AUG. 7, 1953

No. 32

The budget-cutting 1st session of the 83rd Congress has closed shop, the end being shrouded in sadness with the death of Senator Taft. The total amount of money appropriated during this session was \$14 billion less than was requested in the Truman Budget given Congress in early January. Even at that the outgo will exceed the income during the current fiscal year.

On the "must" list of bills that were pushed through Congress in the closing days was one to let in 211,000 immigrants during the next three years. This number will be over and above the regular quota of admissions which total not more than 156,000 annually. I voted against this new DP bill and actively opposed it. Most of the 211,000 will come out of Western Europe and are composed of nondescripts principally from Eastern Germany and Eastern Europe.

It will be recalled that under the post-war DP bill, we admitted nearly 300,000 and were told at the time that would be our part of the replacement of the displaced persons. I opposed that program because I felt then that it would be but a forerunner of more and more demands to break down our quota system of admissions in an orderly manner whereby each nation is permitted a limited number each year, the number depending upon those of similar origin who were in this country prior to the quota program which began in 1921.

One thing is certain, that this new bill will not begin to meet the clamor for a break-down of our quota system. There are literally millions of displaced persons around the world who want to come in, and their relatives in America spearhead the political pressure to get the doors opened for them. Very little can be known of the background of many of these people. Consequently, many undesirable go through the screening process. That was true under the old DP program. Klaus Fuchs, the atomic spy, for example, was a duly screened DP brought in under the old law. We must—certainly should—use more care in admitting these people, and we should protect the integrity of our quota system.

The death of Senator Taft was a blow to the nation. He was indeed a great American who spoke his mind fearlessly and with great dignity. While many disagreed with him at times, it seems that those who respected him most were his adversaries. They knew he was devoted to his country, its welfare and its security. He possessed a great mind and was one of the most able leaders in the history of the United States Senate.

FROM SENATOR LYNDON B. JOHNSON

DEBT LIMIT: Congress may have adjourned by the time you read this, but plans for August 1 adjournment were shelved when the President asked for an increase in the national debt limit.

The present limit is 275 billion dollars. At a White House breakfast last Thursday morning, which I attended, President Eisenhower made a plea to Senate and House leaders to increase this limit.

President Eisenhower and the Secretary of the Treasury presented their case for increasing the limit. The Administration took the position this step is necessary to insure the Government's being able to operate normally between now and the next session of Congress.

TRUCE: We can be solemnly thankful that the fighting and the dying and the destruction have been halted in Korea. But there is no reason for us to be jubilant.

The agreement in Korea does not actually settle any basic issue. I know from my mail that there is much sympathy in Texas for the position taken by President Rhee, a patriot who for many years has battled for his country's freedom.

Lions Club Luncheon

Chapple Now Zone Chairman

H. A. Chapple, immediate past president of the Lions Club, has been named as zone chairman of Zone 14-A. Such announcement was made by secretary Bruce Medford at the regular luncheon meeting Wednesday noon at the Community Center.

Guests at the luncheon were G. W. Tillerson of Christoval and a Mr. Malloy and a Mr. Henry.

It was announced that the swimming pool at the park was being used now. Each morning the pool is filled up half-way and the smaller children of the town can go in. In the afternoons it is filled completely up for those that can swim. A paid watcher stays with the swimmers, and parents are urged to help out with the morning group of small children. Business men of the town volunteered to pay the wages of a guard.

It is hoped to offer a course in swimming instructions at the pool soon. If such classes are started, the instructor is one that has held the Red Cross swimming instructor's certificate, and has taught it in the U.S. Marines.

G. W. Tillerson told of the all-star football and basketball games which will be held in San Angelo August 14 and 15. The games are sponsored by the Texas Six-Man Coaches Association.

Hodges Sales at San Angelo Ram Sale

In the Rambouillet Ram Sale held in San Angelo last month, Clinton Hodges sold five rams, one going to R. Don Cahill of Round Rock at \$175.00. Clinton sold a pen of four rams to Riley King of Sterling City at \$132.50, the highest selling pen of the sale. Fred Hodges sold 13 head at an average of \$113.

Attend Uncle's Funeral

J. A. Holland, 67, uncle of H. A. Chapple was buried in Christoval Tuesday afternoon of this week, following rites held in the Methodist Church there. The Chapples attended the services.

There is no sign that the Communist aggressors have undergone a change of heart. We must remain alertly on guard.

COOPERATION: The first session of the 83rd Congress had its curious aspects. One of the most curious was the way the Democrats came to the rescue of President Eisenhower on a number of occasions, when obstructionist members of his own party tried to block his proposals.

Rarely, if ever, has a President holding one party affiliation been aided so much by so many members of the opposing party.

As Senate Democratic leader, I had the privilege of playing some part in encouraging cooperation with President Eisenhower in getting through measures that seemed to me in the best interests of the country.

I am a strong believer in the two party system of government. But I do not believe a worthwhile program put forward by the head of the Government should be stymied by the willfully obstructionist tactics of members of his own party.

I believe the American people—who showed in last year's election that they liked General Eisenhower better than they liked the Republican party—feel the same way.

BACK TO TEXAS: After adjournment, I hope I can spend a few days looking after things on my farm near Johnson City. During the fall I expect to do quite a bit of traveling over Texas. I want to discuss matters with as many Texans as possible. I hope I have a chance to visit with you—and you—and you.

These weekly reports will be suspended during the adjournment period. Your editor's kindness permitting, they will be resumed during the next session. Meanwhile I would like to say to your editor: Thank you very much for your wonderful cooperation during the recent session.

NEWS BRIEFS: Barbara Jo Terrill of San Angelo and Grace Morrow of Abilene, fine Texas girls, were here as Texas representatives to the Girl's Nation.

San Antonio officials came here to see about getting money to build an access road to Kelly Air Force Base. Their mission was successful. I had the pleasure of having lunch with them.

FHA NOW OPEN FOR BIG DROUGHT LOANS

Applications are being taken now for the 150-million-dollar livestock emergency loan program approved two weeks ago by Congress and President Eisenhower.

That announcement was made Wednesday by Howard C. Warner, unit supervisor, of the local Farmers Home Administration office in San Angelo.

FHA personnel will begin working up the loans immediately. Secretary of Agriculture Benson's announcement of membership on the three-man committees which will administer the program is expected soon.

The committee of three is not to be confused with the already existing USDA drought relief committees which is administering the feed program. It will be the job of the new committee to pass on loan applications after the papers have been prepared by the personnel of the FHA unit offices.

This new disaster credit will be extended to established producers and feeders of cattle, sheep and goats who have a reasonable chance of working out of their difficulties but who temporarily cannot obtain the funds they need from private or cooperative credit sources.

Loans will not be made to enable a man to go into the livestock business or to carry on commercial feedlot operations.

No Refinancing

Loans under the new program, as under the similar disaster program which has been in effect here more than a year, will be for feed, lease payments, property and personal taxes, necessary repairs, living expenses, and other essential uses.

They will not be for refinancing of existing debts.

Information received by Warner indicates that committees will be set up in San Angelo, Pecos, Amarillo, Wichita Falls, and Edinburg. R. B. McLeish of Edinburg, new national chief of FHA, said here last week that if the initial number of committees proves insufficient, more will be set up.

Application blanks for the new loans will be available from the FHA office, on the third floor of the Tom Green County courthouse. In areas of heaviest demand, banks, Production Credit Association, National Farm Loan Associations, as well as Production and Marketing Administration offices, will have the blanks.

The area committees will handle loans between \$2,500 and \$50,000. Any loans above the latter figure will have to be approved first by the committee, then by Secretary Benson.

The San Angelo unit of the FHA serves Concho, Crockett, Irion, Reagan, Schleicher, Sterling, Sutton, Tom Green and Upton Counties. Personnel consists of Warner, Johns W. Champion, disaster loan supervisor, and Mrs. Bessie L. Staggs, unit office clerk.

Australia Wool Men Visit in Sterling

W. B. Bladwels and Fred Oldsberg, Australian wool dealers and ranchmen visited the L. F. Hodges ranch here Wednesday last week. They were accompanied by Dink Warlaw of Del Rio and E. O. Oglesby of San Angelo. They inspected the Hodges flock of Rambouillet sheep.

In his wool interests, Mr. Bladwels makes frequent visits to the United States. On one recent trip he saw some Hodges ram lambs that Wardlaw had bought from L. F. Hodges, and the Australian man bought five of them from Wardlaw to ship to Australia. Again this year Bladwels saw some of the Hodges rams that Wardlaw bought at the recent ram sale in Angelo. He prevailed upon Wardlaw to sell him two of the rams for shipment to Australia.

Mr. Bladwels said he was securing the rams for experimental purposes. Hodges thinks he must have been very well pleased with the first experiment to want the second shipment, as the expense of shipping them to Australia is great.

While at the ranch, Mr. Wardlaw purchased a number of select range rams. He is of the firm of Wardlaw Bros. and their father C. B. (Dutch) Wardlaw, and they have all been consistent buyers of Hodges rams.

SCHOOL TO OPEN SEPTEMBER 1

The Sterling school board set Tuesday, September 1, as the opening date for the Sterling City schools when the members met on Monday night of this week. The opening will take place with a general assembly in the auditorium, said superintendent O. T. Jones.

High school English teacher has resigned and will serve in that capacity in Rankin schools.

Jones said he had filled the sixth grade teacher's place. The new teacher will be Mrs. Mattie Hines. She has taught in the schools in Big Spring, Colorado City and at Loraine and Coahoma. She is the mother of Ralph Hines, local soil conservation employee.

Jones said the other positions made vacant by resignations, are in the process of being filled. Final acceptance has not been secured, but is expected.

Pre-School Children Physicals Monday

The pre-school physical examinations that are given to the children entering school for the first time will be held at the hospital next Monday, August 10. The examinations will start at 1 p.m. said Mrs. John Copeland, Jr.

Mothers of beginning children are urged to bring their children at the appointed time and to comply with the requirements.

BILL HOOD TO RANKIN AS ENGLISH TEACHER

Bill Hood, teacher of English in the high school here the past two years, has resigned and will move to Rankin August 15. In Rankin he has accepted the position as high school English teacher.

QUENTIN FANNIN TO TALCO

Quentin Fannin, minister of the local Church of Christ, has been called as minister of the church in Talco. Bro. Fannin will report to the church there following a meeting or two that he has scheduled for August.

Bro. Fannin was minister here for almost a year. Talco is located between Paris and Mt. Pleasant in East Texas.

SOIL CONSERVATION DISTRICT ENTERS AWARDS PROGRAM SPONSORED BY GOODEAR

The North Concho River Soil Conservation District has entered the national Soil Conservation Awards program sponsored by the Goodyear Tire and Rubber Co. of Akron, Ohio, it was announced today by District Chairman J. R. (Uncle Bob) Mims, of Water Valley.

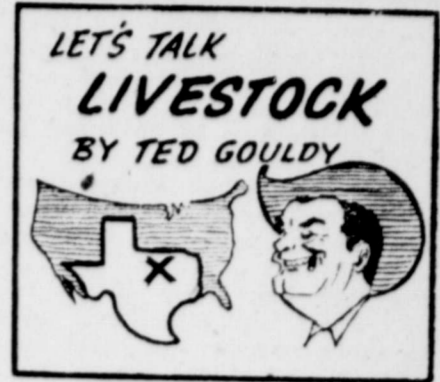

Members of the North Concho River Soil Conservation District will compete against other soil conservation districts in the state. Non-partisan judging committees, selected from Texas's outstanding exponents of the soil conservation movement, will determine the state's outstanding district for the period July 1, 1953 and April 30, 1954 on a basis of total points scored in performance of regular district duties.

Grand award for one member of each winning district governing body and the top cooperating farmer or rancher named by the district will be a one-week, expense free, vacation trip to Goodyear's fabulous winter resort, the Wigwam Guest ranch on Goodyear Farms, Litchfield Park, Ariz., in December, 1954.

Members of the North Concho River District governing body who will compete for the Goodyear award are: J. R. Mims, Foster S. Price, Tom Humble, A. S. Brokaw and Fred Hilscher.

National winners of the Goodyear Soil Conservation Awards will be announced at the seven regular area meetings of the National Association of Soil Conservation districts. Plaques will be awarded at the conventions to the hundred first and second place winning districts.

Mrs. D. C. Durham returned to her home here Tuesday after a trip that took her to Abilene to the bedside of a sick sister, Mrs. E. M. Bond, and visits with relatives in San Angelo, Winters and Abilene. Her daughter, Mrs. Clyde Davis of San Angelo, accompanied her on the trip.

Fort Worth—The headline of the week pertaining to farming and ranching appeared in the Groesbeck Journal, to our notion. It certainly covers the situation in many and many sections of the cotton Belt. It read:

"Everything But Atomic Bomb Being Used to Save Cotton"

The collapse of hog prices all over the country in past few weeks has been a graphic example of the manner in which the consumer controls the price of meats. Pork supplies are currently 15 percent below a year ago. On the basis of short supplies, prices rocketed into sharply higher levels met consumer resistance, and dropped by 25 percent in the month of July.

Earlier predictions that hogs might hit \$30 before summer was over seem to have gone by the boards for good. Folks just won't pay those kind of pork prices.

The American Meat Institute says the wholesale meat price index is now 16% below the August 1, 1952 level.

At Fort Worth Monday hog prices tumbled again, by 75c—\$1.00 per hundred. Heavier and lighter weights were \$1 to \$2 off and sows shared the bigger drop. Top hogs drew \$23—\$23.25; lighter and heavier weights sold for \$20—\$22. Sows drew \$17—\$20.

Cows and bulls were strong to 50 cents higher at Fort Worth Monday. Steers and yearlings were slow and weak. Killing calves were steady to weak. Stockers and feeders ruled 50 cents or more lower. Good fed steers and yearlings \$18—\$20, choice to \$22.50. Plain and medium grassers \$10—\$17. Fat cows \$9.50—\$12.50; canners and cutters \$6—\$9.50. Bulls \$8 to \$13. Good and choice fat calves \$16—\$19; common and medium \$12—\$15; culls \$8—\$11. Stocker steer calves \$13—\$19.50; steer yearlings \$18.50 down. Stocker cows \$10—\$16.

Slaughter sheep and lambs were steady at Fort Worth Monday. Stockers and feeders were dull, weak to lower. Good and choice fat lambs \$20—\$22 and common and medium offerings drew \$12—\$19, culls from \$8—\$12. Feeder lambs drew \$13—\$15.

Slaughter ewes sold from \$4—\$6, some solid mouthed stocker ewes \$7—\$10. Old wethers drew \$6—\$10. Slaughter yearlings \$12—\$17. Two-year olds \$10—\$12.

HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week include—

Mrs. W. B. Atkinson
Mrs. John Phillips
Luther Hallmark
D. P. Glass
Roque Medina.
Dismissals since Thursday morning of last week include—
Mrs. Malinda Mitchell
J. I. Murtishaw
Mrs. Jim Butler.

VISITOR FROM TENNESSEE

Mrs. H. L. Hildebrand and Elizabeth were home last week-end from Dallas where Elizabeth is attending SMU summer school. They were accompanied by Miss Patsy Rhyne of Newport, Tennessee. Patsy and Elizabeth were classmates in Stephens College for two years, both finishing in June. She will be a guest in the Hildebrand home in Dallas this week. Several social occasions are planned for her.

Elizabeth had a Coke party Saturday morning for her guest. Bridge was played. Miss Rhyne gave several numbers on the piano. She is a talented pianist, having majored in music at Stephens. Miss Rhyne was presented with a gift prize.

Present were LaVerne King, Jacque Foster, Jennie Ruth Davis, June Boatler, Dorothy Sue Lowe, Barbara Russell of Dallas and Mrs. Leroy Butler.

Contractors' Notice of Texas Highway Construction

Sealed proposals for constructing 1.417 miles of Gr. Strs. & Base from US 87 in Sterling City to 1.5 mi. south on Highway No. FM 379, covered by R 1648-1-1, in Sterling County, will be received at the Highway Department, Austin, until 9:00 A. M., Aug. 19, 1953, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of H. L. Bailey, Resident Engineer, Sterling City, Texas, and the Texas Highway Department, Austin. Usual rights reserved.

FOR SALE—The Gibson house; (as apt. house or single residence); See or call T. H. Murrell.

Arthritis?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

HEALTH TALKS

Prepared by the State Medical Association of Texas

Plastic surgery can have two functions. Reparative surgery seeks to restore lost parts of the body or to bring back function to a part which has been injured or diseased. Cosmetic plastic surgery strives to make a part (usually of the face) look better. Sometimes the two functions go hand in hand.

For example, the repair of deep burns by skin grafting may be essential to good function of a limb, and at the same time keep the patient from having ugly scars.

When severe burns are received, the doctor must preserve life first, then give local treatment to the wounds. Regardless of what local treatment is given, skin grafting must eventually be done to replace layers of skin which have been destroyed, usually in three weeks or less after the burn is received. The time at which it is performed will depend on several factors, among them the patient's general condition and the surgeon's opinion of the time at which he is able consistently to obtain good results.

There are many techniques available for repairing various kinds of sizes of burns. The surgeon uses the type proved best for the particular loss of skin the patient has suffered.

Another instance of plastic surgery which both repairs and adds to the patient's appearance is an operation for cleft palate, an abnormal opening in the roof of the mouth present at birth. The cause of this condition, which occurs about once in 800 births, is unknown. Often it is associated with cleft lip, or as the defect is more popularly known, harelip.

A harelip defect as a rule can be repaired about three weeks after birth. The time for repairing a cleft palate may vary with different surgeons, but rarely is it done before the child is two years of age. Many surgeons tend to wait until the child is four or five years old. Speech therapy is given after and sometimes before surgery to help the child pronounce words more clearly and to keep him from speaking in a monotone.

The removal of keloid tissue (an exaggerated growth of scar tissue) also may be for reparative and cosmetic purposes. Keloids which grow into bands, knots, ridges, or other form of projection above the skin may limit the motion of a limb, the head, or neck, as well as make the patient self-conscious about the appearance of the growth.

Small keloids usually can be treated with x-ray or radium. Older or larger ones, however, may need to be removed by surgery. Since Keloids tend to recur, any new tissue which appears should be destroyed right away by the use of radiation or pressure.

Persons who have once had keloids should avoid injury or any form of irritation such as a rubbing belt. Also, they should have new keloids removed early to avoid severe or long-drawn-out treatment.

A new plastic procedure (for cosmetic purposes only) is being recommended in a limited number of cases. This is so-called 'sandpap-

er surgery" for the treatment of acne scars. It also has been mentioned as effective for removing tattoo marks but is of doubtful value in these cases.

If acne scars do not extend through the full thickness of the skin, sandpaper surgery can offer fairly good results. A doctor skilled in its use sometimes can estimate in advance the amount of improve-

ment expected. If he doesn't look for at least 50 per cent improvement, he may advise against it.

Mr. and Mrs. R. P. Brown had as their guest for three weeks Mrs. Brown's nephew, Stan Perrett, son of Mr. and Mrs. Stanford Perrett of Arlington. He came and returned home by plane.

By BETTY BARCLAY

Rare indeed is a truly excellent pie that takes only 6 minutes to mix. Called Maple Nut Parfait Pie, it can be made in three simple steps with a minimum of fuss. Fruit-flavored gelatin and ice cream are the magic basis of this wonderfully different, new kind of pie whose creamy, light texture emphasizes the appeal of its delicate flavor. You'll want to serve it over and over again; here's the recipe:

- Maple Nut Filling**
- 1 package lemon-flavored gelatin
1 1/4 cups hot water
1 pint maple nut ice cream
1 teaspoon maple flavoring
1/2 cup chopped walnut meats
1 baked 8-inch pie shell, cooled
 1. Dissolve gelatin in hot water in 2-quart saucepan.
 2. Add ice cream by spoonfuls, stirring until melted. Add maple flavoring, and stir to blend. Then chill until thickened, but not set (20 to 30 minutes).
 3. Fold in chopped walnut meats. Turn into pie shell. Chill until firm (20 to 30 minutes). Garnish with whipped cream and walnut halves.
