RAIN, WINDS, DUST HERE WEDNESDAY NIGHT

A high wind, dust and followed by rains, stirred Sterling for a period Wednesday evening. The high winds did not do much damage, but they led citizens to think they would be before subsiding. The wind did blow a few shingles off houses and causes minor damage over the town. The rain measured from .50 to .71 inches over the county.

Miss Foster Tells of Her Recent World Trip at Church Family Night

Family night was held at the Methodist Church Wednesday evening of this week. Supper was served in the basement and when the social hour was over, Miss Ethel Foster told of her recent 'round the world trip with a group of GFWC officers. Miss Foster is the treasurer of the General Federation of Women's Clubs and is the teacher of the Wibroholibro adult class at the church.

Miss Foster is an interesting and poised speaker, and gave her talk in spite of the dust and wind storm that blew up just after she began her talk.

This was the fourth trip of the world tours sponsored by the General Federation. Thirteen countries were visited this time. The itinerary is made up by the GFWC and the U.S. State Department. The travelers were most royally entertained by the State Department officials abroad. Various studies are assigned to the different women as the tour begins; some study agriculture, some welfare, some women's conditions, etc.

The group took off from San Francisco and landed in Honolulu. There they were greeted and shown Pearl Harbor, the sunken battleship Arizona, Ernie Pyle's grave at the National Cemetery.

As they headed westward and crossed the international dateline, the group lost forever January 12. That date never happened for the group.

The group landed for refueling at Wake Island and flew on to Tokyo. The air was rough and the ladies had to put on their Mae West life jackets. Mrs. Ahlgren, GFWC president, just knew they would have to ditch in the ocean, because of the rough flying. The Japs are a very busy people, said Miss Foster. They have a great welfare program being carried on by clubwomen there. The group saw troop ships coming and going from Korea. They saw Mt. Fuji and other places of interest in Japan and landed at Okinawa on the way to Manila. Manila is beautiful and has been thoroughly rebuilt since the war.

Hongkong was the next stop and then Bangkok, Siam, where they saw the Emerald Buddha statue. To Bombay, India from Siam, where all India was teeming with refugees. The Indian government has set up a five-year plan for development of the country and it has full priority said the speaker. Before leaving they saw the Taj Majal.

Egypt was the next stop. There on the fertile Nile, three crops are grown yearly, cotton mostly. The Pyramids, Spinx and other objects of interest were visited. The new and much-loved General who is now head of the Egyptian government seems to be doing a lot for that country.

The Holy Land came next for the group. The sandy aspect of the whole country impressed the visitor. Points visited included the Dead Sea, Jericho, and Jerusalem. Miss Foster had bought a headdress as used and worn by the people there, and she showed how it was worn. The group walked up the path that was taken by Christ to Mt. Calvary from Pilate's Courts. Stopping at the points (or stations) where Jesus had stopped, the local guides told of each stop during the original march up Calvary. She went to the Mount of Olives, the Nativity stable in Bethlehem, saw the Field of Blood (that Judas had bought with the thirty pieces of silver secured by betraying Jesus), the Holy Sepulcher (Jesus' tomb), the River Jordan, and other points of interest in the Holy Land.

The "No Man's Land" between nation of Israel is a very beautiful stands out in her memory. The new nation of Israel is a very beautiful country and well cultivated, said Miss Foster.

From Israel they went to Greece. Queen Frederica entertained them while there. They saw the Acropolis, the Parthenon and other points.

The next stop was Rome, which had been visited by Miss Foster several times before. But, she saw the St. Peter's Church, and the Coliseum. From Rome the tour took them to Spain, where they visited Madrid, Toledo, and saw the Alcazar and General Franco's Palace. From Spain they hopped over to Lisbon, Portugal. With the usual stop on the Azores the flight

Lions Club Luncheon

H. W. Smith, drilling contractor on the oil well on Tom Humble's ranch spoke at the Lions Club luncheon Wednesday in the Community Center. Smith, whose drilling crew had just brought in a shallow well on Tom Humble's ranch just east of here, told of the need for a road to the field. (The well was reported to be a good pumper of from 60 to 100 barrels a day—at 1400 feet). Smith said his chief driller, Carly Hays, was living in Water Valley and he and all concerned would like to see a road to Sterling City from the C. Clark and Humble fields.

The club voted to have President H. A. Chapple appoint a committee to see what could be done about the matter.

Sheriff Bill Green reported that 38 bicycles had been registered and taped with the Scotchlite safety tape last week. The club had furnished the tape and tags for the purpose.

Lion Roland Lowe told of progress on the work in the City Park. The county has pushed over some dead trees and they and other rubbish need to be cleaned up.

Day Set For Park Clean-Up

The afternoon of April 30 was set for a gathering and clean-up of the park. All townspeople who will be asked to go to the park next Thursday afternoon and help with the cleaning. A basket picnic will follow at about supper time, and each family who will, is asked to bring a picnic basket and join in the cleaning and fun. Help from a number of families is expected. Won't you join in?

It was announced that a road asphalt company will be here next month and wants to do some asphaltting of driveways, etc. If you are interested, get in touch with one of the paving committee of the club—Roy Morgan, Worth B. Durham or H. F. Donalson.

Guests at the luncheon were H. W. Smith and Carly Hays, and Lee Bollinger of San Angelo.

Wimodausis Club Has Guest Day Tea and Book Review

Mrs. Anna Lee Johnson provided music during the tea hour. Mrs. H. L. Hildebrand greeted guests at the door. Mrs. Lester Foster presided at the register and Miss Ethel Foster presided at the tea service. Roses, iris and other spring flowers provided a very beautiful setting for the affair.

As they approached the Statue of Liberty they thrilled to the return, with a deep feeling that communism must not gain a foothold here in America. We must stay strong spiritually and actually to forever keep our country free, said the traveler.

Miss Jacqueline Everitt Honored With Gift Tea

Miss Jacqueline Everitt, bride-elect of George Morris Gary, was honored Saturday with a gift tea in the Lester Foster home. Mrs. Foster, Mrs. Harvey Glass, Mrs. Anna Lee Johnson, Mrs. O. T. Jones, Mrs. Claude Collins, Mrs. Ray Lane and Mrs. Roy Morgan were hostesses.

Rainbow colors, the honoree's chosen colors, were featured in the decorations. The serving table was covered with a white cutwork embroidered cloth and was centered with pink carnations and yellow and blue iris in a silver bowl, with ribbon interlacing the arrangement. Candelabras holding white burning tapers flanked the centerpiece. Flower arrangements through out the reception room, den and living porch, where the gifts were displayed, carried out the rainbow color scheme.

Mrs. Foster greeted guests. In the receiving line were the honoree and her mother, Mrs. Herman H. Everitt and her grandmother, Mrs. W. B. Everitt.

Mrs. O. T. Jones and Mrs. Anna Lee Johnson alternated at the punch bowl. Assisting in the dining room were Mrs. Harvey Glass, Mrs. Alvie Cole and Mrs. Tom Rawlings. LET'S TALK LIVESTOCK BY TED GOULDY

FORT WORTH—The likelihood that Southwestern cattlemen may well consider supplemental feeding of this year's calf crop to enhance the chances of selling many as beef calves loomed on the basis of the way the stocker market behaved in the opening session of the week at Fort Worth. Indifferent demand for stockers except cows and high grade calves and yearlings was notable. Reports from the Corn Belt points indicated feeders there aloof. A recent survey of the Corn Belt feeders intentions by the Wall Street Journal summed up the intent of many feeders to put their corn in the loan instead of into cattle feeding.

Some 200 head of high grade thin stocker steer yearlings from the Ft. Davis country sold at Fort Worth Monday averaged 497 pounds at \$19 per hundred. Most observers agreed these yearlings probably would have sold around \$40 last year at this time. Stocker cows sold from \$14 to \$17, some had small calves at side and the calves sold around \$17 to \$20.

Slaughter cattle and calves were steady. Good and choice fed steers and yearlings topped at \$18 to \$23, some club yearlings from Knox County at \$22 to \$23, and plain and

medium butcher cattle sold from \$13 to \$17.50. Fat cows drew \$12.50 to \$14.50, and canners and cutters sold for \$9 to \$12.50. Bulls brought \$10 to \$15. Good and choice fat calves sold at \$18 to \$22 and cull, common and medium grades sold for \$10 to \$17. Stocker calves and yearlings ranged from \$15 to \$20.

Hogs sold at the highest price since last August, topping at Fort Worth at \$23 and \$23.25. Last August, the highest point reached was \$23.50. Sows were steady at \$17.50 to \$19 on Monday. Pigs sold from \$15 to \$17, and stags sold for

\$12 to \$13.

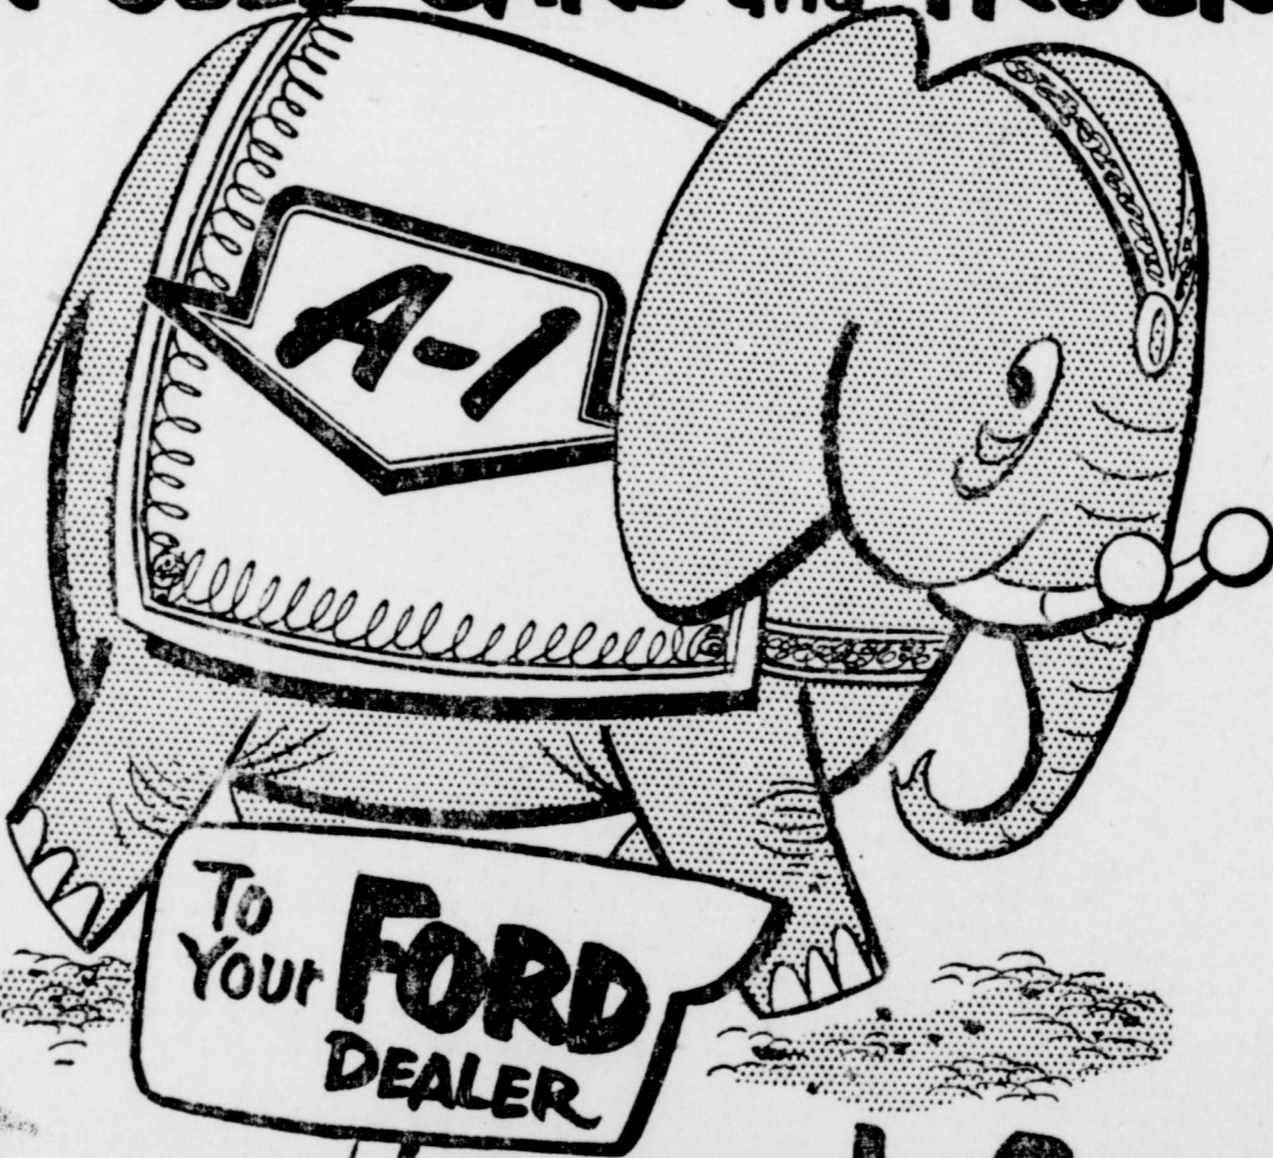

Fat lambs and feeders were steady Monday at Fort Worth, and old sheep ruled weak. Good and choice milk fat lambs sold at \$22 to \$23, and old shorn fat lambs sold from \$17 to \$20, some No. 2 pelts at \$20. Old ewes drew \$6.50 to \$8 and some old wethers drew \$10.50 down. Yearlings and two's sold for around \$13 to \$16. Feeder lambs cashed at \$18 down. Old bucks sold around \$6.

Swish But Simple

By Betty Barclay

IT'S no trick at all to make this fancy looking Coconut Jelly Parfait. The basic ingredient is simple-to-prepare vanilla tapioca pudding, but the addition of jelly and crunchy toasted coconut in diagonal layers provides a distinctive, elegant effect. The diagonal design is easy to do—and the result is a delicious and attractive dessert with a festive air. A perfect climax to a hearty dinner!

Coconut Jelly Parfait
1 package prepared vanilla tapioca pudding; 2 cups milk; currant or grape jelly; toasted coconut.
Prepare vanilla tapioca pudding according to package directions.
To make diagonal design with jelly and toasted coconut, hold parfait glasses at 45 degree angle and partially fill with cold pudding. Still holding glass at same angle, add layer of toasted coconut, then pudding; then add jelly and more pudding. Garnish with additional coconut. Chill in refrigerator. Makes 4 to 6 servings.

**Kisses with
Two Flavors!**

By Betty Barclay

KISSES—the culinary kind—all use the same basic ingredients and then add different flavorings for variety. Here we give you two delicious flavors, one sweetened chocolate with rich melon and cereal flakes, and their "kiss-like" taste and crunchiness, combined to provide one super-luxury "kiss!"

Chocolate Toasties Kisses
2 egg whites; 1/8 teaspoon salt; 1/8 teaspoon cream of tartar; 1/2 cup sugar; 1/2 package chocolate chips; 1 1/2 cups corn flakes; 1/2 teaspoon vanilla.
Beat egg whites until foamy throughout; then add salt and cream of tartar and continue beating until eggs are stiff enough to hold up in peaks, but not dry. Add sugar, 2 tablespoons at a time, beating thoroughly after each addition. Fold in chocolate chips, cereal, and vanilla. Drop from teaspoon on ungreased heavy paper. Bake in slow oven (300° F.) 25 minutes, or until done. Remove from paper while slightly warm. Makes about 22 kisses.

AS a matter of fact, this Coconut Tutti-Frutti Pie is even easier than the ordinary pie, because it uses that wonderful time-saver, prepared pudding and pie filling mix as a base. This pie is made with "delightfully-different" coconut cream pudding and has chopped maraschino cherries, dates and almonds folded in. Garnish with some whipped cream and you have a pie that's not only delicious to eat, but extra-special in looks, too.

Coconut Tutti-Frutti Pie
1 package coconut cream pudding and pie filling mix; 2 cups milk; 2 tablespoons chopped maraschino cherries; 2 tablespoons chopped dates; 2 tablespoons chopped almonds; 1/2 teaspoon rum flavoring; 1 baked 8-inch pie shell; 1/2 cup cream, whipped and sweetened.
Combine pie filling mix and milk in a saucepan. Cook and stir over medium heat until the mixture comes to a full boil. Remove from heat. Cool only about 5 minutes, stirring once or twice. Fold in fruit, almonds, and flavoring. Pour into pie shell. Chill. Spread whipped cream on top.

Blowing Trash a Problem on Courthouse Lawn

Levi Martin says lots of trash blows in to the courthouse yard every night, making it a morning job of removing it. He suggests that people take care of it by having containers or incinerators to burn it completely. Some mornings, says Levi, the lawn is covered with sacks, papers, oil cans and other rubbish that have blown in during the night.

**Pecan Tree Spraying
For Casebearer Due**

By County Agent Fred Campbell

The time will be right within the next ten days to spray pecans for pecan nut casebearer. The ideal way to plan for them is to watch for the bluish-white eggs, laid singly on the tip end of the small pecans of nutlets. These eggs can be seen with the naked eye. They will hatch in 5-7 days. After hatching, the worms move down the twig to which the cluster is attached and start feeding on the second or third bud below the nuts. After feeding 4 or 5 days on the buds, they move back to the nut cluster and enter the pecan through a small hole which they eat out at the base.

It is during this period, when the eggs are laid and the time that the worms are feeding on the buds (10-12 days) that the spray should be applied and no other time.

The recommended spray mixture to use is as follows: 3 pounds of 50% wettable DDT powder and 6 to 8 pounds of sulphur per 100 gallons of water. About 400 pounds pressure is recommended and enough spray put on to thoroughly wet the tree.

WASHINGTON
Letter**

CHANCES FOR A BALANCED budget during this session of the Congress were improving last week when the House Appropriations committee whacked one big money bill 61% below what was requested to operate 23 Federal agencies during the next fiscal year, beginning July 1. The committee approved a cut amounting to \$721 million.

This is but one of a dozen appropriation bills that will be considered. But the committee action does indicate forebodings of things to come. It shows that the committee is economy-minded and is willing to do something about it.

A highlight of the committee action was a decision to eliminate completely the New Deal-born National-wide socialized public housing program. This alone will save the taxpayers untold millions of dollars annually—if the wise action of the committee is sustained.

The Truman budget called for 75,000 new socialized housing units to begin during the next fiscal year and then President Eisenhower requested a total of 35,000. Then came

the committee action to cut it out entirely. That's a real economy step with some meaning to it, and it is also a blow at what is generally considered to be the most socialistic activity—and most unnecessary—in which our government has engaged in recent years.

WHILE THE Appropriations committee was wrestling with the money bill last week, the House passed a Mexican labor bill. This measure would extend the law which permits our government to negotiate with Mexico for a labor agreement. The present law expires at the end of the year, and if the contracting of Mexican aliens is to be continued in 1954 it is necessary that an enabling law be passed at this session. The present arrangement for the employment of aliens in areas where there is a local labor shortage has been fraught with many inequities and red tape. The hope is that when a new agreement is negotiated this time, a more workable plan can be obtained. I voted for this bill.

Cheers for Shortcakes

By JANE ASHLEY

Families rate fruit shortcakes "tops" for dessert! And since we are coming into the peak strawberry season, every homemaker should save this recipe for a rich, easy-to-make shortcake.

Strawberry Shortcakes

- 2 cups sifted all-purpose flour
- 3 teaspoons baking powder
- 2 tablespoons sugar
- 1 teaspoon salt
- 1 egg
- 1/2 cup Mazola Salad Oil
- Milk

Strawberries, sweetened to taste
Whipped cream

Mix and sift dry ingredients together. Add egg to salad oil in measuring cup. Pour in milk to make 1 cup total liquid. Then pour all at once over entire surface of flour mixture. Mix with fork to make a soft dough. Shape lightly with hands to make a round ball. Place on wax paper and knead lightly ten times or until smooth. Pat out to 1/2-inch thickness or roll between 2 squares wax paper (about 12 inches square). Remove top sheet of paper; cut shortcakes with unfloured 2 1/2-inch cutter. Place on ungreased baking sheet. Bake in hot oven (450° F.) 12 to 15 minutes. Split shortcakes with a fork, while still warm. Spread fruit between layers and on top. (Use any fresh, frozen or canned fruit, as desired.) Serve with sweetened whipped cream. Makes 8 shortcakes.

"OUT OF MY MIND" *****

Here is the extraordinary, first-hand account of a man's courageous battle against insanity! Written while he was still confined to a mental hospital, it's a revealing, often frightening document in which the author relives his incredible ordeal. AMERICA'S NEW RAILROAD

**"I want
a ticket on the
Atomic Texas Chief!"**

Well, sonny, just hang on to that dream. By the time you're a full fare, it might come true!

Of course there is no "Atomic Texas Chief" . . . yet.

But, don't sell American ingenuity and progress short. At the rate things *grow new* for you on the Santa Fe, you only need to squint your mind's eye just a little to see tomorrow streaming toward you down the track!

You can almost *feel* the future of Santa Fe in the quickened tempo of its progress in the recent past.

Just count the growing number of Santa Fe diesels that speed your freight and smooth your ride today.

Nineteen years ago there weren't any. Today there are 1422 units. By year's end there'll be 97 more. Steam is disappearing fast. And more than 250 coaling and watering stations have bit the dust.

Santa Fe folks just don't dally when it comes to *building new*.

For today the Santa Fe is *America's new railroad*. And it's going to stay that way by growing newer every day—in every way that can mean new safety, better service, new comfort and dependability for you.

It costs millions of dollars to serve you so. But it doesn't add a penny to the taxes you pay. Santa Fe folks are proud of that, too—proud that the *newness* of the Santa Fe is a part of American progress that *pays its own way*.

Mother's Day Mysteries

By BETTY BARCLAY

For Mother on Mother's Day, plan "mysterious" dishes, hidden from her until they are brought to the table. She'll love them, and love you for thinking of her on her own day.

Here are a few ideas for your "mysterious" tasties:

Chocolate Imperial Pie
1 envelope unflavored gelatin
1/4 cup cold water
2 to 3 squares unsweetened chocolate
1/4 teaspoon salt
2 egg whites
1/4 cup sugar
1/4 cup light corn syrup
1/2 teaspoon vanilla
1 baked 9-inch pastry shell

Soften gelatin in cold water 5 minutes. Place over boiling water; heat until dissolved; set aside to cool. Melt chocolate over boiling water and set aside. Add salt to egg whites and beat with electric or rotary beater until mixture forms soft peaks. Gradually add sugar, about 1 tablespoon at a time, beating until smooth and glossy. Continue beating and add corn syrup, a little at a time, beating thoroughly after each addition, until mixture peaks. Stir and fold the vanilla, cooled gelatin and chocolate into whipped mixture. Turn into pie shell. Chill for 3 hours or until firm. If desired, garnish with whipped cream and grated chocolate.

Lemon Rennet Dessert

2 cups milk (not canned)
1 package lemon rennet powder.

Set out 4 or 5 dessert glasses. Warm milk slowly until lukewarm, stirring constantly. Test a drop on the inside of your wrist frequently. When it feels comfortably warm (110° F.) not hot*, remove at once from heat. Stir in entire contents of package at one time. Mix until powder is dissolved—not over one minute. Pour at once, while still liquid, into dessert glasses. Do not disturb for about 10 minutes, while milk sets. Then chill in refrigerator until serving time.

*If milk gets too hot, cool to comfortably warm before adding powder, or it will not set.

Brownies

1/2 cup sifted flour
1/2 teaspoon baking powder
1/4 teaspoon salt
1/2 cup butter or other shortening
2 squares unsweetened chocolate
1 cup sugar
2 eggs, well beaten
1/2 cup broken walnut meats
1 teaspoon vanilla

Sift flour once, measure, add baking powder and salt, and sift again. Melt shortening and chocolate over hot water. Add sugar gradually to eggs, beating thoroughly. Add chocolate mixture and blend. Add flour and mix well; then add nuts and vanilla. Bake

in greased 8x8x2-inch pan in moderate oven (350° F.) 25 minutes, or until done. Cool in pan, then cut into squares or rectangles. Makes about 2 dozen brownies.

Toasted Coconut Ice Cream

2 teaspoons gelatin
1/4 cup cold water
1 1/4 cups hot milk
1/2 cup sugar
1/4 teaspoon salt
1 cup cream, whipped
1 teaspoon vanilla
1/4 cup shredded coconut, toasted

Combine gelatin and cold water; mix well. Add hot milk and stir until gelatin is dissolved. Add sugar and salt and mix well. Chill until slightly thickened. Then fold in whipped cream and vanilla.

Turn into freezing tray of automatic refrigerator, setting control for coldest freezing temperature. When partially frozen, remove from tray and beat with rotary egg beater until fluffy and smooth. Fold in coconut. Return to tray and freeze 20 minutes longer; stir. Then freeze until firm. Freezing time: 3 to 4 hours. Makes 1 quart.

To Toast Coconut: Spread shredded coconut out thinly in shallow baking pan. Place in moderate oven (350° F.) 5 to 7 minutes, to toast until delicately browned. Stir coconut or shake pan often to toast evenly.

A Gift for Mother

What would mother like best as a gift on her special holiday? Good meals she didn't have to prepare, of course. They aren't too difficult, for even the most inexperienced cook nowadays, when so many delicious foods can be bought almost ready to serve. You'll have a top chef's menu if you serve spaghetti, bought in a package, with a savory chef's spaghetti sauce from a can, crusty bakers' rolls, a couple of quick-frozen or canned vegetables, such as corn or broccoli, a crisp green salad, and ice cream from the corner store with packaged cookies. Chef Boy-ar-dee spaghetti sauce comes ready to heat in two sizes—8-ounce and 15-ounce cans. It is made with either meat or mushrooms, and it is a rich, flavorful, well blended sauce that assures you of a real chef's treat at a thrifty price.

CHALLENGE

How shall we teach
A child to reach
Beyond himself and touch
The stars,
We who have stooped so much
How shall we tell
A child to dwell
With honor, live and die
For truth,
We who have lived a lie
How shall we say
To him, "The way
Of life is thru the gate
Of love,"
We who have learned to hate?
How shall we dare
To teach him prayer
And turn him toward the way
Of faith,
We who no longer pray?

WASHINGTON NEWS LETTER

FROM SENATOR LYNDON B. JOHNSON
Peace or a Sword?

Are we on the road to peace—real peace? That is the major question before all of us.

The Russians have indicated a willingness to settle some of the questions that have kept the Korean war alive. Possibly there will be a Korean truce by the time you receive this. Of course, we are ready for a truce on honorable terms. Every American wants to end the Korean fighting at the earliest possible moment. We cannot, however, permit the prospects for a Korean truce to lull us into a false sense of security that will cause us to weaken our defenses.

We must be vigilant—ready to discuss and accept proposals that will lead to real peace, but refusing to let down our guard.

Our Government Is Strong

Our system of government has weathered all the storms of its history. It is a system resting upon three pillars—a legislative branch that is a deliberative body and not a grand jury; a judiciary that determines the guilt or innocence of those accused of breaking the laws; an executive who conducts the business of the United States and its relations with other countries.

Let one wage guerilla warfare against the others, and our freedoms are weakened. Let one surrender its rights and authority to another, and our freedoms are gone.

Whether we be Democrats or Republicans, it will certainly serve none of us as Americans to use the tactics of the jungle against our fellow Americans. Still less will it serve us to use those tactics to tear down the great foundations of our government.

We cannot tear down the foundations without pulling down the house itself. If we pull down the house, we will all be buried in the ruins.

Can We Cut the Budget

The budget can and should be cut. We must not forget that 87 cents of every Federal dollar goes to pay for past wars, foreign aid, defense, veterans aid, and interest on the national debt. Even in the field of defense, there is much waste that should be eliminated. But it is hard to make any astronomical cuts out of that 87 cents.

Any saving will be welcomed by the hard-pressed taxpayers. But we are headed for a let-down if we look for "big savings"—savings that will balance the budget—this year.

Texas Princess

More than 150 Texans came to my office Wednesday night of last week to a reception for Betty Ann Kilday, Texas Princess for the Cherry Blossom Festival. She is the charming 18-year-old daughter of Congressman and Mrs. Paul J. Kilday of San Antonio.

TIDELANDS: Senator Price Daniel did Texas proud when he opened Senate debate on the Tidelands bill. His presentation was the best and most effective I have ever heard on this subject. Senators of both parties, including even some who oppose the Texas claim, praised Senator Daniel's grasp of the ques-

tion. I hope the Senate will have passed the tidelands legislation by the time you read this. A vote was delayed by what Senator Taft called the "long-winded speeches" of Senators opposing the legislation. **MOHAIR SUPPORT PRICE:** Agriculture Department has announced a national average support price of 60.7 cents per pound of mohair for the current marketing year. Last year's support price was 57.2 cents per pound.

Congressman Clark Fisher and I helped to get mohair included under the support price program in the 1949 Agricultural Act. Mohair prices have been above support levels ever since, so no support action has been necessary.

Air Force Secretary Harold E. Talbot will speak at dedication of Greater Fort Worth Worth International Airport on April 25. . . . A very able Texan, M. D. Bryant of San Angelo, president of Texas Independent Producers & Royalty Owners Association, has been named by Secretary of the Interior McKay to National Petroleum Council. . . . I was present when President Eisenhower administered the oath of office to Oveta Culp Hobby as the Nation's first Secretary of Health, Education, and Welfare. Mrs. Johnson and I gave a reception last Friday night for Governor and Mrs. Hobby and for Navy

Secretary and Mrs. Bob Anderson. Among the guests were many Texas newspapermen, in town for a meeting of American Society of Newspaper editors.

Went down to Virginia Saturday afternoon and bought a dog for Lynda Bird and Lucy, our daughters. I'm enjoying the new addition to our household as much as the children are. Every dog needs a man, I guess. . . . President Eisenhower and I were the only speakers at the famous Grilliron Dinner here. . . . The Senate Interstate and Foreign Commerce Committee adopted my amendment to a pending bill, the amendment enabling Palestine to keep the O&GN Railroad shops.
