "Ain't that feller through yet?" "Yes," said the other, "he's been through a long time, but he just won't quit."

## ASSESSMENTS FOR DEMOCRAT PRIMARY SET BY EXECUTIVE COMMITTEE

The Sterling County Democratic Executive Committee met Monday and set the assessments of candidates for the Democratic Primaries in July and August. The assessments will be used to conduct the primaries—pay for supplies and the workers holding the elections, said Jack Douthit chairman.

The local candidates were assessed the following amounts: Bill Green, candidate for sheriff, tax collector and assessor, \$110.

G. C. Murrell, candidate for County Judge, \$100.

W. W. Durham, candidate for county and district clerk, \$42.50.

T. A. Revell, candidate for county and district clerk, \$42.50.

Mrs. Sallie Wallace, candidate for county treasurer, \$12.50.

The four candidates for county commissioner, Roy Foster, E. F. McEntire, Foster Conger and Ralph Davis, \$9 each.

These assessments are the same as they were last election year, said Douthit. In addition, candidates for district offices were taxed some for expenses of this election. Heretofore, such candidates only had to pay a \$1 filing fee in each county and this left the burden entirely on local candidates. Assessments ran from \$1 for legislative and state senatorial candidates and \$10 to \$35 for those running for district judge. The assessments made on such candidates presumably take one-fifth of a year's salary, and they divide it equally into the number of counties in which the candidate has his name entered on the ticket. In the case of congressman, it has to be divided 27 ways, because there are 27 counties in the 21st Congressional district. In the case of the 51st Judicial District, there are five ways to split the filing fee. And then, in the case there are several running for the same office, the fee should be split into that many equal parts.

As in the local contested race, between W. W. Durham and T. A. Revell. The fee or assessment for that office is \$85. Since two are in the race, it is split and each is assessed \$42.50. The committee in Sterling has done this through fairness through the years. Some counties do not differentiate, and charge the same whether or no a man has an opponent.

Last year one-half of the assessment fees were returned to the candidates, but only one primary was held. This year two primaries will be held—the runoff primary coming a month following the July 26 first primary.

## Church Picnic Welcomes New Methodist Pastor

A church picnic on the lawn welcomed the new pastor of the First Methodist Church here on Thursday evening of last week the members of the Wiboholibro Class entertained with a picnic honoring the Rev. Bruce Medford and his family and welcoming them to the church and community.

More than 100 persons partook of the picnic supper of fried chicken and all the trimmings at the affair.

Mrs. Roy Foster presided for the class and introduced the workers of the church as well as the new pastor. Four people were up from the Water Valley Church, which is a part of the charge here. They were Mr. and Mrs. George Demere and Mr. and Mrs. Elton Mims.

Short talks were made by these workers in the various departments and classes—Rufus Foster, H. L. Hildebrand, Mrs. Rufus Foster, C. L. Coulson, Mrs. Harvey Glass and Mrs. Hildebrand.

## Fire Damages Gas Pump

A fire at 11:10 Monday night in a gas pump at the Blank Truck Stop here damaged one of the gas pumps. Damage was not heavy and the fire was extinguished quickly.

Joseph Blank operates the truck stop and the building is owned by R. P. Brown.

Mr. and Mrs. A. T. Hughes have returned home after visiting their children, Mr. and Mrs. W. T. Anderson and children. Mr. and Mrs. Ed Hughes and daughter.

### BEHIND THE 8-BALL

#### It's A Shame

The Republican Party is being taken for a ride. No foolin'. It's a shame for the party—as a party—to have this kind of a deal thrust upon it. Taft and his henchmen, who are old guard Republicans and who want everything like it used to be in party matters, are determined to make Taft the Republican nominee. And they have a pretty good strangle-hold—it appears from this distance.

Taft probably could not beat any Demo nominee, with the possible exception of Harry Truman. BUT Eisenhower could win in a walk, facing the best the Demos could offer. But the Taftites are determined that Taft shall be the nominee and even if it brings the Republican party another defeat.

There possibly could be another miracle, such as when Wendell Wilke got the nomination in 1940 although Dewey was the favored or longhaired boy before the convention voting got under way. He got the nomination, but we doubt if a living mortal could have beaten FDR. Too many people felt indebted to him—farmers, laborers, and many minority groups. But now is the time for a Republican win in a national election. But we doubt if Taft is the man to do it.

We feel Eisenhower is the man that can do it.

The Republicans will need a few Demo votes in the general election. We doubt if there are enough Republican votes to elect a president. Eisenhower could and would pull some Demo votes, as well as the Republican votes. Taft would do well to get all the Republican votes.

Looking back at history, Taft's father pulled the same thing that the son is about to pull this year. The elder Taft corralled enough delegates to the convention to get the nomination, when popular senti-

### The Pete Easleys Moving Back

The Pete Easleys, who have been living in Port Arthur since last October, are moving back here and are to be on the Mendenhall ranch north of here after next week. Pete has been working in the Port Arthur postoffice since being transferred there last October. He formerly was employed in the local p.o.

Before Easley entered civil service, he worked on the Mendenhall ranch here. He, Mrs. Easley and the two boys, George and Johnny Thompson were ready to get back to West Texas and ranch life.

While in the Port Arthur p.o. he worked at the money order window and later dispatched airmail letters.

The Easleys were here this week on a vacation trip.

# FORD STARTS A NEW TREND IN MOTOR CARS

IT'S THE MOST MODERN, MOST ADVANCED CAR IN THE INDUSTRY!

Ford's new modern design bodies are the newest, most advanced in the low-price field, styled ahead to stay new. New hull-tight construction seals out noise and weather.

Ford's 110-h.p. high-compression Strato-Star V-8 is the only V-8 in the low-price field and Ford's 101-h.p. high-compression Mileage Maker Six is the only all-new, low-friction Six.

Never before has any manufacturer offered so much car for so little money!

The 1952 Ford, with its many, many new advances, is starting a completely new era in automobiles. For never before has any car so far ahead in design and quality been so modest in price.

It's the most powerful low-priced car ever built! Never before has any car offered so much high-compression power for so little money! Ford's 110-h.p. V-8 is the most powerful engine in the low-price field. And Ford's all-new Six, with 101-h.p. is the V-8's mate for power at a saving. For both Ford engines offer the go-packed savings of the Automatic Power Pilot.

It offers ALL 3 drives! This '52 Ford offers you many, many choices, too . . . choices usually associated with America's highest-priced cars. For example, only Ford in its field offers you your choice of Fordomatic, Overdrive or Conventional . . . so many body, color, and upholstery combinations . . . 18 different models. "Test Drive" this greatest of all low-priced cars at your Ford Dealer's. We're sure you'll agree it's a car that will influence automobile design for years to come.

## '52 FORD

White sidewall tires, Fordomatic, Overdrive, optional at extra cost. Equipment accessories and trim subject to change without notice.

Here's a neighbor you can

**depend on!**

Let your neighbor under the Humble sign fill your car with **Esso Extra GASOLINE**

This extra quality gasoline will give your car extra performance from the time your engine starts until you turn off the ignition. Here are extra qualities you get in combination only when you fill up with Esso Extra: extra quick starting, extra anti-knock performance, extra power, a patented solvent oil that keeps engines extra clean. There's something extra for your money in every gallon of Esso Extra!

You can depend on the extra quality of the Humble products he handles, the Atlas tires, batteries and accessories he sells, the service he renders. The Humble dealer in your neighborhood is one of the most dependable neighbors you have.

Depend on a neighbor to keep your car running right and looking good. Drive in every time your gasoline runs low; whenever it's time to change the oil, to wash and lubricate your car . . . You'll receive a hearty Texas welcome under the Humble sign in your neighborhood.

HUMBLE OIL & REFINING CO.

There's a hearty Texas welcome waiting for you... from your neighbor... under the Humble sign
