LET'S TALK LIVESTOCK BY TED GOULDY

FORT WORTH—Heavy runs of all kinds of livestock were reported over the nation Monday and prices were highly uneven. At Ft. Worth cows lost 50 cents or more of last week's advances in the opening session. Bulls were steady to strong. Fed cattle ruled steady, but grassy steers and yearlings were weaker. High quality and light-weight stockers were around steady but the lesser qualified kinds eased.

Choice fat calves were firm, and fat calves generally held steady. Very good demand for stocker cows was uncovered, some good young cows \$22 to \$23.50, several loads at the latter prices.

Hogs advanced 25 cents, topping at \$20 and \$20.25. Sows were steady at \$15 to \$17.

Lambs were 50 cents or more lower. Ewes opened 25 to 50 cents higher and closed weak. Fresh shorn sheep and lambs were discounted \$1 to \$2 under those in the wool.

Good and choice slaughter steers and yearlings sold for \$24 to \$31.50, and common and medium sorts sold for \$15 to \$24, with cutter steers and yearlings from \$12 to \$15.

Fat cows sold for \$14.50 to \$18, and canners and cutters drew \$10 to \$14.50. Bulls sold from \$12 to \$20. Fat calves of good and choice kinds sold for \$22 to \$28.50, while common and medium kinds drew \$15 to \$20. Culls sold for \$12 to \$15.

Good and choice stocker calves moved out at \$22 to \$28 and common to medium sorts sold from \$16 to \$20. Stocker and feeder yearling steers of good and choice kinds sold from \$22 to \$26, while plainer sorts sold from \$15 to \$20. Stocker heifers sold from \$23.50 down. Stocker cows sold from \$14 to \$23.10.

Good and choice slaughter lambs sold from \$22 to \$25, medium and good kinds sold for \$18 to \$22, and cull lambs, yearlings and two's sold from \$8 to \$10. Slaughter ewes sold for \$5.50 to \$7.25, and stocker ewes sold at \$8 to \$9. Old wethers sold from \$10 downward. Two-year-olds sold from \$15 down. Old bucks sold at \$6 to \$7.

Stocker and feeder lambs sold from \$12 to \$18 and stocker yearlings cashed at \$10 to \$12.

Livestock Selling Lower

Virtually all classes of cattle, calves, sheep and lambs are currently selling substantially below prices in effect the week before the Korean fighting broke out—a situation that makes livestock producers wonder what all the shouting about inflation on the farm and ranch is about.

And, here's a tip for radio comedians and cartoonists—don't make jokes about high priced meat! You'll lose your farm and ranch friends for life—because it ain't funny to them at today's livestock prices.

Korean fighting began June 25, 1950. Let's compare today's prices of livestock with the week preceding the outbreak of fighting: Hogs have held their own. Monday they brought \$20 and \$20.25 at Fort Worth, same as on June 22, 1950.

But, cows sold from \$13 to \$22.50 before Korea, and today it's \$9 to \$18. Bulls then drew \$16 to \$22.50, and today sell at \$12 to \$20. Slaughter calves ranged from \$15 to \$30 before Korea, and today from \$12 to \$28.50. Slaughter steers and yearlings sold then at \$16 to \$31, and similar cattle today sell at \$12 to \$31.50.

Stocker calves were reported at \$18 to \$31 on June 22, 1950, and today similar kinds get from \$16 to \$28. Stocker yearlings then brought \$20 to \$29, and today sell from \$15 to \$26. Stocker cows at \$18 to \$25 then now bring \$14 to \$23.50.

Slaughter lambs at \$16 to \$27 then currently sell at \$8 to \$24. Yearling wethers at \$15 to \$22 then, now bring \$8 to \$18. Slaughter ewes before Korea brought \$9 to \$11, and now \$5.25 to \$7.25. Feeder lambs at \$15 to \$23 then, now sell at \$12 to \$18. Feeder yearlings then drew \$15 to \$21, and now \$10 to \$14.

Just a year ago this week steers

LIONS TO SPONSOR A COMUNITY CLEAN UP DAY

The Sterling City Lions Club met at noon Wednesday for the regular weekly luncheon at the community center. Jim Donnell of San Angelo was a guest.

The club voted to sponsor a clean up day for the community soon. Dr. Wm. J. Swann, local health officer, said due to two cases of polio having been found recently that such a move was in order. The date is to be set next week by the president, H. A. Chapple.

The club voted to sponsor having a veterinarian come out and test all milk cows for Bangs disease and vaccinate dogs. County Agent Fred Campbell brought the proposal to the club.

The prize went to G. C. Murrell.

Legion Auxiliary to Have Membership Tea Monday Afternoon

The American Legion Auxiliary is having a membership tea at the local Legion Hut next Monday afternoon from 4 to 6 o'clock. Anyone interested in joining the auxiliary is cordially invited to attend, said Mrs. Bill Brooks this week.

A guest speaker will be on hand to explain membership in the Legion Auxiliary, said Mrs. Brooks.

Women eligible to join the organization are wives, mothers, widows, or sisters of Legion members. The Legion member does not have to be a member of the local post, it was pointed out.

Wimodausis Club Studies Different Forms of Government

Mrs. Frank Cole was hostess when the members of the Wimodausis Club met at the Community Center on Wednesday afternoon.

A comparison of forms of government was brought by those on the program. Mrs. Roy Morgan presided in the absence of the president, Mrs. N. H. Reed.

Mrs. George Case led the group in the American's Creed. Mrs. R. C. Bynum discussed Democracy; Mrs. C. A. Bowen talked on Socialism and Mrs. Jack Douthit's topic was Communism.

Present were Mrs. R. P. Brown, Mrs. C. A. Bowen, Mrs. R. C. Bynum, Mrs. George Case, Mrs. Frank Cole, Mrs. H. F. Donalson, Mrs. Jack Douthit, Miss Ethel Foster, Mrs. R. T. Foster, Mrs. H. D. Glass, Mrs. H. L. Hildebrand, Mrs. Ray Lane, Mrs. Lura McClellan, Mrs. E. F. McEntire, Mrs. W. R. Morgan and Mrs. J. C. Reed.

Couldn't Get It

Bill Loven at Chapple's Food Store, put Sun Spun Oleo on this week's specials and ordered several cases. The wholesalers back-ordered it, or cut it off his delivery. He wanted to change it in the ad, but that part of the paper had already been printed. So, he said we will have All Sween Oleo instead of Sun Spun, and All Sweet will go at 28c a pound.

Mrs. Cora Lilly, who has been with the hospital as a nurse since it opened, has resigned, effective October 1.

W. R. Hudson and H. L. Hildebrand went to a Temple clinic on Monday of this week for medical checkups.

and yearlings sold at Fort Worth from \$23 to \$38. \$8 to \$10 above current prices. Cows a year ago this week cashed from \$15 to \$28, bulls from \$28.50 down. Fat calves topped at \$34.50 a year ago this week and stocker calves at \$40 and higher. Six and \$12, respectively, higher than today's levels at Fort Worth. Lambs topped at \$31.50 a year ago, \$7 to \$8 above today. Ewes drew \$10 to \$15.50 a year ago against \$7.25 down today. Yearlings brought \$27, against \$18 and down this week. Feeder yearlings drew \$25 and down, and now bringing \$14 and less. Feeder lambs at \$30 a year ago compare with \$18 and down today.

Nope, jokes about high priced meat just ain't funny to the folks that produce livestock for a living.

Two Snyder Men Are Injured in Car Crash

Two Snyder men were injured in the crash of their car near here Sunday night. One, Herman Leon Moore, was in a very serious condition when brought to the Sterling County Hospital by a Lowe Ambulance. He is still in a critical condition. The other man Charles Hollowell was not seriously injured but was hospitalized.

The men were injured when their car failed to make a curve and got out of control, overturning. The accident was east of Sterling on the Angelo highway.

GOOD HOSPITAL!

STERLING HOSPITAL AND STAFF RECEIVES PRAISE

William J. Wolff of Atlanta, Ga., father of Cadet William Wolff, Jr. has written a very commendatory letter to Thomas K. Finletter, Secretary of the Air Forces, concerning the treatment his cadet son got while in the local hospital awhile back. He wrote the letter to Washington and there headquarters felt so good about the letter they sent copies to the Medical Corps in Big Spring Air Base and from there copies were sent to Sterling City.

Mr. Wolff's letter was as follows:

Honorable Thomas K. Finletter
Secretary of the Air Force
17743 22nd Street
Washington, D. C.

Dear Mr. Finletter:

In response to a telegram from the Commanding Officer, Webb Air Force Base, Big Spring, Texas, on the morning of July 4th, advising me that my "son, Aviation Cadet William J. Wolff, Jr. had been injured and was in critical condition at Sterling County Hospital, Sterling City, Texas, recovery doubtful and to come at once". Mrs. Wolff and I left immediately for Big Spring. We arrived there at 12:00 P.M., July 4th, and were driven over to Sterling City, 45 miles away, by the Air Force.

Our hearts were heavy when we left Atlanta because Sterling City is a town of only 933 people and we had assumed that the hospital was not prepared to give the medical attention needed to save the life of our seriously injured boy. We couldn't see much of the exterior of the hospital as we approached it, but when we stepped inside it was as though God had answered our prayers. It was the most modern twelve room hospital we had ever seen, with a splendid staff in charge, and we found our boy and the other cadets resting as comfortably as the circumstances in the case warranted with an Air Force nurse and Chaplain on duty.

The accident happened about six miles from Sterling City and the boys were brought to this city as their conditions warranted immediate medical attention. They received this attention under the supervision of Dr. W. J. Swann and Mr. John M. Stuckwish, hospital manager, and nurses and other members of the hospital staff. In fact, every one helped. Bill had received a serious spinal injury and the immediate administration of plasma and other medicants, I am sure, saved his life.

The medical contingent of Webb Air Force Base was most attentive and gave the cadets every attention possible. Due to Bill's injury, he was kept at Sterling County Hospital for two weeks until it was safe to move him. During this time the Base furnished day and night nurses. These nurses performed their duties most efficiently and gladly and were on duty twelve to fifteen hours a day. Their devotion to duty and to their profession will never be forgotten and words are inadequate to express our appreciation of their services.

I bring this to your attention because my wife and I feel that you would like to know about it. We also feel that it would be most appropriate for the Air Force to commend Dr. Swann and his staff and the Air Force nurses involved in this drama of life and death. The names of the nurses are: Captain Mona Baldrige, Lieutenant Frances Malone, Lieutenant Lee McKenzie, Lieutenant Irene Sofferis.

With heartfelt thanks to the Air Force, I am

Very sincerely yours,
WILLIAM J. WOLFF

HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday of this week included—

Mrs. W. R. Butts of Odessa
Mrs. R. V. Hutchins and son, Kenneth Allen of Pasadena
Herman Leon Moore of Snyder
Charles Hallowell of Snyder
Mrs. P. C. Roland and infant son, Travis Wayne, born Sept. 24.
Joe Emery.
William Barnett was dismissed since last Thursday.

California Visitor Feted At Series of Parties

Sterling City has been fortunate to have a visitor, Mrs. Jimmie Beronio of El Centro, California. She is quite active in the work of Soroptimist Clubs, having just returned from attending a convention of the Soroptimist International Association in Europe. For the visit here, she visited her two cousins here, Mrs. Lester Foster and Mrs. W. B. Allen, and several parties and entertainments were given in her honor.

Mrs. Roy T. Foster honored Mrs. Beronio and Mrs. G. W. Higgins of Seymour on Saturday, September 13, with a luncheon in her home. Guests included Mesdames Lester Foster, T. F. Foster, Allie Foster, E. B. Butler, Rufus Foster, W. B. Allen and W. N. Reed.

On Saturday afternoon, September 13, Mr. and Mrs. William Foster and Mr. and Mrs. J. Q. Foster entertained with a fish fry at the ranch home of William Foster honoring Mrs. Beronio. Guests included Mr. and Mrs. Lee Augustine, Mr. and Mrs. Lester Foster, Mr. and Mrs. W. B. Allen, Mr. and Mrs. G. C. Potts of Big Spring and Mr. "Coots" Scully of Forsan.

On Monday evening, September 16, Mrs. T. F. Foster gave a dinner at her home here honoring Mrs. Beronio. Her guests were Mrs. Lee Augustine, Mrs. E. B. Butler, Mrs. Lester Foster, Mrs. R. T. Foster, Mrs. Rufus Foster, Mrs. James McEntire, Mrs. H. M. Knight, Mrs. E. L. Bailey, Mrs. V. E. Davis and Mrs. Wm. J. Swann.

An afternoon party also honoring Mrs. Beronio was given by Mrs. Lester Foster on Tuesday afternoon September 16 in her home here. Present were Mrs. Lee Augustine, Mrs. R. T. Foster, Mrs. T. F. Foster, Mrs. Roy Morgan, Mrs. William Foster, Mrs. J. Q. Foster, Mrs. Rufus W. Foster, Mrs. James McEntire, Mrs. Allie Foster, Mrs. Foster Conger, Mrs. H. M. Knight, Mrs. E. L. Bailey, Mrs. E. B. Butler, Mrs. W. N. Reed, and Mrs. W. J. Swann.

Mrs. Beronio left El Centro, California July 15 to attend the Biennial Convention of the American Federation of Soroptimist Clubs in Washington, D.C. She then flew to Copenhagen, Denmark where about 250 Soroptimists from the United States and Canada assembled to attend the Convention of the Soroptimist International Association of three Federations, which include the British, European and American Federation of Soroptimist Clubs. Twenty-four countries were represented, more than 1200 Soroptimist Clubs. Twenty-four countries were represented and more than 1200 Soroptimists attending.

The first Soroptimist Club was organized in Oakland, California in October 1921, with 82 charter members. As a service club for women, giving the same service to women and children that Rotary and other men's service clubs give to men and children. Today, this is the largest classified service club in the world for women, which is made up of professional and executive business women. Mrs. Beronio states that there are clubs in practically every country of the world, with more than 26,000 members. The theme of Soroptimists for the past four years has been "Working for the World We Want." The theme for the next four years is "Moulding the Future for Underprivileged Children"—striving to give these children their rightful place in life.

The next convention of the Soroptimist International Association will convene in New York, N. Y. at the Waldorf Astoria Hotel in August 1956, and Mrs. Beronio is certainly planning to be there. She says, "I enjoyed touring Scotland, England, Norway, Sweden, Denmark, Germany, Switzerland, Italy, Luxemburg, and France. The scenery and hospitality of many countries and Soroptimists was

SLOW, GENTLE RAINS HELP THE DROUTH PICTURE

Slow gently rains fell over the county the first part of this week, helping the drouth picture somewhat. Not quite an inch fell at the point of highest gauging but the rains fell over two or three days, helping the feelings of all concerned.

Sections of West Texas to the north, west, and south of here, got good rains, some ranging up to 5 inches. Howard, Glasscock, Midland and Martin Counties all got ample rains. Mitchell and the other counties to the north were benefited immeasurably by heavy rains.

The areas of Sterling on south east did not get enough to begin to break the drouth, but the rains lifted spirits and cooled off the country. San Angelo did not get enough water on their watershed to relieve the water problem and will continue to be plagued by the problem for awhile yet, it seems.

In and around Sterling City the rains measured from .50 to .80 inch.

EAGLES PLAY FIRST CONFERENCE GAME TONIGHT AT MERTZON

The Sterling City Eagles journey to Mertzton tonight for the first conference football game of the season. Coach Dorsey's boys rested last week-end from their previous week's victory over Ackerly and are presumably in fine fettle for tonight's game with their arch-rivals, the Mertzton Hornets.

The game with Mertzton has always been a hotly-contested one, and a large crowd of local fans are planning to make the trip to see the game. Tonight marks the beginning of the conference for all teams in the district.

Playing on the local squad are Billy Blair, Gene Smith, Earl Blair, Marshall Blair, Bobby Blair, Leslie Cole, Dan Glass, Bobby Lester, Don Martin, Tommy Lee, Thomas Martin, Mims Reed, Allen Campbell, Jimmy Hanson. The team's manager is little Bobby Lee.

Next Week's School Lunchroom Menus

The menus for the Sterling City school lunchroom for next week is to be as follows:

MONDAY, September 29 — Hot dogs, pork and beans, milk and fruit cobbler.

TUESDAY, September 30—Pinto beans, potato salad, fried cabbage, light bread, milk, margarine and spiced cup cakes.

WEDNESDAY, October 1—Perch steaks, blackeyed peas, candied sweet potatoes, hot rolls, milk, margarine and prunes.

THURSDAY, October 2—Macaroni and cheese, whole kernel corn, cabbage slaw, hot rolls, milk, margarine and peach halves.

FRIDAY, October 3—Hamburger steaks, creamed potatoes, English peas, sliced tomatoes, light bread, milk, margarine and jello.

Billy Lee Smith, son of the C. W. Smiths and Hollis Kennemer, son of the Elmer Kennemers, are now stationed with the Army at Fort Bliss near El Paso.

Mr. and Mrs. Taylor Garrett have returned following visits with relatives over West Texas. They visited the R. W. Garretts in El Paso, the Cy Fosters at Sundown, the Bill Cushings at Clarendon, the Beecher Sherrods at Tahoka, the Jake Randolphs at Snyder and the Leroy Butlers at Crane.

The local Woodmen of the World Camp had planned a barbecue for Thursday night of this week at the park, but the rainy weather made them cancel it.

wonderful, but I can truthfully say that the friendliness and hospitality of the people of Sterling City can not be excelled."

The Californian said that the visit here with her two cousins, Mrs. Foster and Mrs. Allen, was a perfect ending for the two month trip. She visited Mrs. G. C. Potts in Big Spring before taking the American Airliner from Odessa on Thursday of last week.

HEALTH TALKS

Prepared by the State Medical Association of Texas

With the coming of football season and the World Series, the thoughts of many Americans turn toward athletics. In fact, sports of all kinds are popular the world over. By 1940 more than eight million persons were taking part in school and professional sports in the United States alone. This figure didn't include an additional million or so who engaged in skiing, tennis, and similar activities on an informal, noncompetitive basis, nor the hundreds of millions of spectators and followers of organized sports.

Since so much emphasis has been placed on athletic activities, from which serious injuries or illness may occur, the value of sports as opposed to their possible harm has been the subject of considerable discussion not only among the general public and those responsible for these programs but among medical doctors as well.

Critics have pointed to the undesirable nature of athletics where strong college alumni groups do their darndest to see that good old Blank U. has a winning football or tennis team. They claim that pressure of this kind may push other equally worthwhile athletic activities aside, limiting participation mainly to the outstanding athletes, and in some instances even defeating a chief purpose of these games; good sportsmanship. They also seem to think that some athletes who probably should be left out of the game because of health reasons are pushed into play, often because medical advice is not sought or even because it is disregarded.

In addition to school sports, recreational programs which include athletic activities have been set up by many industries, offices and businesses. Without the right kind of medical supervision, harm may come to older athletes, many of whom have failed to keep in trim for hard exercise such as baseball, football, or bowling.

"Why do we try to protect these fellows during the day, and then have them, at night, put themselves through a meat grinder?" a safety engineer has asked.

Better cooperation among medical and recreational directors in company sports is as badly needed as it is in school sports. Schools and business are only two large areas in which there is opportunity for good, safe athletic programs to be developed.

The right kind of athletic program makes provision for physical examinations before the season opens to find out if players are fit. In many colleges and schools these examinations are a part of the school health program, and in industries and business, the company doctor can do the screening. In smaller towns the family doctor should be asked to examine would-be athletes.

Much recreation among amateurs both of children and adults, such as "sand lot" football or a neighborhood game of tin can hockey is unsupervised. No one person at the game has the responsibility for seeing that an injured player gets prompt, correct treatment. Another danger of this kind of athletics is that players often may not have had a physical examination to rule out disease which might make hard exercise unwise.

Throwing aside all this unfavorable argument against sports, however, doctors believe that the bene-

fits of a properly supervised athletic program far outweigh the harm which might result. Some of them are former athletes or have followed sports and taken care of players for long enough to realize that serious injuries usually can be avoided through proper screening, coaching, and training of players; issuing the right kind of safety equipment; and early reporting and treating of wounds. Not only can permanent crippling of a limb be

avoided in most cases, but when prompt treatment is given, the player can be returned to his team sooner than he could have been many years ago.

Aside from the physical advantages, physicians know that the mental and emotional benefits of being able to take part in sports are tremendous. When the player is willing to throw into the game all the energy, concentration, and

determination of which he is capable, regardless of any injury which may result, he has a normal outlet for his emotions. The desire to compete is healthy, and a doctor hates to have to tell a would-be athlete that he shouldn't take part in his favorite sport.

Well conducted sports build character, provide wholesome recreation, and improve physical, mental and emotional health.

**"Company Meals" on Short Notice
—with Home-Canned Chicken!**

—Photo courtesy Ball Bros. Co.

Chicken put up in your own canning jars means "company meals" on short notice. You can celebrate a birthday or anniversary with an extra special dinner; or you can give the family an unexpected treat any time if you have a supply of home-canned chicken on hand.

You may can chicken on or off the bones. The boneless pack takes a little more time but canned boned chicken is more useful because it's ready for instant use, either for sandwiches or a main dinner dish.

To can chicken without bones, put 4 or 5 cups of water in a steam pressure cooker and steam plump hens at 10 pounds pressure until they are cooked through but not tender. Cooking time depends upon age and size of hens; 30 minutes is about average. Take hens out of cooker and put cooker where broth will cool.

Use sharp knife to cut chicken from bone; then cut meat in neat pieces and place in clean, hot Ball Mason Jars. Leave about 1 inch headspace. Add ½ teaspoon salt to each pint. Next, skim the grease from the broth in the cooker, pour the broth into a kettle and put it on the stove to heat to boiling. Wash

the cooker; add measure of water needed for processing and set cooker on stove.

Pour the hot broth over the chicken and run knife down inside jar to get out air bubbles. Wipe top of jar free of grease. Apply Ball Dome Cap according to directions. Process pints 75 minutes and quarts 90 minutes at 10 pounds pressure. It takes a little longer at high altitudes.

To can chicken on the bone: Boil, steam or bake from one-third to one-half done, then separate at joints. Pack into hot Ball Mason Jars. Cover with boiling broth. Salt to taste. Process 75 minutes at 10 pounds pressure. This is the hot pack method.

If you want to pack the chicken raw, cut it in serving size pieces. Pack into hot Ball Mason Jars. Add one teaspoon of salt to each quart. (Add no liquid.) Process pints 75 minutes and quarts 90 minutes at 10 pounds pressure.

Ball Freezer Jars are especially good for canning chicken because the wide shoulderless shape makes these jars easy to fill and empty. They come already fitted with Ball Dome Caps.

From where I sit... by Joe Marsh

**No Longer Two Sides
to This Question!**

Ever seen those two-family houses they have in some places—with separate front doors and porches—side by side? My sister owns half of one and lives in it, near Philadelphia.

Nice little frame home. Only Sis painted her half brown and the other family always painted theirs green. Ruined the effect—but for years neither family ever thought of suggesting that they both decide on a common shade.

Now Sis writes that their two-toned home is no longer. "I mentioned we were going to repaint."

she says. "And they said let's get a color we all like. So we did. A nice shade of gray for both sides."

From where I sit, so often when there's a difference of opinion it's best to sit right down and work things out (like when our volunteer firemen decided to serve both lemonade and beer at their annual picnic last month). Don't let prejudices "color" your opinion of your neighbor. He'll probably be quite as easily misled as you are.

Stop Taking Harsh Drugs for Constipation

End Chronic Dosing! Regain Normal Regularity This All-Vegetable Way!

Taking harsh drugs for constipation can punish you brutally! Their cramps and griping disrupt normal bowel action, make you feel in need of repeated dosing.

When you occasionally feel constipated, get gentle but sure relief. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. It's all-vegetable. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, oldest and one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, acts mildly, brings thorough relief comfortably. Helps you get regular, ends chronic dosing. Even relieves stomach sourness that constipation often brings.

Money back if not satisfied. Mail bottle to Box 280, N.Y. 18 N.Y.

DR. CALDWELL'S SENNA LAXATIVE
Contained in pleasant-tasting Syrup Pepsin

Mr. and Mrs. D. L. Slaton of San Angelo visited the R. P. Browns here last Sunday.

"THE DIVIDED HEART" * * * *
Read one of the most touching and dramatic true love stories of all times, told by that famous romantic novelist, Frank Yearby. Don't fail to see the latest college fashions. They're flattering and versatile creations designed for the budget-wise girl who's always on the go. Read both in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

Mrs. Garlyn Hoffman and children of San Angelo spent last week end her with Mrs. Worth Durham and family. Worth and Garlyn took a week-end trip to Colorado.

When Mr. and Mrs. H. L. Hildebrand took their daughter, Elizabeth back to Stephens College in Columbia, Mo., they took a leisurely trip home through a number of middle south states. They visited and took sightseeing trips through St. Louis, Missouri, Illinois, Kentucky, Kansas, Oklahoma, Kansas and Arkansas.

They visited Mrs. Hildebrand's cousin, Miss Betty Foster in Elkton, Kentucky. There they were joined by Miss Ethel Foster, who returned with them.

Hilde said the drouth was bad (or half bad in all the states they visited. He said farmers were going to make about half crops in the farm belt states they visited.

Rubber Stamps at News-Record.

Seventh Grade Texas History Club
The Seventh Grade Texas History Club met Friday the 19th. The meeting was called to order by the president, Wilbur Stone. Work was done on the Texas History Club booklet.

Refreshments were served by Jim Davis, Wayne Drennan and Jodie Emery.

Reporter Melvin Foster

The Bill Barbees have gone to Paris for a week's visit with relatives there.

Miss Ethel Foster and Mrs. H. L. Hildebrand went to Dallas the first part of this week.
